

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	DNS and IP address configuration help
Inquiry Sub-Category	DNS Hijacking/Malware
Description	Support for customers who suspect DNS hijacking or malware infections, providing guidance on detecting and removing malicious software that alters DNS settings or redirects traffic.
Data Size	5,204 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

_____ ensure _____ my _____ is _____ infected with _____ altering its _____ settings?

Please _____ protect _____ from malicious _____ might be compromising _____ domain _____ system.

I want to _____ how _____ protect _____ from computer _____ change _____ domain name system _____.

What _____ I _____ computer's domain name system?

_____ do _____ computer _____ itself _____ infections _____ modify it's website's _____ and domain?

_____ is _____ way to keep the _____ from _____ by software _____ DNS _____.

_____ be certain _____ comp _____ be _____ malicious software that messes with _____ name _____?

_____ want _____ to _____ my computer _____ computerviruses _____ could alter my _____ service settings

I need _____ protect _____ from _____ software _____ be compromising _____ DNS settings.

I need _____ protect my computer _____ software that _____ provider's preferred domain _____.

_____ need _____ keep _____ computer _____ from malicious software _____ may _____ compromising my nameserver _____.

Is _____ possible for me _____ immunity _____ altering _____ malicious computer's _____?

How _____ make my _____ infections _____ change _____ name and domain?

_____ there _____ to _____ from malicious changes _____ it's DNS?

_____ to make my _____ protect itself _____ infections that modify _____ domain

_____ would _____ to know how _____ computer _____ computer Viruses _____ would change my _____ service _____.

_____ help _____ computer from _____ my internet provider's _____ domain name service

_____ can _____ my _____ DNS from being corrupted?

I _____ to know _____ to _____ my computer from Viruses _____ change the _____.

I _____ help _____ my computer _____ malicious _____ compromises my _____ provider's _____ name system

_____ it _____ to stop _____ getting _____ software _____ messes up the _____ settings?

I request _____ secure _____ computer from malicious _____ because _____ compromises _____ internet _____ preferred _____ name _____.

I need your help _____ protect my _____ malicious software _____ may be _____ domain _____.

Please help _____ my computer _____ from malicious _____ might be _____ the domain _____ service _____.

_____ to make my computer _____ from _____ software _____ compromises my _____ settings.

How can _____ make my _____ against infections that _____ website _____ and _____?

_____ do _____ make _____ itself _____ that change the nameserver settings?

I would like to know _____ from _____ that _____ alter _____ domain _____ service settings.

____ it safe ____ my ____ malicious programs that ____ change ____ name server ____?
 ____ need your help to ____ my ____ safe from malicious software that ____ Name ____.
 I need to ____ to protect ____ computer ____ computer ____ that ____ domain ____ service settings.
 I wish ____ secure my ____ from malicious ____ provider's ____ domain ____ settings.
 ____ I be ____ my ____ won't ____ affected ____ malicious software that ____ DNS?
 ____ do I ____ computer ____ itself from ____ modify it's ____ nameserver ____?
 ____ to make my computer ____ against ____ that ____ it's ____ settings.
 I need ____ with securing ____ from malicious ____ my ____ provider's preferred ____ name ____.
 ____ computer from ____ that ____ change ____ name server settings?
 ____ need your help ____ keep ____ computer protected ____ malicious software that ____ the ____ name ____.
 ____ it ____ that my device could be ____ that ____ change ____ settings?
 ____ request help to keep ____ safe ____ malicious software which ____ provider's preferred ____ service.
 ____ do ____ make my computer ____ myself ____ infections ____ nameserver settings?
 How ____ change ____ nameserver settings on ____ computer ____ it against ____?
 ____ I make sure ____ computer's ____ settings ____ by ____ software?
 I ____ to ____ my computer safe from ____ compromises my ____ preferred ____ settings.
 ____ protect my ____ malicious software ____ compromising my domain name service settings.
 Can I ____ sure ____ my computer's ____ changed by malicious ____?
 ____ to ____ my computer ____ viruses ____ could affect my domain ____ service settings.
 I require assistance to secure ____ computer from malicious ____ which compromises ____.
 ____ computer ____ malicious software ____ compromises my internet provider's dns settings.
 Is ____ a way to prevent malicious takeover ____?
 Can ____ protect my ____ programs that ____ the name ____?
 ____ computer from ____ compromises my internet provider's ____ domain name system
 ____ I protect my ____ from ____ that ____ modify ____ domain name settings?
 I ____ help to secure ____ that ____ my internet provider's preferred ____ settings.
 ____ would like ____ how ____ protect my computer from ____ viruses that ____ the ____ name ____
 ____ request ____ to secure my ____ malicious software ____ my ____ provider's ____ domain ____ service
 ____ protect my ____ name server from ____?
 ____ to ____ against ____ hijacking?
 Can I protect ____ malicious programs that ____ name ____ settings?
 Is it ____ for ____ device ____ be ____ by changing its DNS?
 I request help to ____ computer from ____ compromises ____ preferred domain ____ settings
 Is it possible ____ could ____ malicious software that alters ____ configuration?
 ____ possible ____ malicious software ____ changing ____ internet domain settings?
 ____ repel ____ that change ____ DNS?
 I ____ help to ____ my computer free ____ malicious software ____ compromises my ____ provider's ____.
 There ____ to protect my computer's ____ from bad ____.
 Can I ____ from malicious programs that ____ server settings?
 ____ my computer ____ infections that ____ it's website's ____ name settings.
 ____ do I ____ sure my comp's ____ is ____ malware?
 ____ want to make sure my computer's ____ software.
 Is it possible for ____ to protect ____ from ____ of ____?
 I ____ to know how ____ my computer from viruses ____ alter ____ name ____.
 ____ would like ____ protect my computer from ____ that ____ my domain ____ system settings.
 I ____ your help in protecting ____ from malicious ____ that ____ compromising ____ domain ____.
 Ways to ____ that change ____.
 What ____ I ____ to ____ my computer from ____ that modify ____ name ____?
 How ____ my computer ____ infections ____ modify my ____ settings?
 Is ____ possible ____ prevent my computer from getting ____ that ____ the ____?

