

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	New service connection requests
Inquiry Sub-Category	Alternative energy options
Description	Customers express interest in exploring alternative energy options, such as solar or wind power, and seek information on the feasibility, benefits, and processes involved in connecting these sources to the electricity grid.
Data Size	7,641 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Are there any _____ and connecting _____ systems?

Can you tell me _____ systems?

Suggestions _____ green power sources

Should _____ be _____ for _____ up _____?

Can _____ instructions for the _____ energy systems?

What _____ the guidelines for _____?

_____ for alternative power _____ installation.

_____ recommendations for connecting _____ power _____?

Suggestions _____ energy options?

_____ connect _____ technology

How to _____ and _____ alternate _____.

There _____ be guidelines to connect _____ power _____.

Is there _____ for _____ of _____ alternative energy _____?

_____ get _____ on setting _____ energy systems?

Suggestions _____ connecting renewable _____.

_____ there any _____ for _____ up _____?

_____ to install _____ energy options?

Could you _____ advice _____ and _____ power options?

_____ there _____ way to give pointers _____ alternate _____?

Set _____ energy _____?

_____ you _____ any rules _____ alternative _____ on _____ grid?

Do _____ have any _____ setting up alternative _____?

_____ are the recommended _____ to _____ when _____ renewable _____?

_____ are any _____ power possibilities?

Is _____ instructions _____ to set up _____ systems?

_____ to _____ renewable power possibilities.

_____ there _____ any _____ for tying _____ power gear?

Are _____ able to guide _____?

Any _____ fitting _____ gear?

What are _____ alternate power _____?

Any ideas on how _____?

What are the _____ to setup and _____ renewable _____?

_____ there for _____ energy system _____?

Could you provide _____ connecting _____ installing _____?

Any _____ up renewable _____ sources?

Some guidelines _____ installing _____?

_____ any suggestions for hooking _____ power _____?

_____ possible to _____ guidelines for the _____ of _____ resource _____?

How do _____ install and _____ up _____ power _____?

_____ guidelines for the _____ of _____ alternative energy _____?

_____ to install alternative energysystems?

_____ there a handbook for _____ installation _____ solutions?

Do _____ for connecting and _____ alternative _____?

Can _____ tell me about the _____ instructions _____ systems?

I'm _____ need of a guide _____.

_____ with _____ renewable _____?

_____ for _____ alternate energy _____ are _____.

_____ the _____ when installing green _____?

_____ you give _____ advice to help _____ sources?

_____ are the _____ to install _____?

Guidelines for _____ sought.

What are the _____ regarding _____ alternative energy _____?

_____ instructions for _____ up alternate power solutions?

Can you _____ there are _____ how to connect alternative _____?

Are you looking for _____ on _____ power _____?

_____ you give me _____ energy setups?

_____ there any tips _____ how to install _____?

_____ looking for _____ setting _____ alternative energy systems?

_____ are _____ when _____ up alternative _____ systems?

_____ are available _____ installing _____ systems?

Are you able _____ alternative energy systems?

Are there _____ helpful _____ for _____?

_____ to _____ ecofriendly _____?

Any _____ for connecting _____?

How _____ eco-friendly systems?

_____ requirements for installing _____ energy devices?

Is _____ regulations _____ alternate _____ options?

Is _____ anything on _____ renewable _____?

_____ set _____ energy sources?

_____ there any guidance _____ connecting and installing _____.

_____ you offer _____ on how to integrate _____ systems _____?

_____ you able _____ guidelines for alternative _____ systems?

_____ you need _____ tips _____ setting _____ renewable power _____?

How should _____ go _____ renewable _____?

Can _____ for _____ clean _____ setup?

The proper _____ to install and _____ unknown.

What's the _____ way _____ connect _____?

_____ with connecting eco-friendly _____?

I would _____ know _____ you _____ installation _____ for alternative _____ systems.

There are _____ for _____ alternative _____

_____ to _____ renewable power gear?

_____ for connected alternative _____ systems?

_____ to _____ eco- friendly _____?

I _____ if there _____ requirements to _____.

_____ it _____ to access _____ the _____ process of renewable _____.

We need _____ alternative energy _____.

_____ you _____ any _____ about _____ power?

_____ do we _____ up _____ systems?

Do _____ will _____ protocols for attaching those renewable _____?

_____ to install alternative _____?

_____ there _____ for hooking up alternative _____?

Is _____ any suggestions _____ install _____ power?

