

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network coverage and signal issues
Inquiry Sub-Category	Dead zones
Description	Customers identify specific locations where there is no network coverage at all or where the signal is consistently poor, asking for solutions or information on plans to improve coverage in these areas.
Data Size	5,965 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Is there any plan _____ in areas _____ no _____?

_____ resolve _____ network access situations in remote landscapes?

_____ areas will _____ coverage _____?

_____ boost _____ dead zone soon?

_____ want to improve _____ dead zones?

If there _____ chance of getting _____ in areas _____ no _____?

_____ with no _____?

Are there _____ use _____ address no-signal regions?

So, _____ plans to _____ coverage _____?

_____ a _____ to _____ coverage in areas _____ signals?

Is there a plan _____ coverage _____.

_____ improvements planned for locations with _____?

Where _____ a _____ they considered improving _____ communication _____?

_____ are _____ going to _____ no-signal _____?

Is it _____ provide _____ unserved regions.

_____ planning _____ expanding signals _____ regions?

Do you _____ any _____ to _____ coverage _____ dead _____?

Do _____ plans to enhance _____ dead _____?

_____ you increase service in _____?

_____ strategies _____ strengthen reception-lacking _____?

_____ it possible _____ contemplated improving communication _____ where _____ is _____?

Is _____ an _____ for _____ have poor reception?

Is there a _____ in low coverage _____?

Is there anything _____ done _____ provide _____ areas without _____?

Are _____ plans _____ make service better _____?

_____ signal _____ without a network?

_____ in _____ areas could _____ improved

Can _____ better _____ coverage _____ there aren't _____?

Is it ____ for improved network ____ there ____ ?

Service in low ____ will ____ ?

Are there ____ to ____ in ____ ?

Is there anything being ____ service in ____ areas?

Are there planned ____ facilities in ____ regions?

____ there ____ bettering network reach ____ isolated areas?

Do you ____ any ____ to enhance ____ zones?

Where no signal ____ they ____ communication quality?

Does ____ plan to ____ dead ____ ?

I am ____ a plan ____ improving ____ dead zones.

____ you know ____ there ____ extend coverage ____ of networks?

____ to improve communication quality where there is ____ ?

____ reach in ____ areas, any ____ ?

Should ____ dead zones?

Is ____ improve coverage ____ without signals yet?

What are the ____ for ____ areas ____ ?

____ anyone ____ how ____ increase coverage in ____ zone?

____ know ____ anyone has ____ to expand signals in ____ regions.

____ are there to improve ____ in ____ zones?

____ there ____ plans to ____ coverage ____ without signals?

____ if there is ____ effort ____ extend ____ of networks?

Can there ____ expanding networking ____ in ____ coverage ____ ?

____ purpose of ____ at providing network ____ in ____ regions?

____ for ____ in ____ zones?

____ plans ____ provide network ____ the unserved areas?

____ might be ____ for better ____ dead ____ .

____ reach in ____ areas ____ improved.

____ we expect ____ coverage where there's ____ ?

____ are your ____ the ____ regions?

____ they thought about improving communication ____ when ____ ?

____ tell ____ to ____ in my dead zone?

____ there ____ plan to ____ signals ____ regions?

____ to increase ____ in the ____ signal areas?

Is ____ to ____ dead zones?

____ are ____ to strengthen ____ sectors?

Plans ____ in dead ____ ?

Are the measures ____ network ____ in ____ regions?

Is there any ____ without signals ____ ?

____ there ____ to ____ network ____ where signals are ____ ?

Is ____ a ____ to ____ coverage ____ no network ____ ?

Do you ____ to ____ no-signal ____ ?

Will ____ better ____ low- ____ areas?

____ you ____ increasing ____ in low ____ .

____ there is no ____ has they considered ____ ?

____ increasing coverage in ____ zones?

____ any plans to ____ service in signal-less ____ ?

____ anything being ____ to fix the lack ____ in areas ____ ?

____ be making ____ service ____ low signal areas?

Have ____ to ____ no-signal regions?

