

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Security and privacy concerns
Inquiry Sub-Category	Software Updates
Description	Customers seeking information on the latest software updates and security patches to safeguard their operating systems, applications, and connected devices against potential vulnerabilities.
Data Size	5,447 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

What _____ when _____ operating systems, _____ and connected devices?
How _____ stay _____ after we _____?
What precautions should _____ when we update _____ connected devices?
I _____ know _____ safety measures to follow during _____.
Updating _____ connected devices?
_____ I get suggestions _____ keep _____ when I _____ my _____?
_____ should be considered when updating _____ operating systems, _____ linked _____?
_____ can we _____ operating _____ the _____ of an update?
I'm _____ there _____ any _____ for _____ while updating an _____ system.
There _____ safety _____ that _____ considered when updating software _____.
_____ steps _____ be taken _____ secure _____ app, _____ updates?
_____ update our operating _____ and applications, _____ actions _____ we _____?
When _____ and _____ what should we keep _____ out _____?
What preventive measures _____ be _____ when _____ operating _____ apps, _____?
How _____ we _____ it's safe to _____ software _____ devices?
What _____ we _____ to _____ operating systems, applications, _____?
What _____ the security _____ should _____ observed _____ operating systems?
_____ can we protect _____ systems?
_____ do we _____ when _____ our equipment online or _____?
Before updating our _____ what _____ need to consider?
Update _____ and _____ what should we do?
When updating _____ operating _____ apps _____ what should _____ considered?
_____ there any precautions _____ taken for updating our _____ applications, _____ devices?
_____ be _____ to _____ OS, app _____ device _____ secure?
What are the measures _____ to _____ systems?
_____ recommendations do you have _____ staying _____ updating _____ operating _____?
_____ to follow _____ updating _____ OS, apps, _____ connected devices.
There _____ specific measures _____ be implemented _____ updating _____ apps, _____ devices.

What _____ we use to _____ applications and connected _____?

Updating _____ operating _____ devices should take precautions.

What _____ should _____ use when we update our _____ applications, _____?

How _____ we care _____ apps, and _____?

_____ carrying out updates _____ operating systems, _____ should be _____?

_____ carrying _____ updates _____ operating systems, _____ linked _____ preventive measures _____ be taken?

_____ do to _____ when we update software?

_____ need _____ taken _____ OS, apps, and connected devices _____?

_____ to _____ what to _____ for when _____ OS, _____ and gadgets.

Which _____ must _____ taken _____ operating systems or _____?

What _____ be done when _____ systems and _____?

Extra _____ during _____?

What preventative _____ be taken _____ operating _____ apps _____ linked tools.

_____ can security be _____ process of updating _____?

_____ software and devices, _____ safety steps should _____?

_____ preventive measures must _____ taken _____ our _____ systems, _____ and linked _____?

_____ the _____ of _____ application and internet-attached _____ how _____ ensured?

_____ are the _____ for the updating process _____ OS, _____ and _____?

_____ can we do _____ make _____ systems safe _____?

What _____ the recommended _____ guidelines _____ updating _____ applications?

_____ should _____ take to update our _____ devices?

Before _____ operating systems _____ connected appliances, _____ be _____?

_____ should be taken _____ OS, app, _____?

What _____ best _____ ensure safe _____ application and _____ updates?

_____ advise the _____ ensure secure updates _____ systems, applications and _____.

_____ safety _____ be taken when updating _____ and _____.

_____ should _____ be _____ out _____ when updating _____ and gadgets?

What _____ are _____ update OS, _____ and connected _____?

_____ keep our _____ safe _____ we update?

_____ precautions that _____ to be taken for _____ systems, applications, _____ devices?

_____ to stay _____ quickening an _____ system update?

_____ some safety measures to follow during device/software _____.

Can you tell _____ specific _____ when updating _____ OS, _____ and connected _____?

When _____ our operating _____ and linked _____ preventive measures should be _____?

Updating _____ and _____ should _____ steps.

What are _____ measures _____ be implemented when _____ apps, and _____?

_____ systems, applications _____ connected devices

How _____ maintain safe _____ system, _____ updates?

Measures _____ taken _____ app and device updates

What _____ be _____ OS, app, _____ updates?

Is it _____ due safety _____ all software and _____?

