

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Damaged gas lines report
Inquiry Sub-Category	Property Damage
Description	Customers reporting damage to their property caused by a damaged gas line, requiring assistance to assess the extent of the damage and coordinate repairs.
Data Size	7,598 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

Who will ____ losses ____ to ____ fuel ____ ensuring prompt restoration ____ are ____ ?
____ there ____ person ____ is responsible ____ evaluating ____ fuel ____ are broken?
Who is ____ charge of ____ losses caused ____ fuel ____ ?
Prompt actions ____ assesses damage caused by ____ rupturing.
____ are individuals ____ to ____ incurred losses ____ to damaged fuel ____ ensure ____ are ____ recovery.
____ an ____ losses due to ____ fuel channels?
____ in ____ of evaluating ____ to faulty ____ channels?
____ the extent ____ the damage caused by rupturing ____ ?
Who makes sure of the ____ ?
____ by ____ channel rupturing will ____ by who.
Which organization ____ in ____ of assessing the ____ stemming ____ fuel ____ ?
____ it ____ evaluate ____ due to faulty fuel ____ ?
____ for someone ____ evaluate ____ caused by the burst fuel ____ ?
Who can help ____ the ____ of ____ caused by the ____ ?
____ party ____ extent ____ the harm caused ____ damaged gasoline ____ ?
Who can ____ determine ____ extent of ____ caused ____ and how to ____ procedures?
Someone ____ losses ____ damaged fuel ____ .
____ can ____ in determining the ____ of ____ caused ____ fuel ____ rupturing?
____ entity responsible for evaluating the ____ faulty ____ be identified.
Damages ____ broken fuel ____ are ____ who.
____ with the determination of ____ extent ____ damage caused by the ____ ?
Who will ____ the damages caused by ____ ?
____ the damages from ____ channel ____ ?
____ you clarify ____ will be ____ the ____ broken ____ channels?
____ quick ____ restoration of the fuel ____ have been ____ ?
____ is responsible for evaluating ____ losses due ____ broken ____ channels.
____ should be able ____ the ____ caused by ____ fuel ____ .
Which entity is ____ of ____ losses ____ to ____ fuel pipes?
____ prompt assessment of ____ fuel channel breaks?

Who makes sure _____ taken _____ response _____ fuel _____ losses?

Will anyone _____ impact _____ damaged _____?

Who will make _____ from _____ fuel _____ is _____ of _____ away?

We don't _____ will _____ losses _____ the fuel channels.

Is _____ for someone to review _____ damaged fuel _____?

Prompt _____ measures are put _____ effect if _____ accountable for _____ caused _____ fuel _____.

_____ for assessing the losses caused by _____ of _____?

_____ person _____ prompt _____ the event _____ fuel _____ losses?

_____ may be _____ to review the _____ caused _____ fuel _____.

Can you _____ the prompt _____ losses _____ fuel _____?

Which _____ in _____ of assessing _____ stemming from _____ fuel pipes?

_____ makes sure _____ action is taken quickly in _____ case _____?

_____ a _____ party responsible _____ the _____ incurred _____ the damaged fuel _____?

Is _____ the _____ who _____ assess the _____ from _____ channels?

_____ assess damage _____ by broken _____?

_____ organize losses _____ faulty _____ channels?

_____ will tally up damage from _____ fuel _____ and _____ something _____?

Who _____ caused _____ fuel channels?

_____ are _____ going _____ contact for the _____ of the _____?

_____ make sure that _____ is _____ quickly when _____ fuel channels?

Will someone be _____ by _____ fuel lines?

Who _____ actions _____ restoration of _____ have been damaged?

Who will ensure prompt restoration measures _____ taken _____ losses _____ fuel _____?

_____ decides the damages caused _____?

Who _____ the damage _____ fuel _____?

_____ the party responsible for assessing _____ fuel channels _____ steps towards _____?

Who do _____ think will _____ the _____ channels?

Who _____ determining _____ extent of _____ by fuel channel _____?

_____ deals _____ fuel _____ damages _____ appropriate measures to repair _____?

_____ to check fuel _____ losses _____?

_____ there a _____ is responsible for evaluating _____ to _____ fuel _____?

_____ will _____ out _____ the fuel channels?

_____ is _____ for determining losses from _____?

Someone _____ responsible _____ evaluating the losses due _____.

_____ channel breeches _____ assessed by _____.

Who _____ going _____ assess _____ the shattered _____ channels?

Who will be evaluating _____ channels?

Someone _____ damages _____ by broken _____.

Is _____ for someone _____ the losses _____ fuel channels?

Prompt restoration _____ evaluate losses caused by _____ channels?

_____ possible _____ prompt assessment of _____ following fuel _____ breaks?

Who looks at the losses _____ and _____ sure _____ them?

Who _____ damage from _____ channels and make _____ is taken _____?

Is _____ person that _____ losses due _____ the broken fuel channels?

