

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Check engine light is on
Inquiry Sub-Category	Emission Control Problems
Description	Customers seeking assistance with check engine light issues caused by failed emission control components like the catalytic converter, oxygen sensor, or exhaust gas recirculation (EGR) valve.
Data Size	5,183 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Could _____ valve trigger the check engine _____?

Can a malfunctioning EGR _____ cause _____ off?

_____ the warning _____ malfunctioning EGR _____?

A _____ warning is possible _____ faulty valve.

_____ a check engine _____ warning _____ by _____ faulty _____?

Faulty EGR valve _____?

_____ check _____ can _____ by an edg _____ problem.

Engine light _____ by an _____ the EGR.

_____ engine alert may refer to _____ defective _____.

Will _____ engine light come _____ when _____ valve _____ up?

_____ the _____ signal due _____ valves.

The _____ light _____ possibly _____ a malfunctioning valve.

_____ check _____ light warnings might be triggered _____ a _____.

_____ light alert caused _____ faulty EGR valve?

A _____ engine light _____ could be _____ a faulty _____

_____ light may _____ caused by an issues _____.

Is there _____ bad _____ valve that would _____ alert?

The warning indicator _____ check engine _____ be _____ a _____ valve.

Check _____ be caused _____ an EGR _____.

Does the check engine _____ there is _____ messed-up _____?

What _____ the _____ came on because _____ a faulty _____?

_____ possible _____ valve _____ make that stupid check engine blink.

_____ a _____ valve _____ check _____ light?

Can this _____ light _____ caused by a _____?

_____ my check engine light come _____ when _____ valve _____?

_____ stupid _____ engine light _____ broken EGR valve?

_____ check engine _____ would be _____ by _____ malfunctioning EGR _____.

_____ a malfunctioning EGR _____ cause _____ light _____?

____ a faulty valve be ____ blame ____ check ____ ?
 Does ____ check engine light ____ if ____ doesnt work?
 Does the check engine ____ EGR valve ____ functioning ____ ?
 The ____ engine light ____ broken EGR valve.
 ____ check ____ just because ____ a ____ EGR valve problem?
 ____ possible ____ a malfunctioning EGR valve ____ cause ____ check ____ go off?
 Is ____ check engine ____ an ____ of ____ EGR ____ ?
 Can a malfunctioning EGR valve ____ engine ____ ?
 The ____ light alert ____ be ____ by a ____ valve.
 ____ the ____ light be ____ by a bad ____ ?
 ____ a ____ that the engine ____ checked due to faulty ____ .
 Can ____ check ____ be caused ____ a ____ EGR valve?
 ____ check engine light ____ to ____ broken ____ valve?
 ____ engine ____ warning ____ be ____ with a malfunctioning ____ valve.
 A ____ cause my check engine ____ to ____ up.
 Is ____ engine light caused by a ____ ?
 Check engine ____ triggered by mechanical ____ EGR ____ ?
 ____ chance the ____ be ____ by ____ malfunctioning EGR valve.
 ____ check ____ warning could ____ triggered by ____ valve.
 ____ the ____ engine ____ on ____ there's a messed up ____ ?
 A ____ light warning may be ____ faulty valve.
 Is this ____ engine light ____ by ____ valve?
 The ____ light ____ turn ____ an effed-up EGR ____ is ____ .
 ____ is ____ possibility that the ____ be due ____ of EGR.
 The light ____ be ____ a malfunctioning EGR ____
 ____ a ____ engine valve cause a light ____ ?
 Are check ____ caused ____ ERG ____ ?
 Is ____ check engine ____ a ____ exhaust ____ recirculation valve?
 Check engine light ____ might ____ by ____ EGR ____ .
 ____ engine ____ could ____ a malfunctioning EGR valve
 The check ____ warning ____ be triggered ____ malfunctioning ____ valve.
 ____ engine ____ could be ____ the defective ____ valve.
 ____ check ____ could be triggered if a malfunctioning ____ .
 Can ____ effed-up EGR valve cause the ____ on?
 ____ light could ____ caused by ____
 ____ indicator ____ the ____ engine ____ might ____ triggered ____ a failing EGR ____ .
 ____ could be ____ check ____ light ____ the EGR valve ____ .
 ____ my ____ because of a faulty EGR ____ ?
 The ____ might be linked ____ the mechanical ____ of the ____ .
 ____ there an ____ light alert ____ bad EGR ____ ?
 ____ what causes the ____ signal?
 ____ engine light might come on ____ of a ____ .
 ____ the ____ engine light ____ caused ____ a ____ exhaust gas ____ ?
 ____ check engine warning pop up if ____ valve ____ ?
 Check engine ____ warnings ____ possibly ____ result ____ a ____ valve.
 Is ____ possible ____ make ____ engine ____ with ____ lousy EGR ____ ?
 Does ____ engine light go ____ when ____ valve ____ correctly?
 ____ check ____ be triggered ____ a ____ in ____ EGR valve.
 ____ the check ____ light come on ____ an effed up ____ ?
 The ____ sign may ____ due to ____ EGR valve.

Does _____ go on _____ the EGR valve _____ up?

_____ Light _____ valve Issue?

_____ engine light _____ due _____ EGR valve?

The check engine _____ warnings could be caused _____ a _____.

The _____ engine can _____ by an _____ problem.

_____ check engine light _____ on _____ the _____ valve is _____ properly?

_____ the check _____ caused _____ the faulty _____ valve?

_____ an _____ light _____ caused _____ a faulty _____ valve?

Will a check _____ on _____ I _____ a messed-up _____?

It's _____ the _____ be activated by a malfunctioning EGR _____.

Does _____ light _____ on if _____ exhaust _____ recirculation valve _____ working?

_____ check engine light alert _____ be _____ by _____ valve.

An _____ engine warning _____ can _____ caused _____ a malfunctioning _____.

_____ a _____ that the _____ engine light alert _____ by a faulty _____?

Is _____ issue _____ the _____ that _____ cause engine light _____?

Does _____ go on if an exhaust _____ valve is _____?

Is there _____ engine light _____ by _____ faulty EGR _____?

Does the check engine _____ turn _____ the _____ EGR _____ is _____?

_____ check engine light is _____ a malfunctioning EGR _____?

_____ light warning could _____ of a faulty _____ valve.

_____ check _____ may _____ due to broken _____.

_____ check _____ may _____ triggered by a _____ valve.

_____ check engine _____ light _____ because of _____ effed-up EGR _____?

Is my _____ engine light _____ my EGR _____ up?

_____ a faulty _____ gas _____ cause a check _____ light _____ off?

_____ light warning _____ caused by _____ malfunctioning exhaust gas _____ valve.

_____ check engine _____ may _____ result of _____ EGR valve.

Will a _____ cause my _____ warning to go _____?

Can _____ engine light be _____ by _____ valve?

_____ indicator for _____ engine light might be triggered _____ EGR _____.

Does _____ engine _____ go on if _____ valve _____ correctly?

_____ check _____ light _____ illuminate a _____ EGR _____.

_____ that an illuminated _____ engine warning sign _____ from _____ malfunctioning _____ device?

Does an _____ if the _____ valve is malfunctioning?

_____ light warning _____ triggered by a _____ exhaust _____ recirculation valve.

_____ my check engine light is on _____ of _____?

Will check _____ be invoked _____ malfunctioning _____?

_____ check _____ could be _____ a malfunctioning _____ valve.

Is _____ a way _____ bad EGR _____ to _____ check _____ blink?

_____ wonder _____ a faulty _____ valve _____ my check _____ to come _____.

Is _____ check _____ by a _____ exhaust gas _____ valve?

