

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Pre-sales inquiries and product recommendations
Inquiry Sub-Category	Battery Life and Charging
Description	Customers want insights into the battery life, charging mechanisms, and any additional features related to power management for extended daily usage.
Data Size	5,068 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

What is ____ average ____ required ____ a ____ from ____ to ____ capacity?

How much time does ____ take ____ make a ____?

How much ____ take for a ____ to start at ____ end ____ capacity?

____ will ____ for the completion ____ begin ____ zero percent and ____ hundred percent capacity?

What ____ amount ____ for a ____ full refill ____ 0 ____ 100% capacity?

How ____ it take ____ zero ____?

How ____ should it take ____ a ____?

Can ____ tell ____ it takes ____ charge ____ to 100%?

____ wondering when ____ full recharged from zero ____ take.

____ time is required ____ complete ____ process ____ starts with ____ power and ends ____ 100% ____?

How ____ time is ____ a complete ____ process that ____ no battery ____ with ____ full capacity of ____?

Can you tell me ____ it ____ for the battery ____?

Can you ____ an estimation of ____ time ____ take ____ full capacity from no ____?

____ amount of ____ required to get a ____ zero to ____?

Can ____ me how ____ this ____ to go to ____.

How much time ____ it ____ to refill ____?

How long will it ____ charge ____ to ____?

What ____ average amount ____ time ____ to complete the ____ from zero ____ per cent ____?

____ it take to ____ charge ____ 0 ____ 100?

I ____ to know an ____ of ____ needed ____ a ____ replenishment from ____ power remaining ____ reach ____.

How ____ can you fully ____ from ____?

How ____ is it taking to ____ process ____ zero ____ 100% ____?

____ tell me the ____ amount ____ it would ____ to reach ____?

____ long ____ refresh from zero to 100%?

How ____ time ____ need to make ____ full ____ of ____?

How much time ____ it ____ to ____ a ____ zero?

Can you tell me ____ long ____ usually takes ____ replenish, beginning ____ zero ____ and ____ with ____?

____ tell me the ____ time that ____ from ____?

How ____ would ____ for a complete ____ from ____ to ____?

____ you know ____ give ____ battery a full charge?

Can ____ me ____ taken for ____ full ____ from ____ to 100% capacity?

____ time ____ a complete ____ need from ____ to 100% ____?

____ you ____ long it takes to ____ from zero percent to ____ percent ____?

____ long ____ it ____ for ____ charge ____ reach 100%?

What ____ the ____ time ____ to complete ____ from ____ 100% capacity?

____ much time is needed for a complete charging ____ that starts ____ battery ____ ends ____?

____ you tell ____ how ____ will ____ for a complete ____?

____ tell ____ the usual interval that ____ for ____ resupply?

____ the ____ taken for a full ____ from zero ____ 100% ____.

Can you ____ for a full refill ____ to 100% ____?

How long ____ fully charge from ____ to ____?

Can ____ tell ____ it ____ to get ____ at zero percent and concluding ____ a ____ percent capacity?

____ you ____ me the usual ____ a ____ resupply?

____ you ____ me when ____ from zero can ____?

____ you ____ me ____ average amount ____ it ____ to get to ____?

What is ____ time to ____ zero ____ 100% capacity?

____ is the ____ to ____?

____ take from zero to ____ charge?

____ long is ____ to go from a zero ____ to ____?

I ____ to know when ____ zero to 100% ____ takes.

When ____ full ____ from zero to ____ take?

____ it possible to ____ me ____ time ____ 100% capacity.

Can ____ me know ____ charge ____ zero to 100% ____ take?

How much ____ is ____ for ____ charging ____ that ____ with no ____ ends with ____ of 100%?

____ you show me an ____ this to go to ____?

____ much time ____ a complete ____ require ____ to 100% ____?

Do ____ when ____ charge ____ zero to 100% ____ would ____?

____ long ____ it take to make ____ from zero ____ capacity?

____ wanted to know when a ____ recharged ____ take.

What's the average ____ takes ____ a ____?

____ to ____ when ____ charge from zero to ____ would take.

Can you tell me ____ to 100% ____ takes?

____ much time ____ takes to ____ from ____ full?

Can you tell me ____ full charge ____ to ____?

How much time is necessary ____ complete ____ to ____?

What's ____ of ____ taken to refill from 0 ____?

____ it take ____ from zero to full?

What is ____ taken ____ zero ____ capacity?

I ____ when ____ full charge from zero ____.

____ it take to fully ____ to 100%?

How long ____ you think ____ complete ____ process ____ starts ____ no battery ____ and ends ____ 100% capacity?

What ____ amount of ____ required to refill from 0 ____?

How ____ does ____ fully replenish ____ to 100?

Does ____ an ____ amount of ____ for this ____ 0-100%?

____ does ____ take to recharged from ____ percent to ____?

Can you ____ me ____ the typical ____ complete refill is, from ____?

How long ____ it ____ to complete ____ zero ____ to ____ capacity?

How long ____ it ____ complete ____ charge ____ to 100% ____?

Please let ____ know ____ average ____ the ____ be fully charged.

How ____ does it ____ a complete refill ____ end at ____?

____ long ____ it ____ get from ____ to hundred percent ____?

Did ____ tell ____ the average ____ to charge full?

Can you tell me ____ full ____ would ____?

How ____ complete a complete ____ starts ____ battery power ____ with a maximum capacity of 100%?

____ tell me ____ duration required ____ the ____ a full ____?

Can ____ how ____ a ____ from zero to ____ capacity ____ take?

____ much time does it ____ to completely Replenish ____ to hundred ____?

can you ____ a ____ charge from ____ 100% takes?

____ long it ____ to get back ____ normal, beginning ____ and ending with one ____ percent capacity.

____ it takes ____ the process from ____ to 100 ____ capacity?

What ____ average amount ____ taken to get a ____?

I ____ to know when a full ____ 100% ____.

How ____ is needed ____ complete a complete ____ that ____ no ____ power ____ ends with a ____?

____ to ____ long ____ average time ____ to go from ____.

Can you tell ____ how long ____ to normal, ____ at zero percent and ____ one ____ capacity?

How long ____ it take ____ zero percent to ____ capacity?

How long ____ to charge ____ zero ____ 100%?

How ____ will it ____ 100%?

How ____ does ____ take ____ get a refill from ____?

____ tell ____ of ____ it takes to go from zero ____ one ____ percent capacity?

____ it take ____ process ____ zero ____ 100 per cent capacity?

____ you ____ how long ____ fully charge ____ zero?

How much time do ____ to ____ complete ____ from ____ to ____?

What ____ needed ____ a single ____ refill ____ to 100% capacity?

How long is ____ refill from ____ to 100% ____?

How ____ time ____ take ____ complete ____ to start at 0 and ____ at ____?

Did you ____ me ____ average ____ to ____ charge?

____ long ____ it ____ to fully charge ____ zero?

How ____ does ____ to fully ____ zero ____ 100%?

Can ____ an ____ how long it ____ take ____ full replenishment from ____ power ____ full capacity?

____ time ____ for a complete charging ____ that ____ with no battery power ____ with ____?

____ do you reckon it ____ a complete ____ zero to full?

How ____ enough ____ get a ____ refill from ____ to ____?

____ you ____ the time taken ____ a ____ from ____ to 100% ____?

____ tell me ____ typical time ____ complete refill, starting ____ empty ____ full?

Can you tell me the normal ____ for ____ complete ____ from ____ the way ____?

Can you ____ the usual interval ____ to complete ____ complete ____?

____ long ____ it ____ go ____ 100%?

Is it ____ tell me the ____ a full ____ from ____ 100% ____?

Can you ____ me ____ full ____ zero ____ 100% can take?

____ is the average time ____ a ____ to 100% capacity?

For ____ process ____ starts ____ power ____ ends with a ____ capacity of 100%, ____ much ____ is required?

____ long ____ you ____ to ____ a ____ charge?

What ____ the ____ time ____ complete a ____ refill?

