

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Product specifications and features request
Inquiry Sub-Category	Scalability and expansion capabilities
Description	Customers are interested in learning about the potential for expanding and adding more devices or features to the telecommunications equipment as their needs grow or change.
Data Size	6,757 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ telecommunications _____ accommodate additional _____ features as our requirements _____?

Is _____ add more devices to our _____ over _____?

Could _____ telecommunications _____ handle _____?

Can _____ add _____ to the _____?

_____ _____ for adding more features to _____ equipment _____ needs _____?

Will _____ support _____ or features?

Will the equipment _____ for _____ more _____ increase?

_____ the _____ support new _____?

_____ we add more _____ devices to _____ as our needs _____?

_____ telecom equipment _____ features

_____ telecommunications _____ have the _____ accommodate _____ elements?

_____ telecom equipment _____ us _____ expanding _____?

_____ functions into our phone _____?

_____ telecom equipment handle more _____ when _____ need _____?

_____ equipment _____ for _____ things?

Will _____ telecom _____ handle even _____ we expand?

_____ have capacity to _____ elements _____ or later?

_____ there _____ add more features _____ telecom equipment?

_____ the telecom _____ devices later?

Is _____ room _____ on telecommunication _____?

_____ telecom _____ meet the _____ needs?

As _____ needs grow, _____ possible to _____ features to the _____?

_____ the telecom equipment _____ for _____?

_____ possible _____ telecommunication equipment _____ cater to new _____?

_____ equipment _____ device/feature needs.

Is there _____ way to _____ your telecom _____ requirements _____?

_____ comms gear _____ more _____ specs _____?

_____ requirements _____ telecommunication equipment _____ new _____

_____ adapted _____ expanding needs?

Does your _____ flexibility so that it _____ evolving needs?

_____ telecommunication equipment _____ add more _____?

_____ add more _____ will telecommunications _____?

Can _____ sooner or later?

Will the _____ for feature _____ or for future _____?

As our needs grow, _____ the equipment _____?

_____ we _____ more devices _____ equipment adapt?

_____ telecommunications _____ support _____ devices as _____ grow?

Can _____ accommodate new _____ as _____ requirements _____?

_____ more devices _____ features in _____ telecommunications equipment?

_____ add _____ devices, _____ adapt?

Can the Telecom _____?

Can additional _____ or _____ be accommodated _____ telecommunications _____?

_____ can telecommunications equipment cater _____?

_____ there _____ room _____ for _____ devices _____ the _____ assets?

_____ equipment allow for _____ as demands increase?

The _____ systems _____ to accommodate more _____ in _____ future.

Can telecom _____ we _____?

Is telecommunication _____ we add _____?

_____ telecom _____ additional devices later _____?

Does _____ more devices in the future?

_____ the _____ with adding more devices _____ future?

Can telecom _____ be _____ expand _____?

_____ the _____ the capacity _____ extra devices?

_____ more _____ be _____ telecom setup in _____ future?

_____ the _____ support making _____?

Can the _____ expansion?

Is it _____ for _____ telecom gear to _____ future _____?

_____ it possible _____ features _____ the telecommunications equipment?

_____ the telecom equipment have _____ to _____ devices?

_____ requirements increase, _____ the current _____ more devices?

_____ telecommunications equipment _____ devices _____ features?

_____ telecommunication setup _____ devices in _____ future?

Does _____ equipment _____ the _____ devices?

Does the telecom _____ later?

_____ need a bigger setup, _____ equipment _____ more?

_____ telecommunication systems can accommodate extra devices _____ future?

Is there _____ for _____ telecommunication _____?

_____ telecommunications _____ the capability _____ increasing elements _____ or _____?

Is your _____ future features?

_____ handle more as _____ specs get bigger?

Do you think _____ handle more _____?

_____ telecom gear support _____ on?

_____ can telecommunication equipment _____ new _____?

_____ equipment _____ adapted _____ expand device _____?

_____ telecommunications _____ capable _____ devices as our needs grow?

_____ the _____ systems have the ability to accommodate _____ the _____?

_____ the telecommunications _____ for more device integration _____?

If _____ our _____ does the telecom _____ have the _____?

____ it ____ add extra tools ____ functions ____ gear.
 Does ____ work with ____ or features?
 Will ____ equipment ____ for new things ____ our ____?
 ____ the telecom ____ large ____ to ____ additional devices ____?
 ____ the equipment ____ the ____ have the capacity ____ devices?
 Does the ____ the ____ to support ____ devices?
 Will ____ equipment allow ____ expanded ____ as demand ____?
 Can ____ add ____ devices or features to ____ equipment ____ need ____?
 As ____ grow, can the telecommunications ____ accommodate ____?
 Telecom equipment that can ____?
 Do telecommunication ____ to ____?
 Do the ____ have ____ capacity to ____ in ____ future?
 ____ comms ____ handle ____ our specifications go up?
 Is it possible ____ add ____ to ____ setup?
 Is it possible to ____ equipment ____ in your ____?
 Telecom ____ able ____ needs?
 ____ the telecom ____ for ____ needs?
 We are ____ more ____ so ____ adapt?
 Telecom ____ can be ____ for ____ or ____.
 ____ the ____ gear ____ with ____ expansion?
 ____ telecommunications ____ for device integration as demands ____?
 Is ____ gear compatible ____ later ____?
 ____ the ____ telecom ____ support ____ when we need them ____?
 ____ comms ____ with our growth?
 ____ telecommunication ____ of handling ____ devices?
 Can we ____ more ____ to the ____ equipment as ____?
 ____ it possible ____ more ____ into our telecom ____?
 ____ gear handle ____ gizmos as we ____?
 ____ our requirements increase, will the ____ allow ____ new ____?
 Do you have ____ telecom ____ to ____ to our expanding ____?
 ____ telecom equipment able ____ support ____ devices and ____?
 ____ the ____ equipment capable ____ devices and features?
 ____ use extra ____ the ____ equipment?
 Can ____ gear be ____ future ____?
 Does the telecommunications ____ support ____ devices or ____?
 Is it ____ your ____ can adapt to our ____?
 ____ equipment ____ be ____ new devices or features.
 ____ we ____ to the ____ hardware?
 Is there ____ provision ____ devices ____ the telecom ____?
 ____ functions be incorporated into current ____ gear?
 Is ____ room for new ____ assets.
 ____ the ____ equipment ____ handling ____ or new features?
 Can the telecommunications ____ support ____ as ____?
 ____ add more features or ____ equipment ____ needs grow?
 ____ your ____ additional devices ____ features?
 Is it ____ to ____ functions ____ our ____ hardware.
 Are additional ____ incorporated ____ telecom gear?
 Does the ____ the ____ for ____ we need them ____?
 ____ our requirements ____ the telecommunications ____ all of ____?
 ____ we ____ more ____ the telecom ____?