____ there any ____ signal in ____ without networks?

____ low ____ areas see ____ ?
 ____ there any scheme ____ network ____ in isolated ____ ?
 ____ fix network ____ here?
 How can I improve ____ the ____ ?
 ____ remote region connection?
 ____ on ____ inadequate network access?
 Is there ____ signals in the low ____ ?
 ____ are network ____ are there ____ boost coverage?
 What ____ the strategies for ____ ?
 ____ may ____ service in signal-less areas.
 ____ you ____ for ____ the ____ in dead zones?
 Plans to ____ dead zone ____ future?
 Does anyone ____ plan to improve ____ zones?
 Do ____ know if ____ are plans to ____ zones?
 Is ____ being ____ to ____ the service ____ areas ____ signal?
 ____ there be ____ localities ____ no signal?
 Are there ____ better ____ in ____ ?
 ____ we expect improved network ____ where ____ zero?
 Is it possible ____ are being ____ extend ____ networks?
 ____ there ____ plan to ____ coverage ____ lacking ____ network signal?
 ____ there plans ____ for ____ zones?
 ____ going to boost service ____ low ____ ?
 ____ reception-lacking sectors?
 Is there a ____ for ____ areas ____ yet?
 ____ have any plans to improve network ____ where ____ ?
 Is ____ a ____ for bettering ____ coverage ____ isolated ____ ?
 ____ to strengthen ____ ?
 ____ there ____ for addressing no-signal ____ ?
 Are ____ plans to ____ zones?
 In ____ with ____ is there any chance of ____ ?
 ____ intentions ____ improve service in signal-less zones.
 ____ reach ____ areas should be ____ ?
 Do you ____ plan ____ expand signals ____ low-coverage ____ ?
 ____ are ____ going to improve coverage ____ ?
 ____ anyone ____ a plan ____ expand signals ____ low-coverage ____ ?
 ____ there ____ chance ____ better ____ in ____ areas that ____ no ____ coverage?
 Are there ____ to ____ zones.
 Is ____ a better signal ____ network?
 ____ there ____ plan ____ increasing coverage in ____ signals ____ ?
 Has ____ been considered?
 Can ____ communication quality where ____ signal?
 ____ any ____ spots?
 ____ you ____ for improving ____ zones?
 ____ networking ____ in low-coverage zones ____ ?
 ____ strategies ____ use to ____ regions effectively?
 ____ there any planned upgrades ____ with ____ ?
 Will coverage improve ____ ?
 There ____ be ____ to get ____ signal ____ is no ____ .
 ____ there any effort to enhance ____ ?
 Do you have ____ tactics ____ ?

_____ in low _____ areas _____ improve?

Can _____ in _____ areas?

_____ you _____ me if _____ of getting better signal _____ with no network _____?

Got a _____ coverage _____ the _____ zone?

_____ the _____ the lack _____ availability?

_____ intend to provide network facilities in _____?

Is _____ chance _____ fixing _____ voids _____?

Will there _____ that don't have _____ connectivity?

Will _____ be efforts _____ improve _____?

_____ anything going _____ about _____ reception _____?

Can _____ expect _____ network _____ where _____ is _____ currently _____?

What _____ be done _____ the lack _____

Will there be _____ for _____ don't _____ signal _____?

_____ you got _____ plan _____ in dead zones?

_____ being done to improve service _____ areas _____ signal?

Do you have a _____ on _____ to _____ dead _____?

_____ is _____ for _____ coverage in _____ zones?

_____ you _____ to _____ no-signal areas?

Will _____ enhance _____ low signal _____?

Strategies _____ sectors?

_____ anyone _____ expanding signals _____ areas?

Is it time _____ in _____ with _____ network?

I _____ if _____ is _____ better signal in areas _____ no _____ coverage.

Is _____ possible _____ increase coverage _____ dead _____?

Do _____ a plan for improved coverage _____?

Would there be _____ better _____ in _____?

_____ plan to boost _____ dead zones?

Can progress _____ on expanding networking access _____?

Are you _____ for _____ dead _____?

Will _____ better coverage?

_____ there _____ any _____ of getting _____ signal _____ with _____ network coverage?

_____ way to resolve inadequate _____ across remote landscapes?

In low signal _____ you _____?

_____ y'all _____ signal in dead _____?

_____ plan _____ improved coverage _____ dead zones?

_____ you have any _____ to address _____?

_____ anyone have _____ of _____ the _____ signal in _____ zones?

_____ we _____ improved network _____ where there is _____?

_____ you have a plan _____ improving coverage _____?

_____ could be _____ to _____ for _____ zones.

_____ improving coverage in _____ zones?

_____ have any _____ to increase _____ without _____ yet?

_____ anyone coming _____ a _____ to _____ signals _____ low-coverage areas?

_____ can _____ done about the _____ Coverage?

_____ there a _____ to get better _____ network signal?

Do _____ have _____ deal with _____ no-signal regions?

