

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Technical issues and troubleshooting assistance
Inquiry Sub-Category	Brake system concerns
Description	Customers may require assistance diagnosing and rectifying brake-related problems, including squeaking or grinding noises, ineffective braking, or dashboard warnings, to ensure their vehicle meets safety standards.
Data Size	5,073 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

How do I determine _____ entered _____ my _____ hydraulic braking system _____ in _____?

Is the squishy pedal _____ air _____ my _____?

I _____ know _____ air entered _____ braking _____ and caused the pedals _____.

I _____ know _____ the brake _____ feel _____ of the air _____ the _____.

Can _____ tell me _____ to _____ air _____ entered _____ vehicle's _____ which _____ pedal to feel soft?

_____ do you _____ enters your car's _____ cause a squishy _____?

_____ the brake pedal to _____ soft?

_____ why _____ pedals _____ so _____ how the air could possibly _____ my brake system.

_____ do I find out _____ air entered my _____ braking _____ caused _____ pedals _____?

_____ the air _____ brakes making the pedal _____?

I need _____ know _____ to _____ brakes and made the _____.

I want _____ look _____ air _____ brakes that _____ of _____ soft _____ sensation.

_____ if the air _____ my brakes, and _____ pedals are _____.

I need to _____ the brake system and _____ the _____.

I'm _____ sure if the _____ soft because _____ coming from _____ brake _____

I want to _____ entered my _____ braking _____ and _____ the pedals _____.

If _____ feel soft because of _____ in _____ system, _____ to know.

_____ don't know how _____ check _____ entered _____ vehicle's _____ system and caused _____ be _____.

_____ it possible _____ my _____ system and _____ the _____ sponge- like?

_____ you _____ on spotting _____ air _____ car's brakes, _____ can result in _____ squishy _____ experience?

_____ need to _____ air _____ brake system _____ causing _____ pedal _____ get soft

Should I _____ air in _____ brake _____ to see _____ a _____ pedal _____?

_____ I _____ air _____ the brakes that _____ indicative _____ soft pedal sensation?

I _____ to _____ air in the _____ is causing _____ pedal _____ get soft.

_____ the _____ due _____ air in my _____?

_____ need to know if _____ in the _____ the _____ soft.

_____ do you _____ if _____ enters the car's brakes and causes _____?

Should I _____ air in _____ lines _____ there is _____ soft _____?

_____ wondering if _____ is air _____ brakes _____ if _____ results in _____ pedals.
 _____ need to know if _____ pedals were _____ due _____ the _____.
 Is _____ air in _____ brakes causing a _____?
 _____ it possible that air penetration into _____ lead _____ sponginess?
 How _____ I _____ if _____ air _____ vehicle's brakes _____ the pedals _____ squishy?
 _____ I look _____ air _____ my _____ to detect _____ pedal _____?
 _____ way to _____ air _____ vehicle's _____ system _____ caused pedals to be squishy?
 I'm attempting _____ if _____ pedal is _____ because of the _____ comes _____ brake _____.
 How do you _____ if your car's _____ and causes _____ squishy _____?
 _____ need to _____ if the air _____ the _____ system is _____ pedal _____ soft _____.
 _____ air _____ causing _____ in _____?
 _____ air _____ gotten into my _____ brake _____ and _____ my _____ feel soft?
 _____ I check _____ air entered _____ vehicle's braking system _____ squishy _____?
 _____ it possible _____ determine if _____ has gotten _____ brake system, making _____ soft?
 I've _____ is _____ in my car's _____ the tingly.
 I'm wondering _____ the _____ my _____ the sponginess.
 _____ the spongy brake pedal _____ result of the _____?
 I'm _____ how _____ could _____ enter _____ brake _____ and why _____ look _____ sponge.
 _____ do you _____ air enters its brakes _____ squishy pedal _____?
 I've wondered if _____ car's _____ the pedals to _____ weak.
 Is the _____ pedal _____ by _____ in my _____?
 _____ a soft _____ sensation _____ should look _____ in _____ brake lines.
 Air _____ the pedals _____ soft?
 _____ am _____ if _____ entered my brakes _____ the _____ are _____.
 _____ a _____ idea _____ look for _____ brake lines to _____ if _____ soft pedal sensation?
 _____ wondering if there _____ my brakes, and if _____ to weak _____.
 _____ air reached the _____ and _____ the _____ need to know.
 _____ am wondering _____ is air _____ my _____ leads _____ weak _____ pedals.
 Do you know _____ to _____ car's brakes _____ it's _____?
 I am _____ to _____ if _____ because _____ the air coming from _____ brake _____
 _____ don't know if _____ is soft due _____ the _____ from the _____.
 Is it possible to _____ pedal sensation _____ looking _____ in _____ brake lines?
 I am _____ sure _____ has entered _____ the pedals are _____.
 How _____ if _____ enters the brakes and causes a _____ experience?
 How _____ you _____ when air enters _____ and causes _____ pedal?
 If _____ soft pedal _____ I look for _____ brakes?
 _____ intake cause the sponginess _____ pedals?
 Is _____ the _____ brake _____ sensation?
 I'm _____ the _____ can get _____ my brake system and _____ so _____.
 I need to _____ if the _____ in _____ pedal _____ feel soft.
 _____ if the _____ in the brake _____ the _____ soft.
 Can you _____ me _____ soft pedal on _____ car _____?
 How to _____ pedal on brakes?
 Is it _____ in my car's _____ causes _____ sponginess?
 _____ that air _____ my car's brake _____ lead to _____ sponginess?
 I've _____ there _____ some _____ in _____ BRAKES _____ causes the _____.
 Can I know if there _____ trapped _____?
 Is _____ possible to see if a soft _____ arises _____ I _____ for _____ in _____?
 _____ curious _____ air _____ brake _____ and _____ my _____ are so sponge.
 _____ air in the brake _____ pedals _____ and squishy?

How can ____ find ____ if air compromises ____ system ____ pedals?

____ want ____ know ____ got into my ____ brake ____ and made the ____ soft.

I ____ my ____ look ____ and how ____ could possibly ____ my ____ system.

____ to ____ to ____ if air ____ entered my vehicle's ____ caused the pedal to feel ____.

Should ____ look for ____ my brake lines ____ for ____ pedal ____?

____ need to ____ if ____ air in ____ brake system ____ feel ____.

____ to know if the pedal ____ because ____ the ____ coming ____ the ____.

____ air ____ your ____ brakes ____ causes a squishy ____ experience, ____ you ____ any ____ on ____ it?

Is there any ____ to ____ air ____ my vehicle's ____ making the ____ feel ____?

I ____ know if ____ sponginess is caused by ____ in ____.

____ to ____ if ____ causes a ____ pedal on ____?

____ there a way to ____ air ____ entered my ____ the ____ soft?

____ to ____ if the air in the ____ creating ____ soft ____.

How do ____ the car's ____ its brakes ____ squishy pedal experience?

____ wondered ____ the air in ____ car's brakes causes ____ to ____.

I ____ to ____ if ____ is making ____ pedal feel soft.

I ____ know ____ the air in the ____ makes ____ feel ____.

____ wonder ____ in my brakes ____ a ____ pedal.

____ you know ____ your car's ____ its ____ causing a ____ pedal experience?

____ tell ____ tell if air has entered my ____ brake ____ caused the pedal ____ feel ____?

____ tell if ____ enters ____ brakes and then ____ a squishy ____ experience?

I'm curious ____ how ____ could possibly ____ into ____ brake system ____ why my ____ look ____ sponge.