_____ my device could _____ by malicious software _____ could _____ my _____ settings?
 I need _____ help _____ securing my computer _____ that _____ compromising the domain name _____ .
 How can I _____ my computer _____ software _____ my computer's _____ name _____ ?
 _____ to protect _____ computer from _____ that _____ alter the domain _____ system.
 I _____ to _____ my computer _____ modify its website's _____ domain.
 _____ it possible _____ my _____ can be compromised by malicious _____ changing its _____ ?
 I need _____ to secure my computer against _____ internet provider's _____ name _____ .
 Ways to _____ that _____ address?
 I need help to _____ from _____ compromise _____ nameservers.
 _____ possible _____ prevent my computer _____ that _____ my DNS settings?
 I _____ help _____ from _____ software which compromises _____ provider's preferred _____ name settings.
 _____ I _____ computer's domain _____ from malicious modification?
 _____ need your _____ to _____ my computer _____ software _____ may _____ myDNS settings.
 _____ certain that _____ comp won't be _____ by _____ messes _____ the dns?
 I _____ your _____ to _____ computer from _____ might be _____ the Domain Name _____ .
 What _____ I _____ to keep _____ computer _____ from _____ software _____ could modify my _____ name _____ ?
 _____ make my computer _____ itself _____ that alter _____ website's nameserver _____ ?
 Can I be sure my comp _____ affected _____ the _____ name system?
 I _____ help to secure _____ from malicious _____ preferred domain name.
 _____ secure my _____ from malicious _____ that may be _____ the _____ name service _____ .
 What _____ I do to _____ software _____ modifying _____ internet _____ settings _____ computer?
 Is there _____ way _____ my _____ DNS configuration from _____ ?
 _____ know how to protect my _____ against _____ its _____ settings.
 _____ to secure _____ computer from _____ software _____ my internet _____ settings.
 I would _____ to _____ protect _____ from computer _____ that could alter _____ name system.
 I would _____ to _____ computer from computer _____ would _____ my domain _____ system settings.
 _____ to _____ to protect _____ computer _____ that could change the _____ system.
 _____ need _____ know _____ computer from _____ that could _____ my _____ name service settings.
 _____ want to protect _____ computer _____ infections _____ nameserver settings.
 How _____ I protect _____ from _____ software _____ alter _____ computer's _____ name settings?
 I would _____ how to protect my _____ infections that could alter the _____ .
 Is there _____ way _____ malicious software from changing _____ my _____ ?
 I request _____ my _____ from threats _____ my _____ name settings.
 _____ need _____ to _____ my _____ malicious software _____ compromises my _____ settings
 I _____ to protect _____ from _____ software _____ internet provider's _____ domain _____ settings.
 _____ need your _____ to secure my computer _____ that _____ my _____ provider's _____ name settings.
 _____ computer from getting malware that messes with _____ DNS _____ ?
 _____ I _____ my _____ safe from harmful software _____ changes my _____ settings?
 _____ it possible _____ malicious software from modifying _____ settings _____ computer?
 Is _____ possible that _____ be _____ by malicious software that can _____
 Is _____ affirm and shield _____ malicious _____ to my _____ system?
 _____ should _____ keep the integrity _____ my device'sDNS safe _____ ?
 _____ my computer safe from malicious _____ that _____ server _____ ?
 _____ it possible _____ my device _____ software, _____ by changing its domain _____ ?
 I _____ help to _____ my _____ software _____ compromises my _____ provider's _____ domain _____ settings.
 _____ I _____ that _____ comp's _____ not interfered with by _____ ?
 I _____ my _____ isn't interfered with _____ malicious software.
 _____ am _____ how to protect my _____ from computer _____ the domain _____ system.
 _____ my computer _____ which compromises _____ internet provider's _____ domain name settings.
 _____ I _____ if my _____ domain _____ is altered?

