

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Emergency service interruptions or outages
Inquiry Sub-Category	Pressure problems
Description	Customer notices low or high gas pressure in their home, which can affect the operation of their gas appliances. The company needs to address the pressure issue to ensure the safe and efficient operation of these appliances.
Data Size	8,156 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

Are ____ any safety ____ ____ immediate attention when ____ abnormal ____ ____ household ____ pressure?

What ____ be done ____ there is ____ ____ domestic ____ ____?

____ there ____ ____ immediate safety concerns if ____ ____ abnormal ____ ____ residential ____ pressure?

____ household gas ____ ____ fluctuations ____ attention ____ safety measures?

____ my ____ gas ____ fluctuates ____ what ____ I do?

____ safety ____ ____ to ____ ____ during gas pressure fluctuations?

What ____ ____ do in the event ____ ____ pressure?

Is it ____ ____ take ____ actions ____ tricky gas ____?

____ there ____ measures ____ need to ____ taken immediately ____ ____ fluctuations ____ gas ____?

____ ____ gas pressure variations, ____ safety ____ are needed?

____ ____ on ____ ____ measures ____ requested as a result of ____ ____ in our gas ____.

Should there be ____ ____ case ____ ____ changes?

____ immediate safety ____ ____ to be ____ during ____ ____ pressure fluctuations?

____ ____ with sudden ____ ____ pressure changes?

Is ____ anything that ____ ____ done when you ____ ____ in gas ____?

Any precautions ____ ____ taken ____ sudden ____ gas pressure ____?

____ ____ possible to ____ safety ____ for sudden ____ in gas ____ home?

____ there any important matters ____ ____ dealing ____ odd drops or ____ in natural ____ ____?

If my ____ gas pressure ____ ____ I ____ steps?

____ safety ____ ____ in the event of gas pressure ____?

____ there any ____ measures that ____ ____ when ____ is a spike in ____ ____?

____ are ____ safety ____ ____ need immediate ____ ____ household gas pressure is ____.

What are the ____ needed ____ regards ____ ____ variations?

Is ____ ____ to consider ____ dealing with odd ____ in the natural ____ ____?

I'm a ____ ____ and ____ steps should ____ take ____ ____ pressure ____?

____ ____ safety measures ____ immediate ____ when ____ is abnormal gas ____?

Which safeguards should ____ ____ on ____ variations of ____ ____?

____ anyone ____ any safety issues ____ ____ ____ goes crazy?

When _____ pressure goes crazy, _____ you have _____ worries?

What measures need to _____ against abnormal _____ fluctuations?

_____ prompt preventative _____ have to _____ in response _____ swings?

_____ there any safety _____ sudden _____ pressure at home?

_____ Home _____ plays _____ quick fixes?

_____ shifts in _____ pressure at home _____ steps.

Do _____ need to _____ taken _____ sudden _____ in gas _____?

What _____ should _____ take if _____ encounter _____ gas pressure _____?

_____ case of _____ household _____ pressure changes, what _____ required?

Are _____ immediate _____ irregular _____ gas pressures?

_____ steps needed to _____ against gas-pressure _____?

When _____ is an _____ gas _____ actions should _____?

Does _____ any safety _____ when gas _____ crazy?

_____ there any _____ quick actions _____ fluctuations _____ house gas?

_____ precautions for sudden _____ gas pressure changes?

Irregularities in _____ gas _____ demand may _____ to _____.

Specific safeguards need _____ during atypical fluctuations _____ house' hold's _____.

_____ the immediate _____ when gas-pressure variations are _____?

_____ are the measures needed _____ gas pressure _____?

_____ up, any quick fixes?

If _____ house's gas _____ should I do?

Should there _____ safety precautions _____ weird _____ homes?

_____ need to _____ precautionary measures _____ when household _____ pressure _____ unexpectedly?

____ actions should be taken ____ gas supply ____?

____ precautions are taken ____ in ____ pressure?

What safety precautions ____ we ____ irregular household ____ variations?

