

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Technical troubleshooting and support
Inquiry Sub-Category	Equipment Installation
Description	Customer queries regarding the proper installation of telecommunication equipment, including troubleshooting during setup and connecting devices.
Data Size	8,297 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

____ ____ ____ or affect other areas/components ____ our ____ structure?
 ____ that mishaps might ____ the surrounding ____ ____.
 Will the other parts ____ network ____ ____?
 ____ incorrect ____ damage ____ the network?
 Can damage ____ poor ____ spread ____ other ____ network?
 ____ cause other parts of the system ____ ____?
 ____ it possible ____ could ____ widespread ____ on our network ____?
 ____ chance that misconfiguring could ____ network infrastructures?
 Can ____ management ____ disruptions ____ parts of ____ network system?
 ____ can ____ our network ____
 ____ damage ____ other parts of ____ network ____?
 ____ up affect the rest ____ network?
 ____ there a ____ misconfiguring ____ cause widespread effects ____ infrastructure?
 ____ the ____ rest of the network?
 ____ the rest of our ____ be damaged.
 Is ____ mishandled/misconfiguration of ____ to ____ other components ____ network?
 Is the ____ of ____ our ____ problem?
 ____ to connected network sections ____ possibility.
 ____ affect other parts ____ the network?
 The broader context ____ be impacted by ____ improperconfiguration of ____.
 Damage ____ can ____ spread within ____ network ____.
 Is it possible ____ behavior ____ impact ____ network ____?
 Could ____ segments ____ the network?
 ____ it possible that the ____ impacts ____ network?
 Failing to ____ trouble on ____ rest of the ____.
 ____ there ____ to the ____ our network system ____ improper ____?
 Is it possible for the ____ to ____ harmed ____ through ____ ____?
 ____ handling ____ the ____ to ____ our system?
 ____ network structure in danger ____ ____?

Errors ____ configuring ____ network could have ____ of our system.

Will it ____ network areas ____?

____ an ____ disrupt ____ network parts?

____ configuration going to ____ whole network ____?

Would ____ other ____ of our ____?

____ it possible that damage ____ areas ____ network structure.

Damage ____ disruptions from ____ can spread ____ different areas ____ system.

Would ____ damaged by carelessness?

____ this ____ problem with the rest ____ the ____?

If ____ parts ____ our ____ are messed up, ____ us?

____ handling cause damage ____ in the system?

____ our ____ affect other parts of ____ system.

Is ____ stuff ____ network a ____?

____ there ____ chance ____ to ____ of errors in handling and configuration?

Is ____ possible that ____ other network components?

Will ____ compromise the rest of ____ network ____?

Failing to handle ____ cause ____ rest ____ the setup.

____ the ____ of the network ____ vulnerable to ____?

____ to disrupt the other ____?

Is ____ mishandling/misconfiguration of ____ going ____ have an ____ on ____?

Does incorrect ____ have the ____ to ____ our ____?

Bad management could ____.

Handling/misconfiguring can ____ structure.

Is ____ that ____ around may hurt ____ parts ____?

Potential for ____ on ____ of ____ if ____ handle/configuration ____.

____ it ____ could cause ____ network parts to malfunction?

____ poor configuration ____ network ____?

Do ____ that ____ stuff ____ damage our network?

____ disrupting other ____ parts ____?

____ this a ____ rest of ____ network?

May ____ parts ____ the ____?

Can the ____ elements affect the network ____?

Is it possible ____ around could cause ____ the ____?

Does incorrect ____ parts ____ the ____ to ____ disturbed?

Can ____ configuration ____ to other ____?

____ the rest ____ the network.

____ harm our network setup?

Failing ____ correctly could ____ on the ____ the setup.

____ for ____ in handling and configuration to cause ____ parts ____ network?

Is ____ a ____ misconfiguration ____ effects on our infrastructure?

Is the mishandled/misconfiguration of certain ____ going ____ an ____ the ____?

Can ____ network structure ____ by ____?

Does ____ to ____ harm?

____ occur to the ____ the network ____ it ____ mishandled.

____ could affect ____ sections of ____.

____ setup ____ hurt ____ network.

____ potentially harm ____ the ____ structure?

____ configuration have an impact ____ network?

____ on the ____ setup ____ Failing to handle/configure right.

You ____ messing up things ____ our network ____ ruin ____?

Is it _____ our network _____ be harmed _____ errors _____ and _____?

Can _____ mishandled setup _____ other _____ sections _____ harmed?

Is it possible _____ configuration _____ cause _____ the networking _____?

Is there _____ that _____ in _____ to our networking setup?

Is _____ up here going _____ network _____?

Is it possible for _____ to be _____ through _____ handling _____?

Is faulty management _____ our _____.

_____ possible that _____ will _____ damage to our _____ setup.

_____ up _____ parts of _____

_____ to _____ network parts?

Is _____ possible _____ affect _____ areas _____ the _____?

_____ the _____ of the network at _____ by _____?

_____ a chance _____ wrong _____ could hurt _____ of _____ network?

Is _____ rest of our _____ system _____ risk _____?

Is it possible _____ network _____ have widespread _____?

Is _____ possible that _____ affect _____ network _____.

Is there _____ risk _____ the _____ because of _____?

_____ rest _____ the network _____ occur _____ handled wrong.

_____ may _____ some parts _____ the _____

How might _____ other parts _____?

Damage _____ to additional _____ our networking setup.

_____ it possible _____ messing _____ could _____ the _____ network _____?

There _____ a chance that a _____ one area _____ the _____.

Errors _____ configuring _____ could _____ negative effect on other _____.

Is there a _____ could affect _____ network _____?

_____ one _____ handling _____ parts of _____ network?

Is the _____ elements _____ affect _____ network?

Is it _____ improper _____ cause _____ or impact parts _____ setup?

Damage to _____ of the _____ is _____.

_____ network _____ might _____ affected by _____ management.

Is _____ possible _____ negligent _____ hurt other _____?

_____ messing up other _____ our _____ hurt _____ impact _____ network?

Misconfiguration could affect _____ network.

Can _____ harm our _____?

_____ there a _____ harming _____ adjacent _____ within the network due to handling _____?

_____ it _____ that _____ could _____ a risk to _____ rest of _____?

Damage _____ be caused _____ poor _____ within the network _____.

Can one _____ other parts of _____?

_____ of the _____ be affected?

_____ possible _____ around could cause other network parts _____?

Is there _____ or impact _____ network _____ because of improper _____?

