

[Demo] NLP Dataset for Customer Service Automation

Company Type	Online Electronics and Technology Retailers
Inquiry Category	Product specifications and compatibility questions
Inquiry Sub-Category	Wireless connectivity options
Description	Customers inquire about the wireless connectivity options available for a product, such as Wi-Fi, Bluetooth, NFC, or compatibility with cellular networks, to understand how they can connect and use the device wirelessly.
Data Size	5,017 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Online Electronics and Technology Retailer" customer inquiry. (Purchased data will not be masked.)

____ many ____ can ____ share ____ mobile ____ created by your portable ____?
 How many ____ share ____ mobile hotspot with ____ routers?
 ____ many ____ can ____ network from a portable router at ____?
 How ____ devices ____ to ____ to ____ portable ____ hotspots at ____ time?
 Please tell me ____ many users have ____ single ____ hotspot that ____.
 Is it ____ share ____ hotspot ____ your ____ with multiple users?
 ____ to ____ users ____ hot spot from your portable ____ the same day?
 Tell ____ many people ____ a ____ mobile ____ created by ____ routers.
 Can a lot ____ get a single ____ with your ____?
 ____ many ____ to ____ and ____ a single mobile ____ created using ____ portable routers concurrently?
 ____ connected users ____ able to share a ____ mobile ____ by ____ portable routers.
 ____ can ____ your portable hotspot at one time?
 How many ____ able to use ____ created ____ of ____ portable routers?
 ____ you'd ____ inquire concerning ____ portable routers, multiple devices ____ one ____ simultaneously.
 ____ many ____ use a portable ____ in a single go?
 Is ____ possible ____ more than one ____ same ____ the same ____ by your portable hotspot?
 ____ how ____ connected ____ can share a single ____ hotspot created by ____.
 How many ____ can ____ portable router's ____ hot spot ____?
 ____ of ____ if you have ____ portable routers producing a mobile ____ at the ____ time
 ____ large of ____ can access ____ use ____ single ____ hotspot created using your ____ router.
 How ____ are ____ use a portable ____ mobile hotspot ____ one day?
 Multiple devices ____ using one ____ element at the same ____ if ____ would ____ to ____ portable ____.
 ____ many people ____ use a ____ to use ____ a time?
 Multiple ____ one mobile ____ element ____ the same ____ you ____ ask ____ your portable Router
 Can ____ portable Router create for ____ mobile ____ connect ____ to ____?
 ____ give multiple users a single ____ spot ____ your portable ____?
 I ____ like ____ know ____ people ____ a single mobile hotspot ____ by ____ portable routers.
 ____ connected ____ can ____ your portable routers for a ____?

____ many simultaneous connections can ____ have ____ routers' ____ hotspots?
 Can multiple ____ single ____ device ____ you ____ portable router?
 I'm wondering ____ many users ____ single mobile hotspots from ____ .
 ____ many people can access ____ a single ____ using any ____ your portable ____ same time?
 Can ____ Router that is ____ mobile device ____ multiple ____ the same?
 ____ possible to give multiple ____ hot ____ from your portable ____ ?
 Can you ____ me ____ number of users that can ____ hotspot ____ ?
 How many ____ use ____ mobile ____ from ____ router ____ a time?
 Multiple devices using one ____ element simultaneously, if ____ to ____ about ____ .
 Do ____ devices use the ____ connection if ____ using ____ spot?
 ____ people can ____ your portable ____ mobile hotspots to, ____ time?
 ____ many capable ____ are ____ share a ____ mobile hotspot, created from ____ of ____ portable ____ .
 How many ____ users can have ____ hotspots ____ routers?
 ____ your ____ routers ____ multiple ____ to ____ to ____ at the same time?
 ____ many people ____ connected to ____ mobile ____ spot ____ same time?
 ____ of ____ connections is ____ on the ____ made by ____ router?
 Multiple devices using ____ can't that ____ achieved ____ your ____ routers?
 ____ devices are able to ____ portable hotspots at ____ same ____ ?
 How many devices can ____ to a ____ hotspot ____ ?
 ____ many users are allowed to ____ and ____ a ____ hotspot ____ using any of ____ ?
 Do ____ how ____ can get ____ of ____ mobile hotspots?
 Is ____ possible that more ____ device could use ____ hotspot at the ____ time?
 ____ devices use the same ____ you're ____ your ____ hot spot?
 How many ____ might ____ to use ____ for ____ mobile hotspot?
 ____ many people can use ____ a portable router?
 ____ many ____ and users are ____ use a portable routers ____ same time?
 How many ____ and ____ a ____ router's ____ in one go?
 ____ many ____ users ____ share a ____ your portable routers
 Does ____ routers ____ connections on their ____ hotspots?
 ____ you ____ multiple ____ at ____ to connect to ____ by your ____ Router?
 ____ a way to ____ single ____ hotspot ____ portable routers?
 ____ how many ____ users/devices are ____ share ____ single ____ hotspot from one of ____ portable ____
 Do your ____ allow multiple ____ to ____ mobile ____ at the ____ time?
 Does ____ allow multiple ____ to the mobile ____ ?
 ____ how many ____ can ____ a ____ hotspot ____ using ____ same portable routers.
 If you ____ like to ask ____ portable ____ devices use one ____ .
 ____ it ____ people ____ connect ____ one of ____ hot spots at ____ same time?
 ____ many ____ can use a ____ routers to ____ network at ____ ?
 ____ many ____ are ____ portable hotspots at ____ same time?
 ____ many people ____ use ____ single mobile hotspot ____ of ____ portable ____ ?
 How ____ people ____ single ____ hotspot created ____ of your portable ____ at the ____ time?
 ____ you have a ____ that ____ a mobile ____ at ____ same ____ how many ____ use ____ ?
 ____ many ____ and users are able ____ hotspots at ____ ?
 Is ____ that ____ use ____ same connection if you ____ portable Router's mobile ____ spot?
 ____ fit in ____ portable router's mobile hotspots at ____ time?
 ____ many ____ are ____ to ____ a portable ____ at ____ same time?
 ____ many ____ users are ____ share ____ hotspot on your ____ routers?
 ____ it ____ the internet ____ different devices on the ____ routers's ____ network?
 ____ large of ____ network of users ____ and ____ a ____ created using their ____ routers
 What is the amount ____ users ____ your ____ routers' ____ ?

How many people or _____ able to use _____ single _____ hotspot _____ any of _____ ?

_____ other devices use _____ you _____ your portable _____ mobile hot spot?

Multiple _____ hotspot _____ simultaneously, if you'd like to ask _____ routers.

_____ device use the same connection produced by _____ hotspot at _____ ?

How many people can use _____ in _____ go?

_____ want to inquire concerning your portable _____ multiple devices _____ mobile _____ .

_____ the _____ allow multiple devices to _____ your _____ hotspot _____ the _____ time?

_____ many devices _____ users _____ use a _____ routers's mobile hotspot in _____ ?

_____ to share _____ hotspot from _____ portable routers simultaneously?

How _____ people are _____ access and _____ a single mobile _____ using _____ your _____ at once?

How _____ use the _____ network _____ a portable _____ at a _____ ?

_____ you created _____ Router for a _____ device, can _____ a single _____ ?

_____ large _____ a network of users _____ to _____ a single mobile _____ created _____ portable routers.

_____ can be connected _____ portable router's _____ at once?

_____ other devices _____ the _____ mobile hot _____ if _____ your _____ Router?

_____ it possible to _____ multiple connections to your _____ your _____ ?

Can a _____ of users use _____ single _____ spot _____ your _____ ?

_____ many simultaneous _____ made _____ user devices and _____ mobile hotspot network?

How _____ can use _____ mobile network _____ a _____ at _____ time?

How many _____ or devices _____ use _____ mobile hotspot created _____ of _____ ?

_____ many different _____ connect _____ portable hotspot concurrently?

_____ portable router _____ multiple connections _____ your _____ hotspot?

If you have _____ producing _____ mobile _____ at _____ same time, how _____ one _____ uses it?

_____ many users _____ able _____ use a portable _____ mobile _____ in one _____ ?

If your portable Router _____ a _____ multiple _____ to the same

_____ many _____ users _____ share _____ single _____ hotspot from _____ routers?

_____ to ask _____ portable router, _____ devices using _____ mobile _____ element simultaneously.

_____ let _____ many users have a single mobile _____ made _____ portable _____ .

_____ people _____ you connect _____ portable router's _____ to at _____ time.

Could multiple _____ the _____ connection _____ by your _____ ?

_____ a network _____ users _____ and _____ a single mobile hotspot created using _____ routers

Can multiple devices using _____ done _____ your portable routers?

_____ people can use _____ portable routers to connect _____ at _____ same _____ ?

Can a _____ router that _____ created for _____ mobile _____ multiple _____ same?

_____ devices _____ use a portable _____ hotspots at _____ exact _____ time?

How _____ connections _____ made between _____ devices and your _____ created _____ hotspot _____ ?

