

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Meter reading disputes or queries
Inquiry Sub-Category	Incorrect meter reading
Description	Customers dispute meter readings due to discrepancies between their actual usage and the readings provided by the supplier. This can lead to billing issues and calls for clarification or adjustment of charges.
Data Size	5,041 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Typically, how long does _____ for _____ disputing _____ incorrect electric-meter-readings claim _____ ?

_____ be before the _____ meter dispute is _____ ?

Time to resolve _____ claim about the _____ ?

What is the duration for _____ related _____ electricity _____ .

How long _____ it _____ to _____ related _____ readings on _____ meters?

When contesting _____ of incorrect _____ readings with _____ what _____ be?

_____ for an _____ how long _____ will _____ to _____ disputes related to incorrect electric-meter-readings _____ .

When contesting _____ of _____ readings _____ providers, _____ the _____ duration?

What _____ the _____ that _____ over _____ electricity _____ readings can _____ solved?
