

[Demo] NLP Dataset for Customer Service Automation

| | |
|----------------------|---|
| Company Type | Auto Repair and Maintenance Shops |
| Inquiry Category | Unusual smells or odors inside the car |
| Inquiry Sub-Category | Fuel smell |
| Description | Customers inquire about a fuel smell, which may be a result of a leak in the fuel system or a malfunctioning fuel injector. |
| Data Size | 10,478 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

____ certain makes or models ____ prone ____ types of odorous ____ to ____ or faulty ____?

____ there ____ certain ____ brand with smelly ____ fuel leaks ____ injectors?

____ it possible that ____ vehicles ____ more ____ having malodorous ____ because ____ radiator leak or ____?

____ vulnerability to problematic smells ____ with leaking gas/faulty ____.

Is ____ susceptible to ____ to leaks ____ problematic injectors?

Is there ____ model ____ has ____ problems ____ caused ____ leaks ____ fuel injectors?

____ it ____ different ____ types ____ to smelly scenarios ____ by ____ injections?

____ are more likely ____ have odors ____ faulty injectors?

____ known ____ have a ____ tendency for emitting foul odors due ____ leaks ____ faulty injectors?

Is it ____ models are ____ resistant ____ unpleasant ____ from ____ injectors?

____ there any ____ model that is ____ prone to ____ to ____?

Is ____ make and model ____ likely to ____ unpleasant ____ leaks and ____?

How ____ certain make/model combinations to ____ smelly ____ flawed ____ systems?

Is there a higher ____ smelly problems ____ injectors ____ some car ____?

Is ____ smellier than ____ to ____ troubles?

____ any leak or ____ smell ____ for ____ of vehicles?

Is it ____ for ____ models ____ odor ____ from ____ or malfunctioning ____?

Do you know if ____ cars are ____ and injector ____ while ____?

____ the make or model ____ odors coming from ____ injectors?

Is ____ possible ____ car brands ____ bad due to leaks ____ injectors?

Is there more odor ____ for ____ leaks ____ injectors?

Is it ____ vehicle types are ____ to ____ problems ____ by ____ or ____ injectors.

____ cars have odor ____ that may ____ by leaks ____.

____ autos are prone to ____ trouble ____ Injectors?

____ it possible that ____ are ____ likely ____ suffer ____ troubles due to ____ or ____ fault?

Is there ____ model ____ known ____ odor ____ caused by faulty injectors?

Is ____ high ____ of ____ smells in ____ with faulty ____?

____ that some car ____ have ____ problems due ____ leaks or ____?

When faced ____ leak or malfunction, ____ models ____ to ____ problems?

____ more vulnerable to odorous troubles ____ and ____ faults?

____ it ____ that vehicles are more likely ____ have ____ problems ____ of ____ ____ ____ ____ ?
 Is ____ true that certain makes ____ troubles?
 Which vehicle ____ more ____ have an ____ there is ____ leak?
 Which specific vehicle models are more ____ leaks?
 ____ it true ____ certain ____ an increased ____ of ____ foul ____ their injector ____ fails?
 Is ____ that some models ____ vulnerable ____ it comes to troubling ____ from ____ their engines?
 What ____ often smell ____ due to ____ injector ____ ?
 ____ certain ____ brands ____ a ____ risk ____ due to leaking ____ or faulty ____ ?
 ____ brands show a ____ tendency for odors as ____ result of ____ ?
 Is certain ____ likely ____ experience ____ related to ____ or ____ injectors?
 Is ____ that ____ have ____ odor issues ____ of leaks ____ bad ____ ?
 I ____ know if ____ cars are ____ smelly leak ____ injector ____ while others aren't.
 ____ types ____ smells when there is a fuel ____ ?
 Is ____ smellier ____ some ____ the Injector troubles?
 ____ common for vehicle ____ have smell troubles due to ____ ?
 Is it true ____ some automobile ____ and ____ problems ____ leaks or ____ their injector ____ ?
 Is ____ any ____ or model that ____ known for ____ odor ____ or injectors?
 Which ____ car ____ to ____ odorous issues due to ____ faulty injectors?
 ____ there any specific rides ____ foul ____ to ____ accidents ____ fuel injection ____ ?
 ____ that ____ models ____ more ____ than others when ____ comes ____ troubling odors derived ____ released ____ ?
 Is ____ high chance ____ offensive odors in ____ due ____ faulty ____ ?
 Is there a ____ Injector ____ and the smell ____ ?
 Is ____ true ____ makes or models ____ more ____ odorous issues ____ to leaks ____ faulty ____ ?
 ____ leaks ____ frequently with certain car types?
 Some ____ tendency for ____ troubles as ____ result ____ or malfunctioning injectors.
 Which ____ car ____ more likely ____ suffer odorous issues ____ and ____ injector?
 ____ certain ____ to have smelly problems ____ to ____ injector ____ ?
 Is ____ less resistant ____ unpleasant ____ from ____ injectors?
 Is ____ possible ____ certain makes ____ models ____ coming from their injectors?
 ____ specific ____ more likely ____ odor problems ____ a result of leaks ____ injectors?
 Is ____ possible that ____ more susceptible to ____ and injector ____ ?
 Is ____ possible ____ types are ____ stinky problems caused ____ leaks?
 Is ____ makes and models ____ more ____ to have ____ unpleasant ____ from a leak?
 ____ it ____ that some automobile ____ prone ____ smell ____ due to ____ flaws ____ their ____ mechanisms?
 ____ possible ____ some models would be ____ when ____ to ____ smells from fluids ____ compartment?
 Which specific ____ models are ____ likely to have ____ leaks ____ injectors?
 ____ it possible some ____ less ____ smells ____ to malfunctioning fuel ____ ?
 Do ____ of generating foul odors ____ their ____ system fails?
 ____ models less ____ to unpleasant smells ____ fuel injectors?
 Is there a higher ____ have ____ odors ____ leaks ____ injection faults?
 ____ types ____ unpleasant smells ____ to leaks and injector faults?
 Is there ____ make ____ of ____ is easy to smell ____ to a ____ or ____ ?
 ____ anyone ____ any cars that ____ to ____ due to flawed ____ systems?
 ____ certain ____ more prone ____ develop ____ concerns ____ leaks?
 Is it possible that ____ models are more ____ suffer an unpleasant smell ____ leaks ____ ?
 ____ certain ____ brand that has ____ problems ____ fuel ____ and faulty ____ ?
 ____ types of ____ related ____ leaks ____ are more likely ____ be ____ by certain ____ or models.
 Which ____ more likely to develop ____ a ____ of ____ or ____ injectors?
 Which ____ combinations ____ prone ____ have ____ from ____ injector systems?
 Is ____ true ____ to ____ more issues with odors caused ____ leaks ____ faulty fuel ____ ?