What is ____ duration required ____ starting at ____ and ____ at one ____ percent capacity?

How ____ is it ____ can ____?

How ____ time ____ you need ____ charge to ____ made?

____ average time required to ____ to 100%?

____ you ____ me the ____ to go to 0-100%?
 Could ____ tell ____ the average ____ needed ____ to be fully ____?
 Can ____ me ____ time is ____ for ____ complete ____?
 ____ me what the customary interval ____ for ____ complete ____?
 How long ____ for it to ____ replenish ____ zero ____?
 ____ tell ____ how much time ____ will take ____ to ____ 0-100%?
 Is it ____ tell ____ when a full ____ zero ____ 100% capacity ____?
 Can ____ tell ____ time ____ take ____ get ____ full charge?
 How long does ____ take to fully ____ from ____
 ____ the ____ time required ____ a complete recharged ____ zero ____ 100% ____?
 How ____ it take from zero ____ capacity to ____?
 ____ long does it ____ 100%?
 Can you ____ me ____ average ____ time it ____ 0-100%.
 ____ average time ____ replenish from zero to ____ capacity.
 What ____ the average time to ____ process from ____ 100 ____?
 ____ me the typical time for a complete ____?
 Can you ____ me ____ long it ____ a ____ replenishment from no ____ reach ____ capacity?
 ____ average ____ of time required ____ complete a full ____?
 ____ give ____ it would ____ for a full replenishment from no ____ to reach full ____?
 Is there ____ time when a full ____ capacity ____?
 ____ take to charge from ____ 100% capacity?
 ____ much ____ is required ____ a complete ____ that ____ with no ____ power but ends with a ____?
 What ____ time will it ____?
 ____ much time-frame is needed ____ to full ____?
 How much time is required for ____ starts ____ no battery ____ and ____ with 100% ____?
 What ____ the average ____ time ____ to refill ____ zero ____?
 How ____ it takes ____ charge ____ zero to ____?
 Can ____ me ____ long ____ full recharged ____ capacity would take?
 Can ____ tell ____ long it takes ____ from zero ____ percent?
 ____ will ____ take ____ complete recharge ____ end at full ____?
 I'm ____ what ____ typical ____ for a complete ____ empty ____ all the way to ____.
 What ____ it take to ____ zero ____ 100%?
 Is there an average amount ____ for ____ to ____?
 ____ to fully replenish?
 ____ wondering ____ a ____ from zero ____ 100% capacity would ____.
 ____ about ____ time to ____ from ____?
 What is ____ average amount ____ required to get ____?
 How much time ____ you need to ____ to ____?
 How long is ____ typically ____ to ____ zero ____ charge to ____?
 How much time ____ needed for ____ full ____ that ____ with no battery power ____ capacity ____ 100%?
 How much time ____ you ____ zero ____ full capacity?
 ____ is usually required to ____ from ____ charge?
 I ____ the ____ of time ____ will ____ to go ____ 0-100%.
 How ____ does it ____ go from ____ percent ____ percent?
 ____ an average time ____ to complete ____ process from zero ____?
 ____ much ____ it going ____ take from ____ to ____?
 What ____ the ____ time taken ____ a ____ from ____ 100 per cent ____?
 ____ does ____ full charge ____ zero ____ capacity take?
 How ____ it take to ____ from no ____ 100%?
 Can ____ tell me the average ____ charge ____ battery?

_____ long _____ it _____ zero to _____?

_____ is _____ average time taken from _____ to _____ cent _____?

_____ long is it _____ charge _____ zero _____?

Do _____ the _____ time required _____ a complete refill _____ to _____?

Can you _____ usual interval _____ a _____ refill?

_____ take for recharging to be completely _____?

How _____ does _____ takes _____ fully charge _____ 100%?

How long does it _____ from zero _____?

From _____ to 100% _____ what _____ the _____ required?

How long does _____ take _____ fully _____ from zero _____?

How long _____ required _____ to start _____ at one hundred percent capacity?

Can _____ tell me _____ it _____ to go _____ 0-100%?

What _____ amount of time _____ for a _____?

_____ an average _____ time _____ fully charge the _____?

_____ long _____ it _____ for this _____ to 0-100%?

_____ want _____ it _____ average amount of _____ to get to _____.

_____ long _____ it _____ completely _____ zero percent to hundred _____ capacity?

Can _____ tell _____ how long _____ take _____ reach 0-100%?

What is the _____ time _____ from zero _____?

How _____ take to charge _____ from _____ to _____?

How much time does _____ require _____ to _____ capacity?

_____ you need to make _____ full charge _____ to _____?

How _____ time _____ make a full _____?

How long _____ it _____ to _____ up _____ 100%?

_____ you _____ to _____ me _____ full charge _____ zero _____ 100% _____ can take?

What time _____ it _____ to _____ from _____ to full?

_____ takes an average _____ to _____ from zero _____ capacity.

What _____ average time taken to _____ from _____ of capacity?

_____ like to _____ long it _____ for _____ replenishment from no _____ reach full capacity.

_____ the _____ time taken _____ process _____ zero to _____ capacity?

How _____ does _____ take to _____?

_____ tell _____ a _____ refill _____ zero to 100% capacity _____?

How _____ it take for it _____?

_____ fully charged from zero _____ 100% _____ take?

What _____ time will _____ take to _____ 0-100%?

_____ long does it _____ to _____ charge _____ percent to 100 _____?

Can you tell me _____ average _____ full refill _____?

How _____ time is _____ from _____ way up to _____?

How long _____ you it take _____ charge?

_____ curious _____ the _____ time _____ recharge, _____ from empty and _____ the way to full.

_____ is it usually takes _____ from _____ to 100%?

How much _____ it take to fully _____?

How long does it take to _____ charge?

How long does _____ take _____ from _____ to 100% _____?

_____ do you have to _____ charge?

What _____ taken _____ complete _____ process _____ zero _____ 100% capacity?

Do you have any _____ the time _____ a _____ zero _____ 100% _____?

_____ me how long _____ would _____ get a _____ charge?

_____ taken _____ the _____ from zero to _____ cent capacity

_____ long _____ it _____ fully _____ from zero to _____?

____ you ____ how ____ takes to ____ zero ____ to one ____ percent?
 How long ____ take ____ the charge ____ 100%?
 Did ____ me ____ average ____ needed ____ provide a ____ charge?
 Did you ____ the ____ required ____ get ____ complete charge?
 How long does ____ take for recharging ____ ?
 What's ____ time ____ a full ____ 0 to ____ capacity?
 ____ you ____ amount of ____ it takes to go from ____ to ____ hundred ____ ?
 ____ is ____ average amount ____ time needed for ____ from zero ____ 100% ____ ?
 Is it ____ to give an ____ of the regular ____ needed ____ full ____ remaining?
 ____ is ____ for a complete charging ____ no battery ____ and ends with a 100% ____ ?
 How much ____ needed ____ a complete recharge ____ to ____ ?
 ____ much time ____ completely refill ____ zero to 100 percent ____ ?
 Do ____ average ____ for a ____ recharge?
 How much time ____ to ____ from zero down ____ ?
 ____ me ____ average duration to give ____ battery ____ charge?
 Can you ____ me ____ average amount ____ for me ____ 0-100%?
 How ____ time ____ required ____ to ____ capacity?
 The ____ time ____ to ____ the process ____ zero ____ 100% ____ ?
 ____ does it take ____ a full ____ from ____ 100% capacity?
 ____ is the ____ taken to ____ full charge?
 Can ____ give me ____ frame for ____ to ____ to ____ ?
 How long ____ it take ____ completely ____ from zero ____ ?
 ____ the average ____ to refill ____ zero to ____ ?
 ____ does ____ take to completely ____ ?
 Can ____ average ____ required for the battery to be ____ ?
 ____ you ____ me when ____ full charged ____ 100% can ____ ?
 ____ much time ____ to make ____ charge from zero ____ 100% ____ ?
 Can you tell ____ time ____ will ____ get to ____ ?
 What's the average time ____ to ____ zero to ____ ?
 What ____ the average length of ____ taken to ____ the ____ 100 per ____ ?
 How much time ____ needed ____ complete ____ process ____ no ____ power ____ with max capacity of ____ ?
 I'd like to ____ the ____ time for ____ complete ____ starting ____ empty and ____ full.
 How ____ does it ____ to ____ a ____ ?
 ____ want ____ know when ____ full ____ from zero ____ take.
 ____ you give ____ usual interval for a ____ ?
 ____ you have any information about ____ time ____ charge?
 ____ it typically ____ to ____ zero to 100%?
 ____ provide ____ estimation of ____ regular time ____ a full ____ from ____ power remaining ____ full capacity?
 ____ me when a full charged ____ zero ____ 100% ____ ?
 ____ long do ____ need ____ full charge ____ zero ____ capacity?
 I ____ to ____ charge from ____ 100% would take.
 ____ amount ____ you ____ to ____ a full charge?
 ____ to ____ the ____ time for a complete refill ____ .
 ____ know how long ____ to get back ____ normal, starting ____ ending with one ____ percent ____ ?
 ____ take for ____ at zero and end at full capacity?
 ____ long ____ you think ____ to complete ____ process from ____ to ____ cent ____ ?
 Can you tell ____ a full charge ____ zero ____ will ____ ?
 ____ provide an ____ amount ____ time ____ go to ____ ?
 ____ time does ____ take to ____ a ____ from zero ____ 100% ____ ?
 What ____ the average ____ taken from ____ to ____ ?

