

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Help with understanding legal obligations
Inquiry Sub-Category	Requesting information on legal requirements
Description	Customers may inquire about the specific laws and regulations governing natural gas usage, transportation, storage, or safety in their area.
Data Size	6,810 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

Is it ____ to have a ____ system ____ when ____ gas ____ vehicles?

The ____ of ____ natural gas for vehicles ____ a backup ____.

____ a backup system ____ installed ____ compressed ____ gas ____?

____ a backup ____ fuel ____?

Is a ____ system required ____ want to ____ natural ____ car?

Is it ____ requirement ____ a ____ using compressed nat ____?

Is it ____ to have a ____ in case ____ usage?

Does ____ need ____ backup ____ if they ____ compressed ____ gas ____?

Does the use of compressed ____ vehicles ____ backup ____?

Is it ____ to ____ when using compressed ____ gas for ____?

____ my ____ need ____ if I want ____ use compressed natural ____?

Is it necessary ____ backup ____ natural gas?

____ we going ____ need ____ backup ____ compressed natural ____ in ____ and trucks?

If ____ compressed ____ gas ____ automobile, do ____ need a backup system?

Does ____ natural ____ to have ____ backup system?

____ one ____ a backup ____ compressed natural ____ vehicle fuel?

Are you ____ a backup system with ____?

Is it ____ requirement ____ a ____ system ____ installed when using ____ natural ____?

Are ____ going to ____ backup system ____ using ____ natural ____?

____ there a backup ____ with ____ natural Gas ____?

There ____ to ____ backup system ____ when ____ compressed ____ gas ____ a ____ fuel.

____ obligation to ____ a backup when ____ natural gas?

Should a ____ setup ____ with ____ use ____ compressed ____ for automotive ____?

Is ____ when ____ my ____ on compressed natural gas?

____ compressed natural ____ as ____ is ____ necessary to have a ____?

____ it necessary to ____ a backup for ____?

____ fuel, is ____ necessary for backups?

Is it ____ to backup if ____?

____ a ____ when using ____ gas for transportation?

Is there ____ backup ____ natural ____ for automobiles?

_____ a _____ to _____ a _____ using CNG in vehicles?
 _____ supplementary _____ be _____ with _____ use of _____ natural _____ for transportation?
 _____ compressed _____ gas, _____ you _____ to have a _____?
 _____ a backup be compulsory _____ vehicle safety _____ case _____ compressed _____ _____?
 Is it _____ to add another _____ when opting _____ cars?
 Is a _____ system _____ when _____ natural gas _____?
 _____ compulsory _____ have _____ supplementary power supply _____ transportation _____ you use compressed _____ _____?
 _____ to have an alternate _____ source _____ place _____ for _____ as automobile _____?
 _____ a backup plan _____ use _____ as _____ fuel?
 Are backups _____ using _____ as vehicle fuel?
 Are backups required _____ you use _____ driving?
 _____ need _____ backup system _____ using _____ in _____ vehicle?
 Is _____ necessary to install _____ backup system _____ Natural _____ in _____?
 _____ using _____ backup unit is _____.
 Is it necessary to _____ backup set up _____ vehicles _____?
 _____ backups _____ you use compressed _____?
 Is it _____ for a backup system _____ compressed _____ gas as _____?
 Is it _____ for vehicles _____ a backup _____ case _____ gas _____?
 Should I _____ a backup plan _____ I use _____ natural _____?
 _____ there any _____ to _____ when using compressed natural _____?
 _____ think _____ should be a _____ setup _____ compressed natural _____ cars?
 _____ it _____ to _____ a _____ compressed fuel usage?
 _____ important to have a _____ setup with _____ gas for _____?
 Can there _____ in _____ compressed natural _____ is used _____ a _____?
 Should _____ compressed natural gas fuel?
 Should _____ backup _____ when using _____?
 There _____ to _____ mechanism for _____ gas in vehicles.
 _____ there _____ necessary _____ compressed natural _____?
 _____ it compulsory for _____ natural gas for transportation to have _____?
 When _____ natural _____ a backup system needed?
 _____ to have backups _____ relying _____ natural gas?
 _____ backup _____ really necessary when using _____ natural _____?
 _____ there _____ for backups _____ you use _____ natural _____ driving?
 _____ is a need _____ a _____ compressed natural gas as _____ vehicle _____.
 _____ mandatory to _____ a _____ system _____ using compressed _____ gas?
 Should _____ backup be _____ natural _____ for vehicle power?
 If compressed natural gas is _____ mandatory?
 Do _____ have _____ when using compressed nat _____?
 _____ good idea to _____ along with compressed _____ gas for automotive _____?
 Is there _____ to use _____ system _____ vehicles?
 _____ compressed _____ require an backup _____?
 _____ necessary to have _____ use _____ natural gas?
 Is _____ for an _____ power _____ place when using compressed _____ gas _____ automobile fuel?
 _____ it _____ backup if compressed _____ is used?
 Is _____ backup in _____ when using compressed _____?
 Is _____ backup _____ required _____ a compressed _____ gas _____?
 Should a backup _____ be installed _____ utilizing compressed _____?
 _____ want _____ compressed _____ gas for my vehicle, does _____ require _____ backup _____?
 In case _____ compressed natural _____ is _____ mandatory?
 _____ there be an _____ use a _____ using _____ as _____?

Do ____ need a backup system ____ compressed ____ gas ____ my ____?

Is ____ backup ____ for ____ safety ____ using ____?

Should a ____ CNG fuel?

____ using compressed natural ____ as ____ must ____ have a ____?

When ____ natural ____ vehicle fuel, must you ____ backup ____ installed?

____ it ____ to have a ____ compressed natural ____ as fuel?

____ have to ____ when using compressed natural ____?

____ safety net to ____?

____ is ____ to use ____ vehicles that run on CNG.

Is ____ a backup ____ in place ____ as ____ fuel?

____ we need ____ backup setup ____ Gas?

You must ____ a ____ gas ____?

Is ____ a backup mandatory ____ when using ____ gas.

____ a backup ____ for running my ____ on compressed ____?

____ it ____ for the ____ to have a ____ in ____ of ____.

____ there backup ____ the ____ vehicles?

What ____ in vehicles with a ____ mechanism?

____ have a ____ system if I want to ____ on my ____?

Is the ____ gas for ____ purposes ____ for having ____ power supply?

Is ____ backup ____ needed ____ use ____ natural ____ my vehicle?

Does ____ unit have to ____ when ____ CNG?

____ nat ____ is ____ to have backup?

Is it ____ to pay for ____ backup ____ CNG?

____ a ____ required when using ____ gas ____ car?

____ for ____ to add another safety net when opting ____ with ____ natural ____?

If ____ natural ____ is it necessary ____ backup?

____ a ____ have ____ to ____ in CNG vehicle ____?

____ have a backup mechanism for ____ vehicles?

Is a backup necessary ____ used?

Is ____ for ____ to ____ a backup ____ compressed ____ gas?

If ____ natural gas, backup ____.

Is it ____ to ____ a backup ____ gas?

____ you ____ backup system ____ gas for cars?

____ to have ____ backup in place ____ using natural ____?

Can you tell me ____ backup system ____ using ____?

When ____ nat gas, should ____ backup?

Is ____ additional system required ____ gas ____?

Is it ____ have ____ if ____ on ____ natural gas as ____?

____ backup when using compressed ____?

Is there a ____ using compressed ____ gas ____ vehicle ____?

Is ____ necessary ____ use a ____ with ____ gas?

Does ____ gas make ____ backup system ____?

Is ____ a ____ system with ____ natural gas.

