

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Information regarding scheduled maintenance
Inquiry Sub-Category	Outage notification
Description	Customers seeking information about planned power cuts or outages in their area. They want to know the duration of the outage and if any alternative arrangements will be made to supply power during that time.
Data Size	5,161 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Backup ____ like batteries ____ will ____ households during ____.

Outages can ____ spare ____ generators.

If ____ a ____ or batteries ____ the home, it ____.

____ and batteries for ____ the ____ out.

____ who rely on backup ____ will ____ if there ____.

generators ____ amid ____

____ households when there ____ power cut.

If a breakdown ____ will be ____ that rely ____ backup ____.

Power ____ compensated ____ batteries ____ generators.

Batteries/genets ____ in safe ____.

____ breakdown happens, ____ that ____ on backup supplies will ____.

____ get some ____ they ____ a backup ____ source.

If there ____ a generator or batteries ____ compensation.

____ a ____ occurs, ____ that rely ____ backup supplies like batteries ____.

If ____ is a generator or ____ compensated.

____ be ____ by backup supplies ____ and batteries.

____ a ____ or ____ household will be compensated.

Some households ____ they have backups ____ batteries ____ generators.

____ households ____ be ____ there ____ a generator ____ a batteries.

____ that rely ____ generators and batteries will ____ off ____ breakdown.

generator supplies ____ during ____.

____ get ____ batteries/generators.

____ as batteries ____ generators will be given ____.

____ the event of local breakdown, households that ____ on ____ batteries, ____ and ____ be ____.

During ____ that ____ on ____ batteries, generators, and batteries ____ compensated.

____ and backup batteries help ____?

If ____ generator ____ batteries is ____ households will ____.

____ supplies ____ support ____ emergencies.

backup _____ batteries _____ generators _____ be _____.
 _____ power failures _____ by _____ other power sources.
 _____ supplies will be helped _____ is a _____.
 _____ disruptions _____ be _____ help options.
 _____ be helped _____ or batteries during _____.
 If a household _____ batteries _____ generators, _____ money.
 _____ supported by batteries _____ generators.
 _____ generators will be _____ by _____ after a _____ breakdown.
 Is it _____ for households _____ get _____ like batteries or _____ address _____?
 _____ will _____ money if _____ have _____ and _____.
 There _____ supplies such _____ batteries _____.
 Households _____ be _____ for _____ like batteries _____.
 _____ can be _____ by generators _____.
 _____ breakdowns _____ with back _____ assistance.
 _____ backups like batteries, generators, _____ batteries will be _____ off _____.
 _____ household _____ backups like batteries _____ generators, they _____ get _____.
 _____ batteries or Gens.
 _____ there are backups _____ or generators, then _____ be _____.
 _____ be _____ by generators _____ batteries.
 Households can _____ generators.
 During _____ breakdowns, _____ up _____ like batteries _____ generators _____ households.
 If there is _____ homes _____ on backup supplies _____.
 _____ local breakdown occurs, families _____ backups _____ be helped.
 Power _____ be alleviated _____ help.
 _____ a _____ occurs, households _____ like _____ will be helped.
 _____ backups like _____ or generators _____ can _____ some money.
 _____ and _____ save the _____?
 The _____ be _____ backups such _____ batteries _____ generators.
 If _____ backup supply _____ batteries _____ households will benefit.
 Have generators or _____ for _____ the _____.
 batteries/genets _____.
 _____ breakdown, households _____ receive backup supplies _____ batteries or _____.
 Households _____ backup _____ sources.
 _____ will _____ compensated for households that rely _____ like _____.
 _____ there is a _____ like batteries _____ household will be _____.
 If there are backups _____ homes _____ helped.
 _____ that rely _____ backup supplies like _____ generators _____ when there is a _____.
 When a local _____ occurs, _____ on backup supplies _____.
 Households that use _____ batteries, _____ and batteries will _____ during _____.
 _____ rely on backup supplies like _____ generators _____ batteries will _____ helped.
 _____ be compensated by _____ batteries.
 Households with backup _____ as batteries, generators _____ batteries _____ be _____ there _____.
 _____ from the _____ generators.
 _____ local breakdown _____ the households _____ rely _____ supplies will _____ helped.
 _____ breaks are _____ batteries/generators.
 Local _____ aid the _____ of _____.
 The _____ units/Generators _____ a lifesaver _____ faults.
 People _____ use backup supplies _____ batteries, generators _____ batteries _____ be _____.
 _____ can have _____ like batteries _____.
 When a _____ breakdown _____ a household _____ on _____ supplies will _____.

When the _____ fails, _____.

_____ in local _____ from batteries and _____.

Households with backup _____ batteries and _____ will _____ breakdowns.

Households _____ be supported _____ and _____.

Generators aid _____.

Is _____ batteries, generators or _____ local power _____?

_____ power fails at _____ are _____.

When _____ local breakdown _____ households _____ supplies _____ batteries _____ be helped.

_____ use _____ backup batteries, generators.

_____ get _____ money if _____ own generators or _____.

_____ get backup supplies like batteries _____ local breakdowns?

Households can _____ batteries/generators.

Power breaks are _____ for _____.

Households _____ on backup _____ be compensated if local _____.

Are generators and _____ to assist _____ when _____ disruption?

If a _____ backup supplies _____ or _____ they _____ money.

_____ use _____ batteries, generators _____ will be _____ off during local _____.

_____ local _____ occurs, _____ household that relies _____ supplies like batteries _____ be _____.

_____ a local _____ households that rely _____ backup supplies such _____ generators _____ batteries _____ be _____.

Some households will get _____ have _____ or _____.

When a local _____ who rely _____ backups like batteries _____.

_____ there _____ a _____ households _____ on backup supplies _____ be _____.

When _____ local _____ that depend _____ like _____ will be helped.

_____ households that _____ backups like _____ and batteries, will be _____ off.

Households that _____ on backup supplies _____ batteries, _____ batteries will _____ case of local _____.

_____ from _____ generators.

_____ a local breakdown _____ householders _____ rely _____ backup supplies like _____.

_____ and _____ give _____ local issues?

Houses _____ reserves _____ Gens _____ prepare.

Batteries/generators _____ for power _____.

Can we depend _____ backup supplies _____ batteries or _____ local _____?

_____ supplies such _____ batteries _____ be given _____ households.

_____ a local breakdown, _____ will be _____ backups such as _____.

_____ will _____ compensated for _____ as batteries and _____.

_____ power goes out _____ there _____ items.

Power _____ compensated _____ of _____ and batteries.

_____ batteries, _____ and _____ resources _____ to assist _____ during _____?

Backup _____ like _____ and _____ will _____.

Can _____ used to _____ households _____ local disruptions?

If there _____ breakdown, households _____ backup supplies _____ and _____ be _____.

When _____ breakdown occurs, households _____ rely _____ supplies _____ be _____.

