

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|---|
| Company Type | Natural Gas Companies |
| Inquiry Category | Gas appliance installation guidelines |
| Inquiry Sub-Category | Gas Appliance Installation Steps |
| Description | Offering step-by-step instructions on how to correctly install various gas appliances, such as stoves, water heaters, and furnaces, including details on gas line connections, electrical requirements, and any necessary permits or inspections. |
| Data Size | 5,778 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

_____ are the _____ requirements _____ installing _____ water _____ my home?

Any _____ when _____ up _____ nat-gas _____ heating system?

_____ you give us _____ the _____ requirements for a _____ water _____?

Tell _____ electric specifications _____ water heating.

_____ know about electric necessities while _____ system.

Do you know _____ the _____ demands _____ a _____ water _____?

Which electrical _____ is needed _____ install _____ heating system _____ house?

I'm interested _____ electrical criteria _____ setting _____ natural _____ water heater.

_____ power _____ required to _____ domestic gas _____?

How much _____ take _____ install _____ gas water _____ in my _____?

_____ much _____ do you _____ installing _____ natural gas water _____?

Tell me _____ specifications when _____ a gas _____.

Before placing a _____ residential water _____ what _____ the _____?

_____ there a specific electric _____ for putting in _____?

_____ you _____ a gas _____ heating installation at home?

Are there _____ needs for gas _____ in _____?

I'm not sure _____ specifications _____ a gas _____ heaters.

I have _____ question _____ the _____ up _____ natural _____ water Heater _____ my house.

_____ any specific _____ requirements for _____ in a _____ heater?

I _____ the _____ requirements for _____ in _____ gas water heater.

The electric _____ for _____ gas _____ system at _____.

_____ much power do _____ need _____ the _____ water _____ home?

What _____ the _____ in order _____ install a _____ heater?

Tell me the electric _____ a gas _____.

The electric specifications _____ needed _____ gas _____ in _____ house.

_____ know _____ electrical requirements _____ a _____ water _____ system?

What are the _____ when installing _____ water _____?

_____ of installing a _____ heating system?

_____ a specific _____ putting a gas water heater _____?

What are the _____ I want to _____ gas _____?

_____ you _____ demands of _____ gas-powered _____ heater at home?

Is _____ to give _____ details _____ the _____ a _____ water heating device?

_____ the electric setup for _____ gas water heater _____?

Electric specifications are needed _____ install a _____ house.

I am _____ what the power needs _____ for _____.

Tell _____ what the electric _____ are for _____ a _____.

Want _____ demands for _____ water heating system.

_____ there any _____ for my _____ water _____?

_____ you _____ me a _____ of _____ requirements _____ gas water heater?

_____ you _____ what _____ electrical demands are _____ a _____ water _____?

_____ know _____ much _____ is needed to set _____ house with a gas _____ system.

_____ there an _____ for _____ water heater installation?

_____ want to _____ the _____ requirements _____ in a gas water _____.

_____ kind _____ wiring _____ the gas water heating _____ in _____ house?

_____ not sure what the _____ to set up _____ with _____ heating _____.

Want _____ know the _____ for _____ heating system.

_____ is _____ the _____ water heater?

Can _____ tell me _____ electrical _____ a gas water _____?

_____ how much _____ need _____ hook up a gas _____ Heater _____.

Is it necessary to _____ electric requirements _____ putting _____ a _____?

How _____ is _____ set up _____ house with a _____ boiler?

Do _____ want _____ know _____ necessities _____ a _____ hot-water system?

_____ am trying _____ figure _____ how much _____ is _____ up my _____ a _____ water boiler.

_____ do I _____ a gas water heater?

_____ don't know _____ electrical _____ are _____ installing a _____ heaters.

What is the electric setup _____ gas _____?

Please _____ on _____ specifications are necessary _____ a gas-based _____ water _____.

Where _____ reqs when _____ up a nat-gas _____ heating system?

I'm _____ about _____ electric criteria _____ up _____ natural gas _____.

_____ you tell me _____ much _____ is needed _____ install _____ water _____?

_____ needs _____ the gas water heater?

Want _____ understand the electrical _____ for fitting a _____?

What is the _____ a _____ water _____?

_____ you _____ the _____ for installing _____ gas _____ tank?

_____ specifications are _____ install _____ water Heaters in _____ house

What _____ requirements _____ needed to _____ gas _____?

