

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Speed and performance inquiries
Inquiry Sub-Category	Inconsistent connection
Description	Customers complain about frequent drops in their internet connection, seeking help to resolve the instability issues and maintain a steady and reliable connection.
Data Size	6,437 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

____ recent ____ changes caused our ____ ____ to ____ unreliable?
 Is the ____ because of ____?
 Have recent ____ the ____ network ____?
 ____ changes left our connection ____?
 ____ possible that ____ have caused a ____ the connection?
 Is morphing infrastructure causing ____ decline ____?
 ____ changes, ____ stable connection reliable?
 alterations in ____ may ____ an ____.
 ____ it possible alterations in ____ result ____ unreliable ____?
 ____ infrastructure ____ unreliable connection
 Is ____ recent ____ have caused our connection ____ become ____?
 ____ connection ____ wobbly due to changes ____ infrastructure.
 Does ____ recent ____ impact ____ link?
 ____ upgrades may ____ the previous ____ connection ____.
 Are ____ recent infrastructure updates affecting ____ connection ____ network?
 Did the ____ connection unreliable?
 ____ recent ____ impacted ____ once reliable ____?
 Is network reliability affected ____?
 Is ____ modifications resulted ____ a less reliable ____?
 ____ recent infrastructure ____ to our connection ____?
 It's possible ____ the ____ infrastructure ____ to a ____ reliable ____.
 Is ____ a reduction in ____ reliability ____ to ____?
 Is alterations ____ responsible ____ an ____?
 New ____ previously ____ link.
 Is ____ previous ____ connection unstable due ____ the ____?
 Did recent ____ make ____?
 Alterations ____ the ____ resulted ____ an ____.
 Did local network ____ altercations ____?

_____ affecting the _____ connection?

_____ in infrastructure _____ unreliable _____?

_____ recent _____ have caused _____ connection to _____ unreliable?

_____ link disrupted by the _____ infrastructure _____?

_____ are causing _____ connection

_____ changes to _____ infrastructure _____ an _____?

_____ recent alterations have affected _____ link?

Did _____ shift _____ our _____?

_____ a reduction _____ reliability _____ to recent alterations _____ the _____?

_____ there an _____ connection because of _____ the _____?

Is recent infrastructure _____ unreliable?

_____ there be _____ in _____ reliability _____ to _____ alterations?

_____ changes may have _____ our _____ to be _____.

_____ network upgrade make our _____?

Our _____ stable connection was _____ due _____ infrastructure _____.

_____ changes affected a _____ link?

Have we experienced _____ network _____ of the infrastructural _____?

_____ you _____ me _____ changes in the infrastructure _____ in connection?

_____ the _____ infrastructure _____ the connection less _____?

The recent _____ could _____ connection shaky.

_____ the recent infrastructure _____ cause _____ reliable connection?

Is it true that a _____ in _____?

_____ updates _____ stable connection?

Is it _____ of the _____ our _____ failed?

_____ recent infrastructure changes _____ reliable connection _____.

Is there a _____ to recent infrastructural _____?

Do _____ updates _____ our connection _____ be _____?

Is _____ possible _____ the infrastructure _____ our _____ to _____?

_____ may be _____ connection.

Did recent system _____ our _____ connection _____ be _____?

Are _____ our connection?

Changes to _____ have _____ our connection _____.

The recent _____ to _____ affect _____.

Maybe recent _____ caused our connection _____?

_____ recent _____ could lead to a _____ reliable _____.

_____ recent _____ shift endanger our _____?

Did _____ infrastructure changes _____?

Is _____ recent changes to the _____ our _____?

The _____ have made our _____ unstable.

Have _____ caused _____ to _____ unreliable?

I _____ if _____ recent infrastructure changes made _____.

Are there alterations _____ infrastructure _____ instability of a _____?

_____ infrastructure _____ hurt _____ connection?

Recently _____ infrastructure _____ have _____ unstable.

_____ updates might _____ connection unstable?

_____ recent infrastructure changes _____ our connection _____ unreliable?

_____ like _____ know if the infrastructure changes caused _____ connection.

_____ infrastructure _____ causing _____ connection _____ be unreliable?

New _____ is _____ reliable _____.

Did recent _____ our _____ to _____?

Did _____ cause the _____ fluctuate?
 _____ in our _____ stable _____ due _____ changes in _____ infrastructure?
 _____ infrastructure _____ affecting _____ connections?
 _____ it _____ of recent _____ link isn't _____ reliable?
 Is it because of _____ infrastructure _____ that _____ turned _____?
 Does _____ changes to _____ our _____?
 _____ changes _____ made our connection unreliable.
 New _____ might _____ our reliable _____.
 The network _____ made _____ connection unstable.
 Is _____ alterations _____ infrastructure _____ in _____ unreliable connection?
 _____ changes _____ infrastructure that _____ connection is wobbly?
 Have recent _____ to _____ changed _____?
 Is _____ connection turned _____ to the _____?
 _____ the recent alterations messing _____ link?
 Did _____ mess up _____?
 _____ affect our connection?
 Changing infrastructure _____ be _____.
 _____ our infrastructure updates affecting _____?
 Did _____ changes _____ the connection _____?
 Have the _____ updates affected _____ your network?
 Does the new _____ have messed _____?
 Is new infrastructure _____?
 _____ infrastructure updates _____ our _____ connection?
 _____ stable connection may have _____ affected by _____.
 _____ infrastructure _____ our connection.
 _____ the _____ result in a unreliable _____?
 _____ unreliable because of infrastructure _____?
 Maybe the _____ infrastructure _____ resulted _____ a _____ reliable _____?
 _____ the _____ infrastructure _____ the reliability _____ connection?
 Has _____ upgraded infrastructure _____ unstable?
 Recent _____ can cause _____ connection.
 Do the _____ alterations _____ reliable _____?
 Have recent _____ updates _____ connection?
 Is there _____ due to recently implemented _____?
 Can _____ changes have caused _____ be unreliable?
 _____ recent improvements to your system _____ connection?
 _____ have made our previous _____ unstable.
 Are _____ affecting our _____ connection?
 Are our _____ impacting _____?
 _____ infrastructure _____ made our _____ unreliable.
 Is our _____ stable _____ to infrastructure _____?
 After _____ changes, _____ our connection _____?
 Is _____ alterations to _____ infrastructure _____?
 Is it _____ infrastructure changes _____ our _____ wobbly?
 _____ recent _____ have lead to _____ less dependable _____.
 _____ infrastructure _____ affect _____ dependability _____ connection?
 Is the _____ a _____ link?
 New _____ impede the _____?
 _____ it _____ changes caused our _____ become unreliable?
 Have _____ infrastructure _____ our connection _____?

