

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Installation instructions and guidance
Inquiry Sub-Category	Power and Electrical Requirements
Description	Customers inquire about the power and electrical needs of their telecommunications equipment, seeking guidance on electrical standards, grounding, power supply requirements, and wiring for different power sources and voltages.
Data Size	5,002 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

____ are ____ standards ____ my telecommunications ____ installation?
Wondering about the ____ power ____ line ____.
What ____ electricity ____ setting up telecom ____?
Do you ____ what ____ to construct ____ devices?
____ are ____ power specifications ____ and ____?
Is ____ requirements ____ the ____ work on ____ equipment?
____ we have ____ criteria for electricians when ____?
Can ____ confirm ____ power reqs ____ my ____ installation?
Can you ____ me about the ____ standards ____ up my ____?
I'm ____ telecom hardware, ____ are the ____?
____ there any criteria regarding electricians while ____?
What ____ for the ____ telecommunications equipment?
____ know anything about ____ electrical criteria in ____?
____ if approved power specifications ____ phone ____ deployment.
____ any ____ on electrical ____ regarding telecom gear ____?
How ____ electricians ____ telecom ____?
____ you ____ the power ____ for ____ equipment?
When setting ____ hardware, ____ are ____ criteria?
____ need to follow ____ guidelines while ____ device.
Do you ____ electricity ____ apply ____ erecting telecommunication ____?
____ telecom gear ____ standards?
____ you ____ the electrical codes ____ telecom ____?
____ setting up ____ what ____ standards are followed?
Wondering if ____ power specifications during ____ line ____.
____ specifications ____ phone line deployment...
____ the electricity ____ setting up ____ gear?
Can you ____ electrical ____ equipment?
____ information about ____ norms regarding ____ gear installations?

_____ able to provide the necessary _____ for _____ telecom _____?
 The _____ electrical standards _____ for _____ telecommunications gear.
 _____ you _____ to _____ for our telecom devices?
 _____ tell me the necessary _____ for our _____?
 Before _____ set _____ hardware, _____ are _____ elec criteria?
 _____ standards apply _____ equipment installation?
 What _____ for _____ installation _____ telecommunications?
 _____ regarding electric set up _____ communications devices.
 Is _____ a _____ for _____ in _____?
 _____ it possible _____ specify the electrical requirements _____ installing _____?
 _____ the electrical _____ apparatus placement.
 _____ it _____ to identify the _____ for _____ telecom _____?
 Do _____ electricity _____ apply _____ my _____ telecommunications?
 _____ electric _____ for communications devices.
 We _____ implement _____ devices with _____ specifications.
 _____ we know about _____ for installing _____?
 What _____ the requirements for _____ on a _____?
 _____ are _____ guidelines I should _____ during my _____.
 _____ any guidelines for wiring _____ installing _____ gear?
 _____ you have _____ standards needed _____ setting up _____ equipment?
 _____ there _____ rules _____ setting _____ equipment?
 _____ power _____ for _____ line deployment?
 What are _____ for _____ of _____ equipment?
 Will _____ tell _____ electrical _____ my equipment?
 _____ am interested _____ power code _____ communication gadgets.
 _____ electricity _____ telecommunication devices?
 Will _____ give the _____ guidelines for _____ equipment?
 Can _____ what the _____ for my equipment _____?
 Does anyone know _____ are _____ to install _____?
 Do you have _____ necessary _____ implementing _____ devices?
 I am wondering _____ any _____ electric _____ communications devices.
 Is _____ anything you _____ about _____ electricity standards _____ devices?
 I would _____ know _____ electrical standards _____ setting up my _____ equipment.
 _____ do we have _____ electrical _____ in a _____ setup?
 _____ specify electrical _____ apparatus placement.
 Please _____ me _____ I should follow when installing _____.
 _____ possible to _____ electrical _____ when _____ my telecommunications gear?
 _____ you _____ any _____ about installing _____ equipment?
 _____ tell me _____ the _____ in telecom setup.
 _____ are the _____ for _____ telephone _____?
 What _____ electrical _____ my _____ equipment installation?
 _____ the electrical _____ for _____ equipment?
 I _____ know _____ for _____ telecom device install.
 _____ are _____ install telecom equipment?
 Is _____ set _____ for _____ in telecom _____?
 _____ need _____ my _____ setup _____ the electrical standards.
 _____ you _____ know the _____ requirements for _____ contraptions?
 _____ know _____ electricity _____ apply to construction of _____?
 _____ guidelines when _____ telecom _____ are _____.
 _____ are _____ standards that should _____ considered when _____?

