

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Security and privacy concerns
Inquiry Sub-Category	Data Breach Notification
Description	Customers seeking information about any potential data breaches, such as the leakage of personal information or unauthorized access to their accounts, and requesting guidance on mitigating risks and protecting their privacy.
Data Size	5,000 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Will users receive ____ reports ____ leaked ____ a successful ____ ?
In the event ____ hack, do ____ a ____ of ____ info?
Can we get a ____ on ____ leaked ____ attack?
Can we get ____ detailed ____ leaked ____ after a ____ ?
____ leaked or ____ info reports after ____ attack.
Will ____ provided with ____ on ____ information ____ after ____ successful attack?
____ will ____ given ____ any ____ that ____ related to ____ attack or cyber ____.
Users ____ any leaks ____ be related ____ a successful attack ____ break-in.
____ a ____ has ____ a successful ____ attack, ____ users be ____ a detailed ____ on ____ ?
Can ____ get complete ____ leaked info from ____ ?
Attacked users might ____ get ____.
Will ____ be given ____ leaked information ____ an ____ ?
____ will ____ given a ____ report on ____ hacker ____ a ____ cyber attack.
Users will be ____ detailed report ____ information ____ the hacker ____ a ____.
____ cyber attack ____ data leak, what kind ____ report ____ ?
If ____ makes a ____ will users ____ detailed report?
Will ____ given ____ on information that came from ____ a break ____ ?
Is ____ in-depth reports ____ compromised ____ a cyber ____ ?
____ given reports on the ____ info ____ a ____ attack?
Users ____ be given ____ leaks ____ may ____ related to a successful ____ break-in.
____ users ____ provided reports ____ the ____ came from ____ cyber attack?
____ on ____ that comes ____ a successful ____ attack ____ be ____.
Will users ____ given reports on ____ attack?
Will users ____ about leaks ____ a ____ ?
____ have ____ on ____ after you get hacked?
After successful ____ there ____ ?
If ____ makes ____ users ____ given a detailed report?
____ a cyber ____ disclosure ____ reports?

I am wondering ____ I should expect ____ reports ____ after _____.
 Is it ____ detailed ____ exposed info in ____ of a successful ____?
 ____ be ____ reports on ____ from ____ attack or ____ in.
 ____ there ____ disclosures ____ after a successful ____?
 After ____ cyber ____ can ____ reports?
 Once ____ hacker has made ____ public, ____ be ____ a ____?
 ____ you ____ breakdown of ____ info if ____ successful ____?
 ____ report given to ____ users?
 ____ be given a detailed ____ information ____ a hacker ____ it public?
 Does ____ attack disclosure report ____?
 Reports ____ leaked information ____ successful cyber ____ be ____ to ____.
 ____ users be ____ get reports ____ leaked ____ after a successful ____?
 Users may ____ reports on leaked ____ successful ____ attack.
 ____ users ____ on leak ____ a cyber attack ____ in?
 ____ will ____ a report on ____ after ____ hacker ____ a successful cyber ____.
 ____ given ____ detailed ____ if a hacker makes it public?
 Is ____ intricate disclosure ____ successful ____?
 ____ be given reports ____ any leaks that ____ to ____ attack or cyber ____.
 ____ might receive ____ about leaked ____ after an ____.
 ____ be given ____ leaked in a ____ attack?
 Is it ____ to ____ thorough ____ on ____ data after ____ attack?
 ____ receive reports ____ leaked information after ____ cyber ____?
 ____ receive ____ about the ____ data.
 Users who ____ may ____ able to ____ disclosures.
 In case ____ a successful ____ do ____ a ____ the ____ info?
 Will users ____ reports on what ____ after ____ cyber ____?
 Will ____ be ____ leaked ____ after a successful ____?
 ____ be ____ reports on ____ from ____ cyber attack or a ____?
 ____ users get ____ about leaks ____ a ____?
 Users ____ be given ____ detailed report ____ once a ____ attack has _____.
 The users will ____ any ____ that may be related ____ a _____.
 After ____ users receive detailed information regarding ____ data?
 ____ you get complete ____ hacked ____?
 ____ users ____ reports ____ a ____ attack ____ leaked?
 Will users be given ____ about ____ information ____ or ____ in?
 ____ we expect ____ about ____ information?
 ____ have reports ____ leaks that ____ be ____ a successful ____ attack.
 ____ receive ____ about what happened after ____?
 After ____ cyber ____ or breach users ____ reports ____ the ____.
 Users will be ____ leaks related to ____ cyber ____ attack.
 Users will ____ any leaks ____ a ____ attack and ____ break-in.
 ____ will ____ any leaks related ____ a successful ____ cyber break-in
 Reports ____ leaked information that ____ cyber ____ could be given _____.
 ____ will be given ____ leaks related to cyber _____.
 ____ it ____ for ____ detailed ____ leaked ____ after a cyber incident?
 ____ see ____ to ____ leak after a ____ attack.
 ____ be able ____ get reports on ____ information ____ attack?
 ____ possible to ____ thorough reports ____ data leaks ____ a ____?
 Users will ____ a ____ on ____ once ____ hacker ____ a successful _____.
 ____ has ____ it public, ____ users ____ a detailed report?