_____ to _____ alternative _____ units.

_____ you _____ for connecting alternative _____ sources.

Anyone have any _____ connecting _____?

Do _____ require _____ regarding linking and installing _____?

Is there _____ have to _____ with _____ up alternate _____?

Can _____ provide _____ for _____ clean _____?

Is _____ any _____ eco-power units?

Can _____ us _____ tips for _____ clean _____ setups?

Do _____ know _____ up alternative energy _____?

_____ there specific instructions about _____?

Are you _____ on _____ up _____ systems?

_____ do _____ get directions _____ power solutions?

Guidelines _____ to _____ sought.

What _____ recommended steps _____ connect _____ power _____?

Can you _____ alternate grids?

Installation _____ hooking up _____ solutions _____.

_____ some of _____ steps to install and _____ renewable _____?

_____ have any rules _____ to _____ energy devices?

_____ procedures for the installation of sustainable _____?

Is it possible _____ connecting eco-friendly _____ options?

What _____ steps _____ for _____ renewable power sources?

_____ guidance on connecting _____ friendly power options?

Did _____ offer advice _____ connecting _____ installing _____ options?

Is _____ any way you can _____?

Should _____ any advice _____ renewable sources?

_____ do _____ link _____ units?

What _____ can we _____ to _____ energy solutions?

_____ the protocols _____ connecting eco-power _____?

_____ to put _____ in place?

Is _____ a _____ install energy _____?

Guidelines _____ and installing _____ systems?

Is _____ guidelines _____ installation _____ system?

_____ the guidelines _____ install _____ power _____?

Does _____ alternate energy systems?

_____ suggestion for _____ systems?

_____ for alternative power setup?

____ we ____ regulations ____ ____ up alternate ____ options?
 ____ are guidelines ____ ____ energy systems?
 ____ connect eco-friendly ____?
 ____ ____ to connect and install renewable power ____?
 ____ the ____ regulations ____ green technologies?
 Can ____ ____ for installation of ____ energy ____?
 Is it ____ ____ on connecting and installing ____ ____ options?
 ____ any tips ____ and ____ green power sources.
 Is there ____ ____ for the installation ____ ____ system?
 Is ____ rules on ____ alternative ____ ____ this ____?
 Will ____ ____ for ____ green-power units?
 ____ you ____ me ____ on ____ up ____ power gear?
 Is ____ ____ instructions on ____ to install ____ ____ system?
 How ____ connect ____ friendly ____?
 ____ any ____ for ____ up alternate power ____?
 Ways ____ install ____?
 ____ requirements ____ link and install eco-friendly ____ technologies?
 Is there ____ ____ hooking ____ ____ power solutions?
 Did you ____ ____ instructions ____ how to ____ ____ energy ____?
 Can you ____ ____ clean power?
 ____ know ____ ____ for connecting alternate energy ____?
 ____ tell me if there are ____ rules ____ ____ connect alternative ____ ____?
 ____ you ____ ____ instructions for alternative energy ____ ____?
 How ____ connect ____ renewable ____ systems?
 What ____ some guidelines ____ setting ____ ____ energy ____?
 Is ____ any ____ ____ how to connect ____ energy ____?
 Do ____ ____ connecting ____ systems?
 Is ____ ____ to guide ____ ____ install?
 Are ____ ____ for alternative ____ ____?
 Are ____ ____ requirements to connect ____ ____.
 Can ____ give me advice ____ setting ____ alternative ____ ____?
 How ____ we ____ directions for ____ ____ power solutions?
 Got ____ ____ for ____ ____ renewable sources?
 ____ you able to ____ guidance ____ integrating alternative ____ ____?
 Guidelines ____ ____ are needed.
 Maybe there are ____ ____ connecting ____ ____.
 What are the regulations ____ the installation ____ ____?
 Guidelines for ____ ____ sources
 ____ do ____ get ____ for ____ ____ alternate power?
 ____ set up ____ ____ options ____ rules?
 ____ there guidelines ____ installing and ____ alternative ____ ____?
 ____ ____ for hooking up ____ ____ solutions?
 Is ____ rules ____ putting alternative ____ ____ grid?
 Is ____ ____ to guide ____ ____ system ____?
 Should ____ ____ for ____ energy systems?
 ____ do you have on how ____ ____ alternative ____ ____?
 How to ____ directions ____ hooking ____ ____ solutions?
 ____ looking for ____ ____ up alternative energy systems?
 ____ you ____ ____ for connecting ____ installing renewable ____ systems?
 What are the ____ ____ eco-friendly ____ ____?

