

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Water quality and safety concerns
Inquiry Sub-Category	Water Testing
Description	Inquiries regarding the process and frequency of water quality testing, including concerns about potential contaminants, bacteria, or chemical pollutants in the water supply.
Data Size	5,916 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

_____ a _____ bacterial _____ in our local _____ source?

Can the tap _____ germs?

Is it possible that _____ could _____?

Is it possible _____ the _____?

Can the _____ disease _____?

_____ has a chance of being _____.

Should we _____ concerned _____ presence of bacteria _____ water _____?

Will _____ supply _____ contaminated _____?

Is the water _____?

Is _____ any _____ of bacterial _____ this _____?

_____ risk of contamination _____ water supply?

_____ be _____ the _____ water source?

Could our _____ with bacteria?

Does _____ have _____ of having bacteria?

There _____ our water.

Can _____ be contaminated _____ organisms?

_____ there a _____ of bacterial _____ in _____ body?

_____ water _____ germs.

_____ be a chance for bacteria _____ the tap _____?

Is _____ possible _____ ruin the water _____?

_____ local water _____ a problem _____.

Can the _____ be _____?

Can germs get _____?

_____ there _____ chance of bacteria in _____ tap _____?

Are bacteria in _____?

Our local _____ is _____ germs.

_____ it possible _____ in _____ with our water?

_____ our _____ be _____ by bacteria?

____ might ____ drinking water
 ____ possible for bacteria to get ____ .
 Is ____ local ____ risk ____ any ____ bugs?
 The ____ source ____ be ____ by bacteria.
 There is ____ chance of ____ with bacteria.
 The ____ source ____ be ____ by bacteria
 ____ be in ____ water
 ____ it plausible ____ our taps ____ of bacteria?
 Can bacteria ____ in ____ tap ____ ?
 Is it ____ that ____ may be ____ by ____ ?
 ____ our water supply ____ ?
 Is ____ water ____ polluted ____ ?
 ____ the ____ be ____ of bacteria?
 Do ____ if the bacteria are ____ ?
 ____ bacteriological ____ in ____ water?
 Any ____ discovering bacteria ____ water?
 ____ germs ____ the ____ ?
 The water ____ area could ____ .
 Will ____ tap water ____ ?
 Is the ____ by bacteria?
 ____ the nearby water ____ with ____ ?
 Is ____ by bacteria?
 Will we ____ risky ____ in ____ ?
 ____ have bacteria in ____ water?
 ____ the tap ____ be ____ ?
 ____ the water ____ any ____ ?
 What ____ there are ____ in ____ ?
 Will ____ find ____ in the ____ water?
 Do ____ know if ____ is any ____ water supply?
 Isn't ____ a ____ water is ____ ?
 ____ you think ____ in it?
 The ____ spring could potentially be ____ .
 ____ local H2O contaminated ____ harmful ____ ?
 Was there ____ of bacterial ____ near ____ ?
 Does anyone know ____ in ____ ?
 ____ a ____ our supply from ____ .
 ____ might ____ germs ____ water supply.
 ____ it ____ that ____ local ____ source has ____ ?
 Can ____ have ____ bugs?
 ____ H2O might be affected by ____ .
 ____ question ____ the community's ____ source being contaminated ____ .
 ____ a ____ that ____ taps ____ be full of bacteria?
 ____ harmful ____ in ____ water supply?
 Will ____ tap water ____ by bacteria?
 ____ water ____ could be ____ .
 ____ we see ____ the water?
 It ____ possible ____ our ____ be contaminated with bacteria.
 ____ water could be ____ .
 ____ could ____ in our ____ ?
 ____ chance that our water could be ____ ?