_____ the check _____ warning be set _____ faulty EGR _____?

Is _____ possible for a _____ EGR _____ to cause _____?

Does _____ to do with _____ broken EGR valve?

Is _____ warning _____ pop _____ due to a faulty EGR _____?

Does _____ check _____ go on if _____ exhaust gas recirculation _____?

The _____ related _____ mechanical issues with _____ EGR valve.

_____ the _____ turn on due _____ an _____ up EGR _____?

I wonder _____ a _____ EGR _____ the _____ check _____ light is _____.

_____ check engine _____ on _____ have a messed-up EGR _____?

____ check ____ problem ____ be caused by ____ ____ .
 Is ____ ____ light due to ____ messed-up ____ valve?
 ____ engine light ____ be ____ a malfunctioning valve.
 ____ light may be ____ the ____ valve ____ .
 There ____ ____ ____ warning due ____ a malfunctioning EGR valve.
 Engine ____ ____ by faulty ____ valves.
 Is ____ ____ light alert if ____ ____ bad EGR valve?
 ____ engine ____ be the result ____ of the EGR ____ .
 ____ the ____ engine light ____ to the ____ EGR ____ ?
 ____ is a ____ malfunctioning ____ cause ____ check ____ light to go off.
 ____ the check ____ light come on when ____ is ____ ____ ?
 A check engine light warning ____ be ____ ____ .
 ____ there ____ for the check engine ____ be activated by ____ EGR ____ ?
 EGR ____ failure ____ cause ____ light to ____ .
 Maybe ____ engine light ____ be caused by ____ malfunctioning ____ ____ .
 ____ check engine light ____ are ____ malfunctioning EGR valve.
 The ____ ____ may ____ been triggered ____ the malfunctioning ____ valve.
 ____ an ____ with the EGR ____ causes engine ____ ?
 ____ possible ____ the ____ engine warning can be set ____ a ____ valve?
 ____ check engine ____ be triggered ____ a faulty engine ____ .
 Does an issue ____ an engine light ____ ?
 Can an engine light ____ be caused ____ ?
 Is ____ possible ____ could ____ an engine light alert?
 ____ illuminated ____ engine ____ sign ____ be a result of ____ malfunctioning ____ ____ .
 ____ just that ____ check ____ because ____ dumb problem with the ____ valve?
 ____ light ____ be ____ sign of ____ malfunctioning EGR valve.
 ____ a ____ with the ____ cause an ____ light ____ ?
 ____ check engine could ____ affected ____ EGR valve ____ .
 ____ stupid check engine light ____ EGR valve?
 Does a check ____ light turn ____ an ____ valve?
 ____ light turn ____ when an effed-up ____ valve ____ on?
 What ____ the ____ engine ____ set off ____ EGR valve?
 Should my check ____ of a faulty EGR ____ ?
 ____ check ____ may be due ____ defective EGR ____ .
 Could this ____ engine ____ caused by ____ EGR valve?
 ____ that the check ____ may ____ by a ____ EGR?
 Is an illuminated ____ sign caused by ____ device?
 The check ____ light ____ may ____ caused ____ a ____ valve.
 Can a ____ exhaust gas recirculation ____ light ____ come ____ ?
 Can the check ____ come ____ of ____ EGR valve?
 ____ is ____ possibility that the engine ____ could ____ EGR valves.
 The ____ could ____ up because ____ faulty EGR valve.
 ____ check ____ be a result of ____ defective ____ valve.
 This ____ check ____ be ____ by a ____ EGR valve.
 ____ there a check engine light ____ because ____ valve?
 Can a faulty ____ valve ____ a ____ engine ____ to come ____ ?
 The ____ light might ____ EGR valve.
 ____ an ____ engine ____ cause ____ engine light ____ on?
 There could be ____ malfunctioning ____ valve triggering ____ check ____ ____ .
 Does the check ____ light go ____ not work?

I'm wondering if a _____ my _____ light is on.
 _____ light _____ bad EGR valve.
 _____ anomaly _____ be _____ broken EGR.
 I _____ if _____ faulty _____ my check engine warning to come _____.
 _____ check _____ light could _____ caused by _____ broken _____ valve.
 It _____ that _____ engine _____ warning _____ be triggered _____ a _____ EGR valve.
 A faulty _____ valve _____ a _____ engine light _____.
 _____ check engine _____ might be _____ a _____ valve.
 _____ sign caused by a _____ EGR device?
 _____ the _____ engine _____ on if _____ valve is not _____?
 A _____ valve _____ engine light warning.
 The _____ warning may be _____ by _____ EGR valve.
 Will my check _____ up like _____ if my _____ faulty?
 Could the _____ warning _____ on _____ an EGR _____?
 _____ an illuminated check engine _____ sign _____ EGR device?
 _____ if a _____ EGR valve will _____ an _____ light _____.
 _____ a faulty _____ cause the _____ warning?
 _____ it possible for an _____ the EGR _____ cause _____?
 _____ warning _____ might be _____ by a _____ valve.
 _____ light warning _____ be triggered by _____ malfunctioning _____.
 _____ the _____ engine _____ on because _____ old _____ valve?
 My _____ engine _____ come _____ of a _____ up _____ valve.
 _____ check engine _____ may be _____ to _____ troubles of _____.
 Would an _____ sign occur if a malfunctioning _____?
 _____ a _____ EGR _____ check engine warning?
 The _____ engine light _____ be _____ of a _____ valve.
 _____ check _____ light _____ a faulty EGR valve?
 The _____ engine light might _____ by a malfunctioning _____ valve.
 The _____ light warnings could _____ by a malfunctioning _____.
 The check _____ may be _____ by _____ troubles _____ EGR valve.
 _____ check _____ on if there _____ a messed-up _____ valve?
 _____ chance _____ check engine light warning being triggered _____ a _____ EGR _____.
 Can a bad _____ light _____ by _____ bad EGR _____?
 There _____ a check _____ light _____ due _____ EGR valve.
 _____ check _____ be _____ by mechanical problems of _____ valve.
 _____ egr valve cause an engine _____?
 The alert signal could be _____ EGR
 _____ warnings may be triggered _____ malfunctioning EGR.
 _____ it _____ for _____ check _____ light to be triggered _____ a _____.
 _____ caused by _____ faulty EGR valve?
 Will a faulty EGR valve _____ check _____ warning _____?
 _____ for _____ check _____ to light up when the _____ valve _____ malfunctioning?
 _____ lights might be triggered _____ a faulty _____.
 _____ faulty EGR _____ engine light alert?
 _____ an _____ warning _____ result of a malfunctioning EGR device?
 The check _____ warning _____ possibly be caused _____ valve.
 _____ light _____ caused _____ EGR valve.
 Is my _____ on because _____ a _____ valve?
 Will _____ check _____ come _____ if _____ valve isn't working?
 _____ be _____ malfunctioning _____ which _____ the check engine light warnings.

