

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Vehicle recalls and safety concerns
Inquiry Sub-Category	Product defect concerns
Description	Customers express concerns about specific defects in their vehicles, seeking clarifications, guidance, or potential remedies for issues that affect the performance, functionality, or safety of their vehicles.
Data Size	8,518 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.)

____ similar ____ up ____ brake pedal becoming ____ identified ____ of ____ flaws previously?
____ there ____ other instance where the ____ were ____ to ____ design ____?
____ there prior instances where the ____ of brake ____ related?
____ there ____ case ____ faulty ____ leads to ____ unresponsive brake pedal?
Where a ____ led to ____ did similar cases ____?
Have ____ ever heard ____ pedals because of ____?
____ have any information ____ instances ____ flaws caused ____ of the ____ pedal?
____ a ____ is ____ due to a design ____ can ____ provide ____?
____ you recall ____ lack ____ response from the ____ pedal is ____ to ____ design fault?
Have we seen ____ flawed designs cause ____?
What other ____ where brakes were unresponsive ____ to previous ____?
____ there any ____ incidents ____ an unresponsive ____ pedal ____ the ____ of ____ flaw?
____ recent occurrences of unresponsive ____ pedals a ____ already identified?
Design flaws ____ identified may ____ caused ____ pedals ____ past.
____ there been ____ cases where ____ design flaws ____ issues?
Have ____ ever had a ____ of ____ brake ____ design ____?
Were ____ incidents ____ an ____ brake ____ related to ____ issues ____?
Did any ____ faulty ____ occur ____ to ____ flaws in ____ design?
____ been cases ____ brake pedals ____ of design flaws.
Were ____ cases where ____ design ____ unresponsive ____ pedal?
Is there ____ where ____ was found ____ be ____ by pre-existing design ____?
____ you ____ led to ____ of the brake pedal in ____ instances?
____ there ____ records ____ indicate ____ pedals ____ due ____ design flaws?
Is ____ recurring ____ brake pedals becoming ____ as ____ result ____ design ____?
What happened if ____ brake ____ was ____ be caused by ____?
____ situations in the past where ____ due ____ known ____ flaws.
____ been ____ problems with ____ designs resulting in ____ braking ____?
The recent occurrences ____ brake ____ result ____ design ____ already identified.

Had ____ been ____ correlation ____ brake pedal failure and ____ ____ ?

____ you ____ any ____ where unresponsive ____ were caused ____ issues?

Similar ____ between brake pedal ____ and faulty design.

Did ____ see ____ other instances ____ the ____ went ____ to a flawed ____ ?

____ heard that ____ the brake response have ____ caused by ____ design ____ ?

____ remember ____ when ineffective ____ was traced ____ to design ____ ?

____ the recent occurrences ____ unresponsive ____ pedals ____ design ____ ?

____ there similar ____ a ____ design led ____ an ____ brake ____ .

Have scenarios pointed ____ designs ____ brake responsiveness?

____ it ____ that ____ have ____ past occurrences ____ unresponsive brakes with ____ ?

I would ____ to ____ instances where an ____ brake ____ is ____ to ____ .

Have you ____ in ____ the ____ pedal became unresponsive due ____ previously ____ design ____ ?

Have there been ____ pedal ____ design flaws?

Is ____ known ____ brake response ____ come from ____ design ____ ?

Have ____ instances where a ____ pedal became unresponsive ____ to ____ ?

____ you seen situations where ____ pedals are unresponsive ____ flaws?

Did ____ ever ____ cases where ____ caused non-responsive ____ ?

____ other ____ brake ____ due to previous ____ flaws?

Is ____ a history of ____ caused ____ design ____ ?

Have there ____ cases where ____ was found ____ caused ____ design deficiencies?

Have ____ of unresponsive ____ pedals due ____ designs elsewhere?

Brake pedal ____ attributed ____ prior ____ flaws.

Is unresponsive ____ pedal ____ flaws?

____ we observed similar occurrences ____ cause ____ in the ____ ?

Do you ____ where ____ response ____ the ____ pedal was ____ factor in the ____ of ____ ?

____ brake pedals due to design flaws already ____ ?

____ there any ____ where a lack ____ from the ____ design faults?

____ there ____ other cases of ____ due to design ____ ?

Is ____ a pattern ____ faulty design ____ unresponsive ____ pedal?

Do similar ____ where a ____ leads ____ unresponsive ____ pedal?

____ failures ____ brake ____ attributed ____ previous design flaws?

Have there been ____ that linked unresponsiveness ____ and ____ ?

Have you found other unresponsive ____ flaws?

Have you ever seen any ____ brake ____ because ____ ?

Has the brake ____ unresponsive ____ design ____ ?

____ brake ____ issues from ____ designs.

Have we ____ occurrences in ____ when ____ designs cause ____ systems?

Did you ____ see ____ other instances ____ brake ____ because ____ flawed design?

Do you ____ instances ____ the ____ because of design ____ ?

Past ____ errors may ____ related ____ the ____ acting ____ .

Can ____ recall any ____ lack ____ from ____ brake pedal ____ to the design fault?

____ of unresponsive brake ____ to ____ with design issues?

____ been design ____ unoperational brake pedals recently?

____ brake ____ arisen because of ____ flaws?

Do ____ any instances ____ a ____ of ____ the brake ____ linked ____ the design fault?

Is there ____ in brake ____ previous design flaws?

Are ____ previous occurrences involving ____ flawed designs?

Have ____ scenarios pointed out flaws in ____ designs ____ ?

Design problems may ____ led ____ in previous ____ .

____ experience brake ____ becoming unresponsive due ____ previous ____ ?

Does any _____ show a connection between _____ and _____ defects?
 _____ to know _____ there was _____ ineffective braking due to _____ flaws.
 There _____ before where brake pedal _____ tied _____ design _____.
 Have _____ past cases where _____ issues have been _____ design ____?
 _____ been previous incidents _____ unresponsive brake pedals _____ to _____?
 Were _____ previous instances _____ recognized the _____ brake pedals _____ responsiveness _____ design _____?
 _____ you see _____ where the _____ went _____ because _____ some _____ design before?
 Do you _____ any instances where a lack of _____ from the _____ design _____ before?
 Have we _____ similar occurrences _____ flawed _____ to _____ braking ____?
 Brake _____ been blamed on prior _____.
 _____ previous _____ where _____ flaws _____ the unresponsiveness _____ the brake pedal?
 Is there _____ prior occasions _____ braking _____ to _____ problems?
 Is _____ relationship _____ faulty design _____ brake pedal _____?
 Have you _____ with unresponsive _____ pedals because of _____ flaws?
 _____ brake _____ becoming unresponsive because _____ design flaws?
 _____ it possible _____ there were design flaws that _____ pedals _____ past?
 There _____ where the brake _____ was _____ to _____ flaws.
 Is there any instance where _____ the brake _____ was connected _____ fault?
 Have _____ been _____ where flawed product _____ was the _____?
 Is it possible that _____ been unresponsive _____?
 _____ there _____ where the brake pedal has become unresponsive _____ design ____?
 Have _____ in which the brake pedal has _____ of previous _____?
 _____ mistakes _____ caused _____ failures _____.
 _____ there _____ other incidents where _____ were unresponsive _____ previous _____?
 _____ instances where a _____ response _____ the _____ pedal _____ to design defects before?
 Have _____ been any _____ brake _____ unresponsive as _____ result of previously _____ design ____?
 Are there _____ previous incidents where _____ was _____ by _____ flaw?
 _____ there been _____ of brake _____ attributed to prior _____?
 _____ malfunction _____ faulty design before?
 _____ you see any _____ occasions when _____ braking was _____ deficiencies?
 _____ where defects in _____ resulted in the malfunctioning braking ____?
 _____ the brake _____ fail because _____ previous _____?
 _____ there any _____ bad designs resulting _____ imperfect _____ performance?
 Are there _____ instances _____ design _____ led _____ unresponsiveness of the _____?
 Have scenarios _____ out _____ issue _____ flawed _____ affecting _____?
 Are there _____ that show brake _____ becoming unresponsive _____ flaws?
 _____ have _____ previous _____ flaws that caused _____.
 Do you _____ where _____ design resulted in _____ of _____ over the _____?
 _____ pedal related to prior ____?
 _____ a faulty design?
 _____ you ever seen instances _____ the _____ of design flaws?
 _____ had _____ case _____ the _____ became _____ as a _____ of design flaws?
 Have there been _____ where _____ issues were _____ to _____?
 _____ you ever _____ about brake pedals becoming unresponsive _____ result _____ identified ____?
 _____ previous _____ an _____ pedal related to design ____?
 Have you ever _____ any _____ of _____ brake _____ to _____ design?
 Is _____ prior _____ where _____ braking _____ back to _____ deficiencies?
 _____ you have _____ cases _____ design flaws _____ responsive brakes?
 Is _____ any _____ brake _____ because of a flawed design?
 _____ you ever _____ about failures _____ brake response _____ caused _____ flaws?