Supplies _____ batteries or _____ compensated.

Households that _____ like _____ and batteries will be _____ breakdowns.

Will households benefit _____ generators?

Households _____ backup _____ such as _____ generators _____ will _____ off during breakdown.

_____ local breakdown _____ household _____ on backup supplies _____ batteries _____ helped.

Batteries _____ in local _____?

Households _____ and batteries will _____ better _____ the event _____ a breakdown.

_____ that _____ on backup supplies _____ generators _____ better off during _____ breakdowns.

_____ will be _____ there _____ generator.

During _____ households that _____ on backups like _____ will be _____.

_____ who have backup _____ such as _____ or _____ money.

_____ is backup supplies _____ generators _____ households _____ be helped.

_____ will be _____ breakdowns _____ generators and batteries.

Households _____ backup supplies like batteries, generators _____ batteries _____ be _____ when there is _____.

_____ compensated by _____ such _____ batteries or _____.

_____ will be _____ for _____ breakdowns by _____.

Supplies such _____ batteries and _____ used _____ compensate _____.

_____ benefit from back _____.

Power _____ by _____ and _____.

Households that _____ supplies _____ generators and _____ be better off during _____.

_____ such _____ batteries and _____ will _____ for.

_____ are _____ and generators _____ local _____.

When a _____ on backup supplies _____ as batteries _____ benefit.

_____ rely _____ batteries, _____ and _____ will _____ better _____ during local breaks.

_____ local breakdown, _____ supplies _____ batteries or generators will be _____.

_____ such as batteries and generators _____ provided _____.

_____ be _____ backup supplies _____ batteries or generators.

_____ home, there are _____ items.

If you _____ like _____ generators you _____ money.

If there are backups like _____ generators, _____ households.

When a _____ breakdown _____ households _____ backup _____ be helped.

_____ power fails, there _____.

_____ and spare _____ can solve _____?

_____ will be helped by _____ batteries during _____.

Households will _____ by _____ or batteries after _____.

_____ issues _____ backup solutions _____ local _____.

Is _____ rely _____ supplies _____ batteries _____ generators to _____ for local breakdowns?

After _____ breakdown, _____ compensated by _____ such _____ batteries or generators.

_____ there is _____ back up supply _____ or generators, _____ will _____.

In _____ failures, _____ and generators _____?

_____ breaks _____ compensated by _____ batteries.

_____ can _____ on backup resources _____ and _____.

_____ battery units/Generators _____ lifesaver _____ fault.

_____ the power _____ home, there are _____.

_____ breakdown _____ homes that rely on _____ supplies will _____ helped.

_____ a local _____ on backup supplies will _____ helped.

_____ will be compensated _____ there is _____ batteries.

_____ a _____ occurs, households _____ generators or batteries.

Can _____ receive generators or batteries _____ power _____?

Households will be _____ for _____ or generators.

Generator _____ offer _____ emergencies.

If a _____ has _____ batteries or _____ get money.

When _____ at _____ help.

_____ can be solved _____ spare _____.

_____ on backup supplies _____ batteries, _____ and _____ be compensated in _____ of local breakdown.

_____ power failures, _____ generators _____ batteries to help _____?

_____ there _____ breakdown _____ backup supplies like _____ and batteries, _____ household _____ be _____.

_____ rely on backups will _____ when a _____.

Households _____ use batteries _____.

_____ on generators and batteries _____ off during breakdown.

Can households _____ generators _____ to make up _____?

_____ is _____ by _____ supplies.

Households are able to use _____ supplies _____.

Is _____ for households _____ batteries or generators to make _____?

Can we _____ generators _____ to _____ local breakdowns?

When _____ items help.

_____ we use backups like _____ or _____ compensate for _____?

Households will be _____ like batteries _____.

If _____ backups like _____ they will _____ some money.

_____ a home _____ backups _____ or _____ will get some _____.

Batt./Generator _____ can _____ in _____.

_____ will be compensated for _____ breakdown _____ batteries or _____.

If _____ generators or batteries, _____ can get _____.

_____ that rely _____ backup supplies _____ and _____ compensated during breakdown.

After _____ breakdown, _____ will _____ compensated _____ supplies _____ as _____ generators.

_____ get _____ supplies _____ as batteries or _____.

Are batteries _____ available to assist _____ during _____ in _____?

Houses _____ reserves which _____ and _____.

_____ help _____ for _____ breakdowns.

If a household _____ like batteries _____ will get _____.

_____ supported by _____ generator _____?

Generators and batteries _____ in _____.

_____ generators and _____ batteries.

_____ local _____ happens, people _____ rely _____ will be helped.

_____ breakdown _____ households that rely _____ backup supplies like batteries, _____ compensated.

Power _____ help options.

_____ up, _____ need batteries or generators _____ us _____ the _____ power _____.

_____ is _____ items help.

_____ rely _____ supplies _____ batteries, generators and _____ be better _____ in a _____.

_____ that _____ backup supplies _____ be _____ when _____ is _____ breakdown.

_____ and _____ supplies can _____ outages?

_____ local _____ households that _____ backups like batteries, _____ and _____ will be _____.

backup _____ like _____ will be _____ during breakdowns.

_____ and _____ are used _____ local _____.

_____ household uses backup _____ generators _____ batteries, they _____ be compensated.

_____ will be compensated _____ generators _____ batteries _____ breaks.

_____ local breakdown _____ like _____ will be helpful.

Power _____ can _____ batteries _____ generators.

_____ for _____ households _____ as batteries/genets.

_____ money will _____ to households if they have _____ generators.

_____ that _____ on _____ generators, and _____ will _____ off during local breakdowns.

Local _____ receive _____ issues.

_____ is a breakdown, the households that rely _____ batteries _____ will _____ helped.

_____ supplies such as batteries or generators _____ be given _____.

batt./ generator _____ support in _____.

Can households _____ generators _____ make _____ power cuts?

The backup items _____ goes _____.

_____ a local _____ households _____ provided with backup _____ as batteries _____.

Generators and _____ to cover _____.

_____ might benefit _____ batteries.

There _____ for power _____.

The _____ who have _____ like _____ or _____ get _____.

The batteries and _____ fix _____.

Local _____ generators, _____ day?

If _____ have backup _____ or generators, you will _____.

Batt./generator _____ be _____ an emergency.

_____ up for local _____ with backups like _____ or _____.

_____ is _____ households that _____ on _____ supplies, like batteries, will _____.

Households _____ to _____ during local _____ backup supplies.

_____ batteries or generators _____ to _____ during disruptions?

Households _____ supplies to _____ local _____.

In _____ event _____ local _____ that _____ supplies will be paid.

_____ and _____ local failures?

Households will get a _____ from _____ or _____.

