

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Pond water feature troubleshooting
Inquiry Sub-Category	Fish health and pond ecosystem
Description	Customer inquiries regarding problems with fish health, aquatic plants, or imbalances in the pond ecosystem, such as excessive algae, lack of oxygen, or water temperature fluctuations.
Data Size	8,081 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

Is ____ water ____ affecting the health of ____ ____ ____ ?
____ my ____ life ____ due to ____ ____ variations?
____ ____ plants and fish ____ ____ by water ____ changes?
Does ____ ____ ____ change ____ plants and ____ ?
Is the temperature ____ ____ ____ affecting ____ health of ____ ____ ?
____ temperatures ____ ____ species?
Would the temperatures ____ ____ fish ____ ____ ?
____ the ____ ____ aquatic ecology ____ danger ____ ____ the differing temperatures?
____ the ____ ____ fish ____ plant health?
What ____ ____ in water ____ ____ to ____ aquatic life?
____ ____ change ____ the health of your ____ ?
Is the ____ temperature ____ bad ____ my ____ ____ plants?
____ ____ temperatures affect my ____ and ____ ?
Can ____ well-being ____ my fish ____ ____ be ____ by ____ temperature ____ ?
____ ____ and ____ ____ risk from changing ____ ?
____ ____ temperatures can ____ ____ and fish.
____ ____ water ____ harm plants and ____ ?
____ ____ health of my ____ life ____ by ____ temperature?
____ ever-changing ____ affect ____ and plant ____ ?
____ wonder if ____ temp ____ harming the ____ ____ my ____ creatures.
Is it possible ____ my ____ residents are ____ ____ by ____ ____ ____ ?
____ ____ temps cause ____ ____ fish and plants?
Are fish ____ ____ risk from ____ ____ temperature?
____ variations ____ temperature ____ my plants ____ ____ ?
Is ____ ____ and plants suffering due ____ unstable ____ ____ .
____ can ____ temperature do ____ ____ ____ life?
Does yo-yo ____ ____ the ____ of plants ____ ____ creatures?
Do ____ ____ fluctuations hurt ____ aquatic ____ ____ vegetation?

_____ harm _____ life?

_____ water _____ the health of _____ fish and plants?

Change _____ water _____ might _____ and _____.

_____ the well-being of _____ aquatic _____ at _____ the different _____?

Can my _____ inhabitants _____ from _____?

_____ changing _____ temperatures _____ health?

_____ and low temperatures _____ the health _____ creatures?

Do _____ in _____ my aquatic _____?

Do water _____ my _____ life?

_____ shifts _____ water temperature affect _____ plants?

Is _____ possible that different temps _____ risks _____ plants?

_____ does a _____ aquatic life?

I _____ to _____ my plants _____ fish are _____ temperature changes.

_____ water temperature bad _____ my aquatic _____?

How _____ the water temperature _____ fish?

_____ a changing water _____ and _____?

My plants and _____ affected _____ changes.

Does changing water temperatures affect _____ fish _____?

Is changing water _____ fish _____.

Temp changes _____ health?

Is _____ harmed by changing water _____?

_____ the _____ change affect _____ foliage?

_____ water _____ change _____ my aquatic _____?

Will _____ water _____ affect _____ and _____?

Is it _____ temperatures _____ plant and fish?

Does _____ temperature affect _____ condition _____ my _____ plants?

Will water _____ affect _____ health _____ fish _____ plants?

_____ that yo-yo _____ affect underwater _____?

Changing _____ might _____ and plants.

_____ fluctuations in _____ affecting _____ fish _____ plants?

_____ temperature _____ the aquatic life?

fish and _____ can _____ water temperatures.

_____ be _____ for aquatic life.

_____ the _____ my aquatic creatures _____ risk from _____?

Can _____ temperature _____ plants?

_____ does _____ water temperature _____ my _____?

_____ in the _____ temperature harmful to _____ life?

_____ and plants suffering _____ temp _____?

_____ the _____ water _____ hurt _____ life?

Is _____ of my _____ by different water temperatures?

_____ fish, are _____ temp _____?

_____ change hurting _____ and plants?

_____ different temperatures _____ my plants _____?

Can _____ in water _____ and _____?

Are fish and _____ by alternating _____?

_____ differences in _____ temperature affect _____ fish and _____?

Is the _____ temperature _____ the _____ plants and _____?

Is changing _____ bad _____ for _____ aquatic life?

Is _____ sick _____ messed-up _____ temperature?

_____ changing _____ be harmful _____ and fish?

Is ____ well-being of ____ aquatic ecology ____ varying temperatures?
 ____ temps affect ____ animals?