_____ are going to assess _____ losses from _____?

Has _____ evaluated _____ caused by _____ fuel _____?

_____ makes _____ impact of damaged fuel channels?

Who takes proper _____ for fast _____ fuel _____?

Who can assist in _____ damage _____ by rupturing _____ and _____ to initiate _____ procedures?

Who _____ help us _____ the _____ damage caused _____ fuel _____ rupturing?

Who has _____ to _____ incurred _____ to broken _____ channels and initiate _____ ?

Someone _____ from fuel _____ breaks.

Which _____ is tasked with _____ caused by burst _____ ?

Can _____ tell _____ who will _____ evaluating the _____ caused _____ fuel _____ ?

_____ out damage _____ cracked _____ and make _____ is taken quickly?

_____ a _____ group of _____ that _____ incurred losses due to _____ fuel _____ ?

_____ proper measures _____ repair after _____ damages?

Is that the _____ responsible _____ costs of _____ channels?

Someone will _____ damage from cracked fuel _____ and _____ quickly.

Who _____ the damages _____ channel _____ ?

_____ will be evaluating _____ fuel channels _____ coordinating _____ ?

Whom _____ we _____ to appraise _____ that _____ from the fuel _____ ?

_____ we rely on _____ appraise _____ losses from _____ ruptured _____ ?

_____ is _____ losses due to broken _____ channels _____ timely measures for _____ ?

Is _____ anyone we _____ on _____ the losses from the _____ ?

Someone _____ for evaluating losses _____ fuel channels.

_____ person responsible _____ determining _____ by broken fuel _____ ?

_____ there a _____ evaluation of losses _____ broken fuel channels?

_____ be _____ for evaluating _____ to rupturing fuel channels.

_____ looks at _____ losses from _____ channels _____ makes _____ to restore _____ ?

Someone will _____ for evaluating _____ ruptured _____ channels.

_____ to _____ costs of damaged _____ initiate swift recovery plans?

_____ unclear _____ is responsible for evaluating _____ from burst _____ .

_____ prompt action _____ the _____ losses from fuel channels?

Who will _____ losses _____ fuel _____ and fix _____ ?

Who is _____ for _____ costs of repairing _____ ?

Whose _____ it to assess _____ fuel channels?

If there _____ designated _____ to evaluate _____ losses due _____ steps be taken for recovery?

Responsible for _____ swift recovery _____ channels?

_____ will assess _____ from _____ channels and fix _____ ?

_____ party decides _____ much _____ from _____ gasoline passages?

_____ caused by fuel _____ is assessed _____ .

_____ be _____ due to _____ channels and putting _____ in _____ for restoration.

_____ is _____ damages caused by broken _____ channels.

Which person is _____ the _____ by the _____ channels?

_____ one should _____ rely on to _____ losses _____ by _____ fuel _____ ?

Do you know if there are _____ due to _____ channels?

Will anyone look at _____ damaged _____ conduits on _____ ?

_____ damaged _____ immediate recovery _____ should be _____ by whom.

_____ unclear who will _____ damages caused by _____ channel _____ .

_____ someone _____ to review _____ by fuel channels damaged?

_____ someone _____ damages _____ by burst _____ channels and _____ to fix _____ ?

_____ anyone _____ to evaluate the _____ losses due to the _____ ?

Which _____ responsible _____ damages from _____ fuel pipes?

_____ is the responsibility of assessing _____ by fuel _____ damaged?

_____ is _____ charge of the _____ of _____ stemming from _____ pipes?

_____ us _____ be evaluating _____ damages caused by _____ fuel channels.

_____ by fuel _____ ruptures will _____ by someone.

_____ you _____ ability _____ assure prompt assessment _____ fuel channel breaks?

Who takes _____ for _____ of losses _____ channels?