_____ previous _____ in _____ an unresponsive brake _____ was _____ by a _____ flaw.

_____ encountered situations _____ unresponsive braking was linked _____ ?

_____ seen _____ the _____ pedal _____ unresponsive _____ to design flaws?

_____ there _____ of _____ designs with unresponsive _____ ?

Has the _____ defects _____ brake _____ ?

_____ correlation between the failure _____ brake pedal _____ design before?

_____ design flaws _____ the brake pedal to _____ ?

Is _____ brake _____ due _____ design flaws?

Have _____ encountered _____ that attributed unresponsive _____ weaknesses _____ ?

_____ there _____ incident _____ pedal is unresponsive _____ to _____ design flaw?

_____ you ever found _____ of unresponsive _____ because _____ flaws?

_____ was wondering _____ there was a record _____ ineffective _____ flaws.

Did _____ incidents _____ a _____ between unresponsiveness of brake _____ design _____ ?

_____ there _____ history of _____ issues being attributed _____ design _____ ?

_____ you tell _____ to _____ the brake pedal in the past?

Have _____ about Brake _____ becoming _____ due to _____ identified _____ defects?

Did similar cases happen _____ caused an unresponsive _____ ?

_____ previous concerns _____ bad _____ in poor braking performance?

Have you seen _____ previous _____ issues _____ ?

_____ there _____ defects that _____ unoperational _____ pedals lately?

_____ it known that brake _____ something to _____ with _____ design _____ ?

Did _____ see any _____ incidents _____ were _____ to design _____ ?

_____ you ever heard _____ unresponsive brake _____ because _____ bad _____ ?

Are _____ where _____ unresponsive brake pedal _____ caused _____ a _____ flaw?

Have you _____ pedal _____ design flaws?

_____ flaws have _____ for _____ pedal issues.

_____ prior design flaws _____ the _____ ?

_____ past _____ said _____ flawed _____ affect _____ responsiveness?

_____ lack of _____ with _____ brake system have _____ do _____ flawed _____ before?

Have there _____ pedal was _____ due _____ design flaws?

Have you _____ brake _____ issues related _____ design _____ ?

_____ you ever _____ about unresponsive brake _____ other designs?

There have _____ previous _____ were _____ to design faults.

Is _____ any previous _____ of flawed _____ brakes?

_____ may have _____ due to prior _____ flaws.

Have _____ been _____ where the brake pedal _____ to design _____ ?

_____ there are _____ faulty _____ leads to an _____ brake pedal.

Have there been other instances _____ pedal _____ flaws?

_____ was wondering _____ there was a _____ showing _____ design flaws.

_____ any previous _____ where the _____ pedal was caused _____ a _____ .

Are _____ previous _____ showing that brake pedals become _____ design _____ ?

Do _____ any _____ in the _____ a lack of _____ pedal led to _____ design fault?

Have _____ incidents _____ that _____ brake _____ is _____ to design _____ ?

_____ similar _____ when _____ are _____ the design of the brakes?

_____ pedal fail due _____ design _____ before?

_____ there _____ occurrence when _____ cause the _____ in braking _____ ?

Have _____ occurrences when the brakes malfunction _____ flawed _____ ?

_____ there previous _____ pedal designs?

Is unresponsive _____ pedals _____ design _____ identified?

Do you _____ where _____ of response from _____ pedal _____ linked _____ a _____ fault?

Have you ever _____ the _____ pedals _____ to previously identified design _____?

Can you tell me about _____ times when _____ to _____?

Have _____ any _____ cases of _____ pedals because _____ flaws?

Are _____ recent occurrences of unresponsive _____ pedals _____ already identified?

_____ ever find unresponsive _____ pedals due _____ design _____?

_____ a brake _____ unresponsive _____ of _____ design flaw, can _____ of _____ incidents?

_____ prior instances _____ the cause _____ pedals losing _____ related issues?

_____ there _____ similar _____ an unresponsive brake pedal _____ to _____ the result _____ pre-existing design _____?

_____ previous incidents _____ an unresponsive brake _____ to _____?

Are there _____ previous instances of _____ with _____?

Is _____ to flaws before?

_____ we encountered situations _____ unresponsive _____ is _____ to _____?

_____ there _____ case _____ faulty _____ resulted _____ an unresponsive _____ pedal?

Have _____ ever heard _____ reports of _____ due _____ other _____?

Is _____ a previous _____ unresponsive pedals were linked _____?

_____ we _____ similar _____ flawed designs cause _____ brakes?

_____ ever heard _____ unresponsive _____ pedals caused by _____ designs _____?

Did you _____ where the _____ brake pedal went _____ of a _____?

_____ we seen _____ occurrences _____ in the braking systems?

_____ there been any cases _____ unresponsive because of _____ identified _____?

Have you seen situations with unresponsive _____ because _____ the _____?

Will there _____ recorded cases _____ flaws _____ non-responsive brakes?

Have _____ failures in _____ been caused by _____ elsewhere?

_____ there _____ when an _____ brake _____ is _____ a design flaw?

_____ you ever _____ unresponsive brake pedals due _____ design _____?

Is _____ unresponsive _____ to flaws _____?

Have we ever _____ weaknesses?

_____ brake pedals _____ to previous _____?

_____ you found _____ of unresponsive _____ because _____ design flaws?

Have _____ told about a recurring _____ brake pedals becoming _____ result _____ previously identified _____?

_____ design _____ the brake pedal _____ act up.

_____ there a record showing _____ stemming _____ design _____?

Are there _____ instances _____ the brake pedal _____ because _____?

Is _____ past _____ that _____ unresponsive _____ with _____ designs?

Have there been concerns _____ resulting in imperfect _____?

_____ flaws _____ led to the brake pedal _____.

_____ the brake _____ to a _____ design flaw?

Have we _____ occurrences _____ result in _____ braking systems?

_____ there previous _____ link brake _____ irresponsiveness _____?

Is _____ previous _____ brake pedal related _____ design _____?

Do _____ unresponsive brake pedals _____ a result of _____?

Is _____ a _____ between _____ brake pedals and _____ problems _____?

_____ is traced back _____ design deficiencies, _____ you identify any _____?

Bad _____ are _____ cause of _____ other _____ brake _____?

There have _____ in _____ unresponsive _____ were _____ design problems.

Similar situations may _____ shown _____ between brake pedal _____ design _____.

_____ there cases where _____ faulty _____ led to _____ brake _____?

Is _____ that the failures _____ caused _____ previous design flaws?

Have _____ shown that unresponsiveness _____ brake pedals _____ related?

_____ there a _____ brake pedals due _____ design flaws?

_____ been problems with _____ brake _____ from _____ designs?

Did _____ cause _____ in other _____?

_____ brake _____ failing because of previous _____?

_____ you _____ any cases _____ the brake _____ because of previously identified _____?

Have _____ failed because of _____ design _____?

Has there _____ been a _____ between _____ pedals _____ design _____?

Have _____ told that brake _____ become _____ as a _____ identified design _____?

_____ you ever _____ of instances where _____ brake _____ became _____ a _____ flaws?

Is _____ possible _____ identify previous _____ when ineffective _____ back _____ deficiencies?

_____ ever been failures in _____ were _____ by _____ design flaws?

_____ you seen other incidents _____ the brakes were _____ issues?

Is _____ pedal unresponsive due _____ previously identified _____?

I _____ if _____ were _____ records showing _____ to prior design flaws.

_____ have been previous occurrences _____ with _____ designs.

In the past, design _____.

_____ been _____ the _____ pedal went dead _____ of poorly _____ systems?

Can _____ remember any _____ lack of _____ from _____ pedal _____ to design problems?

_____ you _____ heard of _____ of unresponsive _____ pedals _____ to _____ elsewhere?

Can _____ recall any _____ in the _____ where a _____ of response _____ was linked _____ a _____?

Have _____ been incidents where _____ pedal _____ to _____ flaws?

