

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Wi-Fi network setup and troubleshooting
Inquiry Sub-Category	Slow internet speed
Description	Customers complain about slow Wi-Fi speeds and seek troubleshooting steps to improve network performance.
Data Size	5,042 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

____ should I consider when choosing ____ location ____ router ____ coverage and ____ speeds within ____ premises?
 Where ____ I ____ my Router to ____ I have ____?
 When choosing a ____ for ____ device, I ____ give ____ the ____ coverage.
 I'd like ____ how ____ find ____ most ____ my business' routers, ____ all aspects of adequate ____ improved
 Where is the ____ place ____ me ____ faster ____?
 Which factors should ____ into ____ to ____ location for my routers ____ reach ____ coverage ____ faster ____?
 There ____ things to consider when selecting ____ for ____ speeds ____ property.
 ____ to ____ get reliable wi-fi all ____ and ____ internet ____ but I'm ____ about where ____ put
 I ____ to get reliable ____ faster internet connections, ____ not sure about the optimal ____
 ____ can ____ sure ____ my router is placed ____ the ____ to ____ coverage and the fastest ____?
 How can I get ____ coverage ____?
 ____ can ____ best position for ____ routers's best coverage ____?
 Which ____ should ____ optimal location ____ router to reach ____ maximum coverage and faster ____?
 Where ____ the best place ____ put ____ make ____ faster?
 ____ get the most ____ and ____ speeds indoors?
 How ____ I make sure that ____ the right ____ for optimal ____?
 How should I ____ best ____ my ____ to ____ maximum ____ faster ____ access?
 To ensure fast internet ____ place, where ____ the ____ spot ____?
 If I want ____ have ____ speeds, I ____ on a ____.
 Which factors ____ when ____ the ____ location for my routers ____ reach maximum ____ internet ____?
 ____ signal strength ____ speed inside ____ premises should be ____ router.
 ____ best location for top coverage ____ fast ____ my ____?
 ____ is ____ that the router be located ____ maximize ____ speed inside ____.
 How can ____ choose the ____ suitable ____ for locating my ____ taking all aspects of adequate ____?
 Which factors ____ to be ____ selecting an ideal ____ routers ____ ensure ____ and faster internet ____?
 ____ I ____ the best location ____ get the ____ speed?
 ____ the routers ____ to make it ____?
 What ____ when ____ a prime location ____ a ____ network?
 If you ____ get ____ signal across your premises, what are ____?

_____ a question _____ where _____ put _____ routers _____ make _____ internet faster.

What _____ taken into account _____ I want to _____ top-notch wireless _____ my home.

_____ order _____ achieve _____ and faster _____ should be _____ in order to _____ an ideal spot for _____?

In _____ wi fi range and speed _____ premises, I _____ take into _____ points _____ be taken _____

What factors _____ routers in my premises?

What factors _____ optimal location for _____ coverage _____ fast _____?

Which factors should _____ when choosing the _____ for _____ to _____ maximum coverage and _____?

_____ to know _____ criteria _____ to pick up optimal _____ inside?

_____ can _____ most optimal location for _____ wireless _____?

Is _____ possible to find _____ suitable site for _____ my _____ taking _____ of _____ coverage and _____ access

What should _____ consider when choosing a location for _____ networking device in order _____?

_____ factors _____ into account when selecting _____ optimal location _____ routers?

Is _____ to _____ suitable site for locating my _____ taking all aspects of _____ speed into

What factors _____ I take into account _____ a _____ for _____?

_____ the _____ my _____ what points should be taken into _____.

How can _____ make sure I _____ the best _____ my _____ in my premises?

_____ coverage and _____ in _____ but I'm not _____ about _____ best place to put _____ router.

_____ choosing _____ for _____ device, what should I consider?

What considerations _____ when _____ an appropriate place _____ maximize _____ strength and boost _____ swiftness at _____?

