

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Restoration timeline after an outage
Inquiry Sub-Category	Precautionary measures during restoration
Description	Customers inquire about safety precautions they need to take during the power restoration process, seeking guidance on resetting electrical devices, potential hazards, and any other relevant safety information.
Data Size	5,063 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

What ____ non-functional ____ of ____ and ____ should be done about ____?

____ back, why ____ outlets ____ dead?

____ outlets ____ functional even ____ electricity is ____?

The ____ despite the power ____.

____ been a ____ of function in ____ the electrical ____.

How come the power is back ____?

____ the ____ is ____ the plugs don't function?

After electricity is ____ outlets ____ be ____ functioning?

____ is ____ the ____ electricity is ____ functional outlets?

After ____ why ____ sockets non-functional?

____ outlets not ____ after the ____ back on?

____ sockets ____ to work, ____ electricity restoration?

____ do to ____ these ____ the power is restored?

____ do ____ remain ____ when ____ comes ____?

____ causing malfunctioning outlets ____ power restore?

____ malfunctioning outlets be caused ____ power ____?

When an ____ returns, ____ causes ____ outlets.

____ back, what leads ____ useless ____?

____ is the cause ____ outlets ____ despite ____ return of ____?

____ don't work after ____?

____ outlets work again?

After ____ outlets ____ not function?

Can you ____ me ____ non ____ after ____ is restored?

What ____ outlets from ____?

____ aren't outlets ____ back?

Why ____ some outlets ____ despite ____?

____ are ____ inoperative outlets despite ____ of power.

Why do ____ goes back on?

Why _____ the sockets _____ after the _____ on?
_____ be _____ get non _____ outlets operating again?
Why aren't _____ plugs functioning _____ the electric _____?
Why don't _____ when _____?
_____ supply comes _____ what _____ non-functional _____?
Why _____ work _____ returns?
_____ electricity, why _____ my _____ not working?
What _____ preventing _____ that _____ quickly after _____ electricity?
_____ were _____ outlets dead _____ electricity back _____?
_____ dead when electricity _____ restored?
_____ outlets _____ when _____ goes back?
Why are the electric _____?
What causes _____ be non-functional even _____ electricity _____?
When _____ causes _____ outlets to be non _____?
Why _____ outlets _____ with _____ on?
So what _____ we do _____ the _____ faulty?
What should _____ to get _____ back _____ function?
Problematic _____ the power _____?
_____ when power is restored but _____?
_____ my plugs _____ work _____ having _____?
_____ despite power _____?
What is _____ of _____ outlets despite _____?
Outlet _____ return of _____?
_____ the return of _____ the _____ inoperative outlets?
_____ can _____ do to _____ outlet _____ after _____ electricity?
_____ is _____ but not functional _____?
_____ functional after _____ goes off?
Why _____ the _____ stay dead when _____ back?
After electricity _____ don't _____?
How to _____ problems once _____ electricity?
Why do _____ not function _____?
_____ the causes of non functional _____ should _____ done _____ them _____ again?
_____ in outlets post _____ revival?
_____ returns, why _____ the sockets _____?
Any _____ what to do _____ outlet problems?
Why are my _____ functioning _____ should _____ receiving _____ supply?
_____ dead after the power is _____?
_____ electrical plugs working _____ I receive electric _____?
_____ are the _____ functional outlets _____ can _____ to correct them?
Power _____ but _____ in the _____ what _____?
_____ outlets are _____ electricity coming _____.
_____ when the power _____ back?
_____ want to know why my plugs _____.
_____ advise measures _____ persistent _____ malfunction _____ electricity _____.
Any _____ as to _____ resolve outlet problems _____?
Is there _____ for stagnant _____ despite _____?
_____ to fix outlet _____ regaining _____?
Why _____ outlets stay _____ is back?
_____ with _____ why _____ not operational?
Why are _____ dead even _____ back _____?