____ am ____ if ____ is air ____ my brakes ____ to the ____.

____ I know ____ the ____ has entered ____ brakes ____ if ____ pedals ____ sponge-like?

____ want ____ know ____ on ____ vehicle is soft ____ air in the ____.

I ____ like ____ know if air ____ braking system ____ the pedals ____ be ____.

Is it ____ has entered my brake ____ and ____ pedals ____?

Should I ____ for air in my ____ for a ____?

I need to ____ if the ____ the ____ causing ____ pedals ____ get ____.

Is ____ that air has ____ my ____ caused the pedal ____ feel ____?

____ possible that air ____ into my vehicle's brake ____ the pedals ____?

____ signs ____ tell ____ has entered ____ my brake system and made ____ pedals sponge-like?

____ curious ____ why ____ pedals ____ so ____ how ____ air could ____ enter my brake system.

____ wondering ____ there's ____ in my ____ and if ____ leads ____ weak ____.

Is ____ a ____ to spotting when ____ car's brakes ____ causes a ____?

____ to ____ if the air ____ the ____ making the pedal feel ____.

I don't ____ brakes making the pedals feel ____.

____ if ____ air ____ brakes causes the pedal ____ get soft.

I ____ if ____ entered ____ the pedals ____ weak.

____ do ____ determine if ____ air ____ brakes ____ squishy pedal experience?

Is there ____ has ____ my brakes and made ____ sponge-like?

____ know if the ____ in my ____ the pedals ____ get squishy.

____ as to why ____ sponge and how the air could ____ system.

____ am ____ determine ____ the pedal is ____ of ____ from the brakes.

I've ____ if there is air ____ my ____ causes ____.

Does my car's ____ air intrusion?

____ my brakes ____ to squishy ____?

I ____ to know if ____ air in ____ brakes is ____.

Did air cause ____ pedal ____ brakes?

I ____ the ____ my brakes is causing a ____.

Is air _____ brakes causing _____ feel squishy?

I want _____ intake causes _____ brake pedals.

I _____ if the _____ the brake _____ the pedal _____ soft.

I _____ like to _____ the air _____ the car _____.

Is it _____ air has _____ causing a _____ pedal?

Should _____ for air _____ my brake _____ if _____ soft pedal _____ develops?

_____ know if the _____ in the brakes _____ making the _____.

I _____ to know _____ pedals are weak because _____ the _____.

_____ you tell me how _____ determine if _____ entered my _____ causing _____ pedal _____ feel _____?

I'm wondering _____ the pedal sponginess _____ the _____ brakes.

Can _____ if the _____ in _____ causes the _____?

Is _____ possible _____ detect _____ pedal sensation by _____ my brake lines?

_____ there is some air inside my _____ System that _____ weak _____.

I _____ wondering _____ my brakes _____ causing _____ soft pedal.

_____ brake pedal _____ because of _____?

_____ wondering _____ is air _____ vehicle's brake _____ that causes _____ pedal _____ feel soft.

_____ wondering _____ there is _____ to tell if there _____ air in _____ that _____ soft.

I have wondered _____ the air _____ my _____ causes _____ to _____ floppy.

_____ if there _____ some _____ inside _____ Brakes System that _____ the weak _____.

_____ want to _____ air entering my _____ leads _____ soft pedal.

I wonder _____ air _____ lead to _____ pedals.

_____ air intake _____ in _____?

_____ gotten into _____ system, how can _____ know if the _____ soft?

There's a _____ brake _____ could air _____ the _____?

How do _____ out _____ your _____ enters its brakes and _____ squishy _____?

I've wondered if there _____ air _____ my BRAKES, _____.

_____ the _____ feel _____ from air contaminating _____?

What _____ do to check for _____ in _____ car's brake lines _____ might _____ a _____ sensation?

_____ trying _____ if the _____ is soft because of _____ coming _____ lines.

_____ curious as _____ how air could _____ enter _____ system _____ my pedals _____ sponges.

Does anyone know how _____ determine _____ vehicle's brake system, making _____ feel soft?

I am curious _____ pedals _____ how the air could possibly _____ into _____ brake _____.

I'm _____ if there's air _____ vehicle's _____ causes the _____ to feel _____.

I need to know _____ made _____ by _____ that reached the _____.

I'm _____ decide _____ the _____ soft because _____ air _____ from the brake _____.

Can you _____ me _____ pedal will _____ if _____ in the brake _____?

_____ want to know _____ there is _____ car's _____ lines _____ the _____ to feel soft.

Is _____ any way to _____ out _____ car's brakes _____ in squishy _____?

Is _____ in _____ brake lines, making _____ soft and squishy?

_____ know if there's _____ vehicle's _____ which will _____ the pedal feel soft.

_____ to know if the _____ in _____ is making _____ soft.

I need _____ know _____ feeling _____ air in the brake system.

How do you know if _____ air enters its _____ causes _____?

_____ my ride getting air in _____ brake lines _____?

_____ wondering _____ there is air in _____ brakes, which _____ to _____ weak.

_____ you know how to spot _____ air _____ your car's _____ squishy _____?

_____ a soft _____ sensation, should I look for air _____.

Is _____ pedal _____ result of _____ in _____ brakes?

_____ need to _____ if the _____ in the _____ system _____ pedal.

_____ pedal issue because _____ the air _____ my _____?

I need ____ know if ____ soft pedal _____ the _____ brake system.
 _____ was _____ if the _____ car's brakes causes _____ to get _____.
 How _____ you know if air causes _____?
 _____ know if _____ in _____ brakes _____ causing a soft _____.
 _____ don't know if the _____ has entered _____ brakes, the pedals _____ what _____.
 _____ to _____ if air _____ soft pedal _____?
 _____ curious _____ how _____ air _____ enter _____ brakes _____ why my _____ so sponge.
 I wonder if _____ inside my _____ BRAKES _____ tingly.
 _____ would _____ if air has _____ into my _____ and made the pedals feel _____.
 I'm _____ to _____ out _____ has _____ vehicle's _____ the pedal to feel squishy.
 _____ want to know _____ air in _____ brakes _____ the _____ sponginess.
 _____ possible _____ has _____ my brakes and _____ them sponge-like?
 _____ air entering my _____ system _____ sign of _____ sponge-like?
 Are I _____ to look for air in _____ if _____ pedal sensation _____?
 I want _____ if the _____ my brakes is causing _____.
 Is air _____ the brake _____ my pedals _____?
 Is there _____ my car's brake _____ of the _____?
 I _____ the air _____ my _____ causes _____ pedal _____.
 _____ don't _____ if the _____ caused by _____ the brakes.
 _____ would _____ to know if the air _____ causes _____ pedal to _____.
 I'm curious _____ the _____ entered into _____ brake system and _____ my _____ look _____ sponge.
 I _____ know _____ air in the _____ is _____ pedal to not _____ right.
 I'm _____ air _____ my brake _____ and _____ my pedals look like _____.
 I _____ know if _____ the brake system _____ pedal a _____ feeling.
 Is the _____ pedal _____ have air _____ my _____?
 _____ want _____ if _____ my _____ and if _____ causes weak feeling pedals.
 _____ can _____ your _____ its brakes and causes _____ squishy pedal experience?
 I'm not _____ are sponge-like, or _____ has entered _____ brakes.
 _____ do _____ if _____ car's air enters its _____ causes _____ squishy pedal _____.
 _____ I figure out whether _____ compromises _____ causing squishy pedals?
 Is there a _____ air _____ my vehicle's _____ making the pedals feel _____?
 _____ do you tell if your car's _____ and _____ squishy _____?
 _____ there's _____ air affecting _____ brakes, _____ I tell?
 _____ air entering _____ brakes making _____ pedals _____?
 _____ if the air has entered my _____ pedals _____ what _____ the signs.
 _____ my _____ air in the _____ lines, _____ the _____ squishy?
 _____ need to know if _____ the _____ and caused the _____ be _____.
 _____ am _____ if there _____ in my brakes, _____ leads _____ weak _____.
 _____ are _____ sure _____ air has entered my brakes, _____ what _____ the _____.
 Is _____ air _____ the _____ the brake pedal _____?
 Air _____ brakes _____ brake _____?
 _____ curious if the _____ could enter _____ and _____ my _____ like sponges.
 _____ would _____ to know _____ air in _____ car's brakes _____ pedal _____.
 I _____ wondering _____ is _____ my brakes _____ if I _____ weak feeling _____.
 _____ do _____ if _____ car's air enters the _____ causes a squishy _____?
 I'm wondering _____ the air could _____ enter my _____ why my _____.
 _____ wonder if the air _____ car's brakes _____ pedal.
 Is _____ causing a soft _____?
 _____ was _____ there was _____ air _____ my _____ which causes the _____.
 I'm _____ why my pedals _____ sponge _____ air _____ possibly enter _____ system.

