

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Construction and development applications
Inquiry Sub-Category	Capacity and Availability Inquiries
Description	Customers seek information on the current water/wastewater system capacity and availability in their desired construction or development area.
Data Size	9,909 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

What are ____ limitations or ____ on ____ sewer services ____ purposes in this ____?

There are some issues ____ access ____ in ____ area.

____ are ____ access to the water ____ sewer ____ this ____.

Is ____ any ____ to ____ sewer resources in ____ locality?

____ are ____ restrictions ____ obtaining water ____ sewer utilities ____ this ____?

____ are the ____ or limits that ____ make ____ to ____ and ____ solutions?

There ____ restrictions on getting ____ services for ____.

What are ____ regarding ____ to water ____ for ____ purposes?

Does ____ barriers ____ easy access to ____ services?

____ constraints ____ getting ____ essentials like drinking ____ waste systems?

Is ____ limit ____ the ____ water ____ services that ____ be obtained within this ____?

What are ____ limits ____ obtaining water and ____ solutions ____ this ____?

Is ____ limitations on access to ____ and ____ services ____?

____ are ____ restrictions for ____ water ____ sewer ____.

How ____ I ____ and ____ service for construction?

There ____ be constraints preventing ____ plumbing ____.

____ give ____ explanation of the restrictions ____ sewer services?

____ there ____ limits on access ____ for ____?

____ are the ____ limitations on access ____ sewer services?

____ when it comes ____ access in water and sewers.

____ be obstacles ____ getting adequate ____ sewer services ____.

____ be ____ access to ____ and ____ in this locality?

There ____ obtaining created ____ like drinking ____ and waste ____.

There ____ barriers to getting sufficient ____ and ____ solutions ____.

Is ____ any limitations when it ____ utility ____ crucial to ____?

____ barriers that ____ affect getting ____ sewage ____ for constructing in ____ area?

Are there ____ way of obtaining ____ for development?

____ any ____ getting enough utilities for ____?

How can ____ get ____ water ____ here?

Can ____ get water and ____ ?

There are ____ that ____ us from ____ water and sewage ____ activities.

Is it difficult to ____ and ____ services ____.

____ possible ____ obtain created ____ and waste systems while building ____?

____ problems getting water ____ sewage services ____ construction?

____ I ____ sewer ____ in this area?

____ to getting sufficient water and ____ for constructing ____ area.

____ it ____ affect water supply infrastructure within ____ area?

____ the limitations we're looking ____ when ____ to ____ and sewer ____ construction ____?

Is there any ____ on ____ to ____ for ____?

____ be allowed to ____ and sewer ____ while building ____ area?

Is it ____ obtain sufficient ____ and ____ for building ____?

____ to get the ____ utility connections ____ building ____ this vicinity?

____ we ____ water & sewer ____?

Is ____ to ____ utilities on this site?

____ kind of limitations we have when ____ to accessing ____ and sewer ____ construction ____.

____ there ____ on ____ to ____ sewer when ____ here?

____ makes ____ hard to ____ water and ____ in ____ area?

____ it possible that insufficient delivery ____ water ____ sewer ____ of buildings ____?

How do ____ enough ____ and ____ services ____ purpose?

Can you tell ____ if ____ are ____ to ____ water/installations for ____?

____ tell ____ why ____ are ____ on getting enough ____ and ____ services?

There are ____ of ____ to water ____.

____ when obtaining essentials ____ drinking stuff ____ systems?

There are questions about ____ water ____ sewer services ____.

____ we can't ____ water 'n sewer ____ for buildin' ____?

What ____ it difficult ____ water and sewage?

How ____ procure ____ water and sewage ____ for ____ purposes ____?

____ tell ____ about ____ here.

What are the ____ or ____ on ____ adequate ____ and ____?

Is there ____ restrictions ____ to plumbing ____?

Limits on ____ to ____ facilities for constructing ____?

____ can ____ get ____ water and sewage ____ construction?

How ____ accessibility ____ constructions in your ____?

Can ____ enough ____ and water services ____ that ____?

I ____ know ____ for accessing ____ here.

____ on ____ in the ____?

____ limitations affect my access to ____ or ____ the ____?

____ about the ____ getting ____ here.

____ the accessibility of water and Sanitation ____?

____ sewage ____ may be limited in ____ locality.

____ me ____ water/sewer ____ here.

In this area ____ enough water and ____?

Is ____ difficult ____ get enough ____?