_____ will tally _____ fuel channels _____ sure it's dealt _____ quickly?
 _____ responsible for _____ the _____ caused by the _____ channels?
 _____ is _____ by who assesses damage caused _____ channel _____.
 _____ assess _____ to fuel _____ and _____ action?
 Someone _____ oversees losses from _____ ?
 _____ from the fuel channels _____ who.
 A _____ for evaluating _____ due _____ broken fuel _____.
 Someone will _____ responsible _____ evaluating _____ to _____ channels that _____ ruptured.
 _____ measures _____ losses are _____ burst fuel channels?
 Who _____ the extent of _____ by fuel channel _____ and how _____ initiate _____ procedures?
 _____ responsible for evaluating _____ from _____ should be made _____.
 Who _____ in determining _____ extent of damage _____ channel _____ helping _____ initiate restoration procedures _____ ?
 _____ entity has the responsibility _____ assessing _____ losses _____ burst _____ ?
 _____ look at the _____ fuel channels?
 Who _____ caused by broken fuel _____ ?
 Is there _____ in _____ of _____ losses incurred _____ fuel channels?
 Are you able _____ assure _____ of losses _____ channel _____ ?
 Who _____ the _____ damage from cracked fuel channels?
 _____ losses caused _____ fuel channels?
 Is _____ anyone _____ will assess the _____ by fuel _____ ?
 Does _____ have the _____ to _____ losses caused _____ fuel _____ ?
 Can you _____ assessment _____ losses after _____ channel _____ ?
 Someone _____ responsible _____ evaluating _____ due _____ and implementing _____ for restoration.
 Who _____ we _____ assess _____ recover _____ fuel channels?
 Who _____ responsible _____ calculating the _____ fuel pipes?
 Who _____ responsible _____ organizing and _____ the damages _____ by _____ ?
 Whose _____ is it _____ conduct _____ incurred _____ to _____ fuel channels?
 Who _____ sure prompt _____ measures are _____ the _____ of _____ to fuel _____ ?
 Who can _____ extent _____ by the fuel leaks?
 _____ will be taken according to who _____ caused _____ channels.
 _____ are _____ into effect if _____ accountable _____ estimating _____ caused by _____ lines.
 _____ will make _____ the damage _____ the _____ channels _____ accounted _____ ?
 Immediate _____ action will be taken _____ damage from _____.
 Are there individuals _____ the incurred losses due _____ ?
 _____ broken _____ evaluated by who.
 There _____ be a _____ due _____ broken fuel channels.
 Someone _____ be responsible for _____ losses _____ channels _____ have _____ damaged.
 _____ duty is _____ to _____ incurred _____ due _____ fuel channels?
 _____ restoration _____ will _____ if damage from _____ fuel _____ assessed.
 Who _____ ensure _____ measures _____ taken if losses _____ fuel channels?
 In _____ to _____ channels, who makes prompt _____ ?
 Someone will _____ evaluating _____ due _____ fuel channels _____ implementing timely measures _____.
 Is _____ assigned _____ review _____ channel losses _____ ensure _____ ?
 Someone _____ be _____ to _____ the _____ due to _____ fuel _____ them quickly.
 _____ can help in determining _____ extent of _____ fuel _____ rupturing and _____ initiate _____ procedures?
 Is _____ person _____ evaluating losses from burst _____ ?
 _____ assigned to review fuel channel losses in _____ ?
 _____ not known who _____ assess the _____ the fuel _____.
 Who _____ going to make _____ we don't _____ any _____ fixing _____ busted _____ ?
 Is there _____ will assess _____ losses caused _____ damaged _____ ?

_____ takes quick _____ for _____ channels?

Who examines losses _____ channels?

_____ to _____ losses from burst _____.

Someone _____ be able _____ review _____ by damaged _____.

Are there _____ assigned _____ evaluate incurred _____ due _____ channels?

_____ will be _____ due _____ broken fuel channels.

_____ it _____ of the person _____ from burst _____ channels?

_____ the damages caused by _____ fuel channels _____?

Who _____ fuel channels?

_____ is responsible for _____ losses due _____ channels.

Who can help _____ the extent _____ by fuel _____ order to initiate _____ procedures?

Is _____ possible _____ at the damages _____ burst fuel channels?

Who inspects _____ arising _____ fractured _____?

Damages _____ ruptured _____ should be _____ by _____.

The person is _____ assessing _____ losses triggered _____ fuel _____.

_____ entity responsible _____ evaluating _____ loss _____ faulty fuel _____ to _____ made _____.

_____ need _____ appraise the _____ from the _____ channels.

_____ it _____ a _____ to evaluate _____ to _____ fuel _____ in a timely _____?

_____ a party that _____ the responsibility _____ assessing losses due _____?

_____ designated _____ will take appropriate steps _____ recover losses _____ due to damaged _____?

Who _____ damages caused by broken fuel _____ and coordinating _____?

Assessing _____ channels and _____ immediate recovery steps, _____ do _____?

Is there a designated _____ responsible _____ the _____ to _____ fuel channels?

Is it possible _____ someone to _____ fuel lines?

_____ assesses _____ damages _____ fuel channel _____?

Will anyone _____ the _____ damaged _____ conduits _____ order to manage _____?

Who evaluates _____ losses caused _____?

_____ is _____ losses from the _____ fuel channels.

_____ there someone _____ to _____ incurred losses due _____ channels and _____ prompt _____ to _____?

Who determines the impact _____ damaged _____ restores _____?

Which _____ is _____ of assessing _____ financial _____ that _____ burst _____ pipes?

Who _____ of assessing the _____ from _____ fuel pipes?

_____ is _____ for ensuring _____ put _____ effect _____ caused by fuel lines?

_____ makes _____ action _____ taken in _____ fuel channel losses?

Is _____ assigned _____ review _____ channel losses and _____ actions _____?

Who _____ responsible _____ caused by _____ fuel lines?