How _____ prevent my computer's _____ name system from _____ ?

_____ need to _____ how _____ my _____ from computer _____ affect my domain name service _____

_____ want to _____ how _____ from computer _____ can change my _____ name system settings.

I request _____ to secure my _____ which _____ my _____ provider's preferred _____

_____ to _____ my _____ malicious _____ compromises _____ internet providers preferred domain name settings.

_____ do _____ protect _____ domain _____ system from attack?

No _____ software should _____ nameserver _____.

How _____ I make _____ computer _____ against infections _____ nameserver settings?

I _____ like _____ know how _____ my _____ computer _____ that could _____ name service settings

Is there _____ to prevent _____ from messing with _____ ?

_____ keep my computer _____ of harmful software _____ domain name settings?

Is _____ a way _____ from altering _____ internet _____ settings?

_____ to _____ against threats that _____ computer's _____ ?

_____ need _____ my _____ from malicious software that _____ provider's preferred _____ name service

Is there _____ way _____ nameserver from _____ hijacked?

How can I _____ name settings _____ being changed _____ software?

I _____ to _____ to _____ computer from computer viruses _____ could affect _____ domain name _____.

I need _____ with securing _____ computer _____ malicious _____ that compromises _____ provider's _____ service

How can _____ make _____ computer protect _____ against _____ its _____ settings?

How do _____ that your _____ is unaffected _____ harmful _____ network address system?

You _____ help me to _____ my _____ software that _____ be compromising _____ name _____.

Is _____ way to protect against _____ being _____ altered?

Please _____ secure _____ computer _____ software _____ may _____ compromising the _____ name system.

Please help me _____ my _____ malicious software _____ be _____ name system.

_____ block malicious software from _____ my internet domain _____ ?

Is _____ a _____ stop _____ comp's precious DNS from _____ ?

_____ would like to _____ protect _____ from computer viruses _____ affect my _____ name system _____.

I _____ computer _____ from _____ software which compromises my _____ preferred _____ system

_____ help _____ keep my computer safe from _____ that may be _____ system.

_____ would _____ keep _____ software away from _____ the DNS _____ my _____.

I _____ to know how _____ my computer _____ that can change _____ system.

How _____ I _____ sure _____ my _____ domain _____ not affected?

_____ need _____ securing _____ from _____ that compromises _____ internet provider's preferred _____ service.

_____ it possible for me _____ protect _____ domain _____ server _____ malicious _____ ?

I request help to _____ computer _____ software that _____ provider's preferred domain _____.

_____ are _____ can _____ prevent the DNS on _____ from being _____.

I need help _____ protect _____ that _____ the DNS _____.

Is there _____ way _____ prevent _____ from _____ with my _____ name _____ ?

_____ possible for me to gain _____ altering _____ computer's domain _____ ?

What _____ to _____ my DNS settings _____ getting messed _____ ?

How _____ the integrity _____ my device's _____ safe from _____ ?

I _____ to know how _____ protect my _____ could change the domain _____

What _____ I _____ prevent _____ domain name settings from _____ ?

_____ would like to know how _____ from changing _____ name _____.

Is _____ possible that _____ device _____ by software that can _____ it's _____ ?

How _____ my computer safe _____ harmful _____ that could _____ my _____ settings?

_____ you to help me keep _____ computer _____ from _____ software _____ may be _____ DNS _____.

Please help me to secure my computer _____ compromising _____ domain _____.

I _____ my _____ to protect itself _____ infections _____ it's _____ domain.

_____ secure my _____ from malicious _____ which compromises _____ preferred domain name service.

Is it ____ to ____ malicious ____ changing ____ setting?

Can ____ computer be ____ against malicious programs that ____ change ____ ?

There is a way ____ malicious takeover ____ domain ____.

Is it ____ my ____ could ____ software that ____ my nameserver settings?

I request help ____ my computer ____ malicious software which compromises ____ preferred ____ name ____.

____ need ____ to ____ computer from malicious software ____ compromises ____ provider's ____ domain ____ services.

I don't know how ____ protect ____ computer ____ alter ____ name system.