_____ there be _____ than one device _____ mobile hotspot _____ routers?

How big a _____ of _____ can _____ and _____ mobile _____ your portable routers.

_____ you place _____ and _____ on a single _____ ?

Is _____ of _____ devices, _____ users accommodated _____ a single _____ via your _____ routers?

_____ devices use _____ portable routers's wireless _____ ?

How _____ people _____ use the mobile hotspot _____ one _____ using _____ Router that _____ have.

_____ many users _____ to access _____ single mobile hotspot _____ portable routers _____ the _____ time?

_____ me the _____ users _____ able to share a _____ mobile hotspot _____ your portable _____ .

_____ many devices _____ be connected _____ one time _____ router's _____ ?

How _____ are able _____ access and _____ mobile hotspot at a _____ Router

_____ me _____ capable _____ are _____ to _____ mobile hotspot from one _____ your portable _____ .

Is _____ for _____ to connect to _____ of their _____ hotspots _____ ?

Is _____ possible that _____ than _____ device could use _____ same _____ portable router's _____ hotspot?

Multiple devices _____ one mobile _____ simultaneously, if _____ your portable router.

_____ allow multiple _____ to be _____ to _____ mobile hotspots _____ one time?
 _____ one _____ hotspots _____ simultaneously, can't _____ be done with _____ routers?
 Can you give _____ of _____ single mobile _____ your _____ device arrangement?
 I'm _____ how many connected users _____ single mobile _____ a portable _____.
 _____ devices can _____ hooked _____ to one of your _____?
 _____ like _____ ask about your portable routers, _____ one _____ Hotspot _____ simultaneously.
 _____ to know _____ users _____ able _____ share a single mobile hotspot _____ your portable _____.
 How large of _____ users are _____ and _____ single mobile hotspots created using _____ portable _____.
 I want to know _____ many _____ are _____ connect _____ portable _____ at _____.
 _____ possible to share a _____ mobile hotspot _____ portable _____?
 How large _____ users are _____ of _____ a _____ mobile hotspot _____ using their portable _____
 _____ for multiple users _____ of _____ hotspots at the same time?
 _____ how _____ to share a _____ hotspot from _____ of your portable routers.
 Tell _____ number _____ to share a single mobile hotspot from _____ portable routers.
 Is _____ more _____ one _____ use _____ same _____ provided by your _____ hotspots?
 Can you use multiple _____ to access the _____ your portable _____?
 _____ devices _____ mobile hotspot _____ be _____ at _____ same _____ with your portable _____?
 There can _____ multiple devices _____ a _____ mobile _____ if _____ have _____.
 How many users _____ your mobile hotspot _____?
 _____ devices use _____ mobile _____ spot _____ have a portable _____?
 _____ how _____ are capable _____ sharing _____ hotspot from your portable routers.
 What _____ of devices _____ users can _____ mobile _____ the same _____?
 _____ tell _____ the _____ that _____ your mobile hotspot at the _____ time?
 Is _____ multiple devices _____ one mobile _____ element simultaneously, with _____ routers?
 _____ your portable _____ allow _____ to _____ the _____ mobile hotspot?
 Do _____ users to connect _____ your _____ hotspots at once?
 Can _____ lot _____ users _____ a _____ mobile hotspot _____ your portable device _____?
 Can other _____ same _____ if you are _____ portable Router?
 _____ many users _____ portable routers's mobile device network at _____?
 _____ it possible to multiple devices _____ one _____ element _____ your _____?
 _____ connected devices _____ be _____ to accommodate for a _____ mobile hotspot?
 If _____ have your portable router _____ a _____ at the _____ many other devices _____?
 Tell _____ many capable users _____ to share _____ from _____ portable routers.
 _____ it _____ that _____ devices _____ use _____ same connection produced by your _____ at _____ time?
 _____ router that can produce _____ mobile _____ at _____ same _____ how many other devices use _____?
 _____ might _____ able to _____ a single mobile hotspot _____ routers?
 _____ people are supported on a single _____ hotspot _____ portable _____?
 I'm curious _____ many connected _____ can share _____ mobile _____ portable _____.
 _____ me how _____ are able _____ a _____ mobile hotspot from one _____ portable routers.
 How large _____ a _____ of _____ are _____ to _____ hotspot created using _____ portable routers.
 How many people can join _____ your _____?
 _____ people are able to access _____ mobile hotspot at _____ time, _____ portable Router
 _____ devices _____ one _____ hotspot element simultaneously, can't that _____ portable _____?
 _____ have a _____ routers that _____ hotspot at _____ same _____ how _____ other devices use it?
 How many _____ devices _____ it _____ for a _____ your _____ routers?
 _____ that _____ than _____ device could _____ the same _____ produced _____ portable Router?
 _____ other _____ use _____ same _____ using the portable _____ mobile hot _____?
 _____ many devices can _____ connected to _____ a time?
 _____ devices _____ element _____ if you would like to ask _____ portable routers.
 _____ you _____ the number of _____ who _____ their _____ to _____ hotspot at once?

_____ have _____ people connected to your _____ hotspot _____ time?
 _____ many _____ a portable router's _____ hotspot _____ used _____?
 _____ many people are _____ to _____ and use _____ mobile _____ a _____ Router.
 _____ people are _____ on a single _____ from your portable _____?
 Tell _____ many _____ users/ devices _____ able _____ share a _____ mobile hotspot, _____ of _____ portable routers.
 _____ many devices can be _____ the _____ Router's Hotspot _____?
 How many devices _____ can use a _____ router's _____ time?
 Is _____ possible to get _____ to your _____ from your _____?
 _____ many users _____ share your _____ once?
 _____ many _____ you fit in _____ portable router's _____ at a _____?
 _____ you _____ me _____ of _____ can use your mobile _____ at _____?
 _____ your portable routers _____ multiple users _____ to your _____ at _____ same _____?
 _____ portable _____ created for _____ device, _____ multiple devices share a _____ device?
 How large a _____ of users _____ use _____ single _____ hotspot _____ routers
 _____ it _____ for _____ users to share _____ hotspot _____ the same _____ routers?
 If _____ a _____ Router _____ for a mobile device, _____ it connect multiple _____?
 _____ is _____ maximum _____ of _____ that _____ connect _____ your _____ router's _____ hotspot?
 _____ many _____ can use _____ portable router's mobile device _____?
 Please tell _____ many _____ created by your portable routers.
 _____ amount _____ simultaneous _____ users _____ by your _____ routers' mobile hotspot?
 _____ your portable routers have multiple _____ connections _____?
 Multiple device _____ element simultaneously, _____ like to _____ about your _____ routers.
 _____ let _____ how _____ users have _____ single mobile Hotspot _____ your portable _____.
 _____ the _____ sell allow multiple devices to _____ at _____ same _____?
 _____ many _____ able to use a _____ hotspots?
 _____ a lot _____ users _____ a _____ hotspots with your _____ device _____?
 _____ the _____ number of _____ users, _____ accommodated _____ single hotspot via your handheld _____?
 _____ many users _____ able to _____ a portable _____ hotspots in _____ day?
 The _____ of _____ a single mobile hotspot via _____ routers?
 _____ can be accommodated _____ hotspot via your handheld routers?
 Is _____ possible to _____ types of devices _____ portable _____ wireless _____?
 _____ many people can _____ mobile network from _____ at _____?
 If you'd like to _____ your portable _____ multiple devices _____ simultaneously.
 How many users _____ to _____ and _____ a _____ hotspot created _____ of your portable _____?
 Multiple _____ using one mobile hotspot _____ the same _____ to ask _____ your portable _____
 _____ you tell _____ number of users _____ can _____ their _____ your mobile hotspot _____?
 Are multiple _____ able _____ hotspot _____ the same time?
 What _____ the maximum _____ of devices _____ simultaneously _____ your _____ mobile hotspot?
 _____ it _____ use your mobile _____ from a portable router?
 Is it possible to have _____ users _____ portable router?
 _____ you want _____ about the _____ multiple devices using _____ hotspot element _____.
 _____ many devices are _____ to connect to _____ hotspot _____ a _____
 _____ many _____ can _____ a portable routers _____ network at a given _____?
 Can _____ give multiple _____ single mobile _____ from your _____?
 _____ people are able to _____ the _____ hotspot _____ time, _____ portable Router?
 Is _____ maximum _____ of _____ devices, users, _____ users _____ a single hotspots via _____?
 How _____ can _____ mobile hotspots in one go?
 _____ devices _____ mobile _____ element _____ can't _____ be _____ your portable routers?
 I'm curious how _____ connected _____ can _____ single mobile _____ from _____ portable _____.
 You _____ users and their _____ a _____ mobile _____?

If you'd ____ to ____ about ____ portable ____ multiple devices ____ one ____ hotspot ____.

How ____ people ____ by a ____ hotspot from ____ portable ____ routers?

____ devices are able ____ the same portable ____ at the ____?

How ____ can use a ____ network at once?

Can you tell me ____ be connected ____ your mobile ____ a ____?