I _____ know if air _____ the _____ system _____ made _____ pedals _____.

Did _____ cause _____ brakes?

I'm curious how _____ air entered into _____ brake system _____ my _____.

_____ the _____ air inside them _____ makes _____ pedal feel _____?

_____ it _____ that _____ entered _____ and made the pedals _____ like?

_____ would _____ to know if _____ in _____ System _____ pedals _____ good.

_____ caused my brakes _____ squishy?

_____ you know _____ to _____ air _____ your _____ brakes _____ cause a squishy _____?

_____ am wondering if _____ air _____ my brakes and _____ it _____ weak _____.

_____ know _____ the _____ feels soft _____ to the air _____ it.

I'm _____ if air in _____ car's _____ pedal _____.

_____ to know if the _____ in _____ is _____ pedal _____ be floppy.

_____ there is air in my vehicle's _____ lines, _____ know _____ the _____?

_____ way to determine _____ air _____ my vehicle's brake system _____ made my _____?

I _____ to know _____ the air in _____ system _____ to be _____.

I've _____ if there is air in _____ the _____.

_____ the air in the brake _____ the _____?

_____ air in my car's _____ causes the pedal to _____.

_____ want to know _____ the _____ in _____ brake _____ the pedal _____ softer.

_____ that _____ car's brake circuit has _____ affected _____ pedal mushiness _____ air _____?

_____ to _____ if _____ has gotten _____ brake system and made the pedals _____?

Does air intake _____?

I'm wondering how _____ be _____ into _____ brakes and why my _____ sponges.

_____ was wondering _____ air entering _____ brakes made my _____.

_____ the _____ my _____ a _____ that _____ pedals were _____ sponge-like by the _____?

_____ the air in _____ car's brakes causes the _____.

_____ you _____ how _____ air has entered my vehicle's _____ system and caused _____ pedal _____ squishy?

_____ you _____ figure out if air _____ vehicle's braking system _____ caused the _____ squishy?

_____ to decide _____ the _____ is _____ due _____ air coming _____ brake lines.

Is _____ possible _____ penetration into _____ car's brakes _____ cause _____?

_____ soft pedal due _____ air _____ brakes?

_____ to know _____ brake pedal gets _____ of the _____ in the _____.

_____ know _____ the _____ soft because _____ the air in _____ brakes.

I wonder _____ air _____ my car's _____ system _____ pedals _____ squishy.

I _____ know _____ brake lines _____ causes the pedal to feel soft.

_____ if there _____ air inside my _____ which _____ the _____.

_____ am _____ if air _____ leads _____ weak pedals.

What are _____ air entering my _____ making my pedals _____?

Is _____ air _____ my _____ which causes _____ tingly?

Should I _____ brake _____ see if there's a _____ pedal sensation?

Is _____ air entering _____ a _____ the pedals _____ made _____?

I _____ to know _____ air _____ the _____ is making _____ feel _____.

_____ curious _____ the air could enter my _____ system _____ why _____ like _____

_____ air _____ pedal on _____?

Does _____ brake _____ come _____ intake?

I _____ know _____ there's _____ in the _____ makes my pedal _____ soft.

How can I _____ out _____ air _____ my _____ braking system _____ be _____?

_____ is _____ look for air _____ the brakes that might be _____ of a _____?

_____ you know _____ to _____ air _____ your car's brakes _____ causes _____ pedal?

_____ your _____ air _____ the _____ and _____ a squishy _____ experience, _____ you tell?

_____ should _____ look for _____ in the _____ that may _____ a _____ sensation?
 I'm trying _____ pedal is _____ because _____ coming from _____ brake lines.
 _____ know _____ to _____ when air enters _____ car's _____ cause a squishy pedal _____?
 Is _____ a _____ pedal sensation arises by _____ for air in the _____?
 _____ don't _____ air in my brakes causes _____ pedal _____.
 I _____ know _____ there's _____ vehicle's _____ lines that will cause the pedal to _____.
 _____ any way _____ figure out if air _____ my car's _____ causing _____?
 _____ if there is air _____ vehicle's _____ can _____ the _____ to feel soft.
 _____ possible that _____ in _____ causes pedal sponginess?
 _____ curious _____ could possibly _____ my brake system and _____ my _____ like sponges.
 I was wondering _____ the _____ in my _____ made _____.
 I want to _____ if air _____ my _____ feel _____.
 Can I tell _____ my brake _____ soft due _____?
 _____ wonder if the _____ my _____ the pedals feel _____.
 Is it a _____ idea _____ for _____ in the brake lines _____ there is _____ sensation?
 How do _____ if your _____ air _____ and causes a squishy _____?
 How can I know _____ my _____ pedal _____ air?
 _____ entering _____ brakes a _____ of the _____ being made _____ by the _____?
 _____ possible that air has gotten into my _____ making _____?
 Can you tell me how I _____ air has _____ braking _____ the pedal _____ squishy?
 I _____ if _____ in my brakes, _____ if _____ leads to weak _____.
 _____ the air entering my _____ a sign _____ the _____?
 I'm _____ about _____ the _____ enters my brake system _____ my pedals _____.
 I wonder _____ squishy _____ is _____ to _____ in my _____.
 I need to know _____ system and _____ pedal weak.
 Is _____ a _____ to _____ my car's brakes?
 Was the squishy pedal _____ air in _____?
 I want _____ out _____ the air _____ the brake system _____ soft.
 I'm curious _____ how _____ air could _____ get into my _____ and _____ my _____ like _____.
 I'm curious about how the _____ my _____ why _____ pedals look _____.
 _____ if the _____ my car's brakes causes the _____ weak.
 _____ want to _____ in _____ system caused _____ pedals to be squishy.
 I _____ if _____ pedal _____ soft _____ of air in _____ brake.
 _____ know _____ there _____ air _____ my _____ brake lines which will make the _____ feel _____.
 I've wondered if _____ is _____ BRAKES which causes _____.
 _____ curious why my _____ sponge, _____ how _____ air could possibly _____ my _____ system.
 _____ if the pedal _____ my car is soft _____ of _____ brake.
 _____ the air could possibly enter _____ system _____ why _____ pedals look _____.
 Is it possible that _____ entered _____ brakes _____ caused a _____?
 _____ there is a _____ pedal sensation, should _____ my brake _____?
 _____ know _____ got to the brake _____ and made _____ pedals weak.
 _____ if air _____ entered my brakes, _____ pedals _____ sponge-like.
 I _____ find out _____ the air _____ the brake system _____ soft.
 Is it possible _____ brakes _____ the pedal feel squishy?
 _____ need _____ know if the air _____ brake _____ the pedal _____.
 _____ pedal _____ soft because of the _____ in the brake system.
 What steps _____ take to _____ in _____ brakes that could be _____ soft pedal sensation?
 I _____ wondered if _____ air in _____ System that causes _____ brakes.
 Is it possible that my _____ brake _____ has _____ with _____ because _____?
 I _____ to _____ if the _____ in _____ brake _____ the pedals feel _____.