There may _____ alternative _____ setup.
_____ for _____ hookups exist?
I need _____ renewable sources?
_____ guidance on _____ alternative energy systems _____ the infrastructure?
Any _____ up _____ power solutions?
Do you have instructions _____ install _____ systems?
Should you give guidance on connecting _____?
_____ are _____ for connecting eco-power _____.
Is there a _____ to give pointers _____ setup _____ of _____?
Will _____ on how _____ connect _____ energy sources?
_____ there _____ requirements to _____ renewable _____?
Any _____ connecting _____ power _____?
_____ you _____ an installation guide _____ systems?
Any rules on _____ up _____?
How _____ energy systems _____?
_____ requirements _____ connect renewable systems?
_____ may _____ able to _____ guidance on _____ and _____ eco-friendly _____.
What guidelines are _____ place _____ the _____ systems?
_____ instructions _____ installing an _____ energy system?
_____ are _____ instructions available _____ renewable energy systems?
_____ to install _____ energy setup?
Do you _____ installing sustainable _____ devices?
_____ you able _____ pointers about _____ and connection _____ alternate _____?
_____ have _____ rules for _____ power?
_____ you _____ to _____ pointers _____ setup and connection of _____?
Does anyone _____ any rules for _____ up _____?
_____ to _____ guidelines _____ the installation of renewable resource _____?
Is _____ hooking up alternative power _____?
Rules _____ hookups exist?
_____ eco-friendly power options?
Should you _____ setup _____ connection _____ alternate grids?
_____ wondering if _____ was a guide _____ connect _____.
How _____ guidelines for _____ energy _____?
_____ possible to provide _____ on _____ and installing _____ power _____?
There are any _____ about how _____.
Are there _____ renewable _____ setup?
Should _____ be _____ for _____ units?
_____ rules _____ fitting _____ tying _____ alternative power gear.
Suggestions _____ alternative energy _____?
_____ tips _____ installing _____ energy setup?
_____ connect and set _____ green _____.
Do _____ know _____ for connecting _____ systems?
Do _____ on _____ power gear?
_____ install alternative energy _____?
Is there any guidelines _____ energy _____?
Can _____ provide _____ advice on _____ up _____ systems?
_____ a procedure _____ alternative energy _____?
_____ specific _____ for _____ alternate energy systems?
Do you have requirements _____ install _____ technologies?
What _____ the _____ for _____ energy solutions?

_____ on _____ to hook _____ green _____ sources?
_____ a _____ to connect _____.
_____ give me _____ for the installation of _____?
Is it _____ to _____ pointers _____ of alternate grids?
_____ there _____ how _____ install alternative _____ systems?
Any suggestions _____ install _____ power?
_____ installing _____ energy devices?
_____ should alternate _____ connected?
Can you provide any _____ and _____ technologies?
_____ you _____ any specific instructions _____ alternative _____ systems?
Want to know how _____ up _____?
_____ alternate _____ of power?
_____ you provide any _____ power?
_____ you tell me _____ alternate _____?
_____ for setting up _____ technology.
Are you able to _____ connecting _____ installing _____ options?
_____ any rules about _____ green energy _____?
_____ power _____ installed and link?
_____ any _____ about connecting clean power _____?
There _____ installing alternative power.
What instructions are available _____ installation _____ systems?
Can _____ give _____ instructions on _____ to _____ alternative _____?
Do _____ have any tips _____ clean _____?
_____ there any instructions for _____ of _____?
_____ be _____ installing sustainable _____ devices?
Do there any _____ up _____ power _____?
What are the _____ hookups?
_____ there _____ alternative energy options?
_____ protocols for _____ eco-power _____?
Do there _____ instructions _____ systems?
_____ a guide to _____ eco-friendly _____.
_____ you have _____ guidelines for _____?
Is _____ any way to _____ connect _____ solutions?
_____ you give _____ for _____ power setup?
_____ any _____ for fitting green _____.
Is _____ possible _____ give guidance _____ integrating _____ into _____?
_____ those _____ energy _____ will _____ protocols?
_____ any guidance _____ green energy sources?
What _____ process for _____ power solutions?
Are _____ instructions _____ connect _____ energy systems?
Do _____ have _____ to follow _____ sustainable _____ devices?
_____ for _____ alternative _____ installation _____ needed.
What _____ the _____ for connecting and _____ alternative _____?
_____ a method _____ alternative energy _____.
Are _____ for _____ on _____ alternative energy system?
_____ guidance _____ installing eco-friendly power options
Can _____ installation of renewable resource utilities?
_____ me how to connect clean _____?
How _____ guidelines _____ the _____ of _____ alternative energy _____?
_____ link and _____ alternate power _____.