_____ I find _____ that _____ give me the best _____ from _____ routers _____?

_____ I _____ the best _____ speed _____ my house?

_____ range extension and quicker _____ should be _____ before taking _____ option?

If I _____ get _____ best _____ and _____ fastest _____ need to _____ location.

Where is _____ to have _____ my place?

When choosing _____ location _____ my _____ networking device, _____ I consider _____?

I _____ maximize coverage and _____ within _____ house, _____ can _____ me the _____ to _____ my routers?

_____ should _____ when choosing _____ for _____ router _____ order to get the _____ internet speeds?

_____ I find a location with _____ best _____?

_____ need _____ choose a location _____ to have _____ and speeds.

Where _____ the best spot _____ get _____ home _____?

Is _____ to guarantee _____ faster _____ strategically selecting _____ prime place for _____ network?

Is it _____ good idea _____ my router to achieve _____ coverage _____ internet access?

Where _____ the best place _____ get _____ on _____ home _____?

How do I _____ that _____ me _____ best _____ and speeds?

_____ should we _____ the router to _____ the _____?

_____ I _____ sure my router _____ place _____ that I can get the _____ and speed?

I want my internet to be _____ in _____?

How do you pick the right _____ to maximize _____?

What should I consider when selecting _____ for _____ the _____ coverage _____?

How _____ I make _____ I _____ and _____ speeds by placing my routers in my _____?

Which _____ it comes to _____ right _____ for _____ wireless network?

_____ I _____ account when choosing _____ location for _____ wireless network?

When choosing _____ location for _____ important to _____ coverage _____ speed.

How _____ I _____ the ideal _____ maximize _____ internet _____?

_____ can _____ the best coverage _____ speed for _____?

If _____ want _____ have the _____ coverage _____ speed, _____ need _____ decide _____ a _____.

_____ extension and quicker internet, _____ should _____ considered _____ to _____ placement option

What _____ should be taken into _____ order _____ perfect _____ for my routers in order _____ and speed

_____ want _____ maximize coverage and _____ in my house, _____ best place _____ my router.

Where _____ ideal _____ to put my routers _____ ensure _____?

_____ I _____ the _____ spot _____ best _____ from my internet service?

What are the _____ important considerations _____ place _____ strength _____ internet swiftness at home or office?

How _____ I _____ optimal _____ for my _____ coverage _____ speed?

How _____ I make sure _____ choose the _____ for _____ strength _____ my _____?

_____ factors should be taken _____ account _____ selecting an _____ location _____ routers to _____ optimal _____ fast _____?

_____ all aspects of _____ and _____ internet speed into account, _____ find the most _____ for locating _____?

What should _____ do when _____ a _____ wireless networking device _____ coverage and _____ service?

How can I make _____ I _____ the _____ coverage and _____ fastest speeds _____ placing my _____?

_____ the most suitable site for locating my business' _____ taking _____ aspects _____ and enhanced _____ access _____?

What criteria do you suggest _____ consider _____ the _____ position _____ internet?

How _____ I find the best _____ for _____?

_____ can _____ find optimal _____ for my _____ and speed?

How can _____ sure _____ right _____ optimal wireless _____ strength is _____ my _____?

_____ should I place my _____ connection _____ fast?

What are the most important things when _____ and boost internet _____?

_____ the perfect _____ my _____ to get _____ coverage and fast _____?

_____ achieve maximum _____ WiFi speeds, _____ should _____ in _____ to _____ the ideal _____ for positioning a Router?

How _____ I find _____ that will _____ and internet speeds?

_____ the _____ place _____ set up _____ routers to _____ fast _____ home?

Which factors _____ important _____ optimal _____ the _____?

Where should I _____ internet _____ to _____ it _____?

How _____ I _____ the _____ spot _____ my internet _____ indoors?

When _____ a _____ for my wireless networking device, _____ the coverage _____.

What are the most important _____ when selecting _____ wireless _____ strength _____ swiftness at home?

