

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Power outage reports and updates
Inquiry Sub-Category	Outage updates
Description	Customers requesting real-time updates on the status of power restoration in their area.
Data Size	10,812 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

How _____ expect _____ and uninterrupted energy flow once _____?

Is _____ how _____ electricity problems _____ go away?

Will unstoppable _____ restored _____?

_____ services _____ restored without power _____?

_____ a way to have _____ in place _____?

_____ we expect the _____ continuous energy supplies?

Is _____ going _____ back on?

_____ will _____ our power?

Let _____ soon _____ can _____ steady supply of energy.

You want _____ and _____?

_____ tell _____ when _____ will be able to depend _____?

How _____ to normal with stable energy _____?

_____ time frame _____ be _____ without _____ interruptions?

Can _____ the power _____ flowing?

By _____ we expect _____ electricity _____?

_____ to be an early _____ normal operations _____ energy _____?

_____ there _____ an _____ restoration _____ supply and norma _____?

_____ and no interruptions, _____?

_____ will we _____ power _____?

What are the chances _____ coming _____?

_____ need _____ we can expect a steady _____ of _____.

When everything _____ to _____ like _____ seamless _____ power?

_____ estimate _____ energy supply _____ returning quickly?

When will _____ get _____?

_____ soon can _____ get _____ once more?

_____ we be _____ to get _____ usual electricity _____ all _____?

How _____ power _____ again?

_____ expect everything to _____ back _____ normal with _____ power _____?

It would be _____ if _____ an estimated _____ supply _____.

_____ we be _____ get _____ our _____ without all _____ fuss?

When will _____ our _____ power _____?

When _____ everything return to _____?

_____ a return to normal operations and _____?
 _____ not sure _____ we _____ normal electricity again.
 How long _____ electricity _____?
 _____ there any chance _____ we'll _____ power and _____ interruptions?
 Will _____ restoration of _____ and _____ conditions?
 Is it _____ a _____ regularity _____ power restoration?
 _____ please tell us when _____ will return?
 How _____ it take to _____ conditions and _____ electricity _____?
 When _____ expect things to _____ to _____ supply of electricity?
 How _____ until consistent _____?
 Before consistent _____ returns _____ is _____ anticipated _____?
 _____ have regular power?
 We _____ know _____ we can _____ for _____ end to _____ energy _____.
 How _____ will it _____ to _____ normalcy and _____ power _____?
 When _____ finally have _____?
 What _____ it _____ everything to _____ its normal _____ including _____ electricity _____?
 We want to know when _____ will not _____.
 _____ we _____ an end to the disruptions in _____?
 How _____ can we _____ flow?
 _____ lives return to _____ with electric _____?
 Let us _____ we _____ see _____ energy supply _____.
 Is _____ a _____ that we'll _____ soon?
 Is it _____ tell _____ when _____ electricity _____ will be _____?
 How quickly _____ take for consistent _____ restored?
 Is the _____ back to _____?
 _____ do _____ for an end to _____ in the _____?
 _____ we _____ power back?
 _____ be back _____ regular?
 _____ you _____ when we _____ expect _____ regain our _____ functioning _____?
 _____ soon _____ everything return _____ normal, _____ the _____ transmission _____ power?
 Can _____ tell me when _____ will _____ back _____?
 _____ will we get _____ again _____ the _____?
 _____ soon can we _____ the _____ of _____?
 _____ is _____ time _____ stability in energy _____ returning?
 _____ you tell _____ when power _____?
 Tell us _____ you _____ energy supply.
 How _____ things _____ to _____ with _____ energy flow?
 _____ don't _____ regular energy supply _____.
 How soon _____ constant _____?
 _____ be _____ restoration of _____ conditions and energy _____?
 _____ we _____ to _____ a constant _____ supply?
 _____ will _____ return _____ normal, with _____ the _____?
 _____ a chance of _____ power _____ no _____ interruption _____?
 _____ it _____ much longer _____ and running?
 _____ everything will be normal, _____ the _____ transmission _____.
 Will we _____ able to _____ without interruption _____?
 _____ our _____ their _____ course, with smooth flowing electric _____?
 _____ resume _____ energy supply?
 _____ soon can _____ expect _____ normal energy flow?
 So _____ until _____ and running _____?

_____ hoping for _____ restoration of seamless energy delivery _____?
 _____ will _____ the return _____ normal and continuous _____?
 _____ it _____ to _____ electricity and no _____?
 Let _____ how soon _____ see a steady _____.
 Let _____ know if _____ can _____ a _____ supply _____ soon.
 _____ can _____ expect things to return _____ normal _____ power _____?
 _____ we _____ to _____ continuous energy?
 _____ long _____ have _____ output that is _____?
 _____ electricity come _____ usual soon _____?
 When _____ power _____ back?
 When _____ we _____ energy supply to _____?
 _____ to _____ when _____ will resume along with _____ flow.
 _____ can _____ return _____ normal and continuous _____ supply _____?
 _____ know when regular _____ flow will be _____.
 _____ there be _____ immediate restoration _____ and _____ conditions.
 _____ soon can _____ stable and _____ energy _____?
 _____ you expect _____ to _____ soon?
 _____ me _____ when we can _____ energy _____ again.
 Are we going _____ restoration _____ continuity in the near _____?
 We don't _____ when _____ again.
 _____ expect a restart of regularity _____ transmission?
 _____ it _____ expect everything _____ back to normal _____ in power?
 What is the _____ regular _____ supply in _____?
 What _____ the estimated _____ reverting to normal conditions _____?
 Is it _____ think _____ our _____ will resume their natural _____ electric _____?
 Will _____ energy _____ restored _____?
 _____ it known _____ and undisturbed electricity flow _____?
 There _____ flow soon?
 _____ when do _____ our _____ back?
 We need to _____ will _____ to normal _____ disruptions.
 _____ it possible _____ energy _____ soon?
 When _____ we expect _____ return _____?
 Can you _____ will _____ reliability in power _____?
 Can _____ tell me when _____?
 _____ long will _____ us _____ have power _____ reliability like _____?
 We _____ our _____ back, _____?
 _____ expect energy and _____ again?
 Is _____ a chance _____ a _____ re _____ and stable _____ transmission?
 Can _____ and power _____?
 Will _____ be _____ very soon?
 Will the _____ back _____?
 _____ you aware _____ when we _____ electrical _____ to _____ normal?
 _____ tell _____ the outlook _____ energy supply soon?
 Any chance we'll have _____ no _____ interruptions _____?
 When are _____ get _____ to _____?
 Can _____ back _____ regular, _____ flow at home?
 Before consistent power _____ what _____ expected _____?
 Are _____ any _____ regular energy supply _____?
 When _____ be _____ with _____ interruptions?
 Should _____ energy supply in _____?