_____ determines the _____ from _____ channel _____?

Whom are we _____ contact _____ assess damaged _____?

Who _____ losses _____ fuel channels and takes _____ them?

Is there _____ party that is _____ assessing _____ due _____ damaged _____.

_____ someone check _____ by fuel _____?

Who _____ going to _____ the damages caused _____?

Is there a person who _____ for _____ losses _____ broken _____?

Who _____ for determining _____ extent of _____ caused _____ channels?

_____ entity _____ in _____ of _____ the financial _____ come _____ fuel pipes?

_____ will _____ damage _____ fuel channels is _____ care of as soon _____?

_____ takes into _____ the costs _____ broken _____ systems?

Can _____ assess the _____ the damaged _____ channels?

_____ responsibility _____ evaluate _____ losses _____ burst fuel channels?

_____ to tally _____ cracked _____ channels _____ make sure action is taken _____?

Who _____ for _____ the impact of _____ fuel _____ restoring _____?

_____ the _____ damaged fuel channels?

Who makes _____ quick _____ taken in response _____ losses from _____?

Please _____ who is responsible _____ from the _____ fuel channel.

_____ to _____ out a review _____ fuel _____ losses quickly?

_____ ensure prompt restoration _____ are _____ when losses _____ incurred from _____?

_____ don't know _____ the damages _____ by _____ channel tears.

Does _____ know who _____ the _____ to _____ fuel channels.

Do _____ know who _____ assess the _____ channels?

Can _____ the _____ broken fuel lines?

For _____ repair of fuel channel _____ it?

_____ is responsible for _____ financial losses _____ burst _____ pipes?

Can _____ evaluate _____ caused by burst _____?

_____ help determine _____ extent of damage _____ by _____ and _____ start restoration procedures?

Who makes sure _____ losses _____ fuel channels _____ of _____?

Responsible _____ damaged fuel _____ and starting _____ plans?

Which _____ for _____ assessment of _____ losses _____ burst fuel _____?

_____ evaluate the impact _____ fuel _____?

_____ out _____ caused by broken fuel lines?

To _____ immediate action is taken, who _____ we _____ the fuel channels?

_____ it _____ evaluating _____ of _____ fuel channels and _____ swift _____ plans?

Do _____ there are individuals _____ losses due _____ damaged fuel channels?

_____ from _____ channel failures _____ who?

_____ someone _____ responsible for _____ losses due _____ leaks?

_____ anyone able _____ review _____ losses _____ damaged fuel _____?

Which organization is _____ estimating financial _____ stemming _____ pipes?

_____ if the losses due to damaged _____ channels _____?

_____ responsibility is it _____ incurred losses _____ to broken _____ start _____?

Who _____ losses from _____ channels _____ them quickly?

Please tell me _____ is responsible _____ faulty _____ channel repairs.

_____ someone _____ damages caused by _____ fuel channels.

There _____ who _____ responsible _____ evaluating _____ caused by _____ fuel channels.

_____ should be _____ to evaluate _____ incurred _____ due _____ fuel channels.

Someone will be _____ loss due _____ fuel channels and _____ measures _____.

_____ is it _____ evaluate _____ losses from the burst _____?

The _____ by broken fuel _____ calculated by _____.

Whom _____ we rely on to _____ losses caused _____?

Damages _____ by _____ channels _____ evaluated by _____?

_____ to quickly _____ losses _____ by _____ fuel channels?

Who _____ damages caused by fuel channel _____?

Who will assess the _____ to _____?

_____ prompt _____ of losses from fuel channel _____?

Is _____ to assure _____ of losses _____ by _____ breaks?

Can you assure prompt _____ from _____ channel breaks, _____ actions?

Who deals _____ fuel _____ and who takes _____ it?

_____ there _____ to _____ fuel _____ losses quickly?

Will someone evaluate _____ impact _____ fuel conduits _____ restoration _____?

Whose _____ is it _____ evaluate _____ losses from _____ channels?

Who _____ responsible _____ assessing _____ impact of fuel _____?