Do you _____ accepted _____ standards _____ in telcos?
 _____ electrical specifications for our _____?
 _____ guidelines on _____ when installing telecom _____?
 _____ set up my _____ gear, _____ are _____ standards?
 _____ any _____ electrics while putting up _____ gear?
 _____ electrical _____ used for telecom _____?
 _____ the _____ standards _____ are needed for setting up my _____ equipment.
 What _____ know about _____ criteria _____ a telecom _____?
 _____ like to know how _____ set _____ telecom _____ with _____ standards.
 Information about _____ to _____ telecommunication systems.
 Can you explain the electrical _____ setting _____?
 What _____ standard _____ my telephone _____?
 What _____ the _____ my _____ setup?
 _____ wonder about _____ during phone _____ deployment...
 Do _____ used for telecommunication devices?
 What _____ the _____ for a _____?
 _____ are _____ rules _____ fitting my _____ equipment?
 We need _____ necessary electrical _____ for _____ our _____ devices.
 The electrical _____ should follow _____ my telecom _____.
 What are the _____ when setting _____ telecom _____?
 Do you know _____ telecom _____?
 _____ want to _____ electrical _____ during _____ telecom _____ install.
 _____ electrical _____ apply _____ my Telecom _____?
 _____ electrical _____ should be considered _____ equipment?
 Do _____ know _____ that are used _____ erect telecommunication _____?
 What's _____ telecom gear?
 _____ are _____ requirements for the electrical _____ carry out _____ telecom equipment?
 _____ electrical standards _____ to _____ installation?
 I _____ if there _____ any _____ regarding my telecommunications hardware's _____.
 _____ I have _____ rules for _____ my telecoms _____?
 _____ electric standards _____ to _____ our telecom products.
 _____ electrical standards _____ of telecommunications.
 Tell us electrical _____ placement.
 The electrical _____ need to _____ my _____ device _____.
 _____ the electrical _____ for _____ equipment installation?
 I need _____ clarify _____ electrical _____ my _____ installations.
 _____ you _____ the _____ telecom gear installations?
 Wondering about _____ during phone _____.
 _____ you know the _____ telecom gear _____?
 I _____ looking for electrical specifications _____ telecom _____.
 Wondering _____ approved _____ specifications _____ a _____ line _____.
 _____ know _____ specifications for implementing _____ telecom devices.
 What can you _____ me about _____ setup?
 _____ wondering about the _____ fitting my telecoms _____.
 I want the _____ the installation _____ telecom _____.
 _____ about the elec criteria before _____ hardware?
 How do _____ electrical _____ for _____ telecommunications equipment?
 _____ what _____ were approved during _____ line _____.
 _____ setting up my _____ could you please _____ standards?
 I don't _____ electrical rules _____ gear.

_____ any electrical guidelines _____ need _____ follow during _____ process?

Please tell _____ standards _____ to our telecom _____.

_____ tell me _____ need to use to _____ my telecom equipment?

_____ like _____ know the electrical standards _____ are needed to _____ up _____.

_____ regarding telecom _____ installations?

_____ for the wiring _____?

Do _____ know _____ electricity _____ apply to _____?

I want _____ electrical requirements _____ the installation of _____.

_____ to _____ up telecom hardware, what _____ criteria?

_____ a set _____ electricity in _____ equipment?

_____ electrical guidelines should I _____ during _____ process?

_____ you please give me the _____ my _____?

_____ the _____ with electrical _____ for _____ telecom _____?

_____ need to know the _____ for _____ devices.

How _____ in _____ equipment _____?

Electricity _____ up telecom gear _____ known.

What are the electrical _____ install _____?

Please tell us _____ standards _____ our telecom _____.

_____ should I follow _____ electrical _____ during _____ installation _____?

Is there _____ regulations _____ equipment.

_____ don't know _____ the _____ is for _____ gadgets.

_____ electric standards that are _____ to integrating our _____.

During _____ telecom device _____ please _____ the electrical _____ I _____.

_____ possible _____ specify the electrical _____ the _____ of my telecom _____?

_____ wonder _____ the _____ are for _____ telecom gear.

Is _____ any _____ regarding electrical requirements for _____?

_____ you _____ electricity standard applies to _____?

_____ want to know _____ there _____ set standard _____ in telecommunications _____.

_____ requirements _____ work I intend to do for _____ equipment?

_____ it possible _____ say the _____ installing telecom _____?

_____ you _____ any electrical norms _____ setting up _____?

What are _____ my telecommunications _____?

_____ the _____ codes that govern _____ placement.

I need electrical _____ my telecom _____ installation.

_____ the electrical _____ to follow when setting _____ telecommunications _____?

_____ setting _____ telecommunications gear, _____ approved electrical standards to _____?

I need _____ the electrical _____ telecommunication setup.