Can you give _____ timetable _____ regularity _____?

Do _____ when _____ expect _____ regain _____ levels of functioning?

_____ it possible for us _____ anticipate _____ prompt _____ of regularity _____?

We would like to _____ can _____ energy supply.

_____ does _____ restore normality _____ ensure power flow?

We don't _____ when _____ experience normal _____ energy.

_____ come back _____ with _____ all the time?

_____ in _____ energy supply end?

How _____ will the _____ back _____?

How _____ until _____ is regular?

_____ can _____ expect _____ electricity flow to _____?

Wondering when _____ will _____ to _____ the smooth _____ power?

_____ can we _____ for _____ to the _____ in the _____?

_____ soon will we get _____?

_____ are we _____ to experience _____ continuous _____?

_____ hope _____ an end _____ the disruptions?

Is there _____ regular power and _____ interruptions in _____ near _____?

Will _____ early _____ normal _____ energy _____ be possible?

We need _____ we will _____ stability _____ energy _____.

When _____ we see a _____ and _____?

_____ will _____ be _____ on?

When will normality return _____?

When _____ a return to _____?

When are we _____ the _____?

How _____ can _____ expect stable _____ constant _____?

_____ we likely _____ see _____ return to regular electricity _____ near _____?

When will we _____ people _____ reliable _____?

_____ possible for restored _____ and no interruption _____?

Will _____ be back _____ soon _____?

_____ we _____ and stable _____ soon?

Are you _____ to _____ when _____ will _____ again?

_____ electricity coming _____ to _____ soon _____?

How _____ can _____ flow to _____?

_____ can expect to _____ previous levels of _____ you aware _____?

When can _____ normal _____ with _____ power?

Can we _____ to _____ a _____.

Is there _____ indication on _____ normalcy will _____ flow?

_____ should we _____ to _____ functioning?

Can _____ like _____ with reliable electricity soon?

_____ have _____ estimation _____ when _____ electricity _____ will _____ to normal?

_____ it likely that _____ see a restoration _____ regularity _____ the near _____?

When _____ get _____ to normal and continuous _____?

Is _____ quick restoration _____ supply?

_____ it _____ provide _____ for when _____ will _____ to normal?

How _____ will _____ us _____ back to having regular _____?

Will there be _____ energy _____?

_____ seamless _____ of _____ without any _____ will return _____ normal?

_____ when everything _____ including the seamless _____ of power.

How _____ expect electricity to _____?

Can _____ a _____ of regularity?

Is _____ an _____ about how _____ will disappear?
 _____ soon _____ regular electricity _____ restored, _____?
 _____ time _____ supply return?
 How quickly electricity _____ good?
 _____ can we depend _____ consistent _____ flow?
 _____ there a time when things _____ power _____ stop?
 Will _____ early restoration of _____ operations _____ energy _____?
 Can you let _____ know _____ stable?
 _____ soon _____ expect _____ flow, without disruptions?
 _____ it take for _____ to get back _____ track _____ energy _____?
 _____ things return _____ normal?
 _____ can we _____ a steady supply of _____?
 _____ you _____ of _____ we _____ returning _____ our previous _____ of functioning?
 _____ us a _____ for power _____?
 Please give _____ when the _____ will _____ to normal.
 _____ you _____ an _____ as to _____ return to normal?
 What is _____ anticipated _____ returns?
 I'd _____ to _____ life will resume along _____ undisturbed _____.
 When _____ we expect the _____?
 When _____ we get _____?
 When will everything return _____ with _____?
 How _____ would things _____ previous _____ including _____ electricity distribution?
 _____ are the chances _____ energy supply _____ future?
 When will power be _____ things _____?
 _____ flow will be _____?
 _____ the _____ be _____ soon?
 _____ will we be _____ on consistent electricity _____?
 Will the power _____?
 How _____ will _____ for _____ to return _____ usual?
 _____ seamless _____ distribution possible to _____ its normal _____?
 By what _____ be _____ to _____ energy delivery?
 Do you have _____ power _____?
 _____ able to provide _____ estimate _____ when _____ will return to _____?
 _____ there _____ continuous _____ and _____ swift _____ of normal conditions?
 Can _____ a _____ return to _____ flow _____ power?
 Will _____ to normal _____?
 When _____ we see _____ electricity _____ without all _____?
 _____ before _____ regularity _____ energy supply?
 _____ what _____ may we hope _____ the _____ of seamless _____?
 _____ is important _____ electricity _____ interruptions.
 _____ consistent _____ return?
 _____ we _____ power flow.
 Do _____ know when the _____ flow _____ restored?
 How soon can _____ the electricity _____ normal?
 _____ get normal _____ again?
 _____ power going to _____ back?
 _____ we _____ back _____ normal _____ without all the _____?
 Is it _____ to _____ a re-establishment of _____ power _____?
 _____ be back _____ with power?
 _____ expect continuous energy _____ normalcy?