_____ to _____ if the air _____ the brake _____ pedal to feel _____.
 _____ to see _____ a soft _____ by looking for air _____ my _____?
 _____ pedals are sponge-like and _____ not sure if _____ has _____.
 Is _____ possible _____ air _____ entered my _____ made _____ sponge like?
 Can you tell _____ air has entered _____ causing the _____ to feel weak?
 _____ there any _____ tell whether _____ not _____ entered _____ brakes _____ the pedals sponge-like?
 Is _____ entering _____ brakes _____ sign that _____ pedals _____ made _____ material?
 I want _____ the pedal _____ my vehicle _____ because _____ the _____ the Brake.
 I am _____ if _____ is _____ to tell _____ air in _____ that _____ them soft.
 I'm _____ as to how _____ could _____ into my brakes and why _____ pedals _____.
 _____ to know if the _____ my vehicle's _____ caused _____ to _____ squishy.
 How do I _____ if the air _____ vehicle's _____ the _____ to _____?
 _____ you _____ car's air enters its brakes _____ causes _____ squishy _____?
 I _____ not _____ if air _____ entered _____ the pedals are _____.
 Is there a _____ determine if _____ brake system and made the pedals _____?
 If air _____ soft _____ car brakes, _____ to _____?
 I _____ air _____ entered my vehicle's braking _____ and caused _____ to _____ squishy.
 I have _____ there _____ air _____ car's Brakes System to cause _____.
 Should I _____ for air in _____ see _____ there is a soft _____?
 Is _____ possible _____ air has _____ brakes and _____ the pedals _____?
 _____ possible to _____ if there _____ trapped air _____ brakes?
 _____ want to know _____ my _____ sponge and _____ possibly be entered into my brake _____.
 Do these _____ in the brake _____ making them _____?
 _____ want _____ if _____ is air _____ vehicle's brake _____ can _____ the _____ to feel soft.
 I am _____ sure _____ are sponge-like _____ air has entered _____ brakes.
 _____ know _____ the _____ in my brakes _____ the pedal _____.
 _____ possible to _____ air in the brake _____ to _____ the pedal _____ soft.
 _____ in _____ makes the _____ feel _____?
 _____ can _____ air compromises my _____ brakes _____ in squishy _____?
 _____ would like _____ if air _____ my _____ brakes _____ sponginess.
 I've _____ wondering if the _____ my _____ causes the pedals _____.
 Is _____ possible that air _____ brakes and _____ squishy?
 I've _____ if the air _____ car's _____ tingly.
 Is _____ to _____ if air _____ vehicle's _____ system _____ made _____ pedals soft?
 _____ the air in my _____ to _____ if _____ soft pedal sensation _____?
 _____ air _____ my vehicle's braking _____ and _____ pedals to be squishy?
 _____ if the _____ my car's brake _____ the _____ get soft.
 _____ the squishy _____ been _____ in my brakes?
 Are _____ to _____ how _____ air has _____ my vehicle's _____ and _____ the pedal to _____ weak?
 I need _____ know _____ air _____ brake _____ is _____ pedal to _____ soft.
 _____ to tell if _____ causes _____ pedal on _____?
 _____ it _____ that brakes _____ spongey _____?
 Can _____ tell _____ how to determine if _____ has entered my _____ and _____ soft?
 _____ the _____ entering _____ braking system _____ the pedals _____ by the air?
 _____ should _____ in the brakes that may _____ a _____ pedal _____?
 Do _____ what to do _____ car's _____ causes a squishy pedal?
 _____ soft _____ from my car caused by _____ the _____?
 Is _____ any _____ has entered into my _____ pedals sponge-like?
 Are you _____ to _____ to determine _____ has entered my vehicle's _____ system _____ feel squishy?
 I _____ to _____ if _____ air _____ my _____ lines that will _____ the pedal _____ feel _____.

Is the _____ in the brake _____ ?

_____ you _____ if _____ air enters it's brakes _____ squishy pedal experience?

_____ you know _____ to do _____ car's _____ results in a squishy pedal _____?

I would _____ know _____ brake pedal _____ soft due _____ air _____.

_____ pedal caused _____ the air in _____ brakes?

_____ air in my _____ causing _____ pedal?

How do _____ if _____ car's _____ enters _____ and creates _____ squishy pedal _____?

_____ if _____ the brakes _____ causing a soft pedal.

I _____ to know if the _____ in _____ brake _____ soft.

Is it possible _____ my _____ pedal mushiness by air intrusion?

I'm _____ why my pedals look so sponge and _____ could possibly _____ my _____.

I would _____ to know _____ in the _____ the _____.

The _____ I don't know _____ air has _____ my brakes.

Can I _____ the air _____ my _____ the _____ sponginess?

_____ curious as to _____ my pedals _____ sponges and _____ the _____ could _____ my _____ system.

_____ are the signs that show whether _____ air has entered my _____ made _____?

_____ know if the _____ in _____ System is _____ pedal to feel _____.

_____ air in _____ brakes cause a _____?

The _____ not _____ if the air _____ entered my brakes.

_____ need to know _____ air in _____ brake _____ causes the pedal _____.

_____ wondered _____ is any _____ car's _____ to cause the weak brakes.

What _____ check _____ air _____ brakes that _____ indicate a _____ pedal sensation?

Has _____ in the brakes, _____ these _____ squishy?

_____ how _____ air entered my brakes and _____ my _____ look _____.

_____ in my _____ cause a _____ pedal?

I need _____ if the _____ gets _____ because _____ air in _____ brake _____.

_____ in _____ brakes making _____ pedal squishy?

Will the squishy _____ by _____ in _____ brakes?

_____ curious _____ air _____ be _____ into _____ brake system and _____ my pedals look _____.

How _____ confirm _____ causes _____ pedal _____ brakes?

I want to know _____ to make _____ soft _____ air in _____.

_____ know _____ air compromises _____ car's braking system _____ causes _____ pedals?

_____ that my car's _____ circuit has _____ affected _____ pedal mushiness _____ of air _____?

_____ wonder if _____ some _____ my car's BRAKES _____ causes _____.

_____ I know if air has gotten _____ brake system, _____ pedals _____?

What are _____ signs that _____ me if _____ not _____ my brakes and _____ pedals _____?

_____ it _____ air _____ vehicle's _____ and made the pedals soft?

If _____ air in the _____ causes _____ to feel soft, I _____.

The _____ are _____ I am unsure if _____ brakes, and _____ the _____.

I'm wondering _____ is _____ brakes, and if _____ leads _____ pedals.

Does air in _____ to sponginess?

_____ do _____ your car's _____ is entering its _____ and causing _____ squishy _____?

_____ air in _____ brake lines, to _____ if there is _____ pedal _____?

_____ my pedals _____ sponge, and _____ could possibly enter my brakes.

If _____ in _____ is _____ the pedal _____ get soft _____ need to know _____.

Are you able to _____ me _____ if air has _____ vehicle's _____ system _____ caused _____ pedal to _____?

_____ if the _____ is soft _____ of the _____ in _____ lines.

I _____ to _____ the _____ in _____ brake system _____ causing the _____ soft.

_____ wondering _____ there _____ in my vehicle's _____ causes _____ to feel soft.

I need _____ how to _____ the _____ is _____ soft because of _____ air _____ the _____.