Does ____ make ____ for multiple users ____ single mobile ____ from your ____?

____ the number ____ capable ____ that ____ share a ____ hotspot' ____ one ____ portable routers.

Can you ____ of multiple ____ your mobile ____?

How ____ are ____ to ____ the portable routers's ____ at a ____?

How many connected ____ can ____ for a ____ mobile hotspot ____?

____ want ____ know ____ number of users ____ to ____ portable hotspot ____ once

____ your ____ allow multiple ____ to use it ____ the ____?

Can your ____ multiple connections to ____?

How ____ people are able to ____ mobile hotspot ____ the ____?

____ me know how many users have a ____ mobile ____ that ____ routers.

Can ____ use the same ____?

____ it possible to have ____ than ____ use ____ provided ____ your ____ hotspot?

Can ____ me the number ____ users who ____ to ____ mobile ____ the same time?

____ would like to ____ many users ____ single mobile ____ portable routers.

Do your portable routers allow ____ one ____ mobile ____?

How ____ more than one device uses the ____ mobile device if ____ hotspot ____ the ____ time?

Can your portable routers create ____ hotspot ____ devices ____?

If ____ like to ____ about your ____ routers, ____ using one ____ element simultaneously.

How ____ users can use a portable ____ network ____?

How many ____ are able to use ____ time, using ____ router?

____ multiple ____ can connect to one ____ their mobile hotspots ____ time?

How ____ people are ____ and use ____ mobile hotspot ____ a ____ portable Router.

____ many users ____ devices ____ portable routers's ____ hotspots in one ____?

If you ____ router ____ a ____ the ____ time, how many other ____ use it?

____ many ____ use a ____ hotspots at the exact same time?

____ portable router ____ users to ____ at the ____ time, ____ many?

How many users ____ use ____ mobile ____ in ____ go?

____ devices and ____ use ____ portable router's ____ hotspots in ____ go?

How ____ people ____ use ____ network from ____ routers at a ____.

Tell me how ____ users are ____ to ____ hotspots' produced from ____ of your ____.

____ it ____ devices to share ____ single mobile ____ if ____ a ____ Router?

____ are people ____ portable wi- Fi, ____ they ____ at ____?

____ possible that more ____ could connect at the ____ time, using ____ by ____ portable hotspot?

Tell me ____ many ____ users ____ able ____ share ____ mobile hotspot ____ portable routers.

How ____ and users ____ use ____ portable ____ at ____ same ____?

Are ____ device ____ at the same time ____ provided by your ____ hotspot?

____ one mobile hotspot element, ____ accomplished with your portable ____?

Multiple ____ one mobile hotspot element simultaneously, ____ to ____ about ____ portable ____.

____ many people ____ to ____ and use the ____ once using a ____?

____ many ____ can use ____ hotspot on ____ portable ____?

How ____ people ____ access the mobile hotspot at ____ portable ____ that ____.

____ many users ____ devices ____ to ____ mobile hotspots at ____?

____ and users are able to use your mobile ____?

Tell ____ how many capable ____ are able ____ single' mobile hotspot' from ____ of ____.

____ have ____ portable router that produces a ____ hotspot at the same ____ use ____?

____ can imagine ____ variety ____ will ____ like if ____ your ____ producing a mobile hotspot at ____ time
 How many users ____ to ____ utilize a ____ mobile ____ by ____ your portable ____ concurrently?
 ____ many devices are ____ to ____ a ____ mobile ____ one day?
 Is it possible ____ multiple ____ share one mobile ____ if you ____ ?
 ____ tell ____ many ____ have ____ mobile hotspots created ____ your portable ____ .
 How ____ people can ____ mobile ____ a portable ____ ?
 ____ many ____ are able ____ routers's mobile ____ network simultaneously?
 ____ many ____ use a ____ router's ____ hotspots in a single ____ ?
 How ____ different ____ connect to ____ portable hotspot at ____ ?
 How many people can ____ network from ____ a time?
 Multiple devices using one ____ simultaneously, ____ you ____ to ask ____ portable ____ .
 Do ____ portable ____ support ____ one connection to ____ mobile ____ ?
 Can ____ portableRouter ____ is created ____ mobile device ____ multiple ____ same?
 ____ use your ____ Router's mobile hot spot, ____ devices ____ use ____ ?
 How ____ use a ____ mobile device network at ____ same ____ ?
 Can your portable routers ____ to ____ mobile ____ ?
 ____ people ____ capable ____ portable router's mobile hotspots in ____ go?
 ____ let me know how ____ users have ____ single ____ hot ____ routers.
 The ____ of people who ____ access and use ____ mobile hotspot ____ time ____ Router
 Multiple ____ one ____ hotspot ____ if ____ like to inquire about ____ portable ____ .
 ____ and ____ can use ____ portable ____ mobile hotspots at one ____ ?
 Is ____ possible for ____ same mobile hotspot from ____ portable ____ ?
 ____ devices ____ one mobile hotspot element simultaneously, ____ you ____ portable routers.
 ____ you ____ a ____ that makes a mobile ____ the same ____ come more ____ one ____ it?
 ____ it possible ____ devices to ____ mobile device, ____ have a portable ____ ?
 Tell me ____ to share a single ____ hotspot ____ of your ____ routers.
 Multiple ____ one mobile hotspot element simultaneously, ____ you'd ____ to ____ portable ____ .
 Let ____ know how many ____ users ____ share a ____ generated ____ portable ____ .
 ____ many people are ____ use a ____ mobile hotspot created ____ routers at the ____ time?
 How ____ a ____ router's mobile hotspot in ____ go?
 ____ devices ____ hotspot ____ at the same time, if ____ would ____ to ask about ____
 How ____ can ____ a mobile ____ a portable ____ once?
 ____ many connected ____ you ____ a ____ via your handheld routers?
 Can a ____ of ____ single mobile ____ with their ____ arrangement?
 ____ many ____ can access a ____ mobile hotspot ____ using ____ of ____ simultaneously?
 ____ it ____ use ____ same connection if you're ____ your ____ mobile hot spot?
 ____ give ____ the ____ people ____ use your mobile hotspot ____ the ____ time?
 ____ many ____ allowed to use ____ portable ____ at ____ time?
 Does ____ possible to give ____ users a ____ hot ____ routers on the ____ day?
 ____ curious how ____ can ____ single mobile ____ by your portable routers at one ____ .
 How many ____ you ____ portable ____ hotspots to at any ____ ?
 ____ devices use ____ element simultaneously, can't that ____ your ____ routers?
 Do ____ routers that ____ users on your ____ hotspots?
 ____ portable ____ than one ____ to your mobile hotspot?
 Tell ____ how many ____ are able ____ share a single'mobile ____ routers.
 ____ large of ____ of users ____ able to access a ____ hotspot ____ their portable ____ .
 ____ portable routers ____ with multiple user connections ____ their ____ ?
 ____ tell ____ how many people you can connect ____ mobile ____ at ____ ?
 ____ possible ____ other ____ use ____ portable Router's ____ spot the same?
 ____ you tell me how many people have a ____ created ____ ?

_____ me the number _____ connect _____ devices to your mobile hotspot at the _____
 Can you _____ multiple times _____ mobile hotspot _____ portable _____?
 _____ your portable routers able _____ connections _____ your _____?
 _____ want to _____ the _____ users that have _____ single mobile hotspot _____ your _____.
 _____ using _____ element simultaneously, if you _____ ask about your _____ Router
 How many _____ can _____ the _____ on your _____?
 How _____ users _____ devices are able _____ portable routers's _____ in one _____?
 _____ the number _____ users that have a _____ mobile _____ created _____ your portable _____
 How _____ can use a portable _____ to use a _____ same _____?
 I would like _____ know how _____ mobile hotspots created _____ portable _____.
 If you'd like _____ inquire about _____ portable _____ multiple _____ using _____ mobile _____.
 Could more than _____ same connection on _____ portable _____?
 _____ users can _____ the same mobile hotspot _____ the _____?
 How many _____ use a _____ routers's _____ one time?
 _____ many people _____ your _____ router's mobile hotspots _____ one _____?
 _____ many connected users can use _____ mobile _____ Router?
 _____ devices using one _____ simultaneously, if you'd _____ to ask _____ router.
 _____ users and devices can use a _____ Router's _____ day?
 If _____ have a _____ routers _____ produces a _____ hotspot at _____ time, _____ many _____ you _____?
 How _____ devices can use a _____ routers _____ at the _____?
 _____ know _____ gadgets can join _____ your mobile hotspots?
 How _____ devices _____ allowed _____ use _____ portable Router's _____ at _____?
 Is _____ to access _____ internet _____ different _____ of _____ on _____ same _____ routers's wireless _____
 _____ of a network _____ users are able to access and use _____ single _____ routers?
 I _____ devices use the _____ connection _____ portable Router's _____ hot spot.
 _____ many people are able _____ access the _____ using _____ portable Router.
 What number _____ able to _____ a _____ mobile hotspot created _____ any _____ your _____ concurrently?
 _____ devices can _____ a _____ router's hotspot _____ once?
 _____ the number of users that have a single _____ hotspot _____ routers.
 How many users or devices _____ single mobile _____ your _____ routers at the same _____?
 _____ more than one _____ at _____ same time using the _____ connection _____ by _____
 How _____ people _____ and _____ mobile hotspot at one time, _____ routers.
 Can _____ use your _____ hotspots _____ the _____ time?
 How many _____ would _____ for _____ single mobile hotspot via _____ handheld _____?
 _____ it _____ for _____ of users _____ access _____ mobile hotspot _____ their portable device _____?
 Is it possible _____ more than _____ device to _____ from _____ portable _____?
 _____ people are _____ to share _____ mobile _____ once?
 How many _____ share _____ mobile _____ at _____ time?
 _____ devices use the _____ if you _____ portable _____ hot spot.
 _____ many people can _____ use the _____ hotspot _____ using any _____ router?
 Is it _____ multiple users _____ connected to your mobile hotspot _____ time?
 If you want to _____ about your portable routers, multiple _____ one _____ element _____.
 Is _____ maximum _____ of _____ devices, users, _____ users accommodated _____ a single _____ through _____?
 _____ many devices _____ allowed _____ use _____ portable _____ a time?
 _____ it _____ you _____ me _____ many users _____ a single mobile hotspot _____ by your portable _____.
 _____ like to ask about _____ portable router, Multiple _____ element simultaneously.
 Is it possible _____ connect more than _____ at the _____ time _____ the _____ connection provided _____?
 _____ many _____ users _____ use a _____ on your portable _____?
 _____ devices _____ users are _____ use a portable _____ at one _____?
 _____ the same _____ hotspot created by your _____ device arrangement?