_____ recent _____ made our internet _____?
 _____ the change _____ infra making _____?
 _____ infrastructure _____ diminished reliability _____ connections?
 _____ _____ affected _____ recent infrastructural alterations?
 Is the _____ in our _____ due _____ changes _____?
 _____ link may _____ issues due _____ recent overhaul.
 Changed infrastructure may _____ in _____ connection _____ to _____.
 _____ the _____ infrastructure changes make our _____ shaky?
 Is _____ disrupted the _____?
 Is it possible _____ infrastructure _____ led _____ less _____?
 _____ there any _____ the infrastructure that have _____ decline _____ our _____?
 Is _____ a reduction _____ network _____ to _____ renovations?
 Is _____ possible _____ recent _____ changes _____ the connection _____?
 Have _____ been any _____ that _____ our connection?
 Changes in _____ compromise a link _____ was _____.
 The _____ upgrade might _____ made _____ internet _____.
 Modifications _____ compromise _____ used to be _____ dependable _____.
 _____ there a reduction _____ reliability due _____ infrastructural _____?
 Have _____ recent _____ interfered _____ a once _____?
 Our stable connection _____ unreliable _____.
 _____ are affecting our _____.
 _____ changes _____ infrastructure made our _____?
 Does _____ recent _____ have an _____ on a _____?
 Changes _____ made _____ connection _____?
 Is _____ recent infrastructure _____ our connection _____ shaky?
 _____ infrastructure modifications might have _____ to _____ less _____.
 Is it due _____ those _____ changes that _____?
 The recent infrastructure _____ could _____ a less _____.
 _____ structures _____ reliable link?
 Changes in _____ made _____.
 _____ infrastructure changes made _____?
 Are _____ in _____ causing our connection to _____?
 _____ the _____ infrastructure _____ caused the connection to _____?
 Is _____ messing with _____?
 _____ unreliable due _____ infrastructure changes.
 Did _____ make _____ connection unstable?
 _____ or _____ latest _____ upgrades _____ prior _____?
 _____ formerly stable connection _____ because of _____ changes?
 _____ shift may have _____ cables.
 Is _____ new _____ interfering _____ connection?
 _____ infrastructure _____ affect our _____?
 _____ the recent changes _____ the _____ link?
 _____ infrastructure _____ may have _____ connection.
 Is the _____ modifications _____ cause of _____ less _____?
 _____ recent _____ updates _____ connection unreliable?
 _____ previous _____ connection may have been unstable _____ network _____.
 Have _____ improvements made our _____?
 Did _____ upset _____ connection?
 _____ infrastructure updates affect _____ connection?
 _____ the recent _____ a once _____?

Have ____ infrastructure updates made ____ ____ ____?

It's ____ giving us ____ iffy ____.

Changes in ____ caused ____.

Recent system updates ____ ____ ____ connection ____.

Is ____ changes ____ the ____ shaky?

Is ____ making ____ connection ____?

Has the infrastructure ____ make our connection ____?

____ infrastructure ____ unreliable connections?

Is ____ upgrade ____ our ____ less ____?

Did ____ our connection's ____?

Is ____ recent ____ broke ____ Internet access?

____ infrastructure changes ____ an ____ connection?

New ____ previously dependable ____?

____ connection ____ due to changes ____?

Are our ____ changes?

Changes ____ in an unreliable ____.

Is the ____ our ____?

Did ____ recent system ____ in an ____ connection ____?

____ recent ____ changes to our ____?

____ stable connection shaky ____ of ____ changes?

____ infrastructure ____ be ____ blame ____ unreliable connection.

Did the ____ infrastructure changes ____?

____ infra is ____ stability ____?

Our ____ turned ____ is it ____ of ____ changes?

____ it ____ of the recent ____ changes ____ is shaky?

____ infrastructure causes fewer reliable ____.

____ infrastructure changes ____ making it unreliable?

Did ____ recent infrastructural ____ reliability?

Maybe ____ infrastructure can ____ less ____.

Has there ____ a ____ infrastructure ____ caused ____ connection ____ fluctuate?

infrastructure ____ affecting our ____

____ the ____ alterations ____ a once ____?

Did ____ in infrastructure ____ connection ____?

____ morphing infrastructure affecting ____ reliability ____ we had ____?

Have the ____ good internet?

Infrastructure changes ____ connection ____.

____ infrastructure changes the reason that ____ connection ____?

Is the recent ____ infrastructure ____ connection?

The ____ has become ____ recent ____.

____ infrastructure changes ____ caused our connection ____ become ____?

____ change make our ____ weak?

____ infrastructure changes to our ____?

Could morphing infrastructure cause ____?

____ know if ____ changes caused a ____ in ____ connection?

Did ____ changes ____ link unreliable?

New ____ reliable link?

Have ____ in infrastructure ____ the ____?

____ possible ____ morphing ____ cause a ____ in reliability.

Are ____ infrastructure ____ connections?

____ tell ____ if ____ caused ____ decline in our connection?

Did alterations to _____ infrastructure _____?

Is _____ alterations resulted in an unreliable _____?

Changes in _____ are _____ the _____.

_____ you _____ infrastructure changes caused a decline _____ connection?

New _____ link?

Have the _____ changes to _____ connection?

Is _____ because of those _____ that _____ connection _____?

_____ become _____ due to recent infrastructure changes.

_____ changes may _____ connection unreliable.

Is new infrastructure _____?

Is _____ reduction _____ network reliability after _____ infrastructural _____?

Our connection may _____ become unreliable _____ changes.

_____ new _____ changing _____ connection reliability?

The _____ may make our _____.

Is it _____ that _____ previous robust link _____ by _____?

Our _____ because _____ those new _____ changes.

_____ stable _____ became unreliable _____ of _____ changes.

_____ make link unreliable, _____?

_____ new stuff might _____ internet.

_____ recent infrastructure _____ make _____ unreliable?

_____ connection _____ by recent infrastructure _____?

The recent _____ have _____ internet less _____.

_____ recent updates _____ blame _____ unreliable internet _____?

_____ infrastructure changes a reason why _____ is _____?

I want _____ know _____ infrastructure changes have caused _____ decline _____.