_____ to know the electrics needed _____ install _____ heater.

How much electricity _____ gas water heating _____?

Is _____ required electrical _____ for _____ residential hot-water _____?

_____ need an electric _____ for _____ gas water _____?

_____ tell me _____ power _____ for _____ water heater?

_____ necessary _____ have _____ electric requirements _____ order to install _____ water _____?

I _____ about _____ criteria _____ up a natural _____ heating system.

_____ know _____ wattage to set _____ with a _____ water heater.

_____ you _____ a description of _____ requirements _____ gas water heater _____?

_____ much electricity is _____ for a gas _____ heater _____ in _____?

_____ are the electrical _____ for _____ gas water _____ my house?

Is it _____ to _____ a _____ heating unit?

What is _____ setup _____ gas water Heater _____?

_____ tell me _____ the _____ specifications _____ a _____ water heater.

_____ electrical specifications _____ met to get _____ heater?

_____ there any electrical _____ a _____ water _____?

_____ you _____ how _____ is needed _____ make _____ gas water heater?

I'm trying to find _____ is needed to _____ up _____ heater.

Do _____ know what _____ specifications are _____ a _____ water heating _____?

I want _____ requirements _____ installing _____ gas water heating _____.

What is _____ electrical _____ for _____ a _____ heater in _____?

_____ need _____ how _____ electricity _____ to set up my house with _____ new gas _____.

_____ me the electrical needs _____ gas hot-water _____?

_____ give me an _____ of the _____ setting up a natural _____?

Is there _____ specific _____ for setting _____ nat-gas water _____?

_____ there any _____ the _____ requirements _____ installing a _____ heater?

_____ me _____ necessary electrical _____ placing a _____ water heater.

I would _____ the electric specifications _____ water heater.

_____ a _____ water heating _____ inside my _____ what type of _____ required?

_____ is needed _____ install _____ gas hot-water unit?

_____ a gas-powered _____ heater, what _____ critical electric demands?

What _____ setup for putting _____ gas water heating _____?

_____ to _____ about _____ electrical _____ of a gas hot-water _____.

What _____ the electrical needs _____ install _____ water _____?

Do you _____ any _____ the electrical needs of _____ hot-water _____?

_____ me _____ electric _____ for _____ gas water _____ home.

_____ electric _____ for a _____ water heating unit?

_____ electrical _____ when setting up _____ heating _____?

Do _____ know what _____ placing a gas-based _____ water heater?

Is _____ to set up nat-gas _____ specific electrical _____?

_____ I _____ to _____ requirements for my _____ water _____?

How _____ required _____ gas water _____ system _____ my house?

Is there _____ electrical _____ installing a _____ heater?

_____ you _____ me _____ the _____ criteria for _____ up a natural gas _____?

_____ there _____ electrical _____ the gas water _____?

_____ advise if _____ are _____ for a gas-based residential _____.

_____ we _____ electricity to _____ domestic _____ hot-water _____?

_____ it _____ have electrical specifications for _____ gas-based residential _____?

_____ to know the _____ while installing _____ gas-fired hot-water system?

When putting _____ residential hot-water _____ should there be _____?

What's _____ for _____ gas water _____ device?

What _____ electrical specifications _____ a gas _____ my house?

_____ you have _____ of the electrical _____ water heater install?

What electrical _____ is _____ for _____ water _____?

Do _____ on _____ power requirements for gas _____ heating?

_____ the electric setup _____ a _____ water heaters?

_____ find out how much _____ is needed to _____ my _____ a _____ water _____.

_____ there an electric _____ for _____ in _____ heating device?

_____ don't _____ if I need _____ electric _____ for _____ gas water _____.

_____ the electrical demands _____ fitting a household _____

_____ us an idea _____ the electrical _____ for _____ water heater?

What _____ electric demands for _____ water heating appliance?

Can _____ give _____ the _____ criteria _____ natural gas water heating system?

I _____ the electricians are required to _____ a _____ water _____.

Do _____ know _____ electrical specifications are _____ before installing a _____?

_____ about _____ wattage needed to _____ up my _____ new gas water heater.

_____ want _____ know _____ electrical _____ a _____ water heating system.

_____ electricity _____ needed for the installation _____ gas _____ heaters _____ my _____?

What _____ specifications _____ needed to _____ water heating _____ my house?

Is there an electric _____ for _____ water _____?

Are _____ any electrical needs _____ a _____ water _____?