_____ standards are _____ to _____ our telecom _____?

_____ the _____ specifications for the telecom installation?

_____ are _____ standards for _____ gear _____?

What _____ the approved electrical _____ to _____ setting up _____?

_____ can give _____ the electrical _____ for _____ of telecom _____.

The _____ for my telecommunications _____ known.

_____ electric standards _____ integrating our _____ are needed.

_____ setting _____ my telecommunications _____ are _____ electrical standards _____?

_____ electrical _____ apply _____ up my telecommunications equipment?

_____ electrical standards to _____ about _____ telecommunications _____?

_____ we have _____ of _____ for electrics _____ up telephone _____?

_____ of my _____ device, please _____ the _____ I should follow.

_____ you _____ how electricity standards _____ of _____ devices?

_____ was _____ if you _____ electrical _____ my telecom equipment installation.

What _____ the _____ for the _____ will _____ to _____ for my _____ equipment?

_____ me _____ the electrical standards for setting _____ equipment?

_____ you know _____ for installing _____ equipment?

_____ are the _____ for power _____ telecom gear?

_____ electrical _____ considered for installing _____ equipment?

Do _____ for _____ when installing telecom _____?

Is _____ of _____ telecommunications equipment _____?

What _____ the _____ electrical work on _____?

Do you have _____ electrical standards _____ telecom _____?

_____ setting up _____ equipment, _____ you share _____ standards?

_____ about _____ standards for telecom gear _____?

Can _____ me _____ the _____ specifications for _____ equipment?

_____ approved _____ should _____ when _____ up my telecommunications gear.

_____ setting up my _____ what are approved _____?

_____ electrical _____ should be _____ telecommunications installation?

Are there _____ standards that apply _____ erection _____ devices?

_____ us with the necessary electrical _____ our _____.

_____ approved _____ specifications during _____ line _____

_____ about _____ power _____ for _____ lines.

_____ want _____ the _____ on telecom gear _____ standards.

What are the _____ for _____ on telecom _____?

_____ the electrical criteria _____ in _____.

Any _____ regarding _____ equipment?

What are the requirements _____ work _____ phones?

Are _____ any _____ electricians when _____ up telephone _____?

What _____ guidelines for _____ when setting _____ telecom _____.

Are _____ prerequisites for _____ comms _____ explained _____?

_____ electrical _____ do I _____ my telecommunications _____?

_____ on electric _____ relevant _____ integrating _____ products is _____.

_____ about the _____ codes governing _____ apparatus _____.

_____ want _____ telecom equipment with the _____ standards needed.

_____ want _____ electrical standards _____ my installation _____ telecommunications.

_____ telecom _____ please explain _____ electrical guidelines that _____ follow.

I am confused _____ to _____ apply _____ installations _____ my _____ devices.

_____ tell _____ about electricity requirements for _____.

_____ about electrical rules _____ telecom _____ installations?

_____ requirements for the electrical work that I _____ for my _____?

_____ know _____ electricity standards apply _____ the construction _____ telecommunication _____?

_____ the electrical _____ relating _____ telecom gear installations?

What _____ the _____ criteria _____ the _____?

When _____ up a _____ approved electrical standards?

Do you have _____ telecom _____ installation?

_____ I understand _____ rules _____ my telecommunications setup?

Tell us about _____ applicable _____ our _____ products.

What are electrical standards _____ telecommunication _____?

Is _____ an _____ norm _____ setting _____ equipment.

_____ you _____ about telecom _____ specifications?

_____ you know _____ for electricity _____ to telecommunication _____?

_____ installing telecom gear?

_____ on _____ gear electrical _____?

_____ there any _____ regarding _____ standards for _____ installations?

_____ to _____ the necessary electrical _____ implementing our telecom _____?

Is there _____ up for communications _____?

What _____ electrical _____ for my _____ of _____?

What _____ are needed _____ implementing our _____?

_____ let us know what electric _____ relevant _____ telecom _____.

What _____ the requirements _____ want _____ carry out _____ telecommunications equipment?

Can _____ electrical guidelines for setting _____ telecom equipment?

_____ electrical rules _____ fitting my _____ is a _____.

The electrical _____ telecommunications _____?

What _____ the requirements for the electrical work _____ for _____?

Do _____ what electrical _____ to _____ of _____ telecom devices?

Do we have _____ criteria _____ putting up _____?

Do _____ need to _____ the _____ standards _____ telecommunications equipment _____?

Can _____ me _____ standards _____ needed when setting up _____ telecom equipment?

I need _____ my _____ electrical _____.

We _____ on _____ apply to integrating our _____ products.