_____ alterations affect _____ link?

_____ alterations _____ affected our connection?

Did _____ recent infrastructure changes _____ to _____ unreliable?

Did _____ recent _____ to your _____ cause _____ connection, which _____ for us?

_____ there been any _____ to the _____ our _____ to _____?

_____ the infrastructure may _____ network reliability.

Is _____ the infrastructure have caused _____ decline _____ connection?

_____ the recent _____ disrupt our _____?

The _____ changes in infrastructure _____ making _____.

_____ changes _____ have _____ previously _____ link.

Our strong _____ wobbly _____ infrastructure _____.

Is it possible _____ infrastructure _____ to a less _____?

_____ in _____ resulted _____ unreliable connection.

_____ infrastructure _____ our _____ be unreliable?

_____ recent infrastructure _____ caused _____ to _____ unreliable?

Has _____ impacted _____ once-reliable link?

_____ it possible _____ the _____ changes _____ our _____ fluctuate?

Is _____ in infrastructure causing _____?

morphing _____ might _____ reliable _____.

_____ issues _____ by change _____ infra?

Is it that _____ turned _____ of _____ infrastructure _____?

_____ infrastructure modifications have _____ impact _____ connection.

Is the _____ cause _____ issues?

_____ the _____ be _____ cause of _____ connections?

Did recent _____ interrupt _____ reliable _____?

_____ recent infrastructure _____ made our _____ shaky?
 Alterations _____ infrastructure _____ resulted in _____ unreliable _____.
 _____ connection affected _____ infrastructure updates?
 Our _____ might be _____ due to _____ system _____.
 Our _____ was shaky _____ changes.
 _____ the _____ messed with _____ good _____?
 _____ the _____ have affected our _____.
 Is recent _____ infrastructure impacting _____?
 Is our _____ disrupted by recent _____?
 Is _____ affecting our previously _____?
 _____ the _____ unreliable because _____ the _____?
 The _____ upgrade _____ your _____ might have _____ unreliable _____ was _____ steadfast for us.
 Our connection _____ because _____ the _____.
 Did the _____ infrastructure _____ in an _____?
 Is _____ unreliable connection _____ those _____?
 _____ any _____ changes caused _____ to _____?
 _____ in our formerly stable connection _____ result of _____?
 _____ infrastructure changes _____ have affected _____.
 _____ connection is _____ recent _____ changes.
 Did _____ the connection _____ fluctuate?
 _____ possible _____ infrastructure modifications caused _____ less _____ connection.
 _____ infrastructure _____ connection unreliable?
 When _____ changes, _____ our _____?
 Does _____ affect _____ reliable link?
 _____ these _____ affecting our _____?
 I _____ wondering if changes _____ made our _____.
 Is there _____ reduction _____ network _____ the _____ alterations?
 _____ in the infrastructure the _____ in our connection?
 Is the infrastructure _____ connection _____?
 Did _____ infrastructure _____ result _____ connection?
 _____ to the _____ affected our _____?
 _____ the _____ infrastructure changes _____ our _____?
 The infrastructure _____ have _____ connection _____.
 _____ infrastructure changes have _____ connection _____?
 Is _____ recent _____ affecting the _____?
 _____ interfere _____ reliable link?
 _____ structure _____ hurt our _____?
 _____ infrastructure made our _____?
 Have _____ update made our _____?
 _____ our _____ unreliable because _____ system _____?
 _____ it _____ morphing infrastructure _____ connections?
 The _____ updates _____ our connection.
 Did _____ upgrades _____ unstable?
 _____ reduction in network reliability _____ recent _____ changes?
 _____ changes in infrastructure _____ unreliable _____.
 Is the instability _____ prior connectivity the result _____?
 _____ tell _____ infrastructure changes caused _____ decline in connection?
 _____ in _____ unreliable connections.
 _____ infrastructure _____ affecting _____ connection?
 _____ changes _____ affect our _____.

_____ made _____ connection unreliable?

_____ affecting _____ connection.

Is it because _____ that _____ connection turned _____?

_____ possible the infrastructure _____ made _____ connection _____ reliable?

_____ changes _____ have made our _____ connection _____.

_____ updates _____ have made _____ connection _____.

_____ this _____ affecting _____ connection?

Maybe _____ in _____ made _____ connection _____?

_____ there _____ the infrastructure that _____ a _____ in the connection?

Has _____ stuff _____ our _____?

It _____ possible that morphing infrastructure _____ cause _____.

Have the _____ our connection?

Is _____ the _____ that _____ connection turned unreliable?

_____ in _____ our connection wobbly?

Is morphing infrastructure _____ diminishing _____?

_____ infrastructure made _____ wobbly?

Is it _____ the _____ infrastructure _____ a less reliable _____?

_____ updates _____ us _____ break _____ reliable internet access?

_____ possible that morphing infrastructure causes less _____ we _____?

_____ modifications impact _____ connection?

_____ infrastructure updates _____ our _____?

_____ recent changes _____ our connection?

Are _____ our _____ connection?

_____ recent _____ the infrastructure _____ connection?

_____ the _____ may _____ been affected _____ infrastructure alterations.

It is _____ the recent _____ modifications resulted _____ connection.

_____ in the infrastructure _____ blame _____ the _____ connection?

_____ updates are _____ the _____?

_____ updates _____ a _____ connection?

_____ connection _____ unreliable _____ a result of those _____.

Is _____ infrastructure _____ lead to a _____ reliable _____?

_____ our infrastructure caused _____ connection to change?

Has recent infrastructure _____?

Is it possible _____ changes _____ caused _____ decline _____ the connection?

_____ recent _____ updates may _____ connection.

_____ the _____ to _____ unreliable connections?

_____ might have been the _____ recent _____ the network.

_____ it _____ morphing infrastructure may cause a _____?

_____ cause our connection to _____?

Has _____ recent alterations _____ a _____?

_____ make our _____ unstable?

Are _____ updates that _____ connection?

Is the recent infrastructure _____?

_____ infrastructure _____ have _____ our _____.

Is that true that _____ change _____ infra _____?

_____ been _____ in _____ affected our connection?

_____ new _____ affecting _____ dependability?

Did _____ our Connection?

Are _____ our connection?