____ measures ____ when gas ____ fluctuates?

____ gas pressure ____ what safety ____ needed?

How ____ we ____ sudden ____ in ____?

____ be ____ on sudden variations ____ household gas?

____ do ____ a house gas ____ swings?

Are there ____ for ____ homes?

____ should ____ followed when ____ are erratic flares ____ gas.

When domestic ____ pressure fluctuates, ____ protocols need ____?

Is ____ any ____ for weird gas pressure ____?

Is ____ for specific ____ be ____ place when ____ are atypical?

A question ____ safety ____ for weird ____ in ____.

Do ____ necessary ____ prioritize ____ protocols when there are abnormal ____?

There ____ some ____ need to be ____ gas pressure changes.

____ precautions must ____ in ____ event of unusual ____ gas ____?

____ for ____ change of ____ pressure?

Do ____ atypical fluctuations ____ hold's natural gas levels?

When ____ an ____ supply, ____ should be taken?

____ precautionary measures that ____ to ____ when ____ are ____ in gas pressure?

What should ____ if ____ are abnormal fluctuations ____?

Is there an ____ address the fluctuations ____ gas ____?

Specific ____ are ____ atypical fluctuations in ____ natural gas ____.

Does ____ need ____ specific safeguards ____ atypical ____ in ____ hold's ____ levels?

____ need for safety measures ____ gas ____?

____ do ____ with sudden shifts in ____ pressure ____?

____ safety ____ are ____ there are ____ household gas ____ variations?

What safety precautions should ____ get ____ household ____ variations?

____ any ____ that need ____ when there is abnormal ____ pressure?

Is there ____ for actions ____ fluctuations ____ gas?

Is ____ measure to address the ____ gas levels?

Irregular ____ gas-pressure variations ____.

____ safety ____ be taken in ____ irregular gas ____?

Any ____ household gas ____?

____ should ____ there is an unusual ____ gas pressure ____?

Is it necessary for ____ safeguards to be ____ fluctuations in ____ natural ____?

Safety ____ gas fluctuations ____?

Should safety ____ raised ____ are ____ in residential gas ____?

____ steps are ____ to handle sudden shifts ____ pressure ____?

_____ are the precautions to _____ the domestic _____ ?
 How can homeowners protect _____ the dangers _____ natural gas _____ ?
 How can _____ themselves against sudden _____ natural _____ pressure?
 What _____ the _____ to be taken during _____ pressure _____ ?
 What _____ to protect ourselves _____ domestic gas-pressure _____ ?
 In the _____ of _____ what should be done _____ ?
 _____ anything that _____ done _____ there are erratic _____ home _____ pressure?
 What precautions _____ taken _____ handle _____ gas pressure _____ home?
 Safety _____ should be _____ there are _____ in domestic _____ .
 _____ necessary to _____ the _____ protocols _____ are abnormal _____ pressure fluctuations?
 How can _____ protect themselves against _____ gas supplies?
 Is immediate _____ to deal _____ in _____ gas?
 _____ gas pressure _____ crazy, _____ have _____ urgent _____ matters _____ worry about?
 _____ taken when gas pressure fluctuates?
 _____ there any _____ that can be _____ deal _____ shifts _____ home _____ pressure?
 _____ safeguards _____ to _____ in _____ atypical _____ in house'hold's _____ levels.
 _____ suggestions _____ essential _____ measures _____ requested due to _____ dramatic _____ in _____ flow in _____ .
 How do I _____ ok during _____ pressure changes?
 What steps should _____ take _____ is erratic _____ ?
 _____ there _____ need for _____ when natural-gas _____ are _____ ?
 _____ take immediate actions _____ there is _____ in gas _____ ?
 Does it make _____ to have _____ when _____ are _____ changes _____ gas _____ ?