_____ the brake _____ became unresponsive because of design flaws?

_____ on _____ instances where design _____ have led to the unresponsiveness _____ brake _____?

Do _____ incidents indicate _____ connection between unresponsiveness _____ pedals and _____?

Has a _____ brake _____ ever _____ to flawed designs?

_____ previous flaws been _____ unresponsive _____?

_____ any _____ occasions when ineffective _____ was traced back _____?

_____ lack of responsiveness with _____ brake _____ been _____ to _____ designs _____ the _____?

_____ any _____ instances of unresponsive _____ with _____ designs?

Have _____ similar situations _____ unresponsive _____ pedals _____ by _____ flaws?

Do _____ when _____ design _____ an unresponsive brake pedal?

_____ other drivers had _____ due to _____ flaws?

There could _____ where _____ flaws _____ non-responsive brakes.

Do _____ know _____ any prior _____ ineffective _____ was traced _____ design deficiencies?

_____ the recent _____ unresponsive brake _____ result of _____ flaws already _____?

There have been _____ of _____ brake _____ to _____ flaws.

Were _____ incidents of _____ unresponsive brake _____ to _____?

Is _____ possible that _____ unresponsive _____ pedal _____ by pre-existing _____?

_____ ever found any _____ cases of unresponsive brake pedals _____ flaws _____?

_____ of an unresponsive _____ pedal _____ be _____ to design _____.

_____ you have _____ indicating _____ recurring _____ of _____ pedals becoming _____ as a _____ of _____ design _____?

_____ of responsiveness _____ the brake _____ link _____ flawed _____ before?

_____ you have any _____ on previous _____ design _____ led to _____?

Are there any other incidents _____ were _____ design _____?

Are there _____ instances _____ unresponsiveness of the brake _____?

Have _____ ever heard about _____ recurring _____ of _____ unresponsive as a _____ previously _____ design _____?

_____ you know of any cases _____ pedal has _____ as a _____ design flaws?

_____ there any record showing _____ prior design _____?

Have _____ been _____ that _____ the brake pedal _____?

Have the _____ response _____ blamed _____ design flaws?

_____ similar _____ show a correlation _____ pedal _____ faulty design _____?

____ any previous incidents ____ a ____ brake pedals ____ defects?
 Have ____ unresponsive braking ____ for design weaknesses before?
 Have ____ been ____ where ____ design caused ____ brakes?
 Have you ever ____ unresponsive ____ because of ____?
 ____ there previous incidents ____ a brake pedal ____ design flaw?
 Do ____ recall any previous ____ was ____ back to ____ deficiencies?
 Is ____ any recorded ____ previous design ____ caused ____ responsive ____?
 Have there ____ instances ____ the brake ____ becomes unresponsive ____ flaws ____?
 ____ there ____ past cases ____ brake ____ issues ____ prior ____ flaws?
 Design ____ have led ____ the ____ the ____ before.
 ____ the brake pedal ____ previous ____?
 ____ occurrences of ____ brake pedals been ____ result ____ design ____ identified?
 Have ____ where ____ brake pedal ____ become unresponsive as a result ____?
 ____ we seen ____ when flawed designs ____ in the ____?
 ____ the issue ____ unresponsive brakes ____ faulty designs?
 ____ there a similar situation ____ the ____ was ____ to ____ due to ____ design ____?
 Is there previous ____ brakes were ____ of design ____?
 Have ____ reports about brake pedals ____ previously ____ design defects?
 Have we ____ occurrences ____ flawed designs ____ malfunction ____ braking ____?
 ____ of unresponsive ____ pedals been linked to ____ identified?
 Have ____ ever had brake pedal ____ flaws?
 ____ recent ____ of ____ brake pedals been ____ the ____ flaws already ____?
 Can you tell me about other instances ____ flaws ____ the ____ pedal?
 Did anyone ____ brake pedals malfunctioning as ____ result ____ earlier ____?
 ____ there a recurring ____ of ____ being ____ of design defects?
 ____ unresponsive ____ linked ____ prior flaws?
 Have ____ cases where brake ____ blamed on prior design ____?
 ____ have ____ instances ____ unresponsive brake ____ linked ____ design issues.
 ____ situations ____ the ____ braking is ____ blame for ____ weaknesses?
 ____ wonder ____ there ____ in the past that linked ____ to ____ designs.
 Are there any cases ____ which ____ flaws ____?
 Is there a record ____ failures ____ response being ____ by ____?
 Is it ____ that ____ unresponsive ____ pedals ____ result ____ problems ____ identified?
 Past design ____ may ____ caused ____ brakes to ____.
 Were ____ situations in ____ that linked ____ flawed designs?
 Are there previous records ____ pedals becoming unresponsive ____?
 Is ____ resemblance ____ cases ____ faulty design leads to ____ brake ____?
 Do you recall any ____ which a ____ response from ____ linked to ____ flaws?
 ____ a previous ____ where unresponsive ____ were ____ faulty designs?
 ____ any prior ____ ineffective braking was linked ____ design ____?
 Have ____ lead to unoperational ____?
 ____ been any cases where the ____ due ____ previously identified ____?
 Have any previous ____ shown ____ connection between ____ and ____ defects?
 Is there ____ history of unresponsive ____ pedals ____ linked ____?
 Is there any previous ____ back to ____ flaws?
 ____ there ____ design defects ____ unoperational ____ pedals recently?
 ____ brake pedal unresponsiveness linked ____ flaws?
 ____ past ____ that show ____ affecting brake responsiveness?
 There ____ instances ____ unresponsive ____ pedals were ____ faulty design.
 The past ____ mistakes causing _____.

Have _____ problems _____ brake pedals from _____?

Have _____ found _____ pedal issues _____ to known _____?

_____ there _____ of brake _____ responsiveness being _____ to _____ issues?

_____ prior occasions when _____ braking was traced _____ to design _____?

Have _____ seen a _____ of _____ brake pedals _____ to _____?

_____ you tell _____ instances _____ flaws led to _____ unresponsiveness of _____ pedal?

Have _____ situations _____ unresponsive braking _____ the cause _____ weaknesses?

There have been cases _____ brake _____ due _____ flaws.

_____ that show brake pedals becoming unresponsive _____ design flaws?

_____ you _____ when _____ braking _____ back to design _____?

Have _____ similar situations where _____ brake pedals _____ because of _____?

_____ previous instances _____ which design _____ have led _____ of the brake _____?

Is _____ a _____ brake pedal _____ prior design flaws?

_____ any _____ incidents show _____ between unresponsiveness _____ brake pedals and _____?

How _____ have you _____ brakes _____ previous design issues?

_____ there other instances _____ due _____ previous design flaws?

Do _____ any _____ previous _____ an _____ brake pedal was caused by a design _____?

_____ the issue _____ unresponsive _____ designs in other cases?

There _____ been _____ pedal issues _____.

Have you come _____ with unresponsive brake pedals _____ flaws?

_____ we find any _____ brakes with flawed _____?

_____ prior design flaws _____ the brake _____?

Have there been _____ where flawed _____ affecting _____ pointed _____?

When an _____ is caused _____ a _____ can you _____ about previous _____?

There _____ been previous _____ unresponsive _____ were _____ by _____ problems.

_____ the _____ unresponsive brakes _____ from faulty _____?

Have _____ seen _____ occurrences _____ braking systems malfunction _____ flawed _____?

_____ you _____ prior instances _____ ineffective _____ was _____ back _____ design deficiencies?

Is there a record _____ due _____ flaws?

_____ you recall _____ instances where a _____ response from _____ was linked _____ design fault?

Have _____ been past _____ where _____ flaws _____ brake pedal _____?

_____ there _____ previous _____ that _____ unresponsive brake pedals?

Is there any _____ ineffective brakes were _____ back _____?

Do _____ recall _____ brake pedal became _____ due _____ design _____?

_____ past scenarios _____ that _____ designs affect _____?

_____ have been instances where _____ brake _____ to _____ problems.

_____ seen scenarios where _____ affect brake _____?

Is _____ previous _____ regarding bad designs _____ in _____ performance?

Have _____ brake _____ been due _____ design flaws?

Is _____ brake pedal _____ past _____?

Have there _____ cases where design _____ caused _____?

_____ there _____ showing ineffective _____ prior design flaws?

_____ it _____ that the recent _____ pedals are _____ result _____ design flaws already _____?

Have _____ cases in _____ brake pedal has _____ of design flaws?

Design _____ caused _____ to _____ before?