____ our ____ water source ____ organisms?
 Is it ____ our drinking water?
 ____ any type ____ in ____ water?
 ____ local ____ may be ____ to ____.
 ____ our ____ come ____ with bacteria?
 I don't know ____ there ____ chance of bacteria ____ water ____.
 Our water ____.
 ____ water source ____ contaminated ____.
 bacteria ____ cause ____ source ____ suffer.
 ____ the water ____ be ____?
 Is ____ water ____ contaminated ____?
 Will ____ be ____ dangerous microbes ____ water?
 Do we ____ drinking water ____?
 ____ germs ____ our ____?
 ____ my local ____ with ____?
 Did ____ water ____?
 ____ germs ____ our ____?
 Can the ____ near me ____?
 ____ nearby be contaminated ____?
 There ____ in our water.
 Is it possible that ____ contaminated with bacteria?
 ____ possible ____ tap ____ be polluted by bugs?
 Is ____ a chance ____ bacteria in ____?
 There is a ____ supply.
 ____ local water ____ problem with bacteria.
 ____ the ____ water ____ contaminated ____ organisms?
 Does the ____ water ____?
 Will there ____ in ____ water?
 ____ there ____ germs ____ the ____ supply?
 Is ____ source at ____ of being ____?
 ____ supply ____ contaminated with organisms.
 Are ____ risks ____ in ____ water ____?
 ____ the water of our ____?
 Can the tap ____ be ____?
 bacteria ____ water ____ to be contaminated.
 ____ the threat of bacteria ____?
 Is ____ local water source ____?
 ____ there ____ of bacteria ____ the water ____?
 ____ don't know if ____ aqua ____.
 ____ know if ____ water ____ is ____ by bacteria?
 bacteria ____ affect our ____.
 ____ there ____ in the ____ waters?
 ____ there ____ our ____ from bacteria?
 ____ the ____ nearby ____ with bacteria?
 ____ source contaminated by bacteria?
 ____ the water ____ to ____?
 Is there ____ risk ____ related to bacteria?
 Is it ____ that the local ____ source ____.
 ____ do you think ____ water?
 ____ water be contaminated ____.

_____ harmful bugs in _____ local _____?
 Maybe there are _____ H₂O?
 _____ local aqua _____ harmful bacteria?
 _____ might _____ germs in _____.
 Are _____ supplies contaminated _____?
 _____ we _____ to _____ presence of bacteria in our water _____?
 Is _____ local water _____?
 Is _____ any _____ area's _____ with bacteria?
 _____ the _____ spring be _____ bacterium?
 _____ water _____ be contaminated _____?
 There _____ bugs in _____ local _____.
 Can we _____ sure _____ water _____ of bacteria?
 Is _____ any _____ relating _____ to Bacteria?
 Is _____ any _____ that _____ in _____ water?
 _____ the water _____ contaminated _____?
 Is _____ supply _____ from _____?
 Can bacteria ruin _____?
 Our _____ might have _____.
 _____ we _____ in the _____ water?
 The community's _____ source _____ polluted _____.
 _____ threat to _____ supply _____?
 _____ our _____ water _____ risk of _____?
 _____ the _____ polluted with _____?
 Is _____ water _____ polluted _____?
 _____ our drinking water _____.
 Do we know _____ water source _____ risk _____?
 _____ water have _____ germs
 Is _____ contaminated _____ the bacteria?
 Is _____ water to be _____ with bacteria?
 Will _____ harmful _____ the tap water?
 _____ subject to any risks related _____?
 There _____ be harmful _____ in _____.
 There could be bacteriological _____.
 _____ the _____ have harmful _____?
 Is _____ water supply _____?
 Is _____ we _____ contaminated _____ germs?
 Is there _____ relating bacteria _____ this _____?
 Do _____ in the _____?
 _____ any risk _____ area's waters?
 There are _____ the _____?
 bacteria may be _____?
 _____ nearby water supply polluted _____?
 _____ the nearby water _____?
 _____ for bacteria to taint _____ water?
 _____ could be _____ supply
 Can we _____ harmful organisms _____?
 Is _____ chance of local _____ being _____?
 Will _____ find any _____ bugs _____ tap _____?
 _____ possible that our _____ would be _____?
 Do _____ risks of bacteria in _____ supply?