_____ cars _____ stinky _____ to faulty Injectors _____ often?
 Is _____ a _____ more at _____ leaking/injector _____?
 Is there _____ certain _____ models to _____ foul odors _____ by _____ and _____ faults?
 Which _____ are more _____ having unpleasant _____ to leaks _____ injector _____?
 Do certain car manufacturers _____ higher tendency _____ smelly _____ fluids?
 Is _____ possible _____ certain _____ have _____ odors caused _____ or _____ fuel injection?
 _____ some _____ have _____ because of _____ leaks _____ faulty _____ injection units?
 _____ there a specific _____ of vehicle _____ has a _____ foul _____ leaks or faulty injector?
 Are specific _____ susceptible _____ of leaks?
 _____ true that certain makes _____ issues _____ leaking _____ coming _____ their injectors?
 _____ cars _____ more _____ to _____ stinky _____ due to faulty _____.
 Which _____ types _____ more prone to having _____ injector faults?
 Which _____ combinations _____ prone _____ smelly problems _____ flawed _____ systems?
 Some _____ may have _____ higher _____ odorous _____ as a _____ or malfunctioning injectors.
 _____ a _____ smelly problems due _____ leaks or problematic _____?
 Does some _____ a higher _____ of smelling _____ due _____?
 _____ a higher _____ automobile models _____ smells from leaks and injection _____?
 Is _____ that _____ and _____ smell related problems due _____ leaks or flaws in their _____ mechanisms?
 Is _____ that certain vehicle _____ models are more _____ to face an _____ and _____ faults?
 Is _____ a specific _____ is easily _____ the smell _____ a _____ fuelinjector _____?
 Is _____ higher _____ bad _____ some car brands _____ to leaks?
 Do _____ have _____ higher risk _____ incidents _____ to _____ in their injector _____?
 _____ it _____ vehicle types are _____ susceptible to _____ due to _____?
 _____ want to _____ if _____ cars _____ to having _____ leak and _____ cars are not.
 Is there a _____ of vehicle _____ has a _____ for emitting _____ odors _____ to _____ engines?
 I _____ to _____ brands/models are more _____ to faulty injectors.
 _____ possible that _____ vehicle types _____ more _____ to odorous problems _____ by _____?
 _____ possible _____ models _____ vulnerable _____ it comes to troubling scents _____ from _____ in _____ engines?
 Is _____ specific _____ to _____ to leaks _____ with the injectors?
 Are there any cars _____ are vulnerable _____ because _____ systems?
 Is there any specific _____ is easy _____ smell _____ leaks _____ malfunctioning _____?
 _____ certain cars _____ a _____ chance of having bad _____ to _____?
 _____ are _____ make/model combinations more _____ to _____ smelly problems _____ injector _____?
 _____ specific vehicle types _____ more vulnerable _____ odorous problems caused _____ leaks?
 _____ models have smelly _____ and _____?
 Is _____ certain cars _____ a higher chance of _____ because _____ issues?
 Is certain _____ more prone _____ experiencing _____ issues _____ to leaks _____?
 _____ a specific make _____ model _____ is _____ smell of a _____ fuelinjector _____?
 Is _____ caused by _____ more _____?
 _____ possible that certain _____ likely to produce foul _____ when their _____?
 Do _____ have _____ chances of smelly incidents _____ to _____?
 Are any _____ have _____ injection _____ known to _____ susceptible _____ odor _____?
 Which model _____ car is more likely _____ odorous _____ due _____ injectors?
 _____ it _____ that _____ brands _____ models _____ be more _____ due _____ injectors?
 Is there any _____ is more _____ problems _____ faulty injectors/leaks?
 _____ it possible _____ makes tend _____ more unpleasant odors due _____ fuel injectors?
 Is it _____ that _____ brands _____ stinky problems _____ to leaks _____ faulty _____?
 Do specific _____ a higher likelihood of generating _____ odors _____?
 Do certain cars _____ higher risk of _____ of _____ system _____?
 _____ it true that some _____ makes _____ models _____ smell _____ due _____ leaks _____ injector mechanisms?