Is _____ telecommunications equipment _____ to _____ devices _____ features?
 _____ the _____ equipment _____ the capacity _____ devices _____ we expand our _____?
 _____ add-ons _____ current telecom _____?

We want _____ to support more _____ and _____.

If _____ expand our _____ the _____ equipment _____ capacity?

Will the _____ the _____ equipment?
 _____ equipment _____ device/feature requirements.
 _____ requirements _____ the telecommunications equipment _____ of them?

Can _____ more features?

Do _____ the ability _____ more _____ into the telecom _____?
 _____ the telecom _____ be _____ features _____ future _____ needs?

Can _____ hope that the communication _____ able _____ handle _____ gear?

Do _____ flexibility _____ your telecom _____ to adapt to _____?
 _____ the _____ with more devices?
 _____ we _____ devices to our _____?

If more devices _____ the telecommunications equipment handle _____?
 _____ the telecom _____ accommodate more _____ as we _____?

Is _____ equipment capable of _____ devices and _____?

Will _____ accept more _____ as we _____?
 _____ telecom _____ have _____ capacity for more devices _____ need _____?

Does the telecom equipment _____ devices and _____ functions?

Can telecommunication equipment _____?

Can _____ equipment take _____?
 _____ support more features _____ our needs grow?

_____ Will the telecommunications _____ for further _____ integration?

Does _____ telecom gear _____ in _____ future?

Can the _____ more _____ the specs _____ up?
 _____ the telecommunications _____ handle _____?
 _____ it _____ to add _____ devices without a _____ grow?

Is _____ possible to integrate _____ into _____ phone _____?
 _____ our requirements, _____ telecom equipment _____ enough _____ to do it?

Will _____ allow for further _____ integration as _____?
 _____ telecommunication _____ new features?
 _____ it _____ for the telecommunications _____ accommodate additional _____?

As _____ add more _____ telecommunication _____ up?

As _____ expand, can _____ equipment accommodate _____?

As _____ add _____ devices _____ adapt?

If _____ our requirements, _____ the telecom _____ to do so?
 _____ required, could _____ equipment handle _____?

If _____ more _____ devices _____ equipment handle them?
 _____ possible to add more _____ and _____ telecom _____?

As _____ needs grow, will _____ equipment _____ features?

Is it possible to cater _____?
 _____ telecom gear might handle _____ expand.

Can _____ telecommunications _____ accommodate more _____ as _____?
 _____ the current telecom equipment _____ more devices _____ our _____ increase?

Does _____ to accommodate more elements _____ later?
 _____ our _____ expand, can _____ handle it?

telecom _____ take _____ as _____ grow.
 _____ the telecom gear _____ more _____?

Is _____ room _____ more _____ in the _____ setup?
 _____ it possible that _____ telecom gear _____ to _____ needs?
 _____ handle more stuff _____ grow?
 _____ the _____ new devices?
 _____ telecom _____ taking _____ as we _____?
 _____ increase _____ number of devices _____ this _____ equipment?
 _____ it possible _____ your _____ to adapt _____ expanding needs?
 _____ possible to add more _____ grows?
 _____ more _____ gear _____ we expand?
 Is _____ possible to _____ capabilities as the _____?
 _____ the _____ the _____ to _____ devices in the future?
 Can the telecommunications _____ as our _____ grow?
 The _____ equipment _____ able _____ support more _____ our _____ grow.
 _____ add _____ telecommunications equipment as our needs grow?
 Is _____ any _____ for adding more _____ this telecom _____ needs _____?
 _____ gear handle _____ and devices as we _____?
 _____ the _____ for future needs?
 Is it _____ to use _____ telecom _____ for _____?
 Is it _____ to add _____ equipment?
 Can the _____ equipment _____ devices and _____ as _____?
 _____ to accommodate increased elements?
 Is it possible _____ add more _____ up?
 Is _____ possible to _____ into our telecommunications _____?
 _____ telecommunications willing to _____ elements sooner _____?
 _____ equipment that expands _____ or _____?
 _____ the current equipment _____ for _____ devices _____ requirements _____?
 As _____ will _____ telecommunications equipment let for _____ and _____ functions?
 Is there _____ on _____ telecommunication assets _____?
 Is it possible _____ devices and capabilities as _____?
 _____ telecom gear _____ different features _____?
 We _____ more _____ will it _____ equipment?
 _____ we expand _____ requirements, _____ telecom _____ the _____ for it?
 As demands _____ Will the _____ for _____ integration?
 _____ to _____ more _____ or capabilities _____ our demands increase?
 _____ telecommunications equipment _____ device integration?
 Is _____ a _____ for _____ more _____ the telecom _____?
 _____ should be _____ expand _____ needs.
 _____ the comms gear _____ if _____ goes up?
 Is the _____ to accommodate extra devices _____?
 Is there _____ left on _____ new _____?
 Can we _____ and features to _____ telecommunications _____?
 Is there _____ room for _____ equipment?
 _____ the _____ allow for new _____ our _____ increase?
 _____ to _____ additional _____ as demands increase?
 Are _____ setup _____ handle _____ devices?
 _____ needs _____ telecommunications equipment adapt?
 Does _____ telecom _____ allow for _____?
 Will the _____ equipment allow for even _____ device _____?
 _____ compatible with new features or _____?
 The _____ can _____ more devices _____ the _____.

Can _____ be used _____ expand device and _____?

Does _____ offer _____ devices _____ on?

_____ it possible _____ your _____ gear to _____ changing needs _____?

Can _____ adapted to _____?

Can the _____ in order to meet _____?

_____ your telecom _____ features?

Does _____ telecom _____ flexibility built _____ it _____ it can _____ our changing _____?

_____ telecom _____ as we expand?

Are the equipment able _____ support _____ our _____?

Is there _____ for new _____?

Is _____ possible _____ integrate more _____ telecom products over _____?

Will telecom _____ more stuff?

When _____ need _____ bigger setup, will the telecom _____?

_____ room _____ more devices _____ telecommunications setup

_____ demands increase _____ it possible to add _____?

Is _____ that _____ gear _____ adapt to our changing _____ in _____ smooth _____?

Does the _____ equipment _____ capacity to fulfill _____?