I ____ to protect ____ computer from ____ that compromises ____ internet ____ settings.

Is ____ prevent ____ software from changing ____ name?

Please help me ____ my ____ software that ____ the domain ____ service setting.

____ do I ____ my ____ that modify ____ website's name and ____ ?

Is it possible that ____ device ____ compromised by malicious ____ its ____ ?

____ way to ____ malicious software from changing the ____ domain ____ computer?

____ fight ____ threats that ____ my computer's ____ address?

____ need ____ secure my computer from ____ my DNS ____.

I want my ____ to ____ by malicious software.

Please ____ to ____ my ____ safe ____ malicious software ____ compromise ____ domain name ____ settings.

How can ____ my computer ____ change ____ nameserver settings?

My computer's ____ settings should ____ be altered ____.

____ how ____ protect my computer from ____ viruses that ____ change ____ domain name ____.

____ that my comp's ____ isn't interfered with ____ malicious software?

____ should ____ my computer from ____ software that ____ compromising the ____ name ____.

____ there a way to prevent malicious ____ from modifying ____ the ____ ?

____ I ____ my ____ domain ____ safe from harmful software?

____ need ____ my computer from malicious software ____ domain name system.

I need ____ that my comp's ____ is ____.

____ a way ____ protect ____ from ____ viruses that could alter ____ name ____ ?

What's ____ way ____ DNS hijacking?

____ to protect my ____ from ____ modify it's ____ name ____ domain.

I ____ computer's ____ settings ____ free of malicious ____.

____ there ____ way ____ make ____ that malicious ____ change my computer's ____ system?

____ to secure my computer from ____ software ____ compromising ____ settings

____ help to ____ my ____ from malicious ____ my ____ preferred domain name settings

____ to secure ____ against malicious ____ of the ____ server?

I need ____ help ____ protect ____ from ____ software that may ____ compromising ____.

____ it possible ____ software ____ internet domain ____ on my computer?

____ your ____ protect ____ computer from ____ software ____ be ____ my dns settings.

Please ____ keep my computer safe ____ be compromising ____ Domain Name ____ settings.

____ make ____ computer protect itself against infections ____ website's DNS ____ ?

I need ____ my ____ safe from malicious software ____ internet provider's ____ domain name ____.

I would like ____ know ____ computer ____ Viruses that ____ domain name service settings.

____ like to ____ to protect my computer ____ computer viruses that ____ change ____ settings.

Please ____ me ____ safe ____ software that may ____ the domain name system.

I asked ____ to ____ my ____ from ____ software ____ my ____ provider's ____ settings.

There are ____ to ____ my ____ DNS ____ from ____.

I'd ____ know ____ to protect my ____ viruses that could alter the ____.

____ do I ____ from infections ____ it's nameserver settings?

I ____ prevent computer viruses from altering ____ name ____ settings.

How ____ I ____ computer ____ harmful ____ could change my ____ name settings?

I ____ to ____ computer ____ software that may be compromising the ____.

How do I _____ sure _____ domain _____ with _____ Malware?

_____ I _____ my computer _____ that might change my name _____?

I _____ help to _____ computer from threats _____ my _____

I _____ like _____ how _____ my computer _____ computer Viruses _____ could _____ my domain _____ system.

_____ wish to secure my computer _____ internet provider's _____ domain _____ service.

How can I _____ sure _____ comp's _____ is _____ malicious software?

Is _____ to prevent _____ from _____ my computer's _____ settings?

Is _____ to _____ software _____ modifying my _____ domain settings?

_____ protecting _____ from malicious _____ may be compromising _____ domain name system.

_____ prevent my _____ DNS from being _____?

_____ don't _____ how to _____ against malicious _____ to my PC's _____ system.

_____ I protect _____ computer _____ programs that _____ the name _____ my _____?

How do _____ comp's precious DNS from being _____?

Can _____ make _____ PC's DNS _____ are _____ by dirty Viruses?

Please help me to protect _____ computer from malicious _____ be compromising _____

_____ help _____ to secure my _____ from _____ that compromises _____ internet provider's _____ system.

Is it possible _____ my device _____ by malicious software _____?

"I _____ to _____ to protect my _____ from computer viruses that _____ alter _____ domain _____ "

I ask help _____ from malicious _____ compromises _____ provider's preferred _____ name service.

I _____ my computer secure from _____ that _____ internet provider's _____ system.

_____ can I _____ my _____ protect _____ infections that _____ the _____ settings?

I _____ help with _____ my _____ from _____ which _____ my _____ preferred domain name _____

_____ I make my _____ itself against infections _____ modify _____?

I _____ my computer _____ from malicious software _____ internet provider's _____ domain _____.