How much _____ you need _____ install _____ gas _____ system?

_____ are the _____ specifications for _____ a _____ water _____ in _____?

I don't know what _____ electrical specifications _____ gas _____.

Want to know _____ necessities _____ installing a _____ system?

Do you _____ what _____ are _____ install _____ gas-fired hot-water system?

_____ gas water heating system?

Can you tell _____ the electrical _____ for _____ hot-water tank?

_____ there _____ electrical need _____ gas water heaters _____ home?

What is the electrical _____ gas _____ installation?

Tell me _____ electrical needs of _____ hot-water _____.

_____ there anything _____ tell me _____ the power _____ for _____ gas _____ heating _____?

Do you know _____ water heating system?

What _____ requirements need to _____ met _____ heater?

How much _____ needed for _____ gas _____ heater.

_____ are _____ specifications for gas _____ heating in _____?

_____ it _____ have _____ installing a gas-based _____ water heater?

What are the _____ gas _____ heating in _____?

Let _____ know _____ electric specifications _____ the _____ water _____.

I would _____ know _____ the _____ requirements for a _____ water _____.

_____ power _____ needed for _____ water heating unit?

_____ not _____ what _____ up my house with a _____ water heating system.

I'm interested _____ learning _____ for installing a _____ water _____.

What are the _____ if _____ want to _____ a _____ system?

_____ an _____ setup _____ putting _____ a gas water _____ home?

When setting _____ a _____ water heater, what _____ required _____?

_____ is the _____ for putting _____ a gas _____ appliance?

_____ wondering how much power _____ hook _____ water heater.

_____ what the _____ is _____ set up my _____ a _____ water heater.

_____ gas water heating unit with a _____?

I _____ I _____ requirements for _____ gas water Heater.

_____ the _____ specifications are for the _____ water _____.

When _____ up _____ gas-powered water heater, _____ some _____ electric demands?

I want _____ the _____ for setting _____ natural gas _____ in _____ house.

_____ specifications are required _____ natural-gas-powered residential _____ tank?

_____ you tell _____ the electrical _____ up a natural _____ water _____ my _____?

What _____ the _____ requirements _____ water heater?

_____ know the power requirements _____ a gas water heater _____.

I'm wondering _____ a gas water heater.

When installing _____ water _____ is the electricity demands?

_____ you need _____ specifications _____ a _____ water heaters?

_____ electricity is _____ setting _____ gas-powered water heater?

_____ setup _____ required to install a _____ system in _____ home?
 I was _____ if _____ the power requirements for _____ gas _____.
 What are _____ electrical _____ to install _____ heating _____?
 _____ need to _____ the _____ for setting up a _____ gas _____ system.
 _____ want _____ know _____ requirements of _____ gas _____ tank.
 _____ it necessary _____ electric requirements for the _____ water heater?
 _____ much _____ is needed for _____ home's _____ water _____.
 _____ the electrical specifications for a _____ water _____?
 _____ you _____ me _____ for _____ a natural gas hot-water system?
 _____ the electric setup _____ a gas _____?
 How _____ needed _____ installing a gas water _____ unit _____ a _____?
 What _____ specifications for the _____ heaters _____ my house?
 _____ there _____ electric setup to put _____ gas _____?
 I need to know _____ power _____ for _____ water _____ at _____.
 _____ much electricity _____ needed for _____ gas _____ heater _____ my _____?
 _____ electrical requirements for _____ heating _____.
 Do _____ idea _____ the electrical _____ a gas water boiler _____ at _____?
 What _____ requirements _____ my gas _____?
 How _____ power do I _____ gas _____ unit?
 Would electricity _____ install _____ hot-water _____?
 Is _____ power _____ the gas water _____?
 What _____ electrical requirements for _____ gas _____?
 _____ electric specifications _____ to install _____ gas water _____ system?
 How _____ is _____ for _____ water heating?
 When _____ heating _____ what are the electricity demands?
 _____ electric specifications of the gas water _____.
 Home's gas _____ needs _____ specifications.
 I _____ know _____ much power I _____ to _____ gas water _____.
 _____ are _____ electrical demands _____ gas-powered water _____ at home?
 _____ much electricity _____ install a gas water _____ in _____ house?
 _____ are _____ specifications for _____ heating in _____ place?
 _____ for _____ heater at home.
 How much power _____ I _____ water heating _____?
 Should _____ know the _____ criteria _____ natural gas _____ heater?
 How _____ power do I _____ operate _____ gas _____ heating _____?
 Do _____ know the power _____ for _____ a _____?
 Gas water _____ home _____ and _____ info?
 _____ interested _____ learning about _____ electrical _____ of _____ a _____ tank.
 _____ a gas water _____ device?
 The electrical specifications for installing _____ heaters _____ place _____ not _____.
 _____ electric requirements for _____ water _____?
 Electric _____ gas _____ water _____ home?
 _____ is needed to install _____ gas _____ my home?
 _____ home _____ power need _____ the _____ water heaters?
 I'd _____ know the _____ requirements for _____ water heater.
 _____ much electricity is needed _____ to _____ a _____ heater?
 _____ not _____ what _____ is _____ to set up my _____ new gas _____.
 Is _____ electrical requirements _____ the gas _____?
 Before placing a _____ heater, please _____ are _____ electrical specifications?
 _____ kind of _____ for _____ gas _____ heating system inside my _____?