_____ the _____ equipment be _____ order to meet the _____?

_____ the telecom equipment _____ features _____ devices?

_____ can _____ to new needs.

_____ add _____ devices, _____ equipment adapt?

_____ our _____ the current telecom _____ support _____ or allow _____ new functions?

_____ devices or features in _____ telecom gear?

Can we _____ equipment _____ setup?

_____ telecommunication setup _____ more devices in _____.

_____ to add _____ devices to the telecommunications _____?

Can there _____ provisions for _____ the telecom _____?

_____ accommodate new devices _____ features?

Do you have _____ telecom gear _____ can _____ our changing needs _____?

_____ the telecommunications equipment be _____ order to meet _____?

_____ the _____ equipment allow for the _____ devices?

_____ telecommunications gear _____ compatible _____ evolving _____?

Will _____ equipment _____ for _____ as the demands increase?

_____ telecommunication equipment _____ new features?

Will the current _____ support _____ or _____ for _____ when _____?

Can _____ comms _____ the increase _____?

_____ we need a _____ setup, _____ y'all _____ this telecom _____ devices?

_____ setup be _____ to _____ more devices?

_____ this telecommunications equipment be _____ our evolving demands?

_____ this setup handle _____ the _____?

_____ this _____ support adding more _____ in the _____?

Is _____ telecom _____ devices or feature needs?

_____ our needs _____ we add more devices _____ the _____?

_____ telecom _____ able to _____ device _____?

Will the _____ to _____ more _____ when _____ requirements increase?

Are the _____ to _____ devices as our _____ grow?

Can the _____ setup deal with _____ devices _____?

_____ telecom _____ devices when _____ need it?

_____ it possible to _____ future needs?

_____ there any _____ adding more features to _____?

Is the ____ gear ____ with ____ devices ____ ?
 ____ the ____ equipment ____ features ____ devices?
 ____ telecommunications setup is ____ for more ____ ?
 Do the ____ equipment ____ capacity for additional ____ ?
 Will ____ equipment ____ devices ____ we ____ ?
 Can we ____ handle more devices when ____ more?
 Is ____ to ____ more devices or ____ as ____ up?
 ____ this telecom equipment ____ for ____ features ____ needs grow?
 ____ equipment ____ we grow?
 ____ a way to ____ more ____ telecom equipment?
 As ____ will the ____ allow for more ____ ?
 ____ possible ____ equipment can ____ more ____ when we need ____ ?
 As ____ needs grow, ____ the ____ equipment be ____ support ____ ?
 Will ____ stuff as we get ____ ?
 Is ____ to ____ features to the telecommunications ____ ?
 Will ____ possible to integrate more devices ____ ?
 As our needs grow, ____ the ____ ?
 Will ____ continue ____ take stuff ____ grow?
 As ____ can ____ equipment accommodate ____ ?
 Will ____ telecommunication ____ add more devices?
 ____ the telecommunications setup ____ room ____ devices?
 ____ gear ____ on more devices ____ we grow?
 ____ possible to add ____ devices ____ products ____ requirements grow?
 Adaptable ____ expanding ____ ?
 Do ____ have ____ potential ____ accommodate increasing ____ ?
 If required, ____ the telecommunications ____ with ____ ?
 ____ to add devices as ____ needs ____ ?
 ____ the telecommunications ____ to handle ____ ?
 Is it possible to ____ and ____ extra ____ equipment?
 ____ the gear ____ devices ____ features?
 ____ the telecom ____ supports ____ on?
 Will the telecom equipment ____ support ____ devices ____ increase?
 Our ____ and ____ the ____ equipment able to ____ ?
 ____ telecommunication equipment ____ we ____ more ____ ?
 ____ you ____ this ____ equipment handle ____ ?
 Is ____ comms ____ handle more ____ our ____ grow?
 ____ Telecom gear ____ grow?
 Will the ____ for ____ functions ____ device integration?
 ____ the ____ of the telecom ____ have ____ for more ____ ?
 ____ the telecommunications equipment ____ ?
 Is ____ equipment ____ new technology?
 Is it possible ____ the ____ as requirements grow?
 ____ gear ____ addition of more devices ____ future?
 Can ____ get this ____ to handle ____ ?
 Is it ____ and ____ to the current ____ gear?
 ____ equipment ____ additional devices ____ our ____ grow?
 Does ____ devices in the future?
 Can we ____ more devices ____ ?
 Telecom ____ could ____ expand device ____ .
 ____ comms ____ more over time?

_____ telecommunications _____ accommodate increasing elements _____ or later?

Telecom gear could _____ we _____.

As _____ needs _____ do the telecommunications _____ more _____?

Does _____ equipment _____ expansions?

_____ our _____ grow, _____ we add _____ to _____ equipment?

Will the comms gear _____ if _____?

Does _____ telecom _____ have _____ capacity to _____ needs?

Is there _____ space _____ on the _____ assets?

_____ be _____ add more _____ as demands increase?

Expanding _____ can _____ with _____ equipment.

_____ the current _____ support _____ devices _____ features when we _____ them?

If we _____ requirements does _____ telecom _____ enough capacity _____?

_____ telecom equipment be used _____ meet _____ expanding _____?

_____ it be possible _____ devices as _____ needs _____?

Is it _____ to _____ devices _____ the telecom _____?

Is _____ possible to upgrade _____ equipment _____ evolving demands?

_____ the equipment _____ provisions for adding more _____?

Is it _____ to adjust _____ for _____?

_____ the _____ more in the _____.

Telecom equipment that _____ accommodate _____?

_____ it _____ possible to add more _____ the _____ as our _____?

_____ there _____ new _____ on telecommunications assets?

_____ equipment _____ to new _____?

Do _____ the _____ to accommodate _____ later?

_____ the _____ support added _____?

Is _____ add _____ devices as we get _____?

_____ gear take more _____?

Can _____ equipment _____ more devices _____ we _____?

_____ telecommunications equipment able to _____ further _____ and _____ functions?

Is it possible for _____ systems _____ in _____ future?

_____ be _____ adding more _____ as needs grow?

Is _____ to _____ more _____ telecom _____ over time?

Is it _____ for _____ to add more _____ needs _____?

Can the telecommunications _____ handle _____?

_____ the _____ telecom _____ support more _____ new functions when _____ increase?

_____ you _____ equipment _____ handle more devices?

_____ requirements _____ telecommunication _____ accept new _____?

_____ your _____ support _____ devices _____ needed?

_____ equipment support _____ devices?

Can _____ gear handle _____ the _____ grow?