If you are using _____ portable _____ may _____ use the same connection?
 I'm _____ many _____ can _____ single _____ by using your portable routers.
 _____ many users _____ be _____ to access and _____ a single mobile hotspot _____ using _____?
 If a portable _____ is _____ a mobile _____ can _____ a _____ one?
 Does _____ portable _____ users to connect their _____ same time?
 How _____ connected _____ can have _____ on your portable _____?
 How _____ can _____ connected at once to _____ Hotspot?
 Multiple devices _____ hotspot _____ can't that be done _____ your _____?
 How many _____ can use _____ network from _____ portable _____ at _____?
 _____ you _____ number _____ users _____ connect _____ devices to _____ mobile hotspots _____ the same time?
 _____ many users access _____ same mobile _____ by your _____?
 _____ connected people can _____ your portable _____ share _____ mobile _____?
 _____ connected _____ can use _____ to access a _____ hotspot?
 If you _____ your _____ Router's _____ hot _____ can other devices _____?
 _____ portable routers _____ multiple users _____ connect to their own mobile hotspot _____ same _____?
 _____ it _____ for _____ devices _____ internet _____ the same time using one _____ routers _____ network?
 How _____ people _____ to _____ mobile _____ at the _____ any portable Router?
 How many devices _____ be connected to _____ a _____ time?
 Can _____ use a single mobile _____ portable _____ arrangement?
 How many _____ can _____ connected to your _____?
 How many _____ and _____ allowed _____ your _____ the same time?
 _____ the same time, _____ than _____ device _____ connection produced by _____ hotspot?
 Multiple _____ one _____ hotspot _____ simultaneously if _____ ask about _____ portable routers.
 _____ me how _____ capable _____ are _____ to share _____ single mobile hotspot produced from _____ your _____.
 Is it _____ devices to use your mobile _____ the _____ routers _____?
 How many _____ able to connect _____ your portable _____ time?
 _____ simultaneous _____ of multiple users _____ your mobile _____?
 _____ it possible to _____ users a _____ hot _____ from _____ portable _____?
 _____ am curious _____ many connected users _____ hotspot generated by _____ portable _____.
 _____ possible to access the internet _____ types of _____ on _____ same _____ wireless _____?
 Please _____ me know how _____ users _____ single _____ created _____ portable router
 _____ how _____ capable users are _____ of sharing a single mobile _____ of _____ routers.
 What _____ the _____ of _____ supported by your _____ routers' _____?
 Multiple devices using one mobile hotspot _____ together, _____ you _____ portable _____.
 _____ one _____ element can be done with _____ routers.
 Can _____ tell _____ the _____ of _____ connect their devices to _____ in the _____ time?
 Can you _____ internet with _____ devices on the _____ routers wireless _____?
 Multiple devices _____ mobile _____ element _____ same _____ if _____ like to _____ about _____ portable routers.
 _____ a _____ to _____ multiple _____ single _____ hot spot from your _____ routers?
 If you would _____ inquire about _____ portable routers, multiple devices _____ element _____ the _____.
 _____ provide multiple connections _____ hotspot _____ your portable routers?
 Can multiple _____ share a _____ mobile _____ a _____ Router _____ it.
 _____ possible _____ one device to _____ same connection produced _____ portable network?
 _____ multiple devices _____ one mobile _____ simultaneously be done _____ the _____?
 How _____ and devices _____ able to use _____ router's _____ the _____ time?
 _____ devices _____ users can use _____ portable _____ network concurrently?
 How _____ capable of using _____ hotspot created _____ any _____ your _____ routers concurrently?
 _____ many can _____ for _____ single mobile hotspot _____ routers?
 _____ mobile hotspot _____ can't that _____ done with your portable _____?
 How _____ can access _____ single mobile hotspot created _____ any _____ routers at the _____ time?

How many _____ able _____ use _____ mobile hotspot at _____ using any _____.

_____ your portable routers allow _____ people to _____ same _____?

How _____ users are able to _____ portable _____ once?

Is _____ routers able to support multiple _____ to _____?

How many _____ devices _____ use _____ your _____ hotspot simultaneously?

_____ devices using _____ mobile _____ element simultaneously, _____ that _____ portable routers?

_____ many _____ are _____ use the _____ device network at the _____ time?

_____ many people can use _____ mobile hotspot _____?

_____ many people might be _____ use a single _____ handheld _____?

If _____ portable Router's _____ other _____ use the same connection?

_____ me how many _____ users _____ able _____ hotspot,' produced from one of your _____.

_____ how _____ share a single _____ by using your _____ routers.

_____ possible _____ people can connect to one _____ mobile hotspots _____ the _____?

Is it _____ than _____ device _____ use _____ same _____ by your _____ hotspot?

Can _____ use _____ spot from the portable _____ sell?

If _____ want _____ inquire about _____ routers, _____ using one _____ hotspot _____ simultaneously.

_____ curious how _____ single mobile hotspot _____ by _____ portable router.

_____ many users and _____ are _____ to use _____ mobile _____?

I _____ to _____ how _____ users have _____ mobile hotspots _____ by _____ routers.

_____ the portable routers allow _____ connections _____ mobile _____?

Can multiple _____ have _____ to _____ hotspot?

_____ the _____ if you use your portable Router's mobile _____?

Can you _____ connections _____ your mobile _____ with your _____?

I'm curious _____ many connected users can share _____ mobile _____ your _____.

_____ many users _____ able _____ a single mobile _____ portable routers at the same time?

How _____ you connect to your portable _____ once?

_____ it _____ for _____ than one device _____ use _____ connection _____ by your _____ Hotspot _____ same time?

How _____ can use a portable _____ one go?

How _____ can _____ the portable routers's _____ a time?

Can you tell _____ how _____ people _____ can connect _____ one time?

How _____ devices can be connected to the _____ same _____?

_____ are _____ use portable wi- Fi. How _____ can _____ one _____?

Can _____ portable routers _____ sell allow _____ the _____ one?

_____ different _____ have connected to a portable _____ simultaneously?

How many _____ access and use _____ mobile _____ at the _____ time, _____ portable Router.

_____ can use _____ portable hotspots at once?

_____ devices _____ allowed _____ connect _____ the portable _____ at the _____ time?

Is the maximum number _____ devices, users, _____ users _____ on _____ via your _____?

_____ many people _____ use _____ portable _____ for _____ at _____ single time?

How many people _____ hotspot to at a time?

How _____ can be _____ to _____ portable _____ hotspot?

_____ tell _____ users have a single _____ created _____ your portable routers _____ to their _____

_____ many people can _____ a single _____ created by _____ portable routers _____ the same time?

_____ users are capable of sharing _____ mobile hotspot _____?

Can _____ portable _____ support multiple _____ to _____ mobile _____?

Is it possible _____ single mobile hot _____ your portable _____?

How _____ people _____ mobile hotspot at the same _____ using _____?

_____ for multiple devices using _____ hotspot element _____ to _____ done with your _____?

_____ can be connected to the portable _____ at _____?

Multiple _____ mobile hotspot _____ simultaneously if _____ like to _____ about _____ routers.

It is possible _____ multiple users _____ mobile hot _____ your _____ on _____ same day.

_____ many _____ are able _____ a portable hotspot at _____?

_____ curious how _____ connected users _____ single mobile Hotspot _____ by _____ portable _____.

Is it _____ with different _____ of devices on the same portable router's _____?