Can ____ water temperatures ____ life?

Is it ____ to ____ unstable ____ affect ____ species?

Is ____ erratic ____ affect aqua-life?
 ____ harm my ____ and plants?
 ____ changes in water ____ life?

Will ____ inhabitants of ____ aquarium be ____ levels?

Does water ____ life?

Can ____ impact ____ plants?

Does ____ temperatures ____ overall ____ of my plants ____ fishes?
 ____ the water temperature ____ the health ____ plants?

Is ____ water ____ my ____ and fish?
 ____ inhabitants of my ____ be ____ temp levels?

Temp ____ with ____ health?
 ____ water temperature affecting ____ flora?
 ____ temperatures ____ fish and plants?

Is the ____ water ____ aquatic ____.

Are my ____ and ____ affected by ____?

____ temperatures ____ risk to ____ fish ____ plant?
 ____ temps ____ to ____ fish and plant's well-being?
 ____ in water ____ harm ____ plants.
 ____ a risk ____ plants ____ fish ____ water temperatures?

Is the ____ at risk ____ of the ____ temperatures?
 ____ temps are affecting ____ plants.
 ____ temperatures ____ health of my fish and ____?

Is ____ and ____ suffering due to ____ water ____?

Will ____ in water temperature ____ and ____?

The ____ and plants ____ harmed ____ water ____ changes.

Is ____ well-being of my aquatic system ____ due ____?

____ of my aquatic ____ at risk ____ of ____ temp?

Is ____ are compromising the well-being ____ aquatic environment?

What ____ temperature do ____ aquatic life?

Is ____ causing ____ my aquatic ____?
 ____ from messed up ____ temperatures?

Are ____ water ____ for ____ aquatic life.
 ____ temps can ____ and fish.

Changing water ____ my ____ health.

Will ____ in water ____ hurt ____ plants ____?

Would ____ plants and fish?
 ____ temperatures endanger ____?
 ____ does ____ water temperature ____ aquatic ____.
 ____ temperatures harm ____ plants ____?
 ____ impact plants?
 ____ the unstable temperatures ____?
 ____ changing ____ my plants ____ fish.
 ____ the water temperature ____ to the plants ____?
 ____ yo-yoing ____ hurting my aquatic ____?
 ____ affect ____ health ____ my plants and fish?
 ____ fluctuations ____ water ____ affect ____ life?

_____ if _____ changing water _____ hurting my _____ life.
 _____ water _____ affect _____ fish health?
 _____ fluctuations in water _____ harmful _____ life?
 worried _____ how unpredictable _____ may _____
 _____ changing _____ bad for my _____ life?
 _____ varying temperature _____ my _____ inhabitants?
 _____ the _____ the aquatic _____?
 Changing _____ can _____ plants' well-being.
 Does _____ change _____ aquatic _____?
 Is water _____ to _____ life?
 _____ water _____ affect _____ health of your _____?
 _____ impact does water _____ on _____?
 Do water temp's _____ to my plants _____?
 _____ my aquarium be _____ by _____ varying temp levels?
 _____ water _____ fish and flora?
 _____ variable _____ temperature affect _____ fish _____?
 _____ temperature _____ for fish and _____?
 _____ the health _____ aquatic _____ risk _____ fluctuations in temps?
 _____ temperature _____ harm _____ foliage?
 I _____ if the _____ water temp _____ hurting _____.
 Is the _____ of _____ and _____ affected _____ water _____?
 Is _____ my _____ creatures at risk _____ fluctuations in _____?
 _____ could _____ harmful to my _____ residents.
 Changing _____ temperatures _____ fish and _____.
 _____ the _____ of my fish _____ plants _____ water _____ variations?
 Does shifts in _____ temperature _____ condition _____ my plants _____?
 Is _____ because of the _____ water _____?
 Is _____ water _____ my _____ or _____?
 _____ temperature _____ plants and fish.
 _____ water temperature may impact _____.
 Is _____ overall _____ fish and plants affected by _____?
 _____ aquatic species _____ affected _____ the _____?
 _____ unpredictability _____ temp could _____ wildlife.
 _____ in water _____ the condition _____ my plants and _____?
 Is it _____ for _____ to harm _____ life.
 Is the _____ affecting my fish _____ flora?
 _____ changing _____ affect the aquatic _____?
 Do _____ temp _____ the _____ health?
 Do inconsistent _____ temperatures _____ fish/ _____?
 Does _____ water _____ an effect _____ fish and _____?
 Is _____ affecting _____ fish's health?
 Will _____ species _____ affected _____ temperatures?
 _____ unstable temperatures _____?
 _____ temps _____ plant life and underwater _____?
 How _____ in water temperature _____ and fish?
 Is _____ water temperature _____ health?
 Can water temperatures _____ my _____ plants?
 _____ fluctuations _____ affecting my plants _____ fishes?
 _____ plants _____ fish _____ due to water _____?
 Are temp _____ fish _____?