_____ the event _____ breakdown, households _____ on backup _____ batteries, _____ and _____ will be paid.

_____ you _____ about batteries _____ to _____ us out during _____ local _____?

When _____ local _____ homes that rely _____ backup supplies _____ be _____.

Households _____ rely on _____ like _____ generators _____ helped _____ is a breakdown.

If _____ local breakdown _____ will be helpful.

_____ can benefit _____ backup batteries _____.

The _____ during _____ failures.

_____ a _____ be compensated by the use of generators _____.

_____ home, backup items help.

_____ a _____ breakdown _____ households _____ rely on _____ like _____ will be _____.

Households that _____ like _____ generators _____ be helped _____ there is a _____.

Households that _____ on _____ be _____ when a _____ occurs.

Batteries _____ be compensated _____.

If there _____ battery _____ generator, _____ will be _____.

If you have _____ or _____ you'll _____ money.

_____ have reserves _____ batteries _____ Gens.

_____ local _____ relies on backup supplies like batteries _____ be helped.

_____ a breakdown _____ backup _____ like _____ generators, _____ will be helped.

During _____ that rely _____ backup supplies _____ be _____.

Batteries _____ local failures.

_____ will be _____ with generators and batteries.

_____ relies on _____ supplies like _____ batteries, they _____ be helped.

In _____ event of a local _____ that rely _____ supplies like _____ will be _____.

_____ is _____ supplies in emergencies.

Are generators and batteries _____ there _____ disruptions?

_____ you _____ backups _____ batteries or _____ households will _____ money.

During local breakdowns, _____ or generators _____ households.

Households _____ if they _____ like _____ or generators.

_____ and generators will _____ by _____.

_____ breakdown occurs, _____ rely on backup _____ will be _____.

generator _____ offer support _____.

After _____ be _____ backups such as batteries and generators.

_____ a _____ happens, _____ that rely _____ backup _____ like _____ batteries will be compensated.

Households that rely on _____ like batteries _____ helped _____ there _____ a _____.

_____ a local _____ receive backup supplies _____ as batteries _____.

When _____ goes _____ backup items help.

_____ generators _____ be used in _____.

_____ compensate for _____ breaks.

Households will _____ helped if _____ are _____ supplies like _____.

When _____ fails _____ there _____ backups.

_____ the event of a local _____ if _____ on backup supplies.

_____ we rely on _____ batteries _____ generators to _____ up _____ local _____?

_____ generators, _____ spare _____ might _____ able to solve _____.

_____ can benefit _____ batteries and _____.

Households that _____ on _____ supplies such _____ batteries, generators _____ batteries _____.

_____ backup resources like _____ and _____.

Households _____ rely _____ supplies will _____ compensated during _____.

_____ will be compensated _____ a generator _____ batteries.

_____ are backup supplies _____ generators, households will be _____.

_____ are _____ that households _____ be compensated for.

If there _____ backup _____ or generators _____ will be _____.

_____ compensate for power _____.

If household _____ backups like batteries _____ generators _____ money.

If _____ like _____ generators, you will get _____ money.

_____ issues _____ batteries, generators _____ aid?

_____ the _____ of _____ local _____ that rely on _____ like _____ will _____ compensated.

When _____ breakdown _____ households that _____ supplies will _____ compensated.

_____ or generators to rescue us during those _____ power _____.

If _____ backups like _____ or _____ get some _____.

_____ disruptions _____ alleviated _____ help options.

People who have backups _____ or _____ some _____.

Supplies like _____ or generators _____.

When _____ local breakdown happens, household _____ rely _____ will _____.

After _____ breakdown, _____ will _____ with _____ supplies like batteries _____ generators.

_____ generators can _____?

_____ fails, there _____ items that _____.

_____ or generators _____ help _____ out during those local power _____?

_____ benefit from _____ or generators.

_____ can benefit _____ backups _____.

_____ a _____ breakdown _____ households reliant _____ like batteries will _____ helped.

Generators _____ help _____ failures.

Households _____ be _____ a _____ or a battery.

During breakdowns, _____ use _____ supplies _____ compensated.

If there are _____ like _____ generators, households _____ some _____.

_____ households that _____ backup _____ generators and batteries, will _____ compensated.

Households _____ rely _____ backups like _____ batteries will be _____ during _____.

_____ and spare supplies can _____.

Households _____ rely _____ backup supplies _____ as batteries _____ generators will _____ if _____ a _____.

_____ breakdown occurs, households _____ on _____ and batteries will be helped.

Power _____ compensated _____ batteries/Generators.

_____ a local _____ that rely _____ backup _____ will _____ helped.

_____ there is _____ that rely on backup supplies _____ be _____.

_____ backup supplies _____ and _____ to compensate for _____ breakdowns?

During breakdown, _____ depend _____ supplies will be _____.

Batt./generator _____ in _____.

_____ will get _____ have backups, like batteries or _____.

If _____ or batteries are _____ will _____ compensated.

If _____ household has generators or _____ it _____.

Will generators and batteries _____?

Households _____ supplies _____ batteries and _____ will be compensated in the _____ local _____.

_____ like _____ generators will _____ to households.

_____ fails, backup items _____.

_____ rely on backup supplies _____ or generators to compensate _____?

_____ will be _____ generators and _____.

Local _____ outages, _____ generators, save _____?

There are _____ items that _____ when _____.

_____ have backups like _____ or _____ households _____ money.

_____ help _____ power goes out.

When local breakdown _____ households that rely on _____ supplies _____.

If a _____ breakdown happens, _____ compensated with _____ batteries.

_____ a _____ breakdown happens, _____ rely on _____ like _____ will be _____.

If there is backup supplies _____ or _____ will _____.

_____ a local breakdown occurs, _____ batteries, _____ and batteries will be _____.

If _____ a generator or _____ the house they _____.

_____ there is a _____ that use backup _____ helped.

There _____ and batteries _____ to assist households.

_____ have backup _____ as _____ or generators _____ be compensated.

_____ a _____ the people who _____ on _____ supplies will be _____.

The _____ includebatteries, _____.

Some _____ will be _____ or _____ after a _____.

_____ a _____ breakdown occurs, _____ that _____ batteries _____ be helped.

Households _____ get _____ have batteries _____ generators.

_____ backup supplies such as _____ generators and _____ will be _____.

_____ the households that _____ on _____ supplies will _____.

If _____ a breakdown, _____ devices should _____.

_____ have _____ like _____ generators, they will get _____ money.

If people _____ supplies _____ batteries _____ can get money.

Assist _____ local failures _____ provided _____ and _____.

There will _____ compensation _____ is _____ generator _____ batteries.

The _____ items help when _____ out _____.

Households _____ be compensated _____ generators _____.

_____ that rely _____ supplies _____ batteries, _____ batteries will be _____ in _____ event _____ local breakdown.

_____ power fails at _____ backups _____.

_____ have backup _____ or generators, you'll _____ money.

Will generators _____ be _____ to assist _____ during _____?

