

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Security and Alarm Companies
Inquiry Category	Technical support for alarm system
Inquiry Sub-Category	Battery replacement and power issues
Description	Providing guidance on replacing batteries in alarm system components, troubleshooting power-related issues, and ensuring that the system has an uninterrupted power supply.
Data Size	5,084 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Security and Alarm Company" customer inquiry. (Purchased data will not be masked.)

What should ____ do ____ there's ____ outage ____ my alarm ____ offline?

How to ____ house alarms after a ____?

How to ____ system failure ____ the event of ____?

During ____ power outage ____ an alarm ____ that ____.

How ____ be ____ when an alarm system ____ off?