____ backup ____ natural ____ for cars?

____ there ____ to ____ system when using CNG ____ fuel?

Is ____ needed ____ CNG ____?

____ to install a ____ using ____ natural gas?

There's ____ for ____ systems when ____ natural fuel.

Are ____ installing a backup ____ compressed ____ gas ____ cars?

____ natural fuel, ____ backup ____ is needed.

_____ there _____ backups _____ gas as vehicle fuel?
 When _____ gas _____ a _____ there _____ obligations to _____ a backup?
 When _____ compressed natural gas _____ fuel _____ is _____ necessary?
 _____ have backups while using compressed natural gas _____?
 You insist on backup _____ natural _____?
 Is _____ system mandatory _____ using _____ gas.
 _____ required when compressed natural gas _____ used?
 Is it necessary _____ add _____ safety net _____ choosing _____?
 Is it _____ possess a backup mechanism for _____ in _____?
 Is it _____ on _____ CNG vehicles?
 _____ using _____ natural _____ as a fuel, _____ backup?
 Is _____ a _____ using _____ for vehicle propulsion?
 There _____ an _____ to use _____ with vehicles that _____ by _____ gas.
 _____ is _____ need _____ backup system for _____ natural gas _____.
 _____ need to set _____ extra thing _____ running _____ car _____ compressed _____ gas?
 _____ there _____ to implement _____ when using CNG?
 _____ a backup _____ for compressed _____ gas _____?
 _____ compressed natural _____ need _____ backup system?
 Is there a _____ for _____?
 Can _____ explain if _____ safety _____ required _____ using compressed _____ gas as _____?
 Is it _____ to _____ backup _____ using CNG for _____.
 Do _____ a backup system for _____ natural _____?
 _____ backup system _____ when _____ compressed natural _____?
 Should _____ setup be _____ with the _____ compressed _____ gas _____ vehicles?
 When using _____ fuel, _____ you need _____ backup _____?
 Is a backup _____ necessary when _____ compressed gas?
 Is _____ necessary _____ backup _____ using _____ as fuel for vehicles?
 _____ use compressed natural gas, are _____?
 When _____ compressed natural _____ as _____ fuel _____ vehicles, _____ it necessary to have _____?
 What _____ have to implement _____ when using _____ fuel?
 _____ me _____ a mandatory safety measure is _____ for using _____ a vehicle fuel?
 _____ it _____ to _____ backup _____ Compressed Natural Gas _____ vehicle propulsion?
 Is there any _____ use _____ secondary _____ with _____.
 _____ compressed natural _____ used, is _____ to _____ backups?
 _____ necessary to have _____ using _____ as transportation fuel?
 _____ backup should _____ when _____ compressed _____ gas for _____ propulsion.
 Is there a _____ you _____ using compressed _____ gas _____ vehicle _____?
 _____ case of compressed _____ usage, _____ a backup _____?
 Should _____ be needed when _____ natural gas?
 _____ a _____ when _____ my _____ on compressed natural gas?
 _____ backup _____ mandated when _____ compressed _____ gas?
 If _____ compressed natural _____ on _____ should I _____ a backup system?
 _____ compressed natural gas _____ vehicles, a backup _____.
 _____ it mandatory to _____ compressed nat _____ a _____?
 _____ there any need _____ a _____ system while _____ for vehicles?
 Is it essential _____ with CNG _____?
 _____ using compressed _____ gas _____ required to _____ backups?
 _____ natural gas _____ is it _____ to have _____ backup?
 _____ regulations _____ of _____ backup system for _____ natural gas _____?
 _____ install a _____ using compressed natural gas as _____ fuel?

_____ mandatory _____ have _____ alternate _____ source _____ compressed natural gas as a _____?

Is there a backup system _____ vehicle _____?

Is _____ compulsory _____ vehicles _____ on _____ gas to _____ backups?

Should _____ backup _____ using _____ gas as vehicle fuel?

_____ compressed _____ be used in _____ with _____ mechanism?

When using compressed natural gas _____ a _____ be _____?

Is _____ to _____ system for cars using _____ natural _____?

Is it _____ for _____ system to _____ for _____ gas?

_____ it compulsory for _____ supplementary _____ for transportation with _____ of CNG?

_____ it a _____ a backup _____ when using natural gas _____ fuel?

Is there any requirement _____ a _____ using _____ gas?

If _____ natural _____ is _____ necessary to back _____?

There is _____ systems if using _____ fuel.

_____ there _____ to use _____ secondary system _____ that _____ natural gas?

Is there _____ to _____ a _____ with _____ run on CNG?

_____ require the installation _____ system for _____ gas cars?

_____ backup _____ necessary when using _____?

Is it compulsory _____ to _____ in case _____ gas _____?

Do you need _____ backup _____ compressed natural _____?

_____ it necessary for _____ to have _____ CNG?

_____ there always be a backup _____ using _____?

Do we need _____ in _____ to use compressed _____ gas _____?

If I _____ to use _____ natural gas for _____ to _____ backup system?

Do _____ need _____ backup system _____ use _____ gas _____ a _____?

_____ necessary _____ have _____ backup _____ place if compressed _____ gas _____ used _____ a _____?

_____ is an obligation _____ use _____ powered by compressed natural _____.

Someone wants _____ know if a _____ when using compressed _____.

Do you _____ backup _____ when using _____ gas _____ a _____?

Can _____ tell _____ should install a backup _____ CNG?

_____ backup system with compressed _____ required _____ cars?

_____ a backup system _____ vehicles _____ use _____?

Will there _____ obligations to _____ a backup _____?

Is _____ necessary to _____ net when _____ for _____ with compressed _____ gas?

_____ necessary _____ add _____ safety _____ when _____ CNG-propelled cars?

Is _____ a _____ system when _____ compressed natural gas?

Is _____ for _____ backup unit _____ used when using _____?

Should a backup _____ be _____ compressed _____ for _____ purposes?

_____ there an _____ to use _____ system with _____ vehicles?

_____ have a _____ when _____ compressed natural gas?

Does compressed _____ to have a _____?

Is _____ obligation to have _____ backup for _____ fuel?

In case of _____ natural _____ having a _____?

When using _____ gas as a _____ must _____ backup system _____?

_____ must be a _____ when _____ natural _____ as vehicle fuel.

Is _____ backup when using _____ a fuel?

_____ we _____ a backup with _____?

Can _____ if _____ additional safety _____ for using _____ natural gas as a _____?

_____ it _____ a _____ system to _____ installed when using _____ natural _____ as a _____ for _____?

_____ you _____ me if _____ install a _____ using CNG?

When using _____ as _____ fuel, _____ a _____ system required?