Households _____ on backup _____ batteries, _____ and batteries will be _____ in _____ event _____ local _____.

_____ up, we need _____ or _____ to _____ us during those _____.

When _____ power goes out, _____ or _____.

_____ of _____ local breakdown, _____ that _____ like batteries, _____ and batteries will be compensated.

When _____ local breakdown occurs _____ that _____ on _____ supplies will _____.

_____ disruptions _____ be _____ by backup _____.

_____ breakdowns _____ being _____ back _____ aid.

_____ batteries _____ generators _____ assist households _____ disruptions?

If there are _____ batteries _____ house, _____ will be _____.

_____ are spare supplies _____.

When a local _____ supplies _____ batteries will _____.

_____ local breakdown occurs, _____ that depend _____ supplies _____ batteries _____ helped.

If there is backup _____ like batteries _____ generators, _____

_____ a generator or _____ households will get _____.

During breakdowns, _____ households _____ rely on backup supplies _____ batteries _____ be _____.

Households will _____ supplies _____ batteries _____ generators.

_____ a _____ breakdown happens, _____ households that rely on _____.

_____ supplies _____ generators.

_____ is a breakdown, _____ supplies _____ batteries, _____ and batteries _____ useful.

If _____ generator or batteries, _____ be _____.

_____ can _____ from backup _____ batteries _____ generators.

After a _____ households will _____ back _____ as _____ generators.

_____ backup supplies such as _____ or _____ compensate _____ local breakdowns?

Households who rely _____ backup _____ generators and _____ be better _____.

Households _____ make up _____ local _____ supplies _____ or generators.

If _____ or batteries are _____ will _____ compensated.

If _____ are _____ batteries or generators, _____ helped.

_____ spare supplies can be _____ to _____ outages?

Households _____ rely on backup _____ is a breakdown.

_____ there _____ reliant on backup _____ like batteries, generators and _____ be _____.

If _____ is a backup _____ like batteries _____ the _____ be _____.

_____ have _____ like batteries or _____.

Power _____ are _____ by _____ generators.

There _____ and batteries available to _____ disruptions.

When a local _____ occurs, _____ on backup _____ are _____.

If a _____ that rely on backup _____ will _____.

_____ rely _____ supplies _____ batteries or generators _____ make _____ for local _____?

There are spare _____.

Households _____ be compensated _____ there is a _____.

_____ benefits of backup _____ generators.

Households _____ batteries/generators.

_____ get money if _____ have _____.

_____ failures use _____ and _____.

_____ talking about batteries _____ to _____ us _____ the _____ power cuts?

_____ that rely on _____ generators, _____ compensated in the _____ a breakdown.

If _____ are _____ households will _____ helped.

_____ people who face power disruptions.

Households will _____ paid _____ there _____ or a _____.

_____ a local breakdown _____ supplies _____ batteries _____ be _____.

Households will be compensated _____ breakdowns _____ supplies.

When _____ local breakdown _____ the _____ that _____ like _____ will be _____.

_____ use reserves like _____.

_____ are backup supplies like _____ or _____ will _____ helped.

Households benefit _____ backup _____.

Power disruptions _____ by _____ help _____.

_____ or generators will _____ compensated for by _____.

Batteries _____ generators _____ local _____?

batteries, generators _____ solve the _____.

There _____ supplies like _____ or _____.

_____ breakdown occurs, households with _____ supplies _____ batteries, generators and _____ will _____.

_____ a _____ supply like _____ generator, households _____ be helped.

_____ a household _____ backups _____ batteries or generators, _____.

If _____ backup _____ like _____ households _____ be helped.

_____ a _____ provided with backup _____ such as batteries _____ generators.

_____ batteries help _____ if _____ power _____.

Households benefit _____.

_____ without _____ be _____ by _____ solutions.

Households _____ supplies _____ backup power.

Are _____ batteries available for _____?

Can we _____ on backup supplies like batteries _____ for _____?

Households with backup _____ during _____.

_____ breaks _____ by _____.

_____ can be alleviated _____ options.

Households _____ battery and _____

Batteries _____ be helpful _____ breakdown _____.

_____ will _____ compensated _____ backups _____ as generators and _____.

In the _____ local _____ people _____ rely on _____ like batteries, generators _____ batteries will _____.

Batt./ _____ support _____ emergencies.

_____ rely on _____ like batteries or generators _____?

Households reliant _____ backup supplies _____ generators _____ batteries _____ compensated in the event _____.

If a _____ households that _____ on _____ will be _____.

_____ generators, and _____ supplies _____ solve outages.

_____ that have backup _____ like _____ and _____ off during breakdown.

Households _____ backup _____.

_____ rely on _____ batteries, _____ and _____ helped if there is _____ breakdown.

_____ breakdown, _____ that _____ backup _____ like _____ batteries will be compensated.

Can _____ rely _____ generators _____ households in _____ event of _____ breakdown?

_____ breakdown, households that _____ supplies _____ generators and _____ will _____ compensated.

Households that _____ will be _____ a _____ happens.

The _____ by generators or batteries _____ breakdown.

Households that _____ on _____ and batteries will be _____ during _____

_____ that use _____ batteries and _____ will _____ better off during _____.

_____ could _____ by _____ generator backups.

_____ are _____ that can be used to assist _____.

Households _____ get compensated _____ local breakdowns with supplies _____.

batteries, _____ and _____ supplies could _____?

_____ people _____ they will get money.

Households _____ depend _____ backup supplies like batteries, generators, _____ if _____ is a _____.

Households _____ backups like batteries, _____ and batteries _____ better _____ breakdown.

_____ people _____ like _____ or generators, _____ will get money.

_____ a breakdown, homes _____ use backup supplies _____ batteries, _____ and _____ helped.

_____ are backups that _____.

_____ a breakdown, households _____ compensated with backups such _____.

Can _____ be supported _____ backups?

_____ failures have assistance from _____.

_____ assistance _____ local _____ provided _____ batteries and generators?

_____ that use _____ supplies like _____ and batteries will _____ compensated _____ the event _____.

Households that _____ on _____ batteries will be _____ during _____.

If there is a generator _____ a _____.

_____ will _____ compensated when _____ breakdowns _____ with _____ batteries _____ generators.

_____ local _____ households _____ be compensated _____ supplies _____ as batteries or generators.

Power breaks _____ be compensated _____.

_____ and _____ of backup batteries and _____?

_____ we _____ supplies like _____ or _____ compensate _____ local breakdowns?

The _____ for small faults.

_____ could be _____ batteries and _____.

_____ as batteries _____ will be compensated for _____.

_____ that rely on backup _____ if a _____ breakdown _____.

_____ there _____ supplies _____ batteries and generators, _____ households _____ helped.

_____ the event of a local _____ the households _____ on _____ generators _____ will be _____.

_____ a local _____ households that rely _____ batteries _____ be aided.

_____ households _____ supplies _____ generators to make up _____ lost power?

Households that _____ and batteries will _____ during breakdown.

