_____ the _____ do if they suspect _____ damage _____ from _____ earthquake?

The residents should call _____ the authorities _____ event of _____ damage _____.

What _____ people do _____ pipedamage _____ from an earthquake?

_____ local _____ an earthquake impact that _____ pipes _____ gas _____ requirements should _____ have?

_____ the situation from getting worse if we suspected an _____ pipes _____ gas _____.

Is _____ anything _____ done before _____ earthquake-caused cracks _____ escaping _____?

Which safety precautions _____ to _____ communicating _____ authority _____ earthquakes and _____ leak?

What are _____ they suspect an _____ impact that affects _____ causes gas leaks?

_____ you _____ any _____ for pre-notify measures _____ earthquakes _____ believed to _____ responsible _____ destruction of gas _____?

Suggestions on what _____ need to do in _____ of _____ suspected _____?

When ____ show ____ presence of damaged ____ and gas ____ taken
 ____ we do if ____ causes ____ damage and orgas ____?
 ____ on ____ should do if ____ earthquake ____ damage to ____ gas ____.

What ____ the residents do if ____ an ____ messed ____ gas?
 What ____ the ____ causes ____ damage and gas leaks?
 Are you able to ____ us initial ____ in ____ event ____ to ____?
 Do you know what ____ need ____ the event ____ leak ____ an ____?
 ____ there ____ earthquake that ____ gas ____ what ____ residents do?
 ____ residents ____ authorities ____ the event ____ earthquakes-related pipe damage and ____?
 Before ____ the ____ what should residents ____ if ____ is ____ causing ____?
 Precautionary ____ should ____ taken ____ earthquakes and ____ leaks.
 ____ we deal with ____ pipes ____ potential gas ____ of an ____?
 ____ if an earthquake ____ pipedamages and ____?
 Do residents ____ to ____ officials ____ gas ____ and ____ from ____?
 What ____ if there ____ earthquake ____ pipe damage or ____?
 ____ we do if earthquakes ____ pipes to ____ leaks?
 ____ call for help ____ their pipes ____ during ____?
 ____ brokenpipes ____ gas release from the ____ we report the ____ formally.
 Before ____ if we ____ an earthquake caused pipes ____ gas leaking, ____ should ____ do ____.
 ____ should ____ residents do ____ earthquakes that ____ pipe ____ and leaks?
 What should people ____ they suspect ____ damaged pipes ____ gas ____?
 What should they ____ if an ____ gasleaks?
 ____ should residents do if there ____ an earthquake that is ____ leaks?
 ____ earthquakes causing pipeline destruction and ____ leak, ____ need to ____ followed?
 Before ____ earthquake-caused cracks ____ to ____ actions should be ____.
 ____ earthquakes show ____ of ____ oil ____ gas equipment, ____ should we ____?
 Before ____ authorities, ____ do if ____ a ____ that has caused gas ____?
 ____ event of ____ pipe damages and ____ what ____ be ____ by the residents?
 ____ we should do if we ____ an earthquake ____ and ____ leaking.
 ____ what local residents ____ in the ____ of a natural ____ leak caused by ____.
 ____ should they ____ if ____ earthquake ____ pipes ____ leaks?
 Are ____ to show ____ in ____ case of a ____ leak ____ earthquake?
 If an earthquake ____ the pipelines and ____ leaks, ____ the ____?
 There are ____ to ____ taken before ____ and escaping gas.
 In ____ causes pipe damages ____ gas ____ should be ____?
 What ____ locals when there's ____ potential earthquake or ____?
 Is it necessary ____ to ____ to ____ authorities about possible ____ issues with pipes and ____?
 What steps can residents ____ prior ____ the authorities ____ they suspect an ____?
 When it ____ to ____ damage ____ what ____ residents do?
 ____ are things that ____ to be ____ reporting earthquake-caused ____ gas.
 Suggestions ____ what ____ to do ____ the event ____ a ____ leak ____ earthquake.
 ____ worried ____ destruction and gas leak, which ____ precautions need ____ prior ____ communication ____
 authority figures?
 ____ an earthquake ____ damage to ____ leaks, what should ____ first?
 Should ____ be requirements ____ when ____ suspect ____ earthquake impact that ____ gas leaks?
 ____ reporting ____ fissures ____ to officials, ____ are the actions ____?
 ____ that an ____ damage to pipes and ____ what ____ do?
 Suggestions on ____ locals ____ in the event ____ leak, after ____?
 ____ can we deal with ____ pipes ____ gas release in ____?
 ____ are ____ taken before ____ earthquake-gas leak ____ reported?
 Prepare before ____ gas ____.

