

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Car heater not working properly
Inquiry Sub-Category	Lack of hot air
Description	Customers complain that the car's heater is running, but it is not producing enough hot air. This may be due to issues with the heater core, coolant levels, or a malfunctioning thermostat.
Data Size	5,146 paraphrases

 When ____ my car's heating ____ is little warm ____.
 ____ vent on my ____ is not ____ enough _____.

Why doesn't the car _____?

Why _____ more _____ coming through the _____ system of _____?

_____ don't have enough _____ air _____ car's _____ systems.

_____ is not enough _____ flowing _____ car's _____ system.

_____ much _____ air going through _____ heating system.

_____ isn't there _____ coming from _____ car's heating system?

_____ my car _____ not blowing enough hot _____.

_____ air coming out of the car's vents when _____ turn _____.

There isn't enough warm _____ heating system

_____ doesn't my _____ system _____ me warm _____?

_____ is not enough _____ air in the _____ vent _____ my heating _____.

_____ a _____ of _____ air come through the heating _____ car?

After I _____ the heating _____ my _____ doesn't _____ warmth _____ vents.

I don't _____ enough _____ from _____ car _____ system.

_____ there _____ warm air _____ my car's heating system.

When I turn _____ system, there _____ enough _____ coming off the _____ of _____.

There isn't a lot _____ through _____ vent _____ the car.

_____ come I _____ have _____ hot _____ in _____ car _____?

Not _____ from car _____?

I can't _____ warm air _____ the heating _____ the _____.

There isn't _____ air coming from _____ vehicle's _____ system.

_____ warm _____ through my _____ heating system.

_____ much _____ coming _____ of my _____ when _____ turn _____ heating on.

I don't _____ of _____ my car when I turn on my _____ system.

_____ I turn on the thermostat in my _____ enough hot air _____ the _____.

_____ with _____ little hot _____ blowing through my _____ vent?

What is the _____ of _____ out _____ my vehicle's vent?

There's not _____ lot _____ warm _____ in my _____.

I wonder _____ comes _____ when I turn _____ car's heating _____.

_____ the reason _____ low _____ through my car's _____?

_____ I turn on _____ heating _____ not _____ of hot _____ in my _____.

Is there too _____ air _____ the heating _____ in _____?

_____ isn't _____ hot air coming from the _____ on my heating _____

Is _____ enough _____ coming _____ the car's _____ system?

Will you _____ to _____ the _____ hot air _____ my car's _____ when _____ start _____ car?

The warm air coming _____ my _____ heating _____ not _____.

I can't find enough warm air _____ the _____.

When I turn on _____ in _____ car, there _____ hot air _____.

There _____ warm air flowing _____ the car's _____.

There is not enough hot air coming _____ when I _____ heating _____.

Why isn't there _____ coming _____ car's vent when _____ turn _____ heater?

_____ get enough _____ air in the heating _____ car.

I wonder _____ heat from _____ vent _____ sufficient.

There is _____ enough _____ air _____ car's _____ when I _____ on _____ heating system.

When _____ car's _____ system _____ there isn't _____ warm air _____ air.

_____ is _____ lot of _____ flowing from the heating system _____.

I'm not sure why _____ car's Ventrators _____ air.

There isn't _____ of warm _____ the _____ unit _____ car.

_____ does _____ car _____ hot air from the _____?

There isn't _____ of hot air _____ when I _____ on _____ heating _____.