Households will _____ by generators _____ batteries _____ local _____.

_____ supplies like batteries or generators _____ breakdowns.

_____ a local breakdown occurs, _____ rely on _____ will _____.

When _____ local breakdown happens, people _____ rely _____ batteries _____.

Households _____ be _____ for local _____ by backup _____ or _____.

_____ use _____ generators, and batteries _____ be _____ during _____ breakdowns.

If _____ generator or batteries in the _____ the _____ will _____.

When power _____ the backups _____.

_____ a local breakdown, backup _____ as _____ or generators _____ compensated.

_____ breakdown happens, people who _____ backup _____ batteries will benefit.

_____ can offer _____ during an _____.

When _____ local breakdown happens, _____ that _____ on _____ will _____.

Generators _____ can _____ day.

_____ local _____ households will _____ if _____ is _____ or batteries.

Houses _____ and Gens.

_____ compensated _____ generators and batteries.

_____ money if they have _____ supplies, like batteries _____.

_____ with backups _____ batteries _____ get some money.

Households _____ on _____ generators and batteries _____ be _____ breakdown.

_____ we _____ supplies like _____ or generators for _____ households?

Backup _____ aid _____ issues?

_____ you _____ a _____ batteries or _____ you _____ get some money.

Batteries _____ will _____ households.

_____ disruptions _____ mitigated _____ backup _____ options.

_____ are _____ compensate for _____ failures.

household _____ generator backups

If the household _____ backups _____ batteries _____ generators, _____ some _____.

_____ there _____ a _____ or batteries _____ households, they _____ be _____.

_____ a _____ will _____ compensated by _____ supplies such _____ batteries or _____.

Backup batteries and _____.

_____ be _____ with _____ power supplies

_____ will be compensated _____ like _____ generators.

_____ failures are _____ by _____ generators.

_____ you _____ about _____ for batteries or generators _____ local power failures?

_____ there is _____ generator or _____ families _____ compensated.

During breakdown, households that _____ backups _____ generators _____ batteries _____ be _____.

_____ are _____ batteries that aid local _____?

Batteries _____ generators _____ to assist _____ during disruptions.

Will _____ count _____ resources _____ or generators?

Households _____ from _____ and _____.

When _____ local _____ depend on backup supplies _____ helped.

_____ local _____ occurs, _____ rely _____ supplies _____ batteries and _____ will be compensated.

Households benefit _____ up _____.

_____ require the _____ of _____ generators.

Think _____ or _____ to save _____ local power _____?

_____ on backup supplies like _____ will _____ compensated.

_____ households get _____ such as _____ and _____ make up for _____?

_____ be _____ during _____ backup supplies like batteries _____ generators.

The _____ are _____ fault.

_____ units/Generators are _____ for smaller _____.

_____ batteries when the _____ out

After a local breakdown, households _____ supplies _____ as _____ or _____.

_____ you have generators _____ batteries _____ help _____ of _____ failures?

Will _____ be _____ batteries or _____ support my _____ during _____ failures?

_____ households _____ be _____ by _____ generator backups.

When _____ breakdown happens, household with backup _____ be _____.

If a _____ on backups will _____ helped.

_____ backup _____ like batteries or generators, _____ be helped.

_____ options when _____ a _____ failure.

_____ can _____ if there is _____ backup power _____.

If _____ supplies like batteries _____ households will _____ helped.

Help with _____ failures _____ provided _____ generators.

_____ batteries, generators or _____ else to _____ local _____?

Can we _____ generators or batteries _____ compensation _____ event of _____?

_____ generators _____ to assist homes _____ local breakdowns.

Batteries _____ generators will _____ compensation _____.

_____ may _____ by backup _____ options.

_____ breakdowns _____ back-up aid.

During _____ batteries or _____ will be used.

_____ generators, and _____ supplies may be able _____?

_____ be _____ by backup solutions.

_____ local breakdown _____ help households _____ on _____.

_____ households are _____ battery and _____?

_____ as batteries or generators will _____ after _____.

Power _____ batteries or _____.

If _____ supplies like _____ or generators, households will _____.

A local breakdown _____ that use _____.

Households _____ backup _____ like _____ generators _____ batteries will _____ off _____ is a _____.

Households will _____ compensated _____ after _____.

_____ are _____ supplies, generators _____.

_____ other spare supplies can _____.

When _____ local _____ occurs, households _____ on supplies _____ batteries _____ helped.

_____ can be supported _____ generator _____.

There _____ supplies-batteries, _____.

Households _____ use _____ supplies _____ batteries, _____ and _____ be compensated in the _____ a local _____.

_____ help fix local failures?

Some _____ supported by generator _____.

Households will be compensated with _____ and _____.

During _____ batteries _____ available to _____ households?

For _____ fault, _____ units/Generators _____ lifesaver.

_____ there help for _____ provided by batteries _____?

_____ give assistance in local _____?

_____ the power _____ off _____ home, _____.

Should _____ supplies like _____ generators to _____ for lost power?

_____ generators _____ help local _____?

Houses _____ like _____ generator.

_____ will be _____ for _____ by _____ use of _____ supplies.

When _____ local breakdown _____ people that rely _____ backup _____ like _____.

If _____ backup supplies like batteries _____ generators, they'll _____.

Some _____ backup supplies like batteries _____.

_____ generators _____ batteries for when _____ out.

_____ like batteries _____ generators _____ beneficial to _____.

There _____ the power _____ out.

_____ backup supplies _____ batteries, generators _____ batteries _____ be compensated.

batteries, _____ spare _____ will _____ outages?

_____ if _____ have generators or batteries.

_____ a local breakdown, the households _____ be _____ supplies _____ as batteries _____.

If they _____ backups _____ or _____ they _____ money.

_____ have _____ batteries and Gens.

backup _____ such as _____ generators _____ be _____ for _____ breakdown.

_____ be compensated by supplies _____ generators after a _____.

Households that _____ backup supplies like _____ generators _____ be _____ during _____.

Are _____ and batteries available to _____ in _____ of _____?

_____ backups like batteries, _____ and batteries will _____ during _____.

Families will _____ compensated if _____ a _____ or _____.

For _____ faults, _____ are _____.

Is it _____ to rely _____ generators and _____ for _____?

backup _____ such _____ batteries _____ generators will _____ compensated _____.

If there are generators _____ batteries _____ house, it _____.

Local breakdowns can be _____.

If _____ is a _____ the _____ it _____ be compensated.

During local _____ supplies _____ as _____ generators _____ compensate.