Do there exist any ____ obtaining ____ essentials ____ drinking stuff ____?

____ there any way that ____ and ____ provisions is ____?

____ we get ____ and water ____?

Is it possible ____ sufficient ____ sewer ____ the site?

Is ____ that ____ accessibility of water ____ sanitation ____ this area ____?

____ or limits ____ affect ____ water and ____ solutions for ____ in ____.

_____ that makes it harder to _____ and sewer _____ local?
 _____ building here, _____ on _____ water and _____ services?
 _____ are _____ that might affect getting sufficient _____ sewage solutions _____?
 Is _____ supply _____ within our _____ affected _____ limiting factors?
 Is _____ restriction _____ access to _____ water _____ sewer _____ the locality?
 Do barriers _____ the _____ sewage _____ required for construction?
 Does _____ have _____ on getting _____?
 _____ limits _____ access to water?
 Is there _____ getting enough _____ development?
 _____ obtaining adequate water _____ sewer utilities for _____ site?
 _____ anything obstructing _____ acquisition of satisfactory _____ Sanitation _____?
 _____ I _____ enough _____ and water _____ in _____ area?
 What makes it harder for _____ and sanitation _____?
 Can _____ the availability _____ proper _____?
 _____ be _____ on the amount _____ water _____ sewer services I _____?
 _____ the _____ water _____ sanitary _____ in this area?
 _____ are any barriers to _____ enough _____ for development?
 _____ I _____ enough water _____ in this area?
 _____ are _____ of _____ sufficient _____ and sewer services for _____?
 Do barriers _____ easy _____ water?
 _____ are _____ water for construction.
 _____ possible that limiting _____ the amount _____ supply _____ within our _____?
 _____ there _____ limit _____ amount _____ water and _____ that can be obtained _____ building _____ area?
 _____ on _____ to _____ water/sewer for _____?
 Is it _____ enough _____ sewage services _____ construction here?
 Is _____ any limit _____ the amount _____ and sewer _____ be accessed _____ this _____?
 How much sewer _____ service _____ construction?
 There _____ when it comes _____ obtaining water _____ for construction.
 _____ comes to accessing water and sewer facilities _____ this _____?
 Is _____ possible to _____ water _____ services for build _____?
 _____ any _____ that prevent easy _____ to water and sewage _____?
 What _____ the _____ on _____ water and sewer _____ for _____ this _____?
 Do _____ on obtaining _____ essentials _____ drinking and waste _____?
 There are _____ on _____ sewer services _____ building.
 _____ there limits _____ access _____ water and sewage _____ here?
 There might _____ prevent _____ accessing _____ water _____ sewage _____ for construction.
 Will _____ be limits on accessing water _____ when _____ area?
 _____ can _____ be accessed _____ construction?
 Is there _____ sewer and _____ services for _____?
 Are _____ restrictions on obtaining _____ for building?
 _____ it have _____ getting water _____ sewage?
 What _____ to _____ and sewer facilities to construct _____?
 Can there _____ to _____ water/sewer?
 Is there _____ constraints _____ acquiring suitable _____ construction _____ this _____?
 _____ us how _____ can _____ enough water and _____ here?
 Are there _____ amount _____ and _____ facilities that can be accessed _____ this _____?
 _____ there anything _____ is preventing the _____ satisfactory _____ sanitation utilities _____?
 In this locality, _____ it be hard _____ Sanitation?
 What _____ are there _____ to _____ sewage facilities?
 _____ scarcity _____ difficult to secure _____ connections _____ construction?

Is _____ any limits on access to _____ sewer _____ needed _____ building _____ ?

_____ there _____ that _____ the acquisition _____ satisfactory _____ and sanitation _____ when _____ here?

_____ limits exist _____ access _____ water _____ sewer _____ for building purposes _____ ?

What are the limits of _____ water _____ ?

_____ are _____ if we _____ get enough water _____ sewer _____ .

Limits on _____ number _____ and _____ be accessed for building _____ ?

_____ obstacles _____ obtaining _____ sewer and _____ services here.

_____ of _____ securing utility connections _____ construction purposes _____ ?

Do _____ impede _____ to necessary _____ sewage _____ for construction?

Why _____ there obstacles _____ prevent us _____ getting _____ and _____ ?

_____ limitations about obtaining _____ resources needed for _____ .

What restrictions on _____ sewage facilities are _____ ?

_____ there _____ that is _____ acquisition of satisfactory _____ utilities?

_____ are _____ constraints _____ sufficient water and sewer services _____ ?

There _____ on accessing _____ water and sewer _____ this zone.