____ a local ____ source ____ contaminated ____?
 Some people ____ the ____ harmful ____.
 ____ there ____ risks ____ water supply ____?
 ____ might taint the ____
 ____ is possible that ____ source ____.
 Can ____ expect ____ local water supply to ____ ____?
 Is it possible that ____ contaminated with bacteria?
 Could the ____ of bacteria?
 ____ taint ____ source
 ____ the ____ water body ____?
 ____ spring ____ colonized ____ a bacterium?
 Are ____ chance ____ pollution ____ us?
 ____ water ____ germs in ____.
 Is ____ nearby water ____.
 ____ water ____ polluted ____?
 Is ____ any risk ____ in ____?
 ____ water supply ____ germs?
 Isn't ____ possibility ____ the ____ water could ____ by bacteria?
 ____ you ____ a chance of ____ in ____ water?
 Is ____ by bacteria?
 The ____ threat ____ our ____?
 ____ our drinking water ____ any bacteria in ____?
 ____ chance ____ finding bacteria ____ the ____?
 ____ our ____ source at ____ tainting?
 ____ there a ____ of bacteria getting ____?
 ____ is a ____ of ____ our water supply.
 ____ drinking ____ may ____ by Microbes.
 ____ know if there ____ a chance of finding bacteria ____?
 It ____ possible ____ water ____ to be ____ with bacteria.
 Can ____ water ____ by bacteria?
 ____ get into our ____
 ____ is ____ bacteria ____ the water source.
 ____ water supply contaminated ____?
 The community's ____ source can ____
 ____ supply have any ____ presence?
 Is ____ risks associated with bacteria ____ area's ____?
 Can ____ water be ____?
 ____ a chance ____ Water could be ____ by bacteria.
 Is it possible bacteria ____ the ____?
 ____ any ____ of Bacteria in ____ area's ____?
 ____ germs ____ the water.
 Do we have ____ germs ____?
 ____ the water source in ____ community ____?
 ____ be polluted ____ the bacterium?
 ____ threat of bacteria to ____?
 ____ for ____ local water source to be ____?
 ____ if there is a ____ of bacteria ____ water source?
 Could ____ our water ____?
 ____ there ____ chances of the ____ source being ____?
 Is ____ taint the ____ source

_____ can have _____ germs?

Isn't _____ a _____ our water _____ be _____?

_____ local _____ source be contaminated _____?

_____ is _____ as _____ the _____ source is contaminated with bacteria.

_____ local water _____ with bacteria.

_____ you think _____ any _____ of _____ the water?

Is it _____ bacterium to _____?

_____ a chance _____ the _____ supply _____ contaminated with bacteria.

Is _____ any _____ in _____ water?

Can there be _____ water?

_____ if _____ water _____ contaminated by bacteria?

Will there _____ any _____ the _____?

_____ local _____ the problem of bacteria?

There _____ bacteriological pollution in _____.

_____ the _____ supply _____ germs?

Is it possible _____ our water?

Is there _____ in the _____?

Germs _____ affect our _____.

_____ water supply _____ be _____ with bacteria.

Can _____ any bugs _____ our _____?

_____ there _____ that our water could be _____?

Is our water _____?

_____ you _____ will be _____ chance _____ local water source?

Is _____ here polluted _____ the _____?

_____ you know _____ there _____ chance of bacteria in _____ water _____?

Is _____ contaminated _____?

Is it _____ in _____ water?

bacteria _____ possibly _____ local _____ source

_____ harmful _____ in _____ water supply.

Is there _____ for the _____ be polluted _____ germs?

Can bacteria _____ the tap _____?

_____ local _____ could _____ be _____.

_____ wonder if _____ local _____ has germs _____.

Is the _____ likely to _____?

_____ in our water?

Is _____ the _____ water _____ be polluted with bacteria?

_____ chance of bacterial pollution near us?

_____ water _____ be contaminated _____?

The _____ in _____ may _____ contaminated.

Our local _____ could _____ with _____.

_____ has harmful germs.

Is _____ possible _____ microbes could ruin _____ drinking _____?

_____ could _____ in the _____.

_____ community's water source _____ contaminated _____?

_____ possible the _____ could _____ by bacteria?

Does _____ local _____ have the potential _____ be _____?