Do they _____ to improve _____ no signal _____?

_____ be _____ about the lack _____ service _____?

What are _____ plans _____ in dead _____?

_____ wish to _____ dead zones?

Will there _____ to _____ network-devoid regions?

Is there a _____ future _____ locations _____ reception?

Can we _____ coverage _____ there _____ nothing?

Is _____ coverage without signals?

_____ have _____ ideas _____ improving coverage in _____ zones?

_____ there _____ planned fix _____ no _____?

Is it _____ that _____ access _____ improve in _____?

Do you see any _____ to improve _____?

Is _____ a plan _____ future improvements _____ places _____?

_____ it _____ that _____ access _____ zones will increase?

Is _____ to do _____ about _____ reception _____?

Can _____ network _____ when there are _____ none?

_____ have _____ chance of _____ the bum signal _____ dead _____?

_____ improving the communication quality where _____?

_____ thoughts on how to resolve _____ network _____?

Is the aim _____ the measures _____ network _____ regions?

Measures to _____ in unserved _____ may be _____.

Do _____ to _____ communication _____ where _____ is _____ signal?

Did you _____ to boost _____ the _____ zone?

_____ chance of getting a _____ areas with no _____?

_____ anyone _____ plan to _____ signals in low-coverage _____?

Is _____ a _____ address no- _____ regions _____?

Can the _____ poor _____ addressed?

_____ there any _____ increasing _____ without _____?

There might be a plan _____ improve coverage _____.

Is _____ a _____ network connection gap?

Is _____ done _____ fix _____ of service?

Is _____ possible to _____ network-devoid _____.

_____ planned to be provided in _____?

_____ making a plan _____ signals in _____ areas?

_____ improving reception-lacking _____?

Is _____ enhance _____ in _____ areas?

_____ you know _____ intentions there _____ service in _____ zones?

Is _____ expanding _____ in low-coverage zones?

_____ any chance _____ fixing the _____ dead zones.

Do _____ have any _____ on improving _____ in _____?

_____ there be _____ with no signal?

In _____ zones, do you _____ any plans _____?

_____ do _____ my _____ the dead zone?

Have _____ a _____ to _____ coverage _____ dead _____?

Is there a solution to _____ service in areas _____?

_____ plans to improve services _____?

There may _____ plans _____ increase _____ for _____.

_____ if there is _____ chance of _____ areas with no network _____?

Can _____ be _____ intentions to improve _____ signal-less _____?

_____ done to fix the _____ of service _____?

Got a _____ boost _____ in _____ dead _____?

Where no signal _____ have _____ considered _____ communication _____?

_____ signals to low-coverage areas?

Is _____ a chance of _____ places _____ no network _____.

There ____ any strategies ____ reception-lacking ____.
 ____ any ____ to improve coverage ____ areas with ____ network ____?
 Can ____ better ____ where there ____?
 ____ have ____ strategies to ____ areas?
 ____ they ____ improving ____ communication quality where ____ no signal?
 ____ anyone ____ any intentions ____ coverage where signals ____ weak?
 Will coverage ____ zones?
 ____ there ____ boost ____ for ____ areas?
 ____ enhance service ____ low signal ____?
 ____ there be ____ no service ____?
 ____ signal ____ will ____ be ____ service?
 Is it ____ resolve ____ access problems ____ remote ____?
 ____ you be increasing the ____ the low ____?
 Any thoughts ____ about inadequate network ____?
 Is there a ____ signals ____ the ____ area?
 ____ a ____ to inadequate ____ situations ____ remote landscapes.
 Are ____ provide network ____ in ____ regions?
 Is it possible ____ inadequate network access ____?
 Will ____ be ____ availability issues?
 ____ there ____ address the lack ____ service?
 Is there ____ on ____ inadequate ____ in ____ landscapes?
 ____ of ____ in areas ____ yet?
 What can be ____ situations across remote landscapes?
 Does ____ have ____ service ____ signal-less areas?
 Do ____ want to ____ communication ____ when ____ signal ____?
 ____ network facilities to ____ provided ____?
 ____ might be ____ improve ____ in dead ____.
 ____ plan to ____ coverage in ____ that do not have ____?
 ____ be ____ made ____ localities ____ signal access?
 ____ way ____ close the ____ connection ____?
 ____ there plans for increased ____ without ____ yet?
 ____ reach in isolated areas may ____ scheme.
 ____ there ____ to improve coverage for ____ dead ____?
 Is ____ feasible to ____ communication quality ____ signal ____?
 Plans ____ dead ____ soon?
 Is ____ chance ____ will fix ____ bum ____ dead zones?
 ____ might be something to ____ service ____.
 Is there ____ bettering reach ____ isolated ____?
 Is ____ in expanding ____ access ____ low-coverage ____?
 Is it ____ to ____ network ____ remote landscapes?
 Expanding ____ coverage zones?
 ____ any plans to ____ the service ____ signal-less ____?
 ____ the ____ about to get ____?
 ____ you ____ improving coverage ____ dead ____?
 Are ____ on ____ coverage ____ dead ____?
 ____ be improvements ____ localities that ____ signal connections?
 ____ you think you ____ be ____ service ____ signal ____?
 Plans to ____ signal ____?
 Are ____ address the ____ regions?
 Is there ____ ideas ____ how ____ network ____ situations?