Could it possibly _____ in _____ network _____?

_____ there a possibility of _____ to _____ in _____ networking _____?

There _____ a _____ misconfiguring _____ the network infrastructure.

Can a mishandled _____ cause _____ network sections _____?

Is _____ management _____ the _____?

Is _____ or impact _____ other sections _____ setup?

Is _____ possible _____ surrounding links?

Will this _____ rest _____ network?

_____ messing with _____ parts _____ our _____ affect other _____?

Damage to additional areas/components _____ is _____.
 _____ misconfiguration harm _____?
 _____ rest of _____ system _____ risk due to _____?
 _____ possible that other _____ parts might be _____?
 _____ improper _____ a _____ to the _____ network _____?
 _____ our network structure?
 _____ if damage _____ affect other _____ of _____ structure.
 Errors _____ network _____ effects on other _____ of the _____
 Is messing _____ network _____ going to _____ damage?
 wrong _____ hurt our _____
 Is _____ possible _____ the _____ affect other _____ the network?
 How _____ rest of _____ network setup?
 Is _____ possibility of _____ of the network?
 Will _____ affect _____ parts of _____?
 _____ handling a threat _____ other parts of _____?
 _____ network _____ messed up _____ not _____ up correctly?
 _____ poor _____ network systems?
 Will wrong setup _____ of _____?
 _____ incorrect _____ potential _____ affect other parts of the _____?
 Is the network _____ mishandled/misconfiguring damage _____ other _____?
 _____ there a _____ that misconfiguring _____ network infrastructure?
 Is _____ risk _____ rest of the system?
 _____ the mishandled/misconfiguration of certain _____ affect the _____?
 Is _____ handling poses _____ to _____ of the _____?
 Will messing up _____ of the network _____?
 _____ incorrect _____ the _____ affect other parts of _____ system?
 Is _____ that the damage could _____ parts _____ network?
 Would misconfigurations _____ network structure?
 _____ mistakes can be _____ the _____.
 Errors in configuring _____ be _____ parts of _____ system
 _____ it possible that _____ could influence _____ linked _____?
 _____ handling _____ parts in the _____?
 Should _____ our whole _____?
 _____ there _____ that misconfiguring could affect _____?
 _____ structure can _____ it.
 _____ messing up _____ of _____ network _____ an impact?
 Failing _____ handle _____ havoc _____ the rest of setup.
 Damage to _____ of our network _____ handled _____.
 Do _____ would hurt adjacent _____ the _____ structure?
 _____ possible for _____ in _____ to cause harm to other _____ our _____?
 _____ affect _____ of our network?
 Is it possible that _____ the network?
 _____ it possible that messing _____ network _____ too?
 _____ network _____ caused _____ structure mishandling?
 Is the _____ of _____ network system _____ due _____ improper _____.
 _____ adjacent _____ in the _____ structure?
 Damage _____ can _____ to different areas _____ the _____ system
 Will messing _____ mess _____ setup?
 _____ that messed up stuff on _____ network _____ else?
 _____ network _____ be affected by _____.

Is it possible that _____ of the network?
 _____ segments _____ our network be _____ by _____?
 _____ management _____ the network structure
 _____ configuring our network _____ lead _____ on _____ of the system

Wrong setup _____ the _____.

Is _____ handling to hurt other _____ of the _____?

Do _____ think _____ up stuff will _____ network?
 _____ configurations _____ to _____ problems in _____ rest of the _____?
 _____ messing with our _____ harm _____?

Is _____ possible _____ other network components _____ affected _____?

Can _____ components _____ the broader _____ of the network?
 _____ if you _____ parts?

Was misconfiguring possible to _____ network?
 _____ that reckless behavior _____ other _____ components?
 _____ improper handling _____ other _____ the _____?

Is it _____ misconfigurations _____ affect _____ network _____?
 _____ result _____ damage to other _____ of _____ network?
 _____ handling/configuration affect _____ parts of _____ network _____?

Damage from _____ management _____ the _____ system.

Is it _____ have widespread effects _____ the network _____?

Is _____ configurations _____ to cause _____ in _____ network?
 _____ it possible that other _____ network _____ be _____?

Is it _____ that negligent _____ network _____.

Is _____ handling a _____ parts _____ the system?
 _____ it possible that carelessness _____ network _____?

Wrong setup could _____ consequences for _____ of _____.

Will the _____ if handled _____?
 _____ would _____ affect our _____?

Will it _____ areas _____ mishandled _____?

Do you think _____ network _____ ruin everything else?
 _____ the mishandled elements affect _____ within _____?
 _____ network structure _____ misconfiguring damage?

Is it _____ that _____ on other _____ components?

Damage or _____ can _____ poor _____ our network system.

Can _____ misconfiguration _____ elements _____ broader context _____ network?

Is _____ management _____ overall network _____?

Errors in _____ could have _____ effect on other _____ of _____.

It's a _____ messing _____ might ruin _____ network _____.

A mistake in _____ could _____.

Can _____ parts of the _____ or _____ us?

Is _____ possible _____ other _____ of the _____ messed _____ by not _____ correctly?
 how about _____ network _____?

Can _____ disrupt _____ network parts?

Is _____ that they _____ other _____?
 _____ is _____ for damage to _____ connected _____ sections.

Can _____ harm _____ structure?
 _____ poor configuration have _____ network system?

There is _____ to our network _____ improper _____.

Can other _____ the _____ messed _____ by not _____ correctly?
 _____ to the _____ of the network?

Is _____ having an _____ on _____ structure?

Will _____ up _____ disrupt _____ rest _____ our network _____?

Does _____ configurations _____ elsewhere in _____ framework?

Poor management _____ cause _____ or disruptions _____ our _____.

_____ there _____ chance that _____ have _____ impact on _____ network _____?

Damage _____ poor _____ can _____ different areas of _____ network _____.

Can misconfiguring hurt _____.

Is _____ our network?

_____ that incorrect _____ damage the system?

_____ messing _____ other parts of _____ us?

Incorrect _____ our network.

Damage to _____ of _____ networking setup _____ be _____ incorrect configuration.

Is _____ that messing _____ might _____ other network _____?

_____ damage _____ other areas _____ our network _____.

_____ possible that _____ could _____ impact on our _____ infrastructure?

_____ this impact _____ the _____ structure?

_____ it _____ to impact _____ our network structure.

_____ up _____ parts _____ our _____ bad _____ the network?

Is _____ our structure leads _____ network-wide _____?

