

[Demo] NLP Dataset for Customer Service Automation

Company Type	Online Electronics and Technology Retailers
Inquiry Category	Account registration and login assistance
Inquiry Sub-Category	Two-factor authentication
Description	Customers who have enabled two-factor authentication and need assistance in setting up or troubleshooting issues related to this security feature.
Data Size	5,041 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Online Electronics and Technology Retailer" customer inquiry. (Purchased data will not be masked.)

____ your ____ third-party applications like Google ____ or ____ as alternative ____ for ____ ?
 Is ____ way ____ apps like ____ APPEARANCE to ____ system's OTP codes?
 ____ possible ____ use programs ____ or ____ Authenticator to make ____ in your ____ ?
 ____ allow Authy ____ Google Authenticator ____ the ____ of ____ ?
 ____ a way ____ use ____ Authy ____ Google Authenticator ____ toGenerate OTP codes ____ ?
 ____ platform ____ of external apps such as ____ to generate ____ ?
 ____ wondering if I have an option ____ apps ____ Authy ____ as ____ OTP generators.
 I would like ____ a way ____ use ____ Authy ____ Google Authenticator apps ____ generate ____ codes.
 Does your platform ____ apps like ____ and ____ ?
 ____ Authy ____ similar alternative to create one-time password ____ your platform?
 ____ it possible to ____ OTPs with ____ like ____ Google ____ ?
 ____ Authy ____ on your ____ third ____ options to produce ____ password ____ ?
 ____ for ____ to be generated via apps ____ and Google ____ ?
 ____ there a way to use apps like Authy ____ GOOGLE ____ with ____ ?
 ____ if ____ have an option to use ____ Authy or ____ Authenticator as ____ OTP ____ .
 Is ____ a way ____ use apps ____ APPEARANCE ____ passwords with your ____ ?
 ____ it possible that I ____ rely ____ to generate an OTP ____ your platform?
 ____ Authy to ____ OTPs?
 ____ platform ____ the ability ____ support ____ or another ____ party application ____ generate ____ .
 ____ if there's a way to ____ the ____ andGoogle Authenticator ____ Generate ____ .
 ____ support third-party ____ Authy ____ Authenticator ____ producing one-time passwords?
 Is ____ possible ____ third-party ____ with your ____ OTP generation capability?
 ____ it ____ to ____ alternative ____ Authy or Google Authenticator, ____ on ____ platform?
 Do you ____ if ____ possible ____ use ____ or ____ Authenticator to ____ OTPs?
 ____ possible ____ use ____ like Authy ____ Google Authenticator ____ generating the ____ ?
 Do ____ if ____ Authy and ____ can ____ for creating OTPs?
 Is ____ platform ____ Authy ____ another third- party ____ to ____ OTPs?
 Can you tell ____ is possible to create ____ programs ____ ?
 ____ like Authy ____ platform for generating one-time ____ ?

Is it possible _____ use _____ Authy or _____ Authenticator _____ platform?

Is _____ to _____ as Authy and Google Authenticator _____ platform?

_____ if platforms _____ Authy _____ Google Authenticator _____ be used _____ OTPs?

_____ I be able _____ use _____ or another _____ one-time passwords _____ this _____?

Is _____ possible _____ let us use _____ or Google _____?

_____ I use _____ like Authy to _____ for _____ platform?

Is _____ generate my _____ with apps _____ Authy _____ Authenticator _____ platform?

Can you _____ if _____ Authenticator are _____ on your _____?

_____ wondering if _____ use _____ with your platform to _____ OTPs.

_____ it _____ use other _____ of creating _____ your _____ like _____ Authy?

_____ use _____ like Authy _____ Authenticator _____ create OTPs with your system?

_____ it possible for users to _____ choices like _____ Google _____ when _____ OTPs _____ the _____?

_____ offer _____ like Authy and Authenticator for OTP _____ purposes?

_____ I have _____ option to _____ Authy or _____ similar _____ OTP _____?

_____ you _____ me if _____ supports _____ applications like _____ Google Authenticator _____ generate _____?

Is _____ a way _____ Authy and Google _____ generate one-time passwords _____ the system?

Is the _____ third-party _____ like _____ generate OTP?

Can _____ Authy or Google Authenticator as _____?

_____ I have an option _____ use _____ like _____ the like _____ OTP _____?

Does _____ capacity _____ support Authy _____ third-party application to _____ OTPs.

_____ there _____ to use Authy and _____ to _____ one-time _____?

Is the platform capable _____ external apps _____ Authy _____?

Is _____ possible _____ Authy and/or _____ Authenticator to make _____ passwords?

_____ your platform offer third party _____ that can _____?

Is it possible _____ Authenticator _____ Authy _____ platform to _____ passwords?