There ____ much ____ air ____ through ____ heat vent ____ car.
 ____ don't find enough ____ through ____ car ____ system.
 When ____ turn ____ isn't much hot ____ in my car.
 ____ is the reason ____ heat ____ from ____ vent?
 ____ do ____ not ____ a lot of warm air ____ system?
 ____ find ____ warm ____ in the car ____ systems.
 ____ can't ____ warm air ____ the heating ____ on ____ car.
 There isn't ____ coming out ____ my ____ turn ____ my heating system.
 ____ is insufficient ____ air ____ vent.
 ____ aren't there ____ of warm ____ coming through the ____ unit ____ ?
 ____ find ____ in my car.
 There ____ air flowing ____ the car's heating ____.
 ____ turn ____ my heating ____ there is ____ much ____ air coming from ____.
 I ____ enough warm ____ through my ____ heating ____.
 ____ can't find enough ____ air ____ heating systems.
 ____ is a ____ coming out ____ car when ____ turn ____ my heating system.
 ____ to ____ my car's Vents ____ enough hot air.
 I don't get ____ lot of ____ system on ____ car.
 Why aren't there enough ____ heating system of ____ ?
 ____ turn ____ my heating ____ is not ____ hot ____ in ____ car's exhaust ____.
 ____ up ____ car's ____ hot air from ____ vents?
 Why ____ more warm ____ flowing from ____ vent ____ the ____ ?
 ____ I turn ____ the ____ system my ____ doesn't ____ from its vent.
 Why ____ there ____ of ____ coming through the heating ____ my ____ ?
 Why don't ____ lot ____ warm ____ the ____ system of ____ car?
 I ____ heat from my car vents ____.
 ____ it normal ____ from the vent despite using the heater?
 There's ____ much warm ____ flowing ____ the ____ vent ____ car.
 There's ____ a lot ____ warm ____ flowing from the heating ____.
 Why ____ air coming ____ the heating ____ of ____ car?
 The ____ from ____ seems insufficient.
 ____ is ____ a ____ warm ____ off ____ heating unit in ____ car.
 Why ____ air flowing from the car's ____ ?
 Why ____ flowing through ____ heat vent ____ the car?
 ____ I turn on ____ car's heating ____ very ____ warm ____.
 Why doesn't ____ vehicle ____ warmth from ____ ?
 When ____ the heat in ____ car, ____ is not ____ air coming out of ____.
 Why ____ my ____ blowing enough ____ ?
 ____ is the ____ my ____ vent not ____ ?
 There is not ____ warm air ____ my car's ____
 Why wasn't there sufficient ____ car ____ ?
 When I turn ____ heaters ____ my ____ enough ____ air ____ of the vent.
 ____ don't have ____ from my ____.
 The heat from ____ car seems ____.
 ____ am ____ to ____ enough warm ____ in ____ systems of ____ car.
 ____ very much warm air ____ through the ____ on ____.
 ____ not ____ warmth when I ____ the ____ heating system.
 ____ isn't enough hot air ____ my ____ when I ____ my heating ____.
 There ____ enough hot ____ coming ____ when I turn ____ my ____ system.
 Why don't ____ of warm ____ coming through ____ heating unit ____ ?

Not getting ____ warmth ____ on the ____ heat.

____ there much warm ____ from the ____ system?

There isn't much hot ____ from my ____ on ____ heating ____

I was wondering ____ there ____ warm ____ flowing through ____ car's ____.

____ wonder ____ doesn't have ____ from ____ after I turn on ____ heating system.

Why isn't ____ me ____ air?

When I ____ my heating ____ isn't ____ air ____ off the ____.

____ isn't there ____ of ____ through ____ heating system of my ____?

There ____ passing through the ____ systems on my ____.

Why doesn't the ____ come ____?

____ not ____ out ____ my car's vents when I ____ on ____ heater.

____ was wondering if it ____ have limited hot air from ____ using the heater.

I can't find ____ flowing through ____ systems ____ vehicle.

When ____ my ____ there ____ of hot ____ coming from my car.

There ____ a ____ warm ____ through my car's heating ____.

There ____ enough air ____ of ____ car's ____ when I turn ____ system.

I'm ____ getting enough hot air ____.

____ isn't the warm air ____ from ____ of the ____?

____ I blast my car heating ____ on ____ is ____ on with ____?

____ not have enough warm ____ car heating ____.

____ the reason ____ low ____ in my car's ____?

I ____ enough warmth ____ turned on the ____ up.

____ is car ____ warmth?

Is there a ____ why ____ is ____ when ____ turn ____ car ____?

____ would like ____ know why ____ isn't ____ lot ____ air ____ through the heating ____ my ____.

There isn't enough hot ____ the car's ____ on the heating.

I ____ enough hot air to come ____ car's ____ when I ____ heating system.

Why ____ a lot of ____ coming ____ of ____ heating unit ____ car?

There isn't ____ of hot ____ off the car's ____ when ____ my heating ____.

There isn't ____ lot ____ warm ____ coming through ____ system ____ car?

I wonder ____ there isn't ____ of warm ____ through ____ system of ____.

____ there ____ air coming ____ the heating ____ of my ____?

____ insufficient hot ____ the car's ____.

I ____ my car's ____ isn't blowing enough ____.

____ I warm my ____ it doesn't ____ from ____ vents.

Why ____ venting hot ____?

I can't find ____ heating system ____ my car.

____ isn't there ____ hot ____ out ____ the ____ when I ____ on ____ heating?

____ coming out of the car's vent ____ turn ____ my heating ____.

There ____ lot ____ warm ____ flowing ____ my ____ heating system

I don't find enough ____ the heating systems ____.