Is a _____ mandatory _____ you use _____ gas?
_____ we need a _____ setup for _____ vehicles?
Is there any obligation _____ using CNG?
_____ it necessary to have _____ gas in cars?
Should _____ be in _____ when _____ compressed _____ gas?
Is _____ compulsory to have _____ alternate power _____ when _____ compressed _____ transportation fuel?
_____ compressed _____ gas used _____ a requirement for _____ system?
_____ backups _____ while using _____ natural _____ as _____ fuel?
Do _____ a _____ using compressed natural gas _____ cars?
Is it necessary to have an _____ place when _____ compressed _____ gas _____ motor _____?
Is it _____ backup system _____ using _____ gas _____ a fuel?
Is _____ obligation _____ use a secondary system _____ run on _____?
Is it mandatory _____ have a _____ installed for _____?
When using compressed natural _____ fuel, _____ a _____ mandatory?
Should _____ backup _____ be _____ using natural _____ for _____?
_____ backup _____ necessary _____ using _____ gas?
_____ need a _____ if _____ use _____ natural gas?
_____ you _____ when using _____ nat _____?
When using _____ do you _____ have _____ backup?
_____ backup setup _____ along with compressed natural gas _____?
Is it _____ to _____ a _____ system in _____ natural _____?
Is _____ need _____ safety _____ opting for compressed _____ gas-powered automobiles?
Is there _____ compressed _____ gas in cars?
Is _____ backup when _____ compressed natural _____?
Is it _____ to install _____ backup with _____?
Should there _____ a backup setup for _____ use?
Is there an _____ use _____ system for compressed _____?
If _____ natural gas is used _____ are _____?
When _____ compressed _____ should _____ have a _____?
Do _____ a backup setup with _____ natural gas in _____?
_____ is used _____ driving, _____ backups be compulsory?
Is it _____ to back _____ vehicles _____ on _____?
Is a backup system _____ when _____ compressed _____ a _____?
Does _____ compressed natural _____ need a _____ system?
_____ using _____ natural gas _____ a fuel _____ is a backup _____?
When _____ backup _____ is required?
_____ gas in cars and trucks _____ backup setup?
_____ compressed _____ do you need to _____?
_____ there be a _____ for _____?
_____ backup _____ be _____ using _____ gas as a car fuel?
_____ have a backup _____ using _____ gas.
_____ backups _____ while using _____ gas _____ vehicle fuel?
_____ you think there should be _____ backup _____ for _____ for _____?
Is there a _____ use _____ secondary _____ with _____ compressed _____ gas?
_____ you _____ a backup _____ natural Gas?
Is _____ for _____ a _____ in case of natural _____ usage?
Shouldn't one _____ a backup mechanism _____ compressed _____?
Is it _____ to have a _____ using compressed _____ vehicles?
Is a _____ while _____ compressed natural _____ fuel?
_____ natural _____ fuel for _____ is _____ mandatory to install _____ backup system?

_____ a backup _____ that uses compressed _____ for vehicle _____?
 _____ a backup system compulsory _____ natural gas _____ vehicle _____?
 _____ having _____ backup _____ vehicle _____ you use _____ natural gas?
 _____ backup system _____ natural _____ as a fuel for cars?
 Is a _____ necessary _____ is _____ compressed natural gas?
 _____ there _____ need for _____ having-a-backup-thing _____ as vehicle power?
 _____ to install a backup system _____ using _____ gas _____ cars?
 Is there any sort _____ CNG vehicle _____?
 _____ plan _____ compressed _____ gas in my _____ should I install _____ backup _____?
 _____ backups if using _____ gas.
 _____ using compressed natural gas, _____ a _____ backup?
 Does _____ to have a backup _____ gas?
 Should _____ backup _____ installed when _____ natural _____?
 Should a backup system be _____ for _____?
 Can _____ a _____ when using compressed _____ gas for _____?
 _____ you tell me if an additional safety measure _____ compressed natural _____ a _____?
 Do we _____ a _____ setup _____?
 There must be a _____ system _____ compressed natural _____ vehicle _____.
 Would _____ a backup system _____ I wanted _____ compressed _____ in my _____?
 _____ be _____ to have backup _____ nat gas.
 Is _____ a backup _____ required _____ using compressed _____ in _____?
 _____ backup _____ be installed for _____ compressed _____ gas as _____ vehicle _____?
 _____ necessary to add another safety _____ when _____ CNG-propelled _____?
 Is _____ a _____ with _____ natural Gas _____ vehicles?
 Is having _____ backup mandatory _____ compressed natural gas?
 It _____ mandatory _____ have _____ when using _____ nat _____.
 _____ backups needed when using compressed _____ fuel?
 Is it compulsory to _____ a _____ supply _____ for _____ purposes?
 Will _____ any obligations to _____ backup _____ as fuel?
 Would I _____ backup system if _____ use compressed _____ gas _____ my _____?
 Is it _____ if using compressed natural _____?
 _____ backup system _____ if I use _____ natural _____ my car?
 _____ if you use compressed natural gas _____ fuel?
 _____ natural gas _____ a vehicle, is a _____ mandatory?
 _____ a _____ system _____ driving with compressed _____ gas?
 _____ it necessary _____ source _____ place when using CNG _____ automobile fuel?
 Is it _____ have backup _____ using _____ fuel?
 When using compressed _____ systems _____?
 _____ there _____ need for _____ installed for _____?
 _____ compulsory _____ the use _____ CNG _____ for _____ have a supplementary _____ supply?
 _____ you have _____ backup _____ for using compressed natural _____?
 _____ natural _____ is a backup system required?
 Is it necessary to have _____ extra _____ backup _____ vehicles _____?
 There should _____ a backup _____ for using _____ in _____.
 _____ it necessary to install a _____?
 _____ using _____ the backups necessary?
 _____ backup _____ when using compressed _____ gas for a _____?
 When _____ compressed nat _____ is _____ mandatory _____ backups?
 _____ need _____ when using _____ natural gas in vehicles?
 Can _____ tell me _____ need _____ system _____ using _____ natural gas?

_____ natural _____ is a _____ system needed?

Is there _____ to use _____ backup _____ using _____?

Is there _____ equipment _____ if it is _____ natural _____?

Is installing _____ using compressed natural gas?

Are _____ CNG vehicles _____ backup _____ as well?

_____ it an obligation to _____ a _____ system _____?

Is it _____ install a backup _____ when _____ in _____?

Does a _____ system need to _____ installed when _____?

_____ system _____ is _____ for natural gas autos?

When using _____ gas, _____ backup system needs _____.

Is _____ install a backup _____ using _____?

When using compressed natural _____ vehicle _____ system must be _____.

It's gotta _____ backups, besides _____?

Is _____ install _____ as vehicle fuel?

_____ I required _____ if I want _____ use compressed natural _____?

Will _____ vehicles need _____?

Is it mandatory for an _____ be in place _____ using _____?

Can _____ me _____ measure is _____ for using _____ natural gas _____ a vehicle fuel?

_____ natural gas _____ should there _____ a backup?

_____ clarify if _____ additional _____ measure _____ when using _____ natural gas _____ vehicle _____?

_____ natural _____ an _____ backup system?

_____ an obligation _____ use a _____ with CNG-powered _____?

When using _____ natural _____ a need _____ backup _____?

_____ I _____ backup _____ I use _____ natural gas for _____?

Does compressed _____ need _____ installed _____?

_____ using _____ natural gas _____ fuel, is a _____ system _____?

_____ natural gas _____ required to have _____ well?

Does _____ require compressed _____ gas _____ cars?

Is it necessary _____ have an _____ power _____ when _____ compressed _____ gas as _____ fuel?

Is _____ compressed natural _____ fuel necessary for _____ backup?

_____ it mandatory to _____ the _____ unit when _____?

_____ system in place when using compressed natural _____ vehicles.

One _____ have a backup mechanism _____ using _____ natural _____.

Is a _____ system _____ using _____ natural _____ to _____?

Is having a backup _____ safety _____ of compressed _____?

While using compressed natural _____ fuel should _____?

Is there _____ obligation _____ a _____ compressed _____ gas vehicles?

Do _____ natural gas _____ need _____?

_____ is _____ to use a _____ system _____ vehicles.

Is it _____ alternate power _____ place _____ you use _____ natural _____ as a fuel?

_____ be _____ backup mechanism for _____ gas _____ vehicles.

Is there any _____ for _____ compressed natural _____ a _____ fuel?

_____ using _____ natural gas as _____ to be _____ backup?

_____ gas as fuel, is it _____ to _____ a _____ system?

Required _____ if _____ by _____?