Not ____ with ____ supply, ____?

Why ____ the ____ despite power ____?

____ are not working ____ the ____ being ____.

____ suggestions ____ how to resolve ____ ____ regaining electricity?

____ some sockets not working ____ despite the ____ ____?

What prevents ____ outlet from ____ ____?

What prevents outlet function ____ ____ soon ____ ____ electricity?

After the power goes ____ ____ the ____ ____ working?

____ ____ with electricity restored?

____ ____ back, why outlets ____ not ____?

____ electricity ____ back, what ____ non-functional ____?

____ electric supply, ____ ____ my ____ plugs working?

____ are some ____ ____ electricity restoration?

What ____ the causes ____ non functional outlets ____ how ____ ____ ____?

____ ____ despite restored ____?

Why are ____ dead ____ the ____ being ____?

____ the power ____ on ____ the plugs ____ working?

____ outlets ____ function ____ ____ comes back on?

Why ____ ____ return of ____ non-functional ____ so?

What ____ outlets ____ ____ functional ____ ____ power is restored?

____ ____ return of electricity, yet not ____ outlets?

____ ____ fix ____ faulty outlets after the power ____ ____?

There ____ be reasons for broken ____ ____ supply

____ are ____ dead even ____ electricity back ____?

____ know why ____ ____ won't work despite ____.

Despite ____ ____ why aren't ____ ____ working?

____ do the outlets not work after ____ ____?

What can ____ done ____ the non ____ outlets ____ ____ functional?

Why ____ ____ plugs function ____ they should ____ getting ____ supply?

____ ____ be ____ get ____ outlets back in working order?

Why ____ ____ outlets ____ ____ the ____ current is back?

What do ____ do ____ outlets ____ ____ is restored?

What ____ causes of ____ outlets and what ____ be ____ ____ remedy ____?

____ is ____ but non-functional ____?

____ causes of stagnant ____ ____ recovery.

____ but powerless ____?

Power ____ ____ working, what ____ be ____?

____ are ____ failing with ____?

____ we ____ the faulty outlets ____ the power ____?

Why ____ ____ work even after the ____ ____ on?

When electricity ____ ____ are ____?

____ power ____ restored, ____ outlets ____ ____ function?

____ ____ causes of non functional outlets, ____ ____ should ____ taken to get them ____ ____ ____ again?

How come ____ ____ won't work even ____ ____ have ____?

____ outlets ____ ____ after electricity returns?

What should be done about non-functional ____ ____ ____?

What ____ the ____ of outlets not ____ ____ when electricity ____ ____?

Why ____ my ____ useless despite ____ return ____ electrical ____?

Despite the ____ ____ ____ there are cause ____ ____ outlets.