How _____ I find _____ spot for _____ router _____ house?

_____ note what _____ noted in _____ to achieve maximum _____ and faster speeds while selecting _____ a router.

Choosing _____ for _____ high-speed internet _____?

What factors should _____ into _____ ideal _____ for my internet _____?

_____ is _____ best location _____ top coverage and _____ in _____?

Where _____ best place _____ get a _____ and fast _____?

_____ you _____ best wi-fi _____ your premises, what _____ the _____?

What are the _____ when choosing an appropriate location _____ strength _____ boost internet _____?

When _____ the _____ device, what should I consider?

_____ it _____ guarantee maximum _____ and _____ speeds by placing my _____ a _____ spot within _____?

_____ do _____ make sure _____ I _____ right spot for _____ signal strength?

How can _____ place _____ positioned so that I _____ get reliable internet connections?

_____ it _____ choosing the correct location for my wireless _____ consider?

_____ factors need _____ into account _____ an _____ router _____ to ensure _____ and faster internet access in _____?

What criteria _____ used to _____ up optimal _____ inside _____?

What is the _____ location _____ my _____ device _____ give _____ faster speeds?

Is _____ possible to guarantee _____ strategically choosing _____ prime place _____ my _____ in my premises?

How _____ find _____ position for my router's _____?

What _____ aspects for _____ router _____?

_____ the most important considerations when choosing an appropriate _____ to _____ signal strength _____ at _____?

_____ I _____ the _____ coverage and faster _____ I need to _____ a _____.

____ choosing ____ position ____ faster and wider ____ reach within my ____ considerations.
 ____ can I find ____ optimal ____ my router?
 ____ should I ____ when ____ the ____ location for ____ routers ____ achieve the ____ and ____?
 How ____ I get ____ best ____ and ____ my ____?
 How ____ find a ____ has the best coverage ____ speeds?
 ____ can I ____ sure ____ right spot ____ optimal wireless ____ strength?
 I need ____ a ____ to get ____ coverage ____ speeds.
 How can ____ best coverage ____ fastest speeds by placing ____ the right place ____ my ____?
 How do I ____ the ____ spot ____ the ____ my internet ____?
 ____ make sure ____ select the ____ spot for ____ signal strength in ____ premises?
 ____ should ____ location for my router in order to get ____ best coverage ____ speeds?
 How ____ I guarantee the ____ coverage ____ the ____ speeds ____ placing ____ router in the ____ place ____?
 What should I ____ selecting a location for ____ the ____ coverage ____?
 ____ should ____ when ____ location ____ my wireless networking device to have ____ and fastest ____?
 ____ need ____ right ____ for my wireless networking ____ give me ____ and faster speeds.
 Which factors ____ I take ____ account ____ choose ____ for ____ wireless ____?
 Any ____ where to ____ spot for maximum ____ and ____?
 I want to maximize coverage and ____ my ____ but I'm ____ sure ____ router.
 What are ____ most ____ factors when choosing a ____ wireless ____ strength and ____ internet ____ or ____?
 What ____ should I ____ about when locating my router ____ and ____?
 ____ achieve maximum ____ and faster ____ what should ____ noted in order ____ for positioning a ____?
 I ____ consider ____ of my wireless networking ____ get the ____ fastest ____.
 ____ I ____ sure my router is ____ place to ____ best coverage ____ the ____ internet?
 How ____ you pick ____ place to maximize wireless signal ____?
 How do I ____ get ____ coverage ____ my internet connection?
 Where ____ the ____ my router to ____ me the rage-worthy coverage and ____ I ____?
 ____ order to ____ and speed within my ____ points ____ be taken into ____
 ____ achieve maximum range ____ and ____ internet, what ____ be ____ before ____ option
 ____ want to maximize ____ in my house, but ____ what the perfect placement ____ routers ____.
 How can I ____ location ____ the best ____ speed?
 Where should the router be ____ to access ____?
 ____ need ____ be considered ____ choosing an ____ location ____ a ____ ensure optimal ____ and faster ____ access?
 ____ factors should I take ____ account when ____ location ____ connection?
 How ____ I find ____ best place ____ coverage and ____ indoors?
 To ____ maximum range ____ internet, ____ should be considered before ____ a ____
 How ____ I ____ right spot for optimal ____ in my ____?
 ____ the ____ place for my routers to ____ located ____ ensure ____?
 ____ should ____ appropriate place to maximize wireless signal strength and ____ home or ____?
 ____ important to note ____ should ____ order ____ achieve maximum ____ faster speeds, ____ an ____ spot ____ placing a
 ____ order ____ achieve top-notch wireless range and ____ within my ____ need ____ should ____ taken into ____
 Which ____ need ____ taken ____ when selecting a ____ my ____ to ensure optimal ____ and ____ internet?
 ____ I want ____ coverage and ____ speeds, I need ____ about ____ location.
 What ____ I consider ____ the ____ location ____ networking device to give me ____ best ____?
 How ____ get the ____ and fastest speeds ____?
 Where ____ put my ____ to ____ sure ____ I ____ fast ____ access?
 ____ find ____ optimal positioning ____ router's best coverage?
 Which ____ be considered when ____ ideal location ____ to ____ optimal ____ and faster internet ____ my ____?
 ____ maximum coverage and ____ strategically selecting a ____ place for my router ____ my premises?
 ____ let ____ know ____ should ____ used ____ up ____ wi-fi space inside.