Actions ____ be ____ authorities ____ earthquake-generated gas leak?
 ____ taken by residents when there ____ an earthquake ____ is ____ leaking natural ____ line?
 ____ on what local ____ the ____ are ____ from an earthquake.
 What should ____ if ____ earthquakes cause ____ leaks?
 Is there ____ for ____ inhabitants when ____ suspect ____ earthquake that may ____ and cause ____ ?
 ____ broken pipes and a ____ gas release ____ event ____ an earthquake?
 ____ you ____ give us ____ steps in the ____ earthquake ____ gas leaks?
 Are ____ that ____ to be ____ reporting earthquake-related ____ escaping gas?
 Should locals ____ for ____ if they ____ breaking ____ ?
 ____ what locals should ____ the ____ of ____ suspected ____ leak after ____ earthquake.
 If earthquakes lead ____ pipes and ____ release, ____ we ____ it?
 ____ suspected an ____ pipes ____ gas leaking, we should do something ____ from developing.
 Do you ____ for ____ measures for earthquakes ____ to be responsible ____ the destruction of ____ ?
 ____ steps ____ be taken to ____ earthquake-gas leak ____ ?
 ____ should ____ if ____ earthquake ____ pipe ____ and ____ leaks?
 ____ they do ____ earthquake causes pipes ____ leak?
 What ____ done ____ reporting ____ cracks and escaping ____ officials?
 ____ are ____ what ____ residents should ____ in the event ____ a natural ____ leak ____ earthquake.

 Before ____ hazard, ____ steps should ____ taken?
 ____ what ____ residents need to do if ____ gas ____ earthquake
 Prepare ____ and ____ before ____ them?
 ____ the earthquake ____ what would people do?
 What preparation are ____ if ____ potential earthquake ____ gas leak?
 Should ____ earthquake related ____ leaks ____ notifying ____ ?
 ____ do the residents ____ to ____ they suspect ____ earthquake ____ the pipes ____ ?
 Can ____ handle brokenpipes ____ a ____ gas ____ earthquake before officially reporting ____ ?
 ____ the residents ____ pipe ____ an ____ what are ____ they should take?
 ____ reporting earthquake-caused ____ to ____ what actions needs to ____ taken?
 What ____ need to ____ before we ____ gas escaping to ____ ?
 ____ an earthquake causes gasleaks and pipedamages?
 ____ brokenpipes and potential gas ____ from the ____ we report ____ ?
 ____ the event ____ a ____ from a ____ line after an earthquake, ____ ?
 Suggestions ____ what ____ should do in the ____ a ____ leak ____ the ____ of an ____ ?
 What ____ do if ____ suspect ____ earthquake ____ pipes and ____ leaks?
 What ____ the ____ people if they think ____ with the pipes ____ ?
 ____ are the steps ____ people if ____ suspect ____ pipes and gas?
 What ____ the ____ if ____ an earthquake has messed ____ the ____ leaks?
 When ____ suspect ____ or leaks due ____ earthquake, what should ____ ?
 Is it possible ____ give ____ steps in ____ gas leak due ____ an earthquake?
 Should ____ damages be reported to the authorities ____ ?
 ____ what ____ need ____ do ____ there is ____ gas ____ after an ____ ?
 ____ there is an earthquake ____ suspected to ____ what ____ people do?
 Are you ____ steps ____ the event of a gas ____ earthquake?
 ____ should locals do ____ a gas leak ____ an ____ ?
 If ____ an earthquake has caused damage to ____ what should ____ ?
 What ____ residents ____ to alert officials ____ leaks?
 ____ if ____ earthquake causes pipes to be ____ gas leaks?
 You ____ prepare ____ reporting earthquake-related ____ and ____ .

Actions to _____ before _____ authorities _____ earthquake-caused gas ____?

Should residents get in touch _____ authorities if _____ that _____ gas ____?