_____ will _____ reports _____ relate _____ a successful attack or _____ break-in.

When _____ makes a successful cyber _____ given a report on _____?

_____ a _____ a successful cyber _____ be given a report _____ information?

Will _____ have _____ to _____ on _____ information after a _____?

_____ receive reports on any _____ a successful cyber _____ or _____.

_____ receive _____ a _____ cyber attack?

Users _____ a _____ on leaked information after a _____ public.

Users _____ given reports on the _____ information that _____ cyber _____.

_____ it possible _____ reports about _____ information _____ a _____ attack?

Can we _____ a _____ report _____ data _____ was leaked _____ attack?

Will people get _____ on _____ information _____ after a _____?

_____ users _____ given _____ reports _____ leaked _____ after a _____ attack?

Users might _____ information once a _____ makes it public.

Is _____ to _____ reports _____ compromised information after _____ cyber _____?

It's possible to _____ about _____ after a cyber _____.

_____ there _____ disclosure after _____ hacks?

Will _____ be _____ on the leaked _____ once a hacker _____?

_____ will _____ given a report _____ leaked _____ successful _____ attack.

_____ you think _____ will _____ breach _____?

Is _____ breach _____ given _____ users?

Will _____ be provided with _____ on _____ information _____ attack/breach?

_____ possible _____ are sent after _____ hacks?

_____ a cyber attack, do _____ what happened?

_____ there any elaborate _____ after _____?

Users _____ a detailed _____ leaked information once _____ a _____ cyber attack.

_____ be _____ on leaked information _____ a _____ makes a successful attack.

Is _____ possible _____ get thorough reports _____ data _____ a _____?

_____ be _____ reports _____ any leaks _____ a hack or _____ attack.

_____ we get _____ reports _____ a _____?

_____ will see reports _____ leak _____ attack.

_____ on leaked information if _____ was from a cyber _____.

_____ will be _____ any leaks associated _____ a _____ attack.

Users will _____ reports about any leaks _____ be related _____ successful _____.

_____ will _____ information regarding leaks after _____.

_____ users be _____ reports _____ leaked _____ after a _____ attack?

_____ that have been _____ obtain _____?

Users _____ receive detailed _____ leaked _____ successful cyber attack.

_____ we _____ detailed reports _____ the _____?

In-depth reports are given _____ users _____ a _____?

Users will be _____ about _____ leaks _____ to a _____.

Will users be _____ with _____ after a _____?

Is this _____ related _____ a successful _____ shared _____?

Users will _____ reports _____ information _____ successful attacks.

What kind _____ expect if we _____ a cyber attack _____?

Users _____ leaks _____ a cyber attack.

_____ cyber _____ do we receive thorough _____ the _____?

Is it _____ receive certain _____ an attack?

Is _____ possible _____ are given _____ about _____ data?

Will _____ given _____ cyber attack _____ leaked their information?

_____ more _____ successful hacks?

_____ receive detailed reports on _____ after an _____?

Can _____ get a full _____ on any leaked _____?

_____ will receive _____ related to a _____ attack.

_____ will be _____ reports on leaked _____ came from _____ break in

Is it _____ thorough _____ on _____ data _____ you guys are hacked?

_____ be given _____ on _____ after a hacker releases it?

Will _____ given a _____ report when _____ makes _____ public?

_____ will be _____ on _____ leaks relating to _____ successful _____.

_____ there detailed disclosures _____ hacks?

_____ possible _____ receive _____ about breached _____ after _____ attacks happen?

Users _____ receive _____ the leaks _____ successful cyber _____.

_____ users be _____ a _____ leaked _____ once a hacker _____ made _____ cyber _____?

_____ users get _____ leaks _____ from a _____ attack?

Users will _____ reports on _____ a cyber _____.

_____ provide _____ breakdowns of _____ info _____ case _____ successful hack?

Will users _____ given _____ report after _____ releases _____?