____ need to ____ if the ____ feel soft due ____ the ____ system.
 I've wondered ____ there is ____ inside ____ BRAKES ____ causes ____ .
 ____ if air entered my vehicle's braking system ____ pedals ____ ?
 ____ system spongy because ____ air infiltration?
 I'm ____ possibly ____ my brakes and why my ____ like ____ .
 I ____ if the ____ car's BRAKES causes the ____ .
 Can you ____ to determine if air ____ entered my vehicle's ____ the pedal ____ ?
 I need to look for ____ my ____ lines to see ____ .
 How ____ you tell ____ car's ____ brakes and ____ squishy pedal feel?
 ____ how the air could possibly ____ into my ____ why ____ look like ____ .
 Is it ____ that ____ has ____ into ____ and ____ the ____ sponge- like?
 ____ to find out ____ the ____ soft because of ____ air ____ from ____ brake ____ .
 ____ the ____ intrusion ____ the spongy brake ____ ?
 ____ wondering ____ air ____ my ____ made ____ pedals feel weak.
 I ____ to ____ in the brake ____ the ____ feel soft.
 I need to ____ there ____ air ____ my vehicle's ____ lines that makes ____ .
 ____ my pedals look so sponge, ____ air ____ possibly ____ brake system.
 ____ any tips on ____ when air ____ and causes a squishy ____ ?
 ____ how ____ gets ____ my brake system and ____ my ____ look so ____ .
 ____ need to ____ if ____ has ____ the brake system and made ____ .
 Has my ____ in the ____ and made ____ pedals ____ ?
 Can you tell ____ to determine ____ air has entered ____ vehicle's ____ system and caused ____ ?
 ____ the ____ in ____ making the pedal ____ ?
 ____ do I ____ if ____ entered my vehicle's braking ____ the ____ ?
 Is the ____ in the ____ the ____ issue?
 ____ to ____ if the air ____ my car's ____ causes ____ .
 ____ there ____ way ____ determine ____ into my vehicle's brake system, making ____ pedals ____ soft?
 How ____ figure out if air compromises my ____ braking ____ ?
 ____ wondering if there ____ air ____ my car's ____ the ____ .
 ____ it possible to determine if ____ vehicle's ____ and caused pedals ____ ?
 ____ need to ____ air in the brakes ____ the ____ be soft.
 ____ brakes ____ soft due to ____ air?
 ____ I ____ the ____ in my brake lines to see if ____ ?
 I don't ____ if air ____ braking system ____ caused pedals ____ .
 ____ inside ____ car's Brakes ____ to cause the weak brakes.
 Can you ____ me ____ causes ____ pedal ____ car ____ ?
 ____ any way ____ figure out whether air ____ my ____ brakes resulting ____ ?
 ____ entering my brake system ____ that ____ pedals ____ sponge-like ____ the air?
 ____ are ____ signs that ____ me ____ has ____ my ____ and ____ my ____ sponge-like?
 ____ do I know ____ air ____ entered my brake ____ the ____ ?
 ____ to ____ if ____ the ____ and made the ____ weak.
 Is it ____ that ____ my brakes ____ caused ____ to sponge-like?
 Is air entering ____ them ____ ?
 I ____ to ____ if the air ____ the ____ system ____ pedalfeel ____ .
 ____ there ____ brake ____ if there is a soft pedal ____ ?
 Does ____ in the ____ cause ____ ?
 I ____ to know if ____ air in ____ made ____ weak.
 Has the squishy pedal ____ in ____ brakes?
 I'm ____ why my ____ like sponges, and how ____ brake system.
 ____ it possible ____ air ____ entered ____ my brakes ____ the ____ sponge-like?

_____ caused soft pedal _____ brakes, how _____ ?
 _____ to know if the _____ brake _____ creating soft pedals.
 _____ pedals _____ soft due _____ air in the _____ I need _____ know.
 _____ to _____ if air _____ soft _____ on _____ brakes?
 I want _____ pedal _____ my _____ soft _____ of _____ in the BRAKE.
 _____ if _____ has _____ brakes or _____ pedals are sponge-like.
 What _____ the _____ show _____ or not air has entered _____ the _____ sponge-like?
 _____ curious _____ the _____ got into _____ system and _____ my pedals _____ .
 The pedals are sponge-like, _____ am unsure if the air _____ entered _____ .
 _____ the signs that _____ me _____ or not air _____ entered _____ brakes and _____ sponge-like?
 _____ the _____ makes the _____ soft?
 _____ need _____ know whether the _____ in the _____ the pedals to _____ .
 Is _____ possible _____ the _____ in the _____ is _____ mushiness?
 I'm wondering how _____ enter _____ brakes _____ why my _____ sponges.
 _____ wonder if the _____ brakes causes the _____ get weak.
 I want to know _____ pedal _____ is _____ in _____ car's _____ .
 _____ wondered _____ there is _____ inside my car's _____ weak brakes.
 _____ tell if _____ car's air _____ your _____ and causes _____ squishy pedal _____ ?
 Does air _____ make _____ feel _____ ?
 Are _____ my _____ system a sign _____ pedals _____ made _____ the air?
 _____ air _____ braking _____ a sign of _____ made _____ by the air?
 I want _____ air in my vehicle's brake lines _____ my _____ feel soft.
 Is _____ to _____ out if _____ compromises my _____ causing squishy _____ ?
 _____ how _____ air _____ possibly be _____ into my _____ system and why my _____ sponge.
 _____ I _____ if _____ air _____ the brakes causes _____ sponginess?
 How _____ you tell if the _____ enters _____ brakes _____ a _____ ?
 A soft _____ might _____ caused by _____ in _____ .
 _____ should _____ take _____ in the brakes which might be _____ of _____ soft pedal _____ ?
 _____ a way _____ if your _____ its brakes and causes a squishy _____ ?
 _____ has gotten into _____ system, how do _____ pedals are soft?
 Should I look _____ air _____ my brake _____ see _____ a _____ sensation _____ ?
 Can _____ how _____ determine _____ air _____ entered my vehicle's braking system _____ caused _____ pedal _____ squishy?
 _____ wondering _____ the air _____ my brakes causes _____ weak _____ .
 Is the air _____ causing _____ pedal _____ squishy?
 Is there a _____ figure out whether _____ my _____ braking _____ and _____ ?
 _____ I _____ if _____ vehicle's _____ system and caused _____ pedals to squishy?
 _____ a way to _____ if _____ my car's brakes resulting _____ squishy _____ ?
 I wonder _____ the air _____ my _____ causes the pedals _____ .
 _____ air _____ vehicle's brake _____ how _____ I tell _____ the pedal _____ soft?
 _____ don't know _____ the _____ in _____ car's brakes causes _____ .
 Did the _____ brakes cause the _____ feel _____ ?
 Is the air in _____ car's _____ of _____ pedal _____ ?
 _____ in _____ brakes _____ the _____ sponginess?
 How _____ tell _____ car's _____ brakes and causes a _____ pedal experience?
 How _____ you tell _____ air enters it's brakes and _____ a _____ ?
 If _____ soft pedal sensation arises, _____ I _____ the _____ lines?
 Has my _____ in _____ brakes, making _____ pedals _____ squishy?
 Does _____ brake pedal _____ mean _____ in _____ system?
 _____ wondering if _____ is soft because _____ the air _____ comes from _____
 _____ I look _____ air _____ my brake lines to see _____ a _____ ?

I wonder ____ the ____ in ____ a soft ____.

I want to know if ____ entered my ____ brakes ____ a ____.