_____ updating our _____ connected devices _____ there specific measures _____ need _____ implemented?

How _____ make sure _____ updating our _____ or app-based?

_____ are _____ for secure updates of our _____ apps, _____?

_____ can be done _____ app and device _____?

_____ make _____ that we upgrade software _____ gadgets effectively?

_____ operating _____ and _____ devices, what _____ should be _____?

Is _____ special _____ needed when _____ comes _____ operating _____ and apps?

What precautions _____ required _____ our _____ and _____?

When _____ and gadgets _____ keep an eye _____ for?

During theUpgrading OSs', _____ internet-attached tools _____ be ensured?
 _____ can security be _____ OSs, applications, and internet-attached _____?
 What should _____ done _____ applications, and connected _____ updated?
 How _____ the _____ be ensured _____ the _____ of _____?
 _____ updating our OS, _____ connected devices _____ be specific _____?
 _____ we update our _____ applications, _____ security guidelines?
 Before updating our operating _____ what _____ have _____ account for?
 _____ OS, apps, _____ should we look out _____?
 _____ stay _____ when we _____ the _____?
 _____ precautions _____ be _____ when updating OS, app, _____?
 Ensure _____ of operating systems, _____ connected _____.
 _____ do _____ make _____ safe _____ we update?
 Do we _____ to use _____ updating our OS, _____ connected _____?
 _____ safety steps to _____ updating _____ and devices.
 _____ should we handle _____ for _____ systems _____ applications?
 _____ should _____ as _____ update OS, apps, and _____?
 How _____ we update our operating _____ and _____ devices _____ safer?
 _____ want to _____ about _____ safety measures _____ follow during _____.
 _____ it _____ and software updates, what _____ do _____ recommend?
 _____ systems, applications and connected _____ what precautions _____ be _____?
 How can _____ put _____ during the _____ OSs?
 _____ systems, _____ connected _____ should include measures _____ improve security.
 _____ safety steps _____ one should consider _____ software.
 _____ we _____ systems and devices safe while _____ updated?
 Security _____ be _____ updating operating _____ applications and _____.
 _____ precautions exist when it comes _____ OS, _____ and _____?
 _____ our _____ and tools, what preventive _____ be taken?
 How _____ security measures be _____ care of _____ of _____?
 _____ should we _____ to _____ our operating systems, _____ and connected _____?
 _____ updating OS, _____ gadgets, what _____ watch _____ for?
 _____ you _____ to _____ safety _____ to follow during device/software _____?
 _____ actions need _____ taken _____ updating our operating systems _____.
 What safety procedures _____ we _____ before we _____?
 _____ taken _____ secure _____ app, and device updates
 How _____ we _____ systems, applications, and _____ devices _____ security?
 What _____ exist when _____ apps, _____ connected _____?
 Updating operating systems, _____ connected _____ should _____.
 How should _____ prepare _____?
 I'd like to _____ how _____ security _____ updating _____.
 When _____ systems, applications _____ devices, what _____ should _____ taken?
 I _____ like some _____ on _____ keep _____ updating _____ OS.
 Updating software and _____ some _____.
 _____ we use _____ measures _____ update our OS, _____ connected _____?
 Security should _____ updating operating systems, applications, _____
 _____ give _____ some _____ to _____ during device/software upgrade?
 _____ it _____ updates _____ operating _____ and applications, _____ do _____ have to take?
 _____ should _____ watch out _____ updating our gadgets _____?
 _____ make _____ our systems are _____ the update?
 _____ updating _____ applications, and _____ devices, _____ should we take precautions _____?
 _____ needed to _____ our systems?

_____ should _____ watch _____ for when _____?

_____ systems and _____ be updated _____?

How _____ we protect _____ app, device _____?

_____ can we _____ our systems _____?

How should _____ guidelines be _____ OSs, applications _____ devices?

What precautions _____ in _____ for _____ of OS, _____ and _____ devices?

_____ any extra measures _____ system/software _____?

When updating our _____ systems, _____ linked _____ what preventative _____ considered?

_____ when updating _____ systems, applications, _____ be observed.

_____ our operating systems, applications _____ connected devices _____.

How should _____ update _____ systems and applications _____?

What _____ done _____ OS, app and _____ updates?

When updating systems _____ applications, are _____ need _____ taken?

_____ what _____ look out for when updating _____ and _____?

Measures _____ updating OS, apps and _____.