_____ an elaborate disclosure made _____?

_____ receive reports _____ any _____ be related to _____ cyber attack.

Users _____ about leaks _____ a cyber attack.

_____ are _____ in-depth reports _____ attack?

Users will be _____ reports _____ any leaks that _____ linked _____ successful _____ or _____.

After cyber _____ occur, _____ detailed reports _____ the _____?

Is _____ a report on leaked _____ a _____?

Users _____ be given _____ a _____ cyber attack.

Will users _____ detailed reports on leaked _____ after _____?

Will _____ leaked information that came from _____ attack _____ break _____?

_____ a _____ attack _____ report _____ reports?

Can we receive _____?

Will _____ about the _____?

Users _____ get _____ about leaks _____ attack.

After _____ do we receive _____ about _____ information?

_____ information about leaks _____ a _____ cyber attack.

Will _____ reports _____ leaked _____ after a successful cyber _____?

Do _____ breakdown of _____ if a _____ succeeds?

Will users _____ reports _____ leaked _____ after a _____ cyber _____?

_____ hacker _____ a _____ cyber _____ will users _____ a detailed _____ on leaks?

_____ will _____ given reports _____ leaked _____ a cyber _____ or _____ in.

Is it possible _____ provide detailed _____ of a successful _____?

_____ get _____ about _____ after _____ attack?

_____ get _____ on the _____ leaked after a cyber attack?

Is it possible for _____ detailed _____ info _____ a _____ breach?

_____ be given a _____ report on leaked _____ successful _____ attack?

_____ be given reports _____ leaked information _____ attack?

_____ we get more _____?

Users _____ receive _____ about any _____ to a _____ cyber _____.

Will _____ get _____ of leaked _____ after _____ attack?

Will _____ be _____ reports on _____ after _____ attack?

_____ be given reports on _____ related _____ cyber attack.

Reports on any _____ be _____ successful _____ or cyber break-in _____ given to users.

_____ have detailed reports about _____?

_____ be given reports _____ what _____ a cyber _____?
 _____ on _____ leaks _____ attack/breach will be given _____ users.
 _____ users _____ on leaked information after a successful _____?
 Will users get reports _____ a _____ executed _____ attack?
 We _____ in-depth reports _____ information _____ cyber attack.
 Reports _____ from a _____ or a _____ in will be given to _____.
 In _____ successful hack, _____ you _____ breakdowns of exposed _____?
 _____ users receive _____ leaked _____ that _____ from a _____ attack?
 _____ it _____ to get thorough reports on _____ data _____?
 _____ expect _____ on compromised information _____ cyber attack.
 Do users get _____ data after a _____?
 When _____ information is leaked _____ users _____?
 _____ possible that we _____ detailed _____ after cyber _____?
 _____ will be _____ any _____ that _____ relate to a successful _____.
 _____ provide detailed breakdown of _____ in _____ case of _____ successful _____?
 _____ get detailed _____ a _____ attack?
 Once _____ makes _____ cyber attack, _____ users _____ given a report _____ leaked _____?
 _____ will receive _____ leaked information after a _____.
 _____ users _____ on _____ that came from a _____ a break in?
 _____ successful attack or _____ break-in will be given to _____.
 _____ will receive _____ about _____ hack.
 Do users get detailed _____ about _____ after _____?
 _____ be given _____ on any _____ to cyber _____.
 Users will _____ on leaked information if it came _____ break _____.
 _____ reports of the _____ a cyber attack.
 Users will receive reports on _____ are _____ attack _____ cyber break-in.
 _____ users _____ with _____ about leaks after _____ cyber _____?
 Is _____ to get complete reports on _____?
 _____ cyber attack _____ full _____ details?
 Do _____ a _____ of _____ info in _____ of a _____ hack?
 _____ see _____ of the leak _____ by a _____.
 _____ it possible that we receive _____ cyber _____?
 _____ given to _____ users _____ detailed information?
 Are the _____ disclosures sent _____?
 _____ expect _____ reports _____ compromised information _____ cyber attack.
 Will _____ reports for leaked information _____ from _____ attack?
 _____ given _____ information that comes _____ successfully executed cyber attack.
 _____ case of _____ hack, do you _____ breakdown _____ info?
 Will _____ reports _____ attack _____ is leaked?
 Users _____ be _____ reports _____ leaked _____ a successful _____.
 Users will _____ reports on _____ that _____ after _____ successful _____?
 Users _____ be _____ any leaks _____ to a successful _____ cyber _____.
 When cyber _____ information is leaked _____?
 Can we _____ more _____ reports about compromised _____ successful _____?
 _____ be given _____ on _____ information _____ from a _____ attack.
 Users will _____ reports on _____ that may _____ to _____ attack or _____.
 Do _____ receive detailed _____ attacks?
 Is it _____ to _____ detailed reports _____ leaks after _____?
 Users _____ get _____ on _____ leaks _____ related to a _____ attack.
 _____ the _____ a _____ hack?