Will the _____ gear _____ our _____ or not?

_____ wonder _____ communication thingies _____ hold _____ the strain _____ extra gear.

Is _____ equipment going to _____ we _____ devices?

Does _____ telecom _____ support _____ gadgets _____?

_____ your telecom equipment _____?

Is it possible _____ devices _____ demands grow?

_____ handle more devices _____ features _____ we grow?

_____ telecommunications _____ upgraded in order to meet _____?

_____ your _____ devices or features as _____ grow?

Is _____ in the telecom gear so it can _____?

_____ it possible for _____ systems to _____ devices _____ capabilities _____ the _____?

Is _____ possible _____ add _____ and capabilities as _____?

Extending _____ telecommunication equipment _____ to _____?

_____ required, _____ the telecommunications equipment _____?

_____ the _____ equipment support _____ or new _____ when _____ requirements _____?

_____ your telecom _____ device/feature expansions?

Is it possible _____ more features/devices _____ telecom _____?

If _____ expand _____ requirements, can _____ telecom _____ accommodate _____ and _____?

_____ our _____ demands be _____ equipment?

_____ the _____ take more things _____ grow?

Is _____ equipment _____ of _____ features?

If required, _____ telephone _____ devices?

_____ it _____ to integrate _____ devices _____ these products _____ our _____?

As _____ will the _____ allow _____ further device _____ and _____?

_____ the telecom _____ handle _____ devices _____ grow?

_____ to add _____ devices into _____ products as _____ grow?

Do _____ telecommunications _____ support _____ as _____ needs grow?

Is _____ going to take more _____ we _____?

_____ this gear _____ for adding more _____ in the _____?

Are _____ tools _____ functions _____ in the _____ gear?

_____ telecom _____ support additional _____?

Can _____ add _____ or features _____ the _____?

_____ equipment _____ adapted _____ our growing _____?

_____ the telecom _____ new _____?

_____ it possible _____ your telecom gear _____ adjust to _____?

_____ equipment _____ expand device _____?

_____ have the flexibility to _____?

_____ it _____ add more features to the _____?

_____ add more _____ will _____ Adapt?

_____ equipment support _____ devices _____ as the needs _____?

_____ can we add extra _____ telecommunications hardware?

Will the telecom _____?

_____ systems to handle more devices in _____ future?

_____ the telecommunication _____ handle _____ the future?

_____ this gear capable of _____ and _____?

_____ equipment support more _____?

_____ the _____ tools and functions _____ incorporated _____ telecom _____?

Is there more _____ and _____ telecom _____?

Is _____ to add more gadgets _____ as _____ needs _____?

_____ equipment support _____ devices or allow _____ functions _____ our requirements increase?

_____ integrate new equipment _____ into your phone _____?

Is there _____ space _____ setup _____ more devices?

Is _____ possible _____ capabilities when our demands _____?

_____ telecom gear to _____ our expanding needs smoothly?

_____ extra _____ to our telecom _____?

_____ the telecom gear handle _____?

_____ telecom equipment support _____?

_____ our needs grow, will the _____ devices or _____?

_____ going to take more _____ as we _____?

_____ going _____ take more stuff as _____ grow?

_____ the _____ equipment _____ for _____ functions when our _____ increase?
 _____ it possible _____ more _____ or _____ as our _____ grow?
 Will the telecommunications _____ for _____ device _____?
 Will _____ allow for _____ devices _____ requirements increase?
 Can _____ growing demands _____ supported _____?
 _____ needs _____ can _____ add more _____?
 _____ it possible to add more _____ to _____ grow?
 Can _____ use additional _____ this _____?
 _____ it _____ to _____ more devices _____ products?
 _____ it _____ even more devices to _____ products?
 Could your equipment handle _____?
 _____ think _____ is possible to add more _____ products?
 _____ we get _____ will _____ equipment _____?
 Is it _____ add _____ devices or _____ as _____?
 As demands _____ the telecommunications _____ for _____ integrations?
 Does the _____ of _____ telecom _____ have the _____ devices?
 _____ the _____ gear _____ with _____ devices as _____ grow?
 Is _____ a _____ add more _____ devices _____ telecommunications equipment?
 Will Telecom _____ take _____ as _____?
 If we expand _____ do the _____ equipment have _____?
 _____ requirements _____ to new features?
 _____ telecom _____ may or may _____ support more _____ when our _____.
 Can _____ with _____ current _____ gear?
 _____ we _____ more features _____ the _____ our needs _____?
 _____ gear _____ new devices in the _____?
 Is _____ telecommunication _____ to _____ devices?
 Will _____ equipment adapt _____ get _____?
 Do _____ flexibility _____ new devices?
 _____ equipment have the _____ more?
 Do you have flexibility _____ telecom gear so _____ it _____ our _____?
 Does _____ allow more _____ to be added _____?
 Is _____ possible _____ extra _____ to be included into _____ gear?
 As _____ grow, can the _____ accommodate _____ features?
 Will there be _____ features _____ telecom _____ we expand?
 Will _____ have enough telecom _____ to _____ expanding _____?
 _____ it be possible _____ more devices _____ telecom _____?
 _____ can _____ its _____ needs.
 _____ comms gear able to _____ we grow?
 _____ add _____ Telecommunications equipment adapt?
 _____ equipment that _____ device _____?
 _____ possibilities with _____?
 Does the telecommunication _____ have the _____ accommodate _____ the _____?
 _____ the telecom gear _____ more _____ as _____?
 Is _____ possible to _____ devices to _____ telecom _____ demand _____?
 Can we add _____ or features to _____ our _____?
 Is the equipment _____ support additional _____ needs _____?
 _____ add more _____ our telecommunications _____ as our _____ grow?
 Is _____ enough to _____ extra devices and _____?
 Will the _____ gadgets _____ expand?
 Will _____ more _____ we expand?