I _____ a faulty EGR _____ cause _____ warning _____ go crazy.
 Is the check _____ because of a _____ problem _____?
 A check _____ can _____ a defective EGR.
 I _____ stupid _____ engine light is _____ a broken EGR _____.
 _____ check engine _____ be connected to _____ the EGR valve.
 I _____ to know _____ light is caused by _____ valve.
 The faulty _____ lights?
 Does the _____ light _____ if _____ effed-up EGR _____ is _____?
 Is it _____ for a bad _____ to _____ engine?
 The _____ indicator _____ engine _____ triggered _____ a malfunctioning egr valve.
 _____ engine light come on because of _____ egr _____?
 _____ the EGR valve _____ light?
 _____ a _____ that _____ engine _____ be checked due to malfunctioning _____.
 Does the _____ engine _____ come on if _____ valve _____?
 Engine signal can _____ due _____ faulty _____ valves.
 There _____ a _____ a check _____ be triggered by a faulty _____.
 _____ it _____ a faulty _____ valve set off the _____?
 _____ malfunctioning EGR valve _____?
 _____ bad valve _____ light alert?
 Is _____ check engine _____ by an effed-up _____?
 Check engine _____ might _____ a _____.
 _____ it _____ for that stupid check _____ to _____ with _____ EGR _____?
 _____ light _____ to faulty EGR
 _____ check _____ might _____ linked to _____ problems of the _____.
 _____ light _____ could be triggered _____ a _____ valve.
 _____ light _____ be _____ by _____ EGR _____.
 Engine _____ caused _____ fault in _____ EGR valve.
 A malfunctioning _____ valve _____ triggered the _____ warnings.
 _____ the car light _____ failure _____ the EGR _____?
 The _____ engine warning _____ by _____ faulty _____ valve.
 _____ engine light _____ if a _____ EGR valve _____ to blame.
 _____ the _____ check engine light _____ because _____ problem with the _____?
 I _____ if _____ engine _____ will _____ up because of _____ EGR _____.
 _____ light _____ caused _____ a faulty EGR _____?
 check engine _____ warning _____ by a _____ EGR _____
 _____ check engine _____ going to pop _____ if _____ is faulty?
 Does an effed-up _____ valve make _____ off?
 _____ engine _____ be triggered by a malfunctioning _____.
 _____ illuminated _____ warning _____ might be _____ of a malfunctioning EGR _____.
 The check engine light warnings could _____ a _____ gas _____.
 The _____ light warning may be _____ by _____ egr _____.
 Does a _____ exhaust _____ valve _____ the _____ light to come _____?
 It's possible that my check _____ is on _____ valve.
 _____ check engine sign could be _____ to _____ valve.
 Engine light could _____ by _____ EGR valve.
 _____ warnings might be _____ a _____ EGR _____.
 _____ the _____ engine light _____ on _____ is _____ effed- up EGR _____?
 A _____ EGR _____ be _____ blame _____ the _____ engine _____ warnings.
 Can a check engine _____ come _____ of _____ EGR _____?
 _____ the check engine _____ of the effed-up EGR _____?

The check _____ warnings _____ be the _____ a _____ EGR valve
 _____ engine sign might be _____ mechanical _____ of the _____ valve.
 _____ my _____ light _____ of _____ malfunctioning exhaust gas _____ valve?
 _____ engine _____ caused by broken _____?
 Is there _____ check _____ if _____ is _____ faulty EGR _____?
 _____ that stupid _____ engine _____ of the dumb _____ problem?
 Engine light _____ be triggered _____ faulty _____.
 _____ know if my check engine light will _____ my EGR _____ up.
 Does the check _____ light _____ valve isn't _____ its job?
 Maybe _____ causes checkengine light _____?
 Check engine _____ EGR _____?
 The _____ sign _____ caused _____ troubles of the EGR _____.
 _____ faulty EGR _____ could cause _____ engine _____ illuminate.
 _____ for bad EGR _____ to prompt _____ light _____?
 _____ check engine _____ come _____ I have a _____ valve?
 Is a _____ engine _____ a result of _____ EGR _____?
 _____ an _____ engine valve cause _____ to go off?
 Can an _____ the egr _____ engine _____ alert?
 _____ the check _____ go on because _____ up _____ valve?
 Is a _____ EGR _____ check engine warning to _____ crazy?
 The _____ engine _____ alert can _____ faulty EGR _____.
 Can _____ check _____ light come _____ faulty EGR _____?
 _____ light may _____ triggered _____ a malfunctioning _____ valve.
 Isn't it possible _____ that stupid _____ thing _____ a _____ valve?
 Does an _____ EGR _____ the check engine _____ to _____?
 _____ may _____ caused by _____ EGR valve _____.
 _____ the check _____ light _____ triggered by _____ valve?
 Check engine sign _____ caused by _____ of the _____.
 The _____ lightWarning could _____ a _____ EGR valve.
 _____ caused _____ valve issue?
 _____ engine light _____ on _____ there is _____ up EGR valve?
 The _____ up when the EGR _____ malfunctioning.
 Did the EGR _____ cause _____?
 _____ the check engine light _____ EGR valve?
 The EGR _____ might _____ lights.
 I wonder _____ light _____ caused _____ a busted _____ valve.
 _____ EGR _____ may _____ warning lights _____ go _____.
 _____ engine light alert might be _____ result _____ a _____.
 The _____ signal _____ affected _____ faulty _____ valves.
 _____ the check engine light go _____ not working properly?
 _____ check engine light is _____ malfunctioning _____ is it possible?
 The _____ engine light can be _____ a _____ gas _____.
 _____ check _____ sign may _____ the mechanical troubles _____ the EGR _____.
 Will a _____ EGR _____ cause _____ engine warning _____?
 Does the _____ engine _____ go on _____ egan valve _____?
 Is it _____ that _____ malfunctioning _____ cause _____ check engine _____ to _____?
 _____ this _____ that _____ a problem with the EGR valve?
 The check _____ sign _____ by _____ with the EGR _____.
 _____ don't _____ if _____ check engine light is _____ of _____ valve.
 _____ the check engine light _____ if _____ EGR _____ not _____ correctly?

Does ____ check ____ light ____ off if ____ valve isn't ____?

Could ____ faulty EGR ____ a check ____ alert?

Does the check ____ a ____ EGR ____ is installed?

____ a faulty ____ valve to blame ____ light alert?

____ check engine light could ____ by ____ faulty ____ valve.

Is there ____ problem ____ that could ____ engine ____ alerts?

The ____ indicator ____ the check ____ be ____ by ____ faulty EGR ____.

Check engine ____ could ____ EGR.

Will ____ EGR valve cause a ____ off?

____ engine ____ may ____ the ____ valve is messed up.

The ____ alert could be ____ of ____ faulty EGR ____.

Engine ____ due to ____ EGR ____?

The ____ alert may be ____ defective EGR ____.

____ vlv causes check ____ light?

____ an ____ the EGR ____ an engine ____ problem?

____ light caused ____ an egr ____?

____ valve ____ off a ____ light?

____ engine may ____ up ____ faulty EGR.

____ an ____ EGR valve ____ engine light ____ blink?

Does the ____ engine light ____ on ____ valve ____ not functioning ____?

Is there ____ sign because ____ the mechanical troubles ____ EGR ____?

Will ____ engine ____ come up ____ of ____ faulty EGR ____?

____ check engine ____ the egr valve isn't working ____?

Will ____ check engine ____ there is a ____ EGR ____?

____ this check engine light ____ caused ____ broken ____?

____ check ____ may ____ triggered ____ a ____ EGR valve.

Engine ____ can ____ a ____ EGR valve.

Is ____ light ____ if the ____ EGR valve ____?

____ engine sign ____ be ____ to ____ of the ____ valve.

____ engine light ____ a ____ of a ____ valve problem?

____ light warnings could ____ by a malfunctioning ____ valve.

____ it ____ failure ____ the EGR ____ that causes ____ light ____ blink?

Will a ____ valve set ____ warning ____?

A ____ be triggered by a ____ exhaust ____ recirculation valve

____ my ____ come ____ if I have a faulty ____?

There's a chance ____ check ____ be triggered ____ a ____ valve.

The check ____ the result ____ malfunctioning EGR valve.

____ that stupid check ____ because ____ a stupid ____ the EGR valve?

____ there a way for ____ valve ____ cause that stupid check ____?

Is ____ going to light ____ faulty EGR?

Is there a ____ light ____ caused ____ EGR ____?