_____ will receive reports about _____ leaks related to _____ cyber _____.

_____ it _____ will be given reports on _____ information after a _____?

_____ will be _____ information _____ data _____ by the _____.

_____ will probably be given reports on _____ attack.

Users _____ be _____ a report _____ leaked information _____ a _____ makes _____.

Will users be _____ reports _____ information _____ attack?

Users will receive _____ on any leaks related to _____.

Can we _____ on what _____ after _____ cyber _____?

It's possible _____ following _____ attack.

_____ a _____ hack, do _____ detailed _____ of exposed info?

_____ to see _____ the leak after _____ cyber attack.

_____ a _____ makes a _____ cyber attack, will _____ given _____ report on _____?

Users will _____ given _____ about _____ that may be _____ attack.

_____ users _____ reports on _____ information that _____ cyber attacks?

Is _____ possible _____ thorough reports on leaked _____ cyber _____?

When _____ breach occurs, _____ be _____ information provided?

Can we get detailed reports _____ leaked _____ a _____?

_____ we expect _____ reports _____ the _____ information after _____ cyber _____?

Will _____ reports on the _____ after _____ successful cyber _____?

_____ it a matter _____ sending elaborate _____ successful _____?

_____ it _____ to receive specific leak _____ following _____?

elaborate disclosures sent _____

_____ the cyber attack/breach information _____ when _____?

Users _____ be _____ on _____ information _____ hacker makes a _____ cyber attack/breach.

_____ users _____ on leaked information _____ result of a cyber _____?

_____ expect in-depth _____ information _____ a cyber attack?

_____ will be _____ reports on _____ a _____ attack.

_____ users be _____ detailed report _____ leaked information _____ successful _____ attack?

_____ will _____ reports _____ the leak after the _____.

_____ it possible that these disclosures _____ successful _____?

Users will _____ information about _____ cyber _____.

Users _____ see reports _____ the leak _____ cyber _____ reported.

_____ be _____ if there are _____ leaks related to _____ attack _____ cyber _____.

elaborate _____ after successful _____?

Reports on any _____ related _____ cyber attack _____ given to _____.

_____ will _____ given _____ on any _____ that could _____ related to a _____ cyber break-in.

_____ report _____ information if _____ hacker makes a successful attack?

_____ we _____ a _____ any leaks after _____ cyber attack?

_____ will see _____ of the _____ cyber attack.

Will _____ ever _____ on _____ information that _____ from a _____ attack?

_____ will _____ given _____ users on leaks _____ related _____ a successful _____ attack.

_____ be given _____ on any _____ that _____ to a succesful cyber _____.

_____ be _____ reports _____ the _____ that _____ be related _____ cyber attack.

_____ report _____ the data that was _____ after a _____ attack?

_____ be _____ leaked _____ after successful cyber attacks?

_____ detailed report on leaked data _____ a cyber attack?

_____ we _____ reports about breached information _____ cyber attacks.

Users _____ reports of _____ leak from a _____.

Information on _____ hack/breach outcome _____ users?

_____ there _____ of a thorough report on _____ after you _____?

_____ a _____ exposed info in the _____ of a successful _____?

Users _____ see the _____ the _____ attack.

Can we _____ the _____ after a cyber _____?

_____ be given _____ on _____ info after _____ succesful _____?

_____ will _____ given reports on leaks _____ a _____.

_____ possible _____ reports on _____ data _____ you get hacked?

Users will be _____ leaked information _____ a _____ it public?

_____ complete reports about _____ information after _____ hacking incident?

Can you get _____ of leaked information _____?

Will _____ on leaked _____ from _____ cyber attack?

Is _____ disclosures sent _____ hacks?

Users will be _____ reports _____ the _____ information _____ comes from _____.

Users _____ reports on any leaks _____ a _____ cyber _____.

_____ effective breach incident, do _____ detailed _____?

Could _____ more _____ reports about the compromised information _____?

If a hacker _____ a succesful _____ attack, _____ a report on _____?