_____ routers be placed to _____ internet _____ fast?

_____ considered _____ choosing _____ place to _____ signal strength and _____ internet swiftness?

For the _____ wi-fi signal _____ considerations are _____?

_____ the best router _____ fast internet?

_____ location for my _____ networking _____ I should _____ the _____ and speed.

How _____ sure that _____ the right _____ for _____ signal strength?

_____ should _____ take _____ account when _____ an optimal _____ my router?

_____ must _____ taken into account when _____ an ideal _____ optimal _____ access in my premises?

How can _____ find the _____ positioning _____ my _____ speed?

_____ can _____ that I _____ right _____ for _____ wireless signal strength?

How _____ we _____ wireless signal strength _____ boost internet speed?

_____ the perfect spot _____ my router _____ rage-worthy _____ and super fast _____?

_____ criteria _____ be used _____ pick _____ optimal _____ space _____ the _____?

Where is the _____ to put my routers _____?

How _____ find the most suitable _____ locating my _____ of adequate coverage into account?

To _____ range _____ and quicker _____ what should _____ installing _____ placement option inside _____ building?

_____ maximize coverage _____ speed _____ my _____ but I'm not sure _____ the _____ place to _____ my _____.

_____ should _____ when _____ optimal location for my router _____ reach the _____ and _____ speeds?

_____ it possible for _____ to _____ most suitable _____ router, while taking all aspects _____ adequate _____ and _____

How _____ I _____ for a _____ internet connection?

_____ do I _____ the best _____ to _____ the _____ in _____ house?

_____ do _____ find _____ best position _____ best _____ and speed?

_____ order _____ maximum coverage and _____ speeds, what _____ noted _____ to _____ ideal location for positioning _____ routers?

_____ factors _____ to be _____ account _____ choosing _____ location to ensure _____ coverage _____ internet within _____ premises?

_____ best _____ for _____ wider _____ my property is one of _____ considerations.

_____ find the _____ location _____ maximum _____ and faster _____?

_____ achieve maximum _____ faster _____ what should be _____ in _____ to find an _____ spot?

_____ I _____ choosing a location for my wireless networking _____ the best coverage _____?

_____ do _____ an _____ place to _____ wireless signal _____ and boost internet _____ or office?

_____ order _____ achieve top-notch WiFi _____ and _____ perfect position for my router should be _____.

How do _____ a _____ spot for _____ router _____?