I don't know if _____ gas water _____ device.
_____ need to _____ the electrical specifications _____ gas _____ heater.
_____ curious about _____ for installing _____ gas water _____.
The _____ demands _____ installing _____ heaters.
Do _____ know _____ needs _____ installing a _____ heater?
_____ have _____ of the electrical _____ for _____ water heating installation at _____?
Do you know what _____ necessary _____ specifications are _____ boiler?
_____ much _____ the gas _____ heaters in my house?
Is _____ a specific electrical _____ for setting _____ nat-gas _____?
Is it necessary _____ have _____ electric _____ put _____ gas water _____?
I _____ the _____ are _____ a gas hot-water tank.
_____ want _____ the electrical _____ up a natural gas _____ heating _____ my house.
Can you _____ a _____ of the _____ a _____ water heating _____?
_____ electrical specifications _____ needed for a _____ water _____?
I don't _____ if _____ specific electric _____ for _____ gas water _____.
What do I need to _____ for a gas _____?
What is the _____ for a _____ heating _____?
_____ information about the _____ requirements _____ putting _____ a _____ water heater?
Electric requirements _____ heating?
How much _____ required to _____ gas water _____ a house?
_____ the _____ setup for _____ in a gas _____ at _____?
How much _____ to _____ to install a gas _____ system _____?
_____ much _____ need _____ up a gas water heating _____?
_____ putting _____ a natural-gas-powered _____ tank _____ electrical specifications?
_____ are _____ a gas water _____ system?
I don't know _____ for installing a _____.
_____ you want to _____ necessities while installing a _____?
There _____ the installation _____ a gas water heaters.
_____ it necessary to _____ electrical requirements _____ water _____?
_____ there _____ information on _____ for installing a gas water _____?
_____ idea of the electrical needs _____ gas water _____ installation?
_____ much _____ is _____ for _____ gas _____ heaters?
_____ electrical _____ need to be _____ a gas heater?
_____ me _____ needs for a gas water _____ installation?
Can _____ me _____ power _____ install _____ gas _____ heating system?
I'd _____ to _____ criteria _____ setting _____ natural gas water Heater.
_____ much electricity _____ required to install _____ hot-water _____?
Do _____ have _____ requirements _____ my gas _____ unit?
_____ a gas-powered water _____ what _____ electrical demands?
_____ you _____ power requirements for installing _____ heating system?
Should _____ have electrical _____ my _____ heaters?
_____ gas _____ unit requires a _____ electricity setup?
_____ you _____ description of the _____ needs for _____ water heater _____ home?
Is _____ necessary _____ an electrical setup _____ install a _____?
_____ need _____ for _____ gas water heating?
Do you _____ information about _____ power requirements _____ installing _____ water _____?
_____ you _____ the _____ for _____ in a gas _____ heating device?
_____ electricians will I _____ install a _____ water _____?
Please tell me _____ the electrical _____ are for _____.
When _____ up a gas-powered _____ what _____ electric _____?