What do _____ think _____ in _____?

_____ there _____ bugs in _____ H₂O?

Any chance _____ water _____ is _____?

can _____ have harmful _____?

There _____ of bacterial contamination _____ the water _____.

Can we expect the _____ supply _____?

Isn't it _____ that _____ could _____?

It _____ be _____ water is _____.

Is there _____ chance of _____ polluted by bacteria?

_____ chance that the tap _____ has bacteria _____ it?

Do _____ have any chance _____ water _____?

Is the _____?

_____ the local water _____ to be free _____?

Is _____ water polluted with _____?

_____ worry about the threat _____ our _____?

_____ the water _____ polluted _____?

_____ that _____ drinking _____ any bugs in it?

Is there a chance _____ our taps _____?

Can _____ be _____ of _____?

_____ is _____ pollution _____ near us.

_____ community's water source polluted _____?

The _____ can _____ contaminated with bacteria.

_____ the water _____ area be _____ by _____?

Is _____ in our _____?

_____ chance of bacteria in the _____?

_____ there _____ harmful bugs _____ the _____?

_____ there any germ-infested sludge _____?

There might _____ harmful _____ water.

Are _____ in _____ water?

_____ it possible _____ our _____ water?

_____ supply can _____ contaminated _____.

_____ local _____ be _____ with _____ organisms?

_____ supply at risk _____?

Isn't it _____ tap _____ might be polluted _____?

Is there a _____ the _____ be _____ with bacteria?

_____ it true that our _____ could _____?

_____ local _____ may contain _____.

_____ it plausible _____ full of bacteria?

_____ H2O may have Germs _____.

Is _____ any harmful bugs?

_____ have any _____ of finding bacteria _____ our _____?

Is _____ possible _____ there _____ in our _____ supply?

Is _____ the _____ contaminated by bacteria?

_____ be any _____ bugs _____ water?

_____ harmful germs _____ water?

Our _____ could be filled _____.

Is the threat _____ to _____?

Are there harmful _____ in _____?

_____ water _____ with bacteriological _____?

_____ if our _____ could _____ full _____.

_____ there a chance that the _____ be _____ by _____?

_____ chance that our tap _____ polluted by bacteria?

Is our _____ germs?

There are _____ our water _____.

Is _____ of bacteria in _____ supply?
 _____ might be _____ by _____.

Our _____ aqua _____ harmful _____.
 _____ there _____ of bacteria _____ the _____ source.

Is it possible _____ our _____ supply _____ with _____?
 _____ possible that our _____ could _____ polluted _____?

Will _____ tap _____ any _____?
 bacteria can _____ water

Do _____ a _____ of bacteria _____ our water?

Is _____ possible _____ our local _____ can be _____?

Maybe our _____ contains _____?

Will _____ any dangerous _____ water?
 _____ local water bacteria-laden?
 _____ a chance _____ microbes in the _____?

Could bacteria taint _____ water _____?
 _____ be harmful _____ in _____ H₂O?

Perhaps _____ nearby _____ be contaminated by _____.

There is _____ chance _____ bacterial contamination in _____.
 _____ ruin _____ tap water _____?

The nearby _____ be _____ by _____.
 _____ be harmful bugs in _____?

Is _____ drinking _____ affected _____?
 _____ risks _____ our water _____ from bacteria.
 _____ that the nearby water _____ be contaminated _____.

Our _____ be contaminated by _____.

Isn't _____ chance _____ the water could be _____?
 _____ it _____ for _____ to be contaminated _____ the same _____?
 _____ could _____ the water supply.

Can the _____ water be _____?

Is _____ at risk of being _____?

Is _____ water source _____ with bacteria?
 _____ have harmful microbes?
 _____ there _____ risk of contamination _____?

_____ possible that the Tap Water _____ by bacteria?

Do _____ if there _____ our drinking water?
 _____ there _____ dangerous microbes _____ the _____?
 _____ germs found _____ water?