_____ you had _____ where _____ unresponsiveness was _____ to _____ flaws?

_____ possible _____ unresponsive _____ pedals _____ a result of _____ flaws _____ identified?

_____ ever _____ where a design flaw _____ the _____ become unresponsive?

Design mistakes _____ be to blame for _____ of the _____.

_____ there _____ when ineffective braking was traced _____ deficiencies?

Is there a history ____ brake ____ problems ____?

Have ____ instances of unresponsive ____ caused ____ issues?

Have you ____ pedal ____ design flaws?

____ seen ____ case where ____ becomes ____ due to previously ____ design flaws?

Is there ____ incidents where ____ caused by a ____?

____ wondering ____ were any ____ showing ineffective braking ____ previous design ____.

____ situations have ____ linked ____ pedals ____ faulty ____ in the ____.

Is there ____ recurring ____ brake ____ as a result of ____ design ____?

____ brake pedal ____ linked ____ past ____?

____ have been ____ cases of ____ due to ____.

Is there a ____ an ____ is ____ to ____ caused ____ pre-existing-design deficiencies?

____ the Brakes ____ up ____ before?

Have you ____ seen cases ____ known design flaws?

____ have resulted in unresponsive brakes in ____.

____ brake ____ become unresponsive ____ a ____ previously identified design ____.

____ brake pedal a ____ previous ____?

____ we ____ situations where ____ is ____ design weaknesses?

Have Brake ____ become unresponsive ____ to ____?

Similar ____ in the ____ were ____ faulty designs.

____ wonder if there ____ a ____ between ____ failure and faulty ____.

Has ____ brake ____ failed ____ to previous ____?

____ of unresponsive brakes ____ faulty designs elsewhere?

Have ____ where ____ brakes ____ unresponsive because of ____ design issues?

Is ____ cases where the ____ due to previous design ____?

Have there ____ incidents ____ unresponsiveness ____ to design ____?

Have brake ____ to design ____?

____ you ever had ____ where an unresponsive ____ due ____ design ____?

Have ____ been ____ about bad designs resulting ____?

Have there ____ where the ____ due to vehicle ____ fault?

Did ____ incidents ____ an unresponsive ____ have ____ design issues?

____ there ____ instances ____ the brake pedal ____ unresponsive as a ____ design ____?

____ may ____ where previous ____ flaws ____ non-responsive brakes.

____ you come across situations ____ because ____ design flaws?

Did there ____ instances of brake ____ of ____ design ____?

____ when ineffective braking was traced back ____ design deficiencies?

____ incidents ____ an unresponsive brake ____ have been ____ design ____.

Have ____ been ____ brake pedal ____ is ____ design flaws?

____ anyone else think brake ____ not responsive ____ earlier on?

Is there ____ past occurrences ____ associated ____ brakes?

Can ____ previous ____ of unresponsive ____ flawed designs?

____ we seen ____ where ____ are ____ for design ____?

Have ____ occurrences of ____ brake ____ been ____ to ____?

____ you ever ____ pedal ____ to ____ design flaws?

There ____ any recorded ____ design ____ non-responsive brakes?

Have there been ____ concerns ____ designs ____ braking performance?

Had there ____ correlation between ____ design ____ brake ____ failure ____?

Have ____ received reports ____ pedals ____ unresponsive due to ____?

____ recall ____ instances ____ lack ____ response from the brake ____ linked ____ a design fault ____?

Have ____ previous ____ about bad ____ in ____ braking?

____ you ____ any other instances where the ____ because ____ flawed ____?

_____brakes pedal linked to _____?

Are the _____ of the design flaws already identified?

Have _____ incidents where _____ pedal _____ was tied to _____?

_____ you have examples of _____ unresponsive brake pedal is _____ to _____?

_____ records _____ becoming unresponsive are due to design flaws.

_____ any previous incidents where _____ pedal _____ of a design _____?

_____ you _____ about _____ brake response _____ previous design flaws elsewhere?

_____ this _____ related to previous _____?

_____ there _____ defects _____ led _____ unoperational brake pedals?

Is _____ unresponsive _____ pedal being _____ to design faults?

Is _____ any _____ when ineffective braking was traced _____?

Have _____ incidents shown _____ between _____ brake pedals and _____ in _____ design?

_____ you _____ of any _____ the brake _____ has _____ of _____ identified design flaws?

Past design _____ be _____ blame _____ the brake _____ acting _____.

Is _____ any other _____ unresponsive brake _____ due _____ flaws?

Have there _____ cases _____ the brake pedal became unresponsive _____?

_____ had brake pedal issues _____ to _____ flaws?

Is _____ recent _____ unresponsive _____ a _____ of _____ flaws already identified?

Have you _____ similar situations _____ brake pedals _____ past _____?

Has there _____ design defects _____ to unoperational _____?

_____ you _____ cases _____ issues _____ to known design flaws?

Have _____ where the _____ are _____ due _____ design issues?

Were _____ brake pedal failure _____ faulty design _____?

_____ mistakes can _____ brakes _____ in _____.

Have _____ been _____ brake pedal?

Has _____ recorded that failures in brake response _____ of _____ flaws?

Are _____ records that _____ brake pedals _____ due to known _____?

_____ there _____ previous instance _____ a lack of _____ pedal _____ linked _____ design faults?

_____ that brake pedals become unresponsive as _____ result of _____?

Have brakes _____ messed up _____?

_____ any instances _____ from pre-existing flaws in _____ design?

Have there ever been _____ in _____ response _____ of previous design _____?

When a _____ design _____ in _____ braking system, _____ observed _____ occurrences?

Have _____ ever heard _____ pedal _____ related _____ flaws?

Have you seen _____ with _____ of _____ design flaws?

_____ previous records suggesting brake pedals become _____ design _____.

_____ the _____ failing due to a prior _____?

_____ there a similar situation before an unresponsive _____ caused _____ pre-existing design _____?

Have there _____ bad _____ resulting in _____ performance?

_____ there a history of _____ brake _____ to _____ design _____?

Have there _____ where a design flaw _____ the _____ unresponsive?

Do _____ know _____ where _____ resulted in _____ control over the braking _____?

_____ there any previous _____ where _____ unresponsive brake _____ by _____ flaw?

Have _____ occurrences _____ flawed _____ the malfunction in the _____ systems?

_____ there _____ previous instances _____ brakes with _____ designs?

_____ anyone _____ report non responsive _____ to _____ work earlier on?

_____ a lack of _____ with the brake _____ previously?

_____ know _____ flaws have _____ to unresponsiveness of the _____?

_____ brake pedals unresponsive _____ design flaws?

_____ tell _____ previous _____ where design _____ lead to unresponsiveness of _____ brake _____?

_____ any _____ the brake _____ becomes _____ because _____ identified design flaws?
 Similar _____ a faulty design leads _____ an _____ brake _____.
 Did similar _____ where a _____ design leads to _____?
 Is _____ that _____ defects _____ to unoperational _____ pedals?
 Have _____ pedal _____ arisen _____ of previous _____?
 _____ lack _____ responsiveness with _____ brakes _____ been linked _____ flawed _____.
 Have there been _____ connection _____ unresponsiveness _____ pedals _____ defects?
 _____ you recall instances _____ lack of response from the _____ was _____ fault?
 Do you recall any instances where a lack _____ from the _____ defects _____ the _____?
 Is the issue of _____ due to _____?
 _____ you _____ situations with unresponsive _____ pedals because _____ design _____?
 When _____ pedal is caused by a _____ provide examples?
 Have there _____ brake _____ linked to design _____?
 _____ any _____ instances _____ brake pedal went _____ due _____ some flawed design?
 Can you _____ me about _____ an _____ to blame for _____ faults?
 _____ wondering if _____ was _____ showing _____ braking _____ prior designs.
 _____ are _____ records suggesting _____ brake _____ unresponsive because of _____.
 _____ you _____ any _____ instances where the _____ some flawed design?
 Is _____ unresponsive _____ pedals _____ to previous _____?
 Is _____ any previous concern about _____ resulting in _____?
 _____ similar _____ before _____ unresponsive _____ pedal _____ found to _____ caused by _____ deficiencies?
 _____ there been previous _____ show _____ connection between unresponsiveness of _____?
 Has there _____ has become _____ because of previously identified _____ flaws?
 Is _____ any _____ case of _____ flawed designs?
 Is there any previous _____ ineffective _____ was _____ to _____?
 There _____ instances in which unresponsive _____ resulted from _____.
 Is there a case _____ pedal _____ because of _____ design flaws?
 Have _____ failures in brake _____ to previous _____?
 _____ you heard _____ where the brake pedal _____ unresponsive _____ design _____?
 Is there a _____ design _____ unresponsive brake pedal?
 _____ cases where unresponsive brake _____ linked to _____ defects.
 _____ brake pedal _____ to design _____?
 Have there _____ brake pedal _____ of previous _____?
 There _____ brake _____ issues associated _____ issues.
 Have the _____ in _____ response _____ linked to _____ flaws _____?
 I _____ cases where _____ faulty _____ led _____ unresponsive brake pedal.
 Have _____ found any other _____ unresponsive brake _____ of flawed _____?
 Does _____ of responsiveness _____ the brake _____ have _____ do _____ in the past?
 _____ there previous _____ pedal to design errors?
 Is _____ brake pedals _____ of _____ flaws _____ identified?
 Did _____ situations _____ the _____ faulty designs with unresponsive _____?
 Prior incidents of _____ unresponsive _____ pedal _____ be _____ issues.
 Similar _____ may _____ shown a correlation _____ faulty design _____.
 _____ been _____ where brake _____ unresponsiveness was _____ design flaws?
 _____ were prior records _____ becoming _____ due to design _____.
 What _____ the brake _____ becomes _____ because of _____ flaws?
 _____ past situations _____ that flawed _____ cause _____ non-responsive brakes?
 Is _____ pedal _____ due to _____ design _____?
 _____ it possible _____ prior _____ when ineffective _____ traced back _____ design _____?
 _____ there any prior times _____ to design deficiencies?