_____ way to get ample sewage _____ water services _____ ?

access to _____ and _____ for _____ this _____ ?

Is there _____ restrictions _____ to _____ ?

_____ I be able to _____ water and _____ while I _____ ?

It's unclear _____ access _____ and sewer services.

_____ any _____ it comes to _____ water and _____ utilities?

What's _____ all _____ on water and _____ services _____ building here?

Is _____ sewer services when building here?

_____ constraints impeded access to sufficient _____ sewer _____ ?

_____ are limits _____ access to _____ water _____ sewage _____ locality.

Is _____ difficult to get _____ and _____ for _____ ?

_____ are _____ to water _____ sewer services _____ this area?

Are _____ to _____ water/installations for the project?

What _____ are there _____ using enough _____ and sewage _____ ?

Is _____ anything that prevents _____ delivery of water _____ sewer _____ build _____ ?

_____ building _____ are _____ constraints on accessing _____ sewer?

What _____ on _____ water and _____ are there?

_____ there anything that _____ the delivery of water _____ provisions _____ ?

There _____ regarding _____ plumbing resources _____ .

_____ access to adequate water _____ ?

How can _____ sewage and water _____ for construction _____ ?

_____ do we _____ enough sewage _____ water _____ construction _____ here?

limits on water _____ for _____

Is there _____ restriction _____ accessing water _____ in this _____ ?

There are _____ that prevent easy _____ sewage _____ for construction.

_____ anything _____ the delivery of water _____ provisions needed for the construction _____ ?

Will _____ able _____ adequate _____ and _____ services _____ the area?

_____ I be _____ get adequate _____ and sewer _____ while _____ in _____ ?

_____ be restrictions on _____ to water _____ sewer _____ purposes?

Is _____ possible _____ the accessibility _____ water and _____ is _____ ?

How do we ensure _____ water _____ services _____ available _____ construction _____ ?

There are some restrictions _____ to water _____ construction.

Is _____ possible _____ adequate _____ and _____ for _____ here?

_____ construction purposes, _____ water and _____ service is _____ ?

Do _____ exist regarding _____ stuff _____ ?

How do limits ____ my ____?

Is there a ____ on access ____ water ____ sewer ____ for ____ area?

Is ____ anything that ____ get sufficient ____ sewer provisions for building ____?

Is it possible ____ prevent easy access to ____ for ____?

There ____ certain barriers to ____.

Existing ____ limits ____ affect ____ water ____ solutions for constructing in ____ vicinity.

____ I ____ enough ____ for this area?

____ obstacles that might ____ us ____ accessing water ____ sewage ____ we ____ construction.

____ there anything preventing ____ acquisition ____ and ____ for ____ of buildings here?

____ it possible to obtain ____ and sewer ____ purposes?

Will ____ limits ____ the amount ____ water and ____ service ____ can ____?

____ adequate water and sewer ____ a building here?

How do ____ my ____ and/or sewage?

Is it ____ problem ____ access ____ when ____ here?

____ are ____ restrictions on obtaining ____ and sewer ____ for ____ region?

____ access to water ____ sewer in ____.

____ mean ____ my ____ to water ____ sewer in ____ area?

What kind of ____ are ____ looking at ____ accessin ____ sewer for construction ____.

Do ____ like drinking stuff and waste systems?

What constraints ____ proper water and ____?

____ the ____ on ____ to water ____ sewer facilities for building ____ this ____?

What's the reason for all ____ on ____ for ____ here?

There are some barriers ____ sewer access

____ on ____ to ____ and sewage facilities ____ here.

There ____ barriers ____ it comes ____ water ____ sewer ____?

____ I ____ able to ____ water and ____ I build this ____?

Will there ____ any limits on ____ and ____ the area?

____ water and sewer ____ this area?

____ scarcity of ____ the securing ____ connections ____ construction?

____ barriers ____ limits may affect ____ sufficient water ____ sewage solutions for ____.

____ it ____ to ____ enough ____ sewer services for ____ area?

____ it ____ that ____ are constraints ____ accessing ____ and sewer ____ here?

____ are ____ getting ____ water and ____ services here.

____ there any impediment to the ____ of ____ utilities for ____?

____ constraints ____ on accessing water ____ sewer ____ building here?

____ why ____ services are not accessible around ____?

There ____ some barriers ____ to ____ water ____ sewage services.

