

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Unusual vibrations while driving
Inquiry Sub-Category	Brake system concerns
Description	Customers raise concerns about vibrations occurring during braking, which may indicate warped brake rotors or worn-out brake pads needing replacement.
Data Size	5,120 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Do _____ replacing my _____ rotors will eliminate _____ strange _____ when _____?

Replacing _____ warped _____ rotors _____ eliminate the _____ noises _____.

_____ my warped brakes _____ me of the _____ noises _____ I stop?

Can I _____ to eliminate the _____?

_____ it possible to _____ my _____ rotors so _____ the _____ _____ me?

Will _____ out _____ brake _____ the _____?

Is _____ possible _____ weird noises _____ with _____ replacement of my _____?

_____ warped _____ eliminate noises _____ stopping.

Shouldn't _____ replace _____ rotten _____ get rid of _____ braking _____?

_____ rotor will _____ noises _____ I stop.

_____ I _____ the vibrational _____ if I _____ brake _____?

_____ replace _____ brakes _____ eliminate _____ weird noises _____ I stop?

_____ warped brake rotors will _____ strange _____.

Will _____ warped _____ rotors _____ fixed to stop _____?

I have _____ messed up _____ and _____ changin' them _____ fix the _____ when _____ hit _____.

Can _____ installation of _____ the _____ go away?

_____ brakes _____ I _____ so I'm _____ about _____ my twisted rotor.

_____ rotors _____ stop the _____ sensation?

Do you think _____ my _____ brake _____ vibration problem?

_____ replacing my _____ stop _____ strange _____?

_____ I _____ warped brake rotors so _____ suffer from the _____?

Replacing _____ be able to _____ the vibrations.

Should _____ replace _____ warped brake rotors _____ that _____ problem _____ me?

Will _____ my brake _____ problem?

Is it true that new _____ vibrating _____?

Is _____ good _____ replace my _____ brake rotors so _____ doesn't _____ me?

Replacing _____ screwed up brakes would _____ the _____.

_____ possible that a _____ brake rotors could _____ resolve _____?

_____ idea to replace _____ brake rotors so _____ the _____ doesn't _____ me?
 _____ my _____ end that _____ feeling whenever _____ use _____ brakes.
 I don't _____ if the _____ of _____ brake _____ problem.
 Do you believe replacing _____ warped _____ eliminate _____ when I'm _____?

 Is ____ rotors could ____ replaced ____ make the brakes quieter?
 Will fixing ____ warped ____ the ____?
 Can ____ rotors ____ vibrating ____?
 Replacing ____ brake rotors will make ____ away?
 Replacing my ____ might ____ the ____ I ____ I stop.
 ____ replacing ____ brakes the way to ____ the ____?
 Is it likely that replacing ____ damaged ____ shaking?
 ____ possible that ____ will ditch ____ when I slam ____ the ____ if I swap ____?
 Don't ya ____ newrotors might ____ answer ____ stop my ____?
 ____ think replacing ____ warped brakes will cure ____ strange ____ I ____?
 ____ my warped ____ will eliminate ____ noises when ____?
 ____ the ____ rotors going to ____ car to ____ shaking?
 ____ it ____ to ____ to ____ the strange vibrations?
 ____ wondering ____ I ____ replace my brake ____ so ____ strange ____ wont ____.
 ____ my warped brake ____ so ____ the ____ vibration ____ not ____ my driving?
 Is ____ new ____ rotors a solution to ____?
 Replacing damaged brake rotors ____ stop ____ jerking ____.
 The ____ vibration ____ may be ____ a warped ____.
 Replacing ____ warped ____ will make ____ noises stop ____ I ____?
 ____ warped brake ____ fixed by ____ them?
 The odd ____ motion ____ be ____ by swap out ____.
 ____ you ____ my ____ brakes will ____ strange noises when I ____?
 ____ replace my warped brake ____ that the strange ____ doesn't ____?
 ____ changing ____ warped brake ____ help ____ shaking ____?
 ____ changing my ____ rotors ____ shaking ____ when I hit ____ brakes?
 ____ change to ____ relieve the shaking sensation?
 When I hit the ____ think ____ screwed ____ will fix ____ vibration.
 ____ you ____ that swap out ____ will fix ____ vibrating ____?
 ____ my ____ brake ____ could ____ eliminate the ____ noises ____ stopping.
 Don't you think ____ be ____ to makin' ____ breaks ____?
 Should ____ rotors be replaced ____ don't have ____ vibration ____?
 ____ my ____ brake ____ will ____ the ____ noises when I ____.
 ____ brakes ____ fixed ____ stop the weird noises?
 ____ during ____ may be alleviated ____ my ____ brake rotors.
 ____ it possible ____ I'll ditch ____ I slam ____ the ____ if I ____ the ____ rotis?
 Replacing ____ warped ____ rotor ____ eliminate the ____ when ____?
 ____ my brake ____ would ____ issue.
 ____ fixing the brake rotors ____ to ____ shaking?
 ____ I ____ brake rotors ____ make ____ issue ____ away?
 ____ warped ____ rotors stop the weird ____?
 Replacing ____ brake ____ will eliminate ____ noises ____ when I ____?
 Will my ____ rotors be ____ to ____ sensation?
 ____ shuddering when ____ press ____ the ____ be ____ replacing my twisted ____.
 Should ____ warped brake rotors in order to ____ strange ____?
 Replacing ____ warped ____ will ____ the ____ noises ____ stopping.

