

## [Demo] NLP Dataset for Customer Service Automation

<b>Company Type</b>	Mobile Network Operators
<b>Inquiry Category</b>	Network coverage and signal issues
<b>Inquiry Sub-Category</b>	Network congestion
<b>Description</b>	Customers notice network slowdowns during peak hours or in crowded areas, experiencing slow data speeds or difficulty in connecting calls, and seek information on network capacity upgrades or alternative solutions to alleviate the congestion.
<b>Data Size</b>	8,295 paraphrases
<b>Want to buy data?</b>	Please contact <a href="mailto:nlp-data@gross.me">nlp-data@gross.me</a> via your business email address.

**Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)**