Is _____ true _____ have stronger odors due to _____ spigs?
 _____ make/model combinations _____ prone to having _____ injector systems?
 _____ it _____ car brands are _____ leaking and injector issues?
 Is it _____ cars suffer _____ increased _____ generating _____ when their _____ system _____?
 Is _____ smells coming from the injectors of _____ models?
 Do you _____ if _____ are _____ to have _____ and _____ other cars aren't?
 Is _____ possible that a particular _____ is _____ likely to have _____ leaks _____ injector faults?
 _____ model face issues _____ and odorous _____ coming _____ their injectors?
 Is _____ face smell-related _____ from _____ in their injector mechanisms?
 Is _____ some automobile _____ and models are _____ smell _____ leaks in their _____ mechanisms?
 Is it possible _____ certain vehicles _____ more prone to _____ malodorous _____ radiator _____ fault?
 _____ make or model that is easier to smell _____ fuelinjector system?
 _____ there _____ issues for _____ cars _____ of leaks _____ bad _____?
 Is _____ that _____ have a _____ chance of generating _____ aromas when _____ system _____?
 _____ that _____ are more _____ to _____ foul _____ when their injector _____ fails?
 Do _____ have a _____ smelly incidents due to issues _____ injector _____?
 Is it _____ certain cars _____ likely _____ smells when _____ system fails?
 I wonder _____ specific vehicles _____ likely to have odors _____ faulty _____.
 _____ it _____ that vehicles are _____ having malodorous _____ due to radiator leaking _____?
 _____ there _____ specific _____ of vehicle known to have _____ for _____ foul _____ due _____ leaks _____ engines?
 Is _____ that certain _____ makes _____ are _____ likely to have an _____ smell from _____?
 _____ it _____ of Injector _____ that _____ models _____?
 Which _____ prone _____ odorous _____ because of _____ injectors?
 _____ it _____ that _____ emit foul _____ due _____ leaks or broken _____ injection _____.
 Do _____ cars have _____ chance _____ smelly incidents _____ of _____ systems?
 Is it _____ that some _____ related _____ of leaks _____ injector mechanisms?
 Is _____ model _____ to stinky problems _____ leaks _____ problematic _____.
 Is _____ possible that certain _____ to _____ problems when faced _____?
 _____ smell _____ or _____ injectors _____ for certain car brands?
 _____ cars are _____ because _____ bad _____ stuff _____ messed-up engines.
 Is stinky _____ to faulty injectors _____ likely _____?
 _____ model _____ to _____ troubles because _____ leaks or _____ injectors?
 Is _____ a particular type _____ vehicle _____ has a higher _____ for _____ foul _____ faulty _____ leaking _____?
 Is _____ that has _____ higher _____ emitting _____ smells _____ to a leak or faulty engine?
 _____ it possible _____ some _____ susceptible _____ odors caused by leaks _____ injectors?
 _____ cars _____ have _____ systems suffer _____ increased likelihood _____ generating foul _____?
 _____ some cars _____ from stinky leaks _____ a _____ of _____?
 Is it possible that _____ models _____ be vulnerable when it comes _____ from _____?
 _____ cars prone _____ have _____ leak _____ issues, _____ others are not?
 _____ susceptible to having unpleasant smells _____ injector defects?
 Is _____ specific vehicle types to _____ caused by _____ or faulty injectors?
 Some _____ exhibit increased _____ problematic scent _____ gas/faulty sprayers.
 Is _____ types more _____ to _____ scenarios _____ inadequate injections?
 _____ often smell _____ due _____ injector problems?
 Do _____ cars _____ from _____ injectors?
 Is _____ high _____ offensive smells _____ cars _____ to faulty injections?
 _____ you reckon _____ some cars _____ more stink-prone _____ of _____ or _____?
 Is it _____ vehicles _____ more _____ to _____ odorous problems due to leaks _____?
 _____ possible that _____ a higher chance _____ smelly _____ due to _____ systems?
 Which autos _____ to odorous trouble _____ injector _____?

Is _____ emit _____ odors _____ to busted _____ injection systems?

Is _____ susceptible to stinky _____ or problematic injectors?

Do _____ cars _____ chance of smelly incidents _____ result of _____ their _____ systems?

Did some _____ from stinky _____ of _____ injectors?

_____ models tend to _____ odor _____ caused by _____ malfunctioning _____?

_____ a specific _____ of vehicle that has _____ foul smells due _____ or faulty injectors?

_____ cars face smell-related _____ due to _____ flaws _____ their _____.

_____ would like to _____ if _____ cars have more _____ faulty injectors.

_____ want _____ some _____ more odor _____ because of leaks or _____ injectors.

Which _____ are _____ to having unpleasant _____ or injector defects?

_____ possible that some cars have odor _____ due _____ leaks _____?

Do _____ know _____ some _____ to _____ and injector issues, while others _____ affected?

Is _____ type _____ to have a higher tendency for _____ foul smells due _____ malfunctioning _____?

Which _____ likely to have odorous _____ due to leaks _____?

Some _____ may have more odor _____ leaks _____ injectors.

There _____ certain _____ that are _____ to having _____ problems _____ systems.

_____ types _____ prone to _____ troubles linked to _____ flaws?

Which car _____ tend _____ bad due to _____ issues?

I _____ if there is _____ higher _____ of bad smells _____ cars due _____ faulty _____.

Is there _____ odor issues _____ car brands because of _____?

_____ more odor issues caused _____ bad injectors.

Is _____ possible that _____ vehicle makes _____ more likely to _____ an _____ due to _____ faults?

_____ a high chance of _____ in _____ due _____ faulty injections.

Is there more _____ issues for specific _____ due _____ faulty injectors?

_____ possible _____ vehicle types are more _____ to _____ caused by leaks _____ injectors?

Which cars are _____ likely _____ to _____ and faulty engines?

Are _____ brands _____ of developing odors due _____ leaking _____?

_____ models are _____ likely _____ odor problems due to leaks _____ Injectors?

_____ a _____ of odor _____ some car _____ due _____ leaks or faulty _____?

Is _____ some models are more _____ than others _____ it _____ troubling smells _____ from _____ fluids _____ engine _____?

Is there _____ specific _____ model that is easily _____ by _____ smell _____?

_____ for _____ brands to have _____ because of fuel _____ discharges _____ injectors?

Do faulty _____ leaks in _____ cars _____ frequently?

Is _____ possible that vehicles _____ suffer _____ there is a leak?

_____ more _____ to have smelly problems _____ to _____.

Is _____ more common _____ brands to have stench problems _____ or crummy _____?

Which car _____ more likely _____ have _____ caused by _____?

_____ the chances _____ smelling leaks or faulty injections _____ between _____?

_____ certain makes are more _____ to _____ odorous issues _____ to _____ or faulty _____?

_____ true _____ of automobiles _____ smell _____ problems _____ to leaks or flaws in _____ injector _____?

Is _____ more _____ or faulty Injectors?

When it _____ derived from released fluids _____ the engine compartment, _____ particularly vulnerable?

_____ possible that any _____ makes/models are _____ by faulty injectors?

Which autos are _____ to _____ due to _____?

Is certain make/model _____ Injector _____?

Is it true _____ certain _____ are more _____ to _____ issues _____ to leaks _____?

_____ possible _____ certain makes or models are _____ to having issues _____ leaks _____?

Do _____ makes/models experience _____ smells _____ spills/defective _____ systems?

Which autos _____ smell _____ of _____ faulty injectors?

_____ correlation between _____ by _____ or faulty fuel _____ makes and models?

Is there a ____ tendency for automobile ____ have ____ from ____ fault?

Is it ____ vehicles ____ prone ____ having ____ troubles due to ____ leaking ____ injector fault?

____ models susceptible ____ of leaks or problematic ____?

Is specific ____ more vulnerable ____ that produce ____ odors?

I want to know ____ cars are ____ to ____ smelly leak ____ issues ____ other ____.

Is there any ____ is ____ to odorous ____ by malfunctioning ____?

Is ____ possible that certain ____ more issues with ____ by ____?

Is ____ possible that ____ particular vehicle ____ are more ____ face an ____ leaks and ____ faults?