____ it be possible ____ more devices ____ the telecom ____ future?
 Is ____ telecommunications ____ capable ____ devices?
 ____ be ____ to add more ____ telecom products?
 Is it possible ____ more devices?
 ____ it possible to ____ more ____ to ____ equipment?
 ____ telecom ____ more objects ____ we ____?
 ____ telecommunications equipment be upgraded ____ of our changing ____?
 ____ the gear ____ we grow?
 Does ____ telecom ____ more devices ____?
 ____ are growing ____ telecom gear ____ stuff?
 ____ the ____ equipment be ____ support more ____ requirements increase?
 ____ the ____ equipment allow ____ device integration, as ____?
 As the ____ the ____ accommodate ____ devices?
 Will the ____ equipment ____?
 ____ the ____ do more?
 ____ to add ____ to the telecom equipment?
 ____ our ____ grow, can ____ comms gear ____?
 Does this ____ support ____ new ____ or ____ future?
 ____ room ____ new devices ____ telecommunication assets?
 We don't know ____ telecommunications ____ support ____ devices or ____.
 ____ it possible to ____ equipment ____ features to your ____?
 How can ____ add ____ devices ____?
 ____ capable of extra devices ____ functions?
 Does ____ equipment ____ devices?
 Should the ____ be adjusted for future device ____?
 ____ telecommunications ____ be upgraded ____ meet our changing ____?
 ____ include new devices?
 Can the ____ support additional ____ as ____ grow?
 Is ____ telecom ____ flexible ____ future devices ____?
 ____ we ____ integrate ____ equipment and ____ your phone system?
 ____ extra tools and ____ easily incorporated ____ gear?
 Expanding ____ and feature ____ accommodated ____ telecom equipment.
 Telecom gear ____ going to ____ stuff ____ we ____.
 Can ____ equipment cater ____?
 Will ____ telecom ____ deal ____ more ____?
 Is ____ gear able ____ our specs expand?
 Does the ____ the capacity ____ handle extra ____ and ____?
 Is there a ____ devices ____ the ____ products?
 ____ equipment ____ features or new ____?
 Can ____ more devices and features ____ our ____?
 ____ for your telecom ____ to adapt to our ____ in a ____?
 ____ possible to ____ your ____ products ____ additional requirements?
 Is ____ to adjust telecom ____ needs?
 ____ more ____ will ____ equipment adapt?
 Can ____ more devices ____ the ____?
 ____ you ____ your telecommunications gear ____ devices?
 Does ____ telecommunication ____ have the capacity to accommodate ____ the ____?
 Does your ____ for device ____?
 It is ____ the ____ handle more devices.
 Do your ____ allow ____?

Can the _____ handle _____?

Can telecommunication _____ cater _____?

Can _____ add _____ features _____ our equipment _____ needs _____?

_____ telecommunication _____ to _____ more devices?

Can _____ comms _____ handle _____ we _____ do?

Will _____ more things?

As _____ requirements _____ can the telecommunications _____ additional _____?

_____ the telecom gear handle _____?

_____ be taken by telecom _____ as _____ grow?

As _____ needs grow, _____ telecom _____ support _____ devices?

_____ can the comms gear handle _____?

_____ possible the telecommunications equipment _____ handle _____?

If _____ be, _____ the _____ handle more _____?

We will _____ more _____ equipment _____?

_____ the telecom _____ for _____ future needs?

If we _____ our _____ telecom _____ have _____ capacity _____ more?

Telecom _____ that _____ or _____ needs?

_____ gear compatible _____ more devices _____ features in the _____?

Will _____ gear take more _____ we _____?

Could _____ devices _____ handled by _____?

_____ the equipment be _____ more _____?

_____ the telecom setup handle more _____?

_____ gear can _____ features or future device _____.

Is the telecommunications _____ able _____ device integration as _____?

_____ flexibility built into _____ gear _____ it can _____ to _____ needs?

_____ can the telecommunications equipment _____?

Is telecommunications gear compatible _____ evolving _____ in _____?

Telecom equipment is _____?

_____ possible for the telecommunications equipment to _____?

As _____ the _____ gear handle more _____?

_____ you _____ flexibility in your _____ that it _____ adapt to _____ needs?

_____ have the potential to _____?

As _____ requirements grow, _____ the _____ accommodate _____?

_____ our specifications _____ can _____ comms _____ more?

_____ additional devices and features _____ accommodated _____ the _____?

_____ we want to _____ things _____ the network, are there _____ stuff?

Will _____ equipment _____ able _____ handle _____ needs?

_____ it _____ to add _____ to _____ products as _____ grow?

_____ the _____ equipment _____ adding new _____?

As _____ demands _____ will the equipment _____ for _____ expanded functions?

_____ the _____ gear support added _____?

Is _____ flexible _____ devices?

_____ telecom equipment _____ expanding device/feature _____?

_____ add more devices _____ telecommunications _____ as we need _____?

_____ the equipment _____ to _____ demands?

_____ the _____ the capacity _____ accommodate extra devices?

Does _____ telecom equipment _____ to handle additional _____ functions?

Is the _____ systems _____ additional _____ in _____ future?

Can the _____ more as _____ specs _____?

Is the telecom _____ enough _____?

Is _____ to _____ extra tools and _____ in _____ telecom _____?

Would telecommunications _____ able to _____ sooner or _____?

If a new feature _____ equipment handle _____?

_____ telecommunication _____ capable of accommodating _____ devices _____ the future?

Can _____ to _____ increasing needs?

Did the _____ equipment _____ features?

As demands _____ equipment _____ for expansion?

_____ be _____ in telecommunications equipment?

As our demands increase, _____ or capabilities?

_____ your telecom _____ capable _____ device _____?

Will _____ be provisions _____ adding more features _____ telecom _____ as _____?

Is equipment _____ to _____ more _____ we need _____?

Is the _____ gear adjusted _____ needs _____ devices _____ features?

Will _____ support _____ devices _____ the future?

Is the _____ meet _____ needs?

_____ the _____ equipment _____ for additional devices?

Telecom _____ to _____ device needs.

Do _____ have flexibility _____ into _____ telecom gear _____ our _____ smoothly?

_____ telecom gear adjusted to _____ of _____ device?

Does _____ allow added _____?

_____ equipment compatible with expanding _____ needs?

Are _____ equipment able _____ new _____?

_____ for more _____ and _____ in the future?

_____ the equipment _____ able _____ to more _____?

Is it _____ to add _____ devices _____ this _____?

As _____ the telecommunications equipment _____ support them?

_____ it _____ for _____ change for the future?

Will _____ equipment _____ devices _____ features?

Is _____ gear _____ to _____ more as _____ specs _____?

Is _____ these telecommunication systems _____ accommodate more devices _____ in _____?

Can the telecom _____ be _____?

_____ your _____ more _____ as _____ grow?

_____ telecommunication _____ cater _____ features?

_____ required, could the _____ equipment _____?

Is _____ capable _____ accommodate increasing _____ or _____?

Is _____ possible to add _____ as _____ demand _____?

_____ will _____ telecom gear handle more _____ features?

_____ we need the _____ equipment to meet _____?

Is _____ possible to _____ features _____ equipment _____ our _____ grow?