_____ there a _____ improved coverage in _____?
 Is there any _____ getting _____ signal in _____ network _____.
 _____ an attempt _____ signal _____ the network-devoid regions?
 _____ there _____ improved _____ low- signal _____?
 _____ the _____ intended _____ network facilities in unserved regions?
 What _____ intended to _____ network _____ unserved regions?
 _____ plans _____ a better signal _____ dead zones?
 Is it _____ to _____ in low-coverage _____?
 In low _____ improve service?
 Will there _____ improvements _____ locations _____?
 _____ on _____ to _____ access _____ in remote landscapes?
 _____ solidifying _____ sectors?
 There _____ to improve _____ signal-less zones.
 _____ you _____ tricks _____ addressing _____ regions?
 Is _____ anything _____ be done to _____ the lack _____ signal?
 Are _____ plans to _____ coverage _____ without _____?
 Do _____ have _____ ideas _____ to improve coverage _____ dead _____?
 _____ the plans for covering _____?
 Is _____ that _____ strengthen reception-lacking _____?
 Do _____ plan for _____ coverage _____ dead areas?
 _____ expect to expand _____ in _____ zones?
 _____ there _____ scheme _____ will _____ network reach _____ areas?
 Is _____ a _____ for _____ dead areas?
 In _____ areas, _____ increasing service?
 Will it be _____ expand _____ in _____ zones?
 _____ to _____ signals in the low _____ regions?
 Is _____ being _____ address the _____ service without a _____?
 Is there ever gonna _____ way _____ fix _____ here?
 _____ a solution to _____ issue _____ poor _____ prevalence?
 _____ there _____ done about _____ reception _____?
 _____ been a _____ for the _____ poor _____ prevalence?
 _____ to _____ coverage in dead _____?
 _____ without a signal, is anything being done to _____?
 Plans _____ the signal in _____?
 Can anything be done _____ lack _____?
 Is there _____ better _____ to _____ network _____ areas?
 Are you going to _____ in _____?
 _____ reception _____ going to be _____?
 _____ they consider _____ the _____ where there _____ no _____?
 _____ there plans to _____ zones?
 _____ know _____ is being _____ to address _____ lack _____ service?
 Are _____ going _____ service _____ the _____ signal areas?
 _____ should _____ issue _____ poor _____ prevalence _____ addressed?
 Will there _____ improvements _____ for people who _____?
 _____ there _____ for improvements to locations _____?
 Is _____ any scheme _____ zero bars?
 _____ may be plans _____ in _____ zones.
 Does _____ have _____ for bettering _____ isolated areas?
 What _____ the _____ for _____ poor _____?
 _____ there any _____ for _____ signals yet?

Will there _____ localities that _____ signal connection?

There _____ some intentions to _____ in _____ zones.

_____ you _____ proposal on filling signal _____?

_____ someone planning _____ expand _____ areas?

Will _____ get signal _____ is no coverage?

_____ it _____ to _____ the _____ regions _____?

_____ remote region _____?

_____ address the _____ of service in _____ without a signal?

Is it a _____ to _____ unserved regions?

In cases where no _____ they _____ improving _____?

Are _____ measures _____ provide _____ in unserved _____?

Is _____ intention _____ improve service _____ the signal-less _____?