_____ water _____ my aquatic life.

_____ temperature _____ affect _____ aquatic life?

_____ will _____ temp levels _____ inhabitants?

Does yo-yo temperatures affect _____?

Wondering if _____ may _____ wildlife.

_____ shifts _____ water temperature may be _____ aquatic _____.

Were water _____ harming _____?

Does _____ temperature have _____ impact _____ aquatic life?

Can _____ water temperatures _____ of _____ fish and _____?

_____ varying _____ risks for my _____ and _____?

_____ inconsistent _____ temperatures _____ health?

I _____ know _____ temps _____ pose _____ for my _____ and _____.

_____ temps _____ underwater creatures' _____?

_____ yo-yo temps affect _____?

_____ and plants affected _____ the water _____?

Concerns over _____ in _____ affect _____.

_____ the _____ my _____ in danger because of different _____?

Do _____ pose a _____ to my _____ and _____?

_____ am _____ plants and _____ are being harmed _____ temperature changes.

How _____ water _____ harm _____ life?

_____ water temperature _____ my _____ life and _____?

_____ water _____ harm my _____ plants.

Is it _____ changing _____ temperature _____ affect _____ fish?

Can _____ water _____ my aquatic _____.

Do _____ plants _____ fish suffer due to _____?

_____ fish and _____ to unstable water temperatures?

Does _____ and plants?

Are fish and _____ danger _____ temperature _____?

Irregular _____ water _____ can _____ aquatic _____.

I _____ yo-yoing _____ temperatures _____ my _____ life.

Is the _____ and plants?

_____ in water _____ harm fish _____.

_____ fluctuations _____ temperature affect the _____ my _____ creatures.

Will _____ in _____ fish and _____?

Are my _____ and _____ suffering _____ water _____?

_____ affecting my _____ creatures?

Do _____ in temps affect _____ wellbeing _____ aquatic _____?

Would _____ changes _____ my fish _____?

Concerns _____ how erratic _____ affect _____

_____ temperatures _____ the aquatics?

_____ affect aquatic plants?

_____ my fish _____ to _____ messed up water _____?

_____ and plants suffer _____ fluctuations?

_____ temperature change adversely _____ the _____?

Are _____ in _____ temperature _____ to _____ life?

_____ variable water _____ affect _____?

Are my _____ by _____ temp?

Did _____ water _____ harm fish _____?

Does _____ water _____ affect fish _____.

_____ an _____ water _____ affect _____ health?

_____ are water temperature _____ on my plants _____?

Can _____ hurt my _____ and fishes?

Are my _____ fish _____ by _____ in water _____?

_____ temperatures pose a _____ for _____ and plants?

_____ temp affect _____ forms underwater?

Does changing water _____ affect the _____ plants _____?

Water _____ hurting _____ and _____.

Are water _____ my _____ and _____?

_____ temperature affect the overall _____ of _____ and _____?

_____ be adversely _____ by temperatures?

Fluctuating _____ life?

_____ temperatures _____ fish and plants.

_____ temperature _____ my plants?

Is the _____ harming _____ my _____?

_____ temperatures harming _____ water life?

Does changing _____ affects _____ aquatic _____?

Can yo-yoing water _____ my _____?

_____ the temp affecting the _____ my _____?

fluctuating water _____ affects _____.

_____ water _____ fish and plants.

_____ in _____ my aquatic life?

_____ the change _____ affecting _____ aquatic life?

_____ changing _____ affecting _____ plants and _____?

The _____ temperatures _____ be _____ aquatic life.

Can _____ change _____ and plants?

I _____ temps pose risks for my _____.

_____ water temp _____ problem _____ my _____ and fish?

Is _____ harmful _____ aquatic creatures?

Are my fish and _____ getting sick _____?

_____ the health _____ my aquatic life?

Is _____ the well-being of _____ aquatic _____ is being _____ by _____?

My aquarium _____ be _____ affected _____ temperature _____.

_____ temperature fluctuations harmful to _____ life _____?

_____ does the _____ affect _____ forms _____ the water?

_____ water temperatures affect _____ health of my _____?

_____ is being affected _____ Temp _____?

_____ can _____ aquatic life.

_____ water temperature _____ my aquatic _____?

How does _____ water _____ my _____?

_____ plants and fishes?

_____ over the _____ have on aqua-life.

Is _____ and fish affected _____?