_____ do _____ think it will _____ to fully charged?
 _____ me _____ time it takes _____ reach 0-100%?
 _____ you please give _____ of the _____ needed for a _____ replenishment from _____ reaching full _____?
 How _____ it _____ from _____ to _____ charge?
 _____ how long it will take from _____?
 _____ let me _____ usual interval needed for _____ complete _____?
 _____ much _____ have to _____ a _____ charge _____ zero to 100% _____?
 _____ you _____ when _____ from zero to 100 percent _____?
 _____ much _____ required for a _____ process that starts with _____ power _____ 100% capacity?
 _____ for recharging to be completely done?
 _____ much _____ do _____ to charge _____ zero to _____?
 _____ long will it take _____ full _____ zero to 100% _____?
 _____ full _____ zero to 100% capacity takes, _____ tell _____?
 What is _____ required to _____ from _____ 100%?
 Did _____ the average duration _____ to _____ charge _____ battery?
 _____ is required to _____ from zero to _____?
 What _____ taken _____ complete the procedure _____ to 100 _____ capacity?
 How _____ is _____ needed _____ go from _____ a full charge?
 How long _____ it _____ to _____ from _____ to 100% capacity?
 _____ it _____ to completely _____ from zero percent to _____ percent _____?
 Do _____ how much _____ it takes _____ get _____?
 I want _____ know _____ full charged _____ to _____ take.
 How much _____ to _____ full _____ from _____ to 100% capacity?
 How _____ takes _____ zero to _____?
 Can you _____ it will take _____ full charge from _____?
 _____ time _____ take _____ make _____ full _____ zero to full capacity?
 _____ want to know _____ charged from _____ to _____ can _____.
 _____ much _____ is needed to fully _____ from _____?
 How long can it _____ a full _____?
 Average time for _____ refill to _____ at _____ finish _____ capacity?
 _____ time is required for _____ complete charging _____ battery power and _____ a maximum capacity of _____ on _____?
 What _____ average time _____ from zero to 100% capacity?
 How _____ is needed _____ full _____?
 _____ give _____ how _____ it will _____ for the battery to _____ charge?
 _____ able to give _____ an _____ time _____ from 0-100%?
 How _____ it take _____ zero percent to _____ hundred _____ capacity?
 How long _____ it _____ to _____ charge _____ 100%?
 How _____ do you think it _____ take to _____ a _____ charge _____?
 _____ time taken _____ the _____ to _____ per cent capacity?
 _____ amount of time _____ complete a refill?
 _____ need an _____ the _____ needed _____ a full _____ from no _____ remaining to _____ full _____.
 _____ tell me how long _____ takes to get _____ to _____ beginning _____ zero _____ and _____ hundred _____ capacity?
 How _____ does _____ take _____ zero percent _____ to 100 _____?
 _____ time does it _____ replenish _____ percent to hundred percent?
 _____ you know _____ required to give _____ battery a _____?
 How much _____ you _____ to make _____ full _____ zero _____ full?
 _____ know the _____ time _____ go from 0-100%.
 What _____ average _____ of time _____ replenish?
 _____ you _____ how long _____ for a full charge _____ take?
 _____ tell _____ how long it will _____ the battery to _____?

How much _____ needed _____ a _____ that _____ with no _____ power _____ ends at maximum _____ 100%?
_____ time required _____ complete a _____ refill _____ to 100% capacity?
_____ you _____ how long _____ from 0-100%?

There _____ time required for a _____ 0 _____ 100% capacity.
_____ long _____ it _____ go _____ zero to full _____ charge?
_____ average _____ taken to complete _____ process _____ to 100% _____.
_____ much _____ it take to _____ a complete _____ from zero _____?

How _____ needed _____ from no charge _____ charged?
_____ you tell me _____ typical time _____ starting _____ empty and _____ full?
_____ long does it _____ from zero _____ hundred percent _____?
_____ you _____ tell me when a _____ charge _____ zero _____ 100% _____?
_____ you _____ long _____ would take for a _____ from _____ remaining _____ reach capacity?
_____ need _____ the typical _____ a _____ refill, _____ empty _____ going all the way to full.

Can you _____ an estimation of _____ time _____ for a full _____ reach full capacity?
_____ you _____ when a full _____ from zero to _____ capacity _____?

How _____ does it take _____ it _____ from _____ 100%?
_____ is the average _____ needed to complete _____ change from _____?

How much time do _____ to _____ a _____ 100%?

Can you tell _____ how long _____ to _____ all _____ full?

_____ of time _____ for a _____ full _____ from 0 _____ 100% _____
_____ long does _____ take _____ fully _____ start _____ zero charge?

Can _____ it would _____ to complete _____ complete resupply?

How _____ take _____ charge from 0 _____ 100?

How _____ do _____ charge from zero _____ 100%?

I _____ estimation _____ the time needed _____ a _____ from no power _____ to _____ capacity.
_____ long will _____ require _____ 0 _____?

How _____ time _____ needed for a complete charging _____ with no _____ at a _____ of _____ on average?

How _____ it _____ refill _____ zero to capacity?

Can _____ tell me _____ for _____ from zero to 100%?

What time-frame _____ go from _____ to full _____?

_____ want to know how long _____ takes _____ go _____ zero _____ to _____.

Can _____ an _____ time for this _____ to _____?

_____ you _____ long it _____ for a complete re-supply?

_____ the _____ frame for _____ completion?

Can _____ tell me how _____ would _____ for _____ battery _____ fully _____?

How _____ does _____ complete a _____ from _____ to 100% capacity?

_____ me _____ average time _____ go from _____.

What _____ average _____ to _____ from zero to _____ capacity?

What _____ takes _____ fully charge from zero to _____?

_____ much _____ needed _____ complete a _____ with no battery power and ends _____ 100% capacity?

How _____ does _____ you to _____?

How long does _____ take to _____ full _____?

I _____ like to _____ would take _____ 0-100%.

_____ long _____ you _____ to charge from _____ to _____?

_____ it take to _____ charge?

_____ you have _____ make a full charge from _____ 100% _____?

_____ need to know _____ full charge from _____ to _____.

What amount of _____ it _____ fully _____?

There _____ average _____ of _____ needed to get _____ refill.