_____ specific electrical _____ up nat-gas water heating sys?
 _____ water heater _____ power?
 What electrical _____ a _____ water _____ device?
 How _____ electricity _____ for a _____ heater in _____ house?
 Need to know the _____ a natural-gas _____ system.
 _____ electrical demands _____ a _____ heaters
 The electrical requirements _____ installing _____ gas water _____ home _____.
 _____ electrical setup is needed _____ install _____ gas water _____ in _____?
 Are _____ electric needs _____ a gas _____?
 _____ electrical _____ of _____ water heating system?
 I don't know how much _____ gas _____ here.
 I'd _____ to _____ of installing a gas _____ tank.
 _____ want to know _____ needs _____ installing a _____ heater.
 _____ are _____ demands for _____ a gas _____ heating _____.
 _____ electrical specifications _____ placing a gas-based _____ water heater?
 Is _____ describe the _____ needs _____ a gas water _____ home?
 _____ give me some _____ the _____ criteria _____ up a _____ gas hot-water _____?
 When _____ a natural gas _____ what _____ the _____ demands?
 Do _____ have _____ of _____ needs _____ a gas water heaters _____?
 How _____ specific _____ for setting up _____ heating?
 _____ the electrical requirements for the installation _____ unit?
 _____ electrical _____ need to _____ met _____ order _____ get _____ heater?
 Can _____ tell me about _____ electric setup _____ heater?
 Is there an _____ gas water _____ at _____?
 _____ need to know _____ electrical criteria for setting _____ gas _____.
 _____ much _____ needed to set _____ water heating _____ in my _____?
 _____ to _____ hot-water units?
 Do you have _____ of the electrical requirements for _____?
 I'd _____ to know _____ needs for _____ gas _____ heater.
 _____ for gas water heating?
 _____ up nat-gas _____ heating _____ any _____ reqs?
 What _____ electric demands _____ up a _____ water _____?
 _____ it necessary to have _____ electric _____ order _____ in _____ gas water _____?
 How _____ power _____ to hook _____ a _____ heater here?
 _____ to learn _____ electric _____ while installing _____ system?
 _____ electric _____ for _____ gas _____ heater?
 _____ electrical setup is _____ in _____ to install _____ gas _____?
 Is it _____ me _____ criteria _____ up a natural _____ hot-water system?
 _____ it _____ for _____ water heating _____ to have _____ electricity _____?
 _____ am _____ sure _____ specifications _____ installing a gas water heater.
 How much _____ I _____ set _____ house _____ gas water boiler?
 _____ interested _____ learning the electrical needs of _____ a _____.
 How much _____ required for _____ gas water _____?
 _____ you need _____ on _____ while _____ gas-fired hot-water system?
 I want to know _____ electrical _____ gas _____ heater _____.
 _____ there _____ for gas water _____?
 What _____ the _____ order _____ install a _____ water heating _____?
 Which electrical setup is _____ install _____ gas _____ heating _____ in _____?
 _____ you _____ electrical setup _____ required _____ install a _____ water heating _____?
 The _____ of _____ a gas-powered water _____ at _____

How _____ to install a _____ water _____ system?
 _____ you _____ an _____ about the electrical _____ a gas water _____?
 _____ power _____ needed for my home's _____ water _____?
 How _____ I _____ what electrical _____ required to _____ gas _____ heater?
 Is there _____ need for _____ home's _____ heater?
 _____ you _____ the electrical criteria _____ setting _____ natural _____ water _____ in _____ house?
 Please _____ the necessary electrical specifications _____ a gas-based _____ water _____?
 _____ you know _____ the _____ demands _____ when _____ a _____ heater?
 _____ electric needs for gas _____?
 What is _____ for installing _____ heating system in _____ home?
 _____ electricity is required for _____ a _____ water _____ unit _____ the _____?
 _____ know the electrical demands of installing _____?
 What electrical _____ are _____ a _____ heater?
 _____ much _____ is needed to install _____ water _____?
 Tell _____ the electric _____ a _____ water Heaters.
 _____ there an _____ demand for installing _____ heater?
 _____ you tell me more _____ a _____ water heater?
 Do _____ any _____ on the electrical requirements _____ a _____ hot-water _____?
 Power _____ the home's _____ water _____?
 I want _____ electrical _____ installing _____ hot water tank.
 Is _____ when _____ up the nat-gas _____ heating system?
 _____ setting up _____ water heating _____ house, what type _____ wiring _____ needed?
 _____ electrical demands _____ gas-powered _____ appliance?
 Do I _____ gas water heating?
 When _____ gas _____ heating _____ what electricity _____ are there?
 How much electricity _____ necessary _____ a _____ water heaters?
 _____ the electric setup _____ a gas water _____ at _____?
 Is _____ any _____ on _____ power _____ gas _____ heating?
 _____ you _____ me _____ details _____ the _____ requirements for _____ gas water _____?
 I want _____ know _____ of _____ gas _____ tank.
 _____ the _____ electrical needs for _____ gas _____ heaters?
 How _____ is required to _____ in my house?
 _____ you give _____ a _____ needs for _____ gas _____ heaters installation?
 _____ are electrical requirements _____ installing _____ gas water _____ in _____.
 How much power _____ need _____ a _____ heating system?
 Is _____ any electric _____ I should consider _____ a domestic _____?
 _____ setup is _____ to _____ a gas _____ Heater in _____?
 For a domestic _____ heater installation, _____ should I _____?
 _____ residential hot-water tank, required _____ specifications?
 When _____ up _____ gas-powered water heating _____ what _____ the _____?
 _____ there _____ electrical _____ for my _____ water _____?
 _____ electric demands when _____ up a gas-powered water _____?
 Is _____ electric requirements _____ to consider _____ installing _____ domestic _____ heater?
 Please _____ on the _____ requirements for _____ water _____ system.
 _____ know _____ the _____ are for _____ gas _____ heating system.
 Is _____ a _____ electric requirement to put _____ heater?
 The electrical _____ installing _____ gas _____ in _____ home.
 _____ putting in _____ residential hot-water tank _____ be _____ specifications?
 What electric _____ is needed to _____ heater?
 _____ electrical demands for _____ natural-gas water _____ should be _____.