_____ possible _____ current _____ gear?

Is there _____ to add _____ to the telecommunications _____?

Does _____ telecom _____ flexibility _____ in _____ can adapt to our changing _____?

Will the telecom equipment support _____?

_____ growing _____ be _____ telecom equipment?

Is _____ for _____ gear _____ carry _____ devices?

_____ requirements can _____ cater _____ new _____?

Should _____ telecommunication setup _____?

Is _____ space for more _____ setup?

Will the telecom equipment _____ for _____ when required?

Will the telecom _____ the _____?

_____ telecommunications _____ evolving requisites?

Can we _____ functions _____ telecommunications _____?

_____ add _____ Will _____ equipment adapt?

Telecom equipment _____ used _____ needs.

Can _____ gear _____ stuff?

Is this _____ adding _____ or features _____ the future?

As _____ will the equipment _____ further _____ and _____ functions?

_____ the telecom _____ allow _____ new things when _____?

_____ you _____ the telecom _____ handle _____ devices _____ need more?

_____ will the telecom _____ more features and _____?

_____ telecom _____ for _____ needs or future device _____?

_____ add more devices _____ features to _____ needs grow?

_____ telecom _____ more

_____ can accommodate _____ elements _____ or _____.

_____ there _____ way to make _____ handle more _____?

Is it _____ more devices _____ these telecom _____?

Does the _____ support _____ devices _____ the future?

Is telecommunication _____ adapt _____ devices?

Is _____ space _____ devices _____ telecommunication assets?

_____ possible to _____ integrate new equipment _____ features into _____?

_____ the _____ equipment compatible _____ devices?

_____ possible to increase the _____ of devices with _____?

Can the comms _____?

_____ we expand will _____ telecom _____ handle _____ or _____?

_____ equipment handle _____ devices and _____ as we _____?

_____ communications _____ cater _____ new _____?

_____ it possible _____ add extra _____ as our _____?

_____ that _____ equipment will adapt _____ more devices?

_____ the _____ equipment _____ our _____ needs?

Does telecom _____?

Is it _____ telecom gear can _____ to _____ needs _____?

_____ the _____ gear _____ more _____ we expand?

Can your telecom _____ more _____ the _____?

Is there _____ more _____ to the telecommunications _____?

_____ to add _____ as our demands _____ up?

_____ telecom _____ changeable _____ future devices or _____?

_____ possible _____ add _____ capabilities as demands increase?

Can _____ add _____ to _____ telecommunications _____?

_____ comms gear _____ more _____ we _____?

Is there _____ devices on the _____?

_____ to add _____ to the telecommunications equipment?

_____ your telecom gear _____ flexibility _____ adapt _____ our _____?

_____ your _____ allow for _____ expansions?

_____ equipment _____ new features?

Will _____ equipment be able to support _____ needed?

Will it _____ possible _____ devices into these _____ our requirements _____?

Can _____ add _____ to the _____?

_____ the telecom _____ devices.

_____ wonder if this _____ adding _____ devices or _____ the _____.

Is _____ or capabilities when our _____ increase?

_____ telecommunication equipment adapt _____ we _____ devices?

Do your _____ have _____ so _____ can adapt _____ changing needs _____?

As our _____ the telecommunications _____ able _____ support _____?

Is _____ to _____ your telecom _____ requirements later?

_____ equipment _____ be _____ expand _____ needs.

_____ requirements, can _____ handle new _____?

_____ there _____ way to _____ more _____ or features _____ the _____?

Will _____ provisions _____ add _____ features _____ telecom equipment?

_____ the telecommunication systems _____ able _____ devices or capabilities _____ future?

_____ the telecom equipment _____ with _____?

Are your equipment able _____ as _____ grow?

If we increase _____ the _____ have enough _____?

_____ the _____ handle _____ if we _____?

_____ telecom _____ handle _____ we grow?

Does _____ equipment _____ company _____ for more devices and functions?

Will the telecom equipment _____ more _____ requirements _____?

_____ telecom equipment help _____ our expanding _____?

_____ the _____ gear handle _____?

_____ for additional devices in the telecommunications _____?

Will the _____ more _____?

Can _____ gear _____ as our specification _____?

_____ the _____ gear _____ growth?

_____ make _____ equipment accommodate _____ devices?

_____ the telecom _____ handle more devices and _____?

Will _____ have to take _____ stuff _____ grow?

_____ the telecommunications equipment _____ device _____ expanded functions?

_____ telecommunications _____ accommodate increasing elements _____ later?

_____ room _____ more devices in _____ Telecommunications _____?

_____ there room for _____ on the _____?

Will _____ be _____ adding _____ features to _____ equipment?

Is _____ to meet our expanding _____?

Can telecom _____ features?

Do _____ have _____ accommodate increasing _____ sooner or _____?

_____ there _____ for adding more features _____ telecom _____?

_____ more _____ on telecommunication assets for _____?

_____ telecommunications equipment handle _____ devices?

_____ telecommunications equipment _____ to _____ features?

Will _____ telecom equipment _____ to support _____ devices _____ the _____ increase?

Does _____ allow _____ feature expansion?

_____ telecom _____ have _____ capacity to _____ additional devices?

_____ the _____ gear handle _____?

_____ telecom _____ get more _____ grow?

As _____ needs _____ can _____ more _____?

_____ there _____ way _____ more _____ to the equipment _____ needs _____?

_____ telecom _____ allow _____ devices or _____?

_____ telecommunication _____ change _____ add new _____?

Expanding device/feature needs _____ accommodated _____.

_____ more devices will _____ equipment _____?

_____ there _____ for _____ telecommunication assets?

Is your _____ equipment compatible _____?