Suggestions ____ install ____ energy ____?
____ practices for ____ renewable ____?
Any ____ to help ____?
There ____ information ____ how to ____ power.
Any ____ in ____ eco-friendly ____?
Do ____ exist ____ guidelines for setting ____ energy ____?
____ you tell me ____ to ____ energy ____?
Do ____ for installation of ____ energy ____?
There can ____ energy systems.
____ are the ____ installing ____ technologies?
Guidelines for ____ be needed.
____ you give ____ connecting ____ installing ____ power options?
____ any ____ for ____ those ____ energy rigs?
Exist ____ connect ____ install renewable ____?
Are ____ any tips you have ____ setup?
What is ____ rules for ____ up ____?
____ got ____ advice ____ to set ____ renewable sources?
____ you ____ any ____ eco-friendly systems?
____ give ____ tips ____ connecting eco-friendly ____?
____ installation of renewable resource utilities?
Any ____ to ____ units?
Do you ____ on setup ____ gear?
Is ____ hooking ____ alternate power solutions?
____ instructions exist ____ the installation of an ____?
____ there any ____ instructions ____ connecting ____ energy ____?
____ give us ____ tips on ____ clean ____?
____ you have ____ the installation ____ alternative energy ____?
How to ____ alternate ____ solutions?
____ should we install an ____?
How are ____ for ____ power ____ recommended?
Can you tell ____ the instructions ____ up ____?
____ for hooking up ____ solutions?
____ of how ____ connect ____ systems?
Regulations ____ hooking ____ eco-friendly ____?
____ connect eco-power units?
____ you ____ any guidelines on ____ to ____ alternative ____ of ____?
____ there any rules or ____ on ____ energy ____?
You may be able ____ guidance ____ eco-friendly power ____.
Is it possible to have rules ____?
____ access ____ about the installation ____ renewable resource ____?
Can ____ any advice ____ connecting ____ power ____?
____ any ____ for setting up ____?
Can ____ tell ____ connecting eco ____?
____ for connecting alternative ____ systems?
____ steps ____ the clean-tech world?
____ to set ____ renewable sources?
____ and ____ of ____ power solutions.
____ instructions on how to ____ alternate energy ____?
Any ____ up alternative ____?
____ there ____ way ____ clean ____ setup?

_____ any _____ on setting _____ alternate power _____?
 Any instructions _____ and tying _____ alternative _____?
 _____ you have _____ connecting clean _____?
 How _____ set _____ renewable energy _____?
 _____ be _____ installing and connecting _____ energy systems.
 _____ have any tips _____ installing _____ energy _____?
 How can you tell _____ alternative energy _____?
 _____ there clear _____ on _____ to set _____ systems?
 _____ you _____ instructions for _____ up renewable _____ systems?
 _____ should _____ install _____ systems?
 _____ be used for _____ eco-power _____?
 _____ you offer guidance on _____ and _____ options?
 I _____ any tips for _____.
 Do _____ have clear instructions _____ setting _____ renewable _____?
 Ways _____ install _____?
 _____ you have any advice on _____?
 _____ a way to _____ alternative energy _____?
 There are any _____ to _____.
 How _____ and setup _____ power _____?
 _____ guide to connecting _____
 _____ instructions _____ setting _____ energy systems _____?
 Do there _____ alternative energy _____?
 Guidelines _____ alternative _____ system _____ could _____.
 Are there _____ rules _____ how _____ connect alternative _____?
 _____ uprenewable systems?
 Is there _____ of _____ for connecting _____ systems?
 Rules _____ installing _____ energy _____?
 Is there rules _____ this grid?
 Is there guidelines _____ an _____?
 Do _____ have instructions _____ how _____ install _____ system?
 _____ you _____ any _____ about _____ up renewable _____?
 _____ the installation of alternative energy _____ greatly _____.
 Should _____ be able to _____ on connecting and _____?
 Can _____ guidelines _____ installing _____ alternative energy systems?
 _____ want _____ connecting with renewable _____.
 _____ are _____ instructions for _____ up renewable _____?
 _____ should be guidelines _____ and _____ power systems.
 There _____ guidelines _____ the installation _____ eco-friendly _____?
 Any guidelines _____ units?
 _____ to install renewable _____?
 Are you getting _____ setting _____ energy _____?
 There may be _____ to _____ energy sources.
 What are _____ rules on hooking _____?
 There _____ tips _____ clean power?
 _____ rules _____ hooking _____ energy sources?
 Can _____ any advice on _____ energy systems _____?
 Are _____ any _____ for _____ of eco-friendly _____ technologies?
 _____ there specific _____ install alternative _____?
 _____ you _____ guidance _____ connecting and installing eco-friendly power _____?
 _____ for _____ energy are sought.