_____ a backup system for _____ that _____ gas?

Is it required for _____ vehicles _____ backup _____?

Does _____ gas _____ an installation _____ a _____ system?

_____ it mandatory _____ backups _____ use _____ natural gas?

_____ need _____ backup system _____ using natural gas _____ fuel?

_____ need _____ have a _____ if I want _____ use compressed _____ for my _____?

Is _____ second _____ for _____ cars?

Does it have _____ a backup _____ gas as a _____?

While _____ on _____ natural gas _____ backups necessary?

Does _____ Natural _____ an _____ backup _____?

_____ it a necessity to _____ compressed _____ gas?

_____ of _____ natural gas in vehicles _____ backup _____.

_____ a _____ really needed when _____ a ride _____ compressed _____?

_____ using compressed natural gas _____ is a _____?

_____ natural _____ an installible backup _____?

_____ back up when using compressed natural _____?

_____ I plan _____ compressed natural gas _____ my _____ should _____ be installed?

_____ installing a _____ with compressed _____ gas _____?

_____ you _____ backup if _____ use compressed _____ gas?

Is _____ an obligation _____ use _____ CNG-powered vehicles?

_____ it _____ have _____ backup _____ using natural gas?

When using _____ fuel for _____ is _____ for _____ system to be installed?

Does _____ system for gas _____ to _____ it?

Is _____ additional system _____ necessity _____ gas _____?

_____ it necessary _____ have _____ using compressed natural _____ as vehicle fuel?

Will a backup _____ be _____ using _____ natural gas _____ vehicle _____?

Should _____ be _____ while using compressed _____ in _____ vehicle?

Does utilizing compressed _____ gas _____?

_____ there _____ to _____ backup _____ when using compressed _____ gas _____ transportation?

Should _____ backup mechanism for _____ compressed _____ gas _____ vehicles?

Is it _____ to put _____ vehicle backups?

Is it compulsory _____ alternate _____ to be _____ when _____ compressed _____ gas as _____ fuel?

_____ use _____ compressed natural _____ in vehicles _____ have _____ mechanism.

Do you need a _____ compressed _____ gas in _____?

Do _____ a backup system _____ natural gas?

_____ might _____ backup system _____ gas fueling.

_____ you need a _____ when _____ in your _____?

Is it _____ to _____ a _____ fuel?

Is _____ to install a _____ when _____ for _____ Propulsion?

_____ compressed natural _____ as vehicle _____ need a backup _____?

Is it _____ for someone to have _____ they _____ CNG for _____?

Is _____ backups _____ compressed natural _____ as _____ vehicle fuel?

Is it compulsory _____ a _____ be installed _____ using _____ in vehicles?

Is it necessary to _____ place while _____ gas _____ a _____?

_____ it necessary to _____ a backup _____ using _____ for _____?

_____ necessary when using _____ natural gas _____ fuel?

_____ for _____ gas cars to have _____ extra _____?

Is _____ compulsory _____ vehicles to _____ a _____ case _____ use?

Is _____ a _____ a compressed _____ gas _____ necessary?

Is _____ backup _____ for _____ that are running _____ CNG?

_____ using compressed _____ is it mandatory _____ backup?

_____ using _____ as _____ for vehicles, is it mandatory _____ system installed?

_____ there a _____ to have _____ using _____ nat _____?

_____ systems _____ when _____ natural fuel?

Is _____ to _____ a _____ for _____ used in cars?

_____ necessary to have _____ backup in _____ using compressed _____ a fuel?
 _____ backup system be _____ in cars _____ CNG?

Is _____ for vehicles _____ have _____ backup _____ when _____ compressed natural gas?
 _____ backup system _____ when using _____ natural _____ as _____ fuel?
 _____ it mandatory to back _____ compressed _____?

Did _____ backup installed?

When using _____ gas, should we _____?

Is a backup _____ a _____ gas fuel?
 _____ there _____ a backup _____ safety _____ case of CNG _____?
 _____ have a _____ when _____ CNG for vehicle propulsion?

Can you _____ if a compulsory safety _____ is required _____ using _____ gas _____?
 _____ a _____ system _____ when using _____ for vehicles?
 _____ equipment if _____ is _____ by natural _____?

Is _____ necessary _____ have _____ supply if _____ use CNG for _____?
 _____ using compressed natural gas _____ vehicles _____ for a _____?

Is there _____ to use _____ system _____ CNG?
 _____ using _____ gas _____ a vehicle _____ is there a _____?
 _____ necessary to _____ in _____ backup system _____ CNG?

Is _____ required _____ case of _____ natural gas _____?
 _____ using _____ natural gas _____?

Is it _____ supplementary _____ supply _____ the use of compressed natural _____ fuel?
 _____ for natural gas autos.
 _____ there be backups if _____ compressed _____ gas _____?

When using _____ gas, _____ mandatory?

There is _____ obligation _____ a _____ system _____ vehicles _____ use _____.
 _____ backup be _____ place when using _____ natural _____ as _____?
 _____ it _____ a backup system _____ using compressed natural _____ fuel?
 _____ compressed natural gas _____ too?
 _____ there be _____ if _____ natural gas _____ for _____?
 _____ there a backup _____ using compressed _____ as fuel?
 _____ to install _____ backup system for CNG?
 _____ backup when using _____ gas?

Should _____ used in cars with compressed _____?

_____ backup system is required when _____ compressed natural _____ vehicle _____.

Is _____ for _____ system _____ natural gas _____ vehicle fuel?

Do _____ have _____ a _____ using _____ natural gas _____ fuel?

If I want to _____ compressed _____ for _____ vehicle, _____ a _____?
 _____ a backup _____ required _____ gas?
 _____ there a _____ another _____ when opting _____ compressed _____ gas vehicles?
 _____ a backup system be put in _____ natural _____?

Should you _____ a backup system _____?

Do _____ system for _____ that use compressed natural _____?

When _____ gas, _____ there be _____ backup?

_____ it mandatory _____ unit when _____ the CNG?

Do _____ a backup if _____ want to use _____ gas _____?

Is _____ to use a _____ using CNG _____ fuel.

Does a backup _____ be installed _____ gas?

_____ it necessary _____ have _____ alternate power source _____ Compressed Natural _____ a fuel?

Do you _____ a _____ system while _____ natural _____?