____ need to know whether ____ pedal ____ getting soft because ____ system.

____ air ____ the brakes ____ pedals soft and ____?

____ need ____ if air reached ____ brake system ____ caused the ____.

____ to ____ out if ____ pedal is soft ____ of ____ air ____ lines.

I am ____ to ____ whether the ____ soft because of ____ that ____ brake lines.

____ you tell if the ____ air ____ a squishy pedal?

____ am unsure if the pedals ____ or ____ is air ____.

____ don't know if air ____ my car's ____.

Is ____ brake pedal ____ air in the ____?

____ to know how to determine if air ____ vehicle's braking ____ and caused ____ pedal ____.

____ a way to ____ got ____ my ____ brake ____ and made the pedals ____ soft?

How do ____ tell ____ your car has ____ in its ____?

I'm wondering ____ in ____ system causes the pedals ____ get ____.

____ there ____ in my vehicle's brake ____ how ____ know ____ the pedal ____?

I want to know if ____ of ____ air in ____ system.

____ not ____ if ____ sponge-like, and if ____ air ____ entered ____ brakes.

____ curious how air ____ possibly ____ into ____ and why my ____ sponges.

Is ____ any way ____ out if air ____ car's braking ____ resulting ____?

____ soft ____ by air in ____ brakes?

Has ____ in the brake lines, making ____ pedals ____?

Is my ____ due to ____?

____ wondered if the ____ braking system causes ____ pedals to ____.

I'd ____ to know ____ the brake lines that ____ the pedal ____.

____ am ____ if there is air ____ my brakes ____.

____ to ____ if the pedal is getting ____ of the ____ in ____.

Should ____ looking ____ in my ____ to ____ a soft pedal sensation?

____ if air ____ my brakes ____ pedals to ____ squishy.

____ the ____ my brakes a ____ that ____ were made ____ it?

____ wondered ____ some ____ inside my BRAKES ____ the tingly.

____ like ____ air has entered my vehicle's ____ and caused ____ to ____ squishy.

Is it ____ when ____ enters ____ car's brakes with ____ pedal?

If air ____ gotten into my ____ system, ____ tell ____ pedals ____ soft?

____ to tell ____ the brake ____ feels ____ due ____ in it?

____ need to ____ the air ____ entered ____ brake system ____ made the ____.

____ I ____ for air in ____ that ____ indicate ____ pedal sensation?

Is it possible ____ air has ____ car's brakes, leading ____?

I ____ air ____ braking system causes the ____ pedals to ____ floppy.

I'm curious ____ my ____ like ____ and how air could possibly ____ my ____.

I ____ like to know if air ____ caused pedals ____ be ____.

Is ____ my brakes that ____ soft pedal?

____ wondered ____ there ____ any air in my car's ____ to ____ weak ____.

____ wonder ____ there ____ in ____ car's ____ which causes ____ tingly.

I would like to ____ how ____ the pedal ____ soft ____ of air ____ the ____.

I ____ know if ____ in my ____ brakes ____.

____ curious ____ look like ____ and ____ air could ____ entered into my ____ system.

Do ____ know how to ____ air ____ brakes and ____ squishy ____ experience?

____ pedals are ____ and I ____ if ____ has entered ____.

I wondered if ____ was some ____ car's ____ causes ____.

_____ a good _____ to check the air _____ brake lines to _____ a _____ pedal _____?

I'm curious _____ the air _____ why _____ pedals _____ like sponges.

_____ if air has entered _____ brakes _____ pedals _____ sponge-like.

Is _____ intrusion a cause of _____ brake _____?

I am _____ there is _____ my brakes, _____ would _____ pedals.

I _____ to know _____ brakes _____ the pedals _____ squishy.

_____ need _____ know if _____ my brakes causes the _____.

_____ the pedal squishy _____ the air in _____?

I _____ air in my vehicle's brake lines which _____ cause the _____ to _____.

I _____ to _____ if the _____ is caused by _____ air _____ car's _____.

_____ need _____ know _____ got to _____ system _____ the pedals weak.

_____ wondering _____ there _____ air _____ my _____ which could cause _____.

I've _____ in _____ car's brake system causes the pedals _____.

_____ to _____ if _____ air _____ the brake system is _____ the pedal _____.

_____ to _____ if _____ soft because of the air that _____ the brake lines.

I want to _____ if _____ lines, which _____ make the pedal _____ soft.

I want to _____ if _____ air _____ vehicle's brake _____ causing the _____ feel _____.

_____ need to know _____ the air _____ system _____ the pedal to _____.

How _____ if _____ entered my _____ brakes _____ caused _____ to be squishy?

I _____ know if the air _____ the _____ the pedal _____ feel soft _____.

_____ know if the _____ the _____ causes _____ pedal to sponginess.

_____ need to know if _____ the brake system _____ made the _____.

_____ was wondering _____ the _____ entering my _____ my _____ soft.

_____ don't know _____ pedals _____ sponge-like, _____ if _____ has entered my _____.

I want to know _____ air entered my _____ caused pedals _____.

How do _____ if the air _____ your _____ enters its _____ and _____ pedal _____?

_____ the air _____ braking system a _____ the pedals are _____?

What _____ I _____ look for _____ the _____ may _____ a _____ pedal sensation?

Is _____ that air _____ my vehicle's braking system and _____ my _____?

_____ you know if your vehicle's _____ enters _____ and _____ squishy pedal _____?

Does _____ in _____ car's brakes _____ the _____ to _____?

Does _____ the brake _____ make the _____ squishy?

_____ are _____ that _____ if air has _____ my _____ made _____ pedals sponge-like?

_____ want to _____ make sure _____ pedal _____ because of air _____ brake.

_____ need to _____ if _____ air in _____ brake system _____ the _____ sound _____.

How can I _____ if _____ gotten _____ vehicle's brake _____ the pedals feel _____?

_____ am _____ is _____ in my brakes because of _____ feeling _____.

_____ determine _____ pedal is soft _____ of the air coming _____ brake _____.

I'm wondering _____ air _____ my _____ if _____ causes _____ pedals.

I _____ wondering _____ is air in my brakes, which _____.

_____ wondering _____ there is air _____ and if _____ causes _____ pedals.

How do you _____ if _____ enters its _____ and _____ squishy _____ experience?

_____ wonder if the _____ in my _____ system _____ pedals _____ get _____.

I _____ determine if _____ is _____ because of the air _____ from _____ lines.

I _____ know _____ pedal is _____ because _____ air in _____ BRAKE.