_____ you have any _____ for _____ eco-friendly power _____?

_____ can we _____ up _____ solutions?

What are the _____ hooking up _____ sources?

What _____ the rules _____ alternative _____ this grid?

There may be _____ fitting _____ tying up _____.

_____ there _____ on integrating alternative _____?

_____ install _____ link _____ power alternatives?

There _____ any _____ for _____ units.

_____ guide to connect eco-friendly _____.

_____ there instructions _____ alternative _____?

_____ are _____ to connect and _____ renewable power _____.

Please _____ installing eco-friendly _____ options.

_____ any guidelines _____ connect _____ systems?

_____ tell me anything _____ clean power _____?

Are there _____ for _____ systems?

_____ there _____ requirements to connect _____?

Is there any _____ alternative power _____?

How _____ install _____ power sources?

_____ suggestions on _____ systems?

What guidelines _____ and install _____ power systems?

Should _____ be _____ rules _____ alternative power gear?

_____ guidelines for alternative _____ system _____.

How _____ and hook up _____ power _____?

_____ there _____ for _____ alternative power?

What _____ guidelines _____ setting up _____ friendly energy _____?

Is _____ the _____ of _____ resource utilities?

Have there _____ guidelines to _____ and install _____?

_____ for _____ eco-power _____

Can _____ tell _____ how to _____ systems _____ eco-friendly?

_____ the steps to follow _____ power alternatives?

_____ how to install _____.

What _____ rules _____ alternative energy onto _____ grid?

What are the _____ to link _____ power _____?

_____ there any rules _____ eco-friendly _____?

_____ has _____ guide _____ connect eco-friendly _____?

_____ the renewable energy sector _____ sought.

_____ any _____ hooking up alternative _____ systems?

It _____ could provide guidance _____ connecting and installing _____ options.

For setting _____ energy _____ there _____ instructions?

_____ there instructions _____ to install _____ systems?

Can _____ tips _____ connecting _____ power?

_____ rules for _____ alternative power _____

Do _____ have _____ on _____ alternative energy systems?

_____ help _____ the installs of the _____?

I need _____ guide _____ connect _____

Do you _____ for the _____ of eco-friendly _____?

What _____ recommended _____ for connecting renewable _____?

How to _____.

Can _____ any rules about _____ alternative power _____?

Can _____ give me _____ instructions _____ up _____ power _____?

_____ to connect _____ power systems.
 _____ about _____ hooking up _____ solutions
 _____ any rules _____ to connect alternative sources _____ energy?
 Do _____ have _____ on _____ to _____ alternative power?
 Is it _____ get _____ instructions for _____ energy systems?
 Do _____ on _____ clean power?
 _____ needed _____ install renewable power systems.
 Was _____ any advice _____ up alternative _____?
 _____ rules _____ how to connect _____?
 _____ are the _____ renewable power sources connected?
 _____ instructions for _____ alternate _____?
 Can _____ give _____ for _____ clean _____?
 _____ there _____ hooking up _____ energy systems?
 Do _____ any suggestions for setting _____ systems?
 Do you _____ tips _____ setting up _____?
 _____ you _____ advice on _____ renewable power _____?
 Is it _____ to give instructions _____ and installing _____?
 Do you _____ any restrictions _____ how to _____?
 _____ rules _____ alternative _____ on _____ grid?
 Can you _____ advice _____ and _____ eco-friendly _____?
 _____ eco-friendly _____ installments?
 Are _____ any _____ to set _____ alternative _____?
 _____ any rules _____ hooking _____ alternative power systems?
 _____ you _____ me some _____ on _____ installing _____ power options?
 Guidelines for _____ were _____.
 How to establish and _____.
 _____ are the steps _____ power sources?
 Can you _____ on _____ installing eco-friendly _____?
 _____ you _____ advice _____ installing _____ power?
 Can you _____ to setup _____ grids?
 _____ and _____ up alternate _____ solutions
 Guidelines for _____ of alternative energy _____ be _____.
 _____ any _____ to _____ and _____ up alternate power _____?
 _____ you specify _____ linking and installing eco-friendly _____?
 _____ to link renewable power _____.
 _____ can _____ up alternative power _____?
 _____ the _____ ways _____ connecting _____ power sources?
 _____ should _____ install _____ power?
 _____ instructions for installing _____ alternative _____ system?
 Guidelines _____ installation?
 _____ any _____ on setting up alternative _____ systems?
 Are _____ guidelines _____ up eco-friendly _____?
 How _____ I install _____ hook _____ solutions?
 Do you _____ any _____ installing _____?
 _____ on _____ installation of _____?
 _____ we have _____ on _____ up alternate _____?
 I need _____ eco-friendly _____.
 There _____ suggestions _____ install alternate _____.
 I _____ to know _____ energy _____ installation.
 _____ want guidelines _____ renewables _____.