What requirements _____ there for the electrical _____?

_____ the electrical _____ that _____ apparatus placement.

Is there _____ about _____ telecom gear?

_____ of _____ for electrics _____ up telephone gear devices?

I _____ to know _____ electrical _____ for _____ our telecom _____.

_____ are the _____ requirements _____ the _____ on _____ telecommunications _____?

I need _____ telecom _____ up with _____ standards.

_____ apply to installation _____ my telecom _____?

_____ are _____ standards to _____ when _____ telecom _____.

_____ let me _____ the _____ standards applicable _____ integrating _____ products.

_____ are _____ my Telecoms gear.

When _____ my _____ what are the _____ standards?

_____ information _____ mandates to set up my _____.

Is there policies regarding _____ communications _____?

I need _____ know _____ codes for _____ hardware.

I'm curious _____ electric set _____.

How _____ requirements _____ my _____ equipment?

I was _____ about _____ phone line deployment.

_____ electrical standards are applied to _____?

The electrical specifications for _____ needed.

Can you _____ us _____ electrical _____ for our _____?

_____ you _____ us the electrical standards for _____?

Any _____ when installing _____ gear?

_____ is _____ electricity rules for _____?

_____ electrical guidelines _____ need to follow to _____?

I _____ like to _____ about _____ regarding _____ installations.

Electricity _____ setting up _____?

I _____ know what _____ power code is _____ communication _____.

_____ explain _____ guidelines that I should _____ during _____ install.

Do _____ electricity standards applicable to _____?

_____ am _____ electric _____ for communications _____

_____ are the _____ electricity _____ setting up telecom _____?

I ____ to ____ the ____ for my telecom ____.

What ____ needed to ____ my ____ equipment?

____ electricity standards apply to ____ erection of ____ devices?

____ are ____ requirements for ____ work ____ to carry ____ for my ____?

____ the requirements for the electrical ____ I ____ on ____ for ____?

Can ____ give me the ____ for setting ____?

____ you ____ electrical ____ for ____ equipment?

____ are needed for the ____ of telecommunications ____?

____ me ____ electrical ____ for my telecom ____ installation.

____ the ____ standards ____ my telecommunications ____?

What electrical standards ____ installations ____ telecom ____?

____ there ____ code ____ installing ____ equipment?

Can ____ tell me ____ requirements ____ these comms ____?

____ are ____ electrical ____ for ____ setup?

Do I ____ to ____ any electrical ____ during ____ installation ____?

What ____ are ____ electrical ____ on the telecommunications ____?

____ the electrical ____ TELEPHONE installation?

____ an ____ for ____ telecom equipment.

I ____ some ____ my telecom device install.

When ____ gear, what ____ know about the approved electrical ____?

____ about the ____ set ____ communications ____.

Do you know ____ for telco ____?

I am ____ what ____ installation codes ____ hardware.

____ electrical ____ apply ____ installation of ____ devices.

____ guidelines ____ to electricity ____ setting up ____ gear?

What electrical standards ____ be ____ setting up ____?

____ electrical ____ telecom equipment installation.

____ need ____ know electrical ____ telecommunications equipment.

I ____ to know the ____ should follow ____ device installation.

Please ____ electric standards applicable to integrating ____.

Please tell ____ about ____ to ____ our telecom products.

What are electrical ____ to consider ____?

____ I ____ the elec criteria ____ setting ____ telecom ____?

____ you know what ____ standards apply ____ telecommunication ____?

What are ____ when setting ____ telecom ____?

The electrical standards apply ____ telecom ____.

____ there a ____ telecoms setup?

Electricity guidelines ____ gear?

Please tell us about electric ____ applicable ____ our ____.

____ electrical ____ to telecommunications ____?

____ tell ____ more about ____ requirements ____ comms contraptions?

How ____ electrical ____ implementing our ____?

What ____ should ____ considered when installing telecommunications ____?

Please describe ____ electric ____ integrating our ____ products.

Do ____ information about ____ standards that ____ telecommunication ____?

What ____ are ____ for ____ my telecom devices?

____ you ____ the electrical ____ my telecom equipment?

____ give ____ description ____ electricity requirements for these ____ contraptions?

Can I ____ electrical specifications ____ my ____ equipment ____?

____ want ____ telecom ____ What ____ the elec criteria?

_____ there any _____ guidelines _____ installations?

_____ give _____ electrical specifications of _____ telecom equipment?

Do _____ electrical guidelines for telecom _____?

_____ are the requirements _____ the _____ I _____ on _____ out for my _____?

What _____ electrical _____ look _____ for _____ installing telecommunications _____?

_____ interested in the _____ gear _____.

Information _____ electrical _____ for _____ telecommunication _____.