Is the ____ pedal linked ____ ____ ____ ?

Have you seen ____ pedal ____ was ____ to ____ flaws?

Is ____ past occurrence ____ unresponsive brakes ____ ____ ?

____ ever ____ case ____ brake ____ became unresponsive because of previously identified ____ ____ ?

Has there ____ flaws ____ the unresponsive ____ ?

Can you recall ____ ineffective ____ traced back to design ____ ?

Did ____ incidents ____ correlation ____ of ____ pedals and ____ defects?

____ errors might be causing the ____ ____ up.

Have ____ been previous ____ where the ____ failed ____ ____ engineering?

____ where ____ pedal unresponsiveness was due ____ design flaws?

Is there ____ similar ____ where ____ ____ is ____ of pre-existing design ____ ?

Will previous ____ of ____ to design problems?

There ____ cases ____ faulty ____ lead ____ an unresponsive brake ____ .

____ previous ____ show ____ between ____ of brake pedals ____ defects?

____ there a similar ____ brake pedal ____ found to be the ____ of ____ deficiencies?

Have ____ ever encountered brake ____ issues ____ to design ____ ?

____ previous ____ show ____ correlation ____ unresponsiveness ____ brake ____ design defects?

____ a ____ the brake ____ becomes ____ because of design flaws?

____ other ____ brake ____ malfunction ____ to design flaws?

Have ____ found ____ more ____ of unresponsive ____ design flaws?

____ there previous incidents ____ unresponsive brake ____ connected ____ design ____ ?

____ you seen similar ____ brake pedals ____ prior design ____ ?

The brake pedal ____ acting ____ to past ____ .

____ there previous concern ____ bad designs ____ braking ____ ?

Had ____ previously been a correlation ____ brake ____ failure?

Have you seen ____ dead because of ____ designed systems?

Do you ____ of ____ becoming unresponsive ____ result ____ design defects?

____ you ever experienced ____ issues ____ are ____ to design ____ ?

Have you received reports ____ becoming ____ result of ____ defects?

____ there a history of ____ from faulty ____ ?

How ____ times have ____ linked ____ previous ____ defects?

____ mistakes can ____ to brake ____ past.

____ instances ____ which an unresponsive ____ pedal is ____ to ____ ?

Did the ____ flaws ____ the ____ ?

____ is a ____ an ____ brake pedal ____ caused by pre-existing ____ .

Did ____ any ____ instances where ____ pedal ____ unresponsive, ____ to ____ flawed design?

____ there preceding ____ link ____ irresponsiveness to design ____ ?

Is ____ any ____ when ineffective ____ was ____ back ____ design deficiency?

____ there previous ____ when ____ led to ____ unresponsiveness of the ____ ?

Have there ever ____ case where ____ brake ____ became ____ identified design ____ ?

____ been instances where ____ brake pedals ____ to ____ defects.

There ____ been brake ____ tied ____ design issues ____ .

____ can lead to ____ brake ____ .

____ any cases ____ the ____ pedal has ____ unresponsive ____ to previous design ____ ?

____ it known that ____ in brake ____ caused ____ flaws ____ elsewhere?

Is there ____ record showing ____ design flaws?

____ a ____ situation ____ before ____ unresponsive ____ was ____ to be the result of pre-existing ____ ?

Have ____ been ____ brake ____ unresponsiveness ____ to ____ design flaws?

Have ____ found any ____ unresponsive brake ____ because of ____ ?

____ been ____ where brake pedal ____ was ____ by design ____ ?

_____ might _____ up due to past _____ errors.

_____ the _____ been _____ to previous problems?

There have been design _____ causing _____ in _____.

Were previous _____ related to _____?

Have you ever _____ a case _____ the _____ design flaws?

Have other drivers _____ were unresponsive _____ to previous _____?

I _____ was _____ about ineffective _____ due to prior design _____.

Will _____ past _____ of unresponsive _____ flawed designs?

Prior _____ of _____ brake pedal _____ have _____ design _____ as well.

Have you ever _____ similar _____ unresponsive _____ of _____ past design _____?

_____ been cases where _____ issues were _____ by prior _____ flaws?

Have _____ seen _____ pedal _____ unresponsive because of _____ flaws before?

_____ there a _____ situation _____ past _____ pedals were linked _____ designs?

_____ there been problems _____ brake _____?

There were previous _____ brake _____ irresponsiveness was _____ errors.

_____ the _____ of brake _____ connected _____ defects?

_____ it possible _____ pedals are _____ due to _____ design _____?

Is there _____ where an _____ was _____ to _____ caused by _____ design deficiencies?

_____ there ever been _____ failures _____ brake _____ due to previous _____?

Do you _____ on _____ instances in which design _____ led _____ the _____ brake pedal?

Have we _____ there _____ unresponsive braking to design _____?

Have _____ observed _____ occurrences _____ flawed designs _____ in _____ braking system?

Is there a _____ instance where _____ have _____ to _____ brakes?

Has _____ been _____ unoperational brake _____?

Have _____ design flaws _____ led _____ unresponsive brakes?

_____ we seen _____ instances where the _____ pedal becomes _____ flaws?

Is there _____ history _____ brake _____ becoming _____ design flaws?

Is there any _____ prior design flaws?

Did you ever see another _____ because of a flawed _____?

_____ we _____ situations in _____ braking was blamed _____ design _____?

Do you _____ previous design _____ caused non-responsive _____?

_____ there a similar _____ an unresponsive _____ pedal _____ to _____ caused _____ design deficiencies?

Have _____ about _____ issue _____ brake pedals becoming _____ a result of _____ defects?

_____ previous records _____ suggest _____ pedals become _____ to known design _____.

_____ issues _____ bad designs resulting _____ poor _____ performance?

Have _____ incidents _____ the _____ pedal _____ to vehicle engineering fault?

Is _____ record of _____ braking caused _____ design _____?

_____ there _____ concern over bad designs _____ in _____ performance?

There have _____ pedal _____ from _____.

_____ correlation between the _____ of _____ pedals and design defects?

_____ been other _____ of _____ unresponsiveness because of design _____?

Past cases where brake _____ issues _____ design _____ have _____.

Have _____ seen situations where the _____ weaknesses?

Problems with _____ pedal _____ faulty _____?

Is there _____ brake _____ unresponsive due to design _____?

Is it _____ that previous design _____ brake response _____?

Design _____ might be _____ blame _____ brakes _____ past.

Does _____ faulty design leads _____ an unresponsive brake _____?

There have _____ where _____ design _____ resulted in _____.

Has _____ lack _____ responsiveness _____ brake system _____ been _____ to _____ designs?

Have there _____ about bad _____ imperfect braking performance?

Is a _____ of _____ with the _____ linked _____ flawed _____?

Have we _____ situations _____ has been _____ design weaknesses?

_____ have _____ previous _____ where _____ brakes are _____ result _____ problems.

Is _____ a recurring issue _____ brake _____ becoming unresponsive _____ identified defects?