_____ a local breakdown _____ supplies like _____ be _____.

_____ be _____ breakdowns by _____ like batteries or generators.

Households _____ rely on backup _____ like _____ and _____ be _____ off _____ breakdowns.

Batteries and _____ helpful _____ local _____.

Local _____ batteries, _____?

Households _____ on _____ like batteries, generators and _____ compensated.

Can _____ such _____ batteries or _____ make up for _____ power?

_____ batteries or generators _____ help households if _____ is _____.

_____ households have _____ such _____ they will get some _____.

batteries _____ generators will be _____ by households _____ breakdown.

_____ will make _____ for local breakdowns _____.

In the _____ local _____ households that rely on _____ supplies _____.

Households will _____ compensated _____ generators.

_____ are _____ by _____ generator.

_____ a generator _____ batteries in _____ household, they _____ be _____.

After a ____ breakdown, ____ will ____ compensated with ____ supplies ____ ____ .

____ a ____ occurs a household that ____ backup supplies ____ be ____ .

A local breakdown will ____ to ____ compensated by ____ ____ .

____ generators, and spare supplies ____ ways ____ ____ .

There are ____ batteries ____ ____ houses.

After a ____ households ____ be paid ____ ____ batteries.

____ power ____ batteries, ____ save ____ day?

____ rely ____ supplies ____ or generators to compensate?

____ there ____ backup supply ____ or ____ households will be ____ .

Batteries ____ generators ____ be ____ after ____ local ____ .

____ there is ____ or ____ will be compensated.

____ or a battery ____ households will ____ compensated.

batteries/genets ____ be ____ households.

Power ____ be alleviated ____ ____ options.

Local failures ____ be ____ and ____ .

____ will be helped ____ there ____ and ____ .

____ we rely ____ batteries ____ when there are ____ breakdowns?

If there ____ breakdown ____ backup supplies like ____ and batteries, ____ be ____ .

batteries ____ generators ____ be compensated ____ after a ____ .

____ a local breakdown ____ rely on backup supplies ____ be ____ .

The people ____ backup supplies like batteries, generators ____ will ____ compensated ____ event of ____ .

Are you ____ about batteries or generators to ____ during ____ ?

Some ____ will ____ if they ____ backups ____ batteries ____ generators.

Local failures ____ benefit ____ generators.

____ local breakdown ____ that ____ on backups ____ will be helped.

In emergencies, batt./Generator ____ ?

Households will benefit ____ the use ____ batteries or ____ .

Households ____ backup supplies like ____ and batteries will ____ local ____ .

Households might be ____ by ____ .

____ that rely ____ like batteries will be compensated ____ .

____ event ____ local breakdown, households ____ use ____ like batteries, ____ and batteries will ____ .

____ there is ____ in ____ households will be compensated.

____ local ____ happens, ____ that ____ backup supplies will ____ helped.

____ generators and batteries ____ to help ____ disruptions?

Can households get backup ____ to make ____ power failures?

____ solved via backup help ____ .

____ are compensated with back- ____ .

____ breakdowns, households that have ____ supplies ____ batteries, generators ____ batteries will ____ .

In ____ batt./generator ____ support?

Local breakdown ____ like batteries, generators and batteries ____ households ____ .

____ with ____ generators will ____ helped if there is a ____ .

____ prepare by having ____ batteries ____ .

____ that ____ supplies like batteries, generators, and ____ compensated ____ breakdowns.

____ on generators or batteries ____ local breakdown?

Households ____ on batteries, generators and ____ be ____ the event ____ .

When ____ goes ____ the ____ help.

____ there is a ____ or ____ the ____ there will ____ .

____ supplies may offer ____ .

____ like batteries, ____ and batteries ____ be ____ of local breakdown

When a local breakdown _____ people _____ supplies will _____.

Local power _____ covered by _____.

Households _____ compensated during local _____ supplies _____ batteries or _____.

_____ local _____ do backup batteries, _____?

_____ compensated during breakdowns with _____ batteries _____ generators.

During _____ generators _____ will compensate _____.

During breakdown, households _____ backup _____ batteries, _____ batteries will _____.

_____ that depend on batteries, generators _____ batteries _____ during _____.

When a local _____ will be important.

_____ make _____ power breaks.

backup supplies such _____ or _____ will _____ after _____ local _____.

Power _____ be alleviated _____ help _____.

Households _____ depend _____ backup _____ like _____ or _____.

_____ a _____ households _____ use backup _____ like _____ generators _____ will be helped.

If _____ batteries are used, _____ be compensated.

_____ households _____ use backup supplies _____ batteries, generators, _____ will be helped.

Houses _____ reserves _____ batteries _____ gens.

In the event _____ a _____ homes _____ rely _____ be compensated.

_____ like batteries or _____ households.

The _____ and _____ provide _____.

_____ reserves like batteries _____ houses _____.

If _____ supply _____ or generators, they will get _____ money.

_____ and _____ with _____ issues?

Households _____ be paid by _____ such as _____.

Some _____ have _____ battery _____.

Households _____ backup supplies like _____ will be _____ during _____.

Is _____ or generators _____ households during _____ disruptions?

batteries will be _____ a _____

_____ failures are covered by _____?

_____ will _____ by the use _____ backup supplies.

_____ breakdown, _____ will _____ compensated with generators _____ batteries.

s**t _____ are you _____ supplies like _____ or generators to cover _____?

_____ batt./generator supplies _____?

_____ disruptions _____ helped by _____ help.

_____ there _____ or batteries _____ the household, it _____ compensated.

If there is _____ generator _____ will _____ compensation.

_____ breakdown _____ households that _____ supplies like batteries, generators _____ be compensated.

Households _____ benefit _____ backup _____.

Households _____ during breakdowns with _____ like _____ or _____.

When _____ local _____ occurs, _____ that _____ backup _____ as batteries will _____ helped.

_____ you _____ backup _____ batteries or generators, _____ some money.

Backup _____ like batteries and _____ be _____ by _____.

_____ if there _____ a generator or batteries.

If _____ breakdown, homes that _____ on backup _____ batteries, _____ and _____ be helped.

There _____ and generators.

_____ households _____ by _____ and battery _____?

_____ a local breakdown, _____ that _____ on backups _____ batteries, generators and batteries _____ compensated.

Can _____ supplies, such as _____ or _____ to _____ local _____?

During breaks, households that _____ batteries, _____ and _____ will be _____.

Households will _____ by _____ or _____.

_____ or _____ available _____ assist households _____ times of _____?

When a _____ happens _____ rely _____ backup supplies _____ helped.

_____ are _____ place _____ households _____ power goes out.

During _____ breakdowns, _____ like batteries or _____ helpful.

Households will _____ for _____ breakdowns _____ supplies.

Power breaks compensated _____ backup _____.

_____ local _____ happens, _____ supplies will be _____.

_____ or batteries _____ to assist households _____ disruptions?

Some households _____ be _____ batteries.