_____ help _____ secure my _____ from the malicious software _____ may _____ compromising _____ service settings.

Can I prevent _____ software _____ changing _____?

I need _____ protect _____ computer _____ threats _____ DNS settings

_____ do I keep my _____ from _____ software _____ can _____ my _____ settings?

_____ to know how to protect _____ computer _____ that could change _____ domain _____ settings.

I _____ to know how _____ protect my _____ computer viruses _____ could _____ domain _____ system.

Is _____ my device can _____ by _____ software _____ by _____ domain name?

_____ your help to protect _____ computer from malicious _____ that _____ affect _____.

_____ it possible _____ protect _____ PC's _____ settings _____ attackers?

_____ I _____ my computer safe _____ programs that _____ change _____ server _____?

_____ I keep _____ from harmful software _____ modifies _____ domain _____ server settings?

Is it _____ my device can be compromised by _____ change _____?

I _____ my _____ protected _____ which compromises _____ internet provider's _____ domain _____ service.

How _____ bad guys from _____ with my _____ DNS?

I _____ secure _____ computer _____ malicious software _____ my internet _____ DNS settings.

_____ request help _____ my computer from _____ that compromises _____ internet _____ preferred _____ service

Is it possible _____ and _____ against malicious _____ nameserver?

_____ need _____ protect _____ which _____ my internet provider's preferred _____ name system

Is it possible _____ could _____ compromised by malicious _____ that _____ change _____?

Is _____ to _____ from _____ my internet _____ settings _____ my computer?

Is _____ possible _____ software _____ my _____ domain _____ on the computer?

Is it possible _____ immunity _____ altering the _____ computer's _____?

I need your _____ securing _____ from _____ software _____ affecting the _____ name system.

I _____ help in _____ computer _____ that compromises my _____ preferred domain _____ service.

_____ your _____ my computer _____ software _____ compromising the domain name system.

_____ to know _____ to protect my _____ from computer viruses that _____ my _____ system _____

How can _____ DNS configuration from _____?

Is it possible _____ my device _____ software _____ by changing its _____?

_____ in need of _____ my computer from _____ may be compromising _____.

I request help to _____ computer _____ software that _____ internet provider's preferred domain _____.

_____ computer secured from malicious _____ that _____ internet _____ preferred domain name _____.

_____ help _____ to _____ my computer from malicious _____ that _____ my _____ system.

I _____ to know how to protect _____ virus that _____ my _____ name _____ settings.

_____ to know _____ to _____ my computer _____ affect my domain name service _____.

_____ can I _____ my _____ safe _____ my computer's domain name settings?

How _____ make sure _____ your _____ unaffected _____ harmful entities manipulating _____ network _____?

_____ that my _____ could be _____ by _____ by _____ its DNS configurations?

I _____ your help to _____ my _____ software that _____ my domain _____ service _____.

I request _____ to _____ my computer _____ malicious software which _____ provider's _____ service

Is it possible to affirm _____ to _____ computer's name _____?

Is _____ to prevent my _____ getting something _____ messes _____ the _____?

There _____ to _____ computer's _____ configuration from being _____.

Is _____ affirm and shield _____ PC's DNS _____ malicious _____?

_____ can I do to _____ my computer _____ infections _____ modify _____?

Is _____ way _____ make _____ that it _____ change _____ name system?

_____ want _____ sure _____ no malicious software alters _____ nameserver _____.

Is _____ a way _____ from _____ with my DNS _____?

Is there _____ from malicious changes to it's _____?

Please help me _____ securing _____ that _____ be _____ the Domain Name Service _____.

I _____ to _____ my computer's _____ are _____ changed by malicious _____.

Is _____ to _____ against attacking and _____ the _____?

I need _____ computer protect _____ against _____ that modify _____ settings.

I need to _____ computer _____ itself against _____ that modify its _____.

I need help to _____ my _____ from _____ which _____ preferred domain name service.

_____ help to make my _____ from malicious _____ that _____ compromising my _____ settings

_____ I _____ those bad _____ messing with _____ computer's DNS _____?

_____ my device _____ be compromised by _____ software or _____ its _____ configurations?

I _____ help in _____ my _____ from malicious _____ my _____ provider's _____ domain name _____.

_____ to keep the computer from being _____ the DNS settings?

I _____ to keep my _____ safe from _____ software that compromises _____ domain name _____.

Can _____ sure _____ PC's DNS _____ are not _____ up _____?

_____ to _____ my computer _____ malicious _____ that _____ my internet provider's _____ name _____.

How _____ I _____ sure _____ comp's _____ isn't _____ by malicious software?

I _____ like to _____ how to protect _____ computer _____ could affect _____ domain _____ settings.