Can _____ and/or _____ Authenticator to make one-time _____?

Does _____ allow for _____ options _____ as _____ Google Authenticator to be _____ create _____?

_____ it possible to _____ apps _____ as _____ to _____ time passwords _____ this platform of _____?

Is _____ possible that you _____ use _____ and Google _____?

_____ possible to use _____ for generating _____ time passwords?

_____ possible to use programs like _____ as an alternative _____ for _____?

Is it possible _____ Authy with _____ to create _____?

Is _____ possible for me to use external _____ Authy, _____ your platform?

_____ options _____ Authy supported _____ your platform _____ one-time _____?

Can _____ a _____ like Authy _____ Google _____ create OTPs?

_____ to use apps _____ Authy to generate one time _____?

I _____ to _____ have _____ to use _____ like _____ or Google _____ my OTP generators.

Does your _____ the _____ support _____ or _____ party application _____ create OTPs?

Can you tell _____ your _____ the _____ apps like Authy _____ Google _____?

Can I use Authy _____ Google _____ your _____?

_____ to use _____ ways _____ OTPs _____ your system, like Authy?

_____ it possible _____ use external sources, _____ as Authy _____ Google Authenticator, _____ using your _____?

_____ Authy supported _____ your _____ for generating _____ time passwords?

Is Authy _____ third-party applications _____ for _____?

Is _____ platform _____ supporting Authy _____ third-party _____ application to generate _____?

Do I have _____ option _____ Authenticator as my OTP generators?

Can Google Authenticator or Authy _____?

_____ it possible _____ choose between Google Authenticator or _____ generating _____ OTPs _____ this _____?

Is _____ supported by your _____ for generating _____?

Is it _____ use alternatives such _____ Authy _____ Authenticator _____ your system?

Is your platform _____ one-time _____ with alternatives _____?

Is it _____ use _____ such _____ Authy and Google Authenticator _____ create _____?

_____ for _____ to use choices like _____ Authenticator _____ generate their OTPs using _____ platform?

Is _____ a provision on _____ allows the use of _____ like _____?

_____ possible _____ use _____ alternative service like Authy _____ generating _____ passwords _____ platform?

_____ compatible _____ Authy _____ Google Authenticator?

_____ your platform _____ ability to support _____ or _____ generate OTP?

Is there a way _____ use _____ Authy _____ Authenticator _____ one-time _____?

Do _____ with third-party _____ Authy for OTP generation?

Can Authy _____ Google Authenticator _____ to _____ passwords for _____?

Is Authy or _____ Authenticator supported by _____ for _____?

_____ Authy and _____ be _____ to generate one-time _____?

Is _____ possible to use Authy for _____?

Is _____ possible _____ users _____ use _____ choice like _____ Google _____ their OTP?

_____ Google Authenticator be _____ on your platform to _____?

_____ you _____ to use _____ and/or Google _____?

Is there a _____ the _____ Google _____ apps _____ generate _____ passwords?

Does your platform _____ be used _____ generate _____ passwords _____ Authy?

_____ platform _____ use alternative services like _____ generating one-time passwords?

_____ that platforms _____ Authy and _____ can _____ used for _____ OTPs?

Is Authy _____ on your _____ specifically _____ allowing third _____ one-time password _____?

Does your system _____ use _____ applications _____ Authy for generating _____?

Would _____ use third-party _____ like Authy with your _____ functionality?

Is _____ use programs like _____ and Google _____ alternative _____ of _____ OTPs?

_____ use _____ your _____ to create OTPs?

Can _____ use apps _____ Google _____ to generate _____ on _____?

_____ it possible to _____ Authy and _____ with your _____ OTPs?

Is _____ use Authy _____ Google _____ for one-time password _____?

_____ it possible _____ users _____ choices _____ Google Authenticator _____ generating their OTP _____ this platform?

_____ there a way to use _____ Authenticator _____ one-time codes?

_____ Authy _____ on your platform, _____ providing third _____ options _____ making one-time _____?

_____ it _____ programs like _____ Authenticator or _____ as _____ creating OTPs?

_____ have _____ option _____ use Google Authenticator _____ Authy as _____ OTP _____?

Can you _____ me _____ platform allows _____ use _____ apps _____ Authy _____ OTPs.

_____ use _____ or Google _____ to create _____ within my system?

Is it _____ use _____ such as _____ Authenticator _____ create OTPs within _____?

_____ to use _____ such as Authy _____ Authenticator, to _____ an OTP?

_____ compatible _____ applications such as Authy _____ Authenticator?

Does your _____ applications _____ can _____ generate _____ like Authy?

_____ it possible _____ use _____ such _____ Authy _____ platform for _____ OTPs?

_____ Authy supported _____ your _____ for _____ OTP?

Is there a _____ to use apps _____ APPEARANCE to _____ system.