_____ life is _____ by _____ in water _____.

Did _____ temperature change harm my _____?

_____ the _____ harmed _____ my aquatic creatures?

Could changing water _____ plants?

_____ temp fluctuations affect _____ my _____ creatures?

Would the temperatures harm _____?

_____ change harm my fish _____ health?

Is the health _____ my fish _____ water _____?

Do _____ have _____ impact _____ fish and _____?
 _____ my _____ and plants getting sick from _____?
 _____ might _____ harm to wildlife.
 Is _____ water temps posing _____ risk _____ my _____?
 _____ and _____ suffer due to _____ water temperatures?
 _____ for _____ creatures to have _____ water temperatures?
 _____ water _____ changes do to my _____?
 Will inconsistent _____ temperatures _____?
 _____ water temperature _____ fish?
 _____ water temperatures _____ health of _____ fish?
 _____ if _____ might be _____ by _____.
 _____ the vitality _____ and flora _____ by water _____?
 _____ variations _____ water temperature affect the _____ my fish _____?
 _____ my _____ dwellers _____ at risk from _____?
 _____ well-being _____ aquatic ecosystems _____ risk _____ of the differing _____?
 Do _____ temps _____ my _____?
 What _____ does _____ have _____ fish, _____?
 _____ the _____ temperatures _____ affecting my aquatic life.
 _____ and plant might _____ at _____ from different _____.
 I wonder _____ water _____ my _____ life.
 Do _____ in the water _____ hurt _____?
 _____ fish and _____ risk _____ changing _____?
 Is _____ hurting my _____.
 _____ potentially _____ aquatic life.
 Is it possible _____ and _____ health would _____ by _____ temperatures?
 _____ my fish _____ of _____ temp?
 _____ the health of _____ aquatic _____ in _____ of _____ fluctuations?
 _____ temp _____ creatures?
 _____ temperatures negatively _____ the _____ species?
 Is _____ well-being _____ my _____ community at _____ due _____ varying _____?
 _____ it _____ that _____ aquatic _____ is _____ water temperature?
 _____ want to know _____ temperature affects _____ plants _____ fish.
 Is _____ temp _____ health _____?
 _____ temperature affect the _____ of my _____ plants?
 Is _____ impacting _____ and plants?
 _____ concerned _____ erratic _____ may affect aqua-life?
 _____ plants and fish _____ the water _____?
 _____ temperature _____ the health of my aquatic _____?
 Can the _____ my aquarium _____?
 _____ about how _____ may _____ aquatic _____.
 _____ plants _____ fishes affected by _____?
 _____ temperature _____ may be _____ plants and _____.
 _____ water _____ plants _____ fish?
 _____ my fish and _____ by _____?
 _____ water _____ change change _____ aquatic _____?
 Does changing _____ fish _____ plants?
 Are _____ water _____ harmful _____ creatures?
 _____ does _____ water _____ underwater _____ forms?
 _____ it _____ differing _____ compromising the well-being of my _____?
 _____ changing water temperature affect the _____?

Are _____ water _____ my aquatic _____?
 Do _____ temperature _____ fish and _____?
 Does _____ affect the health _____?
 _____ may pose _____ for my fish and plant?
 _____ fluctuations in _____ temp affecting my _____?
 _____ the _____ temperature _____ to _____ and fish?
 _____ shifts in water _____ could _____ aquatic creatures.
 _____ inconsistent water _____ my fish and _____?
 _____ in water temperatures _____ plants _____.
 _____ changing _____ affect the _____?
 The water _____ affect _____ plants.
 Is _____ possible _____ water _____ will _____ fish/plant health?
 _____ irregular heat _____ the _____ affecting plant _____ health?
 Does the _____ temperature _____ harm my _____?
 _____ it _____ changes _____ plants and fish?
 Change _____ plants and fish.
 Are water _____ fluctuations _____ and _____?
 _____ temps affect plants and _____?
 _____ temperature affect _____ and plant life?
 Can _____ water _____ fish?
 _____ be bad for fish/plant _____?
 _____ changing _____ temperature effecting _____ aquatic _____?
 _____ water's temp _____ plants _____ fishes?
 Is my fish _____ affected _____ the _____ temps?
 Is _____ temperature _____ affect aquatic _____?
 Affecting _____ harm _____ aquatic _____?
 Would _____ harm _____ and fish?
 Does _____ the _____ of fish and _____?
 Is the _____ my _____ life _____ by _____ temperatures?
 _____ plant _____ be _____ by different temperatures?
 fish/plant _____ be affected _____ temperatures.
 _____ the water _____ to my plants _____?
 Does _____ hurt _____ aquatic life?
 Did _____ fluctuations _____ my plants _____?
 _____ in _____ affect _____ fish and flora?
 _____ temperature fluctuations _____ be bad for _____.
 Is _____ possible that different temps _____ pose _____ my _____?
 _____ water temperatures _____ the _____ of _____ aquatic life.
 Will _____ temperatures affect _____?
 Fish _____ might be _____ by _____.
 Does _____ change _____ and plants?
 Can changing water _____ affect _____ health _____ aquatic _____?
 _____ harming my _____ animals?
 _____ inconsistent _____ temperature affect _____?
 Does _____ water _____ affect the _____ of your _____?
 Are _____ fish and _____ getting _____ water temperatures?
 Have my _____ and fish _____ affected _____ temperatures?
 Does _____ temps _____ life _____ creatures?
 Do _____ affect _____ flora?
 _____ aquatic _____ affected _____ water temperature?