Should _____ take precautions _____ updating our operating _____ and _____?

Can _____ tell _____ to take during device/software _____?

What _____ during _____ device updates?

_____ precautions _____ taken when our systems and _____ updated?

There _____ measures to _____ our OS, apps _____ devices.

How _____ be observed _____ updating _____ systems, _____ devices?

_____ make _____ the _____ systems, applications, and connected _____ during updates?

How _____ and _____ updated securely?

_____ should be _____ to updating our systems?

For secure _____ device updates _____ must be _____?

_____ precautions need to _____ taken when _____ upgrade _____ systems _____?

How do _____ safe _____ we _____?

Which _____ should we _____ we _____ our _____?

How _____ stay safe _____ change _____?

_____ procedures _____ be used when _____ our _____?

_____ the _____ should be taken _____ OS, _____ and devices?

What _____ update _____ operating systems, applications, and connected _____?

_____ steps _____ secure equipment and software updates?

_____ should _____ taken when updating our operating _____ and _____?

Which _____ are required _____ update _____ apps, _____ connected _____?

_____ do we watch _____ when _____ OS, _____ gadgets?

Which _____ needed to _____ operating systems _____ appliances?

Is it _____ precautionary _____ updating software or connected _____?

_____ precautions _____ be taken _____ system _____ app installations?

What _____ when updating software?

When updating _____ gadgets, what _____ we _____?

Are _____ any precautions _____ be taken _____ applications, and connected _____?

_____ our _____ applications, _____ connected _____ what _____ we do?

_____ we _____ safe operating _____ application, and device _____?

_____ that must be taken during _____ updates.

_____ should we _____ safe _____ update _____?

_____ should be observed when updating _____ systems, _____ and devices?

Can you tell _____ about _____ precautions _____ operating _____ and connected _____?

_____ possible _____ certain measures _____ our OS, apps, _____ connected devices?

_____ are _____ measures that _____ for secure OS, _____ device updates?

Is _____ care needed to _____ and apps a refresh?

When updating _____ systems, _____ devices, what _____ should _____ taken?

_____ precautions need to _____ taken _____ to _____ operating _____?

_____ I _____ for suggestions on _____ security while _____ an _____?

How can _____ ensure that _____ application, and _____ are _____?

_____ precautions should be _____ when _____ updates _____ installations _____?

So, what should _____ out _____ OS, _____ and gadgets?

Can _____ share some _____ follow during _____ upgrades?

During _____ upgrade process _____ OSs, applicationa _____ internet-attached tools, how _____ _____?

_____ do we keep _____ while they are _____?

_____ of our _____ systems, applications _____ connected devices, _____ be advised.

_____ preventative _____ be _____ update our operating _____ and linked tools?

_____ guidelines should _____ when updating our OSs, applications _____?

Is _____ any precautionary _____ on _____ upgrade software or _____?

What _____ needed during _____?

_____ must _____ to update our _____?

_____ must _____ carrying out _____ for our operating systems?

What precautions need _____ taken _____ OS updates?

Is there any _____ to _____ while updating an _____?

_____ should we _____ about _____ OS, apps, and _____?

_____ updating operating systems, apps _____ preventive _____ to be considered?

What do _____ to _____ out for _____ OS, _____ and _____?

During the _____ OSs, _____ security be _____?

_____ we should take _____ updating our operating _____ connected devices?

_____ and gadgets _____ what should _____ watch _____ for?

_____ security be _____ process of upgrading OSs'?

There _____ steps that _____ taken for _____ secure _____ operating systems, _____ and connected devices.

Are _____ safety precautions _____ device/software upgrades?

_____ we _____ to make _____ updating all software and devices?

_____ do _____ protect _____ operating _____ during _____?

_____ operating systems, _____ devices

How can _____ during _____ upgrade of _____ internet-attached tools?

How can _____ software and devices _____ safe?

What should be considered _____ out updates _____ systems, apps, _____?

_____ steps _____ update systems, apps and connected _____?

_____ tell _____ the precautions for updating our _____?

Extra _____ needed for _____?

There are _____ ensure secure updates _____ applications, and _____ devices.

_____ the _____ upgrading _____ applicationa nd _____ tools, _____ security measures _____ ensured?

_____ some safety measures _____ device/software upgrades!

How can security _____ during the _____ and applications?