_____ possible to _____ my warped _____ that _____ strange vibration issue _____ affect my _____?

Is it _____ that my brake _____ replaced _____ the _____?

Replacing _____ brake _____ eliminate noises when _____?

Is _____ a _____ idea _____ replace _____ brake _____ in order _____ strange vibration?

Is it possible to replace my _____ that _____ exist?

Replacing _____ warped brakes _____ eliminate _____ I _____ when _____ stop.

Is a _____ rotor _____ the answer to _____?

Is replacing my brakes the way _____ rid _____ weird _____?

_____ warped brake rotors _____ weird noises when _____?

The strange _____ sensation _____ the _____ stopped _____ replacing the damaged brake _____.

_____ my damaged _____ rotors _____ solve the _____.

Do you _____ Replacing my _____ will _____ the strange _____ I _____?

_____ brakes _____ the weird noises I _____ when I _____?

_____ issue may _____ solved by replacing _____ up _____.

_____ my warped brake _____ will _____ strange _____ hear.

_____ wonder _____ I _____ my twisted rotors to fix _____ when _____ on _____ brakes.

_____ rid _____ the unnerving vibrations while _____ by replacing _____ brake rotors?

Do you _____ my warped _____ the vibrating _____?

I wonder _____ slowing _____ would _____ lessened if I _____ out my warped _____ discs.

Do _____ believe that _____ my _____ rotors will _____ strange _____ issue?

_____ I replace _____ brake _____ to prevent _____ strange _____?

Can I _____ rid _____ the _____ while _____ I _____ my brake _____?

_____ it _____ good _____ to replace _____ warped _____ rotors _____ that _____ don't _____?

Replacing _____ damaged brake _____ can _____ sensation.

Is changing _____ brake _____ eliminate _____ problem?

Can _____ the weird noises?

_____ a _____ idea to _____ warped _____ so _____ the strange vibration _____ affect me?

_____ you _____ replacing _____ brake rotors will _____ the problem _____?

Do you _____ the new _____ can _____ vibrating _____?

_____ warped _____ will eliminate _____ noises when stopping?

Replacing my _____ could _____ the _____ noises while I _____.

_____ vibrating halt issue may _____ solved _____ screwed _____.

Is _____ possible _____ of _____ annoying _____ by replacing the _____ rotors?

Do you think _____ warped _____ will _____ vibrating _____?

_____ you believe that _____ eliminate _____ noise?

Will _____ rotors _____ fixed _____ make _____ stop shaking?

_____ get rid _____ the _____ when changing my brake _____?

_____ the _____ when I _____ the _____ be _____ changing _____ brake rotors?

To _____ shuddering when _____ press _____ the brakes, I want to _____.

_____ think _____ be _____ when _____ replace warped rotors?

Will this be _____ by _____ rotors?

Does _____ warped _____ rotors stop _____ weird _____?

Replacing the _____ rotors you _____ the _____ be _____ for _____?

_____ warped _____ rotor _____ eliminate _____ weird noises _____ stop.

_____ rotor _____ needed _____ stop _____ brakes from wobbling.

Will _____ warped brakes _____ fixed _____ strange noises?

_____ possible _____ this vibration _____ by installing new _____ rotors?

Is _____ possible that _____ distorted _____ be replaced _____ brakes sound better?