_____ in water temperature _____ aquatic _____?
 Is _____ sick due to the messed-up _____?
 Is water _____ fish _____ plant _____?
 _____ plants _____ being harmed by water _____ changes?
 Water _____ can _____ plants _____.
 Is _____ in the water _____ affecting _____?
 _____ a _____ water temperature _____ fish _____ plant _____?
 _____ temperatures affect _____ fish?
 _____ yo-yo temps _____ for plant life _____ creatures?
 Plants _____ fish are _____ temp _____.
 _____ the changing water _____ harming _____.
 Is _____ affecting my fish _____?
 _____ affect the _____ of plants?
 _____ plant _____ are impacted _____ temperature.
 Do _____ temperature affect _____ the fish?
 _____ my aquatic _____ by _____ temp?
 Is my plants _____ fish getting _____ from _____?
 Is the _____ fish and plants affected _____ temperature _____ the _____?
 Is my fish getting _____ because _____ messed-up _____?
 _____ water temperatures _____ fish?
 Can _____ affect _____ fish _____ flora?
 _____ possible that temp _____ aquatic creatures?
 _____ the change in _____ plants _____?
 _____ fish are _____ affected by _____ temperature fluctuations.
 _____ yo-yoing _____ temperatures affect _____?
 The well-being _____ plants _____ be _____ water temperature.
 Is _____ my _____ ecology at _____ due to _____ temperatures?
 _____ my _____ creatures _____ temp fluctuations?
 I wonder _____ the water _____ my plants _____.
 _____ the change _____ water temperature _____?
 _____ temperatures _____ my plants _____ fish?
 _____ can _____ aquatic life.
 _____ my plants _____ affected by the _____?
 Does the water _____ the overall condition _____ my _____?
 Water temperature _____ fish and _____.
 Can water _____ the health _____ fish _____?
 _____ health of _____ life _____ by water temperature.
 Does _____ change hurt _____?
 _____ temp fluctuations endanger the health _____?
 Will my aquarium _____ be _____ varying _____?
 _____ may affect my _____ plants.
 Does varying temps pose risks _____?
 Do the temp _____ affect _____ aquatic creatures?
 _____ fish _____ plants at _____ from _____ water temps?
 Is _____ that _____ temperatures _____ affect _____.
 Does the _____ effect _____ plants and fish?
 Is changing water _____ aquatic life and _____?
 _____ that different _____ are compromising _____ of my _____ environment?
 The _____ water _____ may _____ my _____ life.
 _____ the _____ affecting the _____ health?

Is the _____ plants and _____?

Is _____ that _____ temperatures _____ affecting _____ well-being of my _____?

Is _____ that _____ fluctuations could _____ my aquarium _____?

Is it possible _____ temperatures _____ adversely _____ aquatic _____?

I wonder if _____ water _____ my aquatic _____.

_____ the health _____ my _____ creatures _____ risk due _____ fluctuations _____?

Are plants and _____ affected _____?

The _____ might be _____ my _____.

_____ water temp affect plants _____?

Is _____ possible _____ temperature _____ could _____ harmful to my _____?

Will water temperatures _____?

Can _____ water temperatures harm _____.

Variations in _____ marine _____ and _____?

It is concerned about _____ may _____.

Is _____ fish or _____ at risk _____?

Are _____ and fish _____ risk _____?

Is _____ of underwater creatures _____ yo-yo _____?

Wondering if _____ harm wildlife.

Can _____ temperature _____ and plants?

_____ and plants _____ due to the temperature _____?

Is it possible _____ differing _____ might pose _____ for _____?

_____ are _____ to _____ life?

_____ temperature _____ hurt _____ fish?

_____ changes may _____ plants _____ fish.

Is the well-being of my _____ because _____ temperatures?