Can _____ get some _____ how _____ maintain _____ an OS?

What precautions should _____ taken when updating _____?

When _____ operating _____ or _____ appliances, _____ precautions _____ taken?

Any _____ to update _____ apps and _____?

_____ possible to outline some precautionary guidelines _____ improving _____?

_____ precautions _____ be taken while _____?

_____ be _____ could share _____ safety measures _____ follow during _____ upgrade.

Take _____ necessary _____ secure updates _____ operating systems, applications _____ connected _____.

How can _____ keep our systems _____ safe _____?

_____ are specific _____ to _____ implemented _____ OS, apps _____ connected devices.

Is _____ possible to _____ precautionary guidelines for _____ gadgets?

Which _____ is _____ we _____ our _____?

_____ be _____ ensure safety _____ updating software and _____?

Is _____ stay _____ when _____ update software?

What should we _____ as we _____ apps _____ devices?

_____ out _____ what _____ when _____ OS, apps, and gadgets.

_____ do _____ watch _____ for when _____ update OS, _____ gadgets?

_____ are safety _____ should be considered _____ updating _____ and _____.

_____ should _____ taken before _____ to _____ systems or _____ appliances?

How _____ measures be taken care _____ upgrade process _____?

_____ like _____ know some _____ to follow during device/software _____!

Which precautions _____ be _____ operating _____ connected appliances are _____?

_____ any _____ staying _____ while updating the _____ system?

What _____ aware of _____ updating OS, _____ and _____?

_____ considered _____ updating OS, apps _____ devices?

Some _____ be considered when _____ and devices.

Stay _____ when we _____?

How can _____ sure _____ systems, _____ and connected _____ when updated?

_____ to _____ considered when _____ operating _____ apps and linked tools?

Can _____ ask for suggestions _____ maintain security _____ updating _____?

What should _____ looking out for when _____ and _____?

Can _____ get some _____ how to keep _____ OS?

_____ our _____ and connected devices?

_____ for _____ while quickening an _____ update?

_____ to _____ operating systems, applications _____ connected devices?

What _____ the measures _____ updating _____ apps, and devices?

How _____ make sure _____ we are _____ is safe?

_____ precautions _____ we _____ system updates?

What measures _____ take _____ we _____ and devices?

What _____ should _____ take when _____ our systems _____?

What _____ we _____ our devices?

_____ and devices _____ come with _____ precautions.

Updating software _____ consideration of _____ steps.

_____ OS, _____ device _____ precautions are required?

What should we be aware _____ updating _____?

What are some _____ update systems, _____ and _____?

_____ it _____ for _____ give _____ measures _____ follow during device/software upgrade?

Can _____ measures _____ implemented to update _____ and _____ devices?

_____ there _____ way _____ ensure _____ safety _____ updating _____ and devices?

_____ do _____ make _____ security is _____ we update _____ or app-based?

Are _____ to be taken _____ updating our _____ and _____ devices?

How do _____ keep _____ connected devices safe during _____?

There _____ to be taken when _____ OS, _____ devices.

_____ precautionary steps _____ taken when _____ software and _____?

_____ use specific _____ to _____ our _____ apps _____ connected devices?

How _____ operating system, _____ and device updates?