____ possible ____ some car ____ smelly problems ____ to leaks and ____?

How ____ certain make/model ____ have smelly issues ____ systems?

Is ____ possible that ____ more ____ to having smelly issues ____ to ____ or ____?

____ are more prone ____ problems from flawed injector ____?

Is ____ for certain makes and models ____ have ____ malfunctioning ____?

Is there ____ particular type ____ vehicle that ____ a ____ smells because ____ or faulty injectors?

____ models smell ____ to the Injector ____?

____ some ____ have ____ to ____ or faulty injectors?

____ it ____ some cars are prone to ____ injector ____ while others ____?

____ there a higher ____ of ____ smells due to ____ injector?

Is certain ____ more ____ have smelly incidents ____ to ____ their ____?

____ models have issues ____ leaking ____ odorous ____ from the ____?

Is ____ odor ____ for certain car ____ to ____ and ____ injectors?

____ the stinkin' ____ going to ____ more ____ types of ____?

____ there any particular ____ of vehicle that has a ____ tendency for ____ smells ____ or ____?

____ there ____ with flawed ____ that are susceptible ____ concerns?

____ there ____ make ____ has ____ with odors due to leaks or ____ fuel injectors?

Is ____ possible ____ certain ____ due to the ____?

Is ____ type ____ higher tendency for emitting ____ due to leaking or malfunctioning components?

Does ____ makes/models ____ prone to odorous ____ to faulty injectors?

Is ____ possible that some models ____ resistant ____ from malfunctioning ____?

Is it ____ that ____ vehicle ____ more ____ an unpleasant smell ____ leaks and injector fault?

Which car ____ are ____ having unpleasant ____ by leaks?

____ certain ____ a ____ chance of smelly incidents ____ leaking/faulting ____ their injector ____?

____ have ____ chance of ____ incidents ____ the injector system leaks?

____ it ____ that ____ are ____ to ____ problems because of ____ or flaws ____ their injector ____?

____ it ____ experience odor problems from ____ or malfunctioning ____?

____ there any ____ that ____ prone to ____ problems due ____ injectors?

Is ____ that specific vehicle types can be more ____ caused ____?

____ cars are ____ stink-prone ____ to ____ leaky ____ or ____ up ____.

____ true ____ some car ____ suffer from more ____ due ____ leaks?

____ there a certain ____ brand with ____ like ____ faulty injectors?

____ leaks ____ to happen more often with ____?

Is ____ possible ____ certain ____ are more ____ caused by leaks.

Is ____ certain models are more ____ to ____ odorous issues due ____ faulty ____?

Is ____ more ____ for specific ____ models due to ____ or ____?

Do ____ associated with ____ fuel ____ affect some models?

Is there a higher ____ foul ____ caused by leaks ____ faults?

Is it ____ for certain ____ and models ____ have ____ issues ____ by ____?

____ possible ____ some ____ brands suffer from ____ issues ____ to leaks?

____ car ____ likely to have ____ problems from leaks ____ faulty ____?

Is it possible that ____ when ____ to ____ smells derived ____ fluids released ____ their engines?

____ it ____ brands to ____ odor issues ____ leaks ____ faulty injectors?
 ____ you think ____ higher ____ of ____ smells due ____ faulty ____ in ____ cars?
 Does ____ a ____ risk of developing smells due ____ fluids?
 ____ certain ____ a ____ of ____ foul smells when their injector ____ ?
 ____ a specific ____ that ____ higher tendency for ____ smells due to ____ or faulty engines?
 ____ there a ____ model ____ has ____ unpleasant ____ due ____ leaks ____ fuel injectors?
 ____ certain ____ odors due to their ____ ?
 ____ it possible ____ some ____ brands ____ a higher ____ for ____ problems ____ a result ____ ?
 ____ a certain make or ____ has ____ issues with odors ____ by ____ ?
 Should some ____ have ____ odor issues due ____ injectors?
 Is ____ a particular ____ of ____ that ____ higher tendency for ____ smells due ____ leaks or ____ ?
 ____ it possible that certain ____ makes ____ more likely ____ to leaking and injector ____ ?
 I would ____ to ____ cars are ____ have smelly ____ injector ____ while others ____ not.
 Which ____ types ____ to having ____ smells due ____ or ____ fault?
 Which model ____ suffer ____ issues due to leaks and faulty ____ ?
 Do ____ manufacturers ____ a higher tendency ____ due ____ leaking fluids?
 Is there ____ certain ____ of vehicle known ____ have ____ tendency ____ emitting ____ to leaking or ____ ?
 When ____ comes ____ troubling ____ derived from released ____ in ____ would some makes ____ particularly ____ ?
 ____ it ____ that different ____ types ____ more ____ stinky scenarios ____ to ____ injections?
 ____ models ____ are ____ to odorous problems due to faulty injectors?
 Do ____ cars ____ higher risk ____ smelly ____ issues in their injector ____ ?
 Is there ____ specific ____ that has a higher tendency ____ foul ____ to a ____ ?
 Is a ____ brand more susceptible ____ issues ____ cause ____ ?
 ____ there ____ chances ____ smells in ____ cars due ____ faulty ____ ?
 Some ____ may be ____ when it ____ to ____ smells ____ from released ____ engine ____ .
 ____ some ____ have ____ that ____ by leaks or bad ____ ?
 ____ true that ____ models have issues ____ smells coming from their injectors?
 Is ____ that certain vehicle ____ are more likely ____ an unpleasant ____ leaks and ____ fault?
 Is it possible ____ different ____ types ____ to ____ smell of ____ ?
 ____ it ____ have a ____ chance ____ incidents due to injector ____ problems?
 Do certain ____ have a ____ incidents ____ to ____ system problems?
 Certain make/model ____ more likely to have ____ injector ____ .
 Are some cars ____ to ____ leak and ____ aren't?
 ____ possible that ____ are ____ vulnerable to odors ____ leaks?
 ____ smellier because of ____ troubles?
 ____ specific rides that emit foul ____ leaking ____ injection ____ or ____ issues?
 Is there ____ high ____ some cars due to ____ injections?
 Do some ____ stinky ____ related to bad ____ often?
 Is ____ true that ____ car ____ have ____ higher ____ of smelling bad ____ ?
 ____ true that ____ models ____ problems because of leaks ____ flaws in ____ injector mechanisms?
 ____ likelihood ____ leaks or faulty ____ vary among ____ ?
 Are certain makes ____ have unpleasant odors due ____ or ____ injectors?
 ____ true ____ some car models face smell-related ____ due to leaks ____ ?
 ____ due to Injector troubles/leaks?
 ____ model ____ more ____ to suffer odorous ____ due ____ and ____ injectors?
 Which car types ____ vulnerable ____ unpleasant odors ____ leaks ____ faults?
 ____ a ____ tendency for ____ models to ____ smell linked ____ and ____ faults?
 Which ____ vulnerable to ____ odors caused ____ leaks ____ injector defects?
 ____ the odor in ____ cars caused ____ or ____ ?
 ____ certain ____ a higher ____ to ____ problems due to leaking ____ ?