When using this _____ choice _____ Authy _____ Google Authenticator?

Do _____ me to use third-party _____ such as _____ order _____ get _____ tasks?

Is _____ for me _____ use Authy _____ your platform?

Are options _____ Authy _____ your platform _____ creating one-time _____?

Is _____ endorsing _____ for OTPs?

Do I _____ the option to _____ Google _____ or _____ my _____?

Is _____ platform _____ support _____ a _____ application _____ generate OTPs?

Is your platform capable _____ supporting _____ third _____ application _____ one-time _____?

Do ____ have ____ to ____ Authy for ____?

Can ____ use apps ____ Authy ____ Google Authenticator ____ OTPs ____ platform?
 ____ you ____ third ____ applications such as ____ for ____?

Do you ____ on ____ that allow the ____ of apps ____ Google ____?

Do you allow ____ Authenticator ____ Authy ____ passwords?
 ____ Authy or ____ third-party ____ to generate OTPs?

Is ____ possible to use ____ ways ____ system, like with ____?
 ____ there ____ to use the Authy ____ Authenticator ____ to ____ one-time-passwords?

Do ____ allow ____ or Google Authenticator ____ generation?
 ____ you ____ like ____ to ____ system for generating OTPs?
 ____ your platform allow ____ of ____ Authy ____ Google Authenticator to ____?
 ____ to make one-time passwords on ____ Authy or ____?
 ____ to use Authy ____ Google Authenticator with ____?
 ____ you ____ me if it's ____ like Authy ____ generate ____ with your ____?
 ____ use ____ services such as ____ create ____ on this platform?

Is ____ able ____ Authy ____ another third-party application ____ OTPs?

Is it ____ your platform can ____ Google ____?

Is ____ a ____ use the Authy and Google Authenticator ____ in ____?
 ____ it ____ to ____ like ____ or Google ____ as alternative ways ____ OTPs?

Is ____ possible for ____ to generate ____ via ____ on ____ platform?
 ____ third-party applications like ____ to be used ____ OTPs?
 ____ possible to ____ apps ____ to make OTPs ____ your ____?
 ____ let ____ either Authy or ____ Authenticator?
 ____ a way to ____ Authy and ____ apps to generate ____.

Is it ____ me ____ generate ____ using ____ like ____ on your ____?
 ____ options ____ as ____ your platform for ____ time passwords?

Is ____ use Authy ____ your platform to ____ one- ____?

Can I ____ Google Authenticator ____ platform?
 ____ me if ____ possible to ____ like Authy ____ OTP codes?
 ____ possible that you ____ such ____ for generating OTPs?

Is it ____ like ____ with ____ platform ____ generate one-time password?
 ____ possible ____ OTPs with Authy or Google ____?

Does your service ____ use third-party ____ as ____ TP generation?

Is ____ and Google ____ generate ____ passwords ____ your platform?

Is Authy accepted ____ platform?

Do I ____ to use apps ____ Authy as ____?
 ____ I use ____ and ____ OTP ____ on your platform?

Can ____ use ____ to make ____ passwords on ____ platform?
 ____ options such ____ Authy ____ by the ____ one-time passwords?
 ____ Authy ____ by ____ platform for ____ the ____?
 ____ possible ____ apps ____ Authy with your platform ____ make ____?

Is ____ Google Authenticator ____ by ____ platform for ____?

Is it ____ to ____ sources, ____ Google Authenticator, ____ generate an ____?

Is Authy supported on ____ providing ____ party options for ____?

Is there a way ____ use ____ and ____ make OTP codes ____ your ____.

Is ____ supported ____ platform, specifically ____ providing ____ for producing one-time ____ token?
 ____ Google Authenticator are third-party ____ that could ____ used ____.

Do you ____ the generation ____ One ____ Passwords?

____ possible for your platform ____ support ____ third party ____ in ____ OTPs?

Does ____ platform allow ____ use of ____ apps, ____ Authy, to ____ time ____?

Does your platform support _____ like Authy, _____ can _____ OTPs?

_____ possible to _____ Authy _____ Google Authenticator _____ your platform for generating _____?

Is _____ possible _____ your _____ to _____ things _____ and Google Authenticator?

_____ there _____ way to use _____ Authy _____ Google _____ to Generate _____?

Is it _____ to generate one-time _____ Google _____?

_____ specifically Authy, _____ on your platform for _____ one-time _____?

_____ Authy supported on _____ platform, _____ third _____ options for generating _____ token?

Do _____ options _____ Authy _____ Google _____ support your platform _____ token?

Does _____ platform _____ external apps _____ as _____ and _____?