_____ you _____ me what the electrical _____ are for _____ telecom _____?

_____ follow electrical _____ while I install _____ device.

Do _____ any _____ electrical installation of _____ telecom _____?

_____ electricity _____ for _____ telecommunications setup.

Can _____ me _____ electrical specifications _____ telecom _____ installation?

_____ know the _____ standards that _____ installing _____ devices?

_____ about _____ requirements for putting _____.

_____ you _____ to give us _____ necessary electrical _____ telecom _____?

_____ need details _____ standards _____ integrating _____ telecom products.

_____ there _____ on what electricity standards _____ devices?

_____ the _____ install, please _____ electrical _____ I should follow.

What are the requirements for the electrical _____ be _____ equipment?

_____ electrical _____ for _____ installation.

I would _____ to confirm the _____ for my _____.

_____ you _____ the _____ standards _____ to _____ telecommunication devices?

Can _____ electrical specifications _____ implementing our _____ devices?

_____ standards for telecom _____?

_____ you _____ regarding _____ rules pertaining _____ telecom gear installations?

What are _____ for putting _____ electrics _____ gear _____?

_____ electrical _____ my telecommunications _____.

_____ standards applies _____ installations of _____?

_____ describe _____ electrical guidelines I _____ telecom device install.

I am _____ in _____ electrical specifications _____ my _____.

What electrical guidelines _____ I _____ my _____ installation?

_____ power reqs for my telecomm _____?

Do _____ about electrical standards _____ telecom _____ installations?

_____ you _____ me the _____ electrical specifications _____ our _____?

What _____ standards apply to _____ of _____?

_____ the electrical standards for _____ equipment _____?

What _____ I use _____ telecommunications installation?

Please tell _____ are _____ our telecom products.

What requirements is needed for _____ work _____?

Do we have _____ criteria _____ when _____ telephone _____?

I'm wondering about _____ for _____.

Do you _____ the _____ standards that _____ to _____?

How about guidelines _____ electrics _____?

What do _____ need _____ know _____ electrical _____ in _____?

_____ setting _____ my telecommunication _____ are the _____ standards?

_____ need to know about electric _____ applicable _____ telecom _____.

_____ specifications for our telecom devices?

_____ electrical standards _____ to _____ of _____ telecom _____?

Please _____ guidelines _____ should follow _____ my telecom _____.

I _____ the electrical _____ for _____ installation.

Can you ____ the electrical ____ for ____ equipment?

You ____ the necessary electrical ____ for ____ our ____.

Wondering ____ phone ____ specifications...

Do ____ know what electricity standards apply ____?

____ the ____ I will ____ carrying out for my telecommunications ____?

Can you ____ me ____ rules ____ gear installations?

____ you ____ the necessary ____ telecom devices?

How do ____ know what ____ electricity ____ my telecommunications ____?

____ any electrical guidelines I ____ follow ____ my telecommunications ____?

____ you give ____ electrical ____ for ____ equipment?

____ are ____ for electrical ____ on telecom ____?

Do ____ the electrical requirements for ____?

I ____ like to ____ the ____ my installation of ____.

____ there any ____ for ____ telecommunications ____?

Wondering about ____ specifications when ____ lines ____.

____ is ____ deal with the ____ rules ____ gear?

There are ____ consider when ____ telephone ____.

Do ____ installations of my ____ devices?

Are you familiar ____ electricity ____ telecommunication devices?

____ regarding telecom ____ installations?

____ are ____ electrical ____ to follow when ____ up a ____?

____ like ____ the necessary electrical specifications ____ implementing our ____.

I ____ like to ____ electrical ____ needed when setting ____ equipment.

Can you ____ me ____ the ____ for ____ equipment?

We ____ on ____ standards applicable ____ integrating ____ telecom ____.

____ are the ____ for ____ electrical work that I ____ going ____ out ____ equipment?

We need ____ our telecom ____.

What is the ____ standards ____ of ____ telephone?

____ standards for electricians ____ putting up ____ gear?

____ have any information on telecom ____?

____ you know the ____ pertaining ____ telecom gear ____?

Do you ____ what ____ standards apply ____ creation ____ telecommunication ____?

Any ____ standards for telecom ____?

Electric ____ regarding telecom ____?

Looking ____ specifications ____ line deployment.

Is it ____ to give ____ for ____ telecom devices?

____ know ____ electrical standards ____ I ____ use when setting up ____ telecom equipment.

____ telecommunications equipment, ____ know electrical ____?

What electricity standards are ____?

Do you know ____ the ____ gear installations?

I ____ not ____ electrical ____ apply ____ telecom devices.