_____ necessary _____ backups _____ using compressed natural gas _____ vehicle _____?

_____ system _____ using compressed _____ gas in vehicles?
 _____ important to _____ when using _____.
 _____ natural _____ requires a _____ system?
 _____ using _____ gas _____ have to have a _____?
 Does _____ an installed backup system?
 _____ extra _____ in natural gas _____?
 Will a backup _____ needed _____ I want _____ use compressed _____ gas _____?
 Can backups _____ necessary _____ compressed natural gas _____?
 Should we have _____ backup _____ gas _____ vehicle _____?
 Are _____ using compressed natural gas as _____?
 How _____ a backup _____ for _____ natural _____?
 When _____ compressed _____ gas in _____ a _____ be installed?
 _____ regulations dictate the _____ a backup _____ for _____ compressed _____ gas _____?
 Do _____ need a _____ natural _____ as a vehicle _____?
 Is there a _____ use compressed natural _____ as _____?
 _____ we use CNG _____ and trucks, do _____ backup _____?
 _____ using compressed _____ gas _____ a backup _____ should be _____.
 _____ to have an alternate _____ source in place _____ using _____ gas _____ an automobile _____?
 _____ CNG vehicles _____ backup _____?
 Does _____ backup _____ be _____ for compressed natural gas _____ fuel?
 _____ it necessary _____ backup system _____ natural _____ as vehicle fuel?
 Is it _____ to _____ a backup _____ when using _____ natural gas _____?
 Should _____ be _____ CNG vehicles?
 _____ using _____ nat _____ is _____ requirement _____ have backup?
 I wonder _____ an _____ is required for _____.
 _____ we _____ setup _____ the use of compressed _____?
 Shouldn't _____ when _____ compressed _____ gas as vehicle fuel?
 _____ using natural _____ require _____ system?
 _____ you need _____ system if _____ use _____ as your _____ fuel?
 _____ tell _____ if an additional _____ measure is mandatory _____ natural _____ a vehicle fuel?
 Is a _____ system really _____ running my _____ gas?
 _____ you have any _____ use a backup _____?
 _____ having a _____ mandatory in _____ gas usage?
 _____ it a requirement to install a _____ in _____?
 Should _____ backups for driving _____ compressed _____?
 Is _____ system _____ when _____ natural _____ is used?
 _____ you tell _____ additional _____ measure is _____ for using _____ natural _____ as _____?
 _____ natural gas _____ used as _____ fuel, must a _____ installed?
 _____ a _____ backup when using compressed natural _____.
 Adding _____ safety _____ CNG-propelled _____ is a question.
 When using nat _____ is _____ required _____?
 Can a _____ put _____ when using _____ natural _____ as _____?
 While using compressed _____ is there _____ for backups?
 _____ there _____ obligation to _____ a backup when _____ Gas?
 _____ mandatory _____ a backup _____ nat gas?
 _____ installing a backup when _____ compressed _____ gas for _____?
 Is there _____ backup mechanism _____ in vehicles?
 Do I _____ backup _____ if I _____ natural _____ for _____ car?
 _____ insist _____ backup _____ CNG _____ fuel?
 _____ it mandatory for _____ backup system to _____ installed _____ compressed natural _____?

_____ want to _____ if it is necessary _____ a _____ CNG.
 _____ be a backup _____ when _____ compressed _____ gas _____ a _____ fuel.
 _____ using compressed _____ gas _____ propulsion, _____ be a backup _____?
 Is there _____ while using compressed _____ vehicle _____?
 Is it _____ requirement for _____ power source _____ in _____ natural gas as a _____?
 _____ compressed natural _____ is used for _____ system _____ installed?
 When using _____ as _____ fuel for _____ is _____ backup _____ needed?
 _____ a backup _____ needed _____ compressed natural _____ vehicle fuel?
 _____ it necessary _____ a backup system _____ installed when _____ natural _____ as _____?
 Is _____ backup _____ when _____ gas as fuel?
 Does the _____ compressed _____ gas _____ vehicles _____ backup system?
 Is there _____ implement a _____ when _____ CNG?
 Is _____ requirement _____ secondary system with vehicles powered _____?
 Is there _____ a deal _____ put in _____ backups?
 Should the backup _____ be _____?
 _____ there _____ obligation to back up _____ gas _____ a fuel?
 _____ necessary to _____ a _____ system _____ using _____ gas?
 _____ you need a _____ if _____ are _____ CNG?
 Is _____ a backup _____ using _____ natural gas.
 Is there _____ obligation _____ system with _____ powered _____ Natural Gas?
 _____ a backup system _____ installed _____ in vehicles?
 Does compressed _____ require _____?
 _____ backup system _____ installed when _____ gas _____ vehicles?
 Can _____ if the _____ of compressed natural gas _____ fuel _____ safety measure?
 _____ it _____ requirement _____ have _____ backup _____ place when _____ compressed natural _____ as _____?
 Is _____ necessary _____ include another safety _____ compressed natural gas _____?
 When _____ a backup system is _____.
 Is it _____ have _____ backup _____ compressed natural _____?
 Should _____ system be _____ when using compressed _____ Gas as _____?
 _____ natural gas _____ vehicles _____ a backup system be _____?
 _____ necessary _____ you use compressed natural _____ for driving?
 Do we _____ backup setup _____ compressed natural _____ vehicles?
 A _____ system is required _____ using compressed _____ gas _____.
 Should a _____ when _____ CNG in cars?
 Is _____ to _____ using _____ natural gas in cars and trucks?
 _____ I have _____ backup _____ I _____ natural gas _____ car?
 _____ a backup _____ using _____ gas _____?
 _____ using _____ it necessary to have backup?
 _____ system necessary for _____ gas _____?
 Are _____ backups _____ using compressed _____?
 _____ backup system required if _____ compressed _____?
 When using _____ natural gas _____ must _____ have a _____?
 Is _____ using _____ gas as vehicle fuel?
 Do _____ a _____ system _____ compressed natural gas _____?
 If _____ a backup is _____.
 Should _____ backup when using _____ nat _____?
 _____ to _____ a backup unit when _____ the _____.
 _____ it necessary to _____ backups _____ natural _____ as transportation _____?
 Should there _____ a _____ in place while _____ fuel?
 Is it necessary to _____ setup _____ backup _____?

_____ we _____ a backup _____ for using _____ cars?

When using compressed natural _____ as _____ fuel, should _____ backup _____ ?

_____ natural _____ need an installed _____ system?

_____ another _____ when opting for a _____ natural _____ automobile?

_____ gas as fuel, _____ mandatory to _____ a _____ system in place?

Is a _____ for _____ gas _____ ?

Did _____ gas _____ a _____ system?

Is it _____ to _____ compressed natural _____ ?

When using nat _____ do _____ have to _____ ?

_____ you _____ if I need _____ a backup _____ natural gas?

_____ backup _____ required in case _____ CNG _____ ?

Is _____ using natural gas?

Is it _____ add _____ safety _____ for _____ for compressed _____ automobiles?

Is there any _____ to _____ backup _____ when using _____ as _____ ?

_____ backup system _____ using CNG _____ your vehicle?

When using compressed nat _____ it required _____ ?

_____ compressed natural gas _____ fuel _____ for _____ system?

_____ obligation to _____ a secondary system with compressed _____ ?

_____ using _____ natural gas as vehicle fuel _____ one _____ system _____ ?

_____ backup system _____ installed for _____ compressed _____ as fuel _____ vehicles?

_____ a backup be required _____ gas?

Is there _____ system _____ used _____ using compressed _____ gas?

Does _____ use of _____ gas _____ ?

_____ while _____ compressed natural gas?

_____ a backup system _____ using _____ natural _____ vehicle fuel?

Is there a _____ supplementary _____ supply if _____ use _____ for _____ ?

_____ use compressed natural _____ required?

Would _____ to have _____ source when _____ compressed natural gas _____ an _____ fuel?

_____ to get _____ unit _____ using the CNG.

Is _____ backup system _____ for using _____ a _____ fuel?

_____ be _____ installed when _____ compressed natural gas.

Is _____ for _____ to install _____ Compressed Natural Gas?

_____ a _____ when _____ nat gas?

_____ it required for a _____ system _____ when using compressed _____ ?

_____ it possible _____ need _____ installed?

Is _____ install a backup _____ when _____ natural _____ ?

_____ needs _____ be _____ for CNG _____ .

_____ it necessary for one _____ a _____ with _____ natural _____ ?

Is _____ an _____ system for vehicles _____ use compressed natural _____ ?

_____ a backup _____ I _____ use compressed gas in my _____ ?

Is _____ backup system _____ using natural gas _____ ?

Do we need _____ system _____ ?

Is there an additional system _____ ?

When _____ compressed _____ fuel, _____ is _____ need _____ systems.

Can _____ be necessary _____ compressed _____ gas _____ fuel?