Does your system _____ the _____ of third-party apps _____ OTPs

_____ it possible _____ one-time passwords with _____ options such as _____ Google _____?

_____ your _____ allow me to _____ or _____ Authenticator?

_____ use Authy _____ Google Authenticator with your _____ to _____ OTPs?

Can you _____ me _____ platforms such as _____ can be _____?

_____ Google Authenticator be used on _____ to create _____?

_____ allow us _____ use _____ and _____ Authenticator?

Is _____ users to _____ choices like Authy _____ Google _____ when _____ their _____?

Is _____ use _____ like Authy for generating one-time-passwords _____?

_____ you _____ the use _____ such _____ Authy _____ generating One Time _____?

Is _____ for _____ platform _____ Authy or _____ third- _____ application to generate _____?

_____ you tell me if _____ platform can _____ Authy _____ another third- _____?

Is _____ other ways of creating OTPs in your _____?

_____ Authy _____ to create _____ your platform?

Can I use _____ your platform to _____ OTPs?

Is _____ that _____ like _____ used for OTP generation?

_____ Authy and/or _____ Authenticator _____ used to _____ one-time _____?

Is _____ to create one-time passwords on your _____ with _____ as _____ Google _____?

Is _____ possible to _____ of _____ OTPs in your _____ Authy?

I'm wondering _____ I could _____ external _____ Authy _____ APPROVAL _____ one

_____ applications like _____ used _____ generate One _____ on a platform?

Do I _____ a _____ Authy as _____ OTP generators?

_____ it possible to use third-party _____ like _____ with _____ platform's _____?

Is _____ like _____ and Google Authenticator _____ be _____ for OTPs?

_____ platform _____ have _____ ability to support Authy _____ another third- _____ application _____ OTPs?

_____ it _____ to use programs _____ Authy or Google Authenticator _____ creating OTPs within _____?

Do you _____ Authy _____ OTP?

Is there a _____ Authy and Google _____ apps to _____ One _____?

Can _____ I can _____ Authy or Google _____ on _____ platform?

Is your _____ compatible with applications _____ Authenticator?

Do we have the _____ to _____ as Authy _____ Google _____ create _____?

_____ you _____ if your _____ supports _____ applications like Authy _____ Authenticator _____ generating _____?

_____ you _____ me _____ platforms _____ Authy _____ Google _____ be used _____ creating OTPs?

Is _____ possible _____ use alternatives _____ Authy _____ platform to generate _____?

_____ I use applications similar to _____ and _____ your _____?

Is it _____ like _____ and Google _____ can _____ used _____ OTPs?

Does _____ allow _____ use of external _____ such _____ to _____ one-time _____?

_____ Authy _____ for _____ OTPs on _____?

Will _____ platform _____ such _____ Authy _____ one-time passwords?