Can you _____ examples of _____ the unresponsive _____ pedal is _____ to _____?

_____ where _____ brakes resulted from design problems.

_____ there _____ situation _____ past where _____ designs _____ linked _____ unresponsive pedals?

_____ any _____ of _____ systems arise from pre-existing _____ the _____ design?

Have you _____ heard of _____ recurring issue _____ becoming unresponsive as _____ of _____?

_____ we _____ situations _____ the _____ braking _____ to design _____?

_____ pedal may acting _____ due _____ design errors.

Is _____ a _____ a faulty design _____ to an _____ pedal?

_____ show _____ which brake pedals become _____ because _____ design flaws?

Have _____ of brake _____ becoming unresponsive _____ of design _____?

Have _____ ever _____ failures _____ brake response being _____ to _____ flaws?

Is _____ a _____ pedal failures and _____ before?

_____ there _____ records that show _____ unresponsive due _____ design flaws?

Have _____ seen _____ unresponsive brake pedals _____ of _____ flaws?

Have there been any _____ where _____ brake _____ became _____ previously _____ design flaws?

_____ been _____ by previous design flaws encountered elsewhere?

Have _____ been past cases _____ brake pedal issues _____ flaws?

Did _____ experience brake _____ not responding _____ a _____ work earlier on?

There may be _____ records _____ show brake _____ becoming _____ due _____.

There _____ been _____ flaws that have _____ the _____ before.

_____ there a record _____ ineffective _____ due to _____?

_____ recent occurrence _____ unresponsive brake _____ a _____ design flaws already _____?

Is it _____ show instances _____ unresponsive _____ pedal _____ solely to _____?

There have been _____ in which _____ unresponsive _____ design flaws.

Is there any _____ where a _____ response from the _____ pedal _____ design _____?

_____ been cases where _____ design _____ resulted in the _____ unresponsive?

_____ seen _____ unresponsive brake pedals because _____ design _____?

Have _____ where unresponsive pedals _____ to faulty designs?

_____ there _____ an unresponsive _____ pedal was found _____ be caused by _____?

Were _____ incidents _____ pedals related _____ design _____ as well?

_____ have _____ pedal irresponsiveness was _____ to design errors.

_____ there a _____ of _____ in brake response due _____ flaws _____?

Has _____ lack _____ with the _____ always been linked _____ flawed _____?

_____ a _____ faulty design and brake _____ failure _____?

Have _____ encountered _____ pedal _____ to known flaws?

Is _____ possible that _____ design flaws _____ unresponsive brake _____?

Is a lack of _____ the _____ system _____ linked _____ designs _____?

Have you seen instances _____ poorly _____ the _____ to _____?

Did _____ any instances _____ dang brake pedal went _____ due to _____?

Is _____ any previous _____ regarding bad _____ performance?

Have _____ flawed designs _____ brake _____?

Is there any _____ related _____ unresponsive _____ flawed _____?

Is it _____ occurrences _____ brakes with flawed _____?

Is _____ any previous _____ that show brake _____ becoming _____ because _____?

Prior incidents _____ unresponsive brake pedal _____ design _____?

Is there a similar _____ where an unresponsive _____ pedal was _____ result _____ pre-existing _____ ?

_____ encountered _____ blaming unresponsive braking _____ design _____ ?

There may _____ that caused non-responsive _____.

Have you _____ of reports _____ brake _____ a _____ design defects?

_____ you tell me _____ previous _____ where design _____ have caused _____ brake _____ ?

_____ the _____ pedal malfunctioned _____ to _____ design _____ ?

_____ any previous _____ of unresponsive _____ flawed designs?

Have the recent _____ of unresponsive brake _____ flaws _____ identified?

There _____ previous instances _____ pedals losing responsiveness was recognized _____ issues.

The _____ brake _____ has been _____ flaws _____.

_____ experience _____ pedals becoming unresponsive due to _____ flaws?

Have _____ been previous _____ that _____ unresponsive _____ pedals?

_____ have been instances where unresponsive _____ pedals _____ previous _____.

_____ any instances of _____ braking _____ pre-existing flaws in _____ design?

Is _____ where the _____ because _____ design problems?

_____ there _____ issues with _____ pedal _____ ?

_____ you ever heard _____ unresponsive brake _____ to _____ elsewhere?

Are _____ any previous _____ a _____ due to _____ design flaw?

_____ recall _____ instances where a _____ response from _____ brake _____ was the _____ design fault?

Is _____ other instances of _____ pedal _____ due _____ flaws?

_____ you _____ any cases where _____ brake pedal _____ unresponsive _____ a _____ of _____ identified _____ ?

Have _____ of similar situations with _____ brake _____ design flaws?

_____ other _____ experience _____ being _____ to previous design flaws?

Did there _____ brake _____ design errors?

Did you receive reports _____ a _____ issue of _____ pedals _____ as _____ of _____ defects?

Is there any _____ occurrences of unresponsive _____ ?

_____ which a lack of response _____ the brake _____ was linked _____ designs?

_____ you seen _____ situations _____ pedals _____ of the _____ design flaws?

_____ been instances where the brake _____ became _____ flaws?

_____ know of any _____ incidents _____ unresponsive _____ were caused by _____ ?

_____ you _____ lack _____ response _____ the brake _____ was linked to _____ faults before?

_____ there been previous _____ pedal issues _____ by previous design _____ ?

_____ brake _____ by design flaws already _____ ?

_____ there been any _____ where the _____ has become unresponsive _____ flaw?

_____ you _____ when _____ brakes _____ traced back to design deficiencies?

Do any previous _____ show a _____ brake pedals _____ the design?

_____ a correlation between _____ pedal failure _____ before?

Have you _____ in brake response being caused _____ flaws?

Have we encountered situations where _____ design _____ ?

_____ many _____ have _____ been linked to _____ design _____ ?

Is _____ possible _____ give _____ of _____ brake _____ only being used _____ design _____ ?

Did _____ of _____ occur because of pre-existing _____ the initial _____ ?

_____ ever _____ a case where the _____ became unresponsive due _____ identified _____ ?

_____ any evidence that previous design _____ caused _____ ?

_____ have been _____ previous design flaws _____ non-Responsive _____.

How _____ times _____ you seen unresponsive _____ caused by _____ ?

_____ been cases _____ pedal _____ have been _____ on previous _____ flaws.

Have _____ where brake pedal unresponsiveness was _____ to _____ ?

Any _____ of _____ to design _____ ?

_____ ever _____ failures in _____ to design flaws?

Is there _____ case when _____ leads _____ an unresponsive _____ pedal?

There _____ previous instances _____ the _____ pedals losing responsiveness was _____ issue.

_____ there _____ where previous design _____ caused _____ non-responsive _____?

_____ you _____ where the _____ pedal went unresponsive due to some _____?

_____ unresponsive _____ pedal was _____ a _____ can you provide _____ previous incidents?

_____ it the _____ faulty designs have _____ brakes?

_____ encountered _____ unresponsive braking to design weaknesses _____?

_____ previous incidents in _____ an _____ brake _____ by a _____ flaw?

Do you recall any instances _____ of response _____ pedal _____ linked to _____?

_____ design defects that lead _____ unoperational _____?

Will the _____ of _____ be a _____ flaws already identified?

Have _____ been _____ where previous design _____ caused _____ issues?

_____ the brake system _____ of _____ linked to _____ before?

_____ we encountered situations _____ used unresponsive braking _____?

_____ ever heard of _____ of _____ becoming unresponsive due _____ identified _____ defects?

_____ there prior _____ the cause of _____ losing responsiveness _____ related _____?

Do previous _____ cause of brake pedals _____ related issues?

Have _____ pedal issues _____ by design flaws?

_____ there _____ similar _____ where _____ unresponsive _____ was found to be _____ of pre-existing _____ deficiencies?

_____ prior instances where _____ of _____ pedals losing responsiveness _____ the design?

There are prior _____ that suggest brake _____ known _____ flaws.

Design mistakes _____ failure _____?

_____ you have reports of _____ brake _____ becoming unresponsive _____ a result _____ identified _____ defects?

_____ seen _____ brake pedal issues linked to _____ flaws?

_____ the past, brake _____ issues _____ been _____ on _____ design _____.

_____ have _____ pedals becoming unresponsive _____ to known design flaws.

Do you _____ any occasions _____ ineffective _____ traced _____ design _____?

Bad _____ other _____ not to _____?

_____ when a _____ response _____ the brake pedal was _____ to _____ defects?

Have you _____ other instances where the brakes were _____?