____ us ____ when we ____ a ____ supply again
 ____ able to ____ prompt return to ____ stable power ____?
 How quickly ____ problems ____ for ____ how ____ things ____ get ____?
 Do ____ when we ____ regain ____ levels ____ functioning?
 ____ energy supply in ____ soon, please, ____ the ____?
 ____ the normalcy ____ energy ____ soon?
 ____ long will ____ to restore ____ functioning and ____ power ____?
 How ____ returns?
 You ____ flow soon?
 ____ we expect ____ to be normal ____?
 ____ long will ____ for ____ return to normal ____ have a ____ electricity?
 How quickly ____ we ____ return ____ normal electricity ____?
 Is it realistic ____ say ____ course along ____ smooth-flowing ____ provision?
 Will energy ____ restored ____?
 Please let ____ know when ____ can ____ energy ____.
 ____ will we ____ able to ____ power ____ again?
 ____ will we ____ electricity ____?
 We need ____ we can expect ____.
 ____ everything return ____ it's usual ____?
 ____ can we ____ the regular ____ restart?
 How ____ do ____ think ____ will take ____ normal ____ ensure ____ flow?
 ____ it ____ energy flow to return to ____?
 How ____ expect the electricity ____ to get ____ to ____?
 ____ life will resume ____ with ____ electricity ____?
 Wondering when ____ get the ____ of ____?
 When can ____ expect ____ to return?
 ____ when we ____ anticipate a steady ____ supply.
 ____ wondering when ____ life ____ resume along ____ flow.
 When can ____ expect ____ supply ____?
 ____ soon ____ expect ____ power?
 Is ____ a ____ life will resume ____ with ____ flow?
 ____ does ____ return to ____?
 How ____ electricity flow be ____?
 We want ____ more.
 How ____ will it take ____ get ____ supply?
 ____ us know when we ____ a ____ supply ____ energy.
 ____ is ____ the energy supply returning ____?
 ____ consistent power ____ what is ____ date?
 We ____ get ____ power ____.
 ____ us ____ soon ____ can expect an ____ supply.
 How long until services ____ lost?
 ____ we expect everything to go ____ normal ____ disrupted?
 Any chance ____ have ____ or ____?
 ____ long ____ it ____ take ____ return ____ normal conditions and constant ____ provision?
 ____ we predict a ____ supply?
 Are ____ likely ____ see electricity flowing ____ in ____ future?
 ____ idea how ____ problems will disappear?
 When should we ____ to disruptions in ____?
 How soon ____ power ____ again?
 How ____ expect ____ flow ____ be restored?

Will there be _____ immediate _____ energy and _____?

Does _____ when the energy _____?

_____ can we _____ for an _____ disruptions in the _____?

Are you _____ that _____ flow _____?

_____ expect _____ rapid restart _____ flow?

How _____ continuous energy flow?

_____ know when consistent _____ will _____.

_____ long will _____ to get back _____ normal _____ and _____?

How _____ can _____ stability and _____?

How _____ will _____ restore normalcy and _____ flows?

_____ return to normal with _____ time?

Would _____ be _____ to restore _____ have _____ interruptions?

Can _____ anticipate when the _____ supply _____?

_____ tell _____ quickly things will go back _____?

_____ will _____ undisturbed electricity _____ once _____ and _____ normalcy _____ resume?

We _____ the return of _____ and continuous energy _____ will _____.

_____ will _____ take to restore normal _____ ensure _____ power _____?

Can you _____ us _____ flow _____ be restored?

_____ we get our usual _____ all the _____?

When will we _____ back _____ all?

Can _____ expect the _____ supply?

_____ need an idea _____ we _____ expect power _____.

What is the _____ power returns _____?

Will _____ power be back _____.

_____ long _____ there is regularity _____ the _____?

_____ can we _____ the regular _____ of energy _____?

_____ electricity _____ to _____ soon enough?

_____ quickly _____ return _____ its previous _____ seamless electricity distribution?

Wondering _____ will get _____ seamless transmission of power?

_____ soon _____ be _____ to experience _____ continuous energy?

_____ it _____ to _____ that our _____ will resume their _____ smooth-flowing electric _____?

_____ you _____ an estimated time _____ recovery?

_____ quickly can _____ expect _____ electricity _____ again?

Expect continuous _____.

By when _____ flow _____ electricity without interruption?

_____ should experience _____ soon.

When _____ we _____ everything _____ go _____ to _____ without interruption _____?

Can you give an _____ when _____ electricity _____ to _____?

_____ we _____ darkness indefinitely or are _____ going to _____ back _____?

_____ a quick flow _____ power?

Uninterrupted energy _____ is _____?

Do you think _____ be _____?

How long _____ services _____ to _____ power _____?

_____ will _____ to have _____ energy?

_____ until we _____ regular energy _____?

_____ be _____ quickly?

_____ soon _____ we _____ our energy _____ to return _____?

_____ need _____ for routine _____ recovery.

How _____ we _____ and energy _____?

When _____ expect consistent electricity _____?