_____ long _____ take _____ full charge?

_____ time _____ for _____ charging process that _____ with no battery power _____ ends with 100% _____?
 _____ of _____ regular timeframe needed _____ a _____ replenishment from _____ remaining to _____ full capacity.
 Do you _____ information on the _____ taken for _____?
 It _____ average _____ fully _____ from zero to _____.
 _____ long does _____ take _____ fully _____?
 I _____ to know when _____ charge _____ take.
 _____ know when a full _____ from _____ 100% takes?
 _____ does it take to get _____ capacity?
 How _____ is needed _____ from zero to _____?
 _____ is the average _____ refill _____ to 100?
 _____ you tell me the amount _____ taken _____ a full refill _____?
 _____ a _____ charge from _____ 100% _____ take?
 _____ you tell me _____ full recharged from _____ can _____?
 Can _____ me _____ interval _____ a complete resupply?
 Can _____ us _____ of _____ time needed for _____ from _____ power left to reach _____ capacity?
 Do you know _____ average amount _____ time _____ get _____?
 How Long will it _____?
 What is _____ amount _____ for _____ 0 to 100% capacity?
 _____ you tell me _____ from zero to _____ take?
 _____ tell me _____ much time _____ will take to _____?
 _____ is the average time _____ to _____ 100%?
 How _____ it _____ from _____ to _____?
 Did you _____ me _____ to _____ the _____ complete charge?
 How _____ it _____ transform from 0 to _____?
 _____ you know _____ time for a _____ refill, starting from _____ going all the _____?
 _____ duration required to _____ the _____ a full charge?
 How _____ does it _____ to _____ complete _____ from 0 _____ capacity?
 What is the average time _____ takes _____ 100%?
 Do _____ an average time _____ a _____?
 _____ you tell me _____ to _____ from _____?
 _____ say when a full _____ from zero _____ capacity _____?
 Can you _____ me _____ a _____ charge _____ to _____ capacity _____ able to _____?
 Did you tell _____ the _____ needed to _____ charge?
 Can _____ tell _____ when _____ for _____ complete recharge is, starting from _____ going _____ to full?
 _____ know when _____ typical _____ for a complete refill _____ starting _____ empty _____ going _____ the _____ to full.
 How _____ to go _____ a _____ battery charge to a _____?
 _____ is _____ average _____ required to _____ refill _____ zero _____ 100% _____?
 How long do _____ it _____ from zero _____ 100% _____?
 _____ long _____ you think _____ get a complete refill _____ full?
 Can you tell _____ a _____ charge from _____ 100% _____?
 _____ the _____ time to fully _____ from _____ to _____?
 How long _____ the _____ take _____ 0 _____?
 How _____ does _____ refill _____ zero _____ to hundred percent capacity?
 _____ it take _____ replenish _____ starting from zero _____?
 Please tell me _____ duration _____ the battery _____ charged?
 What information _____ you _____ the time _____ a _____ refill?
 Can _____ tell me _____ long it _____ back to normal, beginning _____ percent _____ concluding at one _____?
 _____ how much _____ is _____ a complete charging _____ that starts with _____ battery _____ and _____ a maximum _____ of _____?
 _____ typically take to _____ if you start from _____ charge _____ you reach _____ energy _____?
 How long _____ you _____ to make _____ charge _____ zero _____?

_____ time taken to complete the _____ from _____ to _____
 _____ time do _____ have to _____ a full _____?
 _____ average time required _____ refill from _____ to _____?
 _____ is _____ average _____ required _____ replenish _____ zero to _____ capacity?
 _____ you tell me the _____ of _____ full charge?
 _____ full charge, how long _____?
 Did _____ me _____ length of time it takes _____ a _____ charge?
 How long _____ this _____ to _____?
 _____ wondering _____ a _____ recharged from _____ 100% capacity could _____.
 _____ is the average _____ required _____ zero _____ 100 capacity?
 The _____ to _____ refill _____ from _____ to 100%.
 How much _____ necessary _____ a complete charging process _____ with no _____ power and _____ of _____?
 _____ time does _____ take for a _____ recharge to _____ at _____ end at _____?
 How long will _____ a _____ at _____ ending at full capacity?
 Can _____ tell _____ the _____ needed to _____ replenish _____ battery?
 Do you know _____ average _____ complete refill?
 Do _____ know _____ a full _____ from _____ to _____ capacity _____?
 I _____ when a _____ from _____ to 100% capacity _____.
 _____ long do _____ think _____ takes _____ charge a phone from _____?
 How long _____ you _____ will _____ for a _____ recharge _____ at _____ capacity?
 How _____ take to complete _____ zero to 100% capacity?
 How long _____ it take _____ a _____ refill from _____ capacity?
 _____ tell me the average _____ from empty and _____ the way to full?
 How _____ it _____ for a _____ time?
 When a _____ zero _____ 100% _____ will take?
 How _____ does _____ charge from 0 _____ 100%?
 _____ know how _____ takes to _____ from zero to _____ hundred _____ capacity?
 _____ you _____ how long it takes _____ charge _____ to _____?
 _____ does _____ take _____ completely recharge _____ zero percent to hundred _____?
 _____ the _____ of _____ required _____ get _____ complete refill?
 _____ you tell _____ charge will take?
 _____ you _____ us information _____ the _____ taken _____ a _____ from _____ to 100% _____?
 What's _____ average _____ to complete a _____ from _____ capacity?
 How _____ is required _____ a complete charging _____ that _____ power and _____ 100% capacity?
 Do _____ a _____ recharged from zero to _____?
 How long _____ expect _____ from 0-100%?
 _____ the _____ of _____ taken _____ refill _____ zero to full?
 Can you _____ me _____ average _____ for _____ complete refill _____?
 Can _____ me how _____ would _____ for a _____ replenishment from _____ remaining to _____ capacity?
 There _____ of _____ for a _____ full refill from 0 to _____.
 How _____ time _____ needed _____ complete _____ process that starts with no battery _____ ends _____ a _____ capacity _____
 _____ it possible to _____ details _____ the time _____ for _____ full _____?
 _____ long does _____ take to complete _____ from _____ capacity?
 _____ you give _____ an _____ regular time needed for _____ replenishment from no power _____ reaching _____?
 _____ time it takes _____ this to _____ to 0-100%?
 I wanted _____ know when _____ full _____ to _____ takes.
 How much _____ fully _____ from zero to _____?
 How long _____ would take _____ a _____ to start _____ full capacity?
 _____ to _____ will take for _____ to go to 0-100%.
 What's _____ amount _____ time _____ takes to get a _____?

What is ____ average ____ complete the process ____ 100 ____ capacity?

Can ____ give me ____ amount of ____ for ____ go ____ 0-100%?

____ the average time ____ complete a ____ from 0 ____ capacity?

____ it ____ to take for ____ refill ____ 0 to ____ capacity?

____ is ____ to get a ____ zero to full?

____ long do you ____ it ____ fully replenish from ____ 100%?

Did ____ the ____ duration to ____ a complete charge?

Which ____ the average ____ taken to complete ____ to ____ capacity?

Can ____ the typical time ____ starting from empty ____ going all the ____ to ____?

____ you ____ how long it ____ go from zero to ____?

____ much ____ take to fully replenish ____ to 100?

____ you tell ____ an ____ time needed for ____ replenishment ____ no ____ remaining to ____ full capacity?

____ you ____ estimation ____ will take for ____ full replenishment from no power remaining ____ capacity?

How ____ will it ____ charge?

How long ____ the ____ zero to 100% ____?

How ____ does it ____ for a complete ____ process that begins ____ no ____ ends ____ maximum ____ 100%?

What is the ____ time ____ to ____ the ____ from ____ 100% ____?

What is the ____ to ____ the ____ to ____ per cent capacity.

____ can tell ____ the time taken ____ a full refill?

____ you say when ____ recharged ____ zero to 100% ____?

What is the ____ complete ____ zero ____ 100 percent capacity.

____ need ____ know when ____ would ____ full charge ____ to 100%.

____ you give ____ estimation of the time needed for a ____ power ____ to ____ capacity?

____ average ____ complete a ____ from zero down ____ 100% capacity?

____ there ____ information ____ taken for a ____ refill?

____ it take ____ from ____ to full charge?

What ____ average time ____ to ____ the ____ zero to ____ percent ____?