I ____ electrical ____ for ____ telecom ____.

____ electrical rules regarding ____ gear installations.

____ do ____ to know ____ electrical ____ in ____ setup?

____ curious ____ power ____ for my communication ____.

Tell ____ codes ____ telecom apparatus ____.

What ____ electrical standards ____ consider as you ____?

How ____ rules ____ fitting ____ telecom ____?

Is ____ any information ____ how ____ apply ____ telecommunication ____?

____ anyone ____ any ____ telecom gear ____ standards?

Is ____ possible to ____ me ____ electrical ____ my ____ equipment ____?

____ the ____ standards for my installation ____ phone?

Information on ____ standards?

____ need electrical specifications ____ telecom ____.

____ you give me ____ on ____ requirements ____ contraptions?

You can ____ the ____ specifications for ____ equipment ____.

____ you know ____ standards are ____ erection ____ telecommunication devices?

I ____ my ____ setup ____ norms.

____ would like to ____ you ____ share the ____ setting ____ telecom equipment.

The guidelines for ____ when ____ up ____ unclear.

I ____ know the ____ electrical ____ for ____ telecom ____.

Does ____ specifications on telecom ____ standards?

Wondering ____ power ____ during ____ of a phone ____.

Do you ____ standards for telecommunication ____ are?

____ there ____ standards that ____ to telecommunication ____?

Do you ____ what ____ apply to constructing ____?

____ need ____ specifications ____ my telecom ____.

Can you give ____ requirements ____ these comms contraptions?

What ____ you think ____ electrical ____ for ____ setup?

What ____ standards ____ to installation ____?

What electrical ____ have ____ follow during the ____ installation ____?

Is there accepted ____ a ____?

____ approved ____ specifications for the phone ____?

____ electrical standards apply ____ my ____ devices?

____ are ____ electrical requirements ____ telecom ____?

Do ____ what ____ expectations are for ____?

____ regarding electrical guidelines for telecom ____ installations?

____ regulations ____ to ____ telecommunications equipment?

How ____ for our ____ devices?

____ information ____ telecom gear electrical ____?

Will ____ give ____ electrical ____ for ____ up telecom ____?

____ clarify electric ____ our telecom products.

What are the ____ guidelines ____ to ____ telecommunications ____ process?

____ standards for my telecommunications ____?

Tell ____ about electric ____ apply ____ integrating ____ telecom ____.

Before ____ start setting ____ are the ____ criteria?

Can you tell me ____ the ____ codes ____?

Need information ____ elec ____ set up ____ phone ____.

Please ____ the ____ telecom ____ placement.

____ what electricity standards ____ telecommunications ____?

____ know the ____ requirements for ____ telecommunications equipment?

____ you have any ____ on the ____ for ____ devices?

Do you ____ what ____ standards for electricity ____?

____ need electrical guidelines to ____ the telecom ____.

Can ____ confirm ____ reqs ____ the telecomm ____?

____ about ____ power ____ for my ____ gadgets.

____ approved ____ specifications ____ phone line ____

Any ____ for wiring ____ gear?

____ know the electrical codes for ____ telecom ____.

____ about ____ for telecom ____ placement.

____ you specify ____ electrical codes ____ the ____ ?
 ____ the ____ device install, ____ outline ____ electrical guidelines I ____
 When ____ up telecommunications ____ what ____ approved electrical ____ ?
 Will you specify ____ codes for ____ ?
 Do I need to ____ in ____ telecommunications installation ____ ?
 ____ electricity rules ____ telecom setup ____ .
 Is ____ any information ____ what electricity ____ to ____ ?
 I ____ meet ____ norms for ____ telecommunication setup.
 A ____ about ____ to consider ____ installing telecommunications ____ .
 ____ setting up my telecommunications gear, ____ followed?
 What are the ____ electrical standards ____ for ____ up ____ ?
 ____ it ____ us electrical ____ for implementing ____ telecom devices?
 Is ____ a ____ standard for ____ in a ____ ?
 What electrical ____ are ____ to ____ of ____ devices?
 Do ____ any electrical codes governing ____ ?
 ____ you ____ electrical specifications for my ____ installation?
 Can you ____ the ____ rules ____ telecom gear ____ ?
 Which ____ do ____ to follow during the ____ process?
 Could ____ tell me the ____ standards ____ to ____ my ____ equipment?
 I ____ wondering ____ power ____ the phone line ____ .
 Are ____ any criteria ____ putting up electrics ____ ?
 Is it possible ____ describe ____ installing ____ equipment?
 What ____ the approved ____ standards ____ when ____ my ____ equipment?
 Please ____ the ____ codes that govern telecom ____ .
 ____ you know what ____ standards are ____ building ____ ?
 Do you know ____ guidelines ____ gear ____ ?
 ____ there policies for electric ____ ?
 Do ____ have a set of criteria ____ telephone ____ ?
 ____ you ____ power ____ for my ____ install?
 Is there any ____ up electrics ____ telephone gear ____ ?
 Can ____ expectations for telco ____ ?
 ____ power specifications during the ____ line ____ .
 There ____ electrical ____ that apply ____ installation of my ____ .
 Do you ____ electrical standards regarding ____ installations?
 ____ you tell ____ the ____ standards ____ for ____ up ____ equipment?
 ____ there any ____ for ____ devices?
 ____ about the ____ power ____ phone line ____
 ____ you ____ electricity ____ apply to the ____ of telecommunications ____ ?
 I want ____ what power ____ telecom ____ .
 There are electricity ____ for ____ .
 Do ____ to ____ any electrical ____ my ____ installation process?
 I want to know ____ for ____ devices.
 How about ____ electrical specifications ____ our ____ ?
 The ____ telecom ____ installations?
 Please ____ about electric standards ____ our telecom ____ .
 What ____ are ____ for ____ telecommunications ____ installation?
 ____ guidelines ____ follow ____ install my telecommunications?
 ____ equipment, ____ are electrical ____ to consider?
 ____ me about electrical ____ in ____ .
 ____ wiring guidelines ____ telecom ____ ?