Is it _____ power once _____?
 _____ date may we _____ for _____ restoration of seamless _____?
 _____ tell _____ you anticipate a steady _____.
 _____ it possible to _____ a _____?
 When _____ our lives to _____ their _____ course with electric _____?
 How _____ before _____ have _____ supply?
 _____ it take for _____ to be supply _____?
 Can you _____ me about _____ regular energy _____?
 _____ there be a _____ normal _____ supply _____ conditions?
 _____ hope for regularity in _____ supply?
 When _____ lives resume _____ course?
 When will we _____ our _____ after _____ fuss?
 _____ can _____ expect _____ return _____ normal _____ power problems?
 _____ it _____ things _____ get back to _____ with energy _____?
 _____ delivery may be _____ by what date?
 Can _____ return of _____ energy _____?
 _____ we _____ normal electricity _____?
 When _____ our power back, _____?
 _____ there _____ schedule for _____ and _____ restoration?
 _____ going to see a restoration _____ regularity and _____ flow _____?
 _____ you _____ able to reestablish our previous levels _____ functioning?
 By what _____ we _____ restore seamless _____ delivery?
 Are _____ to _____ flow back _____ normal soon?
 _____ is it _____ reliable energy supply?
 When will there _____ supply _____ again?
 _____ continuous power flow.
 _____ can we expect power _____ come _____ on _____?
 _____ you think about having regular _____ soon, _____?
 Does _____ life will _____ along _____ undisturbed electricity flow?
 Will we _____ regularity and stable _____ quickly?
 Is _____ for _____ to go _____ normal _____ power disruptions?
 Can you _____ an _____ on _____ the _____ will _____ to _____?
 When can we _____ an end _____ energy supply?
 _____ we _____ electricity again?
 When _____ we _____ natural course, _____ electric provision?
 _____ will the _____ in energy _____?
 _____ when the _____ power _____ free from disruptions?
 _____ can _____ energy supply _____ remain _____?
 What _____ time for reverting to _____ constant _____ provision?
 _____ can _____ expect _____ return to normal _____ have a stable _____?
 _____ seen _____ outlook for _____ energy supply soon?
 _____ everything _____ get back _____ normal, including _____ smooth _____ power?
 _____ time _____ before we have _____ power output?
 _____ power will _____ on?
 Are we _____ to count _____ electricity _____ again?
 _____ we _____ of power _____?
 How soon can _____ normal _____ complete _____?
 When can _____ consistent electricity _____?
 When _____ to get _____ power back?
 _____ back to normal quickly?

_____ long will _____ take for _____ flow _____?
 Is it _____ to _____ estimate for when _____ electricity _____?
 How quickly _____ we _____ electricity to _____ normal?
 _____ we get _____?
 We _____ we're _____ to get _____ electricity.
 Will _____ a quick restoration of energy _____?
 _____ quickly can _____ flow _____ restored?
 _____ expect consistent _____ of electricity?
 _____ can we _____ power again?
 _____ is the _____ for restoring _____?
 _____ want to _____ reliable _____ output _____.
 _____ the power go back _____?
 The energy _____ should _____?
 _____ will _____ take _____ power returns?
 What _____ for the restoration _____ energy delivery?
 _____ will _____ the _____ of _____ and continuous energy _____?
 When regular electricity _____ please?
 _____ should _____ a _____ to _____ functioning?
 Is _____ possible _____ consistent electricity flow without _____?
 _____ our lives resume _____ natural course along _____ smooth _____?
 _____ like before, please?
 How quickly _____ we _____ be _____ again?
 Will there _____ return to normal _____ energy _____?
 What is the anticipated time _____?
 _____ need to know when _____ get _____ energy _____.
 When will _____ be _____ normal _____ again?
 _____ that electricity issues will disappear for _____?
 _____ we _____ supply of _____ to return _____ normal?
 When _____ have _____ electricity _____?
 Can we _____ to return _____ normal _____ no _____?
 Is _____ possible _____ tell _____ when regular _____ flow _____?
 _____ they _____ to normal _____ energy _____?
 _____ time frame for stability _____ energy supply?
 _____ is _____ time frame _____ restoring _____ and power flow?
 _____ aware _____ when _____ will regain _____ levels of functioning?
 By _____ will we _____ able _____ depend _____ electricity _____ without _____?
 _____ should the outlook _____ for having _____?
 _____ anyone have an answer _____ energy supply?
 _____ transmission _____ power _____ any disruptions will return _____ normal?
 _____ soon _____ power back?
 When will we _____ supply of _____ and when _____ to normal?
 _____ will we _____ power once _____?
 We need _____ when the regular _____ restored.
 When _____ we get _____?
 Can you _____ a time _____ for _____ regularity _____?
 How long _____ take for _____ normal conditions and _____?
 _____ us know _____ we can _____ a _____ energy _____ again.
 _____ long _____ it _____ before electricity's _____ and _____ smoothly?
 How soon _____ we _____ smooth energy flow _____?
 The electricity will _____ to _____

Wondering when everything _____ normal, like the _____?
 Will all _____ be _____?
 _____ the electricity _____ back to _____?
 Are _____ see a restoration _____ regularity and _____ soon?
 Are _____ to _____ us when _____ be back to _____?
 Can _____ count on a _____ without _____?
 _____ quickly can we _____ the _____ to _____ back to _____?
 By when can _____ on the _____ of _____?
 Please _____ an estimated time _____
 When _____ with _____ electricity flow?
 _____ we expect _____ supply _____ resume again?
 Is it _____ energy _____ restored _____?
 _____ you _____ we _____ regaining _____ levels of functioning?
 How _____ expect an _____ flow?
 _____ it possible _____ quick return to regularity _____ power _____?
 Predictable energy _____?
 When _____ energy supply to _____?
 _____ there an _____ for the _____ situation _____ return _____?
 _____ can we hope for _____ energy _____ disruptions.
 _____ don't know _____ have normalcy and _____ energy.
 _____ day _____ hope _____ seamless energy _____?
 _____ there _____ a _____ of energy _____.
 How long will _____ be before _____ power _____?
 Is _____ chance _____ of regularity and flow of _____?
 How long _____ take _____ get _____ to _____ conditions and _____ electricity _____?
 How _____ return _____ state, including seamless electricity distribution?
 Can _____ tell us _____ regular electricity _____ return _____?
 _____ will _____ be _____ power output is _____ before?
 _____ can _____ the _____ to come back?
 _____ the _____ to being normal _____?
 Will there _____ swift restoration of _____ norma conditions?
 _____ it _____ back to _____?
 Is there _____ chance of _____ prompt _____ of _____ transmission?
 _____ be a _____ energy _____ soon, _____?
 Is _____ for restored electricity and _____?
 _____ consistent power returns?
 Will the _____ soon?
 _____ that electricity _____ will disappear for good _____?
 How _____ would _____ to return _____ normal _____ and _____ provision?
 _____ are _____ when we will _____ and continuous _____.
 When do we _____ again?
 Can _____ expect _____ power flow?
 Is there a _____ regular _____ soon?
 _____ tell me when the electricity _____ normal.
 Can _____ tell us when electricity _____ back _____?
 _____ can _____ living _____ people again?
 How quickly _____ expect electricity _____ normal again?
 _____ it possible _____ problems _____ for good quickly?
 How long do _____ think _____ will take _____ restore _____ ensure _____?
 Is it possible to get _____ supplies?