____ be ____ on access to ____ and ____ for ____ in this ____?

Will ____ enough sewer and water here?

Can ____ on access to water and ____ construction?

How ____ water and sewage ____ that are suitable for ____?

Is there any ____ or restrictions ____ to ____ and ____ facilities ____ building ____?

Is ____ possible to ____ adequate ____?

Tell me what ____ we're ____ when ____ comes to ____ water ____ sewer.

____ there ____ that blocks ____ of water and ____ are ____ for local ____?

____ barriers ____ limits ____ affect getting ____ water and sewage ____.

____ is the ____ the ____ appropriate water and sanitation ____?

____ restrictions on ____ water and sewage ____ around ____?

____ limitations ____ looking at when ____ comes ____ access ____ water and ____ construction ____?

____ the ____ on using water and ____ construction here?

There are limits _____ access to _____ water _____ locality.

_____ me _____ restrictions _____ to water _____.

_____ accessing _____ and sewer services when _____ here?

Is _____ any restrictions on _____ and sewer resources _____ be _____?

_____ water _____ are needed _____ activities within this area?

Is _____ any _____ on _____ of water and _____ that can be accessed _____ this _____?

_____ obstacles that may prevent _____ from accessing _____ water _____ utilities _____ construction _____.

_____ are _____ regarding _____ adequate plumbing _____ for _____.

_____ determine the _____ of proper water _____ sewage _____ construction?

Are _____ barriers _____ sewer access?

Are _____ any _____ getting _____ and _____ services here?

There are restrictions _____ and sewer _____ this _____.

_____ to _____ enough water and sewer utilities _____ this _____?

There are _____ barriers when _____ comes to obtaining _____.

_____ are barriers _____ obtaining _____ sewage solutions _____ constructing in _____ area.

_____ there anything _____ make it harder _____ water and _____ area?

_____ and sewer _____ in this _____.

What's _____ problem with all the _____ getting _____ services for building _____?

_____ we find enough water _____ services that are _____ for _____?

Is _____ possible to get to the _____ and _____ this _____?

Is _____ obtain adequate water and _____ for constructing _____ this _____?

_____ there any restrictions _____ water _____ sewer _____ for a project?

_____ if _____ are any _____ getting enough water for development?

_____ on access _____ adequate _____ for _____?

_____ it possible to _____ sufficient _____ and _____ building purposes.

Would you _____ know if there _____ restrictions _____ connections?

_____ restrictions _____ and sewer in the locality.

Is _____ possible to _____ enough _____ sewer for _____ in _____?

_____ there any _____ on how _____ water _____ can _____ for building activities?

Limitations _____ access _____ construction?

Is _____ any restrictions _____ getting _____?

_____ are any _____ on access _____ for _____.

What's holding _____ back _____ building water and _____?

_____ proper water _____ sewage _____?

What _____ restrictions _____ enough _____ and sewer services for _____?

_____ the amount of _____ sewer services _____ obtained for buildings in this area?

So _____ deal with _____ water and sewer services for _____?

_____ we're looking at when it comes to _____.

Is _____ a _____ on _____ to water and _____ facilities needed for _____ in this _____?

Is there any limits on _____ of water _____ services _____ be _____ this area?

There _____ some restrictions on accessing _____ sewer _____ in _____.

Is _____ possible _____ enough water _____ in this area?

_____ can we _____ and sewage services _____ are _____ construction?

There _____ barriers _____ prevent _____ to _____ sewage services _____ construction.

_____ can _____ get _____ water and _____ for _____?

What are _____ barriers _____ that _____ obtaining _____ sewage solutions?

Is it _____ to _____ sewage facilities here?

_____ barriers prevent easy _____ needed water and _____?

What are _____ restrict _____ adequate water _____ sewer facilities?

_____ a _____ of water and _____ in this locality?

Is it possible ____ get adequate ____ service for ____?

____ there ____ that could make ____ difficult ____ enough ____ and ____ services?

____ exist for ____ and sewer ____ in ____ zone?

What restrictions ____ in ____ the use ____ water ____ sewage ____?

____ may ____ to enough water and ____ for construction.

____ it ____ to ____ sewer and water ____ for buildings ____ this ____?

____ enough sewer and ____ here?

Is ____ any limits on how much ____ facilities ____ accessed ____?

There are ____ amount of ____ and sewage ____ available ____ building ____.

____ factors ____ accessibility ____ and sewer facilities to ____?

Tell me about the ____ we're looking ____ comes to ____ sewer.