_____ should the residents do _____ that an earthquake _____ with the _____?

Does _____ local _____ when they suspect _____ earthquake impact that affects _____ causes gas ____?

_____ an _____ causing _____ damages _____ gas leaks, _____ should be done?

_____ you _____ us _____ in the case of a gas _____ earthquakes?

Is there a _____ local _____ they suspect an _____ affects pipes _____ leaks?

In case _____ causing pipe damages and gas _____ should _____?

Do _____ need _____ steps _____ and suspected earthquake damages?

There _____ steps to _____ reporting _____ dangers.

If _____ that _____ earthquake caused damage _____ gas leaks, _____ you _____ first?

_____ should _____ and a potential _____ earthquake before _____ report the _____ formally.

When it comes _____ related pipe _____ and _____ should _____ residents _____?

What kind of actions _____ they suspect pipe damage _____ an _____?

There are _____ what local _____ if the gas pipes _____ an _____.

How can we _____ and _____ release in _____ of earthquakes?

earthquake-related pipe _____ and _____ should _____ the authorities _____ residents.

Before _____ authorities due _____ a potential _____ leak, _____ is needed _____ locals?

_____ able to _____ us the _____ in the case _____ earthquake causing _____ leak?

Any suggestions on _____ to do _____ is _____ after an _____?

_____ a _____ release _____ earthquake before making a formal report?

What _____ residents _____ regards to earthquakes-related pipe damage _____?

What proactive _____ can residents _____ before contacting _____ when they _____ and _____?

_____ earthquakes cause broken pipes and _____ handle it?

_____ lead _____ broken _____ gas _____ how can we handle _____?

How can _____ pipes _____ the possibility _____ gas release _____ the _____ an _____?

If _____ earthquake causes _____ pipes _____ what should we _____?

What _____ be _____ before _____ earthquake-gas leak _____?

_____ should people _____ if _____ the earth _____ up _____ lines?

_____ need to _____ the event of a suspected gas _____ an _____?

Are _____ give _____ steps in the case _____ leak caused by an _____?

_____ there a _____ pre-notify _____ for earthquakes _____ are believed to _____ responsible for _____ destruction _____ gases?

_____ do _____ they think that _____ earth shook up _____ gas ____?

When _____ are _____ signs _____ indicate _____ or _____ what actions _____ be taken by _____?

_____ residents suspect earthquake _____ pipe _____ to the _____?

Can we handle _____ the earthquakes _____ gas _____ then _____ the _____ the _____?

Is _____ for residents to _____ precautions before _____ possible earthquake-related _____ with pipes _____ gas ____?

Are you able _____ give _____ steps _____ a gas leak from _____?

_____ for earthquakes that _____ believed to be responsible for both pipeline destructions _____ gases

_____ people _____ believe the _____ shook up the gas ____?

_____ should _____ residents do if _____ earthquake- _____ pipe _____ and _____?

_____ to _____ gas leaks.

_____ you _____ us initial steps _____ of gas leak from _____?

If _____ what should folk do?

If we believed that an _____ caused _____ we should _____ do.

In _____ case _____ natural _____ by an _____ what _____ residents need _____ do?

_____ possible _____ you to _____ us on _____ steps for _____ leak due to _____?

What _____ be done _____ earthquake _____ orgas leaks.

What _____ an earthquake _____ and _____?

If _____ inhabitants suspect _____ affects pipes and causes _____ requirements _____ them?
 _____ earthquake causes _____ damages or gas _____ what _____?

What _____ action should citizens _____ they _____ leaks _____ an earthquake?

What _____ if _____ earthquake causes pipedamages _____ gas _____?

_____ an _____ shows a _____ leaking natural _____ what _____ should _____ taken _____ the residents?

In _____ case of _____ leak _____ earthquake, can you give _____?

If an _____ causes _____ damage _____ leaks, what _____ they _____?

What _____ they do _____ an earthquake _____ damage _____ leaking?

_____ people do when _____ earthquake caused _____ to pipes _____ leaks?

_____ we _____ brokenpipes _____ a _____ from the earthquake _____ we report _____ issue _____?

The residents should _____ necessary _____ there _____ an _____ causes pipe _____ gas _____.

_____ calling in _____ authorities _____ the _____ of earthquakes _____ damage _____ what should the residents _____?
