

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Energy consumption analysis and advice
Inquiry Sub-Category	Renewable energy options
Description	Customers are interested in exploring renewable energy sources, such as solar or wind power, to reduce their carbon footprint. They seek information on costs, installation, and government incentives to guide their decision-making process.
Data Size	15,105 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ you provide a ____ how ____ I could save ____ instead of ____ electricity sources?
____ to ____ the ____ money saved by ____ solar energy.
____ the ____ saved by ____ photovoltaics in ____ of regular ____ routines?
____ tell me ____ save ____ solar electricity.
Is there an ____ the ____ using solar instead ____ electrical ____?
____ I save money ____ using ____ of ____ sources?
Could you ____ an idea of ____ financial ____?
Show me the ____ using ____.
____ sun-generated ____ to ____ money?
What ____ I ____ the switch from ____ solar power?
____ tell me ____ much money I ____ left ____ when ____ sun power?
Is ____ any ____ how much ____ will be saved ____ sun-based ____?
____ is ____ breakdown of ____ money ____?
____ have an ____ my savings ____ solar?
Can ____ more about ____ savings ____ solar energy?
____ it ____ to save an estimated ____ by ____ solar ____ electrical ____.
____ to save money ____ I don't ____ traditional ____ solar?
____ there ____ way to save ____ power?
Provide ____ detailed breakdown of cost ____ the ____ of ____.
Do you have a ____ of ____ associated ____?
____ want to ____ much ____ can ____ by going ____ solar ____ electricity.
____ can give me a ____ savings if ____ to solar ____.
I want ____ is going to benefit ____ solar ____ electric juice.
____ have numbers on how ____ save with ____ your pricey traditional.
____ appreciate ____ of solar power ____.
____ wondering how much ____ with ____ energy.
Can ____ the ____ solar ____ savings?
You ____ how ____ I'd ____ by using solar vs. ____ your traditional.

Am _____ get a _____ breakdown _____ going _____ only?

Would you _____ able _____ tell me _____ the _____ of _____ going _____?

_____ you have _____ showing _____ I'd _____ using solar over conventional power _____?

Is it _____ by using _____ energy?

Do you have any figures on how _____?

Does _____ know _____ much I _____ save by _____ renewable _____ instead _____ standard _____?

_____ share _____ solar power savings

_____ savings _____ you _____ from solar _____?

_____ it _____ to show me how much _____ save _____ using _____ instead of traditional electricity?

_____ need a _____ potential savings _____ solar panels.

If _____ abandon _____ power _____ solar, _____ much cash _____ save?

What's _____ estimated amount _____ I _____ by using _____?

Can you _____ cost-savings _____ using _____?

_____ you give me an _____ of _____ with solar _____?

_____ it possible _____ give _____ cost _____ on _____ from solar _____?

Can _____ give _____ idea _____ how much _____ using _____ power?

_____ rundown _____ traditional and solar _____.

Can you _____ a _____ my savings _____ solar _____?

_____ need to know the _____ savings _____ adopting _____.

I _____ a list of my _____ panels.

_____ of how much _____ I would _____ by opting for _____ power?

I _____ financial benefits _____ for sun-based photovoltaics.

You have _____ on _____ dough I'd _____ compared _____ using traditional.

Should _____ get _____ itemized _____ of _____ from _____ to solar power?

_____ have cost _____ from going _____?

_____ breakdown of _____ saved _____ solar _____ traditional electricity?

_____ would _____ to _____ save by substituting standard electrical _____ for _____ energy.

_____ it's possible _____ give me a _____ breakdown by going solar _____.

I _____ like to know how _____ I would _____.

_____ anyone know _____ my wallet will _____ using _____ energy?

How much money _____ with _____?

Is _____ on cost _____ to solar energy?

There is a question _____ power.

_____ estimated amount _____ I can _____ each _____ using solar?

Do _____ have an _____ the potential _____ if _____ to _____?

How _____ can I save _____ opting for _____?

_____ give _____ an _____ analysis of the _____ benefits of _____ to _____?

I _____ like _____ the _____ of money saved if _____ switch from regular electricity _____.

_____ to breakdown _____ by using _____?

_____ how much I _____ save _____ standard electrical supply with _____ energy.

_____ how _____ save with solar _____ electric options.

_____ of money _____ sun-based electricity is _____ known.

_____ is _____ the sun-generated power?

_____ a _____ of _____ much money I _____ with solar?

_____ any information _____ reductions _____ solar _____ to electricity?

Is it possible _____ financial gains _____ solar?

Can I _____ a _____ only _____ solar?

_____ to _____ amount of _____ saved when I switch _____ regular _____ to solar _____.

_____ you _____ a _____ the cost _____ when you go _____?

Is it possible to save _____ annually _____ using _____ than _____?

_____ projections _____ savings _____ can be _____ using solar energy.
 _____ me a _____ on my _____ going solar only?
 How _____ the savings _____ if we _____ instead of _____ power?
 _____ is an _____ on the _____ savings _____ I _____ electric _____ solar.
 _____ know _____ much _____ would be _____ if I _____ regular _____ to solar energy.
 _____ I use _____ it _____ money.
 Can _____ of _____ power _____ down?
 _____ there financial _____ opting for sun-based _____ grid _____?
 How _____ can be saved _____ of _____ power?
 _____ a _____ the _____ savings _____ use of solar power.
 Can you tell _____ how _____ will make with sun _____ bill?
 I was _____ you _____ savings from solar _____.
 _____ much could I _____ by _____?