I want to _____ a _____ to my fish and _____.

_____ temperature affect _____ plants well-being?

_____ my fish and plants.

_____ harming the health _____ the _____?

Does _____ temperature have _____ effect on _____ aquatic _____?

Are the _____ impacting _____ and _____?

Is _____ health of _____ creatures at risk _____ fluctuations _____?

_____ the _____ temperature _____ affect _____ life?

Do _____ the _____ temperature _____ the health _____ your _____?

The _____ of my fish _____ are _____ by the _____.

_____ and plants affected _____ temp _____?

Does the _____ temperature affect _____?

Is the _____ effecting _____ fish.

Are _____ aquatic _____ by _____ temp?

Will _____ affect _____ and plant _____?

Are my _____ risk from fluctuations _____?

Does the temperature of _____ affect _____?

_____ possible _____ changing water _____ harms _____ and plants?

_____ changing _____ temperature affect the health _____ aquatic _____?

_____ water temp poses _____ problem for _____ fish?

Do _____ water temps _____ my plants _____ fish?

Do _____ waters _____ of fish _____ flora?

Concerns about _____ can affect _____.

Is _____ temperature _____ the _____ of my _____?

Is _____ fish _____ plants harmed by _____?

Is _____ water _____ for _____ and _____?

Is the well-being of _____ environment _____ due to _____?

_____ water affect my plants _____ fishes?

Is the water temperature _____ my _____?

Is _____ water _____ life?

_____ the _____ water _____ affect fish and _____?

_____ harmful to _____ life?

_____ water _____ affect plant/fish _____?

_____ it possible _____ my _____ and plants _____ by varying _____?

My plants and _____ by _____ temperatures.

Fluctuating _____ may _____ harmful to _____.

Are fish _____ at _____ a result _____ fluctuations?

_____ harmful to aquatic _____?

_____ over how _____ temperatures _____ aqua-_____.

Changing _____ temp _____ my _____ health.

Water _____ may affect _____.

_____ over _____ the _____ temperatures may _____.

Is _____ that _____ in water temperature affect my _____?

_____ water temp affecting Plants _____?

Fluctuating temps _____ aquatic _____.

Will _____ water _____ plants _____ fish?

_____ temperatures _____ and plants?

Do fluctuations _____ the wellbeing of _____ creatures?

Is the _____ of _____ fauna at _____ of _____ temperatures?

_____ water temperatures harm _____ aquatic _____?

_____ the _____ temperature change _____ my _____ plants?

Is it _____ to _____ to have temp water?

Wondering if _____ of _____ harm _____.

_____ the well-being _____ my aquatic _____ risk _____ differing temperatures?

_____ fish/plant health be _____ affected _____ water _____?

Wondering if the _____ wildlife.

Can changing _____ my _____ fish?

_____ water _____ my _____ and fishes?

_____ the _____ species affected _____ unstable _____?

_____ the _____ at risk because of temp fluctuations?

_____ harmful _____ my aquatic life _____ fluctuations _____ water temperature?

_____ the _____ change _____ and fish?

Is _____ water temperatures _____ my _____ and flora?

_____ variation _____ temperature _____ my plants and fish?

Can my aquarium _____ to differing temperatures?

Concerns over _____ may _____ aqua-life

_____ changing temp levels _____ my aquarium?

Changing _____ harm fish and _____.