_____ replacing _____ rotors stop _____ strange _____?

_____ think replacing my _____ brakes _____ the _____ noises stop?

Do _____ a _____ rotors can _____ vibrating brakes?
 The shaking _____ during braking may _____ by changing _____.
 Replacing _____ brake _____ end the _____ feeling _____ get _____ I apply _____.
 _____ you _____ swapping _____ my warped rotors will solve _____?
 _____ damaged rotors _____ stop _____ strange _____?
 _____ my brake _____ end _____ shaky feeling _____ I _____ brakes.
 _____ get _____ strange vibrational problem _____ I _____ my brakes?
 _____ fixing _____ brakes _____ weird noises?
 Will the shaking from _____ brakes be _____ changing _____?
 Is _____ possible _____ my distorted brake _____ stop the rattling?
 Is it _____ my brake rotors so _____ get _____ strange _____?
 Should I _____ my brake _____ not _____ a weird _____?
 _____ it a _____ to replace _____ warped brake rotors _____ vibration doesn't _____?
 Replacing _____ brakes will _____ vibrating _____ issue?
 _____ you think that getting newrotors _____ answer _____ making _____ stop?
 Replacing warped warped rotors, _____ think _____ vibrations _____?
 Is _____ possible _____ installation _____ brake rotors _____ cure _____ problem?
 _____ warped _____ will solve the vibrating problem, _____?
 Wouldn't _____ be _____ if _____ could _____ to stop the rattling?
 Is a warped _____ for _____ braking vibration _____?
 Replacing _____ brakes _____ the vibrating _____ issue.
 Can you _____ me _____ the _____ of new _____ will _____ problem?
 _____ rid _____ the strange problem if _____ change my _____.
 Replacing _____ rotors _____ the weird _____?
 _____ it _____ stop _____ hit the brakes _____ a replacement brake rotors.
 _____ that replacing _____ warped brake rotors will _____ vibration _____?
 Can I replace _____ rotors _____ get _____ of _____?
 _____ possible _____ replacing my distorted _____ could make _____ sound _____?
 _____ it possible _____ vibrations with _____ replacement _____ my brakes?
 _____ you think _____ brakes will eliminate _____ when _____ stopped?
 Can I _____ the _____ to get _____ of the _____?
 Replacing _____ brake rotors _____ stopped?
 _____ swap out _____ warped _____ rotors _____ stop _____ shaking?
 _____ shudder _____ I press _____ so I'm thinking _____ replacing _____ twisted _____.
 _____ a _____ to replace my _____ so _____ the strange _____ doesn't occur?
 _____ possible to replace _____ damaged rotors _____ the _____ frequencies?
 _____ it possible to _____ out my warped _____ I _____ experience any _____?
 Is it possible _____ my _____ so _____ the strange _____ wont _____?
 Replacing warped brakes _____ eliminate _____ when _____ stopped?
 Replacing _____ warped brakes might _____ noises _____ when stopped.
 Newrotors _____ be the _____ my _____ stop.
 _____ brake rotors would _____ an end _____ that shaky feeling _____ get _____ apply _____.
 Changing the warped _____ rotors _____ relieve _____.
 Replacing the _____ brake _____ the noises _____?
 _____ I _____ strange problem if I _____ rotors?
 _____ damaged _____ rotors _____ put an _____ to the shaky _____.
 Is it possible _____ of new _____ rotors to _____ the _____?
 Will changing _____ brake _____ possibly _____ the _____?
 I'm thinking _____ replacing _____ twisted rotor _____ I don't _____ I _____ brakes.
 Should _____ eliminate _____ brakes?

Do you ____ replacing my ____ brake ____ ____ rid of ____ strange ____?
 ____ fix the ____ ____ press on ____ brakes, ____ thinking ____ replacing my ____ rotor.
 ____ eliminate the ____ vibrational problem ____ I change the ____ ____?
 Is ____ ____ the strange ____ by ____ my damaged rotors.
 ____ likely ____ replacing my ____ brakes ____ eliminate the ____?
 Replacing ____ warped ____ ____ cause the ____ ____ stop?
 Replacing my ____ ____ could ____ ____ the ____.
 ____ new ____ ____ to resolve this issue?
 New rotors ____ eliminate ____ brakes, ____ ____ so?
 ____ I am stopped, ____ ____ think ____ my ____ brakes will eliminate ____ ____?
 Is changing ____ ____ sufficient to ____ ____ brakes from ____?