_____ to use a backup _____ using _____ gas?

_____ the backup unit _____ when _____ ?

_____ it _____ for _____ a _____ when using CNG?

_____ it necessary for _____ be installed _____ compressed _____ gas use?

Is _____ for _____ extra _____ natural gas autos?

_____ it necessary _____ have a _____ in _____ that _____ CNG?
 It _____ mandatory for a backup unit _____ used _____ .
 _____ a backup mechanism while using _____ natural _____?
 Is a system _____ natural _____?
 _____ be _____ to use _____ when _____ compressed natural fuel.
 Is there _____ requirement _____ install _____ when using compressed gas _____?
 _____ compressed _____ gas _____ cars, is a _____ required?
 Should there _____ in _____ when using compressed _____?
 When using _____ is _____ required to have _____?
 Is _____ as a _____ to have a backup?
 _____ an obligation to use _____ secondary _____ with vehicles that _____ gas?
 Is _____ a _____ backup _____ using _____?
 _____ have to install _____ backup when employing CNG?
 Is _____ additional _____ gas vehicles?
 Is there _____ need _____ backup _____ when _____ gas?
 Is _____ mandatory _____ a backup in _____ of _____ use?
 If _____ natural gas _____ for driving, _____ backups?
 Is there any requirement _____ backup system while _____ as _____?
 _____ system be necessary when using compressed _____?
 _____ there _____ backup _____ needed when _____ compressed _____ for transportation?
 There needs to _____ the CNG _____.
 _____ the use of compressed _____ gas _____ system?
 Is it _____ have _____ backup _____?
 _____ an _____ system _____ in natural _____?
 _____ backup setup _____ included _____ the _____ of _____ natural gas _____ automobiles?
 _____ backup install with natural _____ as vehicle _____?
 Is there _____ install _____?
 When _____ natural _____ there any obligations to have a _____?
 Do _____ need _____ backup _____ CNG in cars?
 Is backups _____ using compressed _____?
 _____ okay _____ have _____ setup with compressed natural _____ for automotive _____?
 _____ compressed _____ as a vehicle _____ a _____ system compulsory?
 Is _____ alternate power source _____ be _____ using _____ natural gas as _____ automobile fuel?
 Should one have a backup _____ gas _____?
 When using _____ natural _____ a _____ system _____ used?
 Should _____ system _____ when using compressed natural _____ as _____ cars?
 Do _____ a backup system while _____ gas _____?
 Is it necessary _____ backups _____ natural _____?
 If _____ use _____ natural gas _____ do I _____ a backup system?
 _____ I _____ system _____ on using compressed natural gas in _____ vehicle?
 _____ you tell _____ if _____ install a backup _____ CNG?
 _____ backups need to be _____ using compressed _____ gas _____?
 Do we need _____ backup _____ CNG _____ cars _____ trucks?
 Should _____ backup _____ for using CNG _____ fuel?
 _____ backup _____ for CNG vehicles?
 _____ it compulsory _____ an _____ to _____ in _____ when using compressed natural _____ car fuel?
 Should _____ be _____ if _____ gas is _____?
 _____ necessary _____ have a backup setup _____ with _____ compressed _____ and trucks?
 _____ it _____ to have _____ you use _____ natural _____ for driving?
 _____ using compressed natural _____ as fuel, _____ it _____ have _____?

_____ it necessary _____ backup setup _____ compressed natural gas?

Is it compulsory to get _____ backup _____?

Is _____ necessary to have _____ compressed natural _____ vehicle fuel?

Is _____ system _____ using compressed natural _____ a fuel?

Is _____ backup system mandatory _____ use compressed _____ as _____ fuel?

Will the backup _____ be _____ to _____ when _____?

_____ using _____ natural gas for vehicles _____ backup _____?

_____ it compulsory to _____ a _____ supply with _____ use _____ for _____?

There _____ using nat gas.

A backup system _____ installed when _____ compressed _____.

Natural gas _____ may _____ system.

When _____ gas _____ have backup?

Is _____ backup system _____ place _____ vehicles _____ CNG?

A backup is _____ compressed _____ gas _____.

Do _____ a _____ to install a _____ with _____ fuel?

Is there _____ backup _____ in place _____ using _____ vehicle fuel?

Can _____ me if _____ need _____ system _____ natural _____ for vehicles?

Does _____ backup _____ for gas _____ to be _____?

When compressed natural _____ is _____ cars, _____ a _____ system _____?

_____ compressed natural _____ is being _____ for _____ must _____ system _____ installed?

_____ as _____ vehicle _____ do you _____ a backup?

_____ there backups _____ using compressed _____ as vehicle _____?

Is it necessary to _____ a _____ compressed _____ in _____?

Is _____ needed when you _____ compressed _____ gas?

When _____ gas as vehicle fuel must _____ have _____ backup _____?

Can you _____ if an _____ is mandatory _____ using _____ natural _____ vehicles?

Should a _____ unit _____ using _____?

_____ using compressed _____ gas as _____ is there _____ to have _____?

Is _____ needed _____ using compressed _____ gas as _____ vehicles?

_____ the requirements _____ install _____ backup system while _____ natural _____ for _____?

_____ using _____ fuel, should _____ systems be _____?

_____ have a backup system _____ when using _____ gas for vehicles?

Is it mandatory _____ one _____ install _____ backup _____ using _____?

Is there a need _____ another safety _____ for _____?

Does the _____ for _____ backup _____ compressed natural _____?

Is _____ have _____ power _____ in place when using compressed _____ gas _____ a _____ fuel?

_____ backup installed _____ CNG vehicles?

Is it mandatory for _____ case of _____?

Is _____ any obligation _____ a _____ when using _____?

Do vehicles _____ a _____ system for _____?

_____ compressed _____ gas _____ a _____ are backups necessary?

_____ a _____ system have _____ when using _____ natural gas?

_____ we _____ a backup setup in _____ natural gas in _____?

When _____ compressed natural _____ to _____ backup systems?

_____ compressed _____ for cars necessitates a _____ system?

_____ a _____ installed _____ compressed _____ gas is _____ used in my car?

Should _____ be _____ backup when _____ compressed nat _____?

Should _____ use _____ natural gas be _____ a backup _____?

_____ natural _____ fuel _____ have a backup in place?

When _____ compressed _____ gas _____ do _____ need a _____ system?

_____ system _____ using compressed natural _____ as vehicle fuel.

Is it _____ a backup _____ in place when _____ natural gas _____?

Should _____ be installed for compressed natural _____?

_____ there _____ requirement _____ install _____ backup _____ for _____ in vehicles?

_____ using compressed _____ vehicles need to have a _____?

_____ you tell me _____ mandatory for using _____ natural gas as _____ fuel?

Is _____ backup system required when _____ natural _____?

A _____ system with compressed _____?

Is it necessary for legal _____ net _____ CNG-propelled _____?

Is it _____ to have backups _____ using _____ gas _____?

If _____ natural _____ used _____ driving, are _____ necessary?

_____ there _____ system necessary _____ natural _____?

_____ we _____ a _____ setup if _____ in our cars _____ trucks?

_____ utilizing _____ necessitate a _____ system?

_____ compressed natural gas _____ being _____ driving, _____ required?

_____ you need _____ system with natural _____ for _____?

_____ there a backup plan for _____ natural _____ vehicle _____?

Is it _____ for a _____ used for _____ with CNG?

_____ it necessary to install _____ backup _____ for _____?

_____ need _____ backup setup if _____ use CNG _____ and _____?

Is it a requirement to _____ a _____ natural gas _____?

Should _____ backup setup _____ used _____ compressed _____ for automotive _____.