_____ water _____ effecting my plants _____?

_____ changes _____ affect the _____ fish and flora?

_____ the _____ of my fishes and plants _____ water _____?

_____ inconsistent _____ affect fish/ _____?

_____ affect the condition _____ my _____ and fishes?

_____ change _____ affect fish _____ plants?

_____ water temperatures affect _____?

Do different water _____ the health _____ fish _____?
 _____ detrimental to _____ aquarium residents to have _____ temperature _____.
 _____ yo-yoing _____ harmful _____ aquatic life.
 Do _____ my aquatic life and _____?
 _____ yo-yoing water _____ my _____ life?
 _____ the water _____ affecting the _____?
 Is my _____ plants _____ the _____ temperature fluctuations?
 Is the _____ temperature affecting my _____ and _____?
 Can yo-yoing _____ my _____ life?
 _____ my _____ and _____ suffering _____ water temps?
 Is _____ plants and fish?
 _____ wonder if _____ in _____ can harm _____.
 _____ irregular changes _____ harmful to _____ creatures?
 _____ my _____ and fish _____ risk _____ water _____ fluctuations?
 _____ aquarium's inhabitants going to _____ by temp _____?
 Water _____ can affect fish _____.
 _____ and _____ danger _____ temperature fluctuations?
 _____ temperature _____ can _____ plants and _____.
 Is irregular _____ the water _____ fish?
 Are the _____ harming _____ fish?
 _____ of _____ and plants _____ be affected _____ water temperature.
 Will _____ temperatures _____ species?
 Concerns about _____ erratic _____ aqua-life.
 _____ possible _____ can harm my _____ life?
 _____ wondered if _____ and fish _____ suffering _____ unstable water _____.
 How _____ water _____ affect _____ forms?
 Will _____ affect _____ species?
 Can the change _____ plants?
 Do _____ temperatures _____ my _____ life?
 Is _____ my aquatic _____ jeopardized _____ fluctuations _____ temperatures?
 _____ temperature fluctuations _____ my _____ life?
 _____ in _____ temp _____ my plants and _____?
 _____ and fish _____ temp _____?
 Changes _____ temperatures _____ hurt _____ fish.
 I _____ well-being of _____ aquatic ecology _____ jeopardized by _____ temperatures.
 Do _____ affect the _____ my aquatic _____?
 _____ a risk _____ my plants and _____ the _____ temperature?
 Are _____ harmed by _____ water temperature changing?
 _____ hurt _____ health _____ my aquatic creatures?
 Do _____ temperatures _____ the health of _____ life?
 _____ weather affect the _____ creatures?
 _____ temps _____ the well-being _____ aquatic creatures?
 _____ the water temperature _____ the health of _____?
 _____ fish and plants _____ affected by _____.
 _____ the water temperature _____ of _____ fish?
 _____ temperatures can impact fish _____.
 Is _____ water _____ harming _____ and _____?
 Are _____ temperature bad for my aquatic _____?
 Is _____ affecting my _____ and _____?
 Fluctuating _____ could be _____ life.

Water ____ fluctuations affect ____.

____ water ____ affect ____ condition of my ____ and ____?

Can ____ water ____ fish ____ plants?

____ water temperature affecting ____ and fish?

____ changing ____ impact my ____?

____ temperatures ____ fish/plant health.

Do ____ in ____ affect ____ and plants?

Is the ____ of my fish and ____ due ____?

Will water ____ fish?

Are ____ harmed by ____ temp?

The temperature of ____ plant ____ be ____.

Is the ____ causing ____ creatures.

Does yo-yo temperature ____ plant ____?

Concerns ____ how ____ temperatures may ____.

Fluctuating temperatures ____ to ____ life.

____ water ____ affect fish ____ plant ____?

Water temps ____ and ____?

____ in water ____ and fish.

Does ____ irregular heat ____ the ____ the ____?

____ aquarium inhabitants be ____ risk ____ inconsistent temperatures?

____ my ____ and fish suffering ____ unstable ____ temps?

____ water temperature affect ____ fish ____ plants?

____ irregular shifts ____ water ____ aquatic creatures?

Can water ____ be ____ my aquatic ____?

Are my ____ and ____ suffering ____ water temperatures?

____ health ____ fish and plants ____ risk because of ____?

____ changes can ____ fish ____ plants.

Can variable ____ affect ____ and ____?

____ possible that shifting ____ may ____?

Is it ____ frequent temperature ____ bad ____ my aquarium ____?

____ yo-yoing ____ temperatures ____ my ____ life?

____ shift in ____ temperatures ____ aquatic creatures?

Do water temp ____ risk ____ and fish?

Will ____ hurt ____ health?

____ and ____ can be ____ by water ____.

Is it ____ that temperature ____ and ____.

____ fluctuations ____ temperature harmful ____ aquatic life ____ vegetation?

____ water ____ affect my ____ and ____?

____ water ____ affect my ____?

____ for aquatic ____ to experience ____ in ____ temperatures?

How ____ changing ____ temperature affect ____?

Do temp fluctuations ____ the ____ creatures?

____ it possible that temperatures would ____ plant ____?

Does ____ water ____ any ____ on ____ life?

Concerns ____ temperatures may have ____ aqua-life.

____ temps bad for ____ life and ____ underwater ____?

____ temperatures may ____ aqua-life.

Will ____ temperature variations ____ fish?

Is ____ that varying temps pose risks ____ and ____?

Can ____ temperatures ____ fish and ____?

_____ yo-yoing _____ temperatures _____ my aquatic _____?

Does water _____ affect _____ of plants _____?

_____ be impacted _____ the differing temp levels?

Can _____ temperature _____ my aquatic _____?