I'm _____ how _____ users can share a _____ mobile hotspots _____.

_____ many _____ your mobile _____ at _____?

How many people _____ hotspot at _____ time using any _____?

Can _____ tell me _____ people will _____ able to connect _____ devices _____ your _____ once?

Would _____ be _____ more _____ device _____ use _____ same connection _____ by your portable _____?

I want _____ how many _____ a single _____ hotspot _____ is _____ your _____ routers.

_____ how _____ users have _____ single mobile _____ created _____ your portable _____.

What number of users _____ access _____ utilize _____ hotspot created using _____ your _____ routers _____?

_____ have a portable router that can produce a _____ hotspot at _____ many _____ need?

How many _____ can _____ Router's mobile hotspot _____ one _____?

Do _____ portable routers allow multiple _____ be _____ mobile _____ the _____ time?

_____ portable routers _____ than _____ connection to their _____ hotspot?

Can _____ portable routers give _____ to _____ mobile _____?

_____ devices using _____ mobile _____ simultaneously, if you _____ to ask _____ the _____.

Can you _____ number of people who will _____ to connect _____ to _____ mobile hotspot _____ time?

_____ devices _____ one mobile _____ simultaneously, if you would _____ about _____ routers

Multiple devices _____ mobile _____ element simultaneously, _____ you'd like _____ ask _____ portable _____.

_____ you _____ portable _____ that produces a _____ hotspot _____ the same _____ devices will _____ it?

How many _____ devices _____ mobile _____ via your handheld _____?

Can _____ portable Router that is used for _____ connect _____ devices _____?

_____ it possible for more _____ device _____ connect at _____ time _____ same _____ by _____ portable hotspot?

_____ inform me how _____ users _____ a _____ mobile hotspot _____ your _____.

How many simultaneous _____ be _____ with your portable _____ mobile _____?

Does _____ portable _____ allow _____ to connect at _____ same _____?

How many devices _____ use _____ hotspots _____ one time?

Is _____ possible _____ offer _____ a single _____ from your portable _____?

Could _____ be more _____ one device _____ the same _____ the same _____ provided _____ portable _____?

How many people _____ able _____ a _____ routers mobile hotspot _____?

How _____ devices and _____ use _____ hotspot _____ once?

_____ more than one _____ connection as your portable _____?

Tell _____ how many devices are _____ of sharing _____ hotspot _____ from _____ of _____ routers.

_____ users can _____ have use _____ mobile _____ at the same _____?

_____ routers _____ than one connection to a _____ hotspot?

How many _____ or _____ by _____ hotspot from your portableWiFi _____?

_____ many users _____ access and use a single mobile hotspot _____ of _____ routers?

How many different _____ to _____ hot spot at _____ time?

Could _____ than one _____ the same connection provided _____ your _____ hotspot?

Tell _____ many _____ users _____ a single mobile _____ connection from one _____ portable routers.

_____ are people _____ portable _____ How many can _____ at _____?

_____ devices share _____ device if you _____ portable Router?

How _____ access _____ single mobile _____ any of your _____ routers at the _____ time?

I'm _____ how _____ users _____ share _____ single mobile _____ generated by your _____.

If _____ router _____ a _____ hotspot at the same _____ how come _____ than one _____ it?

_____ portable _____ allow multiple _____ to connect at the _____?

_____ many simultaneous _____ there be in _____ portable _____ hotspot _____?

_____ me _____ many capable _____ to _____ a single _____ hotspot, produced from _____ your portable routers.

How many _____ a _____ router to use a _____ network _____?

How _____ will _____ accept for _____ single _____ via your handheld _____?

_____ people are capable _____ sharing _____ hotspot at _____?

_____ you're using _____ with a mobile _____ may other _____ same connection?

_____ portable _____ allow _____ users to _____ to _____ mobile _____ at the same _____?

How many _____ and users are _____ a _____ in _____ go?

Do your portable routers _____ their own _____ hotspot at _____?

_____ people _____ able _____ use a portable router's mobile device _____ time?

How many _____ users can share _____ on _____ portable _____?

How many devices are able _____ mobile _____ at _____ same _____?

_____ able to use the mobile hotspot at _____ time, using _____.

Multiple _____ using _____ element _____ you'd like _____ ask about your _____

_____ your portable _____ allow multiple users _____ to _____ at the same _____?

_____ me how many devices _____ capable of _____ a _____ one of _____ routers.

Can multiple devices _____ connected to _____ hotspot _____ the _____?

_____ some of your _____ use _____ mobile _____ your portable _____?

How _____ people _____ a portable routers's _____ hotspot _____ one _____?

_____ of _____ is allowed on _____ made by your _____ routers?

_____ your portable routers support _____ than _____ connection to _____?

If you'd like _____ about _____ routers, _____ devices _____ one mobile hotspot _____

_____ many _____ are able to _____ and use _____ mobile hotspot _____ using _____ portable _____

How many _____ connections _____ be established _____ devices _____ router's mobile _____ network?

_____ people are _____ the _____ hotspot _____ the same time _____ a _____ Router

How _____ can _____ a _____ hotspot in a single _____?

How _____ people _____ use a mobile _____ routers.

Please _____ have _____ hotspot created by your portable routers in addition _____ their connected _____.

_____ is the _____ concurrent connected _____ by your portable _____ hotspot?

_____ people are able _____ use a _____ at the _____ time?

How many people are able to _____ the mobile _____ using any _____ routers

_____ multiple devices _____ device if you have a _____

How many devices and _____ portable hotspots at _____ same _____?

_____ your portable routers _____ multiple _____ on _____ hotspots?

_____ able to access _____ utilize _____ single mobile _____ created using _____ of your portable _____

simultaneously?

_____ people _____ hotspots on your portable routers?

Can _____ use your _____ routers to Multiple _____ using one _____?

_____ me _____ many capable _____ will be able _____ share _____ single _____ produced _____ of _____ portable routers.

_____ you _____ how many _____ connect their _____ to your mobile _____ at the _____?

Tell me _____ many capable _____ are _____ a single mobile _____ your _____ routers.

_____ many people can use a _____ at _____?

How large of a _____ users _____ able to use _____ created _____ portable routers

_____ there a _____ to _____ a _____ mobile _____ from your portable _____?

_____ interested in _____ users have _____ single mobile _____ your portable routers.

_____ are able _____ portable _____ mobile hotspot at once?

_____ for _____ devices to use your _____ the same time?

_____ many users can use _____ created using _____ of _____ portable _____?

_____ multiple devices _____ one mobile hotspot _____ simultaneously _____ your _____?

Do you know _____ use a mobile network _____ routers?

_____ people can _____ the mobile hotspot _____ same _____ using _____ portable Router that you _____?

How _____ users are able _____ access and _____ mobile _____ any of _____ portable _____ concurrently?

____ tell me ____ many users ____ a single ____ created by your ____ with _____.
 If ____ portable routers that ____ hotspot ____ the same ____ many other devices ____ it?
 If you have a portable router that _____ the ____ time, ____ many other _____?
 _____ users and devices are able _____ a _____ mobile ____ in one ____?
 Can the portable ____ give _____ than _____ to _____ hotspot?
 _____ curious _____ connected users can ____ a ____ mobile _____ your portable ____
 Is it ____ to do multiple devices ____ one mobile _____ your _____?
 If you have a _____ with a mobile _____ may _____ same ____?
 How ____ people are ____ to access _____ mobile _____ one ____ using any portable ____?
 Can ____ tell me the ____ of people _____ connect _____ mobile hotspot ____ same time?
 _____ devices _____ attached to one ____ your portable router ____?
 _____ many _____ be ____ to the ____ router's _____ the same time?
 Could other _____ same _____ using your portable ____ mobile hot ____?
 How many _____ to ____ a _____ on your portable ____?
 Can there be simultaneous _____ users _____ mobile ____?
 _____ many _____ a portable Router's mobile ____ in one ____?
 Does _____ routers support more _____ connection to your _____?
 _____ portable mobile hotspot _____ establish a ____ of simultaneous connections _____
 How many devices ____ allowed _____ Hotspot ____ a time?
 How _____ use _____ router's ____ hotspot?
 It's ____ to give _____ single _____ spot ____ your portable routers on _____ day.
 How many people ____ devices ____ use _____ hotspot ____ using any ____ your portable _____ the same ____?
 Could more than one device _____ same time with the _____ provided ____ your _____?
 Do _____ multiple users to connect _____ hotspots ____ the same time?
 How many users ____ devices ____ use a ____ router's _____ at _____?
 ____ your _____ allow ____ users to ____ to _____ mobile network ____ the same ____?
 _____ are people _____ many ____ they use at once?
 How _____ and devices can your _____ accommodate ____?
 _____ of connected devices, users, _____ accommodated ____ a single ____ your handheld router?
 What is the amount ____ simultaneous connected _____ by your _____?
 _____ simultaneous ____ can a portable hotspot ____?
 I'm ____ how many connected users _____ mobile hotspots ____ by your _____.
 _____ are allowed _____ portable ____ Hotspot at a time?
 _____ many devices _____ to connect ____ your _____ at once?
 _____ people using ____ wi- ____ how _____ they ____ at ____ same time?
 _____ devices ____ one mobile hotspots _____ same _____ you would ____ to ask _____ portable Router.
 _____ many people are ____ to _____ mobile ____ at the same _____ routers?
 How many ____ can _____ your portable network?
 _____ to give ____ users a single mobile ____ spot from your portable _____ the _____?
 _____ many users can ____ a _____ hotspot ____ using any _____ portable ____ simultaneously?
 _____ can ____ connected to ____ portable ____ hotspot at ____ time?
 Multiple devices using _____ simultaneous, can't that _____ with _____ routers?
 Is _____ for more than one device to use _____ same _____ by ____ portable _____ the ____ time?
 ____ it ____ for ____ devices ____ use ____ same connection _____ using your ____ Router?
 How _____ network of _____ to use ____ single mobile hotspot ____ your ____ routers.
 _____ people or ____ are ____ on ____ single mobile ____ from ____ portable ____?
 How large of ____ network of users _____ and ____ a _____ hotspot _____ portable router
 Does your portable router _____ multiple ____ to _____ same ____?
 _____ multiple people ____ simultaneous connections to _____?
 Multiple ____ using one mobile _____ simultaneously, can't it _____ your _____?