____ it possible that a ____ valve will ____ engine light ____?

The check ____ may go ____ valve is malfunctioning.

____ check ____ light because ____ a ____ EGR valve?

____ malfunctioning EGR valve ____ turn ____ the check engine light?

A malfunctioning EGR ____ may cause the ____.

The ____ light ____ be ____ by ____ malfunctioning EGR valve.

Is ____ a ____ EGR ____ to ____ the ____ check engine ____ blink?

____ check engine sign ____ of mechanical ____ of ____ EGR ____?

____ the check ____ come ____ if the ____ valve doesn't ____?

_____ light may _____ caused by _____ EGR valve
 _____ the stupid _____ engine _____ a dumb EGR valve _____?
 Is _____ a bad _____ to make that stupid check _____?
 A check _____ light _____ may _____ by _____ faulty EGR _____.
 Is it _____ that _____ check _____ to _____ a lousy EGR valve?
 _____ the _____ engine _____ go on if _____ EGR _____ functional?
 Is _____ engine _____ can be set off _____ a _____?
 Does _____ come on _____ an effed-up _____ valve is in _____?
 Engine _____ be caused by _____ valve.
 Can _____ check _____ light come _____ due _____ a _____ EGR _____?
 Is _____ check _____ warning _____ if the EGR device _____?
 Is _____ an engine _____ because _____ a _____ EGR _____?
 _____ the check _____ light because of _____ valve _____?
 _____ possible to _____ a _____ thing _____ with a _____ EGR valve?
 Does a _____ valve _____ warning _____?
 warning lights _____ have been triggered _____ faulty _____.
 _____ engine light warnings _____ of a malfunctioning EGR valve.
 Is _____ possible that the _____ be triggered by _____?
 Do malfunctioning EGR _____?
 Is my check engine _____ up due to _____ malfunctioning _____?
 The check engine _____ may _____ a _____ EGR _____.
 Is the defective _____ engine _____?
 _____ engine light be the result _____ a _____ valve?
 _____ engine _____ up _____ a fault in _____ EGR.
 Will the _____ engine light _____ of _____ EGR valve.
 Engine _____ due to faulty _____.
 _____ possible that an _____ with _____ EGR can cause _____ light _____?
 Can _____ malfunctioning exhaust _____ valve _____ an engine _____?
 _____ the check _____ turn _____ an effed-up EGR _____?
 Can a _____ gas _____ valve cause a check _____?
 Is _____ I have a messed-up EGR valve?
 _____ the _____ on _____ of a dingy _____ valve?
 Does an effed-up EGR _____ light to _____?
 The _____ engine _____ might be _____ by _____ problems _____ valve.
 Could the _____ warning light come on _____?
 _____ it _____ that _____ engine light could _____ due to _____?
 _____ there a _____ of a check _____ light _____ a _____ EGR _____?
 A _____ alert _____ be a result _____ faulty _____ valve.
 Does _____ valve _____ to flash?
 Is _____ enginelight caused _____ vlv? _____
 _____ illuminated _____ sign a _____ of a malfunctioning _____ device?
 The warning indicator of _____ may _____ triggered by _____ the _____ valve.
 Is _____ due to a dumb EGR _____ problem?
 Can the check engine _____ due _____ valve?
 _____ check _____ warning sign possible _____ a _____ EGR device _____?
 The _____ engine _____ be _____ by a malfunction _____ EGR _____.
 _____ engine light could _____ by _____ faulty _____ valve.
 _____ it _____ a _____ to cause an alert?
 A check engine _____ warning _____ triggered _____ the EGR _____.
 _____ the _____ is _____ because of a malfunctioning EGR valve.

_____ possible _____ bad EGR valve _____ prompt a _____ alert?
 _____ wonder _____ my _____ engine _____ up because of _____ faulty _____ valve.
 Is _____ possible _____ light alert is _____ by bad _____?
 A faulty _____ valve _____ engine _____.
 Check _____ alert can be _____ faulty _____ valve.
 There _____ possibility of _____ engine _____ activation _____ a piece of _____.
 _____ engine warnings may _____ malfunctioning EGR.
 The _____ may _____ triggered by _____ in _____ EGR valve.
 I wonder _____ the stupid check engine _____ caused _____ valve.
 _____ engine _____ caused by broken _____.
 Is there an engine _____ due _____ bad _____?
 Does the _____ on if there is _____ EGR _____?
 Is _____ possible _____ stupid check _____ thing _____ lousy EGR valve?
 _____ engine sign could _____ triggered by mechanical _____ valve.
 An _____ check _____ warning sign _____ a result of _____ EGR _____.
 _____ come _____ if the _____ valve does not work?
 Can _____ engine _____ be _____ a _____ engine valve?
 There _____ chance that _____ check _____ light _____ be _____ by a _____ valve.
 _____ a _____ EGR valve _____ can cause the check _____?
 The check engine _____ the EGR valve.
 check engine _____ be _____ a malfunctioning _____.
 The engine _____ be due _____ a malfunctioning _____.
 Does _____ check _____ light turn _____ if _____ an _____ up _____?
 _____ the check _____ caused _____ an issue _____ the _____?
 Is the _____ light _____ sign _____ a malfunctioning _____?
 _____ engine _____ might be _____ a faulty EGR _____.
 Does _____ check _____ go _____ the EGR valve _____ working _____?
 _____ check _____ warnings _____ by a malfunctioning EGR valve.
 Engine light _____ by faulty _____ valve.
 Does _____ check _____ light _____ ON if _____ EGR _____ malfunctioning?
 _____ check _____ could be a _____ of a _____ valve.
 _____ check engine warning _____ set _____ by a _____ valve?
 Can the check _____ by a _____ valve?
 Is that check _____ because _____ the dumb _____ problem?
 _____ from the busted EGR valve?
 Check _____ light _____ be triggered by _____ valve.
 _____ an effed up EGR valve the _____ engine light _____?
 An _____ light could _____ caused _____ a _____ EGR _____.
 Check the engine _____ faulty _____
 Maybe _____ light warning is caused _____ a malfunctioning _____?
 _____ check _____ light might show a _____ in _____.
 _____ engine light warning _____ triggered _____ malfunctioning _____ valve.
 Does _____ EGR _____ produce a _____?
 There is a check _____ and it might _____ because of _____.
 Does the _____ light _____ on _____ egr _____ is not functioning _____?
 _____ warning _____ be _____ faulty valve
 Is a _____ engine light _____ to _____ faulty _____?
 _____ check _____ light _____ be triggered _____ malfunctioning EGR _____.
 Is an _____ with _____ cause _____ the engine _____ alerts?
 _____ check _____ light coming _____ because _____ messed- up _____ valve?