I _____ to _____ how to protect my _____ from _____ alter the _____ name system.

_____ there _____ way to _____ against attacking _____ DNS _____?

Is there a _____ from _____ the internet _____ settings _____ the computer?

_____ tell me how _____ protect _____ of the _____?

Is it _____ to _____ programs that might change _____ name server _____?

I need your assistance _____ securing _____ malicious _____ could compromise _____ domain _____.

Keeping the integrity of my _____ from _____?

_____ myself against _____ name server?

_____ it _____ protect my computer _____ malicious _____ that _____ change _____ name _____ settings?

_____ make _____ they don't _____ with _____ PC's DNS settings?

_____ do I _____ stop the _____ from messing _____ my _____?

How _____ integrity _____ dns safe from malicious software?

Is it possible _____ protect _____ the malicious _____ name server?
 _____ help me _____ my _____ safe from _____ software _____ may _____ compromising _____ Domain _____ System.
 _____ it _____ that _____ is compromised by malicious software _____ it's _____ settings?
 _____ to _____ with _____ that _____ my _____ domain name _____?
 _____ keep my computer safe _____ software _____ modifies my computer's _____ name _____?
 _____ your help in securing my _____ malicious software that _____ compromising _____ name _____.
 I _____ you to _____ me protect _____ computer from _____ be compromising _____ domain _____ settings.
 _____ I _____ malicious software _____ modifying my internet _____ settings?
 Is _____ my _____ be _____ malicious software that _____ it's dns settings
 _____ help me _____ protect my _____ from _____ malicious _____ the domain name system.
 Is _____ my _____ can _____ malicious software that can _____ it's CNAMEs?
 I would like to _____ how _____ protect _____ computer from _____ change _____ domain _____ settings.
 Is _____ possible _____ device _____ compromised by malicious _____ or by _____ domain _____?
 I _____ to secure my _____ from _____ compromises _____ preferred domain _____ system
 _____ it possible _____ device _____ be _____ by _____ software that _____ change it's _____?
 I need _____ my _____ infections that _____ it's _____ name and _____.
 I need _____ help _____ securing _____ might be compromising the Domain _____ System.
 _____ my computer _____ from harmful _____ change my computer's domain _____ setting?
 I _____ your help in protecting my _____ malicious _____ the domain _____ service settings
 Is there any _____ my internet domain settings?
 "I would _____ how to protect my computer _____ computer viruses _____ alter _____ domain _____
 Can _____ computer's _____ server settings _____ harmful programs?
 I _____ your help to _____ computer from malicious software _____ the _____.
 I want to _____ protect my computer from _____ that _____ name service settings.
 _____ my device _____ to _____ by malicious _____ its DNS configuration?
 _____ to _____ the system _____ altered by an attack _____?
 How _____ my _____ the harmful software that _____ domain name settings?
 _____ would like _____ my computer _____ Viruses _____ could _____ my domain name service settings.
 _____ my _____ safe _____ that could modify my domain name _____ settings?
 Is _____ possible _____ device _____ be compromised _____ software, or _____ it's _____ name?
 _____ possible to _____ and shield _____ malicious changes to _____?
 _____ not know _____ computer from _____ viruses that could alter _____ domain name service _____.
 How can I _____ my computer from infections _____ domain?
 _____ a way _____ prevent malicious software from _____ DNS _____?
 _____ protect myself _____ altering _____ domain name server?
 I want to _____ my computer _____ malicious _____ may be _____ domain name service _____.
 I need _____ help to make _____ from _____ that _____ be _____ the Domain _____ System.
 _____ need you _____ me _____ computer _____ malicious _____ may _____ compromising my DNS settings.
 _____ would like to know _____ my computer _____ viruses _____ affect _____ domain name service _____.
 There _____ a _____ about _____ to protect _____ hijacking.
 _____ can I _____ precious _____ being messed with?
 _____ request help _____ my _____ malicious software which compromises _____ internet service _____ preferred _____ system.
 _____ to _____ threats that change my _____ name _____?
 Is _____ to prevent malicious software _____ name settings?
 How _____ I protect _____ computer _____ modify it's nameserver _____?
 _____ me to protect my computer from malicious _____ compromising my _____ service _____
 _____ would _____ to _____ how to _____ computer Viruses _____ can _____ my domain name system _____
 _____ a _____ malicious software _____ changing _____ dns setting on _____ computer?
 _____ request help to secure my _____ the _____ name system.
 _____ help _____ my computer _____ malicious software _____ internet provider's preferred _____ settings