_____ can I _____ the _____ and _____ at home?

What _____ consider _____ choosing _____ ideal _____ a _____ internet _____ in my organization?

How _____ I make _____ select the _____ for _____ signal strength?

When _____ for my _____ device, it's _____ to _____ coverage _____ speeds.

_____ to _____ the right location for my wireless _____ to give me the _____.

What should _____ choosing _____ for my _____ networking device to _____ speeds?

In _____ maximum coverage and faster speeds, _____ should _____ noted in _____ to find _____ location for _____?

What _____ I _____ when _____ the ideal position _____ routers in _____ optimum _____ and high-speed internet?

How do _____ right _____ to maximize _____ internet _____ coverage indoors?

_____ you _____ right _____ to _____ wireless signal _____ and boost internet _____?

Which factors _____ be taken _____ account _____ selecting _____ ideal _____ for _____ ensure optimal coverage _____ faster _____?

_____ should my _____ access point _____ to make _____?

What _____ I _____ when _____ a _____ my wireless _____ device in _____ to have _____ coverage _____ speeds?

_____ find a place _____ me the _____ my router indoors?

What should I consider _____ selecting the _____ location for _____ routers _____ internet access?

_____ guarantee maximum coverage _____ faster _____ placing _____ routers in the _____ place?

_____ the _____ for the router _____ max coverage?

How ____ I ____ sure ____ the right ____ for optimal ____ my premises?

____ can ____ the ____ suitable ____ my business' router, ____ all aspects ____ adequate ____ enhanced internet ____ into account ,

"What should ____ in ____ to achieve maximum ____ and ____ WiFi speeds while ____ ideal spot ____ a ____

When choosing ____ location ____ device, it is ____ consider coverage and ____.

Which ____ should ____ into account ____ selecting ____ for my ____ to ensure ____ and ____ internet?

Choosing ____ for a wireless ____?

____ to achieve maximum ____ and faster speeds, what ____ be ____ in ____ to ____ spot for ____ my ____?

I don't ____ how ____ the ideal ____ to ____ my internet ____.

Which factors ____ be considered ____ optimal ____ router?

____ the ____ place ____ to get ____ internet ____ my house?

When ____ to ____ for my wireless ____ device, what should I ____?

____ location ____ my ____ networking ____ give ____ the best ____ and fastest ____ speed.

____ factors that matter for ____ router ____?

How can ____ the most ____ locating ____ business' router, while taking all aspects of ____ internet ____ consideration

Which ____ should ____ when choosing the ____ to reach ____ coverage and faster internet?

Where ____ the ____ for my router ____ coverage ____ fast internet?

____ order ____ maximum coverage ____ speeds, what should ____ noted in order to ____ an ideal ____ a ____?

____ want the best ____ to make a decision ____ a location.

____ can ____ make ____ router is in ____ right ____ to get ____ and the fastest ____?

Do ____ any ____ what ____ be used to find optimal wi-fi ____?

____ to ____ choose ____ most suitable site for locating my business' router, taking ____ of adequate ____

To achieve ____ speed ____ my premises, ____ need ____ perfect ____ routers to be taken ____ account.

In order ____ coverage ____ faster ____ what should ____ noted in order to find ____ for ____ a routers ____

____ it a ____ idea ____ the best location for my ____ to ____ the ____ and ____?

Where is the ____ place for my ____ good ____ at home?

To get maximum ____ placement option ____ be considered.

____ want ____ maximize ____ speed ____ my house, but can ____ help me choose ____ put ____ routers?

____ I get ____ best wireless coverage ____?

Which factors should be ____ into account ____ selecting ____ ideal location ____ router ____ coverage ____ faster ____?

____ need to ____ considered when ____ an ____ location to ensure optimal coverage ____ my ____?

What criteria ____ up the optimal ____ space?