What kind of ____ we ____ at when it comes ____ construction?

Limits ____ sewage facilities ____ here?

____ there ____ restrictions on ____ water ____ sewer facilities in this ____?

____ any limitation ____ amount of ____ sewer services that can be obtained for ____?

____ get enough ____ sewage for construction?

Is there a ____ on ____ water ____ sewer ____ be accessed for building in ____?

____ are ____ barriers when it comes to ____.

____ there any ____ that could ____ it hard to get ____ sewer ____ buildings in ____?

____ are ____ regarding ____ water and sewer services ____ area?

____ constraints ____ and sewage?

What restrictions ____ comes to accessing ____ and ____ in this ____?

There are ____ using ____ sewage facilities ____ construction ____ here.

____ possible to get ____ water and ____ services ____ area?

There ____ adequate water/sewer.

____ there ____ when ____ comes to ____ and ____ access?

There ____ limits ____ amount of water ____ that can ____ for ____ in this area.

How ____ accessibility to ____ impact ____?

What ____ limits to getting water ____?

There are obstacles ____ from ____ water and sewage utilities ____ construction ____ here.

How are ____ to procure sufficient ____ and ____ for ____ purposes ____?

____ like ____ know the restrictions for ____ here.

____ is preventing ____ from ____ my ____ on ____ water ____ sewer ____ I need to ____?

Is ____ limitations that could make ____ enough ____ and ____ services for ____ in this ____?

Are ____ barriers ____ of getting enough water/installations for ____?

Is ____ possible to obtain ____ drinking ____ and ____ systems while building ____?

____ get enough sewer and ____ build here?

____ any ____ getting ____ water/installations needed?

What ____ not ____ adequate ____ and ____ building here?

Is ____ limitations ____ to receiving utility ____ important ____ building ____?

Can ____ of ____ and ____ be limited?

Sanitation and water ____ could ____ locality.

____ are we going to get ____ sewage services ____ construction ____?

Is ____ to get ____ infrastructure in ____ area?

____ there ____ specific barriers when ____ and sewage?

Is ____ constraints ____ created essentials like ____ and waste ____.

How do ____ affect ____ to water ____?

____ face limits on ____ to ____ and ____ when ____ build?

What are the factors that ____ hard ____ adequate ____ facilities to ____ here?

____ there any ____ on obtaining ____ and ____ utilities ____ construction ____ site?

Access to adequate water and _____ services _____ restricted.

_____ might affect obtaining sufficient _____ and _____ in this vicinity.

_____ on water _____ sewage _____ in _____?

_____ all those restrictions _____ water _____ sewer services for building _____?

_____ factors _____ area's water _____ infrastructure?

_____ it _____ created essentials like drinking _____ systems _____ constructing nearby?

I want to _____ what kind _____ looking _____ it comes to accessing _____ and _____ for _____.

_____ water and _____ for _____ purposes?

_____ factors affect the ability to _____ and sewer facilities _____?

Does obtaining proper _____ any _____?

_____ I access adequate _____ sewer services _____ this _____?

_____ there any restrictions _____ to _____ and sewer _____ within this _____?

Is there any _____ the _____ of water and _____ facilities that can _____?

_____ are the obstacles in accessing _____ sewer _____?

Can there be any _____ access _____ water and _____ area?

How _____ we _____ water _____ services for _____ of building?

_____ are obstacles _____ might prevent _____ accessing _____ sewage _____ we _____ construction activities.

_____ be _____ on _____ to water and sewage _____ building _____?

Is _____ any _____ when it _____ to _____ for _____ sites?

How do _____ enough _____ water services _____ construction _____ this _____?

There _____ obstacles _____ prevent _____ from _____ sewage utilities needed for construction _____.

Is there _____ acquisition of satisfactory water _____ Sanitation _____ here?

_____ are _____ on _____ water and sewer services in _____?

Is there any _____ on _____ and _____ for _____?

_____ obtain adequate _____ and sewer _____ for _____ here?

_____ any restrictions _____ access to water _____ resources _____ construction _____ in this _____?

_____ kind of _____ are we looking at _____ comes _____ water _____ sewer systems _____ purposes?

I _____ to know _____ kind of _____ we _____ it comes to access in _____ construction _____.

_____ Sanitation _____ for new constructions are _____ by _____?

limits _____ access _____ sewage and water _____ building _____

_____ get enough sewer and _____ service _____ construction?

_____ me what limitations we're _____ comes to access _____ sewer _____.

_____ to _____ services in the _____?

Is _____ blocks the _____ of _____ and _____ provisions _____ necessary for _____ buildings?

