

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Product performance and efficiency questions
Inquiry Sub-Category	Noise Level
Description	Customers ask about the noise levels generated by our appliances, seeking information on quiet operation and potential vibrations.
Data Size	5,648 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

What steps are ____ taken ____ operational ____ and ____ unwanted ____ all ____ lines?

What ____ were ____ reducing noise and motion in ____?

How is ____ company working ____ reduce operational sounds ____ unwanted ____?

____ there any effort to ____ operational noise disturbance ____?

What ____ the ____ that ____ taken ____ noise and vibration?

____ plans to ____ noises and ____ from your entire ____ line?

Plans on ____ cut down ____?

What steps were taken ____ operational ____ across ____ product ____?

How ____ to reduce operational sounds and ____ rid ____ its products?

Is ____ steps ____ reduce the noise ____ in ____ lines?

I need ____ how ____ operational ____ and vibrations ____ your ____.

Are there any plans to ____ operational ____ entire product ____?

____ there any plans to eliminate ____ and ____ product line?

____ there ____ taken ____ cut ____ operating noise ____ your product lineup?

____ there any ____ to ____ unwanted vibrations ____ ranges?

Have ____ steps ____ taken ____ and ____ unnecessary vibration from your product ____?

____ done ____ cut ____ on ____ sounds?

____ you taking ____ rid of operational noise ____?

____ noises decreased for ____ products?

____ reducing ____ and vibrations?

Is ____ any steps ____ to ____ and ____ in different product ____?

What are ____ to reduce operational noises ____?

How ____ addressing ____ noises ____ all of your ____?

____ there any ____ actions that ____ annoying ____ movements ____ diminish ____ of ____?

____ you have ____ reduce ____ noise and vibrations?

____ there any ____ tackle ____ in your ____ lineup?

Which are the best ____ operations and ____ all ____?

____ any plans to eradicate operational noises from ____?

Are ____ to eradicate undesirable ____ products?

_____ promote quieter _____ for all _____?

Is there _____ to eliminate disruptive _____ in the _____?

_____ progress _____ reducing _____ noises _____ eliminating vibrations from _____ entire product range _____ .

What _____ taken _____ vibration-free products?

_____ steps _____ reduce operating _____ levels in _____ product lineup?

_____ steps were taken _____ noise in your _____?

Is _____ being done _____ eliminate operational _____ noise?

_____ any actions _____ taken to _____ down on _____ and vibrations _____ line?

_____ any steps _____ to _____ the product _____?

Have _____ to cut _____ on operating _____ levels _____ your _____?

_____ is being _____ eliminate operational sounds and _____?

Is _____ ongoing actions _____ vibrating _____ decreasing _____ noise throughout various _____?

_____ we have _____ plan _____ operation sound volumes or _____ much noise?

What _____ are being _____ operational _____ shake across different _____ lines?

Is _____ work underway _____ products?

_____ want to _____ how you're addressing _____ across all your _____.

Have any _____ cut _____ on _____ amount of _____ noise in _____ lineup?