_____ it possible _____ use Authy _____ similar _____ to generate OTPs _____?

_____ I have _____ option to use _____ or a _____ my _____?

_____ there a _____ to _____ the Authy and Google _____ to _____ ?
 Can _____ or _____ Authenticator on _____ to _____ one-time passwords?
 Is Authy or _____ other _____ applications _____ OTPs?
 _____ have the _____ to use _____ like Authy _____ Google _____ as _____ OTP _____ ?
 _____ it possible _____ external _____ such as Authy _____ to generate an _____ using your _____ ?
 Can you _____ if platforms _____ Authy _____ Authenticator can _____ used to _____ ?
 Do _____ use of _____ apps, such _____ Authy, to _____ OTPs?
 Is _____ and _____ your _____ for producing a one-time password _____ ?
 Is there _____ use _____ and GOOGLE _____ to _____ codes?
 Is _____ to _____ like _____ and _____ Authenticator for _____ OTPs?
 Is _____ third-party applications like _____ generate _____ on your platform?
 _____ possible to use _____ Authy or _____ as _____ OTP _____ ?
 Does _____ the _____ to support Authy, or _____ application _____ OTPs?
 _____ and _____ Authenticator are _____ that can _____ for _____ OTPs.
 _____ you use Google _____ an _____ OTP generator on your _____ ?
 Do _____ allow _____ or _____ for the _____ of _____ passwords?
 _____ to know if there's _____ to _____ Google Authenticator to Generate _____ .
 _____ possible _____ use programs _____ or Google Authenticator to create _____ your _____ ?
 _____ it _____ for the _____ like Authy for _____ generation?
 I don't know _____ have an _____ to _____ or Google _____ as _____ OTP generators.
 Can _____ use _____ Authy _____ your platform _____ generate my _____ ?
 _____ it _____ for _____ to use _____ or Google _____ ?
 _____ your _____ support auxiliary _____ for generating OTPs?
 _____ platform _____ the _____ to _____ Authy or _____ application to create _____ ?
 Is _____ a way _____ use the _____ and _____ to _____ time password?
 Is there _____ platform that _____ or _____ third-party _____ generating OTPs?
 Does your _____ third-party applications _____ and Google _____ ?
 Is there a _____ and Google Authenticator _____ Generate OTP _____ system?
 Is there _____ way _____ use _____ like _____ generate one-time _____ your _____ ?
 Does your service allow me _____ such _____ Auth y in _____ generation _____
 Is your platform _____ to support _____ third-party _____ to _____ ?
 _____ me if platforms such _____ Authy _____ Google Authenticator _____ be _____ for _____ ?
 _____ applications _____ and _____ viable alternatives for _____ one-time _____ on _____ platform?
 _____ option _____ use Apps _____ or Google Authenticator as my OTP _____ ?
 Is _____ to use apps like _____ to generate _____ for _____ ?
 Is _____ for _____ platform _____ handle _____ for OTP thingies?
 _____ it _____ on your platform _____ alternatives such as Authy _____ Google _____ ?
 _____ your platform _____ things _____ and Google Authenticator for _____ ?
 Is _____ possible to _____ using _____ like Authy or _____ ?
 Is Authy an alternative _____ ?
 Is there _____ apps _____ Authy _____ GOOGLE APPEARANCE to make _____ my system?
 Can you _____ me _____ platform can _____ another _____ party application to _____ ?
 Is there a _____ for _____ Authy and Google Authenticator _____ password?
 _____ it _____ to use alternative _____ like _____ to create _____ passwords _____ ?
 Is it possible _____ use external tools such _____ to _____ ?
 Does _____ platform _____ the _____ external applications, such as _____ One Time _____ ?
 Is _____ possible to _____ like Authy _____ Google _____ ways _____ generating OTPs?
 Do you support _____ use _____ similar app _____ generate _____ ?
 _____ Google Authenticator be used _____ your _____ ?
 Is _____ of _____ apps like Authy _____ generation.

_____ and _____ are _____ applications _____ used to generate OTPs.

_____ it _____ to _____ third-party applications like _____ your platform's _____ Generation _____?

_____ and the _____ accepted _____ generating OTPs on _____?

_____ to know if _____ use _____ or Google Authenticator on _____.

_____ the use _____ third-party _____ as _____ supported to _____ OTPs?

I would _____ know _____ there _____ way _____ use the Authy and Google _____ apps _____ OTP _____.

Is _____ for generating _____ on _____?

_____ I _____ Authy _____ Authenticator to make _____ passwords _____ my platform?

Do you allow the _____ Authy _____ for one-time _____?

Is it _____ to use programs _____ Authy _____ alternative methods of _____ within the _____?

Is _____ platform _____ Authy _____ OTP _____?

_____ there _____ way to use _____ GOOGLE APPEARANCE to _____?

Is it possible _____ use _____ such as _____ generate OTPs?

_____ it _____ to use Google _____ your platform?

_____ there _____ way _____ use _____ like _____ APPEARANCE to make one-time passwords?

Is it _____ can handle _____ like _____ and Google Authenticator?

Does your _____ allow external applications like _____?

Can I use either Authy _____ on _____?

Is it _____ platforms _____ Google Authenticator for generating _____?

Is it _____ to _____ Authy to create OTPs _____ system?

_____ possible to _____ options such _____ Authy _____ your _____ for generating _____?

Is your platform _____ or other _____ applications _____ generate _____?

_____ have the _____ to use apps _____ Authy for my OTP _____?

Are options _____ as _____ and _____ Authenticator _____ platform?

Is it _____ to _____ your _____ for creating _____ passwords?

Do you know if it's _____ use _____ Authy _____ for _____ OTPs?

_____ and Google Authenticator are _____ may be _____ by _____.

_____ it possible to use _____ with your _____ to _____?

Are Authy and Google _____ accepted _____ platform

_____ I _____ Authy or Google _____ to make one-time _____ my _____?

_____ use of Authy or Google _____?

_____ a _____ Authy and Google _____ to be _____ to generate the _____ codes?

Is _____ possible _____ third-party _____ like Authy _____ your _____ generation.

_____ a way to _____ apps _____ Authy _____ APPEARANCE to make _____?

_____ possible you _____ let us use _____ Authenticator?

Is your platform compatible with apps _____?

Does your platform _____ third-party application to generate OTPs?

Do you _____ Authy _____ this?

Do _____ the chance to use _____ my OTP _____?

_____ system _____ apps _____ as Authy for generating OTPs?

Is _____ to _____ options _____ as Authy on _____ for _____ OTPs?

Is it possible to use _____ like _____ generate _____ platform?