____ ____ not work even ____ ____ comes back?

Despite _____ why _____ my plugs _____?
 _____ electricity gets _____ useless outlets?
 Why _____ the _____ working _____ power _____ back?
 What _____ be taken to _____ functional _____?
 Why are some _____ not _____ power _____ restored?
 _____ actions should _____ taken _____ get _____ non functional _____ functional _____?
 _____ my electrical _____ despite receiving electric supply?
 _____ ideas _____ how _____ resolve _____ continued outlet _____?
 Why do outlets _____ non-functional _____ out?
 What causes outlets _____ be _____ the power _____ on?
 _____ there a _____ resolve outlet malfunction _____ regaining _____?
 Why do _____ work _____ the _____ comes _____ on?
 _____ power _____ back, why _____ work?
 _____ are there non-working _____ after _____?
 _____ know _____ won't work despite the power?
 Why _____ back, but _____?
 Is _____ reason _____ work despite the power?
 Why _____ outlets _____ non-functional _____ electricity _____?
 _____ come _____ back but not charging _____?
 How come the _____ dead _____ power _____ restored?
 What _____ outlet _____ after _____ power?
 Cause behind non-working _____ back _____?
 After _____ the outlets _____ working?
 _____ power _____ why _____ function?
 After _____ power _____ what can _____ do _____ these outlets?
 _____ be done to _____ the outlets back _____?
 _____ outlets working _____ is back?
 _____ should we _____ faulty outlets _____ power is _____?
 _____ supply suddenly _____ causes non-functional _____.
 There may be a _____ after _____ revival.
 _____ is _____ cause of _____ functional outlets, _____ be _____ to get _____ running _____?
 _____ outlets _____ not _____ power?
 There _____ that prevents outlet functionality _____.
 _____ are _____ functional _____ after power _____ restored?
 _____ outlets even after electricity _____?
 _____ be done _____ outlets after electricity _____?
 _____ on yet _____ work.
 _____ outlets that _____ function when _____?
 How come the _____ comes back on _____?
 _____ the outlets _____ after power _____?
 _____ functioning as they _____ despite my electric _____?
 _____ ideas _____ how _____ resolve _____ problems once _____ is _____?
 _____ non-functional _____ the power _____ out?
 When _____ power _____ why _____ working?
 _____ do about _____ functional _____ outlets now that _____ is back?
 _____ is back, there are _____ behind inoperative outlets.
 _____ faulty _____ power back _____ don't _____?
 _____ a reason outlets _____ not _____ with _____?
 when _____ what _____ useless outlets
 _____ are _____ sockets _____ properly _____ restoration of electricity?

_____ are _____ non-functional _____ is electricity?
 _____ work after power _____ back?
 When the _____ returns _____ what causes _____ functioning _____?
 When electricity _____ restored, _____ outlets _____?
 What is the cause _____ outlets _____ the _____ electricity?
 What should be done _____ after electricity _____?
 If the _____ aren't _____ despite _____ on, is _____ need to do?
 _____ outlets after restoration.
 _____ despite the _____ being on, what _____ I do?
 _____ do _____ remain non-functional _____ power is _____?
 Cause _____ working _____ after _____ comes _____ on?
 What _____ operating _____ electricity?
 Why _____ with power?
 _____ the outlet from _____ electricity?
 What _____ an _____ working _____?
 _____ returns, what causes _____?
 _____ should we _____ functional issues _____ outlets _____ power is _____?
 Why were _____ dead _____ electricity _____?
 _____ powerless _____ when electricity _____?
 _____ sockets _____ power returns?
 _____ should _____ taken _____ the _____ of non functional outlets?
 How come outlets are _____ is restored?
 _____ is _____ that _____ outlet function _____.
 Despite _____ return _____ power, are _____ causes _____ outlets?
 When _____ is back, why are the _____?
 When _____ is restored, _____ leads to _____ are _____?
 Why _____ work _____ after the power _____ restored?
 _____ the sockets _____ after _____ is _____?
 When _____ what _____ to pointless _____?
 What _____ not _____ when _____ back?
 _____ not _____ the power is restored?
 Is _____ a lack of functional _____ after _____?
 _____ are _____ outlets _____ Electric's back?
 Why _____ even after electricity comes _____?
 _____ come the _____ again?
 _____ is the _____ electricity and _____ occurring?
 What is _____ cause _____ non-functional _____ is restored?
 _____ are outlets _____ the power _____ restored?
 _____ electricity _____ leads to useless _____?
 _____ do _____ outlets _____ function _____ power is restored?
 What can _____ the non functional _____ back _____ working _____?
 Why _____ outlets _____ despite _____ return _____ electricity?
 Why are _____ outlets _____ not _____?
 What _____ outlets to _____ the return of _____?
 _____ can _____ do _____ faulty outlets?
 _____ the _____ is _____ could be _____ outlets _____ malfunction?
 What _____ be _____ to prevent _____ the _____ of electricity?
 _____ return of power, _____ there _____ inoperative outlets?
 Why _____ work _____ the _____ goes _____?
 Is _____ a reason _____ stagnant _____ the power _____?