_____ on _____ information _____ given _____ users once a hacker makes _____ public.

_____ give _____ breakdowns _____ info in case of _____ hack?

Information _____ successful hack/breach _____ potentially _____ with _____?

_____ a hacker makes _____ successful cyber _____ on the leaked information?

_____ be _____ reports _____ data that came from a _____.

Do users get information _____ cyber attack?

_____ will be _____ on _____ relate _____ a successful cyber attack.

Will _____ be given reports _____ leaks _____ a _____?

_____ be given reports _____ leaks after _____ cyber _____ in?

Will the _____ when _____ cyber _____ information _____ leaked?

_____ after successful hacks?

Reports on _____ information from _____ successful attack _____ be _____.

I wonder if _____ thorough reports _____ get _____.

_____ will be _____ reports on _____ to a _____ attack.

_____ will be _____ to _____ after a successful cyber _____.

Will _____ when _____ cyber attack/breach information _____ leaked.

Reports on any _____ related _____ successful cyber attack/breach _____ given _____.

Users might _____ detailed _____ about the stolen _____ after _____.

will users _____ information about leaks _____ a _____?

_____ users _____ reports _____ leaks from successful _____?

_____ users receive information _____ after _____?

Will users be _____ of leaks _____ successful _____?

_____ users receive _____ information that _____ cyber _____ or break in?

_____ be _____ on _____ information after a successful cyber _____?

_____ be given reports _____ information _____ successful attack.

Is _____ possible to _____ reports on _____ data _____ after _____ attack?

_____ on leaked information _____ be _____ to _____ after _____ attack.

Reports _____ that _____ from _____ be given to users.

_____ users be given a detailed _____ on _____ successful cyber _____?

_____ will _____ on leaked _____ comes from _____ cyber _____ or _____ break in.

Is it possible _____ get _____ about hacks?

_____ be given reports on _____ information _____ a _____ attack?

Is _____ for _____ to _____ reports _____ cyber attacks?

Users will _____ of the _____ event _____ a _____ attack.

Users _____ on _____ that come after _____ successful _____ attack.

Will users _____ on leaked information after _____?

_____ get reports when cyber attack _____?

Users _____ details _____ the stolen _____ the attack.

Users _____ given a _____ on leaked _____ attack has been made.

Will _____ get _____ if _____ attack/breach information is _____?

_____ we receive _____ on leaked _____ after _____ cyber _____?

Reports on _____ leaks _____ to a successful _____ cyber break-in _____ the _____.

_____ users get information _____ leaks after a _____?

Users _____ given a _____ on _____ information when _____ hacker makes a _____.

Is _____ information about _____ successful _____ potentially shared _____?

_____ on _____ cyber attack will _____ given to users.

_____ users _____ reports _____ information _____ from a successful attack?

What _____ report _____ expect after _____ cyber attack _____ leak?

Users _____ learn _____ after a cyber _____.

_____ any likelihood of _____ about compromised _____ a cyber _____?

Users _____ on any _____ related to a _____ attack.

_____ want _____ should expect thorough reports _____ after you get hacked.

_____ it _____ to _____ detailed _____ on leaked _____ get hacked?

Users are given reports _____ leaks _____ may _____ a _____ cyber _____.

_____ be _____ report _____ leaked information _____ there is _____ successful cyber attack.

_____ attack, _____ we get _____ about the data?

_____ of _____ leaked information _____ a cyber attack.

Can we _____ in-depth reports about _____ attack?

Users may _____ given reports _____ from _____ cyber _____.

_____ users receive information _____ information after a _____?

Will _____ users get information _____ after _____ cyber _____?

Reports on any leaks that may _____ to a _____ attack _____ cyber break-in _____.

Will users _____ leaked _____ after a _____ attack/breach?

_____ sent _____ successful hacks?

_____ know if _____ expect thorough _____ on _____ data _____ you guys get _____.

_____ users _____ on leaks after _____ attack?

Users _____ reports _____ any _____ that _____ be _____ to a cyber _____.

Reports _____ leak _____ be displayed after _____ cyber _____.

Will _____ reports _____ leaked _____ thorough _____ get hacked?

Can we expect an in-depth _____ compromised information _____?

Did _____ send _____ disclosures after _____?

_____ provide detailed _____ of _____ in _____ event of a _____ hack?

Will _____ given _____ report on _____ information _____ has made it _____?

_____ an _____ disclosure following successful _____?

Users will _____ a _____ on _____ a _____ releases it.

_____ users _____ the _____ data after an incident?

_____ leaked information that comes _____ successful _____ will be _____ to _____.

Possible info on _____ shared _____?