_____ you provide _____ with the _____ requirements _____ a gas _____?
 _____ to know _____ about _____ installing a gas-fired _____ system?
 What are the _____ for my _____ water _____?
 I want _____ power _____ for _____ water heaters.
 Please advise, _____ for a _____ residential water Heater?
 Can _____ give me some _____ power _____ for a gas _____?
 What should _____ specifications _____ for _____ natural-gas-powered _____ tank?
 _____ needs for a gas water _____.
 _____ electrical specifications _____ to _____ get a gas heater?
 Do you know _____ needed before installing _____ residential water _____?
 _____ like _____ electrical _____ are for _____ a gas hot-water tank.
 What _____ of _____ is needed to install _____ Heaters _____ house?
 _____ a question _____ domestic gas heater installation.
 How much power would _____ up my house with _____ heating _____?
 _____ you want _____ know about _____ as you _____ gas-fired hot-water _____?
 Do _____ electric specifications to _____ a _____ water _____?
 What are the electrical _____ water heat in _____?
 _____ much _____ you need _____ gas water _____ device?
 When _____ gas-powered water _____ what are the _____?
 I _____ needed for a gas water heater.
 _____ it the electrical _____ of _____ gas-powered water _____?
 _____ electrical specifications _____ required to _____ heater?
 I am _____ about _____ for setting up a _____ heater.
 _____ gas water heating _____ information?
 What amount _____ power do _____ to _____ up _____ water heating _____?
 _____ you _____ any _____ on the electrical needs _____ a _____ heating _____?
 Do _____ what the _____ electric demands _____ for a _____?
 _____ to know _____ power _____ for installing _____ water heaters.
 _____ electrical _____ for _____ gas water _____?
 _____ would like to _____ electrical _____ for _____ a natural gas _____ system.
 How much _____ would _____ take to _____ my _____ a _____ gas water _____?
 Tell me _____ electric specifications for _____ a _____.
 Is it _____ for electrical _____ for my _____?
 _____ like to know the _____ installing _____ gas _____ heater.
 Do _____ how much power is _____ install _____ water heater _____?
 _____ don't _____ if I _____ any _____ electric _____ gas water Heaters.
 _____ electrical system _____ needed _____ install _____ gas water heating _____ house?
 Can you _____ me _____ electric _____ for _____ a natural gas _____ hot-water _____?
 Is there _____ a gas water _____ setup?
 _____ want _____ know _____ criteria for _____ up _____ natural gas _____ Heater in _____.
 Want _____ know _____ electrical demands _____ gas water _____ system.
 _____ you _____ on electric _____ installing a gas-fired hot-water _____?
 Tell me _____ electric specifications are _____ heating appliance.
 What electrical requirements _____ install _____ gas _____ heater _____ home?
 The electrical _____ gas _____?
 I _____ to _____ electrical requirements _____ a gas _____.
 What _____ requirements apply _____ water _____?
 _____ you give an _____ electrical needs _____ installation of a _____ water _____?
 I'm confused about _____ electrical _____ for _____ gas _____.
 _____ electrical criteria for setting up a _____ system?

