

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Network coverage and availability questions
Inquiry Sub-Category	WiFi connectivity issues
Description	Customers face difficulties connecting to their WiFi network, and this category includes inquiries regarding setup, network password, range extender options, or optimization for better signal strength.
Data Size	8,207 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

What ____ the ____ security ____ prevent ____ access ____ hacking attempts ____ wireless network?

Do you ____ on ____ network free of unwanted intrusions?

____ can ____ keep ____ free of ____ activities?

How ____ we prevent ____ use of ____?

____ outsiders ____ from ____ into the wi-fi?

How ____ people ____ getting into our ____?

Do you ____ any suggestions on how ____ network?

____ on fortifying the wi-fi ____?

____ suggestions on how ____ deter hackers ____ accessing our ____.

____ about measures to ____.

There ____ tips ____ keeping ____ network safe ____ hacking.

____ should we take to prevent unauthorized ____?

____ can strangers ____ our ____ net?

____ can ____ keep ____ hackers ____ accessing our wireless ____?

Is ____ to give guidance for ____ against any ____?

Is there ____ way ____ protect my ____ from ____ guys?

____ can we improve ____ security ____ our ____?

Take ____ for ____.

____ to deter hackers ____ accessing the wireless ____.

Are we ____ we ____ follow to ____ our wireless network?

How ____ keep ____ wi- ____ safe?

____ on how to ____ setup secure?

____ steps we can take ____ prevent ____ access or ____ of ____?

____ there ____ guidance against ____ wi-fi access ____ hacking?

Do you ____ security protocols that ____ to ____ our ____ safe?

____ we do ____ our wi-fi ____?

Can ____ suggest ways ____ stop ____ into our wireless ____?

____ prevent ____ from being breached ____.

How _____ strangers _____ into our wi-fi?
 _____ on how to secure our wireless _____?
 _____ on how to protect _____ setup _____ hackers?
 Guidance _____ wi-fi connection against breeches _____.
 _____ the network from _____ attacked?
 What precautions _____ wireless network _____?
 What _____ done _____ prevent _____ access _____ our wireless _____?
 The security _____ that _____ for _____ a wi-fi _____.
 Can _____ us guidance _____ our wi-fi against _____?
 _____ are _____ limit unauthorized entry _____ our wireless _____?
 _____ are tips _____ making _____ wi-fi network is _____.
 _____ security practices would be _____ in _____ to keep _____ out _____?
 _____ us _____ on _____ to _____ hackers or prevent _____ network entry?
 _____ you _____ suggestions _____ to _____ our wi-fi from unauthorized _____.
 _____ about _____ measures _____ WLAN _____.
 _____ be used for _____ a wi-fi connection.
 _____ we get _____ unauthorized _____ to our network?
 Please _____ necessary security _____ to protect our wireless _____ unauthorized _____.
 _____ there _____ way _____ hackers _____ into the wireless network?
 How _____ the network from _____?
 Is it possible _____ unauthorized _____ the wireless system?
 How _____ keep _____ out of _____ wi-fi _____?
 _____ security _____ should be _____ keep unauthorized individuals out of _____ connection?
 _____ a _____ me to _____ my wireless _____ from bad _____?
 Please help _____ protect the _____ from _____ ensure _____ only.
 _____ tell us how we can protect _____ and ensure _____ only.
 _____ there any security _____ that _____ deter _____ or _____ unwarranted wireless _____?
 _____ security precautions _____ taken to secure a _____?
 How can _____ our _____ bad _____?
 What _____ take _____ prevent _____ hacking of _____ network?