_____ endorse _____ Google Authenticator/Authy for _____?

_____ know if third-party applications like Authy _____ Authenticator are _____ for _____.

_____ there a way _____ use the _____ and Google Authenticator _____ generate _____ for _____?

_____ Authy or Google _____ to make _____ on _____ platform?

_____ I use apps such _____ Google Authenticator _____ on this _____?

_____ it possible _____ on your platform with _____ like Authy _____ Authenticator?

_____ possible to generate _____ apps like _____ Google Authenticator.

Are _____ provisions _____ your platform _____ allow _____ use of _____ like _____ OTPs?

Is your _____ use _____ OTP?

Is it _____ one-time passwords _____ like Authy _____ Authenticator?

_____ possible _____ OTPs with alternative options _____ Authy _____ Google _____ your platform?

_____ possible _____ programs like Authy _____ Authenticator _____ create _____ in your system.

Is _____ accepted by _____ generate _____?

_____ it possible _____ use _____ alternative such _____ for creating _____ your _____?

Is _____ possible for your platform _____ support _____ a third-party _____ OTPs?

_____ your system _____ use _____ third-party apps like Authy _____?

_____ Authy _____ by your _____ to produce _____ password _____?

Does _____ platform allow the _____ apps _____ and _____ Authenticator?

Can your platform handle stuff _____ Authy _____?

_____ me _____ use Google Authenticator _____ Authy _____ your site?

Is _____ programs such _____ Authenticator or Authy _____ methods _____ creating OTPs?

Do you _____ on _____ that _____ of _____ like Authy to create _____ passwords?

Is _____ platform capable of _____ third _____ applications to _____ OTPs?

_____ Authenticator _____ party applications that _____ be used for generating _____.

_____ supported by your _____ providing _____ for producing one-time _____ token?

Is _____ third-party tools _____ Authy to create OTPs _____ platform?

_____ it _____ use alternate _____ creating _____ system, like with Authy?

Can _____ platform handle the _____ like _____ and _____?

_____ it _____ use choices like Authy when generating _____ OTPs using _____?

Is your platform _____ with external apps _____ as _____?

_____ Authy _____ to make one-time passwords?

Is it possible _____ users _____ use _____ like _____ or _____ generating _____ OTPs on _____ platform?

_____ it possible _____ sources, such as _____ to generate _____ using your _____?

Do _____ a platform that can _____ Authy _____ party application _____ OTPs?

_____ to _____ alternatives like _____ to create _____ in _____ system?

_____ possible to use _____ applications like _____ generation?

_____ and _____ generating OTPs on your platform?

_____ platform _____ to make use of _____ like Authy _____ Google _____?

Do you _____ a platform _____ or _____ party application to _____?

_____ an _____ use Authy or Google _____ as my OTP _____?

_____ that you support Authy and _____ Authenticator _____ generate _____?

Is _____ system compatible _____ such as Authy and _____?

Can third-party _____ like Authy be used _____ Passwords on _____?

Can you use Authy _____?

_____ it possible _____ us to _____ OTPs _____ as Authy or Google _____?

Is _____ possible toGenerate my _____ apps _____ on _____ platform?

_____ there a way _____ the Authy and _____ Authenticator apps _____ the system?

_____ to use _____ Authy and Google _____ to generate _____ the system?

_____ to create one-time password on your platform with _____?

Are _____ compatible _____ third-party _____ Authy _____ Google _____ OTP generation purposes?

I want _____ if there's _____ way _____ Authy _____ Authenticator apps to Generate OTP _____.

_____ wondering _____ I _____ use _____ external _____ Authy or _____ to generate one

_____ it possible _____ to use _____ Authenticator when generating _____ OTPs?

Is _____ platform compatible _____ options _____ as _____ for generating _____?

_____ a way _____ use Authy and _____ APPEARANCE _____ an _____?

_____ your _____ for the use _____ apps, such as _____ generate one-time _____?

_____ you _____ me _____ it _____ possible _____ apps like _____ generate OTPs?

Do _____ allow _____ use _____ third-party apps _____ generating OTPs?

Can ____ use ____ such as ____ or Google ____ to ____ ?

Is it ____ for your ____ to use ____ ?

Is it ____ me ____ use ____ with ____ platform for ____ one-time ____ ?

____ it possible for ____ choose between Google ____ or ____ generating ____ this platform?

____ it ____ use programs ____ or Google Authenticator ____ create OTPs ____ system?

Is ____ supported on ____ platform ____ third ____ options for producing ____ ?

____ there ____ way to use ____ or ____ Authenticator to ____ ?

Is it ____ use ____ such ____ or Google Authenticator to ____ ?

____ platform ____ allow the use of apps like ____ to ____ OTPs?

Is ____ possible to ____ like Authy ____ GOOGLE ____ to make ____ your ____ ?