Are _____ preventing _____ to _____ services?

There _____ constraints _____ water _____ services when _____ here.

_____ impedes access _____ water _____ construction?

_____ barriers _____ limits might affect obtaining sufficient _____ solutions for _____ area.

_____ access to _____ water _____ sewer _____ to build buildings _____?

_____ anything that _____ harder _____ get water and sewer _____ local _____?

Is _____ possible _____ have enough _____ for building in _____ area?

_____ limits on access _____ facilities _____ building activities _____ this area.

_____ obstacles that prevent us _____ getting satisfactory water _____?

_____ are the restrictions _____ adequate water and _____ services _____ locality?

There _____ on _____ to plumbing _____.

What _____ barriers that might be in the _____ water and _____?

What are _____ might _____ getting sufficient _____ solutions in this area?

Any limits _____ much water _____ accessed _____ construction?

_____ to _____ water and sewage _____ for construction?

_____ the access _____ and sewer _____ when _____ here?

Is ____ hard to get ____ and water ____?

Is ____ that ____ satisfactory water and ____ utilities when building ____?

What ____ and ____ for construction?

There ____ prevent us from obtaining ____ water and ____ utilities for ____.

____ on ____ to water and ____?

Do we ____ limitations ____ to ____ utility connections ____ building sites?

____ there ____ the amount of water and ____ this locality?

There ____ some limitations ____ getting adequate ____ and ____ here.

Will I ____ able ____ access ____ water ____ sewer ____ building?

Tell me about ____ for ____.

____ obstacles ____ getting adequate water ____ sewer ____?

____ limiting ____ water ____ infrastructure in our area?

____ comes to ____ water ____ sewer for ____ tell ____ what limitations ____ there.

Do ____ how ____ obtain enough water/installations ____?

Is ____ on ____ to ____ for ____?

There are restrictions ____ comes ____ obtaining ____ and sewer ____ for ____.

Is ____ anything ____ would prevent the delivery ____ water ____ sewer provisions ____ of ____?

Will ____ be ____ access adequate water ____ sewer ____ here?

Is ____ possible ____ things ____ water and sewer ____?

____ we find ____ and sewer ____ here?

____ on accessing ____ water ____?

____ can we get ____ and ____ for construction in ____?

____ might ____ constraints on accessing ____ sewer ____ here.

____ make ____ hard to get ____ water and ____ to ____ buildings?

access to water ____ area?

There are ____ on ____ to ____ sewer ____ for building ____.

____ might be ____ on access to adequate ____.

What ____ we do to ____ for ____ purposes here?

Can ____ be limits or restrictions ____ to ____ sewer ____ in ____?

____ are ____ on water ____ sewage use ____ the ____?

____ any restrictions regarding ____ water ____ sewer ____ for ____ site?

Is it possible ____ availability of proper ____ during ____?

____ the barriers ____ be in the way ____ obtaining water ____?

What makes ____ new constructions to have ____ sanitary ____?

____ possible to have limited ____ to ____ and sewer ____ here?

Will there ____ water ____ sewer services if I ____ in this ____?

____ it possible ____ enough water and sewer services ____?

____ are ____ to get enough sewer ____ for ____?

____ it possible to obtain ____ and ____ services for ____?

There are ____ on ____ enough ____ for building.

How much ____ sewer ____ restricted to ____?

____ locality, could ____ hard to get ____ and sanitation?

There are ____ access ____ the ____ resources in this ____.

____ makes ____ hard to ____ adequate water and ____ this ____?

____ comes to access to water and ____ zone, ____ restrictions ____?

How can we get ____ and ____ for construction?

Is it ____ barriers prevent ____ water and ____ services for ____?

____ it ____ that the ____ water ____ sanitation are limited ____ area?

____ impede access ____ sufficient ____ and sewer ____ in ____ locality?

Can ____ get ____ and sewer ____ here?

How _____ and _____ get for construction?

_____ are _____ the _____ of water and _____ services _____ be used _____ here.

_____ it be possible _____ adequate _____ and _____ here?

_____ obstacles might _____ way _____ us accessing _____ water _____ sewage utilities?

_____ a _____ why we cannot _____ water and sewage utilities _____?

_____ easy access _____ necessary sewage and _____ services?

_____ constraints _____ impede access to _____ water _____ facilities in this _____?

_____ there any _____ preventing _____ plumbing _____ here?

_____ an _____ access to _____ services when building here?

_____ it _____ utility connections for construction _____?

_____ when it _____ obtaining _____ resources _____ constructions at field specified _____.

There _____ constraints preventing _____ to plumbing services _____.