Is _____ mishandled/misconfiguration _____ certain _____ the larger network?

Can _____ wrong _____ hurt _____?

_____ the _____ setup _____ network?

_____ differing parts of _____ system.

Is the rest _____ our _____ risk due _____?

_____ chance for _____ of setup if you fail _____ handle/configure _____.

_____ that _____ around could lead _____ other _____ problems?

There is _____ chance _____ mistake _____ one area _____ affect _____ entire _____.

Can _____ damage _____ network?

Is it _____ that misconfiguring _____ jeopardize or _____?

_____ poor _____ going _____ have _____ impact _____ our network?

There _____ a _____ that a mistake _____ one area _____ mess _____.

_____ setup _____ harm the _____ network.

_____ the mistaken _____ network?

Is _____ a _____ that _____ affect _____ infrastructure.

It could _____ network _____ if _____.

Failing to handle/configure _____ havoc on the _____ setup, _____?

Would _____ other _____ of the _____?

_____ improper _____ present risks to _____ parts of _____?

Errors in _____ network could _____.

_____ misconfiguration of _____ affect components in the _____ network?

_____ network structure _____ by _____ with it?

_____ the network system _____ improper _____?

What impact could _____ have _____ network _____?

Could _____ sections of our _____?

Is _____ might affect the _____ linked nodes?

_____ there _____ or impact on _____ network setup _____ improper handling?

_____ affecting other _____ our network structure?

_____ may cause harm _____ the rest _____ network.

_____ management could affect _____ structure.

Is _____ improper handling _____ configuration to _____ other _____ our network _____?

Would _____ of _____ network structure?
mishandling _____ setup _____ harm _____ network _____.
Wrong _____ lead _____ damage elsewhere _____ the _____.
Would _____ of our _____ by mismanagement?
The setup may _____ network.
Can incorrect _____ elsewhere in _____?
Is _____ possible _____ around could ruin _____ of _____ network?
_____ damage could affect parts _____ the network _____.
_____ come _____ poor _____ within _____ network system.
_____ our network _____ be _____ by _____?
Mistakes _____ while managing configurations _____ in the networking _____?
Will _____ up other _____ network hurt _____ network?
_____ handling/misconfiguring _____ parts of _____ network?
_____ misconfiguring _____ parts of _____ network?
_____ negligent behavior _____ for other _____?
Can _____ setup _____ network?
faulty _____ affect the _____ network _____.
_____ possible _____ might influence _____ surrounding links?
Will _____ poor _____ our _____?
_____ handling a problem _____ our _____?
Is it possible that messing _____ affect _____ the _____?
_____ damage affect _____ areas _____ network structure?
Is improper _____ for _____ parts of the _____?
Incorrect configuration _____ damages _____ in _____.
_____ messing _____ affect the rest of _____?
Can _____ the network?
What _____ happen if _____ of our _____ were _____ up?
_____ bad for _____ components?
There is _____ that _____ could _____ the _____ the network.
Is it possible _____ can affect _____?
There's _____ chance that _____ mistake could _____ the _____.
Can incorrect configuration _____ in the _____?
Is it _____ errors _____ handling our _____ affect _____ parts of _____?
_____ mistake setup cause _____ our _____?
Will _____ here _____ network?
_____ mismanagement affect other sections _____?
_____ a problem elsewhere in the _____?
Would _____ compromise _____ our network?
_____ may _____ different _____ the system.
_____ improper handling causing _____ other parts _____ the _____?
_____ there _____ improper _____ in other parts of the _____?
mishandling would _____ to other parts _____ network.
_____ a risk _____ other parts _____ the system?
_____ incorrect configuration _____ network?
_____ to neighboring _____ fragments could _____.
Is _____ a mishandled setup _____ other _____ sections?
_____ havoc on rest _____ if you _____ to handle/configuration _____.
_____ configuring our _____ be bad for _____ parts _____ system.
_____ configuration will _____ on our _____ system.
_____ impact other parts _____ the _____?

The failure _____ could _____ on the rest of _____.

Will _____ messing _____ rest _____ network?

_____ the network _____ be _____ nearby areas?

How _____ the _____ structure _____ affected _____ mishandled _____?

_____ possible that _____ actions negatively impact _____ network _____?

_____ to adjacent areas _____ the network structure?

Is _____ handling _____ our network _____?

_____ potentially _____ the _____ structure?

There is a _____ that _____ could _____ network infrastructure.

There _____ to _____ rest of the network.

Could a _____ in one _____ mess _____ the _____?

_____ our _____ could _____ bad effects on other _____ of the _____.

Can _____ setup _____ network?

_____ possible that _____ handling can hurt or _____ network setup?

Can _____ misconfiguration _____ have _____ impact on the broader _____ of _____?

Could _____ segments of _____ network?

Is there _____ possibility _____ damage to _____ our networking _____?

_____ from poor management can _____ the _____ system.

It's _____ that _____ handling _____ ruin _____.

_____ messing up here _____ us problems _____ setup?

Is _____ possible _____ messing around _____ network parts?

_____ broader context _____ can be impacted _____ of elements.

_____ there any risk of _____ to _____ parts of _____ network _____?

Did _____ our network?

Was improper _____ a risk to _____ rest _____?

_____ possible _____ to be harmed _____ by _____ in configuration and handling?

Is there any _____ of our networking setup?

_____ a _____ configuration impact _____ system?

Does messing up _____ our _____ hurt or impact _____?

_____ it possible _____ hurt _____ parts of the network?

Does incorrect _____ potential _____ our system?

Would _____ be problems _____ framework if _____ were _____ in managing _____?

Can _____ parts of the _____ hurt _____?

Possible damage to _____ of _____ a possibility.

_____ it _____ network areas _____ poorly?

There _____ chance _____ mess in one _____ with the network.

_____ a risk for _____ of _____ network system?

_____ could hurt other network _____.

_____ to our _____ setup might _____ of incorrect _____.

_____ possible for improper _____ to _____ harm _____ other parts of _____?

_____ it _____ around may _____ other network parts _____ down?

Will this mess _____ network?

_____ it _____ that _____ damage could affect _____ the _____ structure?

_____ miscalculation _____ our _____ structure?

Is _____ possible that _____ damage _____ affect other _____ network?

mishandling could _____ to other parts _____ network.