_____ my fish _____ messed-up _____ temperatures?

_____ plants _____ fish being affected by unstable _____?

_____ changing _____ temperatures _____ plants _____ fish?

_____ water _____ change _____ the condition of _____ plants and _____?

_____ the _____ temperature _____ health of my plants _____.

_____ in _____ plants and fishes?

The water _____ affects _____ and _____.

Is _____ aquatic _____ at _____ temperatures?

Do _____ variations _____ aquatic life.

_____ fish sick _____ of the _____ up _____ temps?

Can the well-being _____ my _____ and _____ affected by _____?

_____ change _____ water temperature affect _____ and plants?

Will the _____ and fish?

_____ aquarium _____ be in _____ due to inconsistent _____?

Fluctuating temps _____ life.

Does the _____ my plants?

_____ it possible _____ different _____ pose risks to _____ and _____?

Does _____ affect _____ and _____ well-being?

_____ the temp _____ the _____ of _____ aquatic _____?

Do _____ water _____ changes _____ plants?

_____ temp _____ the _____ my aquatic creatures?

_____ fluctuations in the _____ temperature affecting _____ plants _____?

_____ fish and plant _____ temperature _____?

_____ variable water _____ plant and _____?

_____ swings affect the fish _____?

_____ the water _____ plants _____ fish?

_____ can harm _____ life.

_____ wellbeing _____ my aquatic life _____ harmed by _____ temperatures.

_____ inconsistent water _____ plants/ _____?

_____ changes _____ water _____ harmful to aquatic _____?

_____ yo-yo _____ hurt _____ and _____ organisms?

_____ may be _____ changing temperatures.

Will _____ be harmed _____ swings?

Is _____ temperature _____ my _____ and _____?

_____ the temperature _____ fish and _____?

Is water _____ fish?

_____ water temperature _____ affecting my _____?

Do _____ and fish?

Is _____ a risk _____ fish from the water _____?

Is it _____ water _____ wellbeing of _____ aquatic life?

Can _____ in water temperature hurt _____ plants _____?

_____ varied _____ hurt _____ plants _____ fish?

_____ temperatures be harmful to _____ and _____?

Is the _____ temperature change _____ to _____ plants?

_____ water temperature _____ impacting my _____?

Will _____ water temperatures _____ health?

Change in _____ affects the health _____ life.

_____ the H₂O temp _____ with _____ and _____ health?

_____ creatures _____ by high temp?

_____ variations in water _____ affect _____ of my plants _____?

Water _____ and plants.

_____ possible _____ differing _____ might pose _____ my fish and _____?

_____ a change in water _____ affect my _____?

_____ and plants are _____ harmed by water temperature _____.

Fluctuating _____ could be _____ life.

Is it possible _____ variations in _____ my _____ and _____?

Will _____ plants _____ impacted by water temperature variations?

Does fluctuations in _____ temperature _____ plants and fish?

Will _____ temperatures affect _____?

Is _____ temperature affect _____ aquatic _____?

_____ life affected by _____ temperature variations?

Can _____ water temperature _____ condition of my _____ and _____?

The _____ affected by the _____.

Do water temperature fluctuations _____ and _____?

Will _____ impact _____ health?

I wonder _____ the water _____ my aquatic _____.

_____ changing water _____ aquatic life?

Am fluctuations in _____ temperature _____ my _____?

_____ and fish are _____ fluctuations?

Is it possible _____ varying temperatures _____ my _____ and _____?

Do yo-yo _____ underwater critters?

Is _____ a risk for my _____ well-being _____ temps?

_____ yo-yo temps _____ aquatic _____?

_____ temperature fluctuations affecting _____ fish _____?

Is _____ possible _____ temperatures _____ endangering the _____ my _____ environment?

_____ the fluctuating _____ temp _____ my _____ and _____?

_____ the well-being _____ my _____ environment _____ due to _____ temperatures?

_____ water _____ affect _____ wellbeing of my _____ life?

Do _____ water _____ changes _____ fish?

Do the water _____ fish _____?

_____ my _____ plants _____ risk because _____ water temp?

_____ fluctuations _____ the water temperature affecting _____ fish _____?

_____ my _____ or plants _____ due to _____ temperatures?

_____ fluctuating _____ temperature do _____ aquatic life?

_____ yo-yoing water _____ bad _____ life?

_____ wonder if the _____ water temperature is _____.

Do _____ water _____ affect the _____ of _____ fish _____?

_____ temperature changing _____ my _____?

_____ temps _____ fish?

Water _____ harm _____ plants.

_____ it _____ that _____ would be harmed _____ varied temperatures?

_____ heat affecting plant-fish _____?

Water temperatures _____ the health of _____ flora.

_____ my _____ fish suffering _____ to the _____ temperature?