What should I consider when ____ the ____ location for ____ give ____ the best ____?

How do ____ a spot ____ best ____ from my routers?

____ put my routers ____ sure they have ____ internet ____?

____ place my routers ____ make sure there ____ fast ____?

I want to ____ to get ____ and faster ____ need to ____ the best place ____ put

How can ____ a ____ me ____ best coverage and speed?

Which ____ be taken ____ account when selecting ____ location ____ ensure optimal coverage and ____ in ____?

In ____ to achieve maximum coverage ____ be ____ order to ____ ideal spot to ____ a router?

What factors ____ I ____ account to choose ____ for ____ routers?

____ don't know how ____ choose the ____ site for ____ business' ____ taking ____ aspects ____ adequate ____ and ____ wireless

____ like ____ know how to ____ the ____ suitable ____ for locating my ____ routers, taking ____ aspects ____ adequate ____

Where ____ the right spot ____ and speeds?

There ____ what should influence ____ when choosing a prime router ____.

____ should ____ my decision when ____ a ____ a high ____ internet ____?

How can _____ sure _____ get the _____ coverage _____ the _____ speeds by _____ Router _____ right place?
 _____ locating my router strategically, what _____ should _____ think about when _____ ?

Where is the _____ for my _____ to _____ fast _____ ?
 _____ be used _____ pick up optimal wi-fi space _____.

How _____ I find _____ maximize my _____ access inside?

There is a question _____ influence my _____ about _____ router _____.

Where _____ best _____ get _____ strong _____ internet connection at home?
 _____ the best location for my wireless _____ to give _____ and fastest _____?

Which _____ should be taken _____ when _____ router location _____ ensure _____ coverage _____ internet?
 _____ should _____ think about _____ a _____ my wireless _____ device to get _____ best coverage _____ fastest _____?

How _____ best position _____ my routers coverage?

Where can _____ the router to _____ ?
 _____ factors should be _____ account _____ pick the optimal _____ wireless _____?

What _____ to get the best wi-fi _____ your _____?

What's _____ location to get _____ and _____ speeds?

Can _____ give me _____ to maximize coverage and speed?

How _____ I _____ to get the _____ from my router?

If you _____ achieve maximum range extension _____ quicker internet, _____ should _____ considered before _____ ?
 _____ can _____ the most _____ site for _____ business' router, _____ all _____ coverage and _____ speed into
 account ,
 _____ it a _____ idea to _____ the _____ location for _____ routers _____ the _____ coverage and _____ ?
 _____ is _____ best location _____ my routers _____ ensure _____ ?

I want _____ and _____ house, but I'm not _____ the _____ placement of _____ routers.

What _____ the most important _____ choosing _____ appropriate place to maximize _____ strength _____ ?

Where is the _____ my routers to be located _____ ?

I want to know _____ criteria _____ be used _____ up _____ fi _____.

I _____ know if _____ are any _____ on _____ router so that I can _____ connections.

In _____ to _____ range extension _____ what _____ considered before _____ a placement option.
 _____ best coverage _____ fast speeds, _____ to make _____ decision about _____ location.

What _____ think _____ when choosing a location _____ my _____ to get _____ coverage and faster _____ ?
 _____ can _____ the _____ position for my _____ coverage and _____ ?

Is it _____ to _____ maximum coverage _____ speeds by _____ placing my _____ ?

What _____ I _____ to keep in mind when _____ for _____ peak _____ maximum coverage _____ ?

I _____ be able _____ get _____ faster internet _____ and I'm _____ sure where to _____ my

Where can I _____ to _____ internet faster?

What should I _____ selecting the best _____ for _____ in _____ to _____ the best coverage _____ ?

When choosing _____ location _____ wireless networking _____ should _____ speed and _____.

Which factors should be _____ into _____ location to _____ optimal _____ faster internet _____ in _____ premises?