_____ improper handling posing problems _____ the system?

_____ chance of _____ disrupting the adjacent parts _____ network?

_____ handle/configure _____ can _____ havoc with the _____ of _____ setup.

_____ there _____ and other parts of the _____ setup?

_____ to _____ right _____ potentially cause _____ on _____ of setup.

Is it possible _____ messing _____ might cause _____ parts _____?

_____ elsewhere _____ our _____ be _____ by incorrect configuration.

Misconfiguration would _____ segments of _____.

_____ possibility that _____ could affect our _____.

Failing to _____ cause _____ on the rest _____ setup.

_____ affect other segments _____ our _____?

_____ it _____ that _____ lead to _____ damage to our _____ setup?

_____ it _____ areas in the _____ if _____ were mishandled?

_____ true that messing up _____ our _____ ruin it?

_____ managing configurations _____ problems _____ in _____ networking framework?

_____ may _____ to _____ rest of _____ network _____ wrong.

_____ the _____ be harmed _____ misconfiguration?

Are _____ messing _____ ruin everything else on the _____?

Failing to handle/configuration right _____ lead _____ on _____ of _____.

_____ incorrect _____ our network?

Do you _____ up _____ network can _____ it?

_____ may _____ the rest of _____

Wrong setup _____ network.

The rest _____ our _____ may be _____ from improper _____.

Will _____ affect the rest _____ our network _____?

Failing _____ handle/configure _____ could _____ on _____ of setup

The _____ context of _____ network can be impacted _____ misconfiguration _____.

_____ compromising _____ segments of the _____?

_____ wrong configuration lead _____ other _____?

_____ wreck certain _____ of _____ system.

_____ an _____ mishandling affect _____ of the _____?

_____ affect other _____ of _____ network?

There's _____ chance _____ mistake in one _____ could ruin _____.

_____ misconfiguring _____ our _____ affect _____ sections?

_____ configuration _____ our _____ system.

Damage can be _____ from _____ management to _____ within _____.

Would misconfiguring _____ the network _____ cause damage?

_____ saying that messing _____ stuff can ruin _____?

_____ incorrect handling _____ potential _____ damage other _____ our system?

_____ it _____ carelessness affects network _____?

_____ our network structure?

Can _____ network _____ by mishandling?

Does _____ handling mess with other _____?

_____ improper _____ pose a _____ for other _____ of _____?

Is _____ that _____ affect other network components?

_____ network section _____ harmed by _____ mishandled _____?

Does _____ other _____ the _____ hurt us?

Would any _____ affect _____ network?

_____ damage _____ rest of _____ network.

Would the _____ structure _____ harmed _____ mishandled _____?

_____ in _____ our _____ affect other _____ the system?

Is it possible that _____ configuration will _____ damage _____?

_____ this compromise _____ of our _____?

Is incorrect _____ of _____ our network?

____ impact would ____ on ____ parts of ____ network?
 ____ messing up ____ parts ____ network ____?
 Can misconfiguring ____ the ____?
 ____ it ____ others ____ areas if ____?
 ____ impact other ____ of our ____?
 Is it possible ____ messing ____ can ____ other ____?
 ____ true that messing ____ stuff can ____ network?
 Would ____ cause damage to other parts ____?
 ____ a mistake that messes ____ the ____ network.
 Damage ____ to ____ spread to different ____ the ____ system.
 Would ____ configuring ____ parts of ____?
 Is ____ chance that ____ happen ____ our network ____?
 Is ____ likely to hurt other ____?
 ____ affecting the ____ of the ____ system?
 ____ this jeopardize other ____ our ____?
 I ____ a ____ one area could ____ with ____ network.
 Can incorrect configuration ____ network?
 ____ right is potential for ____ rest of setup.
 Is it possible that ____ around ____ screw ____ network?
 Poor configuration ____ our ____ network ____.
 Would ____ areas in ____ network ____ to mishandled?
 Is one area's handling ____ other ____?
 Is ____ network ____ to be affected ____ poor ____?
 ____ damage ____ by ____ management spread ____ areas of the ____?
 Can ____ our ____ structure?
 Does a ____ network sections?
 Would ____ affect ____ of the ____?
 Shouldn't mismanagement ____ other ____ network ____?
 Will ____ mishandled/misconfiguration ____ certain elements impact ____ context ____ network?
 ____ configuration going ____ the ____ system?
 Is ____ up ____ of our network ____ impact?
 ____ messing up ____ affect ____ of our ____?
 Poor ____ have an ____ the ____ system.
 ____ incorrect ____ have the ____ to hurt other parts ____?
 ____ the ____ network is mishandled, could ____ occur?
 ____ possible that ____ could ____ of our network setup?
 Will ____ up here change ____ of ____ network ____?
 ____ disrupt ____ network parts?
 Can messing up ____ of the ____ other ____?
 Do ____ could disrupt ____ network ____?
 Will ____ of ____ network be ____ this?
 ____ configuration ____ of damages in ____ network?
 Is ____ posing a threat ____ other ____ the ____?
 ____ one ____ could have a big impact ____ network.
 Is ____ posing risk ____ other ____ the system?
 Poor configuration can affect ____.
 Will ____ messing up mess with ____ rest ____?
 How ____ mishandled setup ____ sections?
 Is it ____ for the network ____ handling and configuration?
 Is ____ that ____ around ____ trouble for the network?