_____ should _____ OS, apps, _____ updates?

_____ appreciate if _____ could share _____ safety _____ to _____ during device/software _____.

_____ apps and linked _____ include preventive measures.

How ____ we update ____ operating ____ applications, ____ for improved ____?
____ exist ____ updating ____ apps and connected ____?
____ we take to secure equipment ____?
What can ____ do ____ keep our ____ systems ____?
What ____ guard ____ when ____ OS, apps, and ____?
How ____ our operating systems, applications, and connected ____ they ____?
____ advise ____ steps ____ should ____ to ____ secure updates ____ our operating ____.
____ any precautions ____ be taken for ____ applications and ____ devices?
____ proceeding ____ operating systems ____ applications, what actions ____ we ____ to take?
How ____ security measures be followed during ____?
____ when we ____ software and devices?
____ precautions ____ to be taken ____ device ____?
How ____ make ____ systems stay safe ____ updates?
I ____ know if you ____ safety measures to ____ device/software ____.
____ precautions are required ____ updates ____ OS, ____ and ____ devices?
I would like ____ know some safety ____ follow ____ software ____.
____ was wondering if ____ any ____ on staying ____ while ____ the ____.
Any advice ____ updating our ____ apps, ____?
____ measures ____ we ____ we update our ____ systems, applications ____ connected ____?
____ can ____ remain ____ when we ____ our ____?
____ ensure ____ updates of our operating ____ applications ____ connected devices, ____.
What ____ when ____ software?
____ we ensure security ____ update ____ gear?
Before ____ operating ____ or connected ____ precautions ____ taken?
____ know ____ actions to take before updating ____ systems ____.
____ and linked tools, what preventive measures should be ____?
Which ____ steps ____ considered ____ software?
____ how to ensure secure ____ our operating ____ and ____ devices
When updating ____ are there specific ____ that need to ____?
____ the ____ internet-attached tools followed, ____ security measures be ensured?
How ____ security ____ guaranteed ____ upgrade of ____?
____ can be done to ____ app ____ device ____?
Which ____ we ____ OS, apps, and devices?
What precautions need ____ taken before ____ upgrade ____ operating systems ____?
Which moves ____ we make ____?
When updating OS, apps, ____ gadgets, ____ we ____ eye ____?
What can we ____ to ____ when ____?
What are the ____ to update ____ systems, ____ connected ____?
____ apps, ____ gadgets, what ____ we watch ____ for?
I ____ learn about some ____ measures ____ device/software upgrades.
What ____ be ____ when updating ____ operating ____ apps ____ linked tools?
Is there any ____ guidelines ____ upgrade software ____ gadgets?
What ____ safety ____ should ____ taken when ____ software?
____ should one ensure ____ safety of ____ and ____?
Any steps that ____ to ____ systems, apps and ____?
____ observed when ____ operating systems?
____ be taken care ____ during an upgrade of ____?
____ to think about when updating ____ and devices?
When ____ OS, apps, ____ connected devices, are ____ specific ____ implemented?
Some ____ measures ____ during ____ upgrade?

_____ taken _____ of during the upgrade of _____?

_____ precautions _____ updating OS, apps, and _____?

_____ steps do you recommend to _____ apps, _____?

How do we _____ and _____?

_____ it possible _____ tell me about _____ for _____ systems, _____ connected devices?

What _____ precautions taken _____ and connected devices?

_____ precautions need to _____ when _____?

_____ security measures _____ in place _____ the upgrade _____?

Please tell _____ the steps _____ updates _____ our operating _____ applications, _____ devices.

_____ I stay _____ I _____ my software?

Which _____ are _____ when updating OS, apps, _____?

During _____ app, device _____ be taken?

_____ stay _____ with software updates?

_____ safety _____ should we _____ update our _____?

_____ our operating systems be _____ an _____?

What _____ be _____ when _____ our operating systems, _____ and linked _____?

What _____ we be _____ OS, apps, _____ gadgets?

What _____ for _____ OS, _____ and connected devices?

_____ about maintaining _____ while updating _____ OS.

How _____ we protect ourselves when updating _____ applications _____?

How _____ we ensure safe _____ and device _____?

_____ we _____ operating systems _____ during updates?

_____ advice on _____ with an operating system _____?

_____ can _____ make _____ safe during _____?

In order _____ upgrade _____ systems or _____ be considered.

How should _____ be _____ when updating _____ applications, _____ devices?

To _____ systems or connected _____ precautions need _____.

Steps _____ safe _____?

Can _____ some _____ to _____ during device/software upgrades?

_____ applications and connected devices, what _____ the _____ guidelines?

How should _____ the _____ applications, and devices _____ updated?

Which _____ to be _____ upgrading _____ systems?

_____ the _____ we _____ before updating _____ operating systems?

Can _____ due safety _____ in updating all software _____?

Ensure safe _____ device updates.

_____ upgrading OSs, applicationa _____ internet-attached _____ can _____ be ensured?

_____ are _____ for OS, _____ updates.

_____ with _____ necessary steps _____ ensure secure updates _____ our operating systems, _____ connected _____.

What _____ should we _____ we update our _____?

_____ be _____ for updating _____ apps, and connected devices?

Are _____ any _____ to take for _____ operating _____ applications _____ devices?

_____ updating OS, _____ and _____ should we _____?

Can _____ implement specific measures _____ update _____ OS, _____ and _____?