Can I get _____ sewage _____ in this _____?

There _____ restrictions on _____ to water _____ sewer _____ for _____.

_____ building here, are _____ restrictions _____ to _____ and sewer _____?

What _____ can limit access to _____ sewer _____?

_____ on _____ water _____ sewer utilities for _____ site.

Why _____ I _____ enough _____ and _____ for _____?

_____ prevents access _____ water and _____ in _____ area?

_____ it _____ for new constructions to _____ proper _____ and _____?

_____ we _____ adequate _____ and sewer services _____ building _____?

Do _____ access to sufficient _____ and _____ facilities _____ locality?

What are _____ existing _____ affect getting sufficient water and sewage _____?

_____ constraints _____ access to _____ and _____ facilities _____ this locality.

What _____ to _____ sewer facilities _____ constructing buildings?

There _____ obstacles _____ may _____ water and sewage utilities.

_____ do you get _____ and waste infrastructure _____?

Is _____ any limits on _____ amount _____ water and _____ that can be _____ for _____ activities _____?

Is it possible to _____ sewer _____ build _____?

_____ able to access _____ and sewer _____ while _____ am _____ here?

_____ is it that makes it _____ water and _____?

I _____ what the _____ when _____ to access in water _____ for construction.

_____ are some restrictions regarding _____ and sewer _____.

_____ the _____ when it _____ to sewer access.

Is there _____ when it _____ water _____ sewer?

Does it _____ any restrictions _____ water _____?

Is there any constraints _____ and _____ here?

_____ any _____ on how _____ get _____ and sewage?

_____ makes it hard to find _____ and _____ constructions?

_____ there any limits _____ to _____ sewer _____ for _____ activities in this _____?

Will _____ be able to _____ services while building _____ area?

Is _____ to the _____ water and sewer _____ that can _____ within the _____?

Is _____ any restrictions _____ accessing water and _____?

_____ accessibility _____ wastewater _____ constructions?

Will I _____ sufficient water and _____ I build in _____ area?

_____ it _____ to _____ water _____ sewer _____ when you _____ here?

_____ there be any limits on _____ and _____ in _____ area?

_____ might be _____ on getting adequate _____ services.

What _____ limits _____ access _____ sewer and _____ services?

_____ to sewer _____ water services?

Where do we find _____ that are _____ construction?

There _____ some _____ for _____ in this area.

When it comes to _____ water _____ sewer _____ zone, what restrictions _____?

_____ anything that can impede _____ water _____ sanitation utilities?

Is there anything _____ to _____ the necessary water and _____ building?

Is _____ obstructions _____ the _____ of _____ and sanitation utilities?

What kind _____ limitations are we _____ when _____ access in water _____ sewer _____?

There are _____ access to _____ for building here.

_____ are restrictions _____ limitations _____ plumbing infrastructure _____.

_____ it _____ to _____ water _____ service _____ for construction?

What constraints _____ on access to _____ in _____ area?

_____ about the _____ on water and sewer _____?

What constraints do _____ have _____ and _____?

So, what's the deal with all those _____ for _____?

_____ there any restrictions on _____ water _____ within the _____?

Is there constraints _____ accessing _____ building here?

_____ restrictions _____ access to _____ and _____ facilities?

_____ constraints _____ prevent access to _____ plumbing services around _____.

Is there any _____ on _____ sewer _____ construction?

What are the constraints _____ access _____ water _____ sewer _____ this _____?

_____ accessibility _____ and sanitation limited _____?

Is it possible _____ get _____ and sewer resources _____ in _____?

I _____ there _____ preventing access to _____ services _____ here.

_____ are any _____ on access _____ plumbing _____.

_____ factors _____ access to _____ supply _____?

_____ you _____ enough sewer and _____ for _____ purposes?

What's _____ with all _____ on _____ and sewer _____ for building _____?

Is there any _____ and sewer resources _____ area?

_____ the limitations of _____ able to access sufficient _____ in this _____?

What are the _____ that _____ affect the _____ water _____ sewage _____ for _____?

_____ restrictions on how _____ and _____ facilities can _____ for building _____.

What restrictions _____ access _____ sewer facilities _____ building purposes _____ zone?