_____ be restored _____

When can we see _____ end _____ supply?

_____ we _____ return of _____ and power _____?

Please, _____ hour _____ and no _____?

When should our _____ their _____ along _____ provision?

_____ an orderly energy supply?

_____ know when we _____ another steady energy _____.

_____ regular energy supply _____?

_____ before _____ is reliable?

_____ idea of when _____ resume _____ with undisturbed electricity _____?

Can _____ tell _____ power won't stop and _____ will _____?

Can _____ tell _____ when _____ electricity _____ will _____ back?

_____ we expect consistent _____ flow _____ interruption?

Can _____ folks with reliable _____ again?

Are _____ prompt reestablishment of regularity and _____ transmission?

_____ these _____ be _____ soon?

_____ you _____ us when regular _____ will come _____?

_____ there going _____ flow soon?

How _____ are the estimated times _____ to _____ conditions and _____?

With no _____ interruptions, when will _____ to _____?

_____ we count _____ continuous _____?

_____ the power to return to normal?

_____ until _____ normal with _____ energy flow?

_____ you tell _____ power _____ again?

How soon can we _____ power _____?

_____ soon _____ stable and _____ energy?

_____ time _____ we _____ normal _____ again?

_____ there _____ of _____ of regularity _____ stable power transmission?

_____ when _____ return to _____ including the _____ power.

Will the _____ be _____ normal, _____?

_____ electricity _____ might _____ to its normal state?

When are _____ to live like _____ reliable _____?

_____ be restored _____.

_____ have _____ idea of when the _____ return _____ normal?

When will _____ to _____ power failures?

When _____ we be able _____ normal folks with _____?

When _____ to get regular _____?

Is _____ to be back to _____?

How long _____ same energy _____?

When we _____ our _____?

_____ it _____ everything will return to normal, _____ power?

_____ normalcy resume _____ with undisturbed _____?

Wondering when we _____ back to _____ seamless _____ power?

How _____ can we _____ the _____ normal again?

By _____ will we be _____ to _____ flow?

_____ long will _____ be before _____ regular, _____ flow at _____?

How _____ it _____ for _____ flow to return _____?

Is the _____ soon or isn't it?

_____ things to go back _____ normal?

_____ do you _____ about having _____ energy _____ in _____ future?

Is it possible for ____ quick ____ regularity ____ ____ ?

Wondering ____ everything will ____ the seamless ____ of power.

____ stability ____ energy once more?

____ tell ____ we can ____ steady energy supply ____.

____ power come back ____?

____ will we have reliable ____ output ____ before?

How ____ services ____ restored ____ power interruption?

Can you ____ the electricity ____ return to ____?

____ we be living ____ normal ____ reliable electricity?

What is ____ time ____ comes ____?

____ quickly ____ return ____ being ____ seamless electricity distribution?

____ long ____ we have ____ supplies ____?

____ you ____ of when ____ can expect ____ to ____ of functioning?

How long ____ usual ____ supply?

____ can ____ expect ____ energy flow?

____ go back ____ energy ____ at home?

____ can we ____ energy ____ again?

____ know ____ constant ____ supply return will be?

____ can ____ expect things to be ____ and ____ steady ____ of ____?

How ____ it ____ for ____ to be restored ____ power to ____?

Can ____ tell us ____ power ____ not stop and ____ return ____?

____ quickly ____ we ____ get ____ flowing again?

Will ____ be ____?

Do ____ power ____ be stable?

When can we ____ supply?

____ our ____ resume ____ natural course ____ electric provision?

Is ____ constant energy supply to ____?

When ____ finally ____ our ____ back, ____?

Is it possible ____ energy ____ be in ____?

____ is ____ outlook ____ regular energy supply ____ please?

____ expect a constant power ____?

We need to know ____ soon ____ expect ____.

When are ____ going to have ____ fuss?

How quickly ____ everything ____ to ____ seamless ____ distribution?

____ you ____ regular electricity flow ____ be ____?

____ expect ____ energy flow ____?

Will there ____ immediate restoration of ____ supply ____?

____ when ____ we hope ____ seamless energy delivery?

Can we ____ of regularity ____ transmission?

Do you ____ when ____ get our ____?

Is ____ a ____ regular ____ no dumb interruptions?

We need ____ how soon we can ____.

When ____ get ____ normal ____?

When ____ lives ____ their ____ course ____ have smooth-flowing electric ____?

Can ____ us when ____ will be ____ flow?

When will ____ back ____ normal with ____ the ____?

____ we depend on a ____ supply ____?

When are we ____ to experience ____?

Is there any chance we'll ____ no ____ soon?

How ____ can we expect ____ to ____?

_____ long _____ take _____ us to have regular, continuous _____?

Can _____ expect _____ to be _____ without _____?

When do we _____

Is _____ we _____ back to normal _____ continuous energy _____?

_____ is the anticipated _____ consistent _____?

_____ can we _____ for the complete _____ seamless _____ delivery?

_____ again, what _____ the timelines?

_____ uninterrupted _____ soon.

Are you able _____ a timelines _____ power _____?

_____ there _____ indication _____ normalcy _____ resume along with _____ electricity _____?

Let us _____ we _____ steady energy _____ again.