_____ should _____ be maintained _____ systems, applications, _____ being updated?

Is _____ set _____ precautionary _____ for _____ software or _____ gadgets?

Updating software and _____ include _____ of _____.

_____ taken before we _____ our operating _____ and applications?

How should security measures be taken _____?

_____ like to _____ precautions to _____ during _____ upgrades.

Is _____ for upgraded _____ or gadgets?

_____ software and _____ safety steps should _____?

What precautions should _____ operating systems?

_____ must be taken for _____ of _____ OS, apps _____ devices?

_____ precautions _____ be _____ when system _____ app installations occur?

_____ any precautions _____ take _____ updating _____ operating systems, applications, and _____ devices?

What are _____ actions _____ need to take _____ systems _____ applications?

Special _____ needed for _____ systems _____ be refreshed?

How _____ security _____ ensured during the _____ of _____?

_____ OSs, _____ and _____ devices, _____ are _____ recommended security _____?

Please advise on _____ to _____ secure updates _____ systems, applications _____.

_____ is the _____ way to stay _____ update _____?

_____ some _____ guidelines for _____ upgrade _____ and connected gadgets?

_____ safety steps that _____ considered while _____ software.

_____ we take any _____ systems securely?

_____ staying safe while _____ system?

What _____ think should _____ watched _____ for when updating OS, _____?

_____ security _____ OS, app, and _____ updates must _____ care _____.

_____ are in place for _____ and connected devices _____?

_____ should we _____ taking when updating _____ systems, _____ linked tools?

Are _____ any steps _____ to _____ update our _____ securely?

In updating _____ devices, _____ measures should we _____?

What _____ be _____ secure OS, app, and _____ update?

It is important _____ secure _____ operating systems, _____ and _____ devices.

Is _____ to implement _____ measures to _____ OS, apps, _____ devices?

_____ guidelines _____ software and connected gadgets?

update our _____ and _____

_____ are some important _____ to _____ connected devices?

_____ be taken _____ secure OS, _____ and device updates?

_____ any _____ we _____ to _____ updating _____ systems, applications, and _____ devices?

_____ need _____ taken _____ OS, app, _____ device updates?

_____ security _____ ensured during the _____ of _____.

_____ possible for you _____ provide _____ safety measures _____ during device/software _____?

There are _____ measures that should be _____ updating _____ applications, _____.

Before we _____ updates for our operating _____ should we _____?

_____ keep due safety _____ updating _____?

_____ secure _____ of operating _____ and _____ devices

Can _____ get suggestions on _____ security _____ updating _____ OS?

_____ precautions should _____ changing operating _____ or _____ appliances?

What _____ be taken to _____ apps, _____ devices?

When _____ operating systems, _____ and _____ we _____ to do?

How _____ we _____ our operating systems, _____ for improved _____?

updating _____ OSs, applications and connected devices, _____ recommended _____?

There _____ precautions for _____ OS, apps _____.

_____ safe _____ system, _____ and device _____?

_____ systems, applications _____ connected devices, please _____ us _____ the necessary steps.

Is there _____ to give _____ operating systems _____ a refresh?

Update _____ and connected _____?

_____ out _____ systems, apps and _____ tools _____ preventative measures must _____ considered?

How can security _____ safe during _____ OSs?

How _____ security measures _____ observed _____ systems?

Updating OS, _____ devices, what _____ about?

What should be _____ safeguard OS, _____ device _____?

_____ care is _____ when _____ systems and apps.

What _____ take when _____ software?

Is _____ set of _____ for the upgrade _____ software or _____?

_____ updating systems, applications, and _____ should be _____.

_____ carrying out updates for operating _____ and _____ tools, what _____ be _____?

_____ need to _____ secure _____ of _____ operating systems, applications, _____.

I _____ suggestions _____ how _____ security _____ updating _____ OS...

What are _____ during _____ updating of _____ connected devices?

_____ steps _____ be taken _____ updating _____ apps and _____?

Ensure secure _____ our _____ applications, _____ connected _____ be advised.

Do you _____ safety steps _____ when _____ software _____ devices?

What _____ the security _____ OSs, _____ and _____ devices?

Which precautions are _____ secure _____ of OS, _____ connected _____?

_____ operating _____ connected _____ precautions need to be taken?

_____ our _____ apps and tools, what _____ measures must _____?

What precautions _____ be taken _____ updating _____ devices?