_____ have _____ chance _____ smelly _____ due to injector issues?

_____ some types _____ worse _____ fuel injection units?

_____ there _____ of vehicle _____ a higher _____ emitting _____ smells due to leaks _____ faulty injectors.

_____ likely _____ stinkin' leaks happen _____ certain car _____?

_____ it _____ are more likely _____ have an _____ smell _____ and injector faults?

Is specific _____ and models susceptible _____ stinky problems _____ leaks _____?

What car types _____ more _____ unpleasant smells _____ leaks or _____?

Is _____ possible _____ certain makes _____ experience _____ or _____ faults?

_____ certain brands/models more _____ due _____ or _____ injectors?

_____ that _____ automobile _____ and _____ problems with _____ due to leaks or _____ in the injector _____?

Is _____ possible _____ some _____ be vulnerable _____ it comes _____ troubling _____ released _____?

_____ models _____ higher _____ issues from leaking or faulty injectors.

Do some _____ have _____ higher _____ of _____ due to _____ or _____?

_____ car _____ are _____ prone to have _____ odors _____ leaks or _____?

_____ that _____ at risk for leaks/injector _____?

_____ possible that specific _____ are susceptible to _____ from _____?

_____ it _____ some _____ more odor issues _____ of leaks _____ injectors?

_____ vehicle types _____ to smells _____ to injection.

Is _____ specific _____ brands are more vulnerable to injector _____ unpleasant _____?

_____ think that _____ more stink-prone due to messed-up _____?

Can _____ me _____ some cars _____ smelly leak _____ while others don't?

_____ that _____ car _____ or models _____ more odor issues _____ to leaks?

Would _____ models _____ vulnerable _____ comes to troubling odors _____ from released _____ in _____?

Is it _____ that some _____ are less _____ smells caused by _____ injectors?

_____ it _____ for _____ makes _____ models to _____ odor _____ due _____ or _____ injectors?

Is the _____ of _____ Injector troubles?

_____ the model susceptible _____ problems due _____ problematic injectors?

_____ to know if _____ cars are _____ smelly _____ injector _____ while others aren't.

_____ models _____ more vulnerable _____ problematic smells linked _____ leaked gas/faulty _____.

_____ it _____ certain _____ brands are _____ to injector _____ that _____ odors?

_____ it _____ certain makes _____ odors due to leaks _____ spigs?

Is there more _____ issues _____ certain car brands _____ injectors?

_____ types more likely _____ because of _____?

_____ possible _____ some models are _____ resistant _____ unpleasant _____ due to _____ fuel _____?

_____ there _____ model that _____ to smell due _____ malfunctioning or _____ fuel/injector systems?

_____ it possible _____ a _____ vehicle is more _____ to face _____ unpleasant _____ leaks and _____ faults?

Is it true _____ less resistant _____ smells _____ malfunctioning fuel _____?

_____ possible that certain vehicle makes _____ more _____ to face unpleasant odors due _____ injector _____?

Is certain models susceptible to _____ a _____ malfunction?

Is _____ models _____ prone to _____ odorous issues related _____ leaks or _____?

_____ car _____ to smell bad _____ of leaks or _____ injectors?

Is _____ that certain vehicle types are _____ vulnerable to _____ by _____ injectors?

Is _____ of _____ or _____ injections different for _____ and models?

_____ certain cars _____ an _____ emitting foul odors when _____ system _____?

Is _____ make _____ to smelly _____ caused _____ leaks _____ injectors?

_____ a _____ model _____ vehicle that _____ prone _____ due to malfunctioning injectors?

_____ it _____ that _____ makes _____ cause stronger _____ to leaks _____ malfunctioning _____?

Is _____ for vehicle _____ to _____ stench troubles _____ to leaking _____ engines?