_____ you _____ breakdown _____ exposed _____ is a successful hack?

Users will be given _____ after a _____.

After a cyber attack, _____ we _____ reports _____?

_____ on _____ information after a successful attack/Breach?

Is it _____ to _____ reports _____ compromised _____ following _____ cyber _____?

Is _____ elaborate _____ sent _____ hacks?

_____ users get reports on _____ information that _____ attack?
 _____ it _____ that _____ detailed information about stolen _____?
 Is it _____ to _____ on any _____ after a cyber _____?
 _____ to get _____ cyber breach _____?
 Is it possible for me _____ on the _____ you _____ hacked?
 Will _____ a report on _____ information after _____ hacker makes _____?
 _____ a _____ yield leaked _____?
 Will _____ on the _____ information from a _____ attack?
 Do _____ a detailed breakdown _____ info _____ case of a _____?
 Users _____ of the _____ after a cyber _____.
 Will _____ reports on leaks from _____ or _____ break _____?
 _____ leaked information after a successful attack _____ to _____.
 _____ it _____ for users _____ get _____ on _____ information after _____ cyber _____?
 _____ will _____ of _____ leak after _____ cyber attack.
 _____ users _____ information that resulted from a _____ or break in?
 _____ made aware of leaked _____ after a _____ attack?
 Will _____ on leaked _____ stemming from a cyber _____?
 Is it possible to _____ reports _____?
 Reports on _____ attack _____ will _____ given _____ users.
 Users _____ receive _____ any _____ might _____ related to _____ successful _____ attack.
 _____ hacker _____ a successful cyber _____ will users be given _____ leaked _____?
 _____ be _____ reports _____ the cyber _____ leaked information?
 _____ complete reports on any _____ after _____ cyber attack?
 _____ reports _____ leaked _____ that came _____ a cyber attack?
 Do you have _____ of exposed _____ a successful hack?
 Do _____ have _____ breach reports?
 _____ get reports _____ leaked _____ following _____ incidents?
 Users will receive reports _____ any _____ may _____ related _____ cyber _____.
 Can we _____ report after a _____?
 _____ be _____ leaked information that was caused by a _____?
 _____ will see _____ from _____ after a cyber _____.
 _____ possible that there _____ disclosures _____ after _____ hacks?
 Can _____ expect detailed reports _____ compromised information _____?
 Will users _____ provided a _____ report _____ information _____ successful cyber _____?
 Will people be _____ reports _____ a successful _____?
 Will _____ given reports on the _____ information _____ successful _____?
 Users _____ receive information _____ after _____ successful cyber _____.
 Will users _____ reports _____ leaked information _____ a _____ executed _____?
 Is it _____ to expect _____ after _____ attack?
 _____ be _____ to get detailed _____ leaked _____ after a _____ attack.
 _____ users _____ reports on _____ that comes _____ a _____ or break _____?
 When a _____ makes a succesful _____ be _____ detailed report on _____ leaked _____?
 Do you give _____ the event of a successful _____?
 Reports will be given _____ leaked _____ cyber _____.
 Will _____ given _____ on _____ information caused by a _____?
 Will _____ on leaked information after _____ successful _____?
 _____ an _____ disclosure _____ successful hacks?
 Will _____ reports on _____ after a cyber _____?
 Users _____ see the leak reports _____ a cyber _____.
 Users receive _____ reports upon _____?

Users will _____ a detailed _____ on leaked information _____ public.

_____ given a report _____ leaked _____ once a _____ successfully _____.

_____ cyber _____ users _____ see reports of _____ leak.

_____ be given _____ leaked _____ after a _____ attacker?

_____ be told _____ leaked _____ that comes _____ successful cyber _____?

Users might _____ given _____ report _____ information _____ successful _____ attack.

_____ will _____ leaks after a cyber _____.

_____ given _____ about the _____ data _____ the attack.

_____ know _____ thorough reports on leaked data after you _____ hacked.

Do you _____ details?

Is _____ a _____ of elaborate disclosures _____?

_____ we get _____ after _____ attacks?

Information _____ hack/breach _____ with users?

_____ reports on leaked _____ after a succesful cyber _____?

Is it _____ to expect _____ compromised information _____ cyber _____?

Users _____ of _____ or stolen info reports after _____.

_____ will _____ the leak after _____ cyber attack _____.

_____ get _____ about _____ after a _____ attack?

Will _____ reports on leaked _____ successful attack?

In _____ case _____ a _____ provide detailed _____ of exposed info?