What are some _____ the most important _____ to consider _____ an _____ network?
 _____ a _____ to choose _____ location for my router _____ maximum coverage _____ faster speeds?
 _____ make sure _____ I choose _____ spot for optimal _____ strength _____ my premises?
 _____ factors should I consider _____ selecting _____ location _____ my _____ reach maximum coverage and _____ within
 _____ ?

Which _____ are _____ order to find _____ ideal _____ my _____ ?
 _____ of _____ device should _____ give me the best coverage.

I _____ choose _____ correct location for my _____ to give me _____ coverage and _____.

Can you _____ how _____ can get _____ and speed _____ home?
 _____ when _____ the best position for faster _____ signal reach _____ property.

Is _____ to pick _____ positioning _____ my _____ and speed?
 _____ I find _____ place where I _____ the best _____ router?
 _____ should I think _____ for my _____ networking device to have _____ faster speeds?

To ____ top-notch ____ speed ____ my ____ I need ____ position ____ my routers.
 ____ should ____ the location ____ my wireless networking device ____ get ____ coverage and speed?
 How ____ find ____ best place ____ maximize ____ speeds ____?
 ____ be noted ____ to achieve maximum ____ faster ____ speeds while selecting an ____ spot for ____ "

Which ____ should ____ into ____ to ____ location for my ____ service?
 ____ should ____ choose a ____ for ____ networking device to give ____ the ____ fastest?
 For ____ wi-fi signal across ____ you take?
 How can ____ make sure ____ best ____ the fastest speeds ____ I place my ____ house?
 ____ achieve top-notch ____ range ____ speed within my ____ points should ____ taken ____

Can you tell ____ the best ____ to place my ____ to ____ in ____ house?
 To ____ maximum coverage ____ faster ____ speeds, ____ should ____ noted in ____ find an ideal ____ positioning ____?

When choosing the correct ____ networking device, I should ____ and ____.
 ____ it possible ____ that I ____ spot for optimal ____ signal strength?
 ____ I make sure that ____ get the best coverage ____ the fastest ____ by ____ place?
 What should I ____ choose a ____ wireless ____ device ____ give me better coverage ____ faster ____?
 ____ I ____ that ____ use the ____ spot ____ optimal wireless signal ____?
 ____ I ____ about when ____ my router to get ____?

Which ____ be ____ account when ____ a ____ location to ____ coverage and faster internet?
 ____ is ____ place for my routers ____ go ____ internet?
 ____ followed in order ____ more range and faster ____ a well placed ____?

Where should you ____ the router ____?
 Where ____ place ____ my routers ____ located to ensure ____ internet?
 How can I ____ the ____ coverage ____ faster speeds?
 "What should be noted in order ____ and ____ WiFi ____ selecting ____ for ____ routers within my property?

What factors ____ I take into ____ when selecting the ____ router ____ coverage ____ faster speeds?
 ____ do you ____ appropriate place to ____ wireless signal ____ internet ____?
 ____ should I ____ when ____ a location for my router ____ coverage ____ speeds?
 I ____ be ____ get reliable ____ over and faster internet ____ I'm not ____ what ____ to ____

When ____ a ____ peak ____ with ____ coverage indoors, what should I ____?
 ____ do I ____ the best place ____ internet ____?
 ____ my ____ comes to ____ a prime router location?

How ____ I make sure ____ pick the ____ for ____ signal ____ my ____?
 What ____ be ____ to pick ____ space inside?
 ____ do ____ suggest ____ I ____ when choosing ____ ideal ____ for ____ high-speed internet ____?
 What ____ I ____ when ____ location for my router ____ achieve the ____ coverage ____?
 To ____ WiFi range and speed within ____ premises, ____ need ____ determine ____ position ____ router.

Which factors ____ be taken ____ choosing an ____ location for ____ routers ____ optimal coverage and ____?
 "What should be ____ in ____ achieve ____ WiFi speeds while ____ ideal ____ for positioning a ____ within ____ property?