____ many devices are ____ to ____ portable routers's ____ a given ____
 I'm curious ____ a single mobile hotspots ____ your portable ____.
 ____ you ____ multiple ____ same ____ connect to your portable hotspot?
 How many people and ____ supported ____ a ____ from ____ portable ____?
 ____ you ____ connections to the mobile ____ your portable ____?
 ____ tell ____ if ____ possible ____ a ____ mobile hotspot from ____ portable routers?
 ____ you ____ portable ____ for ____ mobile device, can ____ connect multiple ____ same?
 ____ it possible for multiple ____ have ____ spot ____ your portable routers?
 ____ come more than one ____ mobile hotspot if you ____ your ____ producing it ____ same ____?
 How large ____ are able ____ access ____ single ____ hotspot created using ____ portable routers
 ____ like to ____ how many users have a single ____ their ____.
 ____ let me ____ number ____ users with a ____ hotspot created ____ router.
 ____ am curious about ____ connected users can ____ hotspots generated ____ portable routers.
 How many ____ can access a ____ created ____ of ____ portable routers ____?
 How many ____ can access ____ mobile hotspot created ____ any of ____ routers ____ same ____?
 ____ is ____ limit ____ simultaneous connections allowed on your portable ____ created ____?
 Can ____ share ____ mobile ____ you ____ portable ____ created for a mobile device?
 How many people ____ mobile ____ spot ____ your portable ____?
 I'm ____ how ____ can share ____ mobile hot spot ____ by ____ routers.
 How many ____ and ____ are able ____ use ____ mobile ____ network ____?
 ____ of a network ____ able ____ use a ____ mobile ____ using their portable routers.
 ____ devices and ____ to ____ a portable ____ mobile hotspot in a ____?
 Multiple ____ hotspot element at the same time, ____ be ____ portable router?
 Can the ____ routers you ____ allow ____ to ____ your ____ spot?
 Can ____ you sell ____ multiple ____ to ____ the same ____?
 Could there be more ____ device ____ the same ____ the ____ by your ____ hotspot?
 ____ many ____ are capable ____ connecting ____ your portable ____ at ____ time?
 ____ mobile ____ element simultaneously, if ____ want to ask ____ your ____ router
 ____ you give ____ of ____ single ____ with your portable ____ arrangement?
 It's ____ to ____ multiple ____ a single mobile ____ from your ____.
 If you ____ your portable router producing ____ mobile hotspot at ____ many ____?
 Can ____ of users access ____ single mobile ____ with ____ portable ____?
 Can multiple ____ mobile ____ element ____ be done with ____ portable ____?
 ____ it ____ for a ____ users to ____ lone mobile hotspot ____ device arrangement?
 You ____ devices would look like if ____ portable ____ producing ____ mobile hotspot at the ____ time
 Can ____ tell me ____ many ____ can be ____ your ____ hotspots ____ any ____?
 Can ____ share a ____ device that ____ a portable Router?
 ____ more than one ____ at ____ time ____ the ____ connection provided by ____ portable ____?
 ____ people can ____ your ____ at once?
 ____ tell me ____ users who ____ able to use ____ hotspot at the ____ time?
 How many people ____ portable ____ for a mobile ____?
 ____ the portable routers give ____ multiple ____ their ____?
 How ____ devices and ____ use a portable ____ at one ____?
 ____ large of a ____ users can access and ____ mobile ____ with your ____ routers
 What is the ____ of ____ your ____ mobile hotspot?
 Can a portable Router ____ mobile ____ devices ____ the ____?
 When ____ use ____ routers, how ____ devices can ____ my mobile ____?
 ____ lots ____ access a ____ hotspot with your portable ____?
 Can ____ portable ____ support more ____ to your ____ hotspot?
 Can ____ share a ____ mobile device ____ are ____ for a ____?

How many users _____ access _____ single _____ hotspot created using any of _____ routers?
 _____ maximum number of connected devices for _____ mobile _____ routers

Tell _____ how many _____ users are able _____ share _____ hotspot' _____ from one _____ your _____
 _____ many _____ and users are _____ use _____ mobile _____ at _____?

Is _____ possible to use different types _____ on _____ routers's _____?

Do _____ know how _____ capable users are _____ to _____ a _____ mobile _____ produced _____ your portable _____?

How many _____ are allowed _____ to _____ portable _____ hotspot _____ any _____?
 _____ your _____ users or devices to _____ your _____ hotspots in _____ trip?

How _____ are _____ to _____ network from _____ portable routers _____ a _____ time?
 _____ it possible that other _____ use the _____ connection _____ you _____ using _____ routers mobile _____?

Is it possible _____ multiple _____ a single _____ spot from _____ portable _____ time?

A _____ hotspot network can have _____ are _____ by _____ portable.

Can you _____ devices at _____ to _____ to _____ mobile _____ created _____ your portable _____?
 _____ to ask _____ your _____ devices _____ one mobile hotspot element simultaneously.
 _____ tell _____ of people _____ can _____ their _____ to _____ mobile hotspots _____ the same time.

How many connected devices can you _____ routers _____ single _____?

If _____ own _____ portable _____ created for a _____ device, _____ connect _____ devices to the _____?

How many _____ or devices are able _____ access _____ hotspot created _____ your _____ routers _____?

If _____ have _____ Router _____ for a _____ device, can it _____ the same
 _____ tell me _____ number of _____ can access _____ mobile hotspot _____?
 _____ large of a _____ of _____ able to access and _____ single _____ hotspot _____ portable _____
 _____ users are _____ use a _____ mobile hotspot in one day?

Tell me how many _____ able _____ share _____ hotspot _____ one of _____ portable routers.

How _____ can use _____ portable _____ hotspot _____ the _____ time?
 _____ gadgets can connect _____ you portable hotspot _____ the _____?
 _____ tell _____ the number _____ be able to connect _____ devices to _____ mobile hotspot at _____?
 _____ people can you _____ portable routers's _____ hotspot to _____ one _____?

How _____ connected users _____ a _____ hotspot using _____ routers?

How _____ devices _____ connected to a portable _____ at _____?
 _____ many _____ are able to _____ a _____ routers's _____ device _____ at _____ same _____?

Does _____ users to connect at the _____ time? _____ many?
 _____ you accommodate _____ and their devices _____ single mobile _____?
 _____ you able to tell me _____ of people _____ connect _____ devices _____ your mobile _____?

Multiple _____ one _____ hotspot element _____ you _____ to ask about the portable routers.
 _____ are able _____ portable _____ hotspots at the exact same time?

Is it possible that multiple _____ mobile device _____ you _____ Router?

If _____ about your portable routers, there are multiple _____ one _____ element simultaneously.
 _____ many _____ are _____ same _____ network at the same time?

Multiple _____ using _____ element at _____ same _____ you _____ to _____ about your portable router
 _____ network _____ are able to access a _____ hotspot _____ their portable routers.

How many _____ can you connect _____ to at one _____?

If _____ is created for _____ can it _____ multiple devices to _____?
 _____ you _____ portable routers that is _____ mobile device, _____ it _____ devices to _____ same?
 _____ many people are able to _____ a _____?
 _____ many _____ have on a _____ mobile hotspot network?
 _____ capable users _____ to _____ a single mobile hotspot, _____ from one of _____ portable routers.

How many _____ access _____ use a single mobile _____ of _____ portable routers _____ once?
 _____ many people are _____ portable router's _____ hotspots at one _____?
 _____ it possible _____ give _____ a single _____ hot spot _____ portable
 How _____ capable users are able to _____ a _____ of your _____ routers?

multiple devices _____ element, _____ that be _____ with your portable _____?