____ full recharged from ____ to ____ would take?

I would ____ know how much time ____ would ____ to ____.

How ____ required to ____ from 0 ____ capacity?

Did ____ the average ____ needed ____ provide ____ full charge?

I ____ question ____ when a ____ from ____ to 100% capacity ____.

Can ____ tell me how long ____ will ____ for ____ replenishment from ____ power ____ reach ____?

____ time is needed to refill ____ zero ____?

____ much time ____ it take ____ a full ____ zero ____ capacity?

____ much ____ a ____ refill take from zero ____ 100% ____?

____ much time is needed for ____ charging ____ that ____ no ____ and ends ____ maximum ____ 100%?

____ long does it ____ you ____ charge?

____ it taking to ____ the ____ zero to 100 ____ capacity?

____ it ____ take to ____ completely ____ starting from zero ____?

Did ____ tell ____ the ____ duration ____ the ____ of the battery?

____ can ____ give about ____ time taken for ____ full ____ zero to ____?

How long ____ take to ____ recover ____ 100%?

How ____ does it ____ charge from ____ 100%?

____ tell me the ____ to ____ the battery ____ complete charge?

What information ____ time taken for a full ____?

How ____ time ____ you ____ make ____ full charge?

Can you ____ it will take for ____ full charge ____?

What ____ the average ____ needed ____ a refill ____ down ____ 100% ____?

How _____ time _____ needed _____ a _____ charging _____ that _____ no _____ power, _____ ends _____ maximum capacity of 100%?

Can _____ show me how _____ get _____ 0-100%?

How much time _____ you _____?

How long _____ it going to _____ from _____?

Can you _____ me _____ charge _____ 100% capacity will take?

I need _____ know _____ it takes to go from zero _____.

I want to _____ when a _____.

_____ can _____ full charge from zero to _____?

_____ long _____ it _____ from _____ to _____?

Can _____ tell _____ a typical time _____ a _____ starting _____ empty _____ going all _____ to _____?

How long is it for _____ from _____?

How much _____ it _____ for a _____?

I _____ to know _____ long it _____ take for _____ full _____ to _____ full capacity.

average _____ to complete the _____ to _____ capacity

_____ will _____ for a complete _____ to _____ at 0% _____ end at _____?

_____ long does _____ usually _____ full _____ to be taken?

_____ you _____ me the _____ a _____ from zero to 100% _____?

How much _____ does _____ to _____ normal, _____ at zero percent and ending with _____ percent _____?

How _____ time is _____ complete the process _____ zero to _____?

_____ you _____ me an _____ it _____ to get _____ 0-100%?

Is _____ a _____ when _____ full _____ 100% capacity would take?

_____ does _____ complete the process _____ zero to 100 _____ cent capacity?

How _____ do _____ it _____ from _____ to 100%?

_____ long _____ needed _____ a _____ process that starts with _____ battery _____ ends with _____ capacity _____ 100%?

_____ the _____ needed to complete _____ charge _____ zero to _____?

_____ long does it _____ to _____ the _____ zero to _____ of _____?

I _____ know _____ a full recharged _____ zero _____ 100% _____ take.

_____ is _____ time needed to fully refill _____ capacity?

_____ as to how _____ it takes _____ to _____.

_____ is _____ average _____ complete a full recharge?

_____ does it take _____ from zero _____ hundred _____ capacity?

I _____ know when a _____ zero _____ 100% _____ take.

_____ it take _____ fully _____ from _____ to 100%?

How _____ is _____ for a complete _____ that _____ power _____ ends _____ a capacity of 100%?

_____ is _____ average time _____ replenish _____ 0 to _____?

_____ tell _____ the usual interval _____ for a _____.

There _____ average _____ to complete _____ process from zero _____ capacity.

_____ it take to complete _____ recharge _____ to 100% capacity?

Can _____ give _____ details _____ the time _____ a full _____?

_____ to _____ when a full _____ zero to 100% capacity _____.

How _____ it take _____ to 100%?

_____ is the _____ time _____ a _____ 0 to 100% _____?

Can you tell _____ the _____ that is _____ refill?

_____ to _____ when a full _____ zero _____ 100% capacity _____.

_____ can it _____ to _____ the _____ from _____ 100% capacity?

_____ would like _____ know _____ estimation of _____ regular _____ needed for _____ replenishment _____ no _____ remaining _____ reaching _____ capacity.

I am _____ the typical _____ a complete refill, _____ from _____ and going _____ way _____.

How much _____ does it _____ from _____ hundred percent _____?

_____ you tell _____ the _____ time _____ complete refill, _____ empty and _____ way to full?

_____ me _____ idea _____ how long it will take _____ the _____ charge?
 _____ long _____ takes to completely refill from _____ hundred _____?
 _____ much _____ for _____ complete charging _____ that starts _____ no battery power and _____ capacity _____ more?
 _____ does _____ to charge 100%?
 _____ am wondering when _____ charge _____ zero _____ 100% _____.
 How _____ it _____ to fully charge _____ full?
 _____ does it take for a complete recharge _____ start _____ capacity?
 What is _____ average _____ to go _____ to _____?
 Can _____ tell me _____ time it _____ a _____ from zero _____ capacity?
 _____ like _____ typical time for _____ starting from empty _____ going all _____ way _____ full.
 _____ will _____ take from _____ 100%?
 I _____ wondering if _____ tell me _____ required to _____ charge the _____.
 Can you _____ me the _____ interval _____ is _____ complete _____?
 _____ wondering when _____ full charge from _____ can _____.
 _____ is the average time needed to _____ a _____ zero _____?
 _____ you tell _____ the time when _____ full _____ from _____ capacity _____?
 Can _____ how long _____ will _____ from 0-100%?
 When _____ charge from zero to _____ would _____.
 _____ is _____ to fully _____ from _____ to 100%?
 _____ time _____ it take to _____ go _____ percent _____ hundred _____ capacity?
 _____ don't _____ what _____ typical _____ for a _____ starting from _____ and going all the _____ to _____.
 _____ long do _____ take _____ make _____ charge _____ zero _____ capacity?
 _____ much _____ is required for _____ complete _____ that starts _____ no _____ but ends with _____?
 _____ time does it _____ to _____ to 100%?
 _____ give an estimation _____ the regular time _____ for _____ replenishment _____ no power remaining to _____ full
 _____?
 _____ average amount of _____ for a single _____ from zero to _____?
 _____ you _____ usual _____ needed _____ a complete replenishment?
 _____ tell _____ the average _____ required to _____ charge _____ battery?
 Can you _____ me _____ this _____ to go _____ 0-100%?
 _____ is _____ average _____ to complete _____ process from zero to _____ capacity?
 Did you tell _____ to provide _____ charge for the _____?
 _____ you _____ me _____ take from 0 to 100%?
 _____ you _____ charging time for _____ battery refill?
 How long _____ it take to complete _____ from _____ to _____?
 Can _____ tell me the _____ of _____ for _____ to _____?
 _____ long is it _____ zero battery charge to _____ charge?
 _____ you tell me more about _____ time _____ refill?
 _____ you tell _____ average _____ give the battery a _____ charge.
 _____ possible to tell me _____ average time _____ from _____?
 How _____ it take _____ the process _____ zero to _____?
 What's the _____ amount of _____ for a _____ from _____ to _____?
 How much time _____ think _____ go to 0-100%?
 What _____ will it take _____ to _____?
 _____ much _____ to complete a charging _____ that starts with _____ and ends _____ of 100%?
 _____ it usually _____ to go from zero _____ full _____?
 _____ long _____ it take to _____ 0% _____ 100%?
 How long _____ usually needed to go from _____ zero _____?
 _____ time it takes to reach 0-100%?
 Can you give _____ a _____ time _____ refill, _____ empty and going _____ the _____ full?
 How _____ time _____ it _____ for _____ recharge _____ start at _____ and _____ at _____ capacity?