Do you _____ any _____ connecting _____ energy _____?
 I _____ for a _____ connect _____ systems.
 _____ a handbook for _____ alternative _____?
 _____ to install alternative _____.
 Is _____ any sort _____ for _____ renewable sources?
 Do _____ to _____ or _____ power technologies?
 Do _____ give _____ how to _____ alternative energy systems _____?
 Can _____ tell us how to _____ connect _____?
 Is it possible _____ setup and connection _____ grids?
 _____ for _____ energy _____ be available.
 _____ you advise on _____ energy systems into _____?
 What should _____ be _____ green-power _____?
 Do _____ energy installation?
 Is _____ any rules _____ sources?
 _____ there any tips _____ energy _____?
 Suggestions _____ set up _____?
 _____ guidelines _____ alternative _____ systems?
 Can you _____ requirements _____ linking _____ installing _____ power technologies?
 _____ there instructions _____ connecting _____ energy _____.
 _____ there _____ tips _____ renewable energy _____?
 _____ have instructions on _____ to install _____ energy _____?
 What are _____ follow _____ connecting renewable _____ sources?
 _____ should we use _____ connect and _____ renewable _____?
 _____ anyone _____ instructions _____ connecting _____ energy systems?
 _____ for installation _____ alternative _____
 Is _____ a _____ installing _____?
 Regulations _____ up generators _____ are _____?
 How _____ install _____ setup?
 Are there _____ on integrating _____ energy _____ infrastructure?
 _____ is _____ for connecting _____ sources?
 Rules or _____ practices _____ the _____ renewable _____?
 Do _____ have any _____ instructions _____ how to _____ systems?
 _____ there be any _____ hooking up alternate _____?
 Does _____ have a _____ connect _____?
 Guidelines _____ alternative energy systems?
 Do you have _____ on _____ systems?
 How to _____ hook _____ alternate _____.
 _____ possible _____ give pointers on _____ alternate grids?
 Does _____ include linking and _____ power _____?
 _____ there any _____ for _____ up _____ solutions?
 _____ for _____ hookups?
 _____ there _____ rules _____ up alternate power _____?
 _____ any advice _____ up _____ sources.
 _____ any advice on how to _____ energy systems into _____?
 _____ have _____ to put alternative _____ on the grid?
 Are there _____ for connected _____ systems?
 _____ any guidelines _____ energy system _____?
 Any guidelines _____ up _____ power _____?
 Do we have _____ procedures _____ setting _____ options?
 Are you _____ tips on _____ up alternative _____?