_____ a return to regularity _____ power transmission _____?

_____ we _____ continuous energy _____ more?

_____ will we _____ normal electricity back, _____ the _____?

_____ can _____ expect _____ energy _____ stability?

_____ electrical _____ be back to _____?

_____ long _____ we have _____ output _____ like before?

We _____ when _____ energy supply _____ resume.

_____ should we _____ our natural _____ with smooth-flowing _____?

_____ quickly _____ consistent _____ without disruptions?

_____ electricity and no _____ please?

_____ it _____ will _____ along with undisturbed _____ flow?

_____ we _____ to _____ a prompt _____ of _____ and electricity _____?

Is it _____ give _____ time frame _____ regularity _____ restoration?

Are _____ to be _____ soon?

When _____ with reliable electricity _____?

Will there _____ an _____?

_____ we hope _____ end to the _____ energy?

We want _____ soon we can _____ energy supply.

Is _____ time _____ restored electricity and _____?

_____ have a time period _____?

What _____ take for things to return _____ with _____?

_____ know _____ can anticipate regaining _____ levels of _____?

How quickly can _____ brought _____?

Please have _____ for _____ recovery.

When _____ our power _____?

_____ soon can _____ expect _____ of _____?

How quickly can _____ have _____?

How _____ to restore _____ ensure power flow?

How long _____ take _____ back _____ having regular, _____ flow?

When _____ we _____ for _____ disruptions in supply?

We don't _____ will have reliable _____ like _____.

_____ we expect _____ to normal _____ supply?

Please let us _____ get a steady _____.

_____ it _____ that _____ will _____ with undisturbed _____ once more?

What time _____ we hope _____ restoration _____ seamless _____?

When _____ electricity flow _____ resume?

_____ it _____ to take _____ normalcy and _____ flow to _____ restored?

When _____ we start _____ energy?

_____ can we _____ energy _____ come back _____ track?

_____ expect a _____ of power _____?
 _____ it _____ that _____ lives resume their natural _____?
 When _____ expect the _____ energy _____ remain constant?
 _____ we _____ a _____ power flow?
 When _____ we _____ regular energy _____ to _____ again?
 What _____ time for _____ and ensuring power flow?
 When will we be _____ electricity?
 _____ it _____ get back to normal _____ continuous energy supply?
 How long before we _____ have reliability _____?
 _____ there _____ of a quick _____ regularity _____ electricity flow?
 When can we _____ to _____ our _____ of _____?
 _____ when everything will return to _____ seamless _____?
 _____ we _____ normal _____ continuous _____ soon?
 Is there an _____ for _____ supply?
 _____ we _____ complete restoration _____ seamless energy delivery?
 How _____ we expect _____ flow to _____?
 How long is _____ for reverting _____ normal _____ provision?
 Will energy _____ back _____ soon?
 _____ back to normal _____.
 Are _____ to see _____ return to _____ electricity _____?
 _____ expecting an _____ energy _____ soon?
 Do _____ know _____ we can _____ a _____ supply?
 Are _____ aware of _____ our _____ functioning can be _____?
 Are we _____ anticipate _____ energy supply?
 When will _____ energy _____?
 _____ you _____ a date _____ and power _____?
 _____ when _____ will return _____ the seamless transmission of _____?
 _____ regular energy supply?
 _____ it possible for _____ return of _____ and _____?
 _____ us _____ when we _____ expect a _____ of energy.
 _____ will we see the _____ continuous supply?
 Will normality _____ restored?
 Is there a _____ power _____?
 _____ the energy _____ going to _____?
 Does _____ know _____ long _____ for _____ supply return?
 When should our lives _____ their _____ due to _____?
 _____ we expect to have regular _____ soon?
 When _____ hope _____ the end to energy _____?
 _____ return to normal when there is a _____ of _____?
 Please tell us _____ we _____ have _____ energy _____.
 _____ when we can expect _____ steady _____ supply.
 _____ don't _____ the supply _____ will return to _____.
 Can _____ expect _____ and _____ quick restart?
 What is _____ for _____ of the energy _____?
 _____ is an expectation _____ energy _____ soon.
 _____ to _____ restoration of _____ soon?
 _____ power will come _____?
 Will _____ return to normal, _____?
 _____ soon can _____ expect some semblance _____ flow?
 _____ to know _____ hope _____ complete restoration of energy _____.

When _____ power be _____?

When _____ we expect _____ continuous _____?

_____ there a _____ energy supply _____?

What is _____ time _____ return again?

_____ get a _____ power _____?

Are _____ expecting uninterrupted _____?

_____ may _____ for complete restoration of energy _____?

Before consistent _____ returns _____ is _____ schedule?

_____ a _____ energy supply in place _____?

_____ expect _____ have _____ end _____ disruptions in energy supply?

_____ can we _____ to be normal again?

How _____ do _____ problems _____ for _____?

It's _____ electricity and no _____.

_____ any _____ of _____ normality will resume along _____ electricity _____?

_____ an _____ return to normal with continuous _____?

_____ lives resume _____ with smooth-flowing electric provision?

_____ are _____ estimated _____ for _____ conditions and constant _____ provision?

Is _____ constant _____ possible?

How _____ expect to _____ consistent electricity _____ again?

_____ able _____ normal people again with reliable electricity?

_____ will everything return to _____ in _____?

_____ energy flow _____?

_____ you _____ what _____ outlook _____ having regular energy supply _____?

Is there a _____ restoration _____ and energy _____?

We don't know _____ we'll _____ and _____.

_____ going to _____ a restoration _____ uninterrupted _____ in the near future?

Can _____ provide a _____ power restoration?

Please tell _____ we can anticipate a _____.

How _____ power _____ back?

Is it _____ a _____ reestablishment _____ regularity and stable _____?

_____ the stability in _____ promptly?

How _____ can we expect _____ to come _____?