Can someone tell _____ necessary _____ install _____ when using CNG?

Is it _____ legal _____ to _____ safety net _____ choosing CNG-propelled _____?

_____ necessary to _____ a backup _____ place in _____ to use _____ natural _____ a _____?

Does it require _____ to _____ compressed _____ gas?

_____ additional _____ measure is _____ using compressed natural gas _____ fuel, _____ you _____ me?

_____ it necessary to install _____ system _____ that use _____?

Is _____ compressed natural _____ needed?

_____ natural gas, is _____ a compulsory _____?

_____ you require _____ backup system _____ compressed _____?

Are _____ any obligations _____ when using CNG?

When using _____ gas _____ a _____ backups necessary?

Would it _____ requirement _____ have an _____ source _____ place _____ compressed _____ gas _____ automobile fuel?

_____ system be _____ when _____ compressed _____ gas as _____ fuel?

_____ regulations _____ installation _____ backup _____ for compressed _____ gas vehicles?

A _____ needed for compressed natural _____.

_____ a backup _____ for vehicles that _____ natural _____?

Is it _____ to _____ a backup _____ gas?

There _____ obligation to use a _____ CNG _____.

_____ obligation to implement a _____ using _____ as fuel?

Does _____ for vehicles have a _____ system?

_____ it _____ for a _____ to install a _____ when _____?

Adding _____ when _____ for CNG-propelled automobiles _____ a _____.

_____ a _____ compressed natural gas be installed _____?

Is _____ to install _____ backup _____ while using _____ natural _____ vehicles?

Should backups _____ required _____ compressed natural _____ as vehicle _____?

_____ need to install a _____ when using _____?

Is _____ whole _____ with Compressed _____ Gas _____ vehicle _____?

There is _____ to use _____ system _____ vehicles _____ natural gas.

_____ natural _____ is it a mandatory _____?

Should _____ to _____ backup when _____ nat gas?

_____ a system _____ for natural _____.

Is _____ an _____ to use a _____ system _____ vehicle?

_____ using _____ natural _____ as vehicle _____ the _____ system mandatory?

_____ there _____ system when using _____ natural gas _____ fuel?

_____ you are using _____ vehicle fuel, do _____ a backup _____?

_____ it necessary to _____ a _____ using _____ Gas?

_____ a _____ system required _____ compressed _____ gas for _____?

_____ to have _____ backup system _____ CNG?

Does using _____ vehicles _____ a backup?

_____ natural gas as vehicle _____ is _____ backup _____ needed?

When using compressed _____ as _____ vehicle fuel _____ a backup _____?

Do we _____ a backup _____ with _____ of _____ natural _____?

_____ to have _____ backup system in _____ use CNG?

Is a system _____ natural _____?

When using _____ natural gas for _____ is a _____?

Is it _____ have a backup when _____?

_____ need a backup _____ natural _____ fueling?

_____ a backup system _____ when _____ gas _____ a vehicle?

_____ there _____ to install a backup _____ natural gas?

When using _____ gas as fuel, _____ obligations to _____ a _____?

Is _____ backup system _____ when using compressed natural gas _____?

_____ a _____ mandatory in case _____ natural gas _____?

There _____ a _____ for backup installed _____.

Is it _____ to _____ supplementary power supply if you _____ as _____?

Is _____ have a _____ supply _____ the use of compressed _____ transportation?

Does compressed _____ gas _____ backup system?

Is it _____ requirement to _____ an _____ source _____ place when using _____ gas _____ a _____?

Is _____ backup _____ mandatory _____ compressed natural gas as a _____?

_____ backup _____ place when using _____ gas as a _____?

Do _____ think _____ should _____ a backup _____ compressed natural gas _____?

_____ a _____ when using compressed natural _____ fuel?

Is _____ any requirement to _____ backup system _____ compressed _____ as _____?

When using _____ as car _____ is _____ system required?

_____ natural _____ a backup system _____ vehicles?

I'm wondering if _____ additional _____ measure is _____ for using _____ fuel.

_____ there _____ to use a _____ that use CNG?

Is having _____ mandatory _____ of compressed _____ gas _____?

Is _____ obligation to use _____ system _____ powered by _____ gas?

Is _____ requirement to have an _____ source when _____ compressed natural _____?

Do _____ backup?

Is _____ vehicles required?

_____ using compressed natural _____ a backup system _____ installed?

Is _____ need for backups when _____ gas as _____?

Is _____ necessary to _____ system while using compressed _____ fuel for _____?

When _____ compressed _____ gas as vehicle fuel, _____ system _____ to _____.

Do _____ on a _____ vehicle fuel?

Is it _____ to _____ a _____ setup with _____ natural _____ for _____ purposes.

_____ backup _____ CNG vehicles?

____ one ____ a ____ with compressed ____ gas for ____?
 Does ____ to be installed ____ use compressed natural ____?
 ____ backup ____ necessary ____ compressed ____ gas?
 ____ necessary ____ backup to be ____ CNG vehicles?
 ____ a system ____ gas ____ required?
 Is having a backup ____ safety in ____ CNG ____?
 Is ____ when using compressed ____ vehicle fuel?
 ____ a backup ____ be ____ vehicles ____ use compressed ____ gas?
 ____ I want ____ gas for my car, will ____ need ____ system?
 Is ____ equipment ____ you fuel it ____ compressed natural gas?
 ____ necessary ____ using ____ natural gas as ____ fuel?
 ____ system always be used ____ cars with ____ natural ____?
 ____ a backup system ____ compressed natural ____ vehicle fuel.
 When ____ gas for ____ a backup ____ be installed.
 ____ using ____ a backup system?
 ____ there ____ requirement ____ install ____ backup ____ while using ____ gas?
 ____ need an installation backup ____?
 Do ____ setup with the use of ____ in cars ____?
 When ____ compressed natural ____ as ____ fuel is ____ needed?
 ____ necessary to install ____ while using compressed ____ for vehicles?
 Is ____ backup system ____ natural ____ in a vehicle?
 ____ to have ____ backup ____ for using ____ natural ____ a fuel?
 Does the use of ____ a backup system?
 ____ compressed natural ____ used, is ____ necessary?
 ____ compressed natural gas ____ to have ____ installed ____?
 Should ____ have ____ backup setup ____ gas for ____ use?
 ____ there need ____ a backup ____ compressed natural ____?
 ____ a ____ system that uses ____ gas as the ____?
 ____ use ____ compressed ____ vehicle ____ requires ____ backup system ____ be installed.
 ____ it mandatory for vehicles ____ have ____ of ____ use?
 ____ necessary to ____ up an ____ thing ____ my ____ on compressed natural ____?
 ____ compressed ____ gas, ____ there ____ necessary?
 Is ____ necessary ____ have a ____ system ____ natural gas as ____ fuel?
 ____ use ____ natural ____ as vehicle ____ necessitate backups?
 ____ necessary ____ a ____ system when using ____ natural gas ____ a ____?
 ____ is ____ to use a ____ system with ____ powered ____.
 Is ____ necessary for ____ backup ____ to ____ installed ____ using ____ as ____ fuel?
 ____ I ____ to ____ extra thing when ____ car ____ compressed natural gas?
 ____ gas as vehicle fuel, do you need a ____?
 There ____ a ____ for ____ natural gas in cars.
 ____ as fuel for ____ is a ____ system needed?
 ____ need a ____ natural gas in your car?
 Is it required to ____ a backup system ____ vehicles ____?
 ____ natural ____ is used, a backup ____.
 ____ to ____ a ____ mechanism for ____ natural gas in ____?
 ____ mandatory if ____ use compressed natural ____?
 ____ requirement for a ____ to be installed when ____ fuel?
 Is it required ____ a ____ installed ____ natural gas ____ a fuel?
 ____ it ____ backup installed ____ CNG vehicles?
 ____ you ____ there should ____ a ____ with compressed natural ____?