Households that _____ on backup _____ like _____ generators _____ compensated _____ breakdown occurs.

_____ you _____ about batteries _____ to _____ during those _____ power cuts?

_____ rely _____ backup _____ will be helped if _____ breakdown.

_____ aided by _____ batteries/generators.

_____ breakdown happens, _____ on backup supplies like batteries _____ helped.

_____ depend on _____ supplies like batteries _____ if there _____ a breakdown.

When power _____ there are backup _____.

_____ breaks _____ backups _____ batteries _____ generators.

_____ supplies can _____ emergencies.

After _____ breakdown, _____ will be compensated _____ generators _____.

During _____ failures _____ I _____ generators _____ to _____ my home?

Generators, batteries, _____ can _____ outages.

_____ outages _____ covered _____ and batteries.

_____ that _____ on backup supplies like _____ be _____ during breakdown.

_____ batteries _____ generators available _____ help _____ during _____?

_____ occur, _____ that rely on _____ like _____ and batteries will benefit.

_____ supplies such as batteries _____ generators _____ to compensate _____.

_____ and _____ help _____ failures?

After _____ breakdown, _____ compensated with backup supplies _____ batteries _____ generators.

_____ a _____ breakdown happens, _____ that use _____ supplies like batteries _____.

During breakdowns, households _____ on batteries, generators and _____.

_____ a _____ households _____ rely on backups _____ be helped.

_____ there is _____ in a _____ they will be _____.

During local breakdowns, backup _____ batteries _____ will compensate _____.

Households _____ from _____ like generators _____.

If there's a _____ of _____ or _____ households will _____.

Households _____ like _____ generators, and batteries _____ be better off _____.

_____ power goes _____ help.

Households can be _____.

_____ a local _____ occurs, householders that _____ will be _____.

_____ households when the _____ goes _____.

_____ that _____ on _____ like batteries, _____ and batteries _____ be _____ breakdowns.

People will _____ compensated _____ or _____.

_____ breaks are _____ by backups _____.

_____ without power can _____ solved _____.

Power disruptions can _____ options.

_____ there is a breakdown, households that depend on _____ helped.

Households that rely _____ like _____ batteries _____ be compensated in _____ breakdown.

The _____ saviors for the _____.

_____ local outages.

batt./ generator _____ support _____ emergencies.

_____ off _____ home, backup _____ help.
_____ backup batteries/generators.
_____ will be _____ supplies _____ as _____ and generators.
_____ households if _____ power is _____.
_____ help households.
_____ we _____ on _____ batteries to compensate _____ local breakdowns?
_____ be _____ if there _____ a _____.
In the event _____ breakdown, households _____ like _____ batteries will be compensated.
Generators _____ batteries _____ issues?
_____ solved with _____ and generators.
_____ power _____ are _____ backup generators.
Power breaks _____ by _____ in _____ of _____ and generators.
_____ breakdown occurs, households that _____ on _____ be helped.
_____ will _____ for local breakdowns _____ up supplies.
_____ rely _____ backup supplies _____ and batteries will _____ helped _____ there is a _____.
Batteries _____ generators _____ help with local failures.
Alternative _____ such as _____ generators could _____ during local _____.
_____ there _____ generators, households will be helped.
Batteries and _____ backup _____.
_____ the event _____ local breakdown, households that _____ backup _____ generators and _____ will _____.
If _____ generators or batteries they _____ some _____.
_____ local _____ households will be helped _____ their _____.
_____ are _____ by generators _____ batteries.
_____ such _____ batteries _____ will be compensated _____ by _____.
_____ generator _____ a batteries there _____ be compensation.
Local breakdown _____ help _____ rely _____.
_____ get _____ supplies like _____ or _____ to make _____ for _____ failures?
_____ a _____ or batteries _____ the _____ will be _____.
Households with _____ supplies like _____ and batteries will _____ during _____.
Households that _____ batteries, _____ and _____ will _____ helped if there is a _____.
_____ we _____ or batteries to _____ for local breakdowns?
_____ generator or _____ in the _____ will get compensated.
_____ will _____ paid by supplies _____ batteries _____.
_____ a _____ households _____ rely on backup _____ batteries, generators and _____ be compensated.
_____ aid local issues?
Households _____ use backups _____ during local _____.
If _____ is a breakdown, _____ that _____ like _____ generators _____ batteries will _____.
_____ be compensated _____ batteries during breaks.
_____ with backup _____ batteries and _____ will be _____ breakdown.
Supplies _____ or _____ compensate households when there _____ breakdown.
_____ about generators _____ batteries _____ when _____ power goes _____?
If you have backups like _____ get _____.
_____ will be _____ generator or _____.
If a local _____ happens, _____ depend _____ backup supplies like batteries, generators _____.
When a _____ occurs, the _____ backups will be _____.
During local breakdowns, _____ rely _____ backups _____ batteries, _____ be better off.
Batteries _____.
_____ that rely on backup supplies will _____.
_____ small faults, _____ are a _____.
_____ help _____.

Help in local _____ provided by _____.

If a local breakdown _____ households _____ compensated _____ batteries.

If _____ have _____ batteries _____ they _____ get money.

_____ help _____ local _____.

_____ batteries, generators, _____ other _____ to assist households _____ disruptions?

_____ there are _____ like _____ or generators, households _____ money.

_____ be _____ generators and batteries.

Batteries _____ generators _____ used to _____ houses during _____.

_____ supplies _____ offer support in _____.

Power _____ are _____ by backup _____.

_____ rely on backup supplies _____ generators _____ will be _____ in _____ event of a _____.

There will be _____ a generator or batteries.

When _____ power goes _____ help.

During local breakdowns, households _____ such as _____ generators, and _____ will _____ better _____.

Local _____ be _____ by _____ generators.

_____ generators _____ solve _____?

_____ supplies _____ generators _____ will be compensated during _____.

Households will benefit _____ backup _____ like _____ or _____ during _____.

_____ households

When a local breakdown _____ people will be helped _____.

_____ supplies _____ offer _____ in _____.

_____ will _____ if they have backups _____.

Households will _____ compensated with _____ such as _____.

People _____ like _____ generators _____ batteries will be _____ during breakdown.

_____ are supported by _____.

Listen _____ we _____ batteries _____ to save _____ local blackouts.

_____ are _____ backup batteries/generators.

When _____ fails _____ home, there are _____ items _____.

_____ about batteries and _____ failures?

Households are _____ by _____.

Households will get a _____ from backup _____.

Households _____ on generators, _____ and _____ supplies _____ better off during local _____.

If there _____ or batteries household _____ compensated.

Households _____ from _____ of _____ and _____.

_____ batteries or generators, to address local _____?

The households _____ rely _____ backup _____ like _____ generators and _____ compensated during _____.

Batteries _____ are _____ that safe _____.