____ I ____ to ____ specific ____ requirements for ____ gas water ____?
 I'd ____ to ____ electrical needs for ____ gas hot-water ____.
 When ____ gas water heating system, what ____ demands?
 I ____ what ____ power needs are ____ water heaters.
 ____ it ____ to outline the ____ for ____ gas water ____ installation ____?
 ____ curious ____ electrical needs of installing ____ gas hot-water ____.
 What are ____ electrics ____ I ____ to install ____ heater?
 Do ____ an idea about the ____ needs ____ a ____ installation?
 How much ____ to install gas ____?
 Please advise, what ____ requirements for ____ gas-based residential ____?
 Are ____ electric ____ water heaters ____ home?
 How much ____ my home's gas water ____?
 ____ you ____ us ____ requirements ____ a gas ____ heater?
 ____ me the electric specifications ____ a ____ water ____.
 What ____ electrical ____ for ____ a ____ water ____ in ____ house?
 Want to know the ____ a natural-gas ____?
 I ____ if ____ specific ____ requirements for a gas ____.
 What ____ the electric requirements for ____?
 ____ is ____ my house ____ a gas water heater?
 ____ you tell me about ____ requirements ____ a ____ heater?
 Do ____ need ____ for ____ gas ____ heater?
 I ____ know how much ____ need to hook ____ water ____.
 ____ you ____ for a household natural-gas water ____ system?
 ____ don't know ____ much ____ I ____ to ____ a ____ water heaters ____.
 ____ much ____ do you need ____ water heating system?
 ____ electrical demands ____ a ____ water heater at ____?
 What ____ electrical ____ required to install ____ water heater ____ my ____?
 Can you give ____ of the ____ for ____ natural ____ hot-water ____?
 Is there any specific ____ up nat-gas ____?
 ____ there a required ____ gas water heating unit?
 ____ don't know what ____ wattage ____ with a gas water heater.
 Can ____ tell ____ about ____ needs for the ____ a gas ____?
 What is the electrical ____ to install ____ gas ____?
 Do you need ____ setup ____ a gas water ____?
 ____ me the electrical criteria for installing a ____ gas ____?
 How much ____ needed ____ set ____ a gas ____ heating system ____?
 ____ I know ____ for installing a ____ water heater?
 Do ____ any electric ____ installing ____ gas water ____?
 Do I need ____ requirements for ____ water ____?
 ____ what electrical specifications are ____ for ____ gas-based ____ heater?
 Is ____ tell ____ about the power requirements ____ putting ____ gas ____ heater?
 ____ is ____ for a ____ water ____ system in my ____?
 Can ____ give me ____ description ____ electrical needs ____ a ____ water ____?
 Is ____ requirements for ____ gas ____ heater?
 ____ are ____ demands of installing a ____ water ____?
 ____ the ____ electric ____ when ____ up ____ gas-powered water Heater?
 There ____ electric specifications ____ install a gas ____ my ____.
 ____ know the power requirements for putting ____ Heaters.
 ____ it required ____ to ____ electric requirements ____ a ____ water heater?
 Please ____ electrical specifications ____ a gas-based residential ____ heater.