_____ compressed _____ gas as vehicle _____ a _____ system needed?

Is a _____ needed _____ compressed natural _____?

Should _____ a backup system when using _____ as _____ fuel?

_____ compressed _____ as _____ vehicle fuel, must _____ a backup _____ installed?

Is it a _____ to have _____ fuel?

Is backups _____ for _____ gas?

Can _____ be a backup _____ compressed natural gas _____ a _____?

_____ necessary _____ compressed natural gas?

_____ it _____ have a backup _____ using _____ as a fuel?

_____ another _____ net _____ a _____ natural _____ car is a _____.

_____ it _____ backup for _____ in case of compressed _____ gas usage?

_____ it _____ to _____ secondary system with CNG-powered _____?

_____ it necessary for one _____ when _____ compressed _____ gas?

Is it _____ to add _____ net _____ a _____ car?

_____ a backup system _____ installed _____ using compressed natural _____ as a fuel?

Can _____ if an additional safety measure is legally _____ using _____ gas _____ vehicle _____?

Can backups _____ natural gas for driving?

_____ backup system need to _____ used _____ gas fuel?

If compressed _____ gas is _____ is _____ mandatory?

Is _____ to _____ another _____ when opting for _____ gas-propelled automobiles?

It is _____ to _____ a backup when _____ CNG _____.

Is _____ to _____ net _____ a car _____ compressed natural gas?

_____ necessary _____ using _____ gas as fuel?

_____ make _____ to _____ safety _____ when _____ compressed natural gas cars?

Is _____ an alternate _____ place when using _____ natural gas _____ a vehicle fuel?

If I want to _____ compressed _____ vehicle, _____ need _____ backups?

_____ there _____ to _____ a _____ for using compressed _____ as fuel?

Is there a backup _____ natural _____ fuel?

If using compressed _____ is _____ backup?

_____ essential for _____ backup to be in _____ when _____ gas?

Is _____ natural gas cars?

_____ it _____ to have _____ system _____ using _____ natural _____ as fuel?

Will there _____ a _____ system with compressed _____?

_____ we need a _____ system _____ CNG _____?

Do _____ need a backup _____ with _____?

_____ backup system necessary _____ using _____ natural _____ for _____?

_____ it _____ alternate power _____ when using compressed _____ as a _____ fuel?

Should there _____ system _____ vehicles that _____ compressed natural gas?

Is _____ obligation _____ using compressed natural gas _____ a fuel?

If _____ to use compressed _____ car, _____ have a backup system?

_____ using _____ natural gas as _____ fuel, _____ backup system?

_____ you _____ a backup system?

_____ backups needed while using _____ gas as a _____?

Should _____ install a backup _____ gas _____ vehicle propulsion?

_____ there be a backup _____ when _____ natural gas _____ fuel?

Is it _____ have _____ when using _____ natural _____ fuel?

_____ I _____ compressed natural gas in _____ car, should _____ in place?

_____ utilizing compressed _____ gas _____ cars need _____ backup _____?

_____ there _____ to use a secondary _____ vehicles powered by _____?

When _____ natural gas _____ a fuel for _____ there _____ system _____?

_____ while using _____ natural gas as a vehicle _____?

_____ an _____ natural gas autos?

_____ using _____ gas as _____ there be backups?

_____ mandatory _____ backup when using _____ natural _____.

_____ a backup system for compressed _____ fueling?

What about _____ backup _____ compressed _____ gas for _____?

Is it _____ a _____ when using _____ natural gas?

_____ backup for using compressed natural _____?

Do I _____ system in _____ to use compressed natural _____?

Is _____ to _____ a _____ when _____ gas in cars?

If _____ want to _____ for _____ vehicle, do i need a _____?

Is _____ equipment required if _____ is _____ natural _____?

_____ backup system when using natural gas _____ vehicle _____?

When _____ compressed _____ gas, must _____ backup?

Is there a _____ compressed Natural _____ in _____?

_____ should be _____ backup _____ place _____ on CNG.

Is a backup system _____ requirement _____ using _____?

_____ using compressed natural gas as a vehicle _____?

_____ it necessary to install _____ CNG for _____ propulsion.

Is it _____ a backup system _____ installed when using _____ for vehicles?

Is _____ system for vehicles that are _____?

_____ be a backup _____ for compressed _____ gas _____.

Is _____ compulsory _____ supplementary _____ provided with _____ use of _____ for transportation?

_____ to know if _____ is _____ with compressed natural _____ for _____.

_____ having a _____ in case of _____ natural _____?

_____ I _____ a backup _____ I _____ natural gas on my _____?

_____ extra system _____ for natural _____.

_____ be compulsory to _____ backup _____ compressed nat gas?

When _____ gas _____ for vehicles, is _____ to _____ a backup system?

Is there a _____ in place _____ using _____ gas _____?

Is there _____ compressed natural gas?

_____ backup system be used when _____ compressed _____ in _____?

Is _____ backup system required _____ using _____ natural _____?

_____ there a backup system _____ need _____ running my _____ on _____?

_____ a backup _____ be _____ for _____ natural gas _____ for vehicles?

_____ there _____ a backup _____ place _____ compressed natural _____ as _____?

Do we need a _____ when _____ compressed _____ cars _____ trucks?

_____ compressed _____ a vehicle fuel, do _____ need a _____ system?

_____ the _____ natural _____ require backup _____?

_____ a _____ with compressed _____ usage?

_____ a requirement to install _____ backup system _____ natural _____ a fuel?

_____ it _____ to use compressed _____ gas with _____?

Is there any _____ backup when using _____?

_____ it _____ alternate power _____ to be _____ when using _____ gas as automobile fuel?

_____ it _____ have _____ power supply for _____ use of compressed natural _____?

Is there _____ to _____ secondary _____ CNG-powered vehicles?

Should there _____ fueled _____ compressed natural gas?

_____ it necessary _____ use a backup system _____ compressed _____?

Is _____ use compressed natural gas _____ vehicles?

_____ a _____ compressed natural gas _____ necessity?

Is there _____ install _____ system for _____ compressed _____ gas?

Is a _____ required if _____ use _____ natural _____ fuel?

Is _____ to have _____ in place when _____ natural gas as _____ fuel?

To _____ natural _____ for _____ backup system must be _____.

_____ it necessary _____ have _____ setup for _____ with compressed _____ vehicles?

_____ it _____ install _____ backup _____ while using _____ natural gas for _____.

_____ using _____ natural gas as _____ fuel, _____ be a backup _____ place?

_____ you tell _____ the additional safety measure is _____ for _____ compressed _____ vehicle _____?

When _____ gas is _____ requirement to have _____?

Is there _____ a _____ when using CNG?

_____ necessary _____ installed backup _____ to utilize compressed natural _____?

Should a backup _____ be installed _____ gas _____ fuel?

_____ backups be _____ when using _____ as vehicle _____?

One needs to _____ a _____.

_____ to know _____ there _____ an _____ to use a _____ CNG-powered vehicles.

_____ a _____ be installed for using _____ vehicle propulsion?

What are _____ requirements for installing _____ sources _____ choosing _____ car that _____ compressed _____?

Is a backup _____ required _____ gas.

_____ compressed _____ gas is _____ a _____ system _____ installed?

_____ an obligation _____ a secondary system _____ powered by _____?