Do _____ the electrical _____ my _____ installation?
 _____ you _____ any electrical codes _____ govern telecom _____?
 Is there guidelines _____ wiring _____?
 _____ rules _____ my phone system?
 _____ you _____ electricity _____ are used to set up _____?
 What _____ be _____ installing telecommunications equipment.
 I _____ telecommunication _____ will meet the _____ norms.
 Do _____ standards _____ to telecommunication devices.
 _____ need _____ guidelines I should follow when _____ telecom device.
 _____ the electrical standards needed _____ set _____ telecom equipment?
 Do you _____ electricity _____ apply _____ installations?
 What _____ the requirements _____ electrical _____ telephones?
 _____ tell _____ the electrical _____ governing telecom apparatus _____.
 _____ about the electric standards _____ telecom products.
 _____ you _____ what _____ standards _____ for telecommunication equipment?
 What _____ installing telecommunication _____ terms of electricity?
 What are electrical _____ the installation _____ telecommunications _____?
 _____ you say _____ electrical _____ for installing my _____?
 Do _____ know _____ electrical _____ for _____?
 _____ any _____ regulations relating to _____?
 _____ for fitting my phone equipment?
 What _____ be _____ to installations _____ telecom devices?
 I would _____ know the _____ in telco _____.
 I _____ wondering about _____ rules _____ telecommunications setup.
 What are _____ to consider _____ equipment?
 _____ about the _____ equipment setup?
 How do I _____ during _____ installation?
 Can you tell me _____ electrical codes _____?
 _____ electrical codes _____ telecom apparatus _____?
 Please tell us _____ electric standards that _____ telecom _____.
 Can you _____ me the _____ standards _____ need _____ know when _____ my _____?
 I need _____ the electrical _____ for my _____.
 _____ electrical standards _____ my installation of _____?
 When _____ my _____ what _____ the electrical standards _____ follow?
 Wondering _____ power _____ during _____ phone line.
 I _____ confirm _____ reqs _____ telecomm equip installation.
 Should I _____ electrical requirements for _____ my _____?
 _____ what electrical criteria are _____ setup?
 Electric _____ when setting _____?
 _____ know _____ about the _____ for telecommunication devices?
 I _____ the _____ for _____ communication gadgets is.
 _____ you _____ what _____ standards _____ to Telecommunications _____?
 _____ you _____ me _____ my telecom equipment?
 _____ about _____ electrical standards _____ my telecom devices.
 _____ there _____ rules _____ my _____ hardware's _____?
 _____ putting _____ electrics and telephone gear devices?
 Do _____ what electricity _____ apply to _____ devices?
 _____ the electrical codes _____ for installing _____ equipment?
 _____ telecommunication setup I need _____ meet electrical _____.
 _____ tell me about _____ rules regarding _____ gear _____.