Are _____ requirements for _____ renewable _____?
_____ are instructions for _____ installation of an _____?
I _____ guidelines _____ the _____ of alternative _____.
Any _____ for the _____ of _____?
_____ there any way _____ get _____ on settin' _____?
How do I _____?
How do _____ how to _____ alternative energy _____?
What are the _____ install _____ alternate _____?
Do _____ installing eco-friendly _____ technologies?
_____ there a _____ on _____ alternative _____?
Do any _____ exist for _____ alternative _____?
_____ can I find guidelines for _____ eco-friendly _____?
_____ you _____ on how _____ alternate grids?
Suggestions _____ how _____ install _____?
What is _____ install and _____ alternate power _____?
Are there _____ on _____ to connect _____?
Suggestions for _____ alternate _____?
Rules _____ technologies?
What guidelines are available _____?
How can _____ alternate _____ solutions?
Is _____ any _____ for _____ power _____?
_____ hooking up eco-friendly generators?
There _____ any regulations _____ setting up _____?
_____ for _____ tech _____ sought.
_____ for having _____ hookups?
_____ to give _____ and installing eco-friendly power?
_____ guidelines regarding _____ up _____ sources?
Do you _____ any advice _____ alternative energy _____?
Is there _____ set _____ on _____ to _____ alternative _____ sources?
Is there _____ energy system _____?
_____ there _____ for hooking _____ alternative _____?
_____ about hooking _____ power solutions?
_____ are _____ connecting alternate _____ systems?
Are you _____ for _____ renewable power gear?
I am _____ for _____ on _____.
_____ you have rules _____ sustainable _____?
_____ alternate energy setup?
Are _____ rules for _____ alternative power _____?
_____ advice for setting _____ systems?
_____ you have any _____ for _____ of sustainable _____?
Are _____ of _____ to _____ energy systems _____ infrastructure?
Will _____ regulations for setting _____ alternate _____ options?
_____ how to _____ an _____ energy system?
_____ of green _____ hookups _____?
How is it _____ and link _____?
_____ guidelines _____ for the installation of _____ energy _____?
Suggestions _____ of energy?
Can _____ rules for _____ up alternative power _____?
Do _____ for _____ sustainable energy _____?
_____ systems _____ renewable energy?

_____ the _____ for _____ alternative power systems

Do _____ guidelines for installing _____?

_____ you give me any _____ on _____ renewable _____?

What _____ the _____ for _____ setup _____?

_____ there be _____ for connecting and _____ systems?

_____ guidelines for _____ systems?

Are there _____ the _____ energy systems?

There _____ on fitting and linking _____ power _____.

_____ have particular instructions _____ installing _____ systems?

What is the _____ renewable power _____?

_____ can you _____ and install _____?

Do _____ have _____ for setting _____ alternate _____ options?

_____ there guidelines _____ of renewable resource _____?

_____ rules for _____ up _____ power systems?

Is _____ guidance _____ connecting _____ energy _____?

What are _____ take _____ connect _____ power alternatives?

_____ on connecting clean power _____?

Can you provide _____ for _____ alternate _____ solutions?

_____ there _____ for hooking _____ generators?

Should there be _____ up green _____ sources?

_____ on linking _____ fitting _____ sources?

Is there anything you _____ on _____ and installing _____?

How _____ install and _____ alternatives?

Any _____ on _____ power?

_____ looking _____ suggestions _____ linking _____ possibilities.

Any suggestions about _____?

Can _____ me _____ connect _____ power?

_____ you _____ to _____ guidance _____ integrating alternative energy _____ infrastructure?

A guide _____ connect _____?

Do you know _____ protocols _____ attaching _____ rigs?

_____ a guide _____ connect the _____?

_____ are _____ tips for hooking up _____ energy _____?

_____ there any _____ for hooking up _____?

What _____ steps for _____ and _____ alternatives be?

Do you _____ any _____ rules _____ alternative energy _____?

_____ there _____ for connecting _____ systems?

_____ of _____ setup?

Is _____ guide _____ alternative _____ systems?

_____ for connecting _____ renewable resources _____.

How to _____ sources?

_____ you know how _____ install _____?

There _____ hooking up alternate _____.

_____ about _____ alternate grids _____ connecting _____?

_____ any rules about how _____ of energy?

Rules _____ hookups _____ green _____?

_____ are in place _____ tying up alternative _____?

_____ tips about _____ green _____ sources.

Do _____ connecting eco-power units.

Could _____ connect and install _____ options?

Is _____ tips for connecting _____?

_____ there regulations for _____ alternate _____?

Rules _____ how to put _____ this _____?

_____ the directions _____ hooking _____ alternate power solutions?

_____ tell me _____ installing sustainable energy devices?

_____ can I find installation _____ systems?

_____ there _____ for hooking _____ power solutions?

_____ tips regarding hooking _____ sources?

Are you able _____ pointers _____ of alternate grids?

Do you have _____ rules _____ connecting _____ sources?

Any _____ up green _____?

Is _____ way to install _____?

What _____ hooking _____ alternate power systems?

How _____ install _____ power _____?

_____ there _____ rules _____ set up _____ options?

Are there _____ instructions you have _____ alternative _____?

_____ provide _____ setup of alternate _____?

_____ a _____ setting up _____ power _____.

_____ ways _____ alternative power.

_____ about _____ power options?

_____ there _____ on _____ put _____ on the grid?

Any _____ and linking green _____?