Is _____ any _____ showing _____ due to design flaws?

Have _____ cases of _____ brake pedals due _____?

Have _____ been _____ the _____ pedal _____ unresponsive due _____ design flaws?

_____ any _____ occasions _____ ineffective braking was traced _____ to _____ deficiencies?

_____ been _____ where the _____ pedal _____ become unresponsive _____ a _____ of _____ before?

_____ been _____ of failures _____ brake response due _____ design flaws?

_____ the _____ due _____ prior flaws?

Have drivers had issues with _____ pedals _____?

Have there been past _____ design _____ for brake pedal _____?

When flaws are _____ in _____ have we _____?

Is there a _____ occasion _____ back to _____ design deficiencies?

Have there been _____ cases where _____ pedal _____ to _____ flaws?

_____ prior _____ linking brake _____ irresponsiveness to _____ errors?

Have _____ previous incidents proved a _____ between _____ of _____ defects?

_____ pedal malfunctioning _____ prior design flaws?

Have there been cases _____ design _____ brake _____?

Were _____ brake _____ linked _____ design _____?

There have _____ where unresponsive brake _____ been linked _____ previous _____.

_____ brake pedals may become _____ previous design _____.

_____ cases where _____ faulty _____ led to a malfunctioning _____?

_____ ever _____ of _____ case of _____ brake _____ to design flaws?

Problems with _____ from _____?

_____ we _____ any previous _____ with flawed designs?

Is _____ cause _____ the non-responsive _____ flawed _____ design?

_____ have been _____ previous design _____ led to _____.

There _____ been _____ faulty designs before.

_____ scenarios pointed it out _____ flawed _____ brake _____?

Did _____ get messed _____ by faulty _____?

What _____ previous _____ where design flaws _____ to _____ of _____?

If _____ brake pedal _____ caused by _____ design flaw, can _____ examples _____ previous _____?

_____ you ever _____ instances where _____ brake pedal _____ unresponsive due to _____?

_____ other _____ experience _____ pedals becoming _____ to previous design _____?

Prior _____ that _____ the cause _____ responsiveness as design _____ issues?

Is _____ possible that _____ brake _____ a _____ of _____ design flaws _____ identified?

Did you see _____ other instances _____ the brake pedal _____ flawed _____?

_____ there a _____ scenario before _____ unresponsive _____ was found _____ caused _____ pre-existing design _____?

Is _____ brake pedals a _____ design flaws already _____?

_____ see any instances where _____ brake _____ unresponsive because _____ flawed _____?

Have _____ incidents _____ brake pedal unresponsiveness was _____ flaws.

Have _____ of _____ been a result of _____ already identified?

_____ it ever _____ brake _____ failures _____ the result of _____ design _____?

When _____ malfunction _____ system _____ unveiled as a result _____ designs, have _____ observed _____ occurrences?

_____ it known that _____ response have _____ by previous design _____?

_____ have been situations in which _____ pedals became unresponsive _____.

Can _____ in which a _____ of _____ brake pedal was _____ to _____ design fault?

_____ you know any _____ previous _____ flaws _____ brakes?

Have you encountered _____ situations _____ unresponsive _____ pedals _____ of _____?

_____ of _____ the _____ system ever correlate to flawed designs _____?

_____ anyone _____ report _____ pedals _____ to _____ construction work earlier on?

Have _____ ever _____ flawed _____ linked to _____ lack _____ the _____ system?

Had there been _____ in the _____ pedals were _____ to _____?

There _____ been instances _____ pedals have been _____ previous _____.

_____ unresponsive _____ pedal is caused _____ design _____ can you provide _____ previous _____?

_____ prior _____ unresponsive brake pedal connected _____ issues?

Have there _____ pedal _____ was linked to _____?

_____ previous _____ demonstrate _____ unresponsiveness _____ pedals and design defects?

Is there _____ examples _____ flawed _____ unresponsive brakes?

Is _____ record _____ ineffective _____ due _____ previous design _____?

_____ about instances where the brake _____ unresponsive as _____ design _____?

_____ previous _____ that unresponsiveness of _____ pedals _____ defects are related?

_____ you tell me _____ instances _____ the unresponsive _____ is due _____ design _____?

There may _____ flaws _____ caused non-responsive brakes.

Any prior _____ unresponsive _____ to design _____?

Do prior records show _____ in which _____ pedals become _____?

Have _____ ever received _____ that a recurring issue _____ pedals becoming _____ as _____ previously _____ defects?

_____ of _____ designed _____ causing the brake pedal _____ go dead?

_____ it _____ that there _____ previous occurrences of _____ flawed _____.

_____ there _____ incident where brakes _____ because _____ previous design _____?

Have we seen similar occurrences _____ flawed designs?

_____ there _____ instances _____ faulty _____ caused only-brakes-not-working trouble?

_____ arisen _____ brake pedal _____ tied _____ design flaws?
 _____ where an _____ brake pedal _____ found _____ caused by pre-existing-design deficiencies?
 Have _____ ever _____ any _____ that are unresponsive due _____ flaws?
 Is _____ possible that _____ have _____ occurrences of unresponsive _____?
 Past _____ may _____ caused _____ pedal to _____ up.
 _____ of scenarios where faulty design _____ in _____ over the _____ mechanism?
 Did you see _____ where the _____ unresponsive _____ some flawed design?
 _____ we _____ that have _____ attributed _____ braking _____ design weaknesses?
 _____ been other _____ the brake _____ became _____ result of design flaws?
 Is there a history _____ brake _____ linked _____ defects?
 Can you recall any instances _____ lack _____ from the _____ was _____ to a _____?
 _____ there _____ unresponsive brakes due _____ faulty _____ in other _____?
 _____ are _____ suggest _____ pedals _____ unresponsive due to design _____.
 _____ instances _____ a lack of _____ the _____ pedal _____ to design faults?
 Were _____ incidents _____ an unresponsive _____ pedal related to _____?
 The _____ may have failed due _____ flaws _____.
 There have _____ cases _____ previous design flaws _____.
 _____ prior records that _____ brake _____ becoming unresponsive _____ design flaws?
 _____ other brake pedal unresponsiveness _____ of design _____?
 _____ causes an unresponsive brake pedal, _____ you _____ of previous _____?
 _____ any previous _____ unresponsiveness _____ brake pedals _____ design _____?
 Did any _____ braking _____ occur _____ flaws in _____ original design?
 Did _____ an _____ pedal correspond to design _____?
 Is the unresponsive brake _____ of _____?
 Do you know _____ failures _____ response _____ to do _____ previous _____ flaws _____?
 _____ noticed a _____ of brake pedals _____ a result of previously _____ design _____?
 _____ a correlation between _____ brake pedal _____ before?
 _____ previous incidents _____ an unresponsive _____ pedal was _____ by _____ flaw.
 Has _____ of _____ in _____ brake _____ ever been _____ flawed designs?
 Have there been _____ where _____ to design flaws?
 Have _____ shown a _____ between _____ brake pedals and _____?
 Is there a _____ brake _____ found _____ be _____ by _____ design deficiencies?
 _____ a _____ with _____ brakes ever been associated _____ designs?
 Have _____ seen similar _____ designs cause _____ system _____?
 Prior _____ may be linked to _____ issues.
 _____ you _____ where _____ lack of response from _____ brake pedal _____ linked _____?
 _____ you recall _____ where a _____ of _____ the brake _____ was _____ to _____ design _____?
 _____ we _____ similar _____ when _____ designs cause _____ systems?
 There have been _____ cases of _____ pedals _____ flaws.
 _____ we _____ situations _____ the past _____ there _____ unresponsive _____ to _____ weaknesses?
 Have _____ where the brake pedal became unresponsive _____ flaws _____?
 _____ there _____ similar case where _____ faulty _____ to an _____?
 Have you received reports _____ pedals are _____ defects?
 _____ other _____ you seen where the _____ unresponsive _____ to design _____?
 _____ an _____ brake pedal _____ to design issues?
 Is the brake _____ design _____?
 Have there _____ where the _____ have become _____ of _____ design flaws?
 Have _____ seen _____ unresponsive _____ pedals _____ to _____ flaws?
 There _____ been _____ problems _____ faulty _____.
 _____ have been brake _____ problems tied to _____.

Have ____ seen ____ instances ____ unresponsive ____ caused by ____ design ____?

Do ____ recall ____ where ____ lack of response ____ brake ____ to ____ flaws?

Have you ____ in ____ response because of previous ____?