Are we able _____ hope _____ to disruptions _____ energy _____?

_____ you know when _____ can regain _____ levels _____?

_____ us know when we _____ energy _____ return.

_____ long _____ we _____ energy supply?

_____ it possible _____ seamless transmission _____ power _____ to _____?

When _____ we expect a _____?

_____ quickly _____ expect _____ flow _____ be restored?

_____ do you think _____ will _____ normalcy and _____ be restored?

By _____ we have _____ electricity _____?

_____ flow _____ energy _____ continue soon?

How _____ experience _____ energy?

_____ a _____ energy flow _____.

_____ soon _____ expect _____ once more?

_____ be a rapid _____ of norma _____ and _____?

How _____ can we _____ flow of electricity _____ to _____?

_____ specify _____ time for _____ recovery.

_____ can we expect _____ in _____?

_____ an _____ return _____ operations and energy delivery?

____ when ____ to ____ including the seamless transmission ____ power?
 ____ expect frequent ____ flow and ____?
 ____ there ____ before ____ reliable power output like ____?
 ____ when everything will be ____ seamless ____ of ____?
 How ____ things will get better and electricity ____ ____ ____?
 Is it ____ to ____ electricity flow ____?
 How soon can ____ uninterrupted energy ____?
 Are we going ____ electricity ____?
 How long ____ things ____ right around ____ energy?
 When ____ be ____ to count ____ flow ____ electricity?
 Is ____ possible to ____ to ____ with ____ supply?
 ____ can ____ flow be ____?
 Can ____ give ____ estimate ____ electricity situation ____ get better?
 Is ____ for restored ____ and ____ interruption?
 How ____ until ____ get ____ supply ____?
 ____ start living ____ normal ____ again with reliable ____?
 ____ we can ____ to ____ our previous ____ of functioning, ____?
 Can you give me ____ when ____ will ____ to ____?
 ____ electricity come ____ normal ____ Enough?
 Expect ____ constant flow ____?
 When ____ to be constant?
 When ____ we start ____ electricity ____?
 ____ we ____ in energy supply?
 ____ soon ____ we ____ stability ____ energy?
 Will ____ be ____ get ____ again?
 ____ we have a prompt ____ and ____ power ____?
 ____ see normal energy flow ____ more?
 Do you ____ when ____ expect ____ to ____ again?
 What ____ predicted ____ power ____ back?
 ____ things ____ no power interruptions?
 How soon before ____ power output like ____?
 ____ we ____ in ____ supply?
 Will ____ be ____ energy ____?
 ____ lives resume their normal course ____ smooth ____ electric ____?
 ____ an ____ resumption of usual operations ____ delivery?
 Will there ____ early return to usual ____?
 How ____ it going ____ take for ____ power to ____?
 When ____ expect ____ have a constant ____ electricity ____?
 ____ possible ____ the ____ of power without any disruptions ____ normal?
 ____ the electricity come ____ enough.
 ____ the expected timing ____ power ____?
 ____ seamless electricity distribution ____ state quickly?
 How soon ____ expect energy flow ____ return ____?
 ____ soon ____ expect the normal flow ____ again?
 We ____ can expect a stable energy ____.
 When ____ a return ____ normal and ____ energy ____?
 Is there ____ for ____ situation will return to ____?
 Can we ____ regularity ____ power ____?
 ____ long ____ the ____ energy is ____?
 Expect stable ____?

_____ will _____ power _____ back?

How _____ have regularity in the _____?

How _____ can energy _____ please?

What _____ estimated _____ to _____ normal conditions and _____?

How _____ things will _____ electricity problems _____ away?

_____ we receive _____ electricity _____?

_____ flow will be restored, _____?

_____ the electricity back _____?

When can _____ expect a restart _____ energy _____?

We _____ for _____ seamless energy delivery by _____?

_____ be _____ on soon enough?

Do _____ know when _____ and power won't _____?

_____ long _____ we _____ stable energy _____?

_____ things _____ and _____ won't stop?

It's _____ when our _____ natural course with _____ electric _____.

When _____ get back _____ all the fuss?

Are _____ going to _____ restoration _____ in the near future?

_____ soon _____ normal energy flows?

_____ be possible _____ our lives resume their _____ with _____ flowing _____.

When _____ power _____?

_____ soon can _____ expect _____ steady _____?

Is _____ an _____ of _____ problems will disappear _____?

_____ electricity _____ how _____ return to its _____ state?

_____ anyone know _____ normal life will return _____ electricity _____?

_____ you help us _____ restoration?

How _____ can we _____ power _____?

_____ quickly will _____ conditions and energy _____ be?

Wondering when _____ normal, including _____ seamless transmission of _____?

_____ is _____ estimate _____ energy _____ stability to _____ quickly?

What _____ frame will the _____ situation _____?

When _____ to have _____ energy?

_____ know _____ there _____ be _____ steady _____ supply soon.

_____ an immediate _____ of _____ supply?

_____ should we start living _____ normal _____ with _____?

When _____ be _____ supply of _____ when will _____ return to normal?

Will the energy supply _____ swiftly?

Are _____ of _____ we can _____ to _____ to normal _____ functioning?

Can _____ tell _____ when _____ will _____ back _____ normal?

Will _____ power _____ on soon?

Is there a _____ regular electricity _____ will _____?

Will everything _____ to normal _____?

Is it _____ that electricity _____ will _____ quickly?

_____ you _____ time frame for _____ power restoration?

_____ about living like _____ reliable _____?

Tell _____ when _____ can _____ a _____ supply.

Can you _____ us _____ when _____ power and _____?

_____ quickly _____ expect a _____ flow _____ electricity?

_____ we start living with _____ electricity _____?

Will normalcy _____ restored?

How _____ be able _____ have power _____ more?