_____ are the _____ malfunctioning?
_____ the return of _____ outlets exist.
Cause _____ outlets when _____?
When the electric supply _____ what _____ outlets?
_____ can _____ about _____ problematic outlets?
When _____ what makes _____ non _____?
There is a _____ of functionality _____ outlets _____?
Why are outlets malfunctioning _____?
What do we _____ faulty _____?
_____ can there _____ lack of function in _____?
Why do _____ work after _____ back on?
_____ to get non functional outlets _____ again?
_____ do some sockets still _____ after electricity _____?
_____ preventing _____ outlet _____ after power?
When electric supply is suddenly _____?
_____ causes outlets _____ be _____ functional _____ electricity _____ restored?
What _____ power _____ but _____?
_____ restoring power, what _____ we _____ about _____ faulty _____?
_____ do outlets _____ the power _____ out?
_____ is _____ non-functional _____ when there _____?
_____ power _____ why _____ sockets _____?
_____ function after power _____ back on?
What could _____ to malfunction _____ power _____ restored?
_____ are _____ causes of _____ outlets _____ what should be done _____ fix _____?
Despite _____ return _____ power, there _____ behind _____ outlets.
What should _____ functional outlets _____ function again?
Why don't _____ after the power _____?
_____ the power _____ restored, _____ outlets _____ non-functional?
_____ do outlets _____ work after _____?
_____ come sockets _____ power returns?
_____ action _____ be _____ remedy the reasons for non _____?
What actions should _____ taken to _____ the outlets _____?
_____ back _____ leads to _____ outlets?
What can we _____ the _____ power is back?
How come the _____ but plugs _____?
_____ we deal _____ recurring _____ in _____ when power _____ back?
_____ are _____ for _____ outlets despite _____ recovery.
What should be _____ of non _____ outlets?
Why aren't _____ should _____ I receive electric supply?
Why is electricity _____ and _____?
_____ aren't _____ functional after _____ returns?
_____ that power _____ but not _____?
The _____ could _____ after _____ power _____.
_____ how to _____ outlet _____ once electricity is _____?
_____ non functional _____ is restored?
When _____ coming back, _____ leads _____ outlets?
_____ can be _____ to get _____ back to _____?
_____ Supply returns _____ causes non-functional _____?
_____ electric _____ aren't the plugins working?
_____ we _____ about the _____ outlets?

_____ electricity returning, _____ to _____ outlets?
_____ sockets _____ work properly despite _____ electrical _____.
_____ outlets _____ not _____ even _____ electricity is restored?
What are the reasons _____ outlets despite _____?
What _____ do about these outlets _____ that _____?
_____ are sockets not _____ after _____?
Why _____ outlets _____ despite the power _____?
When _____ is _____ outlets _____ be non functional?
_____ a cause _____ non-functional outlets _____ the _____ electricity?
Why do _____ after the power _____ back?
_____ electricity is _____ what causes _____ outlets _____ non _____?
_____ to be done to _____ functional _____?
When _____ why outlets don't _____?
When electric _____ is _____ to _____ what causes _____?
_____ don't the _____ work _____ is _____?
_____ are outlets still _____?
_____ work despite _____ return?
Why _____ become _____ electricity returns?
_____ be _____ to _____ non functional outlets _____ work?
_____ working despite electricity _____ back.
_____ back on, why _____ outlets _____?
What _____ be done _____ that are _____ functional despite _____ return _____?
So _____ can _____ fix these faulty _____?
When _____ goes back, _____ function?
How _____ resolve outlet problem _____?
A lack of _____ after _____?
_____ behind non-working outlets _____ power comes _____?
_____ do _____ electricity is restored?
How to fix _____?
Why _____ outlets _____ with electricity _____?
_____ we _____ the _____ when power is restored?
_____ causes persistent Outlet _____ after _____?
When _____ returns, what _____ outlets _____?
Despite _____ are not _____ correctly.
_____ do outlets not _____ is back?
_____ want _____ plugs don't work despite _____ power.
What _____ normalized outlet _____ power _____?
_____ are the reasons _____ non _____ outlets and what _____ done _____ get _____ and _____ again?
_____ sockets work _____ power goes _____?
How _____ the faulty outlets _____ the _____ back on?
_____ needs to _____ non functional outlets?
When electric _____ suddenly _____ to _____ what _____ non-functional _____.
When _____ is back, _____ to _____?
Why _____ sockets still fail _____?
_____ not work _____ electricity returning?
Why are the outlets dead _____?
Why can't _____ function when _____?
How to _____ outlets _____ no _____?
What prevents _____ after _____?
After power _____ the _____ not working?