I would like ____ know how to prevent computer ____ name ____ settings ____ computer.
 ____ need your help ____ securing ____ computer from ____ software ____ be ____ the domain name ____.
 ____ need ____ help to ____ malicious ____ that may affect the ____ name ____.
 ____ need your ____ protect my ____ from malicious ____ that may ____ compromising ____ name ____.
 What can ____ to ____ my computer's domain name system ____ not ____?
 I need to know ____ computer from ____ that ____ name system settings.
 I'd ____ to ____ my computer from ____ Viruses that could ____ my ____ name ____ settings.
 I need ____ keep my computer protected from ____ that ____ my ____ domain name ____.
 I ____ to ____ how to ____ my computer ____ computer ____ alter ____ domain name service ____.
 Can ____ keep my ____ from ____ programs that ____ change my computer's ____?
 Can I ____ my ____ from ____ attacked by ____ that change ____ name ____?
 ____ am in need ____ to ____ my ____ malicious software ____ my internet ____ preferred ____ name settings.
 Is it ____ malicious software ____ changing ____ computer ____?
 Is ____ that ____ be compromised by ____ that ____ change it's DNS ____?
 ____ can I stop ____ messing with ____ dns setup?
 Is it ____ secure immunity ____ altering theinfecting ____ name ____.
 ____ to ____ my computer ____ malicious software that ____ be compromising the ____.
 ____ it possible to ____ malicious ____ modifying ____ domain settings on ____?
 I am ____ in learning ____ my computer from ____ alter my ____ name ____ settings.
 I ____ help to protect my computer ____ malicious ____ which can ____ preferred ____ settings.
 Is it ____ for me ____ get ____ against ____ theinfecting ____ name ____?
 Is it ____ from changing the ____ domain ____ my computer?
 ____ need ____ protect ____ computer ____ malicious software that ____ my ____ settings.
 ____ your ____ securing my computer from ____ software ____ may be compromising ____ system.
 I ____ secure ____ from malicious software that can ____ internet provider's ____ domain ____ service.
 You should help ____ secure my ____ from ____ software that ____ be ____ System.
 Ways to fight ____ that ____ my ____?
 How ____ I make ____ from ____ that change ____ name and domain?
 Can I ____ my ____ from malicious alterations?
 ____ need ____ to protect ____ computer ____ which ____ my internet provider's ____ domain ____.
 I ____ to ____ my ____ from ____ Viruses ____ can alter my domain name ____ settings
 ____ possible ____ to be compromised ____ software, ____ by ____ its DNS configurations?
 ____ securing my ____ from ____ software that compromises my internet ____ domain ____
 Is there ____ way ____ protect ____?
 ____ it possible ____ prevent ____ changing my ____ settings?
 ____ you to help ____ to secure ____ malicious software that ____ compromising my DNS ____.
 I need help keeping ____ malicious ____ may ____ compromising the ____ name ____.
 How ____ prevent ____ settings ____ being ____?
 ____ do I ____ my computer protect itself against infections ____ modify ____?
 ____ want to ____ my computer's ____ from ____ changes.
 Is ____ software ____ the computer's internet domain settings?
 I ____ to protect my computer from malicious ____ providers ____ domain ____ service.
 How can ____ prevent ____ viruses ____ messing ____ my ____ protocol address?
 How ____ I ____ my computer ____ from harmful software ____ name server settings?
 ____ to do ____ malicious changes to my PC's ____.
 ____ need to ____ how ____ protect ____ computer ____ computer Viruses that ____ my ____ name ____ settings.
 I need ____ make ____ my ____ domain isn't interfered ____.
 ____ to know ____ to ____ myself ____ Viruses that could alter ____ domain ____ system.
 ____ would like ____ know ____ my computer from Viruses ____ my domain name ____ settings.
 You can help ____ protect ____ from ____ software ____ may be compromising _____.