_____ structure may be _____ management.
 _____ the misconfiguration _____ our _____ in _____?
 Is _____ that carelessness _____ impacts other components _____?
 Is it possible to _____ of _____ network?
 _____ it _____ could _____ parts of our _____ structure?
 _____ a chance _____ in one _____ could _____ the _____ network.
 Is _____ rest of the _____ risk _____ to improper _____?
 _____ the effects _____ spread _____ other areas _____ the network _____?
 _____ incorrect configuration the _____ elsewhere in the _____?
 _____ handling _____ risk to the _____?
 _____ it _____ that _____ handling could _____ other sections _____ network _____?
 _____ it possible that negligent _____ components.
 Is the network _____ mishandled damage or _____?
 _____ it possible that _____ in damage to _____ network?
 _____ configuring _____ have a _____ effect on _____ parts _____ the system
 Errors in _____ cause harm to _____ in _____ network.
 Is _____ up here going _____ ruin _____ rest _____ the _____?
 _____ handled wrong, _____ could _____ to the _____ network.
 _____ it _____ parts of _____ network?
 Is _____ harmed by _____ handling _____?
 _____ possible that mistakes _____ network _____?
 Potential for havoc on _____ rest _____ if _____ fail _____.
 Can _____ harm _____ network _____?
 _____ setup _____ the _____ of the _____.
 Would _____ affect _____ of _____ network?
 _____ handling _____ the potential _____ harm to the _____?
 Will it _____ network _____ poorly
 Is it possible to _____?
 Is _____ we would _____ segments _____ the network structure?
 Can _____ mistake affect other _____?
 _____ that messing _____ ruin the entire network?
 Can damage _____ by poor _____ to _____ within _____ network _____?
 Is it _____ in _____ our _____ damage other parts of _____?
 Should _____ impact other _____ our _____?
 The _____ of _____ network can _____ by the mishandled _____.
 Is _____ that mis-configuration could affect our _____?
 _____ right could cause _____ the _____ of setup.
 _____ the _____ certain elements affect other components _____?
 _____ configuration can _____ our _____.
 Is _____ possible that _____ configuration _____ damage to our _____?
 Is it _____ for errors _____ and _____ disrupt nearby parts _____ network?
 _____ it possible _____ messing _____ hurt _____ network parts _____?
 _____ could _____ effects _____ of the system if errors _____ mishandled.
 _____ poor management _____ areas of the network system.
 Will _____ impact _____ network _____ mishandled _____?
 Can _____ of _____ context of our network?
 _____ may _____ sections _____ the _____.
 _____ cause harm to _____ rest of _____ network.
 Can a mishandled _____ sections?
 Is _____ possible for _____ to influence _____?

____ configuration can cause ____ the ____.
 ____ incorrect ____ a problem with ____?
 Do ____ have ____ to ____ damage ____ the system?
 Will messing ____ of ____ cause a problem?
 ____ the rest ____ our ____ system at ____ handling?
 ____ you ____ messing ____ stuff ____ mess with ____ else ____ the network?
 Is ____ possible ____ other segments of ____ compromised?
 ____ up ____ parts ____ the ____ hurt ____ impact us?
 Can ____ mishandled area affect ____?
 ____ it ____ that ____ could ____ problems in our ____?
 ____ it ____ could harm our overall ____ structure?
 ____ incorrect ____ could cause problems in the ____?
 Can messing ____ other ____ of ____ hurt us?
 ____ there a ____ of ____ to other parts of our ____?
 Is it possible that ____ could damage ____?
 ____ possible ____ up ____ parts of the ____ to hurt ____?
 wrong setup ____ of ____
 Can ____ setup cause ____ for ____?
 Can ____ other parts of ____ hurt or ____ network?
 Is it ____ that ____ around ____ cause other ____ to ____?
 ____ parts of the ____ be ____ up ____ set up correctly?
 Will this ____ of ____ setup?
 Can ____ hurt ____ overall ____?
 ____ a chance that ____ mess ____ could ____ whole network.
 ____ messing with ____ of our ____ or impact?
 ____ you ____ other ____ parts?
 ____ that we would ____ segments of our network ____?
 Can messing ____ parts of ____ network ____?
 ____ if a ____ in one area could ____ whole ____.
 Is it possible for the network ____ be ____ and ____?
 Is it possible ____ in handling/configuring ____ may affect ____ system?
 If ____ network is ____ there ____ to the rest ____?
 ____ a ____ harming ____ adjacent parts ____ our network ____ of incorrect ____ and configuration?
 ____ improper ____ to other parts of ____?
 Is it possible ____ disrupted or harmed by errors ____ handling?
 If ____ incorrect, ____ rest of our ____ be ____?
 Will ____ messing up ____ the rest ____ network ____?
 Is it possible ____ surrounding linked ____.
 ____ to handle/configuration ____ can ____ on the ____ setup.
 ____ the ____ of elements ____ the network?
 Is it ____ that messing ____ stuff ____ the ____?
 ____ network ____ affected ____ poor management.
 Is ____ negligent conduct ____ other network components?
 Is the ____ of certain ____ affecting ____ network?
 Affect ____ parts?
 ____ other parts of ____ network make a ____?
 ____ in configuring ____ impact ____ parts of ____ system.
 Is it ____ handling ____ could affect ____ parts of our ____?
 Can a ____ setup ruin ____?
 The ____ could ____ a ____ setup.

_____ there any risk _____ harming _____ parts of our _____ to _____ handling _____ configuration?
 Is there a chance _____ could _____ entire _____?
 _____ possible _____ negligent _____ impacts other network _____.
 Damage may _____ areas/components _____ our networking _____ by incorrect _____.
 _____ there _____ chance that negligent _____ other network _____?
 Is _____ that _____ affect aspects _____ our network structure?
 The network _____ be affected _____.
 Can _____ parts _____ the network?
 Damage _____ disruptions _____ poor _____ can _____ of _____ network system.
 _____ incorrect configuration _____ cause of _____ network?
 Is _____ around _____ cause more harm to _____ network?
 _____ mistaken _____ going to _____ network?
 _____ handled wrong, could _____ occur _____ rest of _____.
 _____ bungling affect _____ of the _____?
 It's _____ that it _____ hurt the rest _____.
 Will _____ the network _____ poorly?
 Does incorrect _____ our system?
 _____ a _____ hurt other network _____.
 _____ improper handling potentially dangerous for _____ of _____?
 _____ our _____ to mismanagement?
 Can a _____ network _____?
 _____ that _____ wrong setup could harm _____ rest _____ the _____?
 Is it _____ that incorrect handling _____ damage _____?
 Is _____ going _____ other _____ of the _____?
 Is _____ possible _____ damage _____ affect other _____ the _____ structure?
 Is _____ that errors in _____ our _____ parts of _____ system?
 Is incorrect _____ elsewhere in our network?
 If handled _____ could _____ rest of _____ hurt?
 Would this lead to _____ to other _____?
 There _____ the possibility _____ to _____ network sections.
 _____ up _____ affect _____ entire _____ setup?
 Can _____ handling cause harm _____ of _____ setup?
 Could a _____ in _____ cause _____ for the whole _____?
 Wrong _____ may _____ the _____ the _____.
 Would this happen _____ of _____ network _____?
 _____ configuration _____ for damages elsewhere in _____?
 _____ may affect _____ of the _____.
 _____ messing _____ parts _____ our network _____?
 _____ possible that errors in configuring _____ network _____ have _____ other _____ of the _____?
 Would _____ impact _____ parts of _____?
 Can an area's _____ other _____ the _____?
 The _____ structure could _____ mishandling.
 The rest of the network _____ setup.
 _____ mistaken _____ damaging our _____?
 Is it possible _____ affect _____ nodes?
 Is it _____ around _____ parts of the network?
 _____ we mess _____ other parts of _____ can _____ hurt _____?
 _____ in configuring our network could _____ effects _____ of _____ system.
 Is _____ possible that _____ stuff _____ ruin the _____?
 _____ this _____ other network parts?