_____ there _____ plans to _____ signal-less areas?

_____ increased service in _____ signal _____?

Do _____ have any _____ to address _____?

What are the plans for _____ without _____?

How can _____ strengthen _____?

Is _____ done to _____ the service _____ no signal?

Is it possible _____ better _____ areas with _____?

_____ expect better network coverage where _____ currently _____?

Do _____ scheme to _____ network _____ in _____ areas?

Future plans for _____ signal _____?

_____ be _____ to _____ signal _____ network-devoid regions.

Is there any _____ coverage _____ areas _____ yet?

Are _____ changes _____ locations _____ reception?

_____ coverage _____ improved _____ dead zones?

Will _____ be working _____ in _____ signal areas?

How _____ to strengthen reception-lacking _____?

If _____ plans _____ increasing coverage in areas _____?

Is _____ a _____ network _____ scheme in _____?

Is _____ plan to _____ coverage in areas _____?

Is _____ a _____ reach _____ in isolated _____?

_____ is _____ coverage in dead zones?

Are _____ give network _____ in unserved _____?

_____ be improvements _____ for localities that _____ to the _____?

_____ we expect _____ network coverage _____ there's _____ currently _____?

_____ you have any _____ amplify coverage _____ yet?

Are _____ plans for better _____ in _____?

Are _____ on _____ improve coverage _____ dead zones?

_____ can _____ done about this lack _____?

Do you have _____ strategies _____ the _____ signal _____?

Can there be _____ to improve _____ areas without _____?

_____ about _____ low signal areas?

Is _____ anticipated _____ access in low-coverage _____ will _____?

Where _____ no network _____ we expect _____ coverage?

Can there be _____ chance _____ signal _____ areas _____ no network _____?

What _____ done _____ lack of service _____?

_____ there a _____ expand _____ in _____ areas?

Is there _____ upcoming _____ poor reception?

_____ it _____ to improve _____ in _____?

_____ you _____ plan for better _____ in dead _____?
 Will you _____ anything _____ in _____ zones?
 _____ you _____ methods to _____ with no-signal _____?
 _____ to expand networking access _____ low coverage _____?
 Are _____ to provide _____ in unserved _____?
 Can you promise _____ low _____ areas?
 _____ you be _____ service _____ areas?
 Is _____ plan for _____ coverage _____?
 Is there _____ upcoming _____ that have poor _____?
 _____ anyone developing _____ plan _____ signals in low-coverage _____?
 Will improvements _____ for _____ don't _____ signal reception?
 Do you have _____ your _____ in _____ zones?
 Is _____ fix the bum _____ in dead _____?
 _____ any _____ improve service _____ signal-less zones?
 _____ can be _____ no _____ coverage?
 _____ being _____ to address the lack _____ in those _____?
 How _____ plan _____ better coverage _____ zones?
 _____ suggest a _____ to _____ the network connectivity _____?
 _____ explain how to increase _____ in _____ zone?
 How _____ network _____ here?
 Is _____ in _____ dead zones?
 _____ about improving _____ where there is no _____?
 There _____ efforts to improve _____ in _____ regions.
 _____ low _____ areas _____ you _____ service?
 Has _____ a solution _____ poor signal _____?
 _____ there _____ planned for _____ with poor _____?
 _____ anything being _____ in areas _____ not have a signal?
 _____ you aware _____ in my dead zone?
 _____ there _____ no signal, have _____ improving _____ quality?
 _____ network dead _____ to get _____?
 Is _____ anything to _____ reception areas?
 Will there be _____ plan _____ coverage in _____?
 _____ is being taken to _____ lack _____ service _____ without a _____?
 Can _____ tell me _____ improving coverage _____ zones?
 Can _____ to _____ more networking access _____ zones?
 _____ for _____ in dead zones?
 Is _____ any _____ for increased _____ without signals _____?
 _____ access be _____ in _____ zones?
 _____ currently _____ network coverage, _____ we expect improved _____?
 Got a way to increase my _____?
 _____ there _____ upgrade planned _____ places _____ poor _____?
 _____ it _____ to improve _____ quality _____ no signal?
 How _____ you _____ the _____ here?
 _____ a bettering _____ reach _____ areas?
 Will you _____ in low _____?
 _____ plan to _____ in the dead zones?
 _____ improve coverage in dead _____?
 _____ have a _____ improve coverage in dead _____?
 _____ they _____ improving _____ no signal?
 Do you _____ a plan _____ better _____ in _____?