_____ that other devices will use _____ connection if _____ portable Router's mobile hot _____?

Do _____ many _____ connections can be _____ between _____ devices and _____ portable _____?

_____ a portable _____ hot spot network have?

_____ would _____ to _____ many _____ have _____ created by your portable routers.

How many connected _____ can _____ routers accommodate _____ single _____?

_____ devices _____ the same mobile hot spot _____ you _____ portable _____?

_____ devices _____ to _____ the portable routers's hotspot _____ once?

_____ devices using one _____ hotspot _____ simultaneously, _____ like to ask _____ router.

Can multiple _____ same _____ Router's _____ network?

Is it possible that _____ one _____ use the _____ produced _____ portable _____ at _____ same time?

I'm curious _____ connected _____ can _____ a _____ mobile _____ from _____ portable _____.

Do _____ routers allow more than _____ person to connect to _____ mobile _____ same _____?

How many users _____ your _____ share a _____ hotspot?

_____ you _____ to ask about your portable router, multiple _____ using _____ the same _____.

Is it possible _____ can use _____ hot _____ the _____ you sell?

_____ it possible to _____ users _____ mobile _____ from your portable _____?

_____ portable _____ allow _____ users to access their _____ hotspot _____ same time?

If you _____ using the _____ Router's mobile _____ spot, _____ use _____ connection?

_____ users _____ same mobile hotspot that _____ created?

_____ devices _____ hotspot element _____ if _____ would _____ ask concerning _____ portable routers.

_____ many _____ can use _____ Router to _____ the _____ hotspot _____ one _____?

How _____ people _____ be _____ a single _____ via _____ handheld routers?

_____ can _____ a mobile _____ at a _____ a portable routers?

How _____ devices might _____ be _____ to _____ for a _____ via _____ routers?

How many _____ able to _____ mobile hotspot _____ time?

How many _____ can _____ a portable routers _____ single _____?

If you _____ like to inquire _____ multiple _____ using _____ mobile _____ simultaneously

How _____ can use a portable router to _____ network _____ the _____?

Can a _____ of _____ a _____ hotspot _____ your compact wireless _____?

How _____ devices are _____ to _____ the portable routers _____ once?

_____ you're using your _____ mobile _____ other devices use it _____?

_____ it possible to do _____ devices _____ one mobile hotspot _____ your _____?

How many _____ use a portable router's _____ network at _____ time?

How many different _____ can you _____ to _____ simultaneously?

How _____ users can use a portable _____?

If _____ routers, _____ using one mobile hotspot element at the same time.

How many _____ to _____ the _____ at the same time _____ router?

_____ many devices _____ users can use a portable _____?

How _____ users _____ able _____ use a portable _____ mobile _____ at _____?

If _____ is _____ created for a mobile device, can it _____ multiple devices _____?

_____ me the number of capable _____ can _____ one of your portable routers.

How many devices or _____ can _____ in one go?

_____ people are able _____ the mobile _____ the same time, using any portable _____?

How many users can _____ portable _____ the same _____?

_____ many devices can _____ router's mobile hotspot _____ the _____ time?

Can _____ let a _____ of people access _____ mobile hotspot _____ arrangement?

How _____ users are able _____ a single _____ created using any of your _____ routers _____ the _____?

Please _____ me know how _____ single _____ hotspot _____ created by your _____ routers.

Can multiple devices _____ mobile device _____ you _____ a _____ Router _____.

How many people can _____ a single _____ created _____ any _____ your _____ at once?

Can _____ portable _____ some _____ use your mobile _____?

Is it _____ devices _____ mobile hot spot _____ the _____ Router _____ sell?

How many people _____ you have _____ to your _____ at once _____?

Multiple devices using one mobile hotspot _____ at _____ you _____ ask about _____ portable _____.

_____ devices _____ be connected _____ portable _____ Hotspot at a _____?

Is _____ use the _____ with different types _____ devices _____ same portable _____ network?

How _____ supported _____ a single _____ hotspot from your portable WiFi _____?

_____ many devices _____ able _____ a portable _____ mobile hotspot at _____?

_____ request _____ users _____ a single mobile hotspot created by your _____ routers.

How many devices and users _____ able to _____ the same _____?

How many users _____ devices _____ to access _____ hotspot _____ of your portable _____ at the same time?

_____ many _____ devices _____ you have connected _____ hotspot at _____ time?

_____ you connect _____ router's mobile _____ to at a _____ time?

Is it possible _____ your _____ routers to _____ connections _____ your _____?

How _____ users can use _____ router's _____ device _____ same time?

_____ possible _____ provide multiple users with _____ single _____ spot _____ your _____?

Can _____ devices _____ hotspot element simultaneously _____ done _____ portable Router?

Can many _____ mobile hotspot created by _____?

_____ many _____ can _____ and utilize a _____ mobile hotspot _____ any of _____ routers _____?

Can your portable router _____ more than _____ connection _____?

_____ it _____ than one _____ use the _____ by your portable hotspot _____ the same _____?

_____ it possible to _____ connected to your _____?

Multiple devices using one _____ element _____ can't that _____ done _____?

I would appreciate _____ you could tell me _____ have _____ single mobile hotspot _____.

How many users _____ use a _____ mobile _____ of _____ portable routers?

_____ devices use _____ same _____ if _____ using _____ mobile hot spot?

_____ can share your _____ hotspot at a _____?

_____ mobile hotspot element simultaneously, _____ that _____ with your portable routers?

_____ portable _____ mobile hot spot, _____ other _____ use it?

_____ able to use a mobile hotspot on _____ portable _____?

_____ know _____ your portable routers allow multiple users _____ connect _____ their _____ same time?

_____ many _____ access the _____ created by your compact _____ device _____?

Can _____ be _____ than one device _____ at the _____ using _____ same _____ portable hotspot?

_____ users _____ devices _____ use a _____ mobile _____ at _____ same time?

_____ curious _____ many _____ a single _____ hotspots _____ by your portable routers.

How _____ devices _____ to the same _____ hotspot?

How _____ people _____ able to access and use _____ mobile _____ at the same _____.

Is _____ to _____ more _____ one _____ the same _____ provided _____ your _____ hotspot?

_____ many people or _____ are supported _____ a _____ from your _____ routers?

_____ devices _____ one _____ hotspot element at _____ same time, _____ want to ask about _____.

How _____ use _____ mobile hotspots _____ the same time?

How _____ and _____ able _____ hotspot at the same time?

Can _____ connection if you _____ a portable hot spot?

_____ devices using _____ mobile hotspot _____ concurrently, can't it _____ portable _____?

How _____ people can _____ a single mobile hotspot created _____ of _____ portable _____ at _____?

How _____ users and _____ are able to _____ a _____?

_____ routers _____ let multiple devices use _____ mobile hotspot?

If _____ your _____ spot, could other devices _____ same connection?

_____ many _____ use _____ portable hotspot _____ the same time?

If _____ portable _____ for your mobile _____ spot, may _____ devices _____ connection?
 _____ devices can your _____ for a single _____ hotspot?
 _____ large _____ a _____ of _____ access _____ single mobile hotspot _____ your _____ routers.
 _____ you _____ allow _____ devices _____ use the same mobile hotspots?
 _____ to _____ how many _____ users are able to _____ a _____ your portable routers.
 _____ users can share _____ at once?
 How many _____ are _____ use a single mobile _____ created _____ of your _____ routers _____ the _____?
 Can you tell _____ people _____ are _____ single mobile hotspot?
 Tell _____ many devices are _____ sharing a single mobile _____ your _____.
 _____ be simultaneous connections _____ multiple users using _____?
 _____ and devices can use _____ portable _____ hotspot at _____?
 How many _____ devices _____ able to use _____ single _____ created _____ any of your _____?
 _____ would like _____ ask _____ routers, multiple devices using one _____ at the _____ time.
 _____ it _____ give _____ users one mobile hot spot from _____?
 _____ can get _____ of your mobile _____ at once?
 How _____ people _____ able _____ use the _____ time, _____ a portable Router.
 Multiple devices _____ one _____ simultaneously _____ done with your _____ router?
 _____ wondering how many _____ can _____ hotspot by using _____ portable routers.
 _____ many _____ and devices _____ use _____ router's _____ hotspot _____ the _____ time?
 How _____ people _____ supported _____ single _____ from your portable _____ routers?
 How _____ users and _____ are able _____ use a _____ hotspot _____ a _____?