____ we ____ same occurrences ____ cause malfunction in ____ systems?

Do similar ____ the brake pedal ____ due ____ design ____?

Have ____ where the ____ pedal becomes unresponsive ____ design ____ before?

____ other drivers ____ pedals ____ unresponsive ____ to previous ____ flaws?

____ design flaws cause ____ responsive ____?

Did you ____ any ____ brakes were unresponsive ____ of ____ issues?

Tell me about ____ instances where ____ the unresponsiveness ____ brake ____.

____ the brake ____ because ____ defects?

____ there ____ to design flaws?

____ a lack ____ in the ____ been ____ flawed designs before?

____ there any other ____ unresponsive brake ____ of design ____?

____ ever heard of ____ caused by design ____?

____ there ____ you ____ on previous instances where ____ flaws have ____ unresponsiveness of the brake ____?

The brake pedal ____ become unresponsive ____ to ____.

Is ____ case of unresponsive ____ due ____ design ____?

____ pointed ____ in the designs that affect brake ____.

Is there any ____ occurrences ____ flawed ____ with ____?

Will we find ____ occurrences of unresponsive ____?

Is the issue ____ unresponsive ____ to ____?

Is there prior incidents ____ unresponsive brake ____?

Have ____ ever seen a ____ with ____ pedals ____ design ____?

Have ____ ever ____ instances when ____ stopped the brake ____?

____ there ____ occurrence ____ the brakes malfunction because ____ flawed ____?

____ been ____ pedal ____ to design flaws?

____ there ____ of brake pedal unresponsiveness ____ to ____ design?

____ been incidents ____ pedal issues ____ faulty designs.

Is there previous records that show ____ of ____ design ____?

____ any previous ____ when ____ was traced ____ to ____ deficiencies?

Is ____ lack of response from the brake ____ to a design fault?

Have ____ ever ____ brake ____ issues associated ____ design flaws?

Have there ____ the past where ____ brake responsiveness?

Have you ____ of poorly ____ systems ____ brake ____ to ____?

____ ever ____ of malfunctioning brake pedals due ____?

Is ____ a similar occurrence when ____ malfunction ____ brakes?

Have ____ scenarios ____ flawed designs affect brake ____?

Is it possible ____ flaws have ____ of the ____ the past?

Is ____ record ____ shows ineffective braking because ____ design ____?

Have ____ scenarios shown ____ affect ____ responsiveness?

Have ____ with the brake ____ faulty designs?

Have there been ____ resulting ____ poor braking ____?

Do ____ any cases ____ the ____ pedal has become ____ because ____ flaws?

Are ____ records ____ brake pedals ____ unresponsive due to ____?

Have ____ received ____ brake ____ becoming unresponsive ____ identified design defects?

Was ____ case where ____ led ____ malfunctioning brake pedal?

Have there been cases ____ prior ____ are ____ blame for ____?

____ if ____ was a record showcasing ____ braking ____ prior design ____.

____ recent ____ unresponsive brake ____ pointed ____ design flaws ____ identified?

____ a ____ of responsiveness ____ the brake ____ ____ ____ factor in ____ designs?
 ____ ____ ____ previous incidents when an ____ pedal ____ caused by ____ flaw.
 ____ cases happen ____ a faulty design led ____ ____ brake ____?
 ____ there any previous incidents ____ show a correlation ____ ____ ____ pedals ____ design ____?
 ____ any previous correlation ____ flawed ____ ____ unresponsive brakes?
 Have there ____ cases where ____ ____ ____ to an ____ pedal?
 Is ____ to ____ times when ineffective braking ____ traced back ____ design ____?
 ____ we ____ situations where unresponsive ____ ____ ____ design flaws?
 ____ there ____ incidents of ____ unresponsive ____ pedal connected ____ design ____?
 ____ incidents of ____ ____ brake ____ might be ____ to ____ issues.
 If ____ ____ pedal is ____ ____ a design flaw, can ____ ____ ____ of ____ incidents?
 ____ you ____ any ____ incidents where the brakes are ____ ____ ____ design ____?
 Brakes ____ by ____ ____ before?
 ____ you ____ encountered ____ ____ ____ brake pedals due to design flaws?
 Have the ____ ____ brake ____ ____ caused by ____ design ____?
 Is there a recurring ____ with ____ ____ becoming unresponsive ____ ____ ____ of ____ ____ design ____?
 Have you received ____ that the ____ ____ ____ due to ____ ____ defects?
 Have there been scenarios ____ ____ designs ____ ____?
 Is there any ____ ____ an ____ brake ____ only ____ blamed for ____ ____?
 Have recent occurrences shown that ____ pedals ____ ____ because ____ ____ ____?
 Have we ____ similar instances where the ____ ____ became ____ ____ ____ design ____?
 ____ we ____ ____ ____ the ____ malfunction because of flawed designs?
 Is there ____ instance ____ a lack of ____ ____ ____ pedal ____ in ____ design ____?
 Are ____ prior records ____ show brake ____ ____ ____ of ____ flaws?
 ____ ____ any correlation between ____ pedal ____ and ____ design ____?
 Is there ____ case ____ design ____ caused non-responsive ____?
 Has ____ ____ design defects ____ to ____ brake ____?
 Have any ____ ____ ____ ____ unresponsiveness of brake pedals and ____?
 There ____ previous ____ when ____ ____ brake ____ was ____ ____ a design flaw.
 ____ ____ been previous cases ____ brake ____ issues ____ ____ to ____ flaws?
 ____ ____ might ____ caused ____ failure before.
 ____ you ____ ____ in brake response due ____ previous design ____?
 ____ ____ heard about ____ brake pedals caused ____ ____ designs?
 ____ ____ instances ____ the brake pedal ____ ____ because of design ____?
 ____ the unresponsive ____ ____ linked ____ previous flaws?
 Did you ____ any instances where ____ ____ ____ unresponsive ____ to some ____ design?
 Have there been any previous ____ about ____ ____ ____ braking ____?
 ____ brake pedal ____ have ____ blamed ____ prior design ____.
 ____ you ever ____ pedal issues ____ to known ____?
 Have ____ ____ previous concerns ____ ____ that resulted in imperfect ____?
 Can ____ ____ previous instances of ____ ____?
 There ____ ____ previous ____ ____ that ____ brake pedal unresponsiveness.
 Are ____ unresponsive brakes ____ by ____ ____?
 ____ ____ unresponsive brake ____ been linked ____ past ____?
 Can ____ identify any previous ____ when ____ braking was ____ ____ ____ design ____?
 ____ ____ any Brake ____ unresponsiveness ____ to previous design flaws?
 ____ you ever found a case of ____ ____ ____ were ____ ____ design ____?
 ____ you ____ any other instances where ____ ____ were unresponsive ____ to ____ ____ ____?
 ____ the ____ where ____ ____ design ____ ____ an unresponsive brake pedal?
 Have ____ ____ reports that brake pedals ____ unresponsive ____ a ____ ____ previously ____ ____ defects?

Have you _____ of unresponsive brake _____ from _____?

_____ ever seen _____ poorly designed system _____ pedal to _____?

Design issues may _____ linked _____ of _____ brake pedal.

_____ have been cases of _____ pedals _____ design _____.

Do _____ design _____ to the unresponsiveness of the _____ pedal _____ past?

_____ possible _____ unresponsive brake pedals _____ result _____ design _____ already identified?

_____ there been brake _____ designs?

Have _____ design _____ caused the brake pedal _____?

Have _____ where the brakes have _____ result of design flaws?

_____ you recall any instances _____ lack of response _____ the _____ associated _____ a _____ fault?

Can you _____ me about _____ flaws have led _____ unresponsiveness of _____ pedal.

Have _____ cases where _____ issues _____ been attributed _____ previous design _____?

Have there _____ any _____ which _____ pedal _____ unresponsive as a result _____ previously _____ design _____?

Has _____ unresponsive brake _____ been _____ to _____?

Have the _____ led _____ pedals?

Is _____ lack _____ the _____ system _____ flawed designs in the _____?

_____ you heard about a _____ issue _____ brake pedals becoming _____ a result _____ previously _____?

_____ found _____ of unresponsive brake pedals _____ were _____ to design _____?

_____ there _____ concern _____ in imperfect brake performance?

_____ you _____ any instances _____ a lack _____ response _____ brake pedal _____ to design _____?

_____ the _____ of _____ losing responsiveness a _____ issue?

There _____ been _____ the _____ were caused _____ design issues.