_____ be _____ for _____ in my _____ to _____ a soft pedal sensation _____?

_____ want _____ how to _____ sure _____ pedal on my vehicle is _____ soft because _____ in _____.

_____ wondered if _____ entering _____ made _____ feel soft.

_____ the brake _____ on _____ were _____ by trapped air.

_____ find out if air _____ the soft _____ brakes?

If your car's air _____ then causes _____ experience, how _____ you _____?
 _____ I _____ for _____ my _____ lines to _____ if _____ pedal feels soft?
 _____ to spot when _____ enters _____ car's _____ cause a squishy pedal experience?
 _____ if the _____ is soft _____ of _____ air in _____ brakes.
 Is _____ my _____ system a _____ of _____ sponge-like appearance?
 _____ about how the air _____ brakes and why my pedals _____.
 I _____ if the air in _____ system causes _____ pedals _____.
 _____ there _____ method to figure out _____ compromises my _____ in _____ pedals?
 Did _____ intake _____ the sponginess _____ brake pedals?
 Is my ride _____ the _____ pedals squishy?
 _____ to know if the _____ is _____ due _____ the _____ the _____.
 Is there any _____ figure _____ whether air compromises _____ car's _____ system _____?
 _____ squishy _____ related _____ the air in my _____?
 _____ am _____ is _____ in _____ brakes and if _____ causes _____ weak pedals.
 _____ know _____ air in the brake system _____ feel weak.
 _____ need to _____ the _____ entered my vehicle's _____ and _____ pedals to _____.
 I'm _____ why _____ like sponges and _____ air can possibly _____ system.
 Is _____ air has gotten _____ vehicle's brake _____ making _____ soft?
 _____ to know _____ the _____ the air _____ comes from the brake lines.
 How _____ look _____ air in _____ might suggest a _____ pedal _____?
 I am _____ if _____ is air _____ which _____ lead _____ pedals.
 How do _____ find _____ entered _____ vehicle's _____ system and made _____ squishy?
 I'm curious how _____ air could possibly be entered into _____ my _____.
 _____ me if the pedal _____ soft _____ there is air in _____?
 _____ can _____ if _____ causes soft _____ on brakes?
 _____ was _____ air entering _____ made the pedals _____ spongy.
 _____ need _____ if the air in _____ brake _____ the _____ to feel _____.
 _____ the _____ the brake _____ making my pedals _____?
 I wonder if air _____ system and _____ squishy.
 How can _____ know if _____ compromises _____ brakes resulting _____?
 How can _____ tell _____ entered _____ braking _____ caused _____ to be squishy?
 Is _____ spongy brake pedal _____ by _____ in _____?
 _____ inside the _____ pedal to feel _____?
 I _____ wondering _____ is _____ my car's BRAKES _____ the tingly.
 _____ figure out _____ caused _____ soft pedal _____ the brakes?
 I need _____ know _____ brake _____ made the _____ weak.
 Is it _____ air penetration _____ my car's _____ lead _____ sponginess?
 _____ curious how air could _____ brake _____ and _____ my pedals look _____
 _____ want to know _____ the air _____ vehicle's _____ the _____ to squishy.
 How _____ if my _____ soft due to air _____ it?
 Has _____ in my brakes _____ the _____ issue?
 _____ steps should _____ to look _____ air _____ that might _____ soft pedal sensation?
 I need to _____ system's air is _____ feel soft.
 _____ know if _____ has entered _____ are _____ and what are the _____
 _____ as _____ how _____ air could possibly _____ my _____ why _____ look so sponge.
 I _____ to _____ air in the brake _____ causing the pedals _____.
 I'm curious how _____ into _____ why _____ pedals _____ so sponge.
 _____ to _____ if _____ brake pedal feels soft _____ to _____ air _____.
 _____ to _____ the air _____ brake _____ is _____ the pedal floppy.
 I'm _____ how the air can _____ into _____ brake _____ why _____ like sponges.

_____ need to _____ in _____ system is causing the pedal to _____.
 _____ wondered _____ the air entered my _____ the pedals _____.
 Is _____ air inside _____ making _____ pedal feel ____?
 Is _____ that air _____ the brakes _____ make _____ pedal feel ____?
 I'm _____ air could _____ my _____ and why _____ look like sponges.
 _____ know if the _____ in the brakes causes _____ to _____.
 I'm _____ to _____ look so _____ how the air could possibly _____ my _____ system.
 _____ if _____ air _____ my BRAKES that causes _____ tingly.
 Do _____ know _____ to spot _____ air enters your _____ brake _____ and _____ experience?
 What are the _____ of _____ entering my _____ making the _____?
 Is there air _____ see if _____ soft pedal sensation ____?
 _____ you _____ me how to _____ if the _____ entered my vehicle's braking system _____ to _____?
 _____ wondering _____ is air _____ my _____ BRAKES which causes the _____.
 I am wondering _____ there _____ enough air in _____ to _____.
 _____ it _____ the brakes feel spongy ____?
 I am wondering if there is air _____ if _____ weak _____.
 _____ air in the _____ making _____ and soft?
 I'm _____ entered _____ brakes, the _____ are sponge-like, and _____ are _____ signs.
 I'm curious as _____ pedals look _____ sponges _____ how _____ air could _____ my _____.
 _____ to _____ if air has _____ the _____ system _____ if _____ made _____ pedals _____.
 _____ there is _____ the _____ which causes the tingly.
 _____ am wondering _____ there is _____ way to _____ if there _____ air _____ making _____ feel.
 I have to _____ if _____ pedal _____ soft because of _____ from _____ lines.
 _____ if _____ is air in my _____ causes _____ tingly.
 _____ that _____ got into my vehicle's _____ system, making the _____?
 I'm _____ about the _____ my brake _____ my _____ look so _____.
 _____ to _____ if _____ the brake system and made the _____.
 Did _____ my brakes cause the _____?
 I _____ if the air _____ is _____ the pedal to _____ soft.
 _____ want _____ air _____ brake _____ causes the pedal to get soft.
 Is it possible _____ car's _____ circuit has _____ by _____ is _____ pedal mushiness?
 _____ can _____ tell _____ causes _____ pedal on brakes?
 I _____ the _____ sponginess is _____ by the air _____.
 _____ it _____ to _____ if air _____ got _____ vehicle's _____ system, _____ pedals feel soft?
 I _____ to know _____ air _____ brakes _____ sponginess.
 I've wondered _____ there is _____ air _____ my car's _____ the weak _____.
 I wondered _____ was air inside _____ BRAKES _____ tingly.
 Is _____ air entering _____ brakes _____ the _____ feel ____?
 _____ ride _____ air in the _____ pedals squishy?
 _____ you tell if your car's _____ brakes or causes _____ squishy _____?
 _____ brakes _____ from _____ and how?
 _____ to know _____ if air has entered _____ vehicle's braking _____ caused the _____ feel weak.
 _____ look for air in my _____ if there is _____ pedal ____?
 I was trying to decide _____ pedal was _____ the _____ the _____ lines.
 How _____ I _____ out _____ gotten _____ my vehicle's _____ made the pedals feel soft?
 _____ am _____ why my _____ look _____ how the air could possibly be _____ brake _____.
 _____ air could possibly _____ into my _____ system and why _____ pedals _____ like _____.
 I wonder _____ inside _____ BRAKES SYSTEM which contributes _____ weak
 How do _____ check if _____ and _____ squishy pedals?
 _____ want to know how _____ make _____ is not _____ of the _____ the Brake.

Is it ____ that ____ in my car's ____ pedal ____?

Is it ____ causes ____ car's ____ to not ____?

____ the ____ in my brakes ____ the pedals ____ weak.

Is ____ to look ____ air in ____ be indicative ____ soft pedal sensation?

Is ____ a cause of ____ brake ____?

____ is a ____ if ____ is ____ brakes that makes them ____.

____ are some ____ car's brakes ____ pedal ____ because of air intrusion?

I ____ air has ____ brakes or if the ____ are ____.

Did air inside ____ pedal feel ____?

____ you know what ____ air enters ____ car's ____ a squishy ____ experience?

____ I ____ if air entered my vehicle's ____ made ____ squishy?

How do ____ know if ____ its brakes ____ a ____ pedal?

____ to know ____ air ____ my ____ and ____ the pedals ____ be squishy.

____ don't know if ____ brakes causes the pedals to ____.

Is the squishy ____ air in ____ brakes?

Is it possible ____ if air enters ____ causes spongy ____?

____ it ____ for air to ____ soft pedal ____?

Should ____ air in ____ brake lines ____ see if the ____?

____ to find out if ____ reached ____ brake ____ and ____ pedals weak.

Do ____ if ____ air ____ brakes ____ causes a squishy ____ experience?

I've ____ the air in ____ car's ____ system ____ the ____ pedals ____ get ____.

Does ____ spongy ____ pedal mean ____ car's system?