____ it possible ____ more devices into the ____ in ____?
 ____ more features to the ____ as ____ needs ____?
 ____ our ____ increase, can ____ devices?
 Is there provision ____ adding ____ grow?
 ____ our ____ the ____ accommodate more devices or ____?
 ____ the telecommunications ____ allow ____ expanded ____ when demands ____?
 Is your ____ equipment ____ of ____?
 As ____ can ____ more devices?
 Can the telecom ____ needs?
 Is the ____ capable of ____?
 ____ it possible ____ more devices ____ telecom ____ in ____ future?
 Does the ____ support ____ features ____ the future?
 Will our ____ needs ____ met ____ telecom ____?
 Does the ____ the capacity ____ add ____ devices and ____?
 Is ____ equipment able ____ support additional ____ we ____?
 ____ your ____ equipment ____ of ____ expansions?
 Will the ____ gear ____ with ____ devices ____ expand?
 ____ possible to add ____ functionalities ____ our ____ hardware?
 ____ the ____ new devices?
 ____ gear handle more as the ____?
 ____ the ____ allow for further ____ integration ____ increase?
 ____ it possible to ____ more devices or ____ our ____?
 Are ____ integrate new ____ and ____ into ____ phone system?
 ____ our ____ grow, can the ____ accommodate ____ devices?
 ____ your telecom ____ handle more ____?
 ____ your ____ able to ____ devices?
 Telecom equipment ____ more ____ as we grow.
 ____ we add ____ into ____ products as our ____ increase?
 Telecom equipment can ____ needs.
 ____ device ____ feature ____ can ____ met with ____ equipment.
 ____ the telecommunication ____?
 Does ____ devices as we grow?
 ____ the current telecom ____ allow ____ when we ____ most?
 ____ gear include more features ____?
 ____ your equipment ____ additional ____ as ____?
 ____ the telecommunications equipment ____ for ____ as demands increase?
 ____ telecom equipment ____ devices?
 ____ your ____ equipment ____ for ____?
 Is the ____ able ____ expansion?
 If ____ could ____ Telecommunications ____ more ____?
 Will ____ telecom equipment ____ needs?
 Is it ____ for the ____ add ____ devices?
 ____ capable of accommodating ____ elements ____?
 ____ the ____ equipment ____ for more device integration?
 ____ telecommunications ____ support additional ____?
 ____ of accommodating increased ____ or later?
 ____ equipment ____ to new ____?
 ____ requirements ____ can the ____ equipment ____?
 Does the gear supports ____ future?
 ____ add more devices and ____ the ____ equipment?

Is there a _____ for your _____ to _____ changing needs _____?

Will it _____ possible to _____ or features _____ our _____?

Could _____ handle _____ features as _____?

Is it _____ for this _____ be upgraded _____ order _____ meet _____?

Current _____ can _____ add-ons?

_____ gear _____ so that _____ can _____ to our changing _____?

As _____ devices, _____ telecom _____ adapt?

Can telecommunication _____ accept _____?

Is Telecommunications capable _____ increasing _____ or _____?

_____ it possible to add _____ as _____ grow?

_____ telecom gear _____ needed _____?

_____ telecom equipment handle _____?

_____ it possible _____ add _____ and _____ as our _____ increase?

_____ telecommunications _____ handle _____ if required?

_____ it possible _____ increase the number _____ devices _____ these _____?

_____ telecom _____ more _____ when required?

_____ equipment _____ as we _____ devices?

Is _____ telecommunication systems able _____ devices _____ the _____?

Will _____ telecom equipment allow for _____ functions _____ requirements _____?

_____ the telecom equipment _____ enough _____ devices and _____?

_____ current _____ equipment _____ to support more devices when _____?

_____ we _____ functions to the _____?

_____ needs grow, can we add _____ devices _____?

Does _____ telecom _____ features?

_____ more _____ will telecommunication equipment _____?

Is it possible _____ more _____ to telecom products _____?

_____ any _____ for _____ devices on the _____ assets?

Should telecom _____ for future device _____ needs?

Can more _____ telecommunications setup?

Is _____ possible _____ the _____ equipment _____ our _____ grow?

_____ wonder if _____ communication _____ can hold up _____ strain _____ gear?

_____ telecom equipment allow _____ device _____?

Does _____ support features in _____?

Does the telecom _____ have _____ extra _____ if _____ expand?

As _____ will _____ allow for more device _____?

Is the _____ gear _____ additional _____ later on?

Telecom equipment that _____ expanding _____?

_____ it possible _____ incorporate _____ and functions into current _____.

Can _____ handle _____ features _____ we _____?

Expanding _____ needs _____ covered by _____.

_____ it _____ to _____ to our _____ products _____ the future?

Does your telecom _____?

_____ requirements _____ the equipment _____ devices?

_____ equipment _____ more _____ as _____ expand?

As _____ add more devices, _____?

_____ equipment that _____ expanding _____ needs?

_____ telecom _____ suitable for _____ needs?

Is _____ add more _____ to the telecommunications _____.

_____ gear take _____ when _____ grow?

If we _____ requirements, _____ telecom _____ have _____ more devices?

Will ____ gear bring ____ as ____ grow?

Do ____ equipment allow for ____?

Will the ____ equipment ____ more device ____ functions?

Is ____ possible to fit ____ into ____?

____ phone stuff behave ____ we ____ to fit ____ stuff?

Can ____ cater to ____ features?

Is it ____ to ____ telecom gear.

Is it possible ____ telecom ____ our changing ____ a smooth manner?

____ current telecom equipment ____ for new ____ need them?

____ allow for future device ____?

There is room ____ on ____ telecommunications ____?

The telecommunication ____ may be able ____ devices ____ the ____.

Is ____ add ____ equipment as our needs grow?

____ our needs ____ equipment support them?

____ the gear ____ adding more devices ____ the ____?

Do ____ telecom gear ____?

____ the telecom ____ with additional ____?

As ____ do ____ telecommunications equipment ____?

Is ____ to ____ more ____ or ____ to ____ telecom equipment?

When ____ bigger ____ can the ____ equipment handle ____ devices?

Is ____ telecom ____ of ____ additional devices ____ features?

Will the gear ____ more devices ____ as ____?

Is ____ possible ____ telecom products as we grow?

Can ____ new ____ and features?

Does your telecom ____ the ____ of ____?

____ able to expand device/feature ____?

Can ____ more ____ to our ____?

____ possible to ____ features ____ the ____ as our ____ grow?

When ____ requirements ____ the ____ allow for new functions or ____?

Can ____ telecommunications equipment ____ devices ____ the ____?

____ our ____ we add extra devices ____ capabilities?

____ gear keep ____ our growing specifications?

Can the ____ gear handle ____?

Telecom ____ more ____ as we ____.

Does ____ support ____ features?

As our ____ grow, can ____ equipment ____ devices?

____ able to ____ more devices ____ the future?

Will ____ more as our ____ expands?

____ telecom equipment have ____ devices ____ features?

____ the telecommunications ____ additional devices?

Should ____ telecommunications ____ allow ____ further ____ demands increase?

____ support adding features?

Is the ____ our growing ____?

Does your ____ gear ____?

As demands ____ the telecommunications ____ allow ____ integration?

Will the ____ gear handle more features ____?

____ the ____ systems accommodate ____ or capabilities ____ future?

____ the current telecom equipment ____ when our requirements ____?

If ____ expand ____ requirements ____ the ____ have the ____ to ____ that?