_____ charge of estimating _____ damages caused by _____ lines?

Who ____ losses ____ fuel channels?
 ____ responsible for ____ losses ____ to broken ____ channels?
 ____ anyone ____ assess losses ____ to damaged fuel ____?
 ____ for ____ damages caused by broken fuel ____?
 Will ____ evaluate the impact of ____ fuel ____ them?
 ____ anyone going ____ assess ____ by ____ channel rupturing?
 ____ you ____ will be ____ by broken fuel channels?
 ____ in ____ the extent of damage ____ fuel ____ and ____ starting restoration procedures?
 ____ responsible for ____ damages from ____ channel ____?
 Who ____ losses incurred ____ to ruptured ____?
 Someone ____ to evaluate ____ caused ____ fuel channels.
 Are there ____ to ____ losses due ____ damaged ____ to ____ prompt steps ____ taken ____ recovery?
 ____ the ____ from the fuel ____?
 ____ responsible for ____ caused by broken ____ channels?
 ____ responsible for calculating the ____ pipes and organizing repairs?
 ____ person ____ for ____ the ____ caused ____ broken fuel pipes?
 Which ____ decides the extent of ____ by ____?
 Someone ____ with ____ channel damages ____ measures for ____ repair.
 The person ____ for evaluating costs ____?
 ____ is in charge of assessing ____ related ____ pipe?
 The person ____ assessing losses ____ by ____ is ____?
 Is there ____ assigned ____ losses immediately?
 ____ can help in determining ____ damage ____ the rupture in ____?
 Who ____ assessment ____ the impact of ____ damaged ____?
 Someone may be ____ for ____ fuel channels.
 ____ responsible ____ estimating ____ caused ____ fuel lines?
 ____ the responsibility ____ losses due to ____ channels.
 Someone inspects the ____ and makes ____ to take ____ restoration ____.
 ____ can ____ in determining ____ extent of ____ rupturing fuel ____?
 Which ____ responsible ____ losses from burst fuel ____?
 Losses caused by ____ channels ____ by ____?
 ____ the ____ caused by burst ____ channels?
 Whose ____ it ____ evaluate ____ losses due ____ fuel channels?
 ____ in charge of ____ losses ____ by burst ____ pipes?
 ____ supposed to ____ losses from ____ shattered ____ channels?
 ____ is ____ losses ____ to ____ fuel channels ____ taking appropriate steps ____ recover.
 Who looks ____ the losses from ____ makes sure ____?
 can someone assess ____ by ____ fuel ____?
 Who looks at ____ make sure they are restored ____?
 ____ someone ____ the damages caused ____ fuel ____?
 Someone ____ the ____ damaged fuel channels and fix ____.
 ____ caused by fuel ____ is ____ by ____.
 Can ____ tell me who ____ broken fuel channels?
 ____ it possible to ____ prompt assessment ____ losses because ____?
 Who ____ care ____ disruptions ____ fuel lines?
 ____ be prompt assessment ____ from fuel channel ____?
 Who can help ____ of ____ damage ____ by ____ fuel channel ____?
 Which entity is ____ charge of assessing losses ____?
 Who deals ____ fuel ____ and ____ proper ____ repair?
 Is ____ a ____ charge ____ due to damaged fuel channels?

_____ assess losses from shattered fuel _____ asap?

Has _____ been _____ review _____ channel losses _____ necessary measures?

Is _____ a _____ that is responsible _____ evaluating _____ by _____ channels.

_____ determines losses from fuel channels _____ takes _____?

Who _____ responsible for determining _____ extent _____ losses triggered _____ channels?

_____ look at the damages _____ by _____ channels?

_____ has to assess _____ losses due _____ and fix _____.

Is _____ possible _____ determine damages _____ by broken _____ lines?

_____ the damages after _____ channel _____?

Someone is responsible for determining losses _____ channels _____ quick _____.

_____ entity _____ charge of _____ the _____ losses _____ from _____ fuel pipes?

Can you _____ us who _____ be assessing _____ channels?

_____ for _____ the _____ from the _____ channels should _____ made known.

We don't know who _____ incurred because _____ the _____.

_____ be _____ the _____ caused by broken fuel _____?

Can you _____ who will _____ damages _____ by broken _____ channels?

Who assesses the _____ fuel _____?

Is _____ someone _____ can _____ damages caused by _____ lines?

_____ can _____ determine the extent _____ by fuel channel rupturing and help _____?

Who will _____ sure _____ restoration _____ taken _____ there are losses _____ channels?

Is anyone _____ to _____ channel losses _____ act _____?

Is there _____ designated _____ appropriate _____ towards recovery for the _____ incurred due _____ fuel _____?

Who appraises the _____ channel _____?

_____ will _____ the _____ from _____ shattered _____ channels?

_____ is in charge _____ caused by _____ channels _____ break?

Who _____ the _____ from _____ disruptions?

Who _____ at _____ from fuel _____ and _____ to fix them _____?

Who _____ fuel _____ that have suffered losses?

Prompt _____ measures will _____ losses due _____ ruptured _____ are evaluated.

Who looks at _____ from _____?

Which _____ in charge of assessing _____ burst fuel _____?

_____ someone _____ to evaluate _____ due to _____ fuel channels and make _____ are taken _____?

_____ who _____ damages _____ by broken fuel _____.

_____ the determination _____ the extent of _____ caused _____ fuel channel _____?

Someone is _____ losses _____ to broken _____ and allowing _____ actions to _____.

Who _____ for assessing damages _____ failures?

Someone will _____ evaluating _____ due _____ fuel _____ and restoring _____.

Is there _____ evaluating costs of _____ channels?

Someone _____ be _____ to _____ the losses caused _____ damaged.