_____ get _____ if they _____ backup power _____.

Households _____ compensated _____ backups like _____ batteries.

Households _____ generators and batteries, will be _____ there _____ a breakdown.

_____ like _____ or generators will _____ there _____ a breakdown.

When _____ breakdown occurs, _____ rely on _____ will _____ helped.

Battery _____ generator _____ failures?

_____ or generators _____ to _____ households in case of _____?

If households have _____ like _____ or _____ get _____.

When power _____ out _____ home _____.

Batteries _____ generators offer _____ in _____?

Households with generators are _____.

_____ there _____ a breakdown, _____ that _____ on _____ supplies _____ batteries, generators _____ will be _____.

Local _____ covered _____ generators and _____?

If _____ is _____ generator _____ batteries _____ be paid.
 If a _____ backup _____ or generators, _____ will _____ some money.
 Listen up, we need _____ us during those _____ power _____.
 _____ get money _____ they have backups _____ as batteries _____.
 The _____ at home _____ there are backup _____.
 Power breaks can _____.
 _____ have backups like batteries _____ they can get _____.
 _____ people have _____ like _____ generators _____ get some money.
 People _____ get _____ if _____ have _____ like batteries _____.
 _____ a local _____ happens, _____ will _____ by backup _____ batteries.
 _____ cuts, _____ generators saving the _____?
 _____ be _____ backups like _____ or batteries.
 Supporting local failures _____?
 Households will _____ compensated _____ breakdowns _____ backup _____.
 _____ local issues, _____ and backup _____?
 It is _____ for _____ to be compensated _____ there _____ batteries.
 If a _____ breakdown _____ households that _____ will _____ compensated.
 Households _____ be _____ during local _____ supplies.
 Power _____ are alleviated _____ options.
 Are generators _____ batteries available _____ homeowners _____?
 Households that _____ and _____ be better off during _____ breakdown.
 There _____ safe households like _____.
 Power _____ are _____ backup _____ options.
 _____ a household _____ or _____ they _____ get some money.
 batt./generator _____ support during _____.
 _____ by spare supplies, batteries, generators.
 The _____ can _____ the _____ goes out.
 Households _____ from back _____.
 _____ compensated with _____ and generators.
 Batteries _____ will compensate _____ local _____.
 Households will be helped _____ breakdowns _____.
 backup _____ power breaks.
 _____ households _____ or batteries, _____ can get _____.
 Households _____ be helped if there is _____.
 In _____ local _____ that rely on backup _____ like batteries, _____ batteries, will be _____.
 _____ that _____ backup _____ batteries, generators _____ batteries _____ be _____ the event of a breakdown.
 _____ compensated _____ generators and batteries.
 If _____ backup supplies like _____ or _____ will receive some _____.
 Generators _____ backups _____ power breaks.
 If a _____ breakdown _____ on backup supplies _____ be _____.
 _____ generator or _____ present, _____ household will be _____.
 _____ is _____ generator or batteries in the house _____.
 Will _____ be supported _____ batteries?
 When _____ is _____ help.
 _____ backup _____ like batteries will be _____ if _____ is a _____.
 _____ supported by battery _____ backups
 If _____ is a breakdown _____ like _____ batteries, _____ households will be _____.
 _____ households that _____ on backup _____ can be helped.
 If _____ happens, _____ that rely on _____ will _____ helped.
 _____ battery and generator _____?

_____ a _____ breakdown occurs, households that _____ on _____ be _____.
 If homes _____ backup _____ like _____ will get money.
 _____ will _____ during breakdowns with _____.
 Some _____ to households _____ have _____ like batteries or generators.
 _____ breakdowns, _____ that _____ batteries, generators and batteries are better off.
 If _____ have backups like _____ generators, _____ will _____.
 There _____ supplies such _____.
 If a person _____ backup _____ like _____ they will _____ some _____.
 _____ a local breakdown, households will be _____ by _____ generators.
 _____ it possible _____ generators _____ batteries to make up _____ power _____?
 When a _____ breakdown happens, households that _____ helped.
 _____ will _____ compensated during local _____ generators _____ batteries.
 _____ the power fails _____ the _____.
 _____ local _____ households that rely on _____ supplies will _____.
 _____ supplies _____ offer support _____.
 Households _____ backup supplies like _____.
 _____ about _____ to rescue us during those local _____ failures?
 The _____ supported _____ battery and _____.
 Households _____ backups like generators _____ batteries _____ be _____ in _____ of _____ breakdown.
 There are _____ place to _____ goes out.
 _____ care of power _____ with _____.
 Problems without power _____ be _____.
 A breakdown of _____ and batteries _____ help households.
 _____ like batteries _____ generators.
 If _____ takes _____ households _____ rely _____ backup supplies _____ generators and batteries will _____ compensated.
 _____ on _____ like batteries, generators _____ batteries, will _____ better _____ during local _____.
 Backup _____ batteries _____ generators _____ compensate households.
 Is it possible _____ provide alternative _____ as batteries or generators _____?
 If there is a _____ households that _____ on backup supplies _____ batteries, _____ will _____.
 _____ there are backups like _____ will be _____.
 _____ will be _____ households if they have _____ or _____.
 _____ supplies can _____ used _____.
 _____ will get _____ such as batteries and _____.
 _____ like batteries or generators _____ local _____.
 Houses _____ reserves _____ batteries and _____.
 _____ are _____ for power breaks.
 _____ spare _____ can help _____ outages.
 _____ will _____ money if they _____ backup supplies _____ batteries _____.
 Households _____ supplies _____ batteries _____.
 There _____ generators _____ issues.
 _____ the power _____ cut, _____ households.
 _____ generator supplies can _____.
 _____ are aided _____ batteries and _____.
 Households _____ supported _____ and _____ backups.
 _____ units/Generators are saviors.
 Batteries _____ help _____.
 _____ I _____ able _____ backup supplies _____ as _____ during power failures?
 _____ cuts _____ compensated by _____.
 Households that rely on _____ there are breakdowns.
 There _____ back-up resources _____ people _____ face _____ disruptions.

_____ will _____ compensated if there _____ generator _____ batteries
_____ households _____ batteries to make up _____ power _____?
_____ we _____ backup _____ like _____ to compensate for local _____?
If _____ backup _____ like batteries _____ generators, it _____ get some _____.
Power _____ are _____ backups and _____.
If _____ household has _____ supplies _____ as batteries _____ will _____ some _____.
_____ will _____ for households that _____ supplies like batteries, generators _____.
If _____ is _____ supply _____ or generators, you will _____.
Households _____ from backup supplies like _____.
_____ we _____ batteries _____ rescue us during those _____ power cuts.
_____ like batteries _____ generators _____ local breakdowns.
_____ on backups _____ batteries, generators, _____ batteries will _____ in the event _____ a _____.
Batt./generator _____ offer support _____ emergency.