_____ any effort _____ increase _____ the network-devoid regions?

Network _____ in isolated _____ improved?

_____ the service _____ signal-less _____ be _____?

_____ they _____ communication quality _____ is no signal?

_____ there anything done to _____ the _____ of _____ the areas _____?

_____ be _____ coverage _____ low-signal areas?

_____ possible _____ fix poor _____ areas?

_____ anyone _____ into expanding _____ low-coverage _____?

Are _____ locations with _____ reception?

_____ addressing _____ issue _____ poor _____ prevalence _____?

_____ be better _____ low-signal areas?

_____ are no _____ yet _____ increased coverage _____ without _____.

Do _____ plans _____ in dead _____?

Do you have a _____ for _____ coverage _____?

Is networking access expected _____ in _____?

_____ there a _____ improvements _____ locations with _____ reception?

_____ you considering _____ in dead _____?

Will _____ be _____ to _____ coverage for _____ zones?

_____ network coverage where _____ aren't currently any?

_____ anything _____ done to fix _____ service in _____ area?

Is _____ any planned upgrades _____ poor reception?

_____ on how to _____ network access _____?

Can we _____ network _____ there _____ currently nothing?

_____ there any _____ in _____ areas?

_____ if they _____ improving _____ no signal exists.

_____ better signal in areas without networks?

_____ be _____ about the _____ of service _____.

_____ they _____ communication _____ if no signal _____ present?

Will _____ improve _____ low-signal _____?

_____ there _____ plans to provide network _____ regions?

Will _____ in low signal _____?

Is there _____ chance of _____ signal _____ areas _____ coverage?

_____ might _____ to increase coverage _____ zones.

_____ improvements for localities with _____ coverage?

If _____ is _____ signal _____ areas with no network _____.

Is _____ any _____ fix the network _____?

Is _____ anything being _____ fix _____ with no signal?

_____ there _____ on _____ to improve coverage _____ zones?

Can _____ recommend a scheme for _____ network _____?

_____ improve a weak _____ problem _____?

_____ there _____ that can _____ done _____ address the _____ of _____ a signal?

_____ an _____ taken _____ the issue of _____ signal _____?

Do _____ have _____ fix the signal _____ dead _____?

_____ there _____ plans _____ improved _____ in dead _____?

Are _____ plans _____ give _____ coverage _____ dead _____?

Is there _____ can _____ done _____ the lack _____ service _____ a signal?

_____ there a _____ strengthen _____ sectors?

_____ there _____ to provide _____ facilities in _____?

Is there _____ to _____ in _____ regions?

_____ no coverage _____ we expect improved _____?

Is there anything being _____ lack of _____ areas without _____?

Are the _____ provide network _____ in unserved _____?

Strategies _____ sectors?

Are there _____ expand signals in _____?

Is there _____ to reach network _____ areas?

_____ the _____ reception _____ upgrade?

_____ be done _____ there is _____ service _____?

Is _____ any _____ area with no network _____ will get _____?

_____ there _____ way _____ network _____ in isolated areas?

_____ be _____ for network _____ zones?

_____ anything _____ improve _____ service in _____ without a _____?

_____ there _____ chance of getting _____ signal _____ without network _____.

_____ communication quality where _____?

Do _____ have _____ for _____ signal in _____?

_____ the _____ intended to _____ network _____ served regions?

Are there _____ improve _____ in _____?

_____ there _____ plans _____ expand networking access _____ low-coverage _____?

Will an initiative _____ with _____ the availability gaps?

_____ coverage in dead _____

Do you _____ to upgrade _____ in zero _____?

_____ want _____ communication quality where no _____ present?

Is there a _____ service in _____?

Is there any chance _____ better _____ in _____ coverage?

_____ there anything _____ done _____ the _____ in the _____ without a signal?

Are _____ hoping _____ network facilities _____ regions?

_____ plans to _____ is no coverage?

_____ of _____ a better signal in _____ with no _____?

_____ be improvements for _____ with _____ in _____ future?

Improve _____ zones, _____ a plan?

_____ there _____ you can do _____ reception _____?

Can _____ suggest a way _____ fill _____?

_____ effort being made _____ extend _____ outside of _____?

Fix the _____ signal _____ on _____?

In _____ signals, _____ there _____ plans _____ amplify coverage?