____ there any ____ other ____ the system ____ improper handling?
 ____ handling ____ for other parts of ____?
 Is the misconfiguration of ____ affecting ____ our ____?
 ____ disrupt other ____ parts?
 Is ____ management ____ aspects ____ our ____?
 Is ____ of negligent ____ on ____ network ____?
 ____ repercussions ____ network fragments ____?
 faulty ____ affect aspects ____ our ____.
 ____ harm to adjacent areas ____ network structure?
 Is ____ possible ____ handling ____ cause harm or ____ network setup?
 Some aspects ____ network ____ be impacted by ____ management.
 Is ____ possible we ____ compromise other ____ structure?
 ____ possible that ____ configuration ____ damage to our ____ setup?
 Will ____ other ____ of ____ network ruin ____?
 ____ will ____ configuration ____ our network ____?
 Will ____ with other ____ the network ____ network?
 ____ messing up other ____ of our network ____?
 ____ incorrect, ____ damage occur ____ rest of our ____?
 Is ____ possible ____ configuration will ____ in damage ____ setup?
 ____ poor ____ have an affect ____?
 Errors in ____ our ____ have ____ effects on ____ parts ____ the ____
 Is the ____ of ____ elements going to have ____ our ____?
 Will ____ parts ____ our ____ be damaged by ____?
 ____ could affect ____ of ____
 Is it possible for our network ____ harmed ____ and ____?
 Would ____ parts ____ the network?
 ____ misconfiguring could ____ other ____ of ____ network
 ____ affect other sections ____ our ____.
 ____ to ____ spread to different areas ____ our network ____.
 ____ setup ____ other network sections?
 ____ an ____ mismanagement ____ parts of ____ network?
 Does ____ risk to ____ rest of ____ system?
 Will ____ be ____ with it?
 ____ impact other ____ of ____ network?
 Is ____ messing ____ also ruin ____ network parts?
 ____ network ____ be harmed ____ wrong ____.
 Would ____ impact other parts of ____ cause ____?
 Can ____ hurt our ____?
 ____ can come from ____ our network ____.
 Would that ____ parts of ____?
 There ____ chance that misconfiguring ____ our network infrastructure.
 Will ____ up ____ make ____ difference to ____ network ____?
 The broader context ____ our ____ affected ____ the ____ elements.
 Is ____ possible incorrect configuration ____ result in ____ networking ____?
 Does improper handling pose ____ to ____ system?
 ____ be detrimental effects ____ of ____ system ____ we mishandled our ____.
 Would ____ harm ____ structure ____ mishandled?
 Misconfiguration could ____ other ____ network.
 Is there a chance ____ our network to be ____ of ____ and ____?
 ____ a ____ messing with the network?

Is misconfiguring _____ of our _____.

_____ plausible that negligent behavior _____ components?

_____ that _____ could _____ other areas _____ our network structure?

Does _____ put other parts _____ system _____ danger?

Isn't there _____ that misconfiguring _____ affect _____ network _____?

_____ it _____ that carelessness _____ network _____?

Is _____ management _____ of our _____ structure?

Can _____ with _____ parts _____ the _____ us?

You think that _____ can _____ everything _____ our network?

Is it possible _____ around might _____?

Do you think _____ messed _____ else on the _____?

Should _____ be damaged if mishandled?

Can _____ bad _____ the _____ network _____?

_____ harm _____ network structure?

Will _____ the _____ the _____ setup?

Possibly wrong setup _____ rest _____ the _____.

_____ hurt our _____ structure.

Failing _____ handle/configure right could cause _____ of _____ setup.

Can _____ to _____ in our network?

_____ the other parts of _____ system _____ from _____?

_____ might _____ damage _____ other _____ of _____ networking setup.

_____ configuration hurt _____ network?

_____ segments _____ be affected by this?

_____ management _____ the network _____?

Can setup _____ network?

Is _____ a chance that misconfiguring _____ effects _____ our _____?

Is there _____ chance of _____ rest _____ network?

Is _____ setup at _____ due _____ handling?

Damage _____ the _____ of _____ network _____ was mishandled wrong.

_____ there _____ of our network setup _____ by improper handling?

_____ crash _____ network areas if _____?

Is there _____ or impact to other _____ of _____ handling?

_____ segments _____ the network structure?

Is it _____ for our network to be _____ or _____ and _____?

_____ wreck more _____ one part _____ the _____.

Do you think _____ can ruin _____ network?

It's possible _____ setup _____ the rest _____ network.

Will _____ network _____ be affected _____?

Will this _____ a _____ with _____ rest _____ network _____?

Wrong setup is _____ harm the _____ network.

_____ could have _____ on our _____.

_____ are certain _____ our _____ that can be _____.

_____ mistaken _____ cause harm _____ our _____?

_____ handling can cause _____ to _____ areas _____ the _____?

_____ you _____ other _____ of the _____?

_____ setup _____ whole network?

Failing _____ handle/configure _____ could be _____ on the rest _____.

_____ it possible _____ handling _____ our _____ a _____ effect on _____ parts of the system?

Is it _____ might _____ the _____ linked nodes?

Can a _____ other _____ sections?

Can an ____ configuration ____ in ____ network?

A ____ setup might harm ____.

Does improper ____ pose a ____ to ____ the network ____?
____ setup ____ our entire ____.

Will other ____ areas ____ disrupted ____?
____ may wreck different sections ____.

Is ____ that negligent behavior negatively ____ components.

Is it ____ that ____ around ____ damage ____ network ____?
____ that ____ will make other network parts ____?

Can ____ setup ____ network sections?

____ poor ____ to affect ____ network system?

____ network ____ messed up ____ not setting ____ correctly?

____ areas/components of our ____ is a possibility.

____ context of our network may be impacted ____.

____ can ____ sections of our ____.

Is ____ of harming or ____ adjacent parts ____ network due ____ errors in ____ configuration?

____ possible that carelessness ____ for ____ network components?

Is ____ damage could ____ the other ____ our network?

____ broader context ____ our network ____ impacted ____ the misconfigurations ____ certain ____.

Can the ____ elements have an impact ____?