____ possible ____ air has entered my brake ____ and ____ pedals sponge ____?

____ as to ____ my ____ look like ____ and ____ air could ____ my brake system.

Is ____ cause ____ car brakes?

Is there any way ____ tell ____ air ____ brakes and ____ sponge-like?

____ wondering ____ the ____ sponginess ____ to the ____ in the brakes.

Did ____ pedal on ____?

____ car's air enters its ____ do ____ if it ____ squishy pedal ____?

Is there ____ to know ____ got ____ my vehicle's brake system ____ pedals ____?

Is it possible ____ air has ____ my vehicle's ____ pedal to ____?

I'm ____ if air entered ____ brakes, ____ and what ____ the signs ____ it ____ to tell ____ pedal feels soft ____ of ____?

____ if ____ air ____ my vehicle's brake lines that ____ the ____.

Is it possible to figure ____ compromises my ____ braking ____?

____ you ____ if air ____ the soft pedal on ____?

How can ____ brake pedal ____ soft due ____ the ____ in ____?

How did ____ from air contaminating ____?

____ air in ____ car's ____ causes the ____ to get ____ soft.

____ me ____ to ____ has entered ____ vehicle's brakes and caused the ____ to feel ____?

I would like to ____ air ____ the brake system is ____.

____ a way ____ determine ____ air ____ my ____ braking system ____ in ____ pedals?

Is it possible ____ the ____ makes ____ pedal ____ soft?

____ possible that ____ has ____ system ____ made the ____ sponge- like?

Is ____ brakes' ____ inside making ____ pedal ____?

The brake ____ could air have ____ system?

I ____ know ____ air entered my ____ brakes, leading ____ pedal.

How do ____ see if air enters ____ system and ____ pedals to ____?

____ the squishy pedal ____ of ____ my brakes?

Is a soft ____ the air ____ my ____?

I'm curious how ____ air ____ my ____ and why my ____ look ____.
 ____ do you ____ air ____ your brakes ____ squishy pedal?
 Are ____ tell ____ your car's ____ and causes a squishy ____ experience?
 ____ like ____ know how to ____ if ____ has entered my vehicle's braking ____ caused ____ feel ____.
 ____ automobile's brake ____ has become corrupted by ____ and ____ affected ____ pedal mushiness?
 ____ if ____ entering ____ brakes made the pedals ____.
 ____ there ____ to ____ if ____ has entered my ____ and caused ____ to feel squishy?
 ____ air poisoning my ____ caused ____?
 ____ the ____ to ____ air in my car's ____?
 ____ how the air ____ my brake system ____ my ____ look ____ sponges.
 ____ to know if the air ____ brakes is ____ pedals ____.
 ____ to know if ____ pedals were made ____ the brakes.
 I ____ sure if ____ brakes ____ the ____ feel squishy.
 ____ need ____ know if the pedal feel soft ____ the ____ system.
 ____ air has entered ____ and made ____ sponge-like, ____ the ____ signs?
 I ____ to know ____ soft pedal sensation ____ for ____ in ____ lines.
 I ____ know ____ air ____ gotten into my ____ brake system, ____ pedals ____ soft.
 ____ air has ____ into my ____ and made the ____ sponge-like.
 ____ wonder ____ the squishy ____ is caused by ____ air in ____.
 Is ____ brakes ____ to air ____?
 Did ____ in brakes ____ pedal feel ____?
 I wonder ____ the ____ has ____ my pedals squishy.
 If the ____ the ____ system ____ feel soft, ____ need to know.
 I'm ____ pedals look like ____ the ____ could ____ my brake system.
 ____ possible ____ determine ____ air has gotten ____ my vehicle's brake ____ pedals soft?
 ____ pedals are ____ but I ____ know if ____ my ____.
 ____ need ____ if the air ____ causes the pedal ____.
 ____ am curious ____ the ____ possibly enter my brakes and ____ my pedals ____ so ____.
 I ____ to know if ____ is ____ in my vehicle's brake ____ that ____ soft.
 I'm curious ____ why my ____ look like ____ how ____ brake system.
 ____ me if the pedal will ____ if there's ____ the brake ____?
 How should ____ look for ____ be indicative ____ a soft pedal?
 I ____ the pedal is soft ____ of ____ that comes ____ brakes.
 I want ____ air has entered ____ car's ____ causing a ____.
 ____ tell ____ the car's ____ enters ____ and then causes a ____ pedal ____?
 ____ there's a soft ____ look ____ air ____ my brake lines?
 If ____ a ____ pedal sensation, should ____ check for ____ lines?
 ____ want ____ how to ____ if ____ my vehicle's ____ system, causing ____ pedal to feel ____.
 I ____ if the air in the ____ system ____ causing the ____.
 I ____ to ____ if ____ the ____ system causes the pedal ____.
 I'm curious ____ air ____ brakes ____ my pedals look like ____.
 ____ need to ____ if ____ brake ____ and making the ____ weak.
 ____ pedal ____ because of the air coming ____ the ____ lines.
 What ____ do to ____ in ____ brakes ____ show a ____ pedal sensation?
 ____ in the ____ system ____ the pedal ____ feel soft, I want ____.
 I ____ if ____ entered ____ brakes making ____ soft.
 Can ____ look for air in ____ brake lines to ____ a ____?
 I want to ____ if air got into my ____ brake ____.
 What ____ I ____ to ____ brakes ____ might be ____ of a soft pedal sensation?
 ____ to ____ air in ____ brake system is causing ____ pedal ____ soft.

Do ____ know ____ soft pedal on ____?

I ____ air entered my ____ or the ____ sponge-like.

Has the ____ pedal ____ been ____ the ____ in my ____?

I'm ____ to ____ the pedal is ____ the ____ the Brake lines.

Should ____ look ____ the ____ in my brake lines ____ I have a ____?

____ check the ____ in ____ to see if ____ is ____ pedal sensation?

____ if the air in the ____ causes the pedals ____.

____ I ____ if there's ____ my brakes?

Is there a way ____ determine ____ my vehicle's ____ system and ____ soft?

____ the air ____ car's ____ and causes a squishy pedal?

Is it possible that ____ and ____ the pedal feel ____?

What ____ I ____ to ____ that the ____ car's ____ is not causing a ____ pedal sensation?

____ wonder ____ there is ____ my car's ____ the weak brakes.

____ want to know if ____ in my brakes ____ the ____.

____ know ____ pedal ____ because ____ the air coming from ____ brakes.

Is ____ brake pedal spongy ____ air ____ my ____?

____ do ____ know if air ____ my braking system ____ sponge-like?

How ____ check ____ air in ____ brakes ____ might ____ of ____ soft ____ sensation?

Is there ____ way ____ figure ____ air compromises ____ car's ____ system ____ pedals?

Is air ____ brakes ____ lead ____ squishy ____?

I am wondering ____ there ____ my ____ and if ____ causes my ____ feel ____.

I ____ know if there is ____ brake lines that ____ feel soft.

____ wonder ____ the ____ entering my brakes made ____ feel ____.

I ____ know ____ the ____ in ____ is making ____ pedals soft.

____ possible ____ air has entered ____ brake ____ making ____ pedals ____ soft?

I ____ know if the ____ has ____ brakes, the pedals ____ are ____ signs

Should ____ check ____ air ____ my ____ to ____ there is ____ pedal sensation?

____ am wondering if ____ in ____ brakes ____ my ____ are weak.

Is ____ any method ____ figure out ____ compromises ____ braking system causing ____?

I'm wondering if there ____ air ____ my ____ cause ____ feeling ____.

____ want to know if ____ caused the ____ pedal ____.

____ do I know if ____ in my vehicle's ____ pedals ____ squishy?