Is _____ upgrades for places _____ reception?

_____ any solutions _____ address _____ regions?

Is the _____ networking _____ in low _____ zones?

_____ have any plans for covering areas _____?

Will _____ be improvements for _____ don't _____ signal _____?

_____ have _____ plan _____ get signal where _____ no coverage?

Should there _____ strategies _____ sectors?

_____ networking access _____ expanded _____ coverage _____?

_____ any intentions _____ improve _____ in signal-less zones?

_____ measures intended _____ give network facilities _____ unserved _____?

Is there any _____ receiving better _____ areas _____ network _____?

_____ for _____ coverage _____ areas without _____?

_____ there _____ improvements _____ localities that don't have _____?

_____ are _____ what intentions _____ there to improve _____?

Is _____ a plan _____ a signal when _____ no _____?

_____ fixes _____ the no-service spots?

_____ planned _____ for no signal _____?

_____ is _____ address _____ lack of service in areas _____ a _____?

_____ to improve lack of _____ coverage?

_____ you provide any _____ to _____?

Is _____ plan _____ signal in network-devoid _____?

Is there _____ improvement _____ access _____ coverage zones?

Do _____ know what can _____ about poor _____?

Is there a _____ expand signals _____ the _____?

Is _____ to improve signal _____ network-devoid _____?

Have plans _____ in dead _____?

Where no _____ exists, have _____ improving _____ communication _____?

Is _____ fix planned _____ areas?

_____ any _____ of better _____ areas with no _____ coverage?

Will _____ any plans _____ improve _____ in signal-less _____?

Strategies forStrengthening _____?

Is _____ to _____ network access issues across _____?

_____ expand _____ in low-coverage areas?

Do you _____ a _____ coverage in _____ dead _____?

How _____ you _____ areas?

_____ you _____ strategy _____ address the _____ regions?

Are _____ to _____ better in signal-less zones?

_____ be _____ to improve the signal _____ regions?

_____ there any _____ improve _____ the network-devoid regions?

_____ any _____ to improve _____ areas _____ have _____ network signal?

_____ you have _____ to increase coverage _____ without _____ yet?

_____ problem of _____ prevalence _____ addressed?

_____ more coverage _____ low-signal areas?

_____ plans for more _____ for _____?

How _____ resolving _____ situations across _____ landscapes?

Is _____ planned improvements _____ locations that _____ reception?

Is _____ provide _____ facilities in un _____ regions?

_____ reach _____ isolated _____ be improved with _____ scheme.

_____ there any idea _____ resolving _____ access _____?

_____ there a plan to _____ the issue _____?

Where there is no _____ they _____ improving _____?

_____ be expanded in low-coverage _____?

Any _____ of getting _____ signal _____ areas that _____ have _____?

Is there anything being _____ the _____ that have no _____?

_____ any _____ planned _____ locations _____ poor reception?

Has _____ considered _____ poor signal _____?

_____ an effort _____ issue of poor signal _____?

_____ you address _____ service _____?

_____ better signal _____ areas that don't _____ a network?

_____ there anything they _____ poor reception _____?

If _____ signal exists, have they _____ quality?

_____ they considered _____ no signal exists?

Is _____ any plan _____ coverage _____ network dead _____.

_____ occur _____ low-signal areas?

_____ are currently _____ can we _____ network coverage?

_____ there _____ solution for _____ network access _____ landscapes?

Is something _____ lack _____ in _____ without a signal?

Do you _____ to improve coverage _____ spots?

Plans for _____ in _____?

_____ you know if there _____ chance _____ getting _____ signal in _____ network _____?

Is _____ way to resolve inadequate _____ across _____ landscapes?

Will _____ address the _____ network _____?

_____ anything being done to _____ service in _____ that _____ have _____?

Measures to provide _____ facilities _____?

_____ will see upgraded?

Will there _____ to _____ network coverage where _____ are _____?

Can _____ give _____ plan _____ coverage _____ dead zones?

_____ you _____ ideas _____ no-signal regions?

There is _____ scheme for _____ reach in _____?

Where no _____ have they _____ of improving _____?

_____ you tell _____ there is any _____ getting _____ signal?

_____ signal in dead zones?

_____ you address _____ regions?

_____ to strengthen _____?

Do _____ any _____ for improving _____?

_____ can _____ address _____ regions?

_____ reach in isolated _____.

Is it _____ improve _____ in _____?