_____ models _____ likely to have _____ issues _____ leaking _____ faulty _____?

_____ types are more vulnerable to unpleasant smells _____ injector _____?

_____ certain type of _____ have a _____ for emitting _____ smells due to _____ faulty parts?
 _____ there a _____ make or _____ is _____ to _____ to malfunction _____ leaks in _____ system?
 Do _____ or _____ from _____ odor issues _____ of leaks?
 _____ some _____ have stinky _____ related _____ faulty injectors more _____?
 _____ odor _____ from leaks _____ faulty injectors in some _____.
 _____ cars _____ at _____ for _____ fault?
 What _____ to be _____ odor concerns _____ to flawed injection _____?
 _____ there _____ vehicles that have a _____ tendency _____ emitting _____ smells due _____ or _____?
 Do _____ have _____ smells due to fuel injection _____?
 _____ there _____ particular type of vehicle that _____ foul _____ leaks _____ injectors?
 Is there _____ specific _____ that _____ a higher tendency for emitting _____ smells _____ to _____ malfunctioning _____?
 _____ it _____ that cars _____ an increased chance of _____ aromas when _____?
 _____ leaks _____ faulty injections varies among car _____.
 Do certain _____ have _____ chance _____ due to _____ system leaking?
 _____ the _____ of certain models _____ their Injector _____?
 Is it possible _____ and models have issues with _____ from _____?
 _____ there _____ good chance _____ cars due to faulty injections?
 _____ are more _____ due _____ crappy leaky _____ or messed-up _____.
 _____ it _____ manufacturers _____ a higher _____ for smelly issues caused _____ fluids?
 _____ models are more _____ suffer odors due to leaks _____?
 _____ there _____ vehicle _____ to have _____ higher _____ to emit _____ smells _____ to leaks or _____ injectors?
 _____ it possible _____ smell troubles are _____ common in _____ leaking junk?
 Some cars _____ have stinky _____ injectors.
 _____ it more _____ in some _____ to _____ junk or crummy injectors?
 Is _____ possible _____ have an _____ generating _____ odors when their injector _____ fails?
 Which _____ prone _____ because _____ their faulty injectors?
 Do _____ car _____ from more _____ issues _____ to leaks _____ faulty _____?
 _____ particular model _____ smelly problems due to _____ or _____.
 Is _____ odor issues for _____ brands _____ to _____ or faulty _____?
 Which _____ are more susceptible to _____ smells due _____ injector _____?
 Some _____ more likely _____ smelly problems from leaks.
 _____ are certain models _____ have _____ problems _____ by _____ injector _____?
 _____ it possible _____ certain _____ are more _____ to odors caused _____ or _____.
 _____ it possible that some _____ when _____ comes _____ troubling _____ from released fluids _____ engines?
 Is _____ leaks will happen more often with _____ types _____?
 Is there a specific makes _____ models that _____ to _____ fuel injectors?
 _____ possible _____ specific _____ to have stronger odors _____ to _____ spigs?
 _____ are more likely _____ have odor issues because _____ injectors?
 _____ suffer worse _____ of system leaks/faulting fuel _____ units?
 Is _____ possible that _____ vehicles are _____ problems caused by _____?
 Is it _____ that some _____ problems _____ leaks _____ in _____ injector mechanisms?
 _____ more prone _____ odorous issues _____ to _____ or faulty injectors?
 Do certain _____ have _____ higher risk _____ bad _____ fluids _____ bad injectors?
 Is it _____ models are more likely _____ face an _____ smell _____ leaks _____ faults?
 _____ some _____ suffer _____ smells due _____ fuel _____ malfunctioning?
 _____ brands are more prone _____ injector issues that cause unpleasant _____?
 Is it possible that _____ brands have _____ fuel _____ faulty _____?
 Is there _____ smells coming from the injectors _____ certain models?
 Some types _____ result _____ system _____ fuel injection units.
 _____ certain _____ tend _____ have odors related to _____?

Is _____ true _____ certain _____ fumes _____ of injector _____?

_____ want to know _____ are _____ having smelly _____ injector issues _____ others are not.

_____ more _____ have bad smells _____ to faulty injectors?

Is _____ possible _____ car _____ odor issues due _____ or _____ injectors?

_____ car types are _____ prone _____ smells due _____ leaks _____ injector _____?

Is stinkin' leaks going _____ car types?

_____ common for stench _____ to _____ in _____ vehicle brands _____ leaked junk?

_____ it normal _____ have unpleasant smells due to fuel _____ malfunctioning injectors?

_____ there _____ specific vehicle make _____ prone _____ odorous _____ faulty injectors?

_____ certain makes/models more likely _____ concerns _____ leaks/faulty injectors?

Is there a tendency _____ to _____ fumes due _____?

Is it _____ that particular _____ to _____ problems caused _____ leaks?

_____ a lot of _____ the _____ of certain make or models?

Is specific vehicle types _____ prone _____ by _____?

_____ there an _____ risk of _____ car brands _____ to _____ fluids?

_____ it possible that _____ smell _____ from leaks?

Do certain _____ brands _____ smells because of _____ fluids or malfunctioning _____?

_____ that some vehicle models _____ to have an _____ smell _____ leaks _____ injector faults?

Is the _____ of _____ issues _____ leaking or _____ injectors _____ models?

Which _____ types are _____ have unpleasant _____ due _____ leaks _____ defects?

Is a specific _____ more _____ have odors _____ leaks _____ injectors?

_____ there _____ high likelihood for _____ certain cars because of _____?

_____ are more vulnerable _____ problematic _____ to _____ gas/faulty sprayers.

_____ more smell-prone because of _____?

Is _____ that specific vehicles _____ have odors caused by _____.

How _____ certain make/model _____ to _____ smelly _____ flawed injector _____?

Is _____ specific _____ that _____ easy _____ smell _____ leaks or _____ in the _____ system?

Specific vehicle _____ are _____ smells because of _____.

Did _____ cars have _____ related _____ faulty injectors _____?

Is _____ specific vehicles _____ odorous problems because _____ leaks _____ faulty _____?

Is a _____ to _____ troubles _____ by _____ problematic injectors?

Some car _____ and models _____ smelly _____ from leaks.

Is _____ any _____ model that _____ known _____ cause odor problems _____ faulty _____ injectors?

Is _____ odor _____ to leaks or faulty _____ specific car _____ or _____?

Which _____ models _____ more likely to _____ due to _____ or malfunctioning _____?

Is it possible _____ types _____ more susceptible to _____ scenarios _____?

Is _____ vehicles are more likely _____ have odors due _____ leaks _____?

Do some car _____ higher chance _____ due _____ leaks or _____ injectors?

_____ this _____ associated with _____ systems bother _____ models?

_____ true that some _____ smell _____ leaks in their _____ mechanisms?

Some _____ may _____ when it comes to _____ smells _____ released _____ engine compartment.

Is it true that _____ faulty fuel injection _____?

_____ it true that _____ face _____ problems _____ of leaks _____ in their _____?

Is _____ possible that specific car brands _____ more _____ to _____?

_____ ones are easiest _____ stank _____ leak _____ and busted _____?

_____ car _____ have higher risks of _____ smells _____ to _____?

_____ to problematic scents _____ with leaked gas/faulty sprayers.

_____ lot _____ odor problems in certain models _____ or _____ injectors?

Do some cars _____ higher chance _____ incidents _____ in their _____ systems?

_____ you _____ if _____ are _____ to _____ smelly leak _____ issues, while _____ are not?

Which _____ vehicle models are more _____ to _____ smell problems _____ leaks _____ ?

_____ there any specific _____ that is _____ smell due _____ leaks _____ in _____ fuelinjector system?

Is there _____ of _____ that has _____ emitting _____ smells due to leaks _____ faulty Injectors?

_____ some car brands have _____ chance _____ smelling bad _____ or _____ parts?

Which vehicle _____ are _____ to _____ as a result _____ malfunctioning _____?

_____ it _____ that certain brands _____ more _____ due _____ leaks or _____ ?

_____ cars have an increased _____ when their _____ system fails?

Is certain car brands _____ at risk _____ smells _____ ?

_____ there a _____ chance of bad smells _____ in _____ injectors in _____ ?

Some car _____ a higher risk _____ developing _____ fluids.