_____ the _____ time needed _____ to 100% capacity?
 _____ provide me _____ amount of time _____ takes _____ 0-100%?
 I want _____ know what _____ time is _____ refill, _____ from empty _____ way to full.
 _____ it take _____ fully refill, _____ zero _____ 100%?
 _____ time _____ complete a _____ zero to 100% capacity?
 How long _____ complete refill _____ zero to _____ capacity?
 _____ does it usually _____ for _____ to start _____ end at full _____?
 What _____ the _____ time _____ a complete _____ from 0 _____ 100% _____?
 How _____ to fully charge from _____ to 100%?
 How _____ take _____ completely charge from _____ to _____?
 _____ do you _____ make a _____ of 100%?
 How much _____ will _____ the process from zero _____ cent capacity?
 _____ is the average time needed _____ a _____ zero _____?
 _____ you _____ how long _____ to go _____ 0-100%?
 Are you _____ to _____ when _____ full _____ from _____ to _____ would _____?
 _____ average time taken _____ complete _____ to 100% capacity.
 _____ is _____ time _____ go _____ 0-100%.
 What is _____ time _____ to complete _____ to 100%?
 How _____ does _____ will _____ to 100%?
 Can _____ it would take for a full replenishment _____ no _____ remaining to reach _____?
 _____ you _____ to _____ taken for _____ full _____ from zero to 100% _____?
 How much time _____ needed _____ complete _____ that starts _____ battery _____ and _____ a maximum _____ of 100%?
 _____ amount _____ time _____ for a full refill from _____ to _____?
 When _____ from _____ to _____ capacity can _____?
 How long does _____ take _____ fully charge from _____?
 _____ much time is _____ charging _____ with no _____ power and ends with _____ capacity?
 Is _____ time needed for a _____ replenishment _____ no _____ remaining _____ reach full capacity?
 _____ much _____ is _____ for _____ complete _____ process _____ with no battery power _____ capacity of 100%?
 _____ the _____ amount of time for a _____?
 _____ me the average duration _____ to _____ full charge?
 Could _____ the _____ duration required _____ the battery _____ completely charged?
 Can _____ give an _____ the _____ needed for a full _____ to reach _____ capacity?
 _____ long _____ on average to fully _____ from _____ 100%?
 How long _____ to _____ from a zero _____ to _____?
 _____ tell _____ amount of time _____ will _____ the battery _____ fully charge?
 _____ time _____ it _____ to _____ from zero to _____?
 _____ long _____ to _____ process from zero to 100% _____?
 _____ will _____ recharged _____ to 100% take?
 Can _____ me _____ customary _____ required _____ a _____ refill?
 How _____ do you _____ it _____ 0 _____ 100% charge?
 Is _____ estimation of _____ time needed for a _____ from no _____ remaining to _____?
 _____ is _____ time _____ to complete a _____ from zero to _____?
 _____ long _____ for a _____ refill from _____ to _____ capacity?
 What time-frame _____ get from _____ to full _____?
 How long _____ it _____ fully _____.
 _____ the average amount of _____ needed _____ 0 to 100% _____?
 What _____ will _____ from _____ to _____?
 _____ much time does it _____ to _____ charge _____ 0 to _____?
 How _____ you _____ it _____ to _____ charge?
 What _____ to _____ re-charge?

Is _____ possible to tell _____ the _____ charge from 0 _____ 100% _____?

Can you give _____ the _____ for _____ refill, starting from _____ all _____ way _____ full?

_____ much _____ do _____ it will _____ to _____ a _____ refill from _____ full?

_____ does it take to completely _____ from _____ hundred percent _____?

_____ to _____ a _____ charge from zero _____ 100 _____ take.

How _____ it necessary to _____ from zero _____?

_____ tell me when a _____ charged _____ zero _____ can take?

_____ you _____ to make a full _____ from zero _____?

How _____ you think it would _____ get a complete refill _____?

_____ would _____ for a complete _____ start _____ 0 and end _____ full _____?

What is the _____ complete a _____ from zero _____ 100% _____?

How _____ will _____ fully charge?

How long _____ it _____ completely _____?

Can _____ tell me an estimation _____ the _____ for _____ from no _____ remaining _____ reaching _____ capacity?

How long _____ it _____ for _____?

Did you tell me _____ fully _____ my battery?

_____ time does it take _____ zero _____ 100 _____ capacity?

_____ you _____ us _____ long it takes for a _____ made?

_____ is the _____ taken _____ a _____ charge from _____ 100% _____.

It _____ an _____ charge from zero to _____.

What's the _____ of _____ needed _____ from _____ 100% capacity?

The _____ for _____ complete refill is _____ and _____ capacity.

_____ you tell _____ the average _____ required to _____ the _____ a _____ charge?

_____ long does _____ take _____ complete _____ complete _____ from _____ 100% capacity?

_____ is required to _____ charging process that _____ no _____ and ends with 100% capacity?

_____ long does it _____ a _____ recharging _____ start _____ 0 _____ at _____ capacity?

_____ much time _____ for _____ complete _____ process that _____ no _____ power _____ ends _____ a full capacity?

_____ you _____ time needed to _____ full capacity _____ no power remaining?

_____ would like _____ know how _____ will take _____ full _____ no power _____ to reaching full _____.

How _____ it typically take _____ replenish _____ 0 to _____?

Can you _____ me what _____ is for _____ refill?

_____ you tell me how _____ takes for a _____ refill, _____ from _____ and _____ to full?

How long _____ take _____ recharge _____ start _____ zero and end _____ full _____?

Can _____ give me _____ estimation _____ the time it would _____ full _____ no power _____ to _____ full _____?

_____ refill _____ start _____ zero and finish at full capacity.

_____ long _____ it take _____ fully _____ zero percent _____ 100 _____ capacity?

What's _____ amount of _____ required _____ refill from 0 _____?

When _____ a full charge from _____?

_____ much _____ is required _____ charging process _____ starts with _____ battery power and _____ 100% _____?

_____ know when the _____ time _____ complete refill, starting from empty _____ going _____ the _____ full.

On _____ average, _____ much time is _____ a _____ charging process _____ battery power and _____ with 100% _____?

What _____ the average time _____ to _____ 100 per cent?

I would _____ know _____ time to _____ 0-100%.

_____ much time _____ have to make _____ full _____ from _____ 100%?

_____ you tell me _____ much time it _____ percent to one _____?

What _____ the average duration _____ completely, going _____ zero _____?

Did _____ me _____ duration needed _____ battery a full _____?

_____ you tell _____ what _____ typical time for a _____ refill is, _____ empty _____ going _____ to _____?

How long _____ to _____ from zero to _____?

How long does it take to _____?

_____ you _____ full charge from zero to 100% _____?

_____ long is it _____ to _____ from zero _____?

I want _____ know when _____ full _____ zero _____ 100% capacity.

_____ needed for a complete _____ starts with no battery _____ and ends with _____ capacity?

Can you give _____ the _____ to _____ from _____?

I need _____ time needed for _____ full replenishment from no power left _____.

_____ it _____ to fully charge from _____ 100%?

_____ long shall it _____ from _____?

_____ the typical _____ of time it takes _____ complete _____?

_____ the _____ amount of time required _____ from 0 to _____ of _____?

Did _____ tell _____ the average duration _____ for _____?

_____ long _____ take _____ to 100%?

How _____ time _____ for a _____ process that starts with _____ battery power _____ capacity of _____?

How _____ is _____ complete charging process _____ starts with no battery _____ ends _____ 100%?

_____ is the average _____ a _____ from zero _____ 100% capacity?

_____ able to _____ me how _____ takes to _____ 0-100%?

Did _____ time _____ give the battery a full charge?

How _____ it _____ to fully _____ from _____ 100%?

How much time _____ needed _____ a _____ charging process _____ starts _____ no _____ power _____ ends _____ capacity _____?

Do you _____ will take _____ 0-100%?

I _____ to _____ the regular _____ for _____ from no power _____ to reaching full capacity.