____ demands increase, will ____ equipment ____ for more ____?

Will the _____ devices when we need _____?

_____ telecommunication systems have the capacity _____ or _____ in _____ future?

Can the _____ gear _____ as _____ expands?

Is _____ system capable of _____ additional devices _____ capabilities _____?

Will _____ equipment allow for _____ requirements increase?

Telecom _____ can be _____ expanding _____.

_____ the telecom _____ more _____ as _____ expand?

_____ telecom _____ allow for future _____?

Does _____ telecom gear _____ later?

Can _____ equipment _____ to _____?

_____ demands go _____ equipment allow _____ further device integration?

Is _____ equipment able to _____ devices and _____?

Is there a _____ more _____ as demands increase?

_____ the telecom equipment _____ enough capacity _____ handle _____ and _____?

Will _____ gear take _____ of stuff _____ we _____?

_____ telecom equipment deal with _____?

Will _____ add _____ devices or capabilities as _____ increase?

Is it possible _____ if _____ demands increase?

_____ devices _____ features, is the _____ flexible?

_____ the telecommunications equipment compatible _____ additional _____?

_____ our equipment _____ devices as _____?

Can the equipment _____ with _____ we need _____?

_____ needs be met by _____ equipment?

_____ have _____ for new devices?

Will _____ equipment be _____ for new _____ or _____?

_____ the current telecom equipment _____ features _____ our requirements _____?

_____ telecom _____ support more _____ or _____ for new _____ our _____ increase?

Can the equipment _____ we _____?

Is _____ systems _____ to accommodate extra _____ the _____?

_____ we integrate _____ devices _____ equipment?

_____ support additional devices _____ features?

_____ telecommunications equipment _____ to _____ more _____ or features?

Are these telecommunication systems _____ accommodate _____ devices _____ capabilities _____?

_____ telecommunication equipment cater _____?

_____ our _____ to _____ more devices to the equipment?

_____ the _____ handle more _____?

Is it possible _____ add _____ we _____ more?

_____ telecom equipment adapt as _____?

As _____ increase, _____ equipment _____ for more device _____?

Can _____ equipment accommodate _____?

Is _____ for _____ systems to accommodate _____ the future?

_____ demands increase, will the equipment _____ more _____ integration and _____?

_____ our requirements does the telecom _____ have _____ do it?

_____ possible _____ add extra devices _____ our demands _____?

_____ there _____ tools _____ functions easily _____ into _____ telecom gear?

_____ demands _____ will the telecommunications _____ more device _____ and _____ functions?

_____ that telecom gear _____ take _____ stuff as we _____?

Can the _____ devices _____ features?

_____ able to _____ extra _____ our telecommunications hardware?

_____ the _____ equipment able _____ devices?

____ the ____ more features ____ grow?
 ____ our ____ grow, can the ____ more ____ or ____?
 Is ____ current equipment ____ more devices when our ____?
 ____ grow ____ telecom gear take ____?
 Can ____ additional devices?
 Can the telecommunications ____ or features as our ____?
 ____ needs grow, are there provisions ____ adding ____ equipment?
 ____ and ____ the telecommunications equipment able to ____?
 Does ____ telecom ____ adjust for ____?
 ____ telecom gear ____ to ____ more ____?
 Can ____ for new ____?
 ____ the telecom ____ for feature ____ or ____ devices?
 ____ to handle more devices?
 Telecom ____ that ____ needs.
 If we ____ does ____ telecom equipment have what ____?
 ____ telecommunication ____ deal with ____ devices?
 Is it feasible ____ to these ____ products?
 As ____ requirements expand, can ____ more?
 ____ possible to ____ telecom gear?
 ____ the telecommunication systems ____ to ____ more devices in ____?
 Is it possible ____ extra ____ telecommunications hardware?
 ____ telecom ____ meet our ____ requirements?
 ____ it ____ possible ____ add ____ features to this ____ as ____?
 Will the ____ telecom equipment be able ____ support ____ devices ____?
 ____ it possible to ____ devices or ____ as ____?
 Can ____ be ____ in telecommunication ____.
 Do you ____ telecom ____ can ____ more ____?
 Telecom equipment that ____ needs?
 Can ____ to ____ equipment as ____ needs grow?
 ____ these ____ hold ____ the ____ of extra gear?
 Will the current ____ equipment allow for ____ rise?
 ____ possible ____ telecommunications ____ the potential ____ elements sooner or later?
 ____ chance to accommodate ____ sooner or later?
 Can ____ cope with more ____?
 As our ____ telecommunications ____ up to ____ job?
 As ____ grow, can ____ equipment support ____ features?
 Does this ____ you ____ devices ____ features?
 ____ gear ____ things ____ the future?
 Is ____ telecom equipment ____ to provide ____ functions?
 ____ we add extra ____ our ____?
 ____ it possible for telecom ____ be flexible ____?
 Can ____ devices if our requirements ____?
 Is it ____ or devices as ____ demands ____?
 ____ device/feature needs ____ be ____ with ____.
 Can we ____ more ____ products over time?
 Is ____ telecommunications ____ able to ____ devices ____ as our ____ grow?
 Can ____ with the ____ equipment?
 ____ equipment ____ for new features?
 Telecom ____ expanding device/feature ____.
 ____ telecommunication setup able to ____ more devices _____.

Is ____ possible ____ incorporate extra ____ and ____ telecom gear?

Is the ____ suited ____ needs?

Will telecom ____ take ____ the ____ grows?

Can ____ telecommunications equipment be ____ needs?

Will the telecom ____ more ____ as ____?

____ the telecom ____ more devices?

____ telecommunication equipment ____ use of ____?

Are ____ systems compatible with evolving ____ of ____?

____ you ____ flexibility in your ____ gear ____ can adapt ____ needs?

____ expand, ____ the ____ equipment ____ additional devices?

____ the telecom equipment ____ capacity to add extra ____?

Telecom ____ to ____ device/feature needs.

As ____ will the ____ allow ____ device integration?

As ____ specifications expand, ____ comms ____ handle ____?

____ there room ____ the ____ setup for ____?

____ the telecom ____ handle ____ much as ____?

Is it ____ change the ____ equipment ____ devices?

Is ____ possible ____ additional devices or ____ increases?

____ we expand, ____ gear handle ____?

____ telecom ____ be ____ for feature needs or ____ needs?

Is the equipment ____ of ____ and new ____?

____ we ____ more devices, ____ telecoms ____?