Do _____ have _____ requirements to _____ power technologies?

_____ we _____ regarding alternate _____ options?

Are _____ any rules _____ options?

Are _____ instructions _____ alternate _____ systems

_____ a guide to _____ installation of _____ solutions?

_____ any instructions _____ how to _____ up alternate _____?

Are _____ recommendations _____ setting _____ alternative energy _____?

Is it _____ clear _____ up renewable energy systems?

Are you _____ guidance on integrating alternative _____?

Are _____ able _____ any guidance _____ integrating alternative _____ systems _____?

Are _____ for installation _____ alternative _____ system?

Guidelines _____ installation of _____?

Can you give _____ advice _____ clean _____?

_____ instructions _____ alternative power setup?

Can _____ provide pointers on _____ of _____?

Are there clear instructions _____?

Could you _____ more _____ connecting and installing _____?

_____ for connecting _____ units

_____ fitting _____ power gear?

Do _____ have _____ instructions _____ installing alternative _____?

_____ there instructions _____ installation?

Can you tell me _____ of alternate grids?

_____ for the _____ an _____ system?

_____ possible _____ guidelines on _____ installation process _____ renewable _____ utilities.

Can _____ me a guide to _____?

_____ possible _____ set up _____ energy systems _____ instructions?

_____ it possible _____ energy _____ installs?

_____ possible to _____ guidelines _____ the _____ of _____ energy utilities?

_____ any advice on how _____ connect alternative _____?

___ it possible ___ access ___ regarding the ___ renewable resource ___?

___ an alternative energy system?

Will ___ requirements to ___ renewable ___?

___ any ___ for connecting alternative ___ sources?

There ___ requirements ___ connect renewable ___.

Do ___ need to ___ and ___ eco- ___ power ___?

___ guide ___ connecting eco-friendly systems.

___ there ___ requirements ___ linking and ___ technologies?

Recommendations ___ linking ___ fitting green ___?

Recommendations sought ___ installation.

Guidelines for ___ sought.

There might ___ instructions for ___.

Is there a way ___?

___ us any tips for connecting ___?

___ instructions for ___ of an alternative energy ___?

___ there ___ set ___ rules ___ to connect ___ energy sources?

Do you ___ guidance ___ to install ___ systems?

Is ___ regulations ___ power options?

___ you ___ a ___ connect eco-friendly systems?

___ the guidelines for stickin' ___ those ___ power ___?

Can you ___ pointers ___ setup and ___ alternate ___?

There are ___ suggestions on ___ install ___?

What ___ the rules for the ___?

Instructions ___ of an alternative ___?

___ there instructions for setting ___?

___ any ___ settin' up renewable ___.

___ connect alternative ___ units?

___ you ___ advice on integrating ___ energy systems ___?

Installation guidelines ___ alternative ___ give

___ on installing renewable ___ setup?

Can I ___ at ___ the ___ of ___ resource utilities?

___ for the installation of ___ alternative ___ system?

___ there any ___ alternative power?

Are ___ install alternate energy ___?

___ there any suggestions ___ integrating ___ systems into ___?

Instructions for ___ systems?

___ instructions ___ alternative ___ installation?

___ instructions for the ___ of ___?

___ you guide alt-energy ___?

___ on ___ alternative energy installations?

___ to ___ install renewable power ___?

I wonder if I ___ guidelines for ___ utilities.

___ are ___ install alternate power ___?

___ to ___ and link alternative ___

___ you have ___ on ___ clean power ___?

Are ___ suggestions ___ alternative energy ___?

___ for ___ systems can you ___ us?

___ have ___ for connecting ___ energy ___?

___ there ___ connecting alternative energy ___?

What ___ the ___ the ___ green technologies?

_____ to connect eco-friendly _____?

_____ offer _____ on the integration of _____ systems?

_____ you _____ alt-energy _____ installation?

There's a _____ about connecting _____.

Suggestions _____ alternate energy.

_____ there any _____ for how _____ install _____ systems?

Does the _____ of _____ alternative _____ have _____?

_____ it _____ to _____ on _____ installation of _____ utilities?

Guidelines for _____ renewable _____ was _____.

_____ for alternative _____ installation?

Is there any _____ tips _____ green _____ sources?

How should _____ installed?

Is it possible _____ guidelines _____ the _____ process _____ renewable _____ utilities?

Can _____ tell _____ how _____ and _____ alternative _____ systems?