Can you _____ precautions we _____ take _____ updating our operating _____?

Updating OS, _____ should have some _____ in _____.

What security precautions _____ taken when _____ operating systems, _____?

How _____ updating _____ systems, applications and devices?

_____ preventive _____ should be _____ updating _____ operating systems, _____ tools?

_____ updating _____ devices, what should be observed?

_____ we take to secure _____?

_____ take when _____ our _____ apps, and connected devices.

_____ required when our systems and _____ updated?

_____ we take _____ update OS, apps, and _____?

_____ precautions _____ updating our OS, _____ and devices?

What steps _____ be _____ software and _____?

How _____ operating systems, _____ and devices for _____ security?

_____ should _____ taken _____ OS, app, and _____ updates?

_____ should be taken _____ systems?

There _____ specific _____ when _____ OS, apps, and _____ devices.

_____ be _____ during the upgrade _____ of OSs?

What precautions should _____ when _____ operating _____?

What _____ be _____ when _____ operating _____ apps and linked tools?

Can specific measures _____ to _____ our _____ and connected _____?

What _____ are in place for _____ devices

Which measures should _____ we _____ operating systems?

_____ our _____ systems, applications, _____ devices are _____ what precautions should _____?

_____ can be done to secure _____ and _____.

_____ let me know how _____ updates _____ our operating systems, _____ connected _____.

_____ should be done to _____ device safe?

_____ can we make operating _____ device updates _____?

When carrying _____ for our _____ and linked tools what preventive _____?

_____ updating _____ apps _____ gadgets, _____ should we _____ for?

Can _____ stay _____ when we _____?

_____ our _____ systems, apps and linked tools, what _____ be considered?

_____ precautions _____ required _____ we _____ our _____?

Is _____ any special _____ that _____ taken _____ changing those operating _____ and _____?
_____ should _____ take into account _____ update OS, _____ devices?
_____ need to _____ before _____ any changes _____ operating systems and applications?
Updating operating systems, _____ connected _____ requires _____.
How can _____ our OS, _____ device _____ secure?
What _____ should we _____ system updates _____ installations?
_____ necessary _____ measures for _____ OS, _____ and device updates?
_____ are the _____ to _____ our OS, apps, _____ connected devices?
_____ be taken _____ of during the _____ of OSs?
_____ should be taken _____ account _____ updating _____ devices?
How _____ be _____ when updating _____ applications, and _____?
What are _____ ensure safe _____ application, _____ device updates?
_____ to _____ secure updates of our _____ systems, _____ and _____.
_____ updating _____ apps and connected devices, _____ to be implemented?
When _____ OS, apps, and gadgets, _____ cautious _____?
_____ should _____ deal _____ OS, apps _____ devices?
_____ we use while updating _____?
_____ can _____ our operating systems?
_____ any precautionary guidelines for upgraded software _____?
What _____ do _____ our systems _____ connected devices _____ during _____?
_____ be considered _____ updating software _____.
Do you have any _____ software or _____?
There _____ guidelines that _____ followed _____ our _____ applications and _____ devices.
_____ we _____ measures _____ place to _____ our _____ and connected devices?
_____ precautions _____ be _____ during OS, app, device _____?
_____ precautions are needed for _____ of _____ OS, _____ devices?
_____ be done to _____ of _____ app and device _____?
How can _____ keep _____ during _____?
_____ are _____ for _____ updates of our _____ connected devices?
_____ let me _____ how to _____ secure updates _____ our _____ applications, _____ devices.
_____ updating _____ operating systems, applications, and _____ devices, _____ should _____?
_____ precautions _____ we take _____ systems, _____ and connected devices?
What _____ we _____ to update _____ systems, applications, _____ devices?
_____ there any _____ updating operating _____ and connected _____?
_____ needed when operating systems, apps, _____ updated?
_____ out updates for _____ and linked _____ what preventive _____ be taken?
_____ should security be _____ when _____ systems, _____ devices _____ changed?
How _____ precautionary _____ the upgrade of _____ connected _____?
_____ are _____ for _____ app, device _____.
What _____ are _____ updating our systems _____?
_____ updating OS, APPS, _____ gadgets, what should _____ for?
_____ can security _____ are upgraded?
Can _____ about how _____ maintain security while _____?
Updating _____ connected devices should have precautions _____.
_____ you can _____ the _____ for updating _____ systems, applications, _____ connected devices?
_____ be _____ when we _____ our _____ applications, and connected devices?
How _____ safe while updating _____?
_____ to take to update systems, apps, _____ connected _____?
_____ security measures should we _____ we update our _____ applications _____?
_____ applications, _____ connected devices requires precautions.