_____ and _____ experience odor _____ leaks _____ malfunctioning injectors.

Is it _____ that _____ cars have a _____ of _____ incidents due _____ leaks/faults _____ systems?

Is there _____ particular _____ more _____ risk _____ odor-causing _____ ?

_____ of _____ are _____ likely _____ odors due _____ leaks and _____ engines?

Does _____ make _____ face issues _____ and _____ from their injectors?

Is it common for _____ encounter odor _____ from leaks _____ injectors?

_____ there _____ is prone to odorous _____ caused by _____ injectors/leaks?

_____ cars have stinky leaks related _____ often.

Some _____ due to _____ .

_____ a specific _____ is prone to _____ caused by faulty injectors?

Is it common _____ models _____ have odorous _____ related _____ ?

Does anyone _____ if _____ vehicle makes/models are _____ odorous _____ by _____ ?

_____ faulty injectors affect specific car models?

Is _____ that some rides _____ foul _____ leaks _____ broken _____ injection systems?

Is _____ possible _____ some _____ would _____ troubling _____ from released fluids in _____ compartments?

_____ it possible _____ certain vehicle makes and _____ to _____ to injector defects?

_____ the _____ to Injector troubles?

Is it _____ some _____ makes _____ models _____ smell-related problems because _____ in their _____ ?

_____ there _____ odor issues in _____ leaks or _____ engines?

_____ possible that _____ brands have more _____ problems from leaks _____ ?

_____ car _____ more _____ to injector _____ that cause _____ odors?

Is _____ possible that _____ more likely _____ have _____ by leaks _____ faulty injectors?

_____ any model that _____ more unpleasant odors _____ leaks _____ fuel _____ ?

Which _____ are _____ to _____ due to leaks _____ injectors?

_____ certain models _____ to _____ problems when _____ a _____ injector malfunction?

Do certain _____ tend to _____ concerns _____ leaks?

_____ certain _____ due to Injector _____ ?

_____ there _____ of vehicle known _____ have a _____ for _____ foul _____ due _____ leaking or faulty _____ ?

_____ some _____ have more _____ issues _____ to leaks or _____ injector?

_____ odors _____ by _____ issues, so _____ types _____ vehicles are _____ prone?

Is _____ possible _____ brands/models are _____ smell-prone _____ to faulty _____ ?

_____ some _____ smelly _____ or bad injectors?

_____ certain models develop odorous _____ result of _____ ?

Is _____ true that some makes _____ cars face _____ because of _____ or _____ in _____ ?

Is _____ more odor _____ car brands _____ due to leaks _____ injectors?

_____ it _____ automobile makes _____ models _____ smell-related problems _____ to leaks _____ flaws in their injector _____ ?

Any _____ more vulnerable to _____ ?

_____ true _____ some cars are _____ to having _____ leak and _____ issues _____ ?

_____ a specific model of vehicle that _____ or malfunctioning fuelinjector systems?

_____ specific models _____ smelly _____ due _____ leaks?

Is it _____ smell-prone _____ leaks or faulty injectors?

Is it possible that _____ are more prone _____ having _____ troubles _____ of _____ leakage _____?

_____ true that some _____ makes face _____ problems due _____ leaks _____ flaws in _____ mechanisms?

_____ specific models _____ are _____ to smell _____ malfunctioning fuelinjector system.

Is leaking _____ odorous _____ coming _____ injectors _____ certain _____?

Is _____ possible that _____ are more _____ to _____ by leaks or _____ injectors?

Is _____ that certain _____ foul _____ due _____ malfunctioning fuel injection _____?

_____ true _____ makes _____ stronger odors due to _____ or malfunctioning _____?

_____ there _____ car _____ known to _____ susceptible to _____ odor _____ because of _____ injection _____?

_____ it possible that _____ types _____ vulnerable to odorous _____ caused _____?

_____ cars _____ known _____ be vulnerable to these odor concerns because _____ flawed _____?

Which _____ types _____ more prone _____ have _____ odors _____ leaks _____ injector _____?

_____ faced _____ injector _____ are certain models _____ susceptible _____ smell problems?

_____ that certain vehicles _____ problems _____ of leaks _____ faulty injectors?

_____ some _____ worse smells _____ to fuel _____ leaking?

Some _____ be _____ when it _____ troubling _____ derived from _____ fluids in _____ compartments.

Which _____ are more _____ to _____ unpleasant _____ due to leaks _____?

_____ are more _____ to have odor _____ due to _____ malfunctioning _____?

_____ car _____ more prone to _____ fuel and _____?

Is it _____ that some _____ an increased likelihood _____ odors when their _____?

Is _____ certain car _____ models _____ more likely _____ have _____ unpleasant smell due _____ injector faults?

Is _____ true that _____ odors because of _____ or malfunctioning _____?

Some makes/models _____ vulnerable _____ it _____ to troubling _____ derived from _____ fluids _____ their _____.

Is _____ true that _____ emit odors due _____.

Which _____ likely to have _____ from _____ or malfunctioning injectors?

Is _____ a high risk of _____ due _____ faulty _____?

_____ there a _____ of stench _____ vehicle brands _____ to leaked junk _____ injectors?

_____ certain models _____ with leaking and odorous _____ injectors?

_____ vehicle models have _____ chance _____ smelly _____ from _____ faulty Injectors?

Is it true _____ vehicles are _____ odors _____ or faulty injectors?

_____ have a _____ of _____ because of their injector systems _____?

Do _____ have more _____ odors _____ by leaks _____ fuel _____?

_____ a higher chance _____ bad _____ in certain _____ problems with _____ injectors?

_____ cars _____ more _____ of bad stuff _____ injectors?

_____ it _____ for vehicle types to _____ odorous problems _____ by _____?

Do _____ car _____ exhibit _____ higher tendency _____ odorous _____ because _____ or _____?

Is there _____ specific _____ vehicle _____ is _____ prone to emitting _____ to leaks _____ faulty _____?

_____ vehicle are _____ to have odor problems _____ to leaking _____ malfunctioning _____?

_____ some _____ would be _____ comes to troubling smells _____ from released fluids _____ their engines?

_____ that certain models _____ more _____ experiencing odorous _____ related _____ leaks?

Which _____ is more _____ to suffer odorous _____ and _____ injection _____?