_____ for _____ disclosures _____ be sent after _____ hacks?

Users _____ given detailed _____ data stolen.

_____ it possible that _____ get _____ reports after _____?

_____ possible _____ will get _____ compromised information after a cyber _____?

Will _____ reports _____ a cyber _____?

_____ users _____ provided with reports _____ leaked information following _____?

Will _____ given _____ leaked information after successful cyber _____?

We _____ reports _____ information _____ a cyber attack.

Will _____ be given reports on leaked _____ that _____ or _____ in?

Can we expect in-depth _____ on compromised _____?

Will _____ access _____ reports _____ leaked _____ after a _____ cyber _____?

In _____ of successful hack, _____ you _____ detailed _____ exposed _____?

Users _____ provided with _____ leaks related to a _____.

_____ will _____ on _____ information that _____ a cyber attack

Will users be given _____ a _____ cyber attack?

Users will _____ related to _____ cyber attack or hack.

Users who _____ been _____ may _____ able _____ disclosures.

_____ will get _____ when _____ attack/breach _____ is _____.

There will _____ detailed information _____ a _____.

We _____ reports about _____ information _____ cyber attack.

_____ on _____ that comes from _____ cyber _____ will be _____ users.

Will users be _____ information _____ successful attack/Breach?

Users will _____ reports _____ any _____ related to a _____ attack.

_____ be _____ reports _____ leaked information from _____ or _____ ins?

_____ information about _____ data _____ be given after _____.

Reports _____ given on any leaks _____ cyber _____.

Is _____ expect in-depth reports about _____ information after _____.

_____ on the leaked information once a hacker _____ made a successful cyber _____.

_____ wonder if we _____ in-depth reports about _____ cyber attack.

Will _____ receive reports _____ successful attacks?

Will _____ get _____ detailed report after _____ ?

_____ a _____ makes _____ public, _____ be _____ a detailed report?

_____ be _____ reports on leaked information after _____ attack.

_____ may _____ detailed information about _____ that _____ stolen.

_____ be _____ on any leaks that may be _____ to _____ successful _____ cyber break-in.

_____ users get detailed _____ on _____ an attack?

Do you _____ a breakdown of _____ in _____ successful hack?

_____ get complete _____ about _____ leaked _____ hacking incidents?

_____ users _____ given _____ on _____ information that _____ after successful _____ ?

_____ on any leaks related to _____ attack _____ to _____.

_____ an accomplished cyber _____ we expect in-depth _____ compromised _____ ?

Will _____ a detailed report _____ leaks _____ a hacker makes _____ successful _____ ?

When _____ makes _____ cyber _____ will users _____ given _____ report _____ leaked information?

_____ be detailed _____ on leaked information _____ a _____ attack?

There would _____ in-depth reports _____ compromised information _____ .

_____ information _____ detailed after a cyber attack.

Will users _____ report on leaked _____ from a _____ or break _____ ?

Will users see _____ leaked _____ that _____ a cyber _____ ?

_____ will _____ reports on _____ were related to _____ successful cyber _____ .

_____ reports on _____ a cyber attack?

_____ are _____ to _____ about _____ after a _____ cyber attack.

_____ there elaborate _____ after a _____ ?

_____ it possible _____ thorough _____ on _____ data after a cyber _____ ?

Is _____ possible _____ get thorough _____ on _____ data _____ guys _____ hacked?

After _____ about receiving leak _____ ?

Will users get reports _____ the _____ attack/breach _____ ?

_____ about leaks after a _____ ?

_____ you _____ breakdowns _____ exposed info _____ event of _____ hack?

Will users be _____ on leaking _____ from _____ attack?

_____ are _____ to be given _____ about the _____ .

_____ it _____ to _____ reports after a cyber attack?

Users _____ any leaks _____ can be related to a successful _____ .

_____ users _____ reports _____ attack/breach _____ is _____ ?

Will users _____ after _____ succesful cyber attack?

_____ will receive reports on any _____ are _____ a _____ .

Users will _____ any _____ may be related _____ successful _____ or break-in.

Reports of the _____ cyber _____ be _____ to users.

_____ users receive _____ leaked _____ an attack?

_____ will be given _____ on any leaks _____ to _____ or _____ .

_____ users receive _____ leaks _____ an _____ ?

_____ it _____ we receive _____ report after cyber _____ ?

Users _____ likely _____ the _____ attack/breach information is _____ .

Users will _____ reports on _____ that may _____ connected _____ successful _____ or _____ .

Do you _____ exposed _____ case of a successful _____ ?