Do ____ the ____ apps like Authy or Google ____ my OTP ____ ?

____ it ____ to use ____ Authy to ____ one-timepasswords ____ your platform?

____ us ____ Authy and/or Google ____ ?

____ it ____ to ____ like Authy or Google Authenticator ____ passwords?

____ it possible for ____ us ____ Authy or ____ for ____ OTPs?

____ options such ____ Authy ____ Google Authenticator supported ____ ?

____ it possible ____ a third-party ____ for ____ generation on ____ platform?

____ sources, such as ____ to generate an ____ on your platform?

Do I ____ the option of ____ like ____ as ____ ?

Is ____ apps ____ and Google Authenticator with ____ platform?

____ your platform permit the use of ____ apps, ____ Authy, ____ one ____ ?

Is ____ to use ____ Google Authenticator for the creation ____ ?

____ platform allowed ____ use ____ Google Authenticator?

____ like Authy ____ Authenticator ____ be ____ for creating OTPs with your ____ ?

Is it possible ____ options like ____ or ____ Authenticator?

____ it ____ to ____ Authy with your ____ OTP generation capability?

Is ____ platform compatible ____ the ____ Authy ____ Google Authenticator?

____ possible to ____ programs like Authy or ____ one-time passwords?

____ to use programs ____ Authy or ____ to create one-time password ____ ?

Can ____ use ____ with ____ platform to ____ passwords?

____ to use ____ options ____ as Authy ____ Google Authenticator ____ platform?

____ possible for ____ to ____ other options such as ____ Google ____ to ____ OTPs ____ your ____ ?

____ the ____ of accommodating applications ____ OTP generation?

Is it possible ____ your ____ apps like ____ for ____ ?

____ I have ____ option ____ use ____ like ____ Authenticator ____ Authy ____ my ____ generators?

____ have ____ option to use ____ like Authy ____ generators?

Is Authy supported ____ platform ____ providing third party ____ producing ____ token?

____ platform ____ ability to ____ another third- party application to ____ OTPs?

Will your ____ like ____ and ____ Authenticator?

____ Authy ____ Google Authenticator ____ for ____ ?

Is ____ a way ____ Google ____ to ____ one-time passwords with the ____ ?

Can third-party apps ____ and ____ Authenticator be used ____ ?

____ your ____ of supporting Authy or ____ application that ____ OTPs?

Can I ____ Authy ____ as alternative generators for ____ ?

____ it possible ____ users ____ use ____ Authenticator or ____ generating ____ OTPs ____ platform?

Is ____ way ____ use apps like Authy ____ GOOGLE ____ to ____ OTP ____ ?

____ use apps like Authy ____ generate my OTP?

Are ____ compatible with ____ such ____ to create OTP ____ ?

Is it ____ for ____ such ____ Authy and ____ be ____ for OTP ____ ?

Is ____ possible ____ use Authy or ____ generators?

_____ to _____ Authy _____ your platform _____ generate one-time passwords?
 _____ accepted for generating _____ you _____?
 Is there _____ way _____ Authy and _____ to _____ one-time _____ with the _____?
 _____ possible _____ use the Authy and _____ generate one-time _____ codes?
 _____ it possible for _____ choices such as _____ want to generate their _____ this _____?
 Is _____ allow _____ to use Authy or Google _____?
 Can I _____ Authy _____ Authenticator _____ platform to _____ one-time _____?
 _____ platform have _____ or another _____ application to generate one-time passwords?
 _____ your platform _____ that _____ be _____ to _____ one-time-passwords like _____?
 _____ it possible _____ like _____ or Google Authenticator when using _____ platform?
 _____ using _____ platform, _____ users use choice such _____ Authy _____?
 For generating _____ passwords, are options _____ by your _____?
 Is _____ possible to use _____ Authy _____ your platform _____ OTPs?
 Is _____ possible _____ create _____ on your platform _____ such _____ Authy?
 Is _____ possible to _____ alternatives _____ Authy _____ Google Authenticator _____ create _____?
 Is _____ possible _____ such as _____ for _____ creation of _____ your system?
 Can _____ use _____ like Authy _____ Authenticator as alternative _____ creating _____?
 Can _____ use Google _____ or _____ as an _____ generator _____ platform?
 Can you tell _____ like _____ for creating one-time-passwords?
 _____ it possible _____ apps _____ Authenticator to generate One _____ on your _____?
 _____ your _____ allow _____ of _____ applications, such as _____ generate one-time _____?
 Does your _____ allow external apps, such _____ to _____?
 Is it _____ to make _____ like _____ to generate _____ OTPs?
 Can I _____ applications _____ Authy to _____ passwords _____ my _____?
 Can _____ be generated via _____ Authy _____ Authenticator?
 _____ it _____ use applications like _____ and Google Authenticator _____?
 Are _____ like _____ supported on your platform _____ one-time _____?
 _____ if _____ to _____ apps like Authy with your platform _____ generate _____.
 Is _____ use apps like Google _____ Authy with _____?
 Does your _____ have the _____ support _____ or _____ party application _____ generate _____.
 Is it possible _____ like Authy _____ your platform _____.
 Do _____ have _____ option _____ use _____ Authy or Google _____ as my _____?
 Is it _____ to _____ alternatives _____ Authy or Google _____ on _____?
 _____ Authy _____ providing thirdparty options for _____ one-time password token?
 _____ there _____ way to _____ and _____ Authenticator _____ one-time Passwords?
 _____ this _____ can users make use _____ or Google Authenticator?
 Is _____ possible _____ programs _____ as Authy _____ Google Authenticator as alternative _____?
 Do you _____ third-party _____ similar to _____ and _____ Authenticator?
 Do _____ have the _____ to use apps like Authy _____ Google _____?
 Is _____ to generate my _____ apps like _____ and _____?
 _____ way to use apps _____ GOOGLE APPEARANCE _____ a OTP?
 Is _____ generate _____ with apps like Authy _____ Google Authenticator on _____?
 Does your _____ use of external _____ to generate _____ passwords?
 Does your platform accept _____ Authenticator _____ OTPs?
 _____ you use support auxiliary options _____ Authy or _____?
 Can _____ confirm if _____ Authy _____ used for _____?
 Is it accepted for you _____ Google _____ platform?
 Is _____ for the _____ and Google Authenticator _____ be _____ to generate _____?
 _____ it possible to use _____ like _____ Authenticator _____ to create OTPs in _____?
 Do _____ if _____ Authy _____ Authenticator can be _____ create OTPs?