Why ____ of warm air coming ____ the ____ my car?

There ____ to be ____ heat ____ car ____.

____ have too ____ air coming ____ of ____ when I turn ____ my heating ____.

____ have enough ____ my car vent.

____ as ____ there is not enough hot ____ my ____ Venters.

____ do ____ not ____ a lot of warm air ____ on ____ car?

Not ____ from the ____ vent?

Why ____ heat come out ____ when I use ____ heater?

____ isn't ____ heat ____ vehicle's ____ when I use the Heater?

_____ enough warmth coming from the vehicle's _____ once the _____.

What is _____ reason for _____ heat _____ out of _____?

_____ get enough _____ I turned _____ the _____ heaters.

I don't _____ warm _____ my car _____ system.

_____ isn't _____ giving _____ enough hot _____?

_____ warm air from the _____ system.

_____ don't _____ warm air flowing through _____ system.

Why _____ warm air _____ through _____ car's _____ system?

_____ get _____ in my vehicle.

There _____ enough _____ air _____ from _____ vent _____ I turn _____ the _____.

_____ a lot of _____ out my _____ when I _____ on.

_____ enough _____ air to come off the car's _____ when _____ turn _____ system.

_____ warm air _____ through the _____ systems on _____ car.

Why _____ the car _____ heat?

There isn't _____ warm _____ coming _____ heating system _____ my _____.

Why _____ there _____ of warm _____ flowing from _____ the car?

_____ you tell _____ the _____ for _____ lack of _____ my _____ vent?

It's not _____ car vent.

_____ there a _____ of _____ the heating unit _____ my car?

_____ isn't enough _____ air _____ car's exhaust when my _____ system _____ turned _____.

Why isn't _____ warm air coming _____ system _____ car?

_____ confused as to _____ car's _____ get _____ hot air.

When I _____ on _____ heater in _____ I _____ get enough _____ air _____ of the _____.

_____ I turn on _____ heating _____ there is _____ much _____ of _____ car.

_____ there a _____ less _____ air _____ when _____ on my car's heating _____?

_____ didn't receive _____ I _____ on the _____ heater.

There _____ a lot _____ air _____ through _____ heat vent on _____.

There's _____ lot _____ warm air coming _____ my _____ heating _____.

_____ don't _____ warm air coming through _____ the car?

_____ is _____ hot _____ coming out of _____ vent _____ I turn on my _____ system.

_____ hot air _____ car's _____ when I _____ on _____ heating system.

Why isn't a lot of warm _____ vent _____ the _____?

When _____ turn _____ system, _____ air from my car's vent.

Why _____ the car _____ insufficient _____?

_____ on _____ heating system, there _____ enough _____ air coming off _____ car's _____

When _____ start _____ heating system, my vehicle _____ coming _____ the _____.

_____ enough _____ air coming off _____ when I turn on _____ system.

_____ cannot find enough warm _____ my _____ systems.

What's going _____ with the _____ flow _____ blast _____ car _____?

_____ find _____ warm air flowing _____ systems of my _____.

There isn't enough _____ the vent in _____.

There _____ enough _____ from the _____.

_____ insufficient hot _____ my car's _____?

_____ the _____ from the car's _____?

_____ not getting enough _____ air out _____ car's _____.

There _____ enough hot _____ out of _____ car's _____ turn on _____ heaters.

When _____ turn _____ system, there _____ air coming out _____ my car.

How _____ there _____ enough warm _____ flowing _____ car's heating _____?

I need _____ know _____ the _____ hot _____ my car's vent.

I want _____ heat from _____ car _____ seems insufficient.

I ____ understand ____ the heat ____ car ____ isn't ____.
 ____ the reason for ____ coming ____ of the vehicle's ____?
 I'm curious as ____ enough hot ____ in ____ venters.
 There ____ warm ____ going ____ the car heat vent.
 ____ a ____ of ____ flowing ____ the ____ system of my car.
 I ____ when ____ turn on ____ car heater.
 Why ____ there ____ air ____ through ____ car's ____ vent?
 ____ hot ____ my car's vent is ____.
 I ____ able ____ find enough ____ in ____ car's heating ____.
 ____ understand why ____ vehicle ____ have enough warmth ____ vents ____ start the ____ system.
 I don't ____ as ____ out of ____ car ____ on my heating system.
 There's not ____ warm air ____ out when I ____ on my ____.
 Is ____ car's heater overheating and not ____ enough ____ from ____ vents?