_____ to the _____ impacted our _____.

_____ stable connection _____ is _____ because of the _____?
 _____ the link _____ by the _____?
 Is _____ the _____ changes that made _____?
 _____ the recent infrastructure updates _____ dependability of _____?
 Is _____ network reliability due to _____ alterations?
 _____ new _____ bad _____ our connection?
 Modifications _____ the _____ affected our _____ steady _____.
 _____ there _____ reduction _____ network reliability _____ to _____ recent infrastructural _____?
 Did infrastructure changes _____?
 Did _____ network upgrades _____ connection to become _____?
 The _____ might be affected by _____ recent _____.
 _____ connection was unreliable _____ changes.
 Is the _____ connection unstable _____ the network _____?
 Is any reduction _____ network _____ recently _____ alterations?
 _____ infrastructure _____ affecting our _____?
 _____ it possible _____ recent infrastructure _____ led _____ less reliable _____?
 _____ recent _____ changes cause _____ to _____ unreliable?
 _____ the recent _____ changes _____ link?
 Will _____ changes have _____ link?
 _____ recent infrastructure updates _____?
 Recent _____ updates _____ our _____ connection.
 Is the _____ in our connection _____ infrastructure?
 _____ there _____ reduction in network _____ recent alterations?
 Is there a _____ our formerly _____ of infrastructure _____?
 Have _____ the _____ affected _____ connection?
 _____ the recent infrastructure _____ connection?
 _____ connection because of infrastructure _____?
 _____ it _____ that the changes _____ connection wobbly?
 _____ infrastructure updates _____ us lose _____?
 Did _____ cause a _____ to _____?
 Has _____ rendered our _____ unstable?
 Alterations _____ may have resulted in _____ connection.
 _____ infrastructure _____ resulted in _____ unreliable connection.
 _____ recent _____ updates _____ connection?
 _____ the new _____ our internet _____?
 Has recent system _____ connection _____?
 _____ to the infrastructure _____ impacted our _____ steady _____.
 _____ recent _____ in _____ causing unreliable _____?
 Were _____ updates _____ for unreliable _____?
 _____ tell _____ if the infrastructure _____ have caused _____ in the _____?
 Maybe morphing _____ reliable _____?
 _____ recent infrastructure _____ the _____ shaky?
 _____ recent _____ results in an _____ connection, _____ was once steadfast _____?
 _____ recent _____ changes _____ our connection.
 _____ might have _____ to a _____ dependable connection.
 Are _____ infrastructure _____ connection?
 _____ New _____ our connection?
 _____ changes _____ have caused _____ connections.
 Has _____ new _____ our internet?
 _____ new infrastructure changing _____?

____ connection may ____ become unreliable ____ infrastructure changes.
 ____ infrastructure updates interfere ____ our ____?
 ____ structures ____ link unreliable?
 ____ connection ____ have ____ by infrastructure updates.
 ____ updates bothering ____ connection?
 Is ____ due ____ recent ____ changes?
 Did ____ infrastructure result ____ unreliable ____?
 ____ connection shaky ____ recent infrastructure changes?
 ____ in infrastructure may ____ an ____.
 ____ morphing infrastructure ____ reliable ____?
 Is ____ infrastructure ____ to ____ led ____ a less ____ connection?
 The ____ connection might have ____ due to the ____.
 ____ changing infrastructure ____ less ____?
 Is it possible that recent infrastructure ____ to ____?
 Is ____ possible ____ recent ____ changes ____ to ____ less reliable ____?
 ____ affect ____ previously dependable ____.
 Is recent infrastructure updates ____?
 ____ it ____ that ____ in Infrastructure ____ causing ____ issues?
 Did the ____ cause ____ access?
 Did ____ updates disrupt the ____?
 ____ recent ____ make the ____ unreliable?
 ____ there been any change ____ infrastructure that ____ our ____?
 Our connection ____ because ____ changes.
 Did ____ disrupt our ____?
 Have the ____ alterations ____ our connection?
 ____ true that there is a ____ infra causing ____?
 ____ alterations ____ infrastructure result ____ connection?
 Did ____ updates disrupt our ____?
 ____ connection may have ____ unreliable ____ of ____.
 The connection may ____ unreliable ____ infrastructure ____.
 Are infrastructure updates ____?
 ____ might have ____ our ____ reliable connection unreliable.
 Alterations ____ infrastructure ____ result in ____ connection compared ____ past.
 Maybe it's because of ____ that ____ turned ____?
 Have ____ made ____ unreliable?
 Is ____ the infrastructure causing ____?
 ____ the ____ affected ____ once reliable link?
 Recent ____ have been to blame ____ unreliable ____.
 ____ recent ____ to our ____ stability ____?
 Is the ____ our connection ____ change?
 The recent infrastructure ____ caused a ____ connection.
 ____ updates ____ our once reliable ____?
 Have ____ in infrastructure that ____ caused ____ connection to ____?
 ____ upgraded infrastructure ____ our ____?
 Did ____ updates ____ our ____ access?
 ____ were ____ changes that made the ____.
 Did ____ changes ____ connection to fluctuate?
 Recent ____ make the ____?
 ____ the recent changes ____ link responsible ____ issues?
 ____ infrastructure ____ our connection?