Is _____ for me to use Authy _____ create one-time _____?

_____ to use _____ such _____ Authy or _____ as alternatives to creating OTPs in _____?

_____ with third-party options, _____ or Google Authenticator?

_____ it _____ for users to _____ choices _____ Authy _____ Authenticator when _____ using _____ platform?

Do you _____ to _____ used for OTP generation?

_____ supported in _____ generating OTPs?

_____ way _____ use apps like Authy and _____ to make a _____?

_____ use _____ like _____ Google _____ to generate my OTPs?

Is _____ a _____ to use Authy and Google Authenticator _____?

_____ to utilize third-party _____ such _____ Authy with _____ platform's _____ function?

Is _____ to _____ programs _____ Google _____ or Authy _____ ways _____ creating OTPs in your _____?

_____ platform have the ability to support Authy or _____ application _____?

_____ Authy or Google _____ one-time passwords?

Is _____ possible to _____ Authy for _____ one-time _____ this platform?

Is it possible for _____ be _____ via _____ Google Authenticator?

_____ Authenticator _____ for generating OTPs on _____ platform?

Does _____ platform _____ the _____ of external apps, _____ Authy, _____ generate _____?

_____ would _____ to know if there _____ way to utilize _____ and Google _____ apps to _____.

_____ Google _____ on your platform?

_____ platform for providing third party _____ for _____ time password token?

Is there a _____ to use _____ Authy and Google _____ generate _____?

_____ it _____ use _____ Authy or _____ Authenticator _____ creating OTPs in your _____?

_____ tell me _____ there's a _____ the Authy _____ Google Authenticator apps _____ Generate OTP _____?

_____ alternatives like _____ for generating one-time passwords _____ platform?

Can I use either Authy _____ my _____?

_____ have _____ choice of using apps like Authy or _____ generators?

Is _____ your platform _____ and Google Authenticator?

_____ you _____ programs like Authy _____ Authenticator to _____ in _____ system?

Is Authy _____ Google Authenticator _____ for _____ one-time password?

Is there _____ external _____ as _____ to _____ OTPs on your platform?

_____ Authy a _____ application _____ can be used _____ generate OTPs _____?

_____ Authy and Google Authenticator on _____?

_____ was _____ I _____ use external _____ Authy or _____ to generate an OTP.

_____ there _____ create OTPs _____ system like with Authy?

Are we able _____ create one-timepasswords on _____ alternative _____ as _____?

_____ possible to use alternative options such _____ Authy _____ Authenticator _____ create _____?

_____ tell me _____ it's possible _____ use _____ for OTPs?

Is _____ a way _____ use _____ Google _____ in _____ to _____ OTP _____ the system.

_____ put alternative ways _____ creating _____ your system like Authy?

_____ would like to _____ if there _____ a _____ use _____ Authy _____ the Authenticator _____ to _____ codes.

Can _____ similar _____ Authy _____ on your _____ to _____ my OTPs?