Is _____ assigned to _____ channel losses _____ do necessary _____?

It _____ up _____ person _____ evaluate _____ due to broken fuel _____.

Is _____ a _____ for assessing the _____ from _____ fuel channels?

_____ action in _____ case of _____ channels _____ ensured _____ who.

_____ someone _____ evaluating _____ broken fuel channels?

Who is in _____ of _____ losses _____ by _____?

_____ can help to determine _____ of damage _____ fuel _____ rupturing _____ restoration procedures?

Prompt corrective measures will _____ put into _____ someone _____ accountable _____ damages _____ fuel _____.

_____ impact of _____ fuel _____ be determined?

Whose job it is _____ evaluate incurred _____ due to _____ and _____ for _____?

Someone _____ be responsible for _____ the _____ fuel channels.

Who is ____ for ____ from broken fuel ____?

Will someone be ____ impact of ____ conduits?

Is ____ person responsible ____ evaluating losses ____ fuel ____ timely ____ to be taken?

____ restoration ____ from damaged ____ channels will ____ by ____?

Someone might ____ to ____ caused by the burst ____.

____ to ____ losses from shattered fuel ____?

____ responsibility is ____ evaluate losses from ____ fuel ____?

Someone ____ with ____ channel ____ and takes appropriate ____.

____ will ____ assess the ____ of ____ fuel ____?

Will ____ responsible for evaluating ____ of the ____ channels?

Damages from broken ____ channels ____.

Damages caused by ____ will ____ by who.

Who ____ damage caused ____ leaks?

____ responsibility is it ____ fuel channel ____?

____ to review ____ losses caused by damaged ____ channels?

____ calculating the damage caused ____ fuel pipes.

Inform ____ about ____ timely implementation of ____ in the ____ fuel ____ rupturing.

____ person who ____ caused by burst fuel ____.

____ it possible for ____ to assess ____ damages ____ by ____?

Will ____ able ____ evaluate the damage to ____?

____ assesses the ____ fuel ____ leaks?

The ____ responsible ____ evaluating losses ____ burst ____?

Someone ____ responsible ____ due to ____ channels that are ____.

____ responsibility is it ____ evaluate the repercussions ____?

____ will ____ from the ____ channels?

Is ____ to ____ channel ____ so that measures can ____ quickly?

____ entity responsible for ____ loss from ____ fuel ____ should ____.

Is there ____ who can ____ broken fuel lines?

Who will ____ responsible for ____ losses due ____ that have ____?

____ possible for you ____ assure ____ assessment ____ losses from fuel ____?

____ determines losses due ____ fuel ____?

____ there ____ of ____ losses caused by damaged fuel ____?

Is there ____ is responsible ____ assessing ____ damaged fuel channels?

____ there ____ will ____ evaluating the damages caused ____ broken ____?

Who ____ help ____ of damage ____ fuel ____ rupturing and ____ initiate the required restoration ____?

____ the ____ from the fuel channels to ____ to ____?

Someone ____ able ____ review the ____ have been ____ by ____ fuel ____.

Whom ____ depend ____ to appraise ____ losses ____ rupturing ____ the ____ channels?

____ assigned to ____ losses that need ____ be done ____?

Who determines ____ amount ____ losses caused ____ burst ____?

____ there an individual responsible ____ evaluating losses ____ fuel ____?

____ determines the ____ the fuel ____ quick steps ____ restore them.

Should someone assess ____ fuel ____?

____ know who will be ____ from ____ channels?

____ there anyone who ____ evaluate ____ costs ____ fuel ____?

____ prompt ____ put ____ effect, who is responsible for ____ damages ____?

Who ____ provide assistance ____ extent ____ by fuel channel rupturing?

Is ____ designated group of ____ will evaluate the ____ due to ____?

The person responsible ____ the damages caused ____ broken ____ not ____.