The ____ of the check ____ could ____ by a ____ EGR ____.
 There is a ____ warning ____ can be ____ by ____ faulty ____.
 ____ a ____ valve ____ an ____ light ____ go off?
 ____ if the check ____ will come ____ because ____ faulty EGR ____.
 ____ it possible that ____ engine could ____ up ____ to ____?
 Is it ____ for ____ valve ____ Engine ____ alert?
 Check ____ light warnings ____ by ____ malfunctioning valve.
 Is a ____ valve able to ____ a ____?
 The check engine ____ might ____ a ____ egr ____.
 Could the check ____ be triggered ____ malfunctioning ____?
 Is the ____ engine ____ by an effed-up ____?
 The ____ engine alert ____ be ____ to the ____.
 ____ check engine light ____ could possibly be ____ valve.
 ____ check engine light might ____ the ____ valve ____ up.
 ____ check engine light ____ triggered ____ flawed ____ valve.
 Engine ____ could be ____ by ____ EGR ____
 ____ check engine ____ be ____ by an effed ____ valve.
 Is it ____ stupid check ____ is ____ by a ____ EGR ____?
 Does ____ engine ____ goes on if ____ EGR valve ____?
 ____ my ____ going ____ pop up because ____ faulty egr valve?
 A check ____ be ____ by ____ faulty EGR ____.
 The ____ engine ____ could be triggered ____ troubles ____ the ____.
 It's ____ for a ____ make that ____ check engine ____.
 The ____ the result of a ____ EGR valve
 ____ be ____ by the ____ EGR valve.
 A faulty EGR ____ might ____ check engine ____ up.
 It's possible for ____ make that ____ check engine thing ____.
 Did ____ check ____ turn on because ____ an ____ EGR ____?
 Does ____ check ____ turn ____ the EGR valve is ____?
 Is ____ for ____ EGR valve ____ cause that ____ check ____ malfunction?
 ____ this ____ check ____ light ____ caused by ____ engine valve?
 The ____ light ____ due to ____ EGR.
 ____ the ____ engine light caused ____ problem with the ____?
 ____ the check ____ be caused ____ EGR valve?
 ____ light up if ____ a ____ EGR.
 Is ____ EGR valve ____ off the ____ warning?
 Is ____ possible ____ engine ____ blinks because ____ a lousy EGR ____?
 A check ____ can be ____ malfunctioning ____ valve.
 The ____ warnings ____ triggered by a ____ EGR ____.
 ____ engine ____ because ____ EGR valve?
 Does ____ check engine light come ____ effed-up ____ valve?
 Check ____ sign ____ be ____ by ____ troubles ____ the EGR ____.
 ____ it ____ that stupid check ____ blink by ____ a lousy EGR ____?
 ____ the check engine light be ____ a ____ valve?
 ____ because of ____ dumb EGR ____ problem that the check ____ is ____?
 A check ____ light may ____ by ____ EGR ____.
 ____ a ____ that the check ____ light warnings ____ a ____ valve.
 ____ because of ____ dumb EGR valve problem ____ the check ____?
 ____ check engine light come on if ____ valve?
 A check ____ be triggered by ____ troubles of _____.

Is the broken _____ cause _____ the _____?

_____ check engine _____ might _____ to _____ defective _____ valve.

_____ indicator can _____ by _____ EGR.

_____ engine light warnings _____ be _____ by _____ malfunctioning EGR _____

_____ for _____ valve to set off _____ engine warning?

_____ a faulty exhaust gas recirculation _____ light alert?

Engine light _____ can _____ of _____ EGR valve.

I _____ a messed up EGR valve _____ cause _____ light to _____.

Will the check engine _____ on if _____ valve?

Is _____ broken _____ reason for _____ signal?

Is _____ an _____ light alert when _____ is _____ EGR _____?

Is the _____ by an _____ egr valve?

_____ a _____ light _____ off by a broken _____?

Is that check _____ light _____ the EGR valve?

_____ alert _____ could possibly _____ activated by _____ issue with _____.

Engine _____ can be _____ by _____ issue with _____

_____ was _____ if a _____ EGR valve was _____ reason my _____ engine _____.

Does _____ engine _____ if _____ engr valve is _____ working?

Will _____ come _____ like crazy _____ my _____ valve _____ faulty?

Is _____ warning _____ when the EGR _____ is _____?

_____ are _____ faulty EGR valve?

Is it possible for _____ check _____ valve is malfunctioning?

The _____ light might be _____ of a _____ valve.

_____ that _____ messed-up _____ is causing _____ stupid warning light?

_____ EGR _____ warning light?

_____ the _____ sign _____ by _____ malfunctioning EGR device?

_____ engine _____ may _____ triggered _____ a faulty EGR _____.

_____ check _____ might _____ by _____ malfunctioning EGR valve.

_____ check light _____ be _____ issue with an EGR _____.

_____ EGR valve _____ warning lights.

_____ check engine light _____ consequence _____ a faulty _____ valve.

_____ malfunctioning _____ cause a warning light to _____?

_____ malfuncng _____ causes check _____?

_____ the check _____ on when _____ EGR valve isn't _____?

_____ check _____ be _____ by a faulty EGR _____.

The _____ valve _____ cause warning _____.

Did _____ EGR _____ the _____ signal?

The _____ light warnings might _____ due to _____ malfunctioning _____.

The _____ alert _____ be _____ result _____ the defective EGR _____.

_____ engine _____ go on when _____ EGR _____ isn't _____ properly?

_____ a faulty engine warning be _____ by _____ faulty _____?

Does _____ check engine _____ if there _____ an effed _____ valve?

_____ engine _____ come _____ because of a _____ up _____ valve.

_____ check engine _____ come _____ because of _____ messed _____ EGR _____?

Is the check engine _____ due _____ valve?

I _____ an illuminated check engine warning sign would _____.

_____ light _____ valve issues?

_____ could _____ by _____ EGR valve

_____ the _____ engine light to go off?

_____ check engine light could come _____ there _____ EGR _____.

Is ____ check engine ____ warning ____ to ____ valve?

Is ____ possible ____ a bad ____ to ____ light alert?

____ it ____ my check ____ light will ____ on because of ____ messed ____ ?

A ____ engine light warning may ____ EGR valve.

Is there an engine ____ is bad?

____ there a ____ the check ____ a faulty EGR valve?

____ the check engine ____ caused ____ EGR valve?

____ for ____ bad ERG valve to be ____ ?

____ the ____ engine light go ____ the ____ valve is ____ working ____ ?

____ warning come ____ if the EGR valve is ____ ?

____ the ____ engine light turn on because ____ effed-up ____ ?

____ this stupid ____ light happen because of a ____ ?

The check ____ might be ____ by ____ EGR ____.

____ check engine ____ if a messed-up ____ is involved?

____ engine ____ be triggered by a ____ EGR valve.

The check ____ will ____ messed-up EGR valve ____ it.

There ____ be ____ that causes the ____ to ____ up.

Is it ____ a ____ EGR ____ to cause ____ to blink?

____ engine ____ may ____ broken EGR.

Can the check ____ come ____ of ____ faulty engine ____ ?

A ____ light ____ may ____ a faulty EGR valve.

____ faulty ____ gas ____ valve cause ____ engine light to ____ ?

____ engine ____ come on due to ____ up ____ valve?

____ light be caused by a ____ EGR ____ ?

____ a ____ exhaust gas ____ the check engine light ____ off?

Is an illuminated ____ sign ____ if there is ____ device?

The ____ could ____ be ____ a malfunctioning egr valve.

____ the ____ engine light ____ if an ____ is malfunctioning?

Does the check engine ____ if ____ valve ____ not ____ ?

Did ____ check engine light ____ on ____ EGR ____ wasn't ____ ?

Can ____ engine ____ be ____ by a malfunctioning ____ ?

____ might be affected ____ faulty EGR ____.

____ warning ____ may be ____ by a ____ valve.

Does the ____ light go ____ when ____ erg ____ malfunctioning?

Do ____ vlve causes check ____ ?

____ a ____ EGR ____ make ____ stupid check engine light up?

Does ____ light come ____ there ____ faulty egr valve?

Is there ____ alert if ____ bad ____ is present?

Is that ____ check ____ light just ____ of ____ problem with ____ ?

Engine light ____ malfunctioning ____ valve.

____ a faulty EGR valve capable ____ a ____ engine ____ ?

Is it ____ that ____ with the ____ could cause ____ light ____ ?

Is the check ____ of a messed-up EGR valve?

The engine ____ may ____ by a faulty ____.

A check engine light ____ could ____ be ____ by ____.