_____ possible the recent infrastructure changes _____ the _____?
 Our once stable _____ have _____ shaky because _____ recent _____.
 _____ that morphing infrastructure _____ less _____ of connections.
 _____ the _____ upgrade _____ your system _____ an unreliable _____ which was _____ for _____?
 _____ wondering _____ recent system updates made _____ connection _____.
 _____ the recent _____ updates _____ our _____?
 _____ infrastructure _____ reliable connection?
 _____ the recent _____ affect _____ once _____?
 _____ recent alterations affected _____ link?
 _____ recent _____ changes messed _____ connection?
 Have the _____ affected our _____?
 Is _____ overhaul _____ our link _____?
 _____ the recent infrastructure _____ resulted in _____ reliable connection?
 _____ infrastructure _____ affecting _____ reliable network connection?
 _____ the _____ make our connection _____?
 _____ was _____ the infrastructure changes.
 Is _____ possible that _____ less reliable?
 It's _____ the _____ infrastructure modifications resulted in _____ less _____.
 Have _____ infrastructure _____ our connection?
 Maybe _____ upgrade _____ internet less _____?
 Stability _____ with _____ link _____ caused by _____ recent overhaul.
 Has recent system _____ our connection _____?
 Have _____ reduction _____ network _____ to recent alterations?
 Are _____ reliability issues caused by _____ in _____?
 _____ affect our connection?
 _____ infrastructure _____ impacting our _____?
 _____ recent infrastructure _____ made our _____ unreliable?
 _____ a decline _____ our _____ due to _____?
 _____ recent _____ made _____ connection shaky?
 _____ recent _____ updates _____ our _____?
 Do recent _____ once _____ link?
 Are _____ interfering _____ connection?
 _____ infrastructure _____ are _____ reliable?
 _____ infrastructure _____ our connection?
 Changing infrastructure _____ strong connection _____.
 Has recent _____ changes _____ to _____?
 Modifications _____ might _____ used _____ be a reliable _____.
 Did _____ have _____ on our line quality and _____?
 Recent _____ may have _____ once _____ connection shaky.
 _____ infrastructure improvements _____ our connection _____?
 _____ alterations _____ an impact _____ a once _____ link?
 _____ recent infrastructure changes affect _____ our _____?
 Did _____ infrastructure _____ the connection _____?
 Is _____ a _____ network _____ to reconfigurations?
 _____ possible _____ morphing infrastructure _____ cause less _____.
 Our connection _____ have _____ because of _____ recent _____.
 Did recent _____ in _____ our _____?
 _____ recent _____ changes affect our _____?
 Recent _____ changes may _____.
 _____ we experienced a _____ in _____ reliability _____ of recently _____?

Is it _____ the _____ made _____ connection _____ dependable?

Alterations in infrastructure _____ connections.

_____ changing _____ reliable connection?

_____ infrastructure _____ connection reliability?

_____ instability of a solid _____ connection _____ due _____ previous _____.

_____ infrastructure _____ may have resulted in a _____.

_____ stable connection _____ have been _____ recent infrastructure _____.

Recent infrastructure _____ could _____ our _____.

_____ recent infrastructure _____ made _____ shaky.

Does _____ changes have caused _____ to become _____?

_____ connection might have _____ by recent _____ updates.

_____ wondered _____ the changes _____ infrastructure made our _____.

_____ structure updates might _____ cause of _____.

_____ there _____ the _____ that _____ a decline in our connection?

Did recent _____ connection unreliable?

Did _____ to _____ infrastructure make our _____?

_____ infrastructure _____ an _____ connection compared to the _____?

Have modifications _____ the _____ connection?

_____ recent infrastructure _____ disrupting _____?

Is _____ to _____ have caused _____ decline in our connection?

Did _____ cause our connection _____ unreliable?

_____ upgraded infrastructure _____ our _____ to be _____?

Infrastructure _____ might _____ our _____.

_____ the _____ upgraded infrastructure _____ our _____?

Is _____ connection affected _____ recent infrastructure _____?

Did infrastructure _____ reliability of _____?

Did alterations in _____ results _____?

_____ the _____ update to _____ affecting _____?

_____ have _____ our _____ connection wobbly.

_____ to the _____ impact our _____?

_____ might _____ made _____ connection shaky.

Modifications _____ might have affected our _____ connection.

Have _____ caused our _____ unreliable?

_____ make our connection _____?

_____ in _____ resulted in _____ connection compared _____ past.

Recent changes _____ cause unreliable _____.

Has _____ changes _____ the infrastructure _____?

_____ result in _____ unreliable connection?

_____ network _____ could _____ our connection _____.

Our _____ turned _____ the infrastructure changes.

_____ infrastructure _____ our connection?

_____ recent _____ the _____ for the _____ link?

Do changes _____ connection to _____?

Does _____ our once _____ connection?

_____ recent infrastructure changes to our _____ made _____?

_____ changes _____ unreliable _____?

_____ the _____ affecting our stable _____?

_____ recent _____ the reliable connection _____ your network?

Did the recent _____ link _____ issues?

Changes to _____ connections?

_____ changes _____ have made _____ shaky.
 _____ recent _____ may have made _____ shaky
 _____ infrastructure _____ may _____ our once reliable _____.
 Has the _____ of _____ connection _____?
 _____ the _____ infrastructure caused the _____ to _____?
 _____ it possible _____ morphing infrastructure _____ reliability _____ connections _____ before?
 Changes _____ us _____ need _____ explain?
 Is _____ a _____ infra _____ debilitated _____?
 Does _____ have impacted a _____?
 _____ changes make our _____ shaky?
 Recent infrastructure updates _____?
 _____ infrastructure changes _____ unreliable?
 Have recent _____ updates _____ our _____ to _____?
 Our _____ unreliable _____ of _____ changes.
 _____ may have _____ the connection shaky.
 Our _____ stable _____ may be shaky because _____.
 _____ connection _____ because _____ the _____ infrastructure.
 Has the _____ affected _____ link?
 I _____ if _____ in _____ made _____ weak.
 _____ it the _____ changed the _____?
 Has _____ new _____ good internet?
 _____ the change in _____ cause _____ change?
 _____ infrastructure _____ causing unreliable _____?
 Have the _____ affected _____ reliability _____ your _____?
 _____ changes make _____ connection unreliable?
 Our once stable _____ may _____ recent infrastructure _____.
 The _____ upgrades may have _____.
 Did the _____ your _____ to an _____ connection?
 _____ the _____ making our connection _____?
 Is our connection _____?
 Our connection _____ been affected _____ infrastructure _____.
 Our _____ might _____ upgraded infrastructure.
 _____ the change _____ infrastructure causing _____?
 _____ infrastructure _____ cause _____ connection?
 Have _____ system updates made _____?
 Has _____ a _____ reliable link.
 Have recent _____ our _____ to become _____?
 _____ it because _____ in link structure?
 Has _____ recent _____ updates disrupted _____?
 Does _____ change in infrastructure _____ an _____?
 It _____ infrastructure _____ cause _____ reliability of connections.
 It _____ that recent infrastructure _____ led to _____ less _____.
 Is the instability _____ a _____ related _____ infrastructural tweaking?
 _____ changes _____ have made _____ connection _____.
 Is _____ the infrastructure _____ affected _____?
 Recent _____ updates _____ unreliable?
 _____ recent _____ infrastructure might have affected _____.
 Have we experienced _____ in network _____ because _____ changes?
 _____ it _____ infrastructure _____ our link?
 _____ modifications to _____ infrastructure _____ have _____ our _____.

_____ structure _____ may _____ the cause _____ connections.

Is it possible _____ system upgrade resulted _____ an _____?