_____ tell _____ when the typical _____ complete refill _____ starting from empty _____ all the _____ to _____?

I _____ to know the _____ time _____ from _____.

What is _____ average _____ to _____ refill from zero _____ 100% _____?

Does it _____ an _____ time to _____ to 0-100%?

_____ tell me how _____ for a _____ charge _____ zero to _____ capacity?

Can _____ tell _____ the _____ complete recharged, from empty _____ full?

How much time _____ you need _____ make _____ from zero _____?

On average, how long _____ completely _____?

How much _____ you _____ take _____ go to 0-100%?

Can you _____ the _____ time _____ complete recharging is?

_____ time is needed _____ complete the _____ from _____ to _____ cent _____?

I _____ to _____ to _____ charge from _____ to 100% capacity.

_____ average amount _____ time needed to _____ a _____ zero _____ full.

How _____ take _____ charge _____ zero to 100%?

The _____ complete the process from _____ to _____ capacity.

Did _____ required _____ give the battery _____ full charge?

_____ you able to give _____ on the time taken _____?

How long does _____ take _____ complete _____ recharged from _____?

What _____ the _____ time _____ process _____ to 100 percent capacity?

How much _____ taken to complete _____ from zero _____ capacity?

It _____ on average _____ fully _____ from _____ to _____.

How _____ does it _____ complete _____ refill, starting _____ and _____ at _____ capacity?

Is _____ an _____ time required _____ complete _____?

_____ much time _____ it take for _____ complete _____ process _____ starts with _____ power and _____ at _____ capacity _____?

What's _____ average _____ of _____ it _____ to _____ zero _____ 100% capacity?

_____ me an _____ amount of time _____ takes _____ 0-100%?

_____ long will _____ to _____ a 100% _____?

_____ to know the typical _____ for _____ complete _____ from empty and _____ the way _____.

_____ question about how _____ take _____ zero to 100%.

_____ is _____ average time _____ complete recharged?

_____ you tell _____ how long _____ takes _____ go _____ zero percent _____ one _____ ?

Can you _____ the typical _____ to _____ a complete _____?

Can _____ long it would take _____ a full _____ from _____ power to _____ full _____?

_____ do it _____ to fully _____ zero to _____?

How long it _____ fully _____ zero to _____?

What _____ the average time _____ complete _____ zero to _____ cent?

How _____ that take from _____?

What is the average _____ takes _____ complete _____ from zero _____ percent _____?

_____ you tell _____ when the typical _____ a _____ recharged?

_____ you _____ me _____ 100% capacity charge takes?

_____ long does it _____ recharging _____ be complete?

Do you _____ the _____ duration _____ to _____ the _____?

I _____ to _____ when the average time for _____ refill _____ starting _____ all the _____ to _____.

An average amount of _____ for a _____ refill _____ capacity.

_____ know _____ duration required to _____ battery a _____ charge?

_____ much time _____ for a _____ that _____ with no battery _____ but _____ at maximum _____ 100%?

_____ do it take _____ fully _____?

_____ is _____ average time taken to _____ a recharging _____ to _____?

_____ know when a full _____ zero to _____ takes.

_____ tell me the _____ it _____ take _____ fully _____ the _____?

How long _____ it _____ for a _____ refill, _____ ending at full _____?

How _____ it take _____ zero to 100%?

I don't _____ go from 0-100%.

Is it _____ to _____ a full charge from _____ capacity _____?

When a full _____ from _____ 100 _____ take?

How _____ is needed _____ complete _____ process?

_____ is _____ usually _____ to _____ from _____ 100% battery charge?

Can you tell _____ how _____ needed _____ a _____?

How long _____ it take for _____?

How long _____ it take _____ a complete recharging, _____ ending _____ full _____?

_____ long is _____ get a complete _____ from zero _____?

What _____ the _____ takes to _____ the _____ zero _____ 100 per cent _____?

_____ long _____ it take for recharging _____?

How _____ does it _____ for the _____ made?

All the way up _____ 100% _____ much time _____ a _____?

Can _____ me how long _____ takes _____ get back to _____ percent _____ ending with _____ hundred percent _____?

_____ is _____ required for _____ refill from _____ to 100%?

_____ you _____ me _____ long a _____ charge from zero _____ take?

_____ you _____ time _____ usually takes to go from zero _____ one _____ percent capacity?

_____ does it typically take _____ 0 to _____?

_____ is _____ average _____ complete a Recharge from zero _____ 100% _____?

Average amount of _____ to refill from _____.

_____ have _____ on the time _____ for a _____ refill?

How _____ time _____ it _____ back to _____ at _____ percent _____ concluding _____ one hundred percent capacity?

_____ time does _____ to go from zero _____ one hundred _____?

Can you show _____ full charge from _____ 100% _____?

Can you _____ what _____ time is _____ a _____ refill?

How long _____ to _____ from zero _____ percent capacity?

_____ time _____ needed for _____ charging process _____ starts _____ no battery power _____ a _____ capacity of 100%?

What's the _____ refill from zero _____ 100%?

A complete _____ from _____ takes an _____ amount _____ time.

_____ me when a _____ charge from zero _____ 100% _____?

_____ would like to _____ how long it _____ a _____ replenishment _____ no _____ reach _____ capacity.

_____ take to fully recharged from _____ 100%?

What _____ do you need to _____ full charge _____ capacity?

_____ know _____ have an _____ amount of time for _____ go _____ 0-100%.

Can _____ me _____ time when _____ full charge _____?

_____ much time will _____ to _____ 100%?

_____ how _____ takes _____ go from _____ percent to one hundred percent?

_____ is _____ average time needed _____ complete charge from 0 _____?

_____ long is _____ that it takes _____ process _____ to _____ capacity?

Can _____ if _____ full recharged _____ to 100% takes?

_____ time _____ is _____ to fully _____?

How much time _____ it will take _____ to _____?

How long do _____ will _____ get _____ full refill _____ to full?

How _____ time does _____ you to _____ a _____?

_____ you tell _____ full _____ from zero _____ 100% capacity _____?

What's the _____ to recharged _____ zero to _____?

What time _____ it _____ complete _____ from _____ to 100% _____?

How long _____ re-charge completely?

_____ tell me the usual interval _____ a _____ resupply?

_____ take for a full replenishment _____ power remaining to _____ full _____?

_____ usually needed _____ go from a zero _____ charge to _____ full _____?

Can _____ tell me how _____ it _____ to charge?

Can you _____ to fully charge the battery?

_____ you know _____ of _____ it takes to _____?

The amount _____ it takes _____ from zero to 100% _____.

_____ duration of recharged completely, going _____ zero _____ 100%?

_____ know how long _____ for a full _____ from no power _____ full _____?

What _____ the _____ time _____ the process _____ zero to _____ percent _____?

How much _____ a _____ replenishment _____ power _____ reach full capacity?

Is it possible to _____ details on _____ taken for _____ from _____ 100% _____?

_____ you _____ how _____ it takes _____ full _____ from zero to _____ capacity?

How long _____ take for you to _____?

How long will _____ 100%?

How _____ it _____ take to charge _____ 0 _____?

_____ you _____ usual interval that's needed _____ a complete _____?

_____ must it take to charge _____ 100%?

How _____ usually _____ to _____ a full recharge?

Did _____ tell _____ average _____ required _____ the battery full _____?

_____ give _____ estimation of the _____ required for a full replenishment from _____ remaining _____?

_____ possible to _____ estimation of the _____ needed _____ a _____ from _____ power _____ to reach full capacity?

_____ you provide an estimation of _____ would _____ a full replenishment from _____ remaining _____ capacity?

How much _____ you need _____ charge _____ 100%?

_____ is _____ regular _____ needed for a _____ replenishment from _____ remaining to _____?

I _____ to _____ long _____ take to go _____ 0-100%.

How long does _____ refill _____ zero _____ to _____ percent capacity?

How long _____ a complete charging _____ starts _____ power and ends _____ a _____ of 100%?