 If you'd like _____ routers, _____ devices use _____ hotspot element.
 _____ many people are able _____ hotspot _____ one time _____ portable Router.
 Can many users _____ with _____ portable device arrangement?
 How _____ people _____ able _____ the mobile hotspot at one _____ using _____ routers?
 _____ for _____ devices to use the same _____ from _____ device?
 _____ many people _____ portable router's _____ hotspot at _____ same _____?
 _____ multiple people _____ to connect to _____ mobile hotspots _____?
 _____ you _____ multiple devices to _____ it at the _____ time?
 _____ many users can _____ hotspot?
 Is it possible _____ a single mobile _____ your portable _____?
 How _____ devices can be _____ the portable _____ Hotspot _____?
 I'm _____ how _____ a single mobile _____ generated by _____ routers.
 If you are _____ your _____ spot, _____ other _____ use the _____ connection?
 Do _____ portable routers _____ have _____ multiple _____ the _____ hotspot?
 _____ your portable routers support _____ one connection _____ mobile _____?
 How many _____ you have _____ to _____ hotspot?
 How many people _____ able _____ a single _____ hotspot _____ any of your _____?
 Can you _____ the number _____ who can use _____ hotspot at _____?
 Can _____ use _____ mobile hotspot _____?
 _____ users can _____ routers mobile device network _____ same time?
 _____ people are _____ connect _____ your portable hotspot at _____ same _____?
 Can you _____ the _____ of users that you _____ have connected _____ mobile hotspot _____?
 How many _____ use a portable Router's _____ hotspot at _____?
 _____ many users _____ to use a _____ mobile _____ concurrently?
 How many _____ can _____ to _____ portable router's mobile _____ at _____?
 _____ portable _____ connect multiple _____ to _____ same _____ for _____ mobile device?
 I'm _____ to _____ can share _____ hotspots from your portable routers.
 Does your portable _____ allow multiple _____ their _____ at the same _____ many?

If you ____ your portable routers producing a ____ at ____ time, ____ many ____ devices ____ ?
 ____ you ____ to your mobile ____ your portable router?
 ____ other devices ____ hot spot ____ you're using ____ portable Router?
 ____ are able ____ use ____ mobile network from a portable ____ at ____ ?
 If ____ your ____ spot other devices may use ____ connection
 ____ many ____ can ____ a portable router's mobile ____ network?
 How ____ share a single mobile hotspot ____ portable ____ ?
 ____ one device connect at the same time ____ provided by ____ hotspots?
 ____ can ____ a portable routers's ____ in one day?
 ____ curious how many users ____ single mobile ____ your portable routers ____ .
 ____ fit ____ their devices on a ____ hotspot?
 ____ inquire about ____ portable routers, ____ devices ____ one mobile hotspot element ____ .
 How ____ connected ____ can ____ mobile ____ your portable router?
 How ____ people are able to ____ the mobile hotspot ____ time, using ____
 ____ devices use ____ if you're ____ your portable Router's ____ hot spot?
 I would appreciate ____ if ____ could tell me ____ created by your portable routers.
 How ____ devices and users ____ use a portable ____ one ____ ?
 How ____ users ____ a portable router's mobile hotspot ____ one go?
 Can you ____ how many ____ have a single ____ created ____ portable ____ ?
 How many ____ connect ____ portable routers's ____ at the ____ ?
 Multiple ____ one mobile ____ element ____ can't ____ be ____ with ____ routers?
 ____ some devices ____ mobile hot ____ from your ____ ?
 ____ your portable ____ allow multiple ____ or devices ____ connected to ____ at ____ same ____ ?
 ____ might ____ accommodate for a single ____ hotspot via ____ routers?
 Multiple ____ using one mobile ____ can't you do ____ portable ____ ?
 If ____ portable Router ____ for ____ mobile ____ can ____ connect multiple ____ to the ____ ?
 Multiple ____ one ____ at the ____ time, ____ you ____ like to inquire about ____ portable ____ .
 Multiple devices ____ one ____ hotspot ____ the same ____ if ____ would like to ____ portable ____ .
 How many ____ able ____ use ____ mobile ____ at ____ time
 ____ how ____ the same mobile ____ generated by your ____ routers.
 ____ devices with ____ hotspot ____ simultaneously, if you ____ to ask about ____ .
 ____ many ____ to use a ____ router's mobile ____ in ____ go?
 Tell ____ how ____ capable users are ____ to ____ single ____ produced from one of ____ .
 ____ devices are ____ to use ____ portable ____ device network ____ ?
 How ____ able to ____ a portable ____ hotspots in ____ day?
 ____ many people ____ access ____ use the ____ hotspot ____ time using ____ portable ____ ?
 ____ of sharing a ____ mobile ____ produced from one of your portable routers.
 ____ large of ____ are able to ____ a single mobile hotspot ____ portable ____ .
 Is it ____ give multiple ____ mobile hot spot ____ your ____ .
 Does your portable routers ____ multiple users to ____ to ____ ?
 How ____ network ____ users are ____ of using ____ single ____ hotspot ____ using their portable ____ .
 More ____ device could use ____ same ____ your portable ____ .
 How many ____ routers mobile hotspots to at any ____ .
 ____ many people can ____ hotspot created using any ____ your ____ routers concurrently?
 ____ tell me ____ many people can ____ their devices to ____ hotspot ____ ?
 ____ several users to have ____ mobile ____ from your ____ device?
 Can multiple ____ use the ____ network?
 How many ____ and users ____ able ____ routers mobile ____ simultaneously?
 ____ many ____ can ____ connect ____ portable ____ mobile hotspots ____ ?
 How ____ users can share a ____ mobile hotspots generated ____ ?

____ you ____ portable router that is producing ____ hotspot at ____ same time, ____ use it?
 How ____ devices can use a portable ____ hotspot ____?
 Can ____ portable ____ allow ____ to make ____ their mobile ____?
 Do your portable routers have ____ to allow multiple users ____ connect ____ own ____ same ____?
 ____ many devices ____ allowed ____ connect to ____ hotspot at ____ time?
 ____ many ____ can ____ the mobile ____ one time using any portable ____
 ____ using ____ portable router's ____ hotspot at the same time?
 I need to ____ single mobile hotspot ____ by your ____ router.
 ____ many devices and users ____ to ____ the same ____ at the ____?
 ____ your ____ Router ____ a ____ spot, may other devices use ____ connection?
 Multiple ____ may ____ able ____ access the internet ____ same time ____ routers wireless ____.
 Can ____ connections of multiple users in ____?
 ____ devices can ____ connected ____ portable router's hotspot ____ one time?
 Do ____ how many people ____ supported on ____ mobile hotspot ____ portable ____?
 ____ is the ____ of ____ users supported by your ____?
 ____ tell me ____ number ____ users ____ will be ____ their devices to your mobile ____ at ____?
 ____ portable Router created ____ a mobile ____ connect ____ the same?
 Can you tell me ____ people ____ to ____ mobile hotspot ____ one ____?
 Is it ____ to ____ multiple users a single ____ portable ____ the ____ day?
 ____ one ____ could use ____ produced by your portable ____ at the same time.
 ____ let me know ____ have a ____ mobile ____ your portable routers.
 Multiple ____ mobile hotspot ____ simultaneously, ____ done with ____ portable routers?
 How ____ devices ____ connected to ____ at any one time?
 Can you have ____ of ____ to ____ mobile ____?
 Can your ____ routers ____ use ____ hot spot?
 Is ____ possible to give ____ single ____ from ____ portable routers ____?
 ____ your portable routers ____ multiple users ____ connect ____ their ____ mobile hotspot ____ same time?
 ____ number of ____ a mobile network from a ____?
 Is ____ some ____ can use ____ hot spot from ____ portable ____?
 ____ you tell me the number of ____ capable ____ connecting their ____ hotspot at ____ same ____?
 Is it possible for multiple ____ to ____ mobile hotspots ____ time?
 ____ and devices ____ use a portable routers ____ network ____ the same ____?
 ____ hotspot ____ that ____ portable can establish a ____ between users, ____ many
 If you have a portable ____ a ____ it connect multiple devices ____ the ____?
 ____ you ____ me ____ number of people who can connect ____ mobile devices ____ at ____ same ____?
 ____ users ____ are ____ to use a portable ____ hotspot?
 Could more than ____ device ____ the same ____ using ____ connection ____ your portable ____?
 ____ many people ____ you have ____ your mobile hotspot ____ time ____ portable ____?
 Can multiple ____ one mobile hotspots element ____ done ____ routers?
 ____ me ____ number ____ users who ____ connect their ____ mobile hotspot in the ____ time?
 A portable ____ hotspot ____ establish a number ____ simultaneous ____ users ____ their ____ many
 ____ you have multiple users ____ your ____ hotspot ____ time?
 Tell ____ many ____ are ____ of ____ hotspot' ____ from your portable routers.
 ____ you have ____ portable router that ____ a mobile ____ at the ____ time, ____ it?
 How ____ devices are able to ____ portable ____ network ____ the ____ time?
 Is ____ for ____ than one ____ to ____ the same ____ produced by ____ mobile ____ same time?
 How many people ____ access ____ mobile ____ created ____ any of ____ portable ____?
 Can ____ use ____ devices using ____ mobile hotspot ____ done ____ your portable ____?
 ____ users ____ use a portable ____ mobile ____ the ____ time?
 Do ____ know if ____ allow ____ users to connect ____ time?

_____ devices using _____ hotspot element simultaneously if _____ to _____ your _____ routers.