_____ when updating operating _____ applications, and devices?

_____ should _____ updating OS, _____ and _____?

_____ must _____ our systems and _____ in a _____?

_____ updating _____ and _____ tools, what _____ measures must _____ taken?

When updating _____ and gadgets, _____ we beware _____?

Do _____ have _____ to follow during _____ upgrades?

Is there any precautions _____ app, _____?

Security _____ observed _____ updating operating systems, applications, _____

Which _____ update our _____ and devices?

Are there _____ steps that _____ be _____ our systems _____?

_____ should _____ for _____ OS, app and device _____?

_____ must be _____ when updating our _____ devices?

What _____ be _____ OS, _____ device updates safe?

What can _____ make updating software _____ devices _____?

There _____ we _____ consider when updating OS, _____.

Is _____ share some _____ measures to _____ during device or _____?

What _____ be done _____ we _____ operating systems, _____ devices?

What _____ should _____ taken when updating _____ systems, _____ and _____?

_____ would _____ to know how _____ safety measures during _____.

_____ be considered when _____ our _____ and linked tools?

Are there _____ precautions for _____ operating systems, _____?

Is _____ to _____ safe _____ an operating system?

_____ secure _____ our _____ systems, _____ and connected _____ advise me.

_____ some _____ guidelines for _____ upgrade _____ software or _____ gadgets?

Updating _____ apps and devices, _____ should _____?

How can _____ maintained while _____ systems, _____ devices?

How _____ applications, _____ connected _____ be _____ safe during updates?

_____ you tell me _____ to _____ our devices and _____?

_____ must _____ systems and applications _____?

_____ we _____ software, _____ are _____ safe?

What _____ should we _____ when updating _____ and _____ devices?

_____ precautions need to be _____ updating systems _____?

_____ our _____ systems _____ applications, _____ actions do we _____ to take?

During _____ upgrade _____ nd internet-attached _____ security measures be ensured?

Which precautions are _____ and _____ are updated?

Which _____ do _____ need _____ take _____ updating _____ devices?

How _____ when we update our _____?

What _____ taken during _____ and _____ updates?

How should security _____ maintained when _____ operating _____?

What _____ we do _____ make our _____ safe _____ updates?

_____ operating _____ devices _____ maintain security.

When _____ OS,apps, and _____ what should _____ out _____?

_____ can we keep ourselves _____ we _____ software?

How _____ ensure that our _____ connected devices are up _____?

Do there _____ to be _____ taken to _____ securely?

How safe _____ when _____ software?

Is there _____ care required _____ changing _____ apps?

Which precautions _____ to _____ when _____ our systems?

_____ are some _____ steps to _____ systems, _____ and _____?

Can _____ me some _____ to _____ during _____ upgrades?

_____ precautions _____ needed _____ change systems _____ devices?

_____ app, device updates _____ precautions _____ taken?

_____ do we make sure _____ safety in _____?

What _____ are _____ for _____ app installations?

What _____ watch _____ for when _____ the _____ apps, and _____?

Which precautions _____ be _____ making changes _____ operating systems _____?

_____ safe are _____ when _____ our _____?

How _____ make _____ our operating systems and _____ are _____ they _____?

How _____ our operating _____ during _____?

_____ be taken when _____ update our operating systems, _____ devices?

How do _____ be safe _____ our _____?

What _____ to _____ in updating software?

During _____ device updates, _____ to be taken?

Important steps for _____ systems, _____?

_____ the measures _____ should take when _____ apps and _____?

How should updating _____ protected?

_____ should we take when we update _____?

Which _____ be adopted when we update _____ and connected _____?

How _____ systems be protected during _____?

What measures _____ we _____ updating _____?

Which precautions are _____ our _____?

_____ should be taken _____ updating our _____ apps and _____ tools?

Are there any _____ guidelines _____ the _____ software _____ connected _____?

_____ should be _____ for _____ OS, _____ device updates.

How _____ we keep our _____ we _____?
