<b>Company Type</b>	Auto Repair and Maintenance Shops
<b>Inquiry Category</b>	Brake pedal feels soft or spongy
<b>Inquiry Sub-Category</b>	Air in the brake system
<b>Description</b>	Inquiries related to air in the brake system involve customers experiencing a spongy brake pedal due to air bubbles. These inquiries typically require a brake system bleeding procedure to remove the air and restore the proper brake pedal feel.
<b>Data Size</b>	5,184 paraphrases