_____ you plan on enhancing service in _____?

_____ any future upgrades planned _____ locations with _____?

_____ there a plan for better _____?

_____ coverage increase in _____?

Is there _____ for _____ network reach _____ areas?

_____ provide _____ in _____ signal areas?

In _____ zones, any _____ signal?

Is _____ a plan _____ coverage in _____?

_____ they _____ improving communication _____ signal?

_____ something _____ improve the _____ in areas that _____ a signal?

Better _____ in _____ without _____?

Do you _____ any _____ addressing _____?

Is _____ chance _____ service in signal-less _____?

Is _____ be done _____ the _____ of service in _____ without a _____?

Is _____ any plans to increase _____ without _____?

_____ planned for _____ without signal?

Will _____ improved _____ low signal _____?

_____ be _____ chance of _____ signal in areas without _____?

_____ issue of _____ signal prevalence be _____?

Will coverage _____ low-signal _____?

_____ address _____ availability _____ soon?

_____ they _____ improving _____ quality _____ there is _____ signal?

Are there _____ coverage for _____.

_____ there _____ of getting better _____ in _____ a network coverage?

_____ better network reach _____ isolated _____?

Is _____ better _____ with no _____?

Is _____ possible to _____ better signal _____ with _____ coverage?

Is _____ any chance of fixing _____?

_____ you _____ plans to _____ in dead zones?
 Plans _____ dead _____ signal _____ future?
 _____ be _____ who don't have a signal?
 _____ a _____ for improving _____ dead zones?
 Are measures _____ at _____ facilities _____ unserved _____?
 _____ there _____ to improve _____ in _____ with no signal?
 _____ will _____ improved _____ low _____ areas?
 _____ the _____ better in _____?
 Can _____ coverage _____ are currently no?
 How do _____ plan _____ in dead _____?
 _____ you _____ augmenting service in _____?
 Will anyone _____ voids _____?
 _____ you have a _____ issues here?
 Are _____ planned _____ that have _____ reception?
 How _____ we _____ service coverage?
 _____ have strategies to _____ coverage _____ zones?
 _____ plans to _____ no-signal regions?
 _____ there be plans _____ boost _____ network dead _____?
 _____ know _____ there _____ for improving coverage in dead zones.
 Is _____ any plans for _____ in dead _____?
 Any _____ gaps near you?
 Do _____ have any _____ coverage in areas _____?
 _____ there be _____ plan _____ get signal _____ is no _____?
 Can _____ in _____ signal _____?
 _____ there _____ done _____ address _____ lack _____ service _____ a signal?
 Is there _____ plan to _____ have no network _____?
 Plans _____ improve _____ zones?
 Is there _____ improving service _____ zones?
 Is _____ any desire _____ service in _____?
 _____ have _____ plans to _____ coverage for _____ zones?
 What _____ we _____ to correct the _____ coverage?
 Is _____ possible that _____ are _____ extend coverage _____ established networks?
 Correcting _____ signal _____ the _____?
 Is there _____ network facilities _____ regions?
 _____ anything _____ done to address _____ of service in _____ a _____?
 _____ a plan _____ improve coverage _____ that don't _____ a network _____?
 _____ an _____ planned for places _____ have poor _____?
 _____ can be done _____ improve _____ in areas without _____ signal?
 _____ there _____ facilities in unserved regions?
 _____ there a plan for better _____?
 _____ there of improving network _____ where _____ weak?
 Do you know _____ there is _____ fixing _____ dead zones?
 _____ plan to _____ signal in the _____ regions?
 _____ anyone propose _____ to expand signals _____ regions?
 _____ there upcoming improvements _____ reception?
 Do you have any _____ to _____?
 Is _____ scheme _____ bettering _____ reach _____ isolated areas?
 Is _____ any plan to _____ without _____?
 _____ they _____ on providing _____ in _____ regions?
 Is _____ anything _____ done _____ lack of _____ in the _____ a signal?

Do ____ think ____ will ____ improving ____ in ____ signal ____?
 Is there ____ done ____ the ____ of service ____ signal?
 ____ can be done ____ the ____?
 Has they ____ quality ____ there ____ no signal?
 ____ access ____ to be expanded ____ zones?
 Are you ____ service ____ areas?
 ____ service ____ low signal ____?
 Are ____ any ____ expanding coverage in areas ____?
