

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Product features and specifications inquiries
Inquiry Sub-Category	Security and biometric features
Description	Customers inquire about the security features present on their smartphone, including fingerprint sensors, facial recognition systems, iris scanners, or additional privacy options like secure folders or app lock.
Data Size	7,241 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ specific process _____ to _____ and configure _____ scanning functionality upon _____?

Is _____ up _____ a specific process?

How do _____ set _____ start?

_____ initial _____ to enable and personalize _____ scanning?

Is there a set process for _____?

What _____ the _____ for getting _____ fingerprint _____ to _____?

_____ would like _____ if _____ a procedure to _____ use the _____ scanning.

_____ to _____ if we _____ any _____ for setting up fingerprints.

_____ needed _____ set _____ fingerprints on an initial _____ up?

_____ you _____ to follow any specific _____ fingerprints?

_____ there a _____ for setting up _____ on _____?

Is _____ method required _____ set fingerprints _____?

_____ need _____ special _____ for the _____ your fingerprints?

What steps _____ setup _____ fingerprint scanning?

I'm wondering _____ is _____ process for _____ up _____.

_____ do _____ set _____ scanning on _____ use?

_____ there a _____ and use fingerprint _____?

_____ want _____ there is _____ procedure _____ setup and use fingerprints upon _____.

_____ you have _____ configuring and enabling fingerprints _____?

_____ we have _____ procedure _____ initializing and customizing _____?

_____ would _____ to know if a _____ is _____ setup _____ use _____.

How do _____ set _____ first time?

Is _____ a procedure _____ I need _____ to _____ personalize fingerprints _____ initial _____?

What is the _____ and configuration _____ scanning?

_____ the _____ function need _____ specific _____ the start?

Can you give _____ on how to set _____ on this _____?

_____ there _____ guidelines _____ configuring finger _____ when _____ up _____ device?

_____ like _____ know if there _____ process to _____ make changes to _____ fingerprints.

Can ____ give ____ instructions on ____ to setup ____ use ____ ?
____ fingerprints ____ a specific ____ process?
____ follow ____ for setting ____ a fingerprint reader?
Should ____ be a ____ process ____ of ____ ?
How ____ I set up ____ ?
Is ____ specific ____ up fingerprints?
Is ____ a way ____ on this phone during ____ first ____ ?
____ you ____ how ____ setup ____ scanning?
____ for ____ during the setup?
____ up the fingerprints, is there ____ process ____ doing ____ ?
Is ____ any instructions ____ how ____ set up and ____ on ____ ?
____ there a ____ for ____ ?
Are you looking ____ special ____ fingerprint ____ ?
Can you tell me how to ____ and ____ phone?
What needs to ____ done in ____ to enable ____ ?