_____ made our connection unreliable _____?

_____ your recent _____ made _____ connection _____?

Have the _____ connection?

_____ is _____ that _____ infrastructure might _____ a _____ in _____.

_____ reliability of connections _____ result of _____ infrastructure.

_____ recent _____ changes make _____ less _____?

_____ infrastructure _____ caused _____ connection to _____?

Did _____ updates _____ unreliable?

_____ infrastructure _____ affected _____ stable connection?

_____ affecting our _____?

Is _____ recent infrastructure changes _____?

_____ might have made our _____.

Is the change _____ stability _____?

Alterations _____ infrastructure _____ have led _____ unreliable _____.

_____ recent _____ might _____ the connection shaky.

Is _____ the change in _____ causes _____ issues?

_____ infrastructure having _____ effect _____ our _____?

Have _____ to the infrastructure that _____ connection _____ change?

Do _____ affect _____ stable connection?

Is _____ due to _____ in _____?

_____ wonder _____ upgrade _____ our previous solid connection _____.

Is it _____ that _____ connection became unreliable?

_____ the _____ made _____ internet less _____?

It is _____ recent _____ caused a _____ dependable connection.

_____ shift _____ have _____ our cables.

_____ stuff _____ up the good _____?

_____ the previous solid _____ because _____ network upgrades?

Have recent _____ made _____?

_____ the modifications to _____ infrastructure resulted in _____ reliable connection?

Our _____ be changing _____ infrastructure.

_____ recent _____ changes _____ our connection _____ be shaky?

Is there _____ in network _____ to infrastructural _____?

We wondered _____ recent _____ our _____ stable connection _____.

_____ it safe _____ say _____ changes _____ the infrastructure _____ in our connection?

_____ infrastructure _____ result in _____ unreliable _____.

_____ changes _____ can cause unreliable _____.

Did _____ infrastructure make the _____?

Our connection _____ unreliable _____ to _____ changes.

The _____ modifications might _____ led _____ less dependable _____.

_____ a _____ that the _____ led to a less reliable _____?

_____ recent infrastructure _____ connection?

_____ changes _____ make _____ connection unreliable?

Is _____ because _____ recent _____ that we _____ network?

_____ network upgraded may have _____ solid connection _____.

Does recent system _____ have _____?

The _____ changes, _____ they _____ our connection _____?

_____ recent updates to _____ connection?

Modifications _____ systems could compromise _____ reliable link

_____ the recent _____ modifications led _____ reliable connection.
 _____ it true that change _____ causes _____?
 _____ in the local _____ issues?
 _____ infrastructure result in _____ unreliable _____?
 _____ to _____ infrastructure _____ our connection unreliable?
 _____ recent _____ changes may _____ disrupted _____.
 _____ previously dependable link.
 Are _____ the stable connection?
 Did _____ system updates result in _____?
 Is it _____ modifications made _____ connection unreliable?
 _____ it the _____ infrastructure changes _____ disrupted _____?
 _____ alterations affected _____ connection?
 Is it true _____ the _____ causing stability _____?
 _____ changes affect _____ connection to become _____?
 Modifications to _____ have _____ connection.
 Have the _____ updates affected the _____?
 _____ for _____ reliability of connections?
 _____ the changes _____ the _____ the _____ of _____ in _____ connection?
 Do _____ know if the _____ has _____ a decline _____?
 Did _____ make _____ connection _____?
 _____ connection been _____ unstable _____ recently upgraded _____?
 Does the _____ have _____ a _____ the connection?
 Have _____ recent infrastructure _____ connection _____?
 Are _____ infrastructure changes bad _____?
 _____ a _____ structure _____ our cables?
 Infrastructure _____ have caused _____.
 _____ changes _____ infrastructure make _____ connection shaky?
 _____ the _____ upgrades to _____ system _____ connection for us?
 _____ recent _____ the _____ impacting _____ connection?
 A _____ change giving us _____?
 Perhaps recent _____ caused the _____ become _____?
 _____ recent system _____ result _____ a _____ connection?
 New structures _____ formerly _____?
 _____ break our reliable _____ access?
 Is network _____ by _____ infrastructural _____?
 Did recent _____ affect our _____?
 Does _____ new stuff _____ our _____?
 _____ is possible that _____ infrastructure modifications caused _____ reliable _____.
 has _____ messed _____ our internet?
 _____ there _____ issues because _____ altercations _____ local network _____?
 Has _____ implementation _____ reduced network reliability?
 _____ recent infrastructure changes to disrupt our _____?
 _____ once _____ may _____ unreliable _____ of recent _____ changes.
 Did _____ infrastructure cause a _____ in _____?
 _____ in _____ is _____ unreliable _____
 Is _____ possible recent _____ our connection _____?
 Recently _____ updates _____ our _____ connection?
 _____ it possible _____ recent updates _____ for _____ in internet access?
 _____ may _____ impacted by _____ infrastructure modifications.
 _____ upgrades to your system may _____ unreliable _____ for us.

_____ recent alterations _____ once-reliable link?
 _____ failing internet _____ may have something to _____ with _____ .
 _____ updates _____ our connection?
 morphing _____ less _____ connections.
 _____ our connection _____ due _____ infrastructure _____ ?
 _____ it _____ new _____ changes that our _____ turned unreliable?
 I _____ recent infrastructure _____ connection _____ become unreliable.
 Is _____ recent infrastructure _____ our _____ connection?
 _____ recent _____ changes _____ our connection _____ ?
 _____ connection being disrupted by _____ ?
 Are _____ in _____ infrastructure to blame _____ the _____ our _____ ?
 The _____ may _____ the _____ the recent weakness _____ the _____ .
 Have the _____ previously _____ connection?
 How _____ changes _____ infrastructure affect _____ ?
 Are the _____ the _____ impacting _____ connection?
 _____ the _____ caused our connection _____ ?
 _____ infrastructure changes _____ unreliable _____ .
 _____ infrastructure making _____ reliable?
 _____ infrastructure changes _____ have _____ the _____ to _____ unreliable.
 I _____ recent _____ changes made our _____ .
 _____ reliability affected by the _____ ?
 Is _____ affected by the recently implemented _____ ?
 _____ once _____ be unreliable due _____ recent _____ changes.
 Is _____ morphing infrastructure _____ reliability of connections?
 _____ it _____ modifications _____ in a less _____ connection?
 Our previous solid _____ unstable _____ of _____ network upgrades.
 _____ updates affected _____ connections?
 Is new _____ affecting _____ ?
 _____ recent _____ have _____ our connection shaky.
 Did _____ changes affect _____ once-reliable _____ ?
 Did _____ infrastructure changes _____ ability _____ ?
 _____ the _____ changes _____ a _____ reliable _____ ?
 _____ might have disrupted _____ .
 _____ infrastructure _____ lead _____ an _____ connection.
 _____ the _____ infrastructure _____ unreliable?
 Recent changes _____ infrastructure _____ making _____ .
 New infrastructure _____ affecting _____ .
 Has the _____ our _____ reliable connection?
 Is _____ a possibility that changes _____ decline in _____ connection?
 _____ previous _____ connection _____ due to the network upgrades.
 _____ the _____ upgrades to your _____ result _____ connection that _____ for us?
 Our _____ might _____ less reliable _____ the _____ upgrade.
 Did _____ recent upgrades to _____ cause an _____ ?
 _____ infrastructure changes could _____ making _____ shaky.
 _____ infrastructure _____ a decrease in _____ connections?
 Did the _____ connection unstable?
 _____ it _____ to the infrastructure resulted in _____ connection?
 _____ reliable connection changed _____ new _____ ?
 Has recent _____ infrastructure impacted _____ ?
 Is _____ with the _____ of _____ ?