Is there ____ or ____ adjacent ____ of the ____ due to handling and ____?

____ right could cause ____ on rest of ____

Can messing ____ other parts ____ network ____ or ____?

____ the ____ structure ____ by mishandling/misconfiguring ____?

____ mismanagement affect ____ parts of ____?

There could ____ detrimental effects on other ____ from ____ handling ____ our ____.

____ the mishandled/misconfiguration of certain elements ____ the network?

____ parts ____ the network ____ by messing ____ them?

Problems ____ aspects ____ the network.

Damage ____ of ____ setup might be caused ____ incorrect ____.

____ damage ____ other parts of the ____.

____ it ____ other networks ____ poorly ____?

Does ____ handling expose ____ parts of ____ danger?

____ the ____ of ____ network ____ risk by ____ handling?

____ disrupt other network ____ if ____?

____ affect ____ parts of ____ network?

____ the handling/misconfiguration of certain elements ____ broader ____ of ____?

Is ____ messing around could affect other ____.

____ might wreck ____ parts ____ the ____.

Would ____ affect ____ the network?

____ poor configuration ____ an impact ____?

____ there ____ that ____ will result in damage ____ networking setup?

____ the rest of the network could ____ if ____.

____ this result ____ damage to other ____ our ____?

Will ____ mess ____ our network ____?

____ possible ____ messing around might affect ____ of ____ network?

Does ____ damage our ____?

____ rest ____ the ____ could be ____ wrong setup.

Is ____ elements are configured going to ____ other ____ the ____?

There's ____ misconfiguring could ____ our network ____.

Is it possible _____ configuration _____ in _____ network setup?

Is _____ damage _____ the _____ if handled wrong?

_____ we compromise other _____ of _____?

_____ made _____ configurations would _____ our entire _____ framework.

The network _____ could be _____ mishandling _____ damage.

_____ there a chance that _____ could _____ network _____?

_____ a malfunction in _____ area _____ messes with the _____.

If _____ rest of the network is _____?

There's _____ misconfiguring could _____ our _____.

Can an area's _____ affect _____?

_____ would _____ network _____ be harmed?

_____ poor management _____ damage _____ different _____ network system?

Errors in _____ network _____ have consequences on _____ the _____.

Would it cause _____ other parts _____ the _____?

If damage _____ mishandled _____ affect _____ of the _____ structure.

Would _____ other segments of _____?

Can _____ disrupt other _____?

Can _____ other _____ network hurt _____ affect our network?

Is improper _____ risk _____ other _____ system?

Can one _____ other _____ the network?

_____ there a _____ disrupting adjacent parts of _____ network _____ to _____ and configuration?

_____ our _____ structure _____ be _____ by faulty management.

_____ improper handling posing _____ to _____ parts _____ system

_____ to _____ rest of our network _____ occur _____ it _____.

_____ improper _____ risks for other parts of _____.

Errors _____ handling _____ configuration _____ harm to adjacent parts _____.

_____ harm _____ from _____ structure?

_____ the network structure _____ if the _____ were _____?

Is _____ possible _____ network _____ could _____ effects _____ parts of the _____.

Is improper handling _____ for _____ rest _____ the _____?

Is messing up here going _____ ruin _____ network _____?

_____ possible _____ handling can cause harm to _____ of the _____?

Will this _____ the _____ the _____?

Is _____ that _____ other network _____?

If _____ could _____ our network be damaged?

Different _____ system might _____ damaged by _____.

_____ damage from poor management _____ to different _____ network _____?

_____ handling _____ ruin _____ network.

_____ possible for _____ to be _____ disrupted through errors _____ handling _____ configuration?

Is _____ possible _____ other _____ parts.

_____ it _____ area could disrupt other parts of _____?

Can an _____ network?

_____ accidents _____ beyond component interaction.

Is _____ chance of _____ to additional _____ of our _____?

_____ it _____ that _____ around _____ other network _____ also?

If mishandled _____ could _____ damage to _____ rest of _____.

_____ possible that _____ cause problems elsewhere in _____ network?

_____ it _____ other network parts could be _____?

_____ it _____ that _____ of _____ structure would be compromised?

_____ that _____ risk to the _____ the _____ system?

_____ the _____ structure affected _____ damage or _____ areas?
Not _____ correctly can hurt _____ other parts _____ the _____.
Will a bad _____ our _____?
_____ network could be _____ the _____.
Damage to _____ setup _____ to incorrect configuration.
_____ to _____ could cause havoc with the _____.
Does incorrect handling _____ potential _____ problems _____ the _____?
_____ a _____ setup threaten _____ network _____?
_____ configuration affect our _____ system?
Is _____ the rest of the network _____?
_____ there _____ link _____ and other parts of our _____?
_____ poor _____ can _____ to _____ parts of our _____ system.
Will _____ here _____ problems _____ rest of the _____?
_____ damage our _____ network?
_____ a potential for _____ on _____ setup if you _____ handle/configure _____.
Errors in _____ configuration _____ harm _____ within our network.
Is _____ to ruin other _____ of _____ not setting _____ correctly?
Errors _____ network _____ lead to _____ effects on _____ parts _____ system.
_____ it _____ for _____ handling to affect other _____ of _____?
Wrong _____ harm _____ of the _____.
_____ improper _____ posing _____ to the other parts _____ the _____?
Is _____ possible _____ carelessness affects _____ other _____?
_____ affect other network sections.
Incorrect configuration could _____ damage _____ networking _____.
_____ other _____ of _____ network hurting us?
_____ messing up _____ parts of our network _____?
Could _____ of our network?
Would _____ adjacent areas _____ the _____ structure?
_____ improper _____ of our _____ a _____?
Is there _____ that _____ could affect _____ network infrastructure _____ way?
_____ possible _____ potentially harm _____ areas in _____ network _____?
There _____ be _____ effects _____ other _____ of _____ if _____ made in configuring our _____.
Is incorrect _____ risk _____ other areas _____ our _____?
_____ wrong setup _____ other network _____?
_____ management may affect _____ network _____.
Does improper _____ a risk to _____ rest _____?
_____ this _____ mess with the _____ of _____ network _____?
_____ believe that messed _____ can mess with _____ else _____ our _____?
_____ rest _____ the network could _____ wrong setup.
Is _____ affecting _____ aspects of _____ network _____?
_____ it _____ other sections _____ the _____?
_____ structure if they mishandled it?
Can mismanagement _____ the _____?
_____ poor _____ affect the whole _____?
Is _____ our _____ to _____ disrupted _____ harmed through errors in _____ and _____?
Is _____ possible _____ can affect other _____ network structure?
_____ handled wrongly, _____ the rest _____ be damaged?
_____ carelessness compromise _____ segments of _____?
_____ possible that carelessness has an _____ network _____?
_____ that messing up stuff can _____ else on _____?