____ review ____ caused by ____ fuel channels?

_____ will _____ responsible _____ losses due _____ fuel channels _____ been damaged.
 _____ can _____ us _____ determining the _____ damage _____ by the fuel _____ rupturing?
 Can you assure prompt _____ caused _____ the _____ channel _____?
 _____ responsible _____ the _____ by fuel channels that _____ been damaged.
 Whose _____ to evaluate the damage due _____ faulty _____?
 Someone may _____ to _____ the losses _____ damaged _____ channels.
 Who _____ assess _____ damages _____ the ruptured _____?
 _____ responsibility _____ to _____ incurred _____ to broken fuel channels?
 Which _____ responsible _____ financial losses _____ burst fuel _____?
 _____ caused _____ channel fissures _____ assessed by someone.
 Someone is responsible _____ assessing losses _____ fuel _____.
 _____ anyone _____ the impact _____ fuel conduits?
 Someone should _____ losses due to fuel _____ that have _____.
 _____ there a _____ to _____ incurred _____ to damaged fuel channels?
 _____ assess losses caused by _____.
 _____ anyone look at the _____ of _____ damaged _____?
 Who _____ the losses _____ by _____?
 Who makes _____ are taken in the event _____ fuel _____?
 _____ someone _____ evaluating _____ due to fuel channels and implementing _____ for _____?
 _____ from fuel _____ defects _____ assessed _____.
 _____ responsible for _____ the _____ caused by _____ fuel _____?
 Who watches damages _____ fuel _____?
 _____ in charge _____ assessing losses due _____ damaged fuel _____.
 Who makes _____ that the _____ from _____ channels _____?
 Whose _____ is _____ to evaluate incurred losses due _____ broken fuel _____ measures _____?
 Which _____ tasked with _____ the _____ losses _____ burst fuel _____?
 Who _____ that disruptions _____ lines are fixed _____?
 Which _____ in _____ estimating _____ losses from burst _____ pipes?
 _____ takes _____ steps _____ restore the _____ channels that have _____?
 Is _____ possible to _____ of _____ fuel _____ and _____ swift recovery _____?
 _____ is going _____ damages _____ fuel channels?
 _____ oversees _____ from faulty fuel _____.
 Who _____ the _____ caused _____ fuel channels?
 It's not clear _____ is responsible _____ caused _____ broken fuel _____.
 Is _____ for _____ to assess damages caused _____ broken _____.
 Who checks _____ channels _____ sure they are restored?
 _____ responsible for estimating _____ damages _____ by the _____ fuel _____?
 Who _____ losses _____ by _____ channels?
 _____ is in charge _____ calculating financial _____ stemming from _____?
 Is _____ designated _____ responsible for _____ appropriate _____ to _____ caused _____ damaged fuel _____?
 _____ checks _____ losses from the _____ makes sure they are _____?
 _____ caused by _____ fuel channels _____ assessed _____ who.
 Which entity is _____ of assessing financial _____ burst _____?
 _____ able _____ evaluate the damages _____ burst fuel channels.
 _____ field _____ losses due to _____ fuel channels.
 Who _____ assess the damage _____ channels _____ take _____?
 Can _____ me who _____ damages caused by _____ fuel channels?
 _____ tally up _____ cracks in fuel _____?
 Is _____ assigned to evaluate _____ incurred losses _____ fuel channels?
 Will _____ tally _____ damage _____ the _____ fuel channels?

Is there _____ who _____ responsible for _____ losses _____ broken fuel _____?

Who is _____ determining the _____ of losses _____ fuel channels?

Which is _____ for _____ losses due _____ channels and _____ measures for _____?

Who _____ into _____ damages _____ by _____ fuel _____?

The _____ fuel channels are evaluated by _____?

_____ don't know who is _____ losses _____ fuel channels.

Who is _____ damages _____ fuel channel rupturing?

_____ measures are _____ into _____ someone _____ accountable for _____ damages _____ fuel lines.

_____ in _____ determining _____ caused by _____ fuel pipes?

_____ with determining the extent of _____ caused _____ channels that have _____?

Is a person _____ for assessing losses _____?

_____ appraises disruptions _____ from _____?

Which _____ look _____ losses from busted _____ channels _____?

Someone _____ to _____ the _____ due _____ damaged fuel _____ and _____.

_____ assess the losses _____ fuel _____.

_____ there a _____ who is _____ for _____ losses that are caused _____?

_____ is in charge of overseeing _____ assessment _____ financial _____ fuel _____?

Someone _____ responsible for _____ losses _____ fuel _____ damage.

_____ fuel channel damages _____ proper _____ to fix them?

Who _____ going _____ assess _____ from _____ shattered fuel _____?

Will _____ of damaged _____ conduits to _____ restoration procedures?

_____ tell us _____ responsible for evaluating the _____ from _____ repairs.

It is not _____ who _____ assess _____ from _____.

_____ be responsible for _____ losses _____ fuel channels.

_____ the _____ of fuel channels and _____ recovery _____?

_____ remedial _____ if _____ is accountable _____ damages resulting from rupturing fuel lines.

Is _____ evaluate _____ losses due _____ damaged fuel _____ and ensure _____ recovery?

_____ will take _____ to _____ damages caused by _____ channel _____?

Which _____ is responsible _____ losses caused _____ rupturing _____?

_____ will make _____ the damage _____ fuel channels _____ accounted _____?

Someone determines _____ from fuel _____ and _____ quick _____ restoration.

Is _____ for someone _____ review losses _____ by _____ channels _____?

Someone _____ assess the losses due to _____.

_____ there a _____ group _____ people who will evaluate _____ losses due _____?

Is _____ a _____ party that _____ appropriate steps towards _____ damaged fuel _____?

_____ checks _____ damages from fuel _____?

_____ evaluate _____ damages caused _____ the burst _____ channels?

Is anyone _____ review fuel _____ so _____ act quickly?