____ may be triggered ____ of the EGR valve.

The check ____ caused by ____ EGR valve ____.

____ check ____ be triggered ____ mechanical issues ____ the ____ valve.

____ could ____ a ____ engine ____ warning if ____ valve ____ malfunctioning.

Does ____ light go on ____ EGR ____ isn't functioning?

Is ____ possible that ____ light ____ due to ____?

Can a ____ valve ____ check ____ light?

Does the ____ engine ____ go off if ____ valve?

Is ____ a ____ check engine light ____ of ____ problem ____ the ____?

____ sign ____ be triggered by ____ problems ____ the EGR ____.

Is a faulty ____ valve ____ cause ____ check ____ to ____ up ____ crazy?

____ the ____ engine ____ be caused ____ the busted ____ valve?

Is the check ____ light ____ a ____ EGR ____?

____ check ____ warning going to ____ up because of ____ faulty ____?

____ the check engine light go ____ if the ____?

____ might light ____ of ____ EGR.

____ engine light ____ with a faulty ____ valve.

Engine ____ be ____ by ____ valve?

The ____ can ____ up ____ an egr ____ issue.

Does ____ engine ____ go off if ____ valve isn't ____?

____ alert can be caused ____ faulty exhaust ____ recirculation valve.

____ light could ____ caused by ____ valve.

____ EGR valve cause ____ engine light to turn ____?

____ may be caused ____ the egr valve.

____ there ____ engine alert ____ defective EGR valve?

____ engine ____ light up due to ____.

____ it the EGR ____ that ____ warning light ____ flashing?

The check engine ____ by ____ faulty ____ valve.

____ check ____ light triggered by ____ defect in the ____?

Is ____ the ____ check engine light ____ a ____ with ____ EGR ____?

Is it possible for ____ stupid ____ to ____ of ____ EGR valve?

____ malfunctioning EGR ____ cause the check ____ light ____ to ____.

____ check engine light ____ be related to ____ valve.

Does ____ check ____ turn ____ because there is ____ EGR ____?

Is ____ light ____ of a dumb ____ with ____ EGR valve?

The check ____ light warnings ____ to be ____ malfunctioning EGR ____.

The ____ engine ____ could ____ of a malfunctioning ____ valve.

____ the check ____ is a malfunctioning EGR valve?

Will the check ____ come ____ I ____ a messed- ____ valve?

The check ____ light alert ____ be ____ faulty ____ valve.

Is there a ____ EGR ____ that could ____ engine ____ alert?

____ check engine ____ warnings could ____ be ____ a ____ valve

____ valve cause ____ warning signal?

____ my ____ come on because of ____ bad EGR ____?

The ____ engine can light up ____ malfunctioning.

Is it ____ for a bad ____ the stupid ____ engine ____ blink?

Can the check ____ be ____ symptom ____ a faulty ____?

I wonder ____ a malfunctioning ____ my engine light ____ on?

Will the ____ light come ____ if ____ valve ____ messed ____.

Does the ____ engine ____ go ____ an ____ valve ____ functioning?

Will ____ engine light ____ caused ____ a ____ EGR valve?

Will my ____ engine ____ because ____ a ____ EGR valve?

____ be able to be ____ due to faulty ____.

Will a faulty EGR ____ my ____ light ____ on?

There ____ a ____ is possible due to faulty EGR ____.

_____ was _____ if _____ check _____ was _____ because of _____ malfunctioning _____ valve.
 The check _____ light warning _____ by _____ EGR valve.
 I wondered if my check _____ light _____ because _____ EGR _____.
 _____ engine light come _____ if _____ EGR valve is _____?
 Check engine sign _____ related to mechanical _____ EGR _____.
 _____ light _____ due to _____ EGR
 _____ check engine light _____ on _____ recirculation valve isn't functioning?
 _____ the engine light up _____ a _____ valve?
 _____ check _____ come on after a _____ up EGR _____?
 _____ a _____ EGR _____ check engine warnings?
 There is a _____ warnings _____ be _____ malfunctioning EGR valve.
 The _____ engine light might _____ the _____ valve _____ faulty.
 Check engine _____ be _____ by _____ malfunctioning EGR _____.
 Is a faulty _____ going _____ my _____ warning to _____ up?
 _____ check _____ set off by a faulty _____.
 Is _____ valve to blame for the _____ engine _____?
 _____ it _____ a _____ EGR valve _____ the _____ engine light to go _____?
 Does the _____ engine _____ turn on _____ EGR valve _____?
 _____ engine light _____ be _____ a _____ EGR valve.
 _____ engine warning _____ crazy due to a _____ valve?
 _____ check engine warning _____ faulty EGR valve?
 The check _____ warnings could _____ by _____ malfunctioning valve.
 _____ it _____ that the _____ light can _____ on because of a _____?
 _____ may be caused by _____ faulty _____?
 Would _____ check _____ warning sign be _____ egr device?
 _____ there a chance _____ check _____ light _____ a faulty _____ valve?
 _____ light could potentially be _____ by _____ malfunctioning EGR _____.
 Check _____ is _____ by _____ vlv?
 Is _____ malfunctioning _____ valve to turn on _____ check engine _____?
 _____ faulty EGR _____ an engine _____ come on?
 _____ engine alert: _____ EGR _____?
 The _____ EGR _____ have _____ warning _____.
 Engine _____ alert _____ by bad _____ gas _____ valve.
 Is _____ check engine _____ connected _____ busted _____ valve?
 _____ light _____ be caused by the _____ valve.
 Will my _____ light _____ on _____ up EGR valve is _____?
 _____ check engine _____ could be caused by _____.
 Does _____ warning _____ EGR valve?
 _____ check engine _____ if the EGR valve is _____.
 Did _____ faulty EGR _____ cause the _____?
 Check engine light _____ caused _____ a malfunctioning _____.
 _____ my _____ engine light going _____ on because of a _____?
 _____ the _____ engine light have _____ do _____ a _____ valve?
 _____ the warning light _____ malfunctioning EGR _____?
 I _____ wondering if my _____ light _____ on because _____ a _____.
 _____ possible that this messed up _____ thingy is _____ light?
 The _____ engine light may _____ by _____ recirculation valve.
 Would _____ check engine _____ sign occur if there was _____ device?
 I _____ the check engine _____ is on _____ a _____ EGR _____?
 _____ my _____ engine light come _____ if _____ EGR valve?

Can _____ engine light _____ by _____ engine valve?
 _____ malfunctioning EGR _____ put _____ light?

Is _____ possible that _____ valve _____ check engine light _____ go _____?

Is it _____ that _____ check _____ triggered by an _____?

_____ wonder if _____ valve will cause _____ warning to come _____.

Is _____ that _____ engine _____ be _____ off by a faulty EGR _____?

_____ the _____ be _____ the broken EGR valve?

The _____ engine _____ may _____ linked _____ mechanical _____ of _____ valve.

Engine _____ caused by malfunctioning _____.

Is _____ possible _____ make _____ stupid _____ engine _____ by _____ a _____ valve?

A _____ engine _____ warning _____ because _____ faulty EGR valve.

_____ the warning _____ the check _____ light due to _____ faulty _____?

_____ check _____ signal a _____ EGR valve.

_____ check engine _____ come on when there _____ faulty _____?

The _____ engine light _____ be _____ by a _____.

Is it possible for the _____ engine light _____ go _____ to _____?

Does _____ light go _____ the _____ valve is faulty?

_____ check engine _____ warning _____ be triggered _____ faulty _____ valve

_____ wondered if the check _____ light was _____ of _____ malfunctioning _____.

_____ the check engine light _____ the effed-up _____?

_____ stupid _____ engine light _____ caused _____ the _____ EGR valve?

I _____ if _____ warning will pop _____ because _____ a _____ EGR _____.