_____ can we address _____ after _____?

_____ should _____ do _____ the faulty outlets _____ power _____ restored?

Why _____ working after _____ goes out?

_____ do about recurring _____ issues _____ when power is _____?

How come _____ is restored _____ don't work?

_____ electricity is _____ what leads _____?

_____ outlets _____ after _____ power is restored?

_____ outlets are not working _____ restored?

_____ my _____ even though I _____ power?

If _____ sockets aren't _____ being _____ what _____ I do?

Why do _____ not _____ after electricity _____?

When electric supply _____ back _____ causes outlets _____?

Why are outlets _____ despite _____?

What _____ done to _____ the _____ non functional _____?

What _____ be _____ resolve outlet _____ regaining power?

_____ are _____ dead _____ after the _____ restored?

_____ aren't my electrical plugs _____ as _____ should, despite _____?

What is causing _____ malfunction _____ the power _____?

Why outlets _____ is restored?

_____ is electricity _____ back but _____?

How come the _____ on but _____ outlets _____?

Why _____ functional _____ coming _____ power _____?

_____ don't _____ work despite _____?

_____ powerless outlets persist despite _____?

_____ the power is _____ outlets _____?

What causes outlets _____ non functional _____ after _____ is _____?

When _____ power _____ what leads to _____?

Why _____ outlets _____ return?

When _____ why _____ the _____ not _____?

What _____ to remedy _____ outlets?

_____ restored, outlets _____ gives?

_____ did _____ sockets _____ correctly despite electricity restoration?

Why _____ electricity _____ functional outlets?

_____ some sockets _____ to work.

Power _____ how to fix _____?

_____ outlets are _____ with _____?

When _____ back, what _____ useless _____?

_____ outlets still _____ the electricity _____ restored?

_____ the _____ on, but _____ plugs _____ not working?

When _____ electric supply _____ suddenly, _____ causes _____?

Why _____ my _____ as they _____ despite _____ supply?

Why _____ outlets _____ is restored?

_____ power is _____ aren't working.

Why _____ outlets stay dead _____?

Why _____ sockets _____ after _____ off?

What could be the cause _____ restoration?

_____ normalized _____ functioning after _____ is restored?

Any ideas _____ resolve _____ after regaining power?

What causes non-functional outlets _____ the _____?

_____ be done to resolve continued _____ problems _____?

_____ power, _____ we do _____ the outlets that are _____?
 _____ aren't _____ after _____ comes back?
 Any _____ how to resolve outlet _____ electricity _____?
 _____ causes outlets _____ be _____?
 _____ wonder why my _____ won't _____ power.
 _____ action should be taken _____ get non _____ back _____?
 _____ the _____ restored, what _____ outlets to _____ non _____?
 _____ a _____ continued outlet dysfunction upon regaining _____?
 _____ issues behind inoperative outlets despite _____ return _____.
 Why powerless _____ the _____ restored?
 _____ electricity _____ restored, what _____ to _____ non functional?
 There _____ malfunctioning _____ the power _____.
 _____ don't the plugins work _____ with _____?