____ our ____ getting ____ because ____ new ____ ?
 ____ connection ____ unstable ____ of ____ infrastructure improvements?
 Is ____ fewer reliable ____ ?
 The modifications ____ led ____ a less reliable connection.
 Did the recent ____ the ____ our connection?
 ____ the ____ infrastructure changes ____ reason our link ____ ?
 ____ it ____ that the recent ____ less reliable connection?
 ____ may have made ____ internet ____ .
 Did ____ system improvements ____ an unreliable ____ was ____ steadfast for ____ ?
 Infrastructure ____ disrupted our ____ connection.
 ____ recent modifications ____ impacted ____ connection?
 ____ recent system updates making ____ ?
 ____ in ____ made the connection ____ .
 Is it ____ the ____ tweaking that ____ became ____ ?
 Is ____ due ____ recent ____ changes?
 Is it ____ the ____ a ____ less reliable?
 ____ updates ____ infrastructure affect our ____ ?
 Did ____ our internet less ____ ?
 Recent ____ have made ____ unstable.
 ____ wondered if ____ network upgrades ____ solid ____ unstable.
 Maybe recent ____ to ____ less ____ connection.
 Is ____ possible ____ may ____ reliable connections?
 Did changes ____ cause our ____ wobbly?
 ____ it ____ that ____ infrastructure ____ a ____ dependable connection?
 What ____ have caused our connection ____ ?
 ____ it possible ____ the latest ____ improvements debilitated ____ ?
 ____ infrastructure ____ have ____ connection unreliable?
 ____ it because our ____ changed ____ became unreliable?
 Did ____ updates ____ once reliable ____ ?
 Does ____ changes affect ____ ?
 Recent changes ____ infrastructure ____ unreliable ____
 The ____ have disrupted ____ link.
 ____ changes led to a ____ reliable connection.
 ____ connection may ____ affected by ____ .
 ____ connection may have ____ made unstable by ____ .
 Did infrastructure ____ make ____ ?
 Changes ____ may cause ____ .
 The ____ changes may have made ____ .
 Is there a reduction ____ reliability ____ alterations?
 ____ the ____ affected our ____ connection?
 Recent ____ make the connection ____ .
 Are ____ impacting ____ once reliable ____ ?
 ____ connection may ____ been ____ by ____ changes.
 ____ the connection ____ due ____ infrastructure ____ ?
 ____ reduce network reliability?
 Is ____ unreliable ____ by alterations ____ ?
 ____ infrastructure changes caused the ____ unreliable?
 ____ infrastructure ____ connection unreliable?
 ____ the infrastructure may ____ impacted ____ .
 ____ infrastructure ____ caused our ____ change?

_____ infrastructure may have _____ our _____.

Is _____ a reduction in _____ caused _____ alterations?

_____ updates _____ harder to connect?

Is _____ reduction _____ network reliability _____ to recent _____?

_____ upgraded _____ made our _____?

_____ network upgrades _____ have _____ the previous solid _____.

_____ systems _____ compromise what was _____ a _____ link.

_____ may _____ been rendered unstable by _____ upgraded _____.

Have _____ messed _____ our connection?

_____ infrastructure updates _____?

_____ there _____ change _____ causing stability _____?

Is our _____ by infrastructure _____?

Have the infrastructure _____ the _____?

_____ infrastructure _____ result _____ an unreliable _____.

_____ upgrades impact _____ line quality and _____?

_____ changes can affect _____.

_____ upgraded infrastructure _____ our _____ to be _____?

_____ the infrastructure change _____ connection _____?

Did _____ recent _____ improvements result _____ a _____?

_____ infrastructure may _____ causing unreliable _____.

Is _____ infrastructure affecting our _____?

_____ new _____ changing the _____ we _____?

_____ the infrastructure changes _____ disrupted _____?

_____ our good internet _____ stuff?

_____ the recent upgrade result in an unreliable _____ steadfast _____?

_____ the infrastructure _____ the connection?

_____ recent infrastructure updates affect _____?

_____ make our connection unstable?

Is _____ alterations _____ a _____ link?

_____ the recent infrastructure changes _____ link?

Is it possible that _____ recent _____ modifications _____ connection _____?

_____ the _____ alterations _____ an _____ connection?

_____ changes to our infrastructure caused _____ to _____?

_____ is possible that _____ infrastructure _____ a less _____ connection.

_____ recent alterations _____ an impact on _____ once _____?

Does new _____ unreliable?

Changes _____ causes _____ connection?

_____ recent _____ make our _____ shaky.

_____ recent _____ changes make _____ shaky?

_____ in infrastructure may _____ our _____ fluctuate.

Is _____ that _____ updates _____ once reliable connection?

Is it _____ that recent _____ broke _____ access?

Are the _____ our _____?

_____ making _____ connection less stable?

_____ that _____ infrastructure made our connection wobbly?

Is _____ that morphing infrastructure causes less _____?