We _____ expect in-depth _____ compromised _____ a _____ attack.

_____ any _____ or _____ info reports _____ with _____ ?

_____ will be _____ reports on _____ information from _____ attacks _____ .

Do you give _____ breakdown _____ info in _____ of _____ successful _____ ?

There _____ be reports _____ leaked _____ from _____ attack.

Will there _____ about _____ information _____ a cyber attack?

Will users be getting _____ information _____ a cyber _____?

Is it possible _____ reports on breached _____ after _____?

Will _____ given _____ report on leaked _____ when _____ succeeds in _____?

_____ will be _____ leaked information _____ a hacker succeeds.

_____ receive information about _____ cyberattack.

Users _____ be _____ reports on _____ information _____ a _____.

When a _____ cyber _____ users get a detailed report _____ leaked _____?

Will _____ be _____ reports _____ leaked _____ successful attack?

Will users be _____ reports _____ leaked _____ came _____ break in _____ attack?

_____ hacker makes a _____ cyber _____ will _____ a detailed _____ leaked information?

_____ users get _____ when _____?

_____ an attack, _____ get _____ details?

After _____ cyber attack users _____ the leak.

_____ be given _____ on _____ information after _____ succesful _____ attack.

_____ you give _____ exposed info _____ case of _____ hack?

Do we get thorough _____ about _____ cyber _____?

_____ successful _____ attack, will _____ be given _____ leaked information?

Users _____ given reports _____ information, _____ successful cyber attack.

Users will be given _____ on _____ a _____ in attacking.

_____ will _____ information _____ leaked information after _____ attack.

_____ can get _____ on leaked _____ after cyber _____.

After cyber attacks, _____ we _____ reports _____ breached _____?

_____ will likely _____ reports _____ leaked information after _____ cyber _____.

Is _____ possible to _____ reports on any _____ cyber _____?

_____ sent after successful _____?

Is it _____ thorough _____ data after _____ guys get hacked?

Users will _____ leaks _____ a successful _____.

_____ users be _____ leaked _____ after an attack?

_____ users be given reports _____ leaked _____ is a successful _____?

_____ will get _____ on _____ leaks _____ cyber attack/breach.

_____ who have _____ attacked _____ to get thorough _____.

Users _____ given _____ after a _____ cyber attack.

Reports _____ leaked _____ that _____ from a cyber _____ given.

_____ be _____ leaks after a cyber attack.

_____ it _____ to _____ reports on the _____ you get hacked?

_____ be given _____ on _____ that may _____ to _____ successful attack or a _____.

_____ getting reports on _____ leaks that _____ be _____ to _____ cyber attack.

Users will _____ a detailed report after _____ public.

_____ get a _____ leaked _____ after a successful attack?

Is it _____ that _____ breach reports?

_____ it _____ that we receive _____ report _____ cyber attack?

Will _____ receive a detailed _____ leaked information _____ successful _____?

Reports will be _____ on any leaks _____ related to _____.

_____ a successful _____ could we expect _____?

_____ more _____ reports _____ a cyber attack?

_____ hack/breach outcome _____ with users?

_____ users get _____ detailed _____ after _____ successful cyber attack?

Users will _____ given _____ information after a _____ attack.

Will users be provided _____ a cyber _____?

Do _____ users _____ breach _____?

Will _____ about leaks _____ a succesful cyber _____?

_____ there be detailed _____ on _____ you get _____?

Users _____ be given reports on leaked _____ came from _____ attack _____.

Will _____ reports _____ leaked information related _____ cyber attack?

Users will _____ given a _____ on _____ after _____ cyber _____.

_____ we get thorough reports _____ data _____ attack?

Can we expect _____ get _____ reports _____ the _____ information after _____?

_____ users _____ reports when cyber attack/breach _____?

Will _____ be _____ reports about the hacks?

Do _____ receive _____ leaked _____ an incident?

_____ users _____ given _____ on leaked _____ after _____ attacks?

_____ attack, _____ we expect more _____ reports about _____ information?

_____ a _____ information after a successful attack?

_____ it possible to _____ on _____ after _____ cyber attack?

Will _____ get a report _____ after _____ cyber attack?

Do people _____ soon?

_____ give _____ reports about hacks?

_____ leaks after a successful hack?

Can _____ get a detailed _____ happened _____ a _____ attack?

_____ will _____ regarding leaks after _____ successful cyber _____.

Is there an _____ after _____?

_____ we _____ full _____ leaks after a cyber _____?

_____ get _____ leaks after a successful _____ attack.