_____ in charge of _____ financial losses _____ from _____ fuel pipes?

_____ going _____ the losses _____ those shattered _____ channels?

_____ responsible for evaluating _____ losses due _____ fuel _____?

_____ assigned to review fuel channel _____ and _____ necessary _____?

Who _____ measures _____ quick repair _____ fuel channel _____?

_____ makes _____ action _____ taken _____ event of fuel channel losses?

Who _____ help determine _____ extent _____ damage caused by _____?

_____ anyone assess _____ the _____ of _____ fuel conduits?

Who _____ be _____ for _____ caused _____ broken fuel channels?

We _____ know who _____ assess _____ damages _____ fuel _____ breaks.

_____ responsible for _____ the damages _____ broken _____ pipes?

Who makes _____ that _____ is _____ in _____ fuel channel losses?

_____ don't know who will _____ losses incurred _____ the _____.
 Can you assure _____ prompt _____ of the _____ following _____?
 _____ might be able _____ evaluate _____ damages _____ fuel channels.
 Who _____ going to _____ losses from _____ shattered _____?
 Evaluate _____ costs _____ damaged _____ channels and _____ recovery _____?
 The person _____ for assessing the _____ is not known.
 _____ can _____ determining the _____ of _____ the _____ channels _____ have been damaged?
 Which person is _____ the damages caused _____ pipes?
 Who _____ losses _____ channels _____ steps for restoration?
 _____ is _____ the evaluation _____ losses due to _____ fuel _____?
 Who is _____ the _____ caused by _____ breaks?
 Who takes _____ to _____ ruptured fuel _____?
 Who _____ sure _____ arising from fuel _____ quickly?
 _____ from fuel _____ will _____ to _____ timely restoration.
 _____ assessment of losses from _____ channel _____ be _____.
 _____ for someone _____ the _____ caused by burst fuel channels?
 Who _____ quick _____ to restore _____ that _____ broken?
 Who is responsible _____ assessment _____ damage caused _____ ruptures?
 _____ responsible for evaluating _____ to fuel _____ and implementing _____ measures.
 _____ is the _____ damages _____ fuel _____ breaks?
 Can _____ about the evaluation _____ timely _____ of _____ in _____ to fuel channel _____?
 _____ assess _____ costs of repairing _____ pipes?
 A person _____ responsible _____ caused _____ fuel channels.
 _____ anyone assigned to _____ fuel channel _____ to _____ quickly?
 Who can help _____ extent _____ damage _____ the fuel channel _____?
 Can _____ person _____ the _____ by _____ fuel channels?
 Is _____ the fuel _____ losses _____ move quickly?
 Who decides the _____ the fuel channels _____ for _____?
 Will someone _____ responsible _____ losses _____ to rupturing _____ channels?
 Can someone quickly _____ by burst _____ channels?
 _____ can aid _____ determining the extent of _____ fuel _____?
 Who deals with _____ channel damage _____ who _____ proper _____?
 Is _____ someone who will _____ caused by broken _____?
 _____ breaks are _____ by someone.
 Someone will _____ losses _____ to fuel _____ that _____ rupturing.
 Assessing losses _____ by rupturing _____ be _____ who?
 Who _____ damages resulting _____ fuel lines that _____ been damaged?
 Is _____ who oversees _____ from _____ fuel _____?
 Who _____ responsible _____ evaluating _____ losses due _____ timely measures for recovery?
 _____ scrutinizes the losses from _____ takes quick restoration _____?
 _____ inspects the losses _____ fuel _____?
 Who _____ if _____ channels _____ be restored quickly?
 _____ responsibility is _____ loss from _____ fuel channels?
 Is there anyone _____ assess _____ the fuel _____?
 Who _____ for examining _____ losses _____ fuel _____ and taking quick _____?
 _____ has to _____ the _____ due to _____ and fix _____ quickly.
 Will _____ from _____ fuel _____ assessed?
 _____ person _____ evaluating losses due to _____ fuel channels?
 _____ responsible for the _____ of _____ losses _____ to _____ channels?
 We _____ know who can _____ costs _____ fuel _____.

_____ will _____ evaluating the damages from _____ fuel channels _____ swift _____ ?
 _____ damages caused by fuel _____ be assessed _____ .
 _____ is _____ evaluate _____ losses due _____ broken fuel channels and _____ timely _____ to _____ ?
 Someone will _____ the losses _____ to _____ fix them _____ .
 _____ determining the extent _____ damage caused by _____ and help initiate _____ procedures?
 _____ assess _____ due _____ damaged _____ channels and fix it?
 Will anyone _____ the impact _____ fuel conduits _____ how _____ can _____ ?
 Can _____ into the _____ by burst _____ channels?
 Is _____ assigned to _____ losses and _____ necessary _____ quickly?
 We _____ from _____ channels _____ make sure they _____ taken care of.
 _____ it possible for _____ to _____ broken _____ lines?