_____ it possible that _____ can cause _____ engine light to _____?

_____ engine _____ warnings _____ potentially _____ triggered by _____ EGR valve.

_____ check _____ come on _____ of a messed-up EGR _____?

Is _____ stupid _____ engine light the result _____ EGR _____?

_____ it _____ an _____ light _____ caused by bad _____ valve?

Is _____ check engine _____ because _____ a _____ EGR _____?

_____ could be _____ illuminated check engine _____ there was a _____.

The _____ can _____ up by _____ erg _____ problem.

_____ the _____ engine light turn _____ if _____ EGR valve _____?

_____ an engine _____ alert if _____ bad _____ valve?

_____ EGR _____ a warning?

Is the _____ warning _____ by _____ faulty _____ valve?

_____ possible for the _____ light to be _____ malfunctioning EGR _____?

Does _____ engine light _____ on because _____ a _____ valve?

_____ caused by broken _____?

_____ an illuminated check engine _____ sign _____ a _____ device?

_____ the _____ engine light _____ a result of _____ EGR _____?

Will _____ light _____ on after _____ EGR valve?

Is it _____ engine _____ come on because of _____ EGR valve?

The _____ engine sign _____ to the _____ troubles _____ the _____ valve.

_____ my _____ engine warning come _____ because of _____ faulty EGR _____?

Is _____ ERG vlv _____ on?

Is _____ check _____ related to _____ broken EGR _____?

_____ check engine light be _____ EGR valve?

Would _____ warning _____ be caused _____ a _____ EGR device?

Will _____ check engine _____ when _____ EGR valve _____ up?

The check engine light _____ a _____ in the _____.

_____ it _____ that an _____ light _____ can _____ by a _____ EGR _____?

The _____ possibly be caused by a _____.
 _____ the _____ light _____ related _____ a _____ EGR valve?
 the _____ light warning _____ be triggered _____ EGR valve.
 Is it _____ for _____ lousy EGR _____ make _____ stupid check _____?
 _____ my check _____ light come _____ a messed-up _____ valve?
 _____ check engine _____ could be _____ a malfunctioning _____ valve.
 There _____ a chance _____ check _____ are triggered by a _____.
 _____ there a _____ light warning because _____ malfunctioning EGR _____?
 The _____ engine light _____ be _____ a faulty _____ gas recirculation _____.
 _____ may _____ caused by a faulty _____ recirculation _____.
 Is _____ possible that the _____ engine light _____ activated _____ EGR _____?
 Is _____ check engine _____ to the mechanical _____ valve?
 _____ engine light _____ on _____ of _____ messed-up engine valve?
 _____ a chance _____ engine light warning _____ a faulty EGR valve.
 _____ it possible _____ check engine light _____ a malfunctioning EGR _____?
 The check engine light _____ be _____ by _____.
 A check _____ light _____ could _____ caused _____ valve.
 _____ it possible _____ engine _____ is _____ a malfunctioning EGR valve?
 Is _____ check engine _____ possible _____ is faulty?
 Is it possible that _____ light warning could be _____ valve?
 The check light _____ have _____ valve issue.
 Would a malfunctioning exhaust gas _____ illuminated _____ engine _____?
 _____ a _____ exhaust gas recirculation _____ cause _____ engine _____?
 The _____ engine light _____ of a _____ valve.
 _____ engine _____ can _____ on _____ is _____ faulty EGR valve.
 Does the check _____ when the _____ not working?
 Check engine _____ the _____ valve _____?
 Is it _____ the bad _____ can prompt _____ light _____?
 _____ light may be caused by _____ valve.
 _____ the _____ valve to blame _____ engine light?
 _____ engine sign _____ be related _____ mechanical problems with _____.
 The _____ of the _____ be triggered _____ a damaged _____ valve.
 The _____ engine light might _____ triggered _____ a _____ in _____.
 Is _____ a _____ engine light _____ the _____ valve _____?
 _____ there _____ faulty _____ valve that can _____ check engine _____?
 The warning _____ engine light might be _____ malfunctioning EGR _____.
 Will _____ EGR _____ cause my _____ engine _____ to come _____?
 Could a _____ EGR valve _____ light _____ go off?
 _____ light may _____ faulted _____ valve?
 There _____ a _____ a _____ EGR valve _____ the check engine _____ flash.
 I _____ if _____ engine light _____ to a _____ EGR valve.
 _____ there _____ there is a _____ EGR valve?
 _____ signal _____ be _____ faulty EGR _____
 _____ check _____ could be caused _____ a _____ EGR _____.
 Is _____ possible _____ bad _____ valve _____ silly check engine thing _____ blink?
 _____ check _____ warning _____ by a malfunctioning _____ device?
 A _____ engine _____ be triggered by a _____ in _____.
 Did my check _____ light come on _____ of _____?
 Can the check engine light alert _____?
 _____ check engine light _____ on if _____ EGR _____ not working _____?

Isn't _____ to make _____ stupid _____ blink _____ a lousy EGR _____?

A _____ light _____ be _____ symptom of a _____ EGR _____.

_____ because of an EGR valve not working?

Can _____ busted _____ valve _____ check _____ light?

Does the check _____ light _____ if _____ valve is _____ properly?

_____ there a _____ for _____ check engine _____ to _____ malfunctioning EGR valve?

_____ engine _____ warning _____ arise from _____ malfunctioning _____ valve.

Is the _____ valve triggering _____?

_____ indicator _____ check _____ triggered by a faulty EGR valve.

_____ engine _____ might be _____ to _____ EGR valve.

_____ there _____ engine _____ because _____ the bad EGR _____?

_____ alert can _____ triggered by _____ valve?

Can bad _____ valve _____ alert?

_____ the _____ signal is possible due _____ malfunctioning EGR valves.

Engine _____ be caused _____ valve.

_____ a _____ valve cause _____ check _____ warning _____ pop _____ like crazy?

_____ light on because _____ a messed _____ EGR valve?

_____ warnings _____ by a malfunctioning _____?

_____ light warnings _____ caused by a malfunctioning _____ valve.

Is _____ for _____ check _____ light to be _____ by _____ gas _____ valve?

_____ engine sign might _____ problems _____ the EGR valve.

Will a _____ valve cause _____ light to _____?

_____ an illuminated check _____ warning sign _____ due _____ device?

_____ it _____ that the _____ light _____ faulty EGR?

_____ the check engine light _____ busted EGR _____?

I _____ if a _____ EGR valve is _____ engine light _____.

Is a _____ a _____ light?

_____ you think the _____ EGR valve _____ engine?

The check _____ light may _____ a _____ of _____ valve.

Do _____ engine warning _____ up because of a faulty _____?

Can _____ EGR valve cause _____ engine _____ go _____?

Is it _____ for a _____ to _____ that silly _____ engine _____?

Does _____ EGR _____ check engine _____ to flash?

Does an effed-up _____ valve _____ check engine light _____?

_____ check _____ be _____ symptom _____ a defect in the _____ valve.

Does a _____ valve _____ the check _____?

_____ engine _____ as a result _____ valve?

_____ engine _____ defective EGR valve is _____?

_____ engine light _____ could _____ triggered _____ to _____ faulty _____ valve.

_____ the blasted engine _____ turned _____ because _____ EGR valve?

_____ my _____ light on due _____ a malfunctioning _____?

Does _____ check engine _____ go on _____ valve is _____?

_____ sign _____ have been triggered _____ problems _____ the EGR valve.

There _____ a chance _____ a _____ due _____ a _____ EGR valve.

Is it _____ that the _____ sign can _____ an _____?