_____ electricity _____ to put telecommunication _____?
 The _____ my telephone _____.
 _____ explain _____ electricity requirements _____ these _____ contraptions?
 What is _____ standard _____ of telecommunications?
 When _____ telecommunications _____ what electrical _____ considered?
 The _____ for _____ of _____ telephone.
 Which guidelines govern the _____ of telecommunication equipment?
 What electrical _____ affect _____ installations _____ telecom _____?
 I'm _____ sure what electrical _____ apply _____ devices.
 I _____ wondering about _____ communications _____.
 _____ curious about power _____ line _____.
 _____ standards _____ when _____ telecommunications equipment.
 _____ guidelines should I _____ during my _____ telecommunications?
 _____ electrical _____ to consider _____ a telecommunications equipment?
 _____ are _____ rules _____ the telecommunications _____?
 Can you confirm the _____ for _____ installation?
 For _____ standards?
 I am _____ on telecom _____ electrical _____.
 _____ are electrical _____ to _____ when _____ equipment?
 _____ the _____ for _____ work _____ equipment?
 _____ you give _____ electrical _____ setting up _____ equipment?
 _____ there _____ electrical rules _____ telco equipment?
 _____ standards to follow _____ up _____ telecommunications equipment.
 Can you _____ electrical requirements for _____ equipment?
 What _____ the _____ telecommunications installation?
 _____ electrical standards for _____ gear _____?
 _____ I set up _____ telecom _____ what _____ the _____?
 _____ the electrical standards _____ my _____?
 _____ you give _____ specifications for _____ telecom equipment?
 What _____ must _____ follow _____ setting up _____ telecommunications _____?
 _____ electrical _____ apply _____ the installations _____ telecom devices?
 _____ we have _____ set criteria _____ electrics _____ telephone gear?
 What are the _____ setting _____ electricity _____ telecom _____?
 I want _____ follow the electrical _____ telecom _____.
 Do you have any _____ specifications for _____?
 _____ you _____ regarding telecom gear installations?
 The electrical _____ for _____?
 _____ know _____ electricity standards _____ apply to telecommunication _____?
 Is _____ any _____ the electricity standards _____ devices?
 How do _____ electricity rules _____ telecommunications setup?
 _____ the _____ for electrical work _____ equipment?
 _____ I _____ what _____ standards apply to _____ my telecom _____?
 How _____ the electrical _____ my _____ installation?
 What _____ the _____ regarding electricity when _____ gear?
 _____ you tell _____ electrical _____ for installing telecom _____?
 _____ the approved power _____ for _____.
 I _____ to know _____ electrical codes for _____.
 Do you have _____ information _____ regarding telecom _____ installations?
 Is there _____ prerequisites _____ contraptions?
 Is _____ a standard _____ electricity when _____ up _____?

Do _____ standards for _____ and telephone gear devices?

Setting up my _____ should follow _____ standards.

I _____ electrical Norms _____ my _____ setup.

_____ me about the elect standards _____ install?

Electricity guidelines _____?

_____ you _____ what _____ standards _____ to _____ installing telecommunications equipment?

Please _____ electric _____ applicable to _____ our _____ products.

Tell _____ about _____ standards.

_____ are _____ for _____ in my _____ setup?

_____ for the _____ work _____ telecommunications equipment?

_____ you tell _____ any _____ regulations for installing _____?

_____ electrical _____ should I _____ up _____ telecommunications equipment?

What are _____ electrical _____ to _____ telephone _____?

Please _____ electric _____ are applicable _____ integrating telecom _____.

Can you _____ us _____ guidelines _____ setting _____ equipment?

_____ starting to set up _____ what _____ criteria?

_____ any electrical criteria _____ telecom _____?

_____ fixed _____ for putting _____ electrics _____ telephone gear?

_____ are the _____ telecom setup?

_____ electrical _____ I follow _____ telecommunications installation process?

Please _____ us _____ electric _____ to _____ our _____ products.

_____ there any electrical regulations related _____.

What _____ the _____ when installing telecommunications equipment.

Wondering _____ power _____ were approved _____ phone _____.

Can _____ give _____ guidelines _____ up the _____ equipment?

_____ know if there is a set standard _____ and _____.

_____ are electrical _____ considered when _____?

Please _____ us _____ the _____ standards that apply to _____.

Is _____ any electrical _____ equipment?

What electrical _____ should _____ when installing _____?

_____ I _____ to know about _____ telecom setup?

_____ wondering what _____ power code _____ for _____ gadgets.

Can you _____ me _____ required _____ requirements _____ my _____?

There _____ guidelines regarding _____ when installing _____?

_____ for you to give _____ for setting up _____?

What _____ fitting my _____ gear?

Do there _____ installing _____ gear?

_____ are the _____ for _____ work on the _____?

What _____ are _____ for telecom _____?

Is there _____ policy _____ set _____ communications devices?

_____ for fitting my telecoms _____.

_____ tell me the electrical _____ to _____ equipment?

Which _____ to installations of my _____?

_____ accepted electrical _____ for _____ installation?

How _____ telecommunication _____ meet _____ standards?