How _____ electricity is _____ to _____ a _____ heater in _____ ?
_____ there _____ specific _____ for putting in _____ gas _____ Heater?
What _____ to install _____ water heating system?
_____ you tell me what the _____ needs _____ for _____ gas _____ ?
_____ electrical requirements are involved _____ gas _____ ?
_____ there a specific _____ requirement _____ gas water _____ ?
How do I know _____ electrical needs _____ tank?
_____ it _____ give me specific _____ gas water heater?
Please tell me _____ for a gas-based _____ water _____ .
Please _____ me _____ the electrical _____ for a _____ residential water _____ .
What electrical setup _____ required to _____ gas _____ ?
I _____ to know _____ for a _____ heating device.
Please _____ me what _____ electrical _____ for _____ a _____ residential _____ heater.
Are _____ electrical _____ for _____ water _____ ?
Want _____ the _____ for _____ household natural-gas _____ heating system.
Gas _____ heaters _____ home _____ electrical _____ information?
_____ a _____ for the _____ water heater?
When _____ up a _____ water Heater what _____ essential _____ ?
How _____ power _____ needed _____ gas water heater?
Is there _____ electrical _____ up _____ nat-gas _____ heating system?
_____ wondering what the _____ needs _____ installing _____ gas _____ heater.
_____ would _____ to know _____ electrical criteria _____ a _____ gas water _____ .
_____ to _____ about _____ necessities while installing _____ gas _____ hot-water system?
_____ know about _____ electrical _____ of _____ a gas-powered _____ heater?
What is it _____ an _____ setup _____ install _____ heating system?
_____ electrical requirements _____ gas water cooker?
_____ electrical need for _____ gas water _____ at home?
_____ there _____ needs for gas water _____ home?
_____ you _____ specifications are required _____ a gas-based _____ water _____ ?
Know the _____ fitting a natural-gas _____ heating _____ .
_____ electrical _____ a _____ residential hot-water _____ ?
Can _____ tell _____ the power requirements _____ a gas _____ house?
I want to know _____ for _____ a _____ water _____ .
_____ of wiring do _____ the _____ heating system _____ my house?
I need _____ know the electrical requirements _____ installing _____ .
What is the _____ electrical _____ for _____ gas _____ heater?
_____ any electrical _____ a _____ water heating device?
When _____ up _____ gas-powered water _____ are the _____ demands?
_____ know what the power _____ are for putting _____ gas _____ .
_____ power _____ need for a gas water _____ ?
_____ power _____ I _____ to _____ up _____ house _____ a gas _____ heater?
What are the _____ for _____ a _____ heating _____ ?
_____ an electric _____ putting in _____ water heater?
_____ the _____ demands _____ when installing a natural _____ system?
Do _____ the electrical demands of _____ natural-gas _____ heating _____ ?
_____ the electrical requirements _____ for installing _____ gas hot-water tank.
_____ me what electrical specifications _____ needed _____ placing _____ residential _____ heater.
_____ much power _____ I need _____ water heating?
What electrical setup is _____ to _____ a _____ house?
What _____ is needed _____ house to have _____ heating system?

_____ you _____ electric specifications _____ a _____ water heater?

Know _____ for _____ a _____ water heating system.

_____ you _____ the _____ are for _____ up a gas-powered water _____?

What _____ the _____ for a _____ heating installation?

_____ much power _____ to need _____ hook _____ gas water _____ here?

_____ tell _____ are needed _____ a gas-based residential water heater.

_____ there _____ to be _____ specifications for _____ residential _____ tank?

_____ the electric _____ setting up a natural _____ system.

When setting up a gas _____ what _____ the _____?

_____ of electrical setup _____ required to install a _____ water _____ system _____?

Is there any electrical _____ my _____ water _____?

_____ are needed for a gas-based residential _____ heater.

_____ need _____ what the _____ are for _____ gas water _____.

Do I _____ specific _____ requirement _____ gas water _____ device?

_____ am _____ to figure out _____ needs for installing _____ tank.

_____ is the power requirement _____ my _____ heating?

_____ to find _____ how _____ power _____ needed _____ set up my _____ with _____ heating system.

Where _____ electrical _____ setting up _____ nat-gas _____ heating system?

Is _____ necessary _____ electricity in the _____ for _____ gas water _____ unit?

_____ can _____ a _____ water heating _____ inside of _____ house?

What _____ of _____ is _____ for _____ a gas _____ heating _____ my _____?

I want _____ electrical _____ for _____ a natural _____ water _____ system.

I _____ like to know _____ for a _____ water _____.

How much _____ home's gas _____ heater?

What _____ the electrical requirements _____ a home?

Can you tell _____ the _____ a _____ water Heater?

The _____ demands for fitting _____ natural-gas water _____ unknown.

_____ any details _____ power _____ putting in a _____ water heater?

Do you _____ specifications _____ a _____ water _____ system?

_____ you _____ me what the power needs _____ for _____ heating _____?

_____ you know what the _____ is _____ water _____ device?

I _____ know the electrical criteria _____ up _____ gas _____ appliance.

_____ gas water heating _____ inside my _____ certain types of _____.

_____ have _____ idea of the electrical _____ water heating installation.

_____ on the electrical _____ for _____ a gas-based _____ water _____.

What _____ the electrical _____ for a _____ appliance?

Do _____ about _____ electrical demands of installing a _____?

_____ to know how _____ is _____ to _____ house with _____ new gas water heater.

_____ much _____ a gas _____ need?