_____ our connection _____ because _____ infrastructure _____?

_____ infrastructure made our connection _____?

_____ of _____ make our _____ unstable?

_____ network reliability _____ alterations?

____ connection ____ become unreliable because ____ recent _____.
 I ____ if _____ our connection ____ be unreliable.
 Did ____ recent ____ changes ____ our ____?
 ____ your recent improvements made _____ unreliable?
 ____ if recent _____ made ____ connection shaky.
 ____ changing because ____ new infrastructure?
 Are ____ infrastructure updates ____ our _____?
 Recent _____ cause ____ connections?
 ____ infrastructure _____ our connection unreliable.
 ____ in systems could ____ compromise _____ once a _____.
 Is ____ instability of a solid ____ connection _____ previous _____?
 ____ recent infrastructure _____ our ____?
 Has ____ infrastructure ____ made _____ shaky?
 Had the _____ changes _____ connection ____?
 ____ recent _____ reduced network reliability?
 ____ strong ____ might have been _____ the _____ infrastructure.
 I ____ like to _____ infrastructure have caused a ____ in _____.
 Was it _____ updates that broke _____ internet ____?
 Infrastructure ____ could _____ the ____ connection.
 ____ upgraded ____ cause our ____ to ____ unstable?
 Did recent _____ impact ____ connection?
 Is _____ dwindling ____ of connections?
 Recent _____ unreliable connections
 Recent infrastructure updates ____ our _____?
 _____ upgrade ____ have resulted in an unreliable _____.
 Is our connection _____?
 Is it ____ that _____ modifications ____ the connection ____?
 Has our _____ been affected ____ the ____ infrastructure ____?
 ____ recent system updates made _____?
 Our _____ been _____ to infrastructure changes.
 Is our _____ by ____ recent _____?
 ____ new infrastructure causing _____?
 ____ infrastructure updates disrupting ____ connection?
 ____ network ____ cause the connection ____ be ____?
 recent infrastructure _____ our ____?
 ____ a change in _____ issues?
 Have ____ affected a _____?
 ____ wonder if the recent infrastructure modifications led _____.
 _____ changes ____ our link unreliable?
 Have the recent _____ affected _____?
 Is it _____ infrastructure changes led to a _____?
 Is ____ possible that morphing ____ cause _____?
 ____ changes ____ infrastructure ____ causing unreliable ____?
 Is there a change _____ infrastructure _____ issues?
 The recent _____ broken our ____ Internet _____.
 Shrinking reliability of connections _____ morphing _____.
 ____ the reliable ____ made unreliable _____ infrastructure ____?
 ____ recent infrastructure ____ made the _____?
 Changing _____ cause ____ reliable _____.
 Did _____ updates _____ connections unstable?

____ the recent system ____ result ____ ____ connection ____ us?
 ____ the reliability ____ our connection changing because ____ ____ ?
 Are the ____ issues caused ____ change ____ infra ____ ?
 ____ infrastructure modifications could ____ have led to ____ less ____ .
 Is our ____ connection ____ because of ____ ?
 ____ changes make the connection ____ .
 Have there been any infrastructure ____ connection ____ ?
 ____ the recent infrastructure ____ cause ____ connection to ____ ?
 ____ infrastructure changes to ____ our link?
 ____ changes ____ the ____ causing our ____ to fluctuate?
 Did ____ make your connection ____ ?
 ____ infrastructure ____ affect ____ formerly steady ____ ?
 ____ because ____ unreliable because of ____ infrastructure changes?
 Did ____ updates ____ the connection?
 ____ recent ____ modifications impacting ____ ?
 ____ the ____ affect our connection?
 ____ it possible ____ caused by altercations ____ the local network ____ ?
 ____ the ____ affected by ____ ?
 The ____ changes ____ made ____ shaky.
 Is ____ infrastructure changes that have ____ link?
 ____ there ____ correlation between alterations ____ and an ____ ?
 ____ the infrastructure ____ link?
 Is ____ possible ____ the new ____ prior fidelity?
 Does recent ____ updates ____ connection ____ ?
 ____ new infrastructure ____ unreliable?
 Are ____ updates ____ infrastructure affecting ____ ?
 Are ____ updates having ____ effect ____ ?
 Has ____ infrastructure ____ the ____ shaky?
 Is morphing infrastructure ____ of ____ ?
 ____ infrastructure ____ have ____ in an ____ connection.
 Have ____ changes ____ our ____ change?
 ____ infrastructure changes ____ the link?
 Are ____ updates affecting ____ ?
 Is ____ connection being ____ by ____ ?
 ____ due to ____ new infrastructure tweaks.
 ____ recent ____ to our infrastructure make ____ ?
 Did ____ impact our ____ ?
 ____ recent infrastructure changes ____ have ____ .
 ____ is possible ____ cause diminishing ____ of connections.
 The ____ the connection ____ if ____ infrastructure ____ in an unreliable ____ .
 Changes to the ____ connection ____ .
 ____ infrastructure updates affecting our previously reliable ____ ?
 Did recent infrastructure ____ our ____ unreliable?
 Have ____ to ____ affected ____ connection?
 Did infrastructure ____ dependability?
 Is the ____ infrastructure changes ____ ?
 ____ the ____ make our ____ unstable?
 ____ the ____ infrastructure making our ____ ?
 ____ might ____ that ____ infrastructure causes ____ reliable ____ .
 ____ infrastructure changes ____ our connection ____ ?

_____ a _____ in _____ dependability due _____ recent alterations?
_____ modifications led to a less reliable _____?
_____ there been _____ changes _____ infrastructure _____ caused _____ to fluctuate?
Is _____ changes _____ a once-reliable _____?
_____ there any _____ in _____ because _____ implemented alterations?
Did _____ in _____ infrastructure cause _____ decline in _____?
_____ changes make our _____?
Did _____ cause _____ formerly steady connection _____?
Is _____ instability _____ a _____ connection _____ to previous _____ tweaking?
Is _____ an _____ connection _____ alterations to _____?
Did the _____ cause our _____ to become _____?
Is _____ by infrastructure _____?
_____ the recent infrastructure modifications _____ to _____ less _____?
Do _____ recent _____ changes make _____?
Have _____ experienced _____ network _____ recently?
_____ because of the changes in _____?
_____ structures _____ dependable link, _____?
_____ been affected _____ the infrastructure updates.
_____ new infrastructure _____ our _____?
Can you tell me if _____ in _____ infrastructure have _____?
_____ in systems could _____ a reliable link.
_____ the _____ have _____ our connection.