_____ that some cars have _____ because of _____ in their _____?

_____ it true that certain _____ models _____ leaking and _____ their injectors?

Is _____ possible _____ types are _____ smelly scenarios from _____ injections?

Is it true that _____ vehicles _____ more _____ have odors _____?

_____ a _____ chance _____ stench _____ in some vehicle brands _____ to leaking _____ or _____?

_____ tell me if some cars _____ more _____ to _____ than others?

Is there _____ correlation _____ automobile _____ foul smells _____ leaks _____ faults?

Do some models _____ with leaking _____ odors _____ their _____?

_____ for certain models _____ face _____ odorous smells from their injectors?

Is it _____ certain _____ smell-prone due _____ leaks _____ faulty injectors?

I want to _____ certain _____ have more _____ odors caused _____ leaks _____ fuel injectors.

_____ models _____ resistant _____ unpleasant smells _____ malfunctioning fuel _____?

_____ would _____ know if _____ are _____ to _____ leak _____ injector issues while _____ are not.

_____ true that specific _____ have stronger _____ or malfunctioning spigs?

Do _____ vehicle _____ have _____ problems from _____ leaks or faulty _____.

Does certain cars have a _____ of _____ to injector _____?

_____ true _____ certain _____ suffer _____ increased _____ of generating _____ when _____ injector system fails?

_____ model that is easily affected _____ the smell _____ fuelinjector _____?

_____ particular type of vehicle that has a higher _____ foul smells _____ to leaks _____?

_____ some _____ brands more _____ to _____ to leaks or _____ injectors?

_____ certain _____ have a higher _____ incidents because of _____ their injector _____?

Are automobile models _____ to _____ foul smells _____ leaks _____ faults?

Does the _____ from leaks _____ faulty _____ cars?

Some models exhibit _____ problematic scent linked _____ sprayers.

_____ certain _____ have a _____ for smelly troubles _____ to leaking _____?

_____ models more _____ to _____ issues that _____ unpleasant _____?

_____ like to know _____ certain brands _____ due _____ leaks _____ faulty injectors.

_____ possible _____ cars have _____ leaks or faulty injectors?

_____ certain models _____ prone to _____ leaks or faulty injectors?

Does _____ know if _____ to smelly _____ caused _____ faulty injectors/leaks?

_____ it possible _____ vehicle makes _____ more likely _____ face _____ unpleasant smell _____ leaks and injector _____?

Are certain makes _____ models _____ to have _____ due _____ leaks _____ injectors?

Is there _____ that _____ notorious for odor problems _____ pipes?

_____ possible that _____ brands are _____ smell-prone due _____ or _____ injectors?

_____ it _____ that certain _____ are more _____ to _____ related _____ leaks?

_____ you tell me if _____ cars _____ prone to _____ injector issues, while _____?

_____ possible that _____ brands are more _____ to injector _____ that cause _____?

Do _____ a higher tendency _____ a result of leaks or _____?

_____ makes/models may be more _____ than _____ when _____ troubling _____ derived _____ released fluids in their _____.

Is _____ vehicle _____ vulnerable to smelly scenarios _____ injections?

Is a _____ model _____ to _____ problems due _____ injectors.

Is _____ that _____ are _____ likely to have _____ smell _____ to leaks and injector _____?

_____ car _____ or models suffer from more _____ due _____ leaks or _____?

_____ common for _____ makes and _____ to _____ from leaks _____ malfunctioning _____?

Is it _____ that some makes _____ resistant _____ because of _____ fuel _____?

Is _____ models _____ with the Injector?

What _____ the _____ make/model combinations to have smelly problems _____?

_____ there more _____ in some _____ to _____ or faulty injectors?

Do _____ have _____ increased _____ generating foul aromas when _____ injector _____?

_____ it _____ some makes/models are _____ resistant to _____ smells _____ fuel _____?

_____ it _____ models have more issues with odors caused _____?

_____ possible _____ specific _____ be more susceptible to _____ that cause odors?

_____ it _____ that certain models _____ with _____ and odorous _____ coming _____ engines?

Can the stinkin' _____ certain car types?

_____ likelihood _____ smelling _____ or faulty injections _____ among _____ brands and _____?

_____ you know _____ some cars are prone _____ having _____ and _____ are not?

Which vehicle _____ are more likely to _____ problems _____ and _____?

Is _____ more odor _____ cars from _____ or _____?

Is _____ possible _____ models _____ to _____ smells _____ malfunctioning fuel injectors?

_____ makes smellier due _____ troubles/leaks?

_____ a _____ between odors caused by injector leaks _____?

Is _____ models to have _____ due _____ fuel _____ discharges _____ malfunctioning injectors?

_____ cars have a _____ chance of smelly incidents because _____ in _____?

Is it true _____ some _____ have a higher tendency for _____ a _____ leaks or _____?

Some _____ brands and models _____ issues _____ to _____ faulty _____.

_____ are more _____ to bad gasket or _____.

Is it _____ types are more _____ odorous problems _____ leaks?

_____ certain _____ more _____ to _____ due to injector system _____?

_____ more _____ in some _____ brands due to _____ or bad injectors?

Is there higher _____ leaks _____ injection _____ in particular automobile models?

Which models _____ more likely _____ due to _____ faulty _____?

_____ it true that some cars _____ smell-related _____ or _____ injector mechanisms?

_____ would be _____ to _____ smells derived _____ in their engine _____.

Is there _____ particular type _____ vehicle _____ to have _____ higher _____ emitting _____ due to _____ injectors?

Is _____ chance of offensive _____ certain cars because _____?

_____ chance _____ smelling leaks or _____ injections vary _____ car _____ and _____?

Is it _____ automobile _____ and models _____ smell related _____ of _____ or flaws _____ their injector _____?

_____ brands have a _____ chance _____ smelling _____ due to leaks _____ faulty _____.

_____ there _____ made _____ easy to smell due to _____ leak or _____ their _____ system?

Is _____ a correlation _____ odors due _____ and _____ vehicles?

_____ it true _____ issues _____ to _____ or _____ in their injector mechanisms?

_____ specific _____ of _____ have a higher _____ for emitting _____ due to leaks or _____ injectors?

Is there _____ chance _____ offensive smells _____ have _____ injections?

_____ it _____ brands and models are _____ smell _____ due _____ leaks?

Is it _____ rides emit _____ due _____ leaking fuel _____ systems _____ issues?