____ can I make ____ computer protect ____ against infections ____ change ____ name ____ ?
 Is it ____ to affirm and ____ against ____ to ____ PC's ____ ?
 ____ I ____ my computer ____ programs that can ____ my computer's ____ ?
 Can ____ make sure that ____ viruses don't mess ____ ?
 How ____ computer protect itself against infections that ____ settings?
 ____ there a ____ to ____ malicious takeover of ____ settings?
 ____ need ____ help to ____ computer from malicious ____ that may ____ service settings.
 ____ possible to protect ____ domain ____ from malicious ____ ?
 I ____ to know ____ protect ____ viruses ____ could affect my domain name ____ settings
 I want to make sure ____ my ____ nameserver settings ____ .
 ____ need your help ____ my computer ____ software ____ may be ____ dns ____ .
 Can my computer ____ protected from malicious ____ settings?
 ____ don't know how ____ computer ____ computer Viruses ____ change ____ name system.
 ____ myself from ____ software that compromises my internet provider's ____ system.
 Is it possible to ____ DNS settings ____ being ____ ?
 ____ do ____ keep my computer safe ____ that ____ my domain name ____ ?
 ____ prevent ____ software ____ changing my ____ setting on ____ computer?
 ____ want to know ____ my ____ not getting ____ something ____ the settings ____ internet protocol
 I request ____ to ____ malicious software which ____ my internet ____ .
 Is it ____ to ____ from getting ____ that messes ____ the domain ____ ?
 ____ make ____ computer's name ____ settings safe ____ programs?
 Is ____ my ____ by ____ that can change it's DNS settings
 ____ need help ____ my computer from malicious software ____ internet provider's ____ name ____ .
 How to ____ threats ____ my ____ address?
 What can I ____ to protect ____ computer from ____ settings?
 ____ request ____ secure ____ computer ____ malicious ____ compromises my ____ providers preferred domain ____ service.
 ____ there ____ way to protect ____ against ____ changes ____ my ____ ?
 I ____ protect ____ computer from malicious ____ can compromise my internet provider's ____ domain ____ .
 Is there ____ protect ____ configuration?
 ____ to secure my computer from malicious software ____ my internet provider's ____ .
 I request ____ to secure my ____ from ____ that compromises ____ provider's ____ .
 ____ it ____ to ____ computers' ____ name ____ malicious changes?
 ____ can ____ to stop malicious software ____ my ____ settings?
 I ____ help to ____ from ____ that compromises my internet service ____ domain ____ system.
 I'd ____ protect ____ computer viruses that could alter my ____ name service settings.
 I ____ to know how to ____ from ____ that will change my ____ name ____ .
 ____ help ____ keep ____ safe ____ that may be compromising the ____ name ____ .
 How ____ I ____ malicious ____ from messing with my ____ protocol ____ ?
 ____ your ____ to ____ my computer from malicious ____ that may be ____ the ____ .
 ____ I ____ comp's ____ isn't interfered with by any malicious ____ ?
 ____ I ____ protect ____ infections ____ modify it's website name and ____ ?
 Is it possible ____ harmful ____ my computer's ____ settings?
 I would ____ know how to ____ my computer ____ Viruses ____ can ____ the ____ system.
 What should I ____ to make sure ____ domain ____ with ____ ?
 I would like ____ know ____ my computer ____ that could alter ____ domain ____ settings.
 ____ help to secure ____ computer ____ that ____ internet provider's ____ domain name.
 ____ protect ____ from ____ programs ____ could ____ it's name server settings?
 ____ need help ____ secure ____ from ____ software ____ compromises ____ provider's ____ domain name settings
 Is it ____ that ____ compromised ____ software that can change ____ dns ____ ?
 ____ help ____ to protect ____ from ____ that may be compromising ____ settings

I _____ be _____ from malicious software which _____ internet _____ preferred _____ name service.
 _____ I _____ my computer _____ programs _____ might _____ name server settings?
 _____ do I keep _____ computer _____ from _____ that might _____ my _____ domain _____?
 _____ would like _____ how to _____ computer _____ could change my domain name settings.
 _____ there a _____ to _____ configurations _____ by malicious software?
 I _____ help to _____ my computer safe _____ threats that _____.
 _____ can I keep _____ from software that can _____ domain _____ settings?
 _____ want _____ make sure _____ computer's nameserver _____ by malicious software.
 I _____ to _____ my computer _____ itself _____ that _____ it's nameserver _____.
 Can I be _____ that _____ won't _____ affected by _____ software _____ messes _____?
 _____ your help _____ computer safe from _____ software that _____ compromising my DNS _____.
 How do _____ make my _____ protect _____ infections _____ my nameserver _____?
 I need your _____ in _____ computer _____ malicious _____ could compromise the _____.
 _____ need help _____ secure my _____ from malicious _____ compromise _____ internet _____ preferred domain _____ system.
 _____ I _____ my computer prevent infections _____ modify _____ settings?
 I need _____ to safeguard _____ computer from malicious software _____ be _____ the _____.
 I need _____ protect my _____ infections that _____ settings.
 Is there _____ to prevent malicious software _____ domain _____?
 I need _____ help _____ computer safe from software that _____ compromising _____ service settings.
 _____ I _____ my computer _____ from _____ modify my _____ domain name settings?
 I need _____ help in _____ my computer _____ that _____ the Domain Name _____.
 Is _____ modifying my internet domain settings?
 _____ to protect _____ computer from _____ software _____ my internet provider's preferred domain _____.
 Can I be certain that _____ won't _____ by malicious _____ messes up _____ domain _____?
 _____ are _____ to repel threats _____ change _____ computer's _____.
 What do _____ to protect _____ computer from _____ modify it's _____?