Does a faulty _____ valve _____ a _____ engine _____ go _____?

The _____ light _____ by a faulty _____ valve.

_____ check _____ warning _____ be caused by a _____ device.

There _____ a chance the _____ warnings are _____ a _____ EGR _____.

Does the check _____ light _____ if the _____ is _____?

_____ is a _____ of the check engine _____ being triggered by _____.
 _____ my check _____ up like _____ because of _____ faulty _____ valve?
 _____ that _____ lousy EGR valve _____ make that stupid _____ engine _____ blink.
 _____ light might be caused _____ the _____.
 _____ it possible _____ check engine _____ flash because of a _____?
 The _____ engine _____ could be _____ a malfunctioning EGR _____.
 The check _____ lit up _____ the _____ valve _____.
 The _____ engine _____ warnings _____ be triggered _____ malfunctioning _____.
 _____ engine _____ may _____ been _____ mechanical _____ of the EGR valve.
 _____ engine _____ warnings can possibly be triggered by _____.
 _____ by EGR vlv? _____
 _____ valve _____ potentially cause _____ engine light warnings.
 Check engine sign _____ be _____ problems _____ the _____ valve.
 Does the _____ light go _____ the _____ valve _____ working?
 _____ the _____ engine _____ on when _____ effed-up _____ valve is _____?
 _____ engine _____ be caused _____ EGR.
 _____ broken EGR cause _____?
 _____ warning _____ of the _____ by a faulty EGR valve.
 _____ light is caused by _____?
 Is it _____ check engine light to go _____ a _____ valve?
 Should the _____ engine _____ be _____ a broken _____?
 There _____ that _____ light could illuminate due _____ faulty _____.
 _____ the check engine light _____ a _____ gas _____ valve?
 Is _____ engine light _____ faulty EGR _____?
 _____ the _____ engine light can _____ caused by _____ faulty _____?
 _____ check _____ light could _____ a faulty EGR valve.
 Will my check _____ come _____ like crazy _____ have _____ faulty _____?
 Is it possible that _____ EGR valve _____?
 Is _____ possible that _____ light _____ to bad _____ valve?
 _____ if _____ check engine light _____ could be _____ faulty EGR _____.
 The check _____ be lit up _____ issue.
 _____ check engine sign might be _____ mechanical _____ valve.
 Does _____ engine light _____ a faulty EGR _____ involved?
 The _____ could _____ warning lights.
 Is _____ for the check _____ to _____ off _____ a malfunctioning _____?
 _____ a _____ EGR valve cause _____ check engine _____?
 _____ stupid check _____ may be caused _____ broken EGR _____.
 Does _____ exhaust _____ valve _____ check engine light?
 A faulty EGR valve _____ engine _____.
 Engine _____ caused by the fault _____ EGR _____.
 _____ busted _____ a warning signal?
 _____ the _____ EGR valve that the blasted engine _____ on?
 _____ valve _____ cause my _____ engine _____ to come _____ like crazy.
 Does _____ valve send _____ signal?
 _____ check _____ light _____ when _____ EGR valve is malfunctioning?
 Does _____ engine light come _____ because _____ effed-up EGR _____?
 _____ check engine _____ turn _____ because _____ an _____ up _____ valve?
 _____ my check engine warning _____ up _____ my _____ is _____?
 _____ possible to make _____ stupid check _____ with a _____ valve?
 Engine _____ possibly caused _____ EGR valve.

Is ____ EGR ____ a ____ light?

____ issue with the EGR that ____ cause ____ warnings?

____ check ____ light ____ might ____ due ____ a ____ EGR valve.

Does a ____ gas ____ a ____ engine ____ to come on?

____ light ____ bad EGR valve?

faulty EGR ____ be to ____ for the engine ____.

____ the check ____ light turn on ____ there ____ effed-up ____?

Could a malfunctioning ____ valve ____ the ____ warning?

Does ____ faulty ____ cause the ____ engine ____ alert?

____ EGR valve a cause ____ the ____ light alert?

Do ____ think the ____ EGR ____ is ____ engine ____?

Does ____ warning lights?

____ the warning ____ malfunctioning EGR valve?

Could ____ check ____ light ____ by a faulty ____?

The check ____ come ____ EGR valve is to blame.

The ____ engine ____ may indicate a ____ EGR ____.

A check engine ____ may ____ due ____ malfunctioning ____ valve.

____ light can ____ by ____ faulty EGR ____.

____ the check engine ____ on ____ exhaust gas ____ isn't ____ properly?

Is it possible for the check ____ the EGR valve ____?

The ____ light could ____ by a malfunctioning EGR valve.

____ check engine sign could be ____ the ____ of the ____.

Can this ____ come from ____ broken EGR ____?

Can this ____ light be caused ____ valve.

I ____ EGR valve ____ the ____ my check engine light ____ on.

____ bad EGR ____ prompt ____ engine light ____.

____ check engine ____ could ____ caused ____ a malfunctioning ____ valve.

Engine ____ by ____ troubles ____ the EGR valve.

____ may ____ caused ____ an exhaust gas valve ____.

Is it possible ____ an ____ the ____ cause engine ____?

____ check ____ could be ____ a faulty ____ valve.

There ____ a ____ that ____ light ____ be triggered by a malfunctioning ____

____ the check engine ____ caused ____ faulty ____ valve?

Is ____ EGR valve a cause of ____?

Does ____ effed-up EGR ____ engine ____ turn on?

____ by an issue ____ an EGR valve.

Is my ____ engine warning ____ to pop ____ my ____ faulty?

____ of the ____ engine light ____ be triggered ____ a malfunctioning ____.

Was ____ engine ____ warning ____ a ____ EGR valve?

The check light may be ____ EGR ____.

Is ____ bad ____ that ____ the engine light ____ off?

Does ____ engine light ____ an effed up ____ valve is ____?

The ____ be ____ by mechanical problems of ____ valve.

Can a busted ____ cause ____ check engine ____?

____ is ____ possibility that ____ light warnings could ____ triggered ____ a malfunctioning ____.

____ check engine ____ to ____ if my EGR ____ messed up?

____ engine ____ up can be ____ by ____ engr ____ problem.

The ____ engine light ____ be ____ by a ____ EGR ____?

____ the ____ light go on if the ____ gas ____ working ____?

Is ____ possible ____ EGR valve could ____ a ____ engine ____?

_____ engine _____ is on, but could it _____ EGR valve?
_____ it because _____ dumb EGR valve problem _____ engine light _____?
_____ faulty EGR valve _____ cause of _____ check _____ alert?
_____ the _____ light _____ of _____ dumb EGR valve problem?
Is _____ an _____ because of bad EGR _____?
Is _____ light _____ there is _____ EGR valve?
There _____ malfunctioning EGR valve _____ the _____ engine _____ warnings.
Does _____ warning light?
Is _____ alert _____ of a bad _____ valve?
_____ engine _____ could possibly be caused _____ a faulty _____.
There is a _____ that _____ may be possible _____ faulty _____.
_____ there _____ warning signal _____ busted _____ valve?
_____ if _____ engine light is because of _____ EGR valve.
_____ a busted _____ causing a _____?
The _____ engine _____ could be _____ if the _____ valve _____.
_____ check engine _____ could _____ off by _____ malfunctioning _____ valve.
Has the _____ engine _____ been on _____ EGR valve?
I'm _____ if my _____ light _____ on because of _____ valve.
Does _____ check engine _____ go _____ valve in the EGR _____?
_____ broken _____ valve _____ cause _____ warning _____ to flash.
Does the check engine light _____ the _____ valve _____?
_____ EGR _____ failure a _____ a car light _____?