____ you aware when we ____ anticipate ____ levels of ____?
 ____ is ____ until services ____ restored without power ____?
 ____ can ____ hope ____ an end ____ disruptions to the ____?
 ____ an uninterrupted ____ soon?
 Do ____ know ____ we can reestablish ____ levels ____?
 When ____ will be ____?
 ____ quickly should ____ flow ____?
 ____ there ____ to ____ a ____ of ____ flow in the ____ future?
 ____ we get back ____ electricity ____ the fuss?
 ____ know ____ we can ____ electrical transmissions ____ promptly?
 Are ____ see a ____ regularity ____ reliability ____ the near future?
 Is it ____ for things to get ____ steady supply ____ electricity?
 How long ____ the ____ is ____ like ____?
 How soon ____ we ____ flow?
 ____ long ____ it ____ to ____ for normalcy ____ restored and ____ to ____ restored?
 ____ us ____ when a ____ will arrive.
 When ____ normal electricity ____?
 ____ it likely that ____ flow ____ be restored in ____?
 Wondering ____ everything ____ become ____ the ____ transmission ____ power?
 Is ____ possible ____ normal life ____ resume with ____?
 ____ time frame for ____ conditions ____ provision is unknown.
 ____ able to ____ schedule ____ power restoration?
 ____ and undisturbed ____ flow ____ again?
 ____ provide an ____ for when the ____ will ____ normal?
 When ____ we get ____ power ____?
 ____ going ____ see electricity flow ____ normal in ____ future?
 ____ is ____ anticipated ____ the power ____?
 ____ soon ____ the ____ energy and stability?
 ____ we ____ when we can ____?
 Are we going to ____ a ____ of ____ flow ____?
 ____ to get ____ our usual ____ soon?
 ____ the ____ to ____ soon?
 ____ it possible ____ energy ____ be ____ soon?
 ____ our ____ resume their ____ along ____ smooth-flowing electric ____?
 By ____ can we be ____ of ____ electricity?
 ____ date should we hope for ____ of ____?
 With all the ____ when are ____ to ____ back ____?
 How ____ stable and dependable ____?
 Can you ____ when ____ will ____ to normal?
 Can you ____ electricity ____ resume?
 ____ there ____ on the return ____?
 Can ____ regularity in the ____?
 ____ is the estimate ____ when ____ energy supply ____ return ____?
 We want to ____ when ____ regular ____ resume.
 ____ soon should we ____ return?
 ____ we going ____ a restoration ____ and ____ of ____ soon?
 ____ will ____ have ____ and ____ again?
 Will ____ be ____ restoration ____ both energy ____ conditions?
 Before ____ power ____ again, ____ is the ____?
 Please ____ when ____ will be ____ and ____ will ____ stop.

How _____ away for good?

Can _____ an estimate for _____ the _____ situation _____ to normal?

How _____ can _____ expect reliable _____?

_____ soon _____ we _____ energy again?

Can _____ hope _____ restoration of _____ by a certain _____?

We _____ have a _____ supply of electricity again.

_____ anticipate _____ constant power _____?

_____ energy supply and norma _____ be possible?

When are we _____ to _____ electricity?

Do you have _____ for when the _____ be _____?

_____ there any _____ when _____ problems will _____ away?

_____ will we _____ back _____ electrical _____?

_____ can _____ regular _____ supply?

Let us _____ things will _____ stable and the _____.

Will _____ a restoration _____ unimpeded _____ of electricity in _____ near _____?

How _____ will _____ to expect continuous _____?

_____ you tell me when _____ will _____?

Expect continuous _____ flow _____?

_____ going _____ see _____ quick restoration _____ regularity and flow _____?

_____ when _____ seamless transmission of power will _____?

How _____ power comes _____?

When _____ you get _____?

Will there be a _____ restoration _____ supply _____?

Is _____ realistic that _____ natural _____ along with smooth-flowing _____ provision?

_____ return to normal _____ and energy delivery.

Do _____ if _____ electricity _____ will return to _____?

_____ we _____ to get _____ electricity?

When will _____ be able to _____ end _____ supply?

Can you _____ electricity _____ will _____ restored?

Is it _____ anticipate _____ reestablishment of regularity _____ stable _____ transmission?

_____ steady _____ of electricity to get _____ back to _____.

Before _____ power _____ what's _____ timetable?

When _____ the _____ come back _____?

_____ we _____ to see _____ restored _____ in _____ future?

What is _____ when the _____ returns _____ normal?

_____ you expect _____ to _____ soon?

Wondering when everything _____ return _____ and the seamless _____?

_____ when everything will _____ to _____ the seamless _____ power?

How soon _____ of energy?

_____ are the plans for _____ energy _____?

_____ soon _____ we expect _____ to routine _____?

Can _____ us _____ fast _____ will go back _____?

_____ can _____ to be reliable again?

I _____ know _____ electricity _____ will disappear _____ good.

_____ it going to _____ restore _____ and ensure uninterrupted power _____?

When can _____ begin _____ again?

Will there soon _____?

When _____ get our usual _____ back, without _____ the _____?

_____ it _____ that regular _____ will _____ restored?

Are we _____ to _____ a _____ normal electricity _____ in _____ near _____?

_____ come _____ to normal eventually?
_____ expect to _____ power flow?
How soon _____ we _____ stability _____?
_____ will _____ to live _____ reliable electricity again?
_____ we able _____ anticipate a _____?
Will _____ be _____ energy soon?
_____ expect to _____ a quick _____ to _____ flow?
When will _____ normal electricity _____?
When will _____ to _____ energy _____?
_____ energy _____ soon?
_____ flow to be _____.
_____ might we _____ for complete restoration _____ seamless _____?
_____ us know when _____ restored.
_____ will _____ and constant energy?
_____ it possible to _____ know _____ things will _____ power won't _____?
Will there _____ rapid _____ of _____ supply _____ conditions?
_____ long until the energy _____?
_____ be long _____ we _____ regularity _____ energy supply?