What _____ average _____ the process _____ zero _____ 100 _____ cent capacity?

_____ long _____ it _____ to complete _____ complete _____?

How long does _____ take _____ a complete _____ at _____ and _____ full _____?

_____ it _____ the process _____ to 100 _____ cent capacity?

_____ to _____ from zero to 100% capacity takes.

_____ much time is _____ a complete _____ process that _____ battery _____ ends _____ maximum capacity of _____?

How long _____ you think _____ take _____ a _____ to start at zero _____ full _____?

Is there an _____ of the time _____ for a _____ no _____ to reaching _____?

_____ wondering _____ average _____ to go from _____.

Can _____ give _____ of how long it _____ to _____ to _____?

How _____ time _____ to _____ from zero to _____?

_____ tell me _____ it would _____ this _____ go to 0-100%?

_____ much time do _____ think _____ needed _____ refill from zero to _____?

Can _____ me know _____ interval _____ for _____ complete resupply?

_____ it _____ make a _____ charge _____ 0 to 100% capacity?

Could _____ give us _____ estimation _____ the _____ full replenishment from _____ remaining to reach _____ capacity?

_____ much _____ is needed _____ replenish from _____ to _____?

How _____ taken to complete the process _____ capacity?

_____ long _____ take _____ a complete recharging _____ start _____ and end _____ full _____?

How long _____ to complete _____ zero to 100 per _____?

Is _____ taken to complete the _____ zero _____ 100 _____ cent?

How long _____ refill _____ 0 to 100% capacity?

How much time _____ for a _____ begins _____ no _____ and ends up with 100% _____?

Do you _____ how _____ it usually _____ to get back _____ normal, beginning _____ zero _____ and _____ one _____?

_____ is the average _____ of _____ for _____ single full _____ 0 to _____?

How _____ you _____ to make _____ charge?

What _____ the average _____ of _____ takes _____ from _____ to full?

The _____ time it _____ to refill from _____ to _____.

_____ does it typically take _____ replenish from _____ 100%?

Can _____ tell _____ it takes to _____ to _____?

Can _____ tell _____ long it usually _____ completely _____ and ending with _____ hundred percent capacity?

_____ to _____ when a _____ recharged _____ 100% will take.

How long _____ it usually take _____ if you _____ charge.

How _____ take to fully _____ from _____?

I want _____ know _____ go up _____ 0-100%.

_____ average amount of _____ required for _____ full _____ from _____ to _____?

_____ does it take to _____ zero _____ 100%.

Can you tell me how long _____ for _____?

How much _____ will _____ for a complete _____ to _____?

_____ you _____ when a _____ charge _____ zero to _____?

What is _____ average _____ fully _____ from zero _____?

_____ need an _____ of _____ regular time _____ a full _____ power _____ to reach _____ capacity.

How long does it take _____ from _____?

Do you know _____ time it _____ to go from _____ percent?

How much time _____ take _____ complete _____ process that starts _____ no _____ ends with _____ capacity?

_____ time- frame is _____ to _____ to full _____?

_____ time will _____ take _____ charge _____ zero to _____?

_____ will a full _____ zero _____ 100% capacity _____?

How long _____ take _____ a full charge _____ 100% capacity?

_____ you tell _____ the amount _____ time _____ 0-100%?

_____ much time can it _____ to _____ ?
 _____ can _____ from zero to 100% capacity would take.
 _____ long _____ a 100% _____ ?
 _____ you tell _____ long _____ take _____ go from 0-100%?
 _____ the average amount of _____ complete a full _____ ?
 How long will it take to _____ from _____ 100 _____ ?
 _____ need to _____ when a _____ zero to 100% _____ can _____.
 _____ long _____ take _____ back to 100%?
 Did _____ tell _____ average duration that was required _____ a full _____ ?
 _____ want to _____ long _____ be from 0-100%.
 _____ the _____ time _____ fully refill?
 _____ you _____ me what _____ time _____ for a complete _____ ?
 _____ much _____ is _____ for a _____ recharge from _____ to _____ ?
 _____ to 100% capacity, _____ the average _____ taken?
 Can _____ give _____ the _____ for a full charge?
 _____ long will _____ to 100%?
 _____ takes _____ average to charge from _____ .
 _____ when _____ would _____ a full _____ from zero to 100%.
 _____ long is _____ needed to _____ from zero _____ full _____ ?
 _____ tell me about the time _____ a _____ zero _____ 100% capacity?
 I'd _____ know _____ average amount of time it _____ to _____.
 _____ long does _____ take _____ from zero to _____ ?
 _____ it _____ you _____ charge _____ zero to 100%?
 Can you _____ me _____ a full _____ from _____ to 100% _____ ?
 _____ you tell _____ typical _____ for a full refill, _____ from empty _____ to full?
 Can _____ provide the _____ for a full _____ zero _____ capacity?
 _____ needed _____ complete a refill _____ to 100% capacity?
 How _____ does _____ take _____ rebuild _____ to 100%?
 _____ like to know when a _____ take.
 What _____ time _____ to recharge from _____ 100% capacity?
 Can _____ give me _____ estimation _____ time _____ full capacity from no _____ remaining?
 _____ will _____ take _____ it to 100%?
 _____ long _____ take _____ a complete charge?
 How _____ it _____ take _____ a complete _____ ?
 _____ much time _____ it _____ complete the process from _____ to _____ ?
 _____ is the average _____ of time _____ from 0 to _____.
 _____ much _____ take to _____ from _____ to 100%?
 _____ much _____ does it take _____ a _____ ?
 What _____ needed _____ a full charge from _____ to _____ capacity?
 I want to know _____ average _____ required _____ refill _____ to _____ capacity.
 Can you _____ me _____ it _____ take me _____ 0-100%?
 _____ does it take to _____ from _____ 100 _____ ?
 How much time is needed for _____ full _____ starts _____ at 100% capacity?
 Can you tell me how _____ takes to get _____ normal, _____ and _____ with one hundred _____ ?
 How _____ a _____ take?
 _____ is _____ complete the _____ from zero to _____ capacity?
 Tell _____ long _____ go from zero percent _____ one _____ percent _____.
 On average, _____ needed _____ a complete charging process that starts _____ no _____ ends with _____ 100% _____ ?
 What is _____ average time needed _____ complete _____ complete _____ 100% _____ ?
 _____ average time needed _____ a complete _____ ?

Can ____ tell ____ the average ____ time ____ will take to ____ ____ ____?

How ____ would ____ for a ____ replenishment from no ____ remaining to ____ ____ ____?

____ do you ____ to ____ from ____ to full ____?

How ____ it ____ to fully ____ to 100%?

How much time is necessary for a ____ process ____ starts ____ no ____ ____ ____ at ____ ____?

How long ____ the process ____ zero ____ 100 per cent?

____ is ____ average time ____ a ____ refill starting ____ 0% ____ ending at ____ ____?

When a ____ 100% capacity ____ can ____ tell me?

Can you tell ____ the ____ time ____ for ____ refill, ____ to full?

____ give ____ estimate of how ____ take for a full ____ from no power ____ reach ____?

What ____ the average amount ____ complete a ____ refill?

____ much time ____ to ____ full ____ from zero to 100%?

____ does ____ take to ____ process from zero to ____ capacity?

____ much time ____ necessary for ____ complete ____ starts ____ battery power ____ with 100% capacity?

I'm wondering ____ full charged from zero ____.

____ possible for ____ tell me how ____ it takes to go ____ zero percent ____ one ____?

How long ____ from zero to 100%?

What ____ average time ____ to ____ refill ____ zero to ____ capacity?

How ____ it ____ 0% ____ 100%?

Do ____ it will ____ for ____ full replenishment ____ no power ____ reach full ____?

How ____ time ____ you ____ it ____ to ____ a ____ charge?

____ time to ____ from ____?

Please tell me ____ average duration needed ____?

____ is the ____ taken to complete the ____ from ____ percent ____?

____ you ____ a ____ charged from zero ____ 100% takes?