Is _____ a _____ with _____ network _____?
 _____ mistaken setup ruin _____ whole _____?

Should misconfiguring affect _____ sections _____?
 _____ in _____ our _____ effect on other parts _____ the system
 _____ the network _____ in danger _____ improper handling _____?

Is mismanagement of _____?
 _____ whole _____ hurt by mistaken _____.

Might accidents _____ of the _____?

Will this _____ parts _____ the _____?
 _____ mishandled _____ other network sections?

Will _____ ruin _____ network setup?

Is _____ harm to _____ parts of _____?

Is it _____ that errors _____ our _____ negative effects on _____ parts _____ system?
 _____ structure be _____ by mishandled _____?
 _____ carelessness _____ entire _____ structure?
 _____ misconfiguring _____ other sections _____ the _____?

Is it possible _____ may affect _____?

Is _____ faulty management _____ affect _____ network _____?
 _____ messing _____ our _____ structure _____ problem?

Errors _____ our network _____ have harmful effects on _____ of _____.

Can the mismanagement/misconfiguration _____ certain _____ affect _____ context _____ network?

Is _____ possible that improper _____ cause harm _____ of the _____?
 _____ from poor management _____ be spread _____ the _____ system.
 _____ you _____ messing up _____ can _____ with _____ network?
 _____ poor management _____ different areas _____ system?

Is faulty management _____ aspects _____?

Can _____ hurt _____ network _____?

Is improper _____ posing risks for _____ areas _____?
 _____ compromise other _____ of our _____?

Would it _____ areas _____ network _____?

Shouldn't a _____ other _____ sections?
 _____ improper _____ pose _____ risk to _____ rest of _____ system?

Damage _____ occur to _____ of the _____ mishandled wrong.
 _____ misconfiguration _____ other sections _____ network?
 _____ overarching network _____ faulty management?

Will mistaken _____ network?

It's possible _____ havoc on _____ setup _____ don't handle/configure _____.
 _____ a setup _____ affect _____ network _____?

Can improper _____ risk _____ our _____?

Would our network _____ compromised _____?
 _____ one _____ disrupt _____ network?

_____ there a chance _____ our network _____ be _____ in handling _____ configuration?

Does _____ handling _____ areas in _____?
 _____ at _____ of _____ damaged _____ disturbed by incorrect handling?

Is _____ chance _____ damage could _____ other parts of _____?

Is it _____ stuff can ruin _____ our network?

Is it possible _____ network _____ by errors in configuration?
 _____ other parts _____ our _____ get _____?

Errors in handling our network _____ have _____ effects _____ parts _____
 _____ from poor management can _____ to _____ areas _____ network _____.

Will ____ configuration affect our ____?

____ they ____ other ____ the network?

____ areas of our ____ setup due to ____ configuration?

____ messing up ____ parts ____ network ____ harm?

Do ____ stuff can ____ our network?

Is ____ possible that carelessness ____ affect ____?

____ wreck ____ parts of ____ system.

____ potential ____ havoc on ____ of setup if ____ handle/configure ____.

____ cause damage ____ networking setup?

Is ____ structure ____ by ____?

____ it ____ negligent people can affect ____ components?

Should ____ our ____ network?

____ a chance of incorrect configuration ____ networking setup?

____ damage affecting ____ areas ____ network structure?

It's ____ potential ____ on rest ____ if ____ don't ____ right.

Errors in configuring ____ a ____ parts of the system.

____ to handle/configuration right could ____ the rest ____

____ possible that ____ might ____ network parts to be ____ around ____?

Failing to handle/configure right is ____ on ____ of ____.

____ incorrect configuration ____ damages ____ in ____?

If a setup is ____ can it ____?

____ there harm ____ other sections ____ network setup?

____ wonder if ____ mistake ____ one ____ could ruin the ____.

Do you ____ will hurt ____ network setup?

Can messing ____ other ____ the ____ affect ____ parts?

____ our networking setup ____ result ____ configuration.

Is it ____ can ____ other ____ of our network ____?

Will the rest ____ be disrupted ____ messing ____?

____ of our network ____?

____ incorrect ____ other parts in ____ system to ____?

____ a ____ harm our ____?

Is ____ a risk ____ disrupting adjacent parts in ____?

____ the ____ system ____ by ____ configuration?

Damage may result ____ networking setup.

Other network ____ could ____.

____ this a ____ our network ____?

Will it ____ the ____ network ____ badly?

Is ____ structure ____ mishandled/misconfiguring damage?

____ network ____ be ____ by mistaken ____.

Is ____ network system at ____ damage ____ to poor ____?

____ handling a potential cause ____ to our ____?

Will ____ the ____ of ____ network system?

Would ____ parts ____ the ____ be affected ____?

____ there a chance that our network ____?

Is misconfiguring affect ____ the ____?

Could ____ affect ____ network ____?

Is ____ a risk to ____ network ____ from ____?

Incorrect ____ may ____ in the network.

If handled incorrect, could ____ the rest of ____?

____ if ____ setup harms ____?

_____ there _____ can have widespread effects _____ our _____ infrastructure?

_____ improper _____ threat to the _____ of the _____?

Is improper _____ or _____ parts of _____ network setup?

Misconfiguring _____ affect _____ of _____ network.

Can messing with other _____ of _____?

Can our network _____ misconfiguring?

_____ inconfiguring _____ affect _____ parts of the system

Will it _____ network _____?

_____ a _____ bad news for other _____?

Failing to _____ problems on _____ rest of _____.

Can wrong _____ our _____?

Will messing _____ hurt _____?

_____ damage can _____ other _____ network structure.

_____ it _____ that errors _____ and _____ our network _____ other parts _____ system?

_____ poor _____ make a _____ to _____ network _____?

_____ it crash other _____ handled _____?

Is _____ harm to _____ structure _____?

Would mishandling/misconfiguring _____ other _____ structure?

_____ it possible _____ messing _____ might _____ other _____ parts _____?

Is it possible that _____ configurations _____ in our _____?

Failing to handle/configure _____ to _____ the rest of _____.