Do there constraints to _____ created _____ waste systems?

Will _____ and _____ allow _____ build here?

What _____ you do to _____ and _____ services for _____?

Is _____ any restrictions _____ infrastructure.

What _____ on _____ to _____ and sewer services _____ this area?

_____ are _____ limitations _____ access to water and _____?

_____ do _____ the _____ getting water _____ sewer services?

There _____ limits _____ the access _____ water _____ sewage _____ this _____.

Is _____ any _____ regarding _____ created essentials like _____ systems?

_____ get enough _____ and _____ services in the _____?

Is there any _____ getting _____ water and _____?

What _____ are in place _____ of _____ and sewage _____?

If there _____ obstacles _____ us _____ accessing _____ water and _____ what are _____?

What _____ the _____ or _____ might affect _____ water and sewage _____ vicinity?

_____ a limit on how _____ and _____ services are _____ for _____ be _____ within this _____?

There _____ be obstacles in _____ and _____ services.

What are the _____ of accessing water _____?

Are there any _____ adequate water and _____?

Is _____ anything that obstructs _____ of satisfactory water _____ when _____?

Is it possible to _____ construction in this _____?

How do we _____ enough _____ water services suitable _____?

_____ any _____ adequate water and sewer _____ for _____ here?

When _____ here, _____ constraints _____ proper water and _____ services?

Can we _____ of appropriate _____ during construction?

_____ are restrictions on _____ to the _____ and _____ facilities _____ building _____.

_____ be _____ the way of _____ water and sewage _____ for _____?

_____ access sufficient _____ and sewer facilities for _____ in _____ area?

What stop _____ enough _____ and water _____ construction?

What _____ in place _____ of _____ and _____ around here?

_____ there _____ on _____ enough utilities _____ building?

_____ on access _____ water/sewer for _____?

_____ are _____ existing _____ limits that might affect obtaining _____ sewage _____ for _____?

Do scarcity of _____ the _____ of _____ connections _____ construction _____?

What restrictions are there _____ the _____ facilities _____ construction?

How do _____ affect _____ or _____?

_____ us from _____ enough water _____ sewer _____ here?

Is _____ obtain _____ and sewer services _____ construction?

_____ enough _____ for construction purposes in this area?

Is _____ a _____ to _____ of _____ services that _____ be acquired for the _____?

_____ difficult _____ get water _____ sewer in this _____?

_____ there any limit to _____ amount _____ and sewer _____ that can be _____?

When building here do _____ constraints on _____ and _____?

There _____ to _____ water and _____ in this zone.

_____ you _____ us an _____ on water and sewer _____?

_____ the _____ on getting proper _____ and _____?

_____ or _____ that might _____ sufficient water and sewage _____ this vicinity.

_____ are barriers _____ water _____ sewage _____ construction here.

Access _____ water and _____ services may be _____ this _____.

There _____ resources _____ for constructions.

Do barriers _____ easy _____ and water _____ construction?

_____ are _____ existing barriers _____ make _____ harder _____ get _____ water and sewage _____?

Is there _____ the acquisition _____ satisfactory water _____ utilities _____ building _____?

Can _____ water and _____ services for _____?

There are _____ may _____ access _____ plumbing _____.

Is _____ that _____ it _____ for the delivery _____ for building local?

What _____ the _____ that _____ access _____ water and _____ services?

_____ enough _____ and sewer _____ here?

There _____ restrictions _____ water _____ sewer facilities to _____ in _____.

_____ might be _____ that _____ us from getting satisfactory water _____ construction _____ around _____.

Will my _____ to water and sewer _____ when _____ this _____?

Is there _____ that _____ delivery _____ water _____ sewer provisions that are _____?

_____ there a limit _____ restriction _____ amount _____ and _____ can be accessed?

_____ are _____ regarding obtaining enough _____ resources _____ specified premise.

Are there _____ issues _____ getting _____ and _____ construction?

_____ anything that blocks the _____ water _____ provisions for _____ of _____ buildings?

Is there any limit _____ restriction _____ facilities needed for building _____?

_____ constraints _____ essentials like drinking stuff and _____ systems _____?

There _____ limits _____ accessing _____ water/sewer _____.

There are limits on _____ amount _____ services that _____ be _____ for _____ this area.

Do _____ factors _____ the ability _____ acquire water _____?

When _____ water and sewer utilities for _____ there any restrictions?

Is _____ possible _____ get needed plumbing _____?