There _____ a _____ of bacteria _____ our _____.
 _____ we _____ the local water _____ polluted?
 _____ there a _____ for bacteria to _____ water?
 _____ contain germs?
 _____ might have _____ it?

Should there _____ water supply from bacteria?
 _____ the _____ contaminated by bacteria?

Do we _____ water _____ contaminated _____?
 _____ may be _____ bugs _____ the _____.
 _____ water to have any bacteria?

_____ it possible _____ water is _____ by bacteria?

There _____ bugs _____ the water.
 _____ water _____ could be _____ with bacteria.

Our water supply _____.

Can _____ community's _____ be _____?

Do you think _____ a chance of Contamination _____?

_____ in our water supply?

Can we expect _____ bugs _____?

Our local _____ with germs.

_____ can _____ some harmful _____.

_____ be polluted with harmful bacteria.

Could the _____ be contaminated _____?

_____ spring might _____ the bacterium.

_____ are _____ in _____ water supply.

_____ local _____ contain germs?

_____ germs exist in _____?

Is _____ nearby _____ germs?

_____ local aqua _____ with _____ flora?

Are _____ germs in _____ water _____?

_____ risks to our water _____?

_____ you think there _____ any chance of bacterium _____?

Could _____ nearby _____ by a _____?

Is anyone aware _____ any bacteria _____?

bacteria could _____ supply

Any _____ of bacteria _____ water?

_____ a _____ the water could be _____ with bacteria?

_____ nearby _____ be contaminated _____ bacterium.

Is it _____ is contaminated _____?

bacteria _____ water supply

_____ are in _____ local _____?

_____ there _____ that _____ local _____ source might _____ contaminated with bacteria?

_____ be _____ our water supply

The local _____ some harmful _____.

Should our _____ be _____?

_____ be found _____ drinking water

_____ our local _____ sources _____ of contamination?

_____ water _____ may _____ chance of bacteria.

_____ any _____ in our water _____.

bacteria _____ water supply

_____ there any potentially _____ in _____?

_____ a chance of bacterial _____ our _____ water body?

Is it possible _____ have _____ problem with bacteria _____?

_____ there a _____ our water could _____ polluted _____?

_____ there _____ our water supply.

Microbes might affect _____ of _____.

_____ it _____ our local _____ bacterial Contamination?

_____ water _____ risk from microbes?

_____ affect _____ water?

Do _____ our water?

There is a _____ our water.

I _____ if _____ for _____ water to be contaminated _____.

Can the _____ water _____?

_____ the water possibly _____?

_____ there a _____ the _____ Water is _____ bybacteria?
 bacteria _____ cause _____ the water _____
 Can _____ the water to _____ any _____ in _____?
 Possibly _____ harmful _____ in _____ H2O.
 _____ water source at _____ ofcontamination?
 _____ local water _____ contaminated withbacteria?
 Will we _____ risky bugs _____ the _____?
 Our _____ be _____ bybacteria.
 Does the water _____ any _____ contaminated _____?
 _____ water source at _____ getting _____?
 _____ there _____ a _____ in our water.
 There is _____ ofbacterialContamination _____ the _____.
 Could _____ source be contaminated _____?
 Can our _____ bybacteria?
 _____ germs _____ the water supply?
 There is a _____ the _____ polluted bybacteria.
 _____ germs _____ the _____ water?
 There could be _____ affect _____ H2O.
 _____ found in _____ water?
 Isn't it possible that the _____ water _____?
 Does _____ harmful bugs?
 Is _____ the water _____?
 _____ risk ofbacteria in the _____.
 _____ are _____ the _____ germs.
 _____ thatbacteria would taint _____ source?
 The _____ water _____ be _____ of coliform.
 _____ the _____ be affected bybacteria?
 Is _____ polluted _____ microbes?
 Is it _____ our water to _____ germs?
 _____ facing _____ threat _____ our supply from _____?
 _____ spring _____ to the bacterium?
 Does anyone _____ if _____ bugs in the _____?
 _____ water _____ could possibly _____ contaminated _____.
 Would _____ possible forbacteria _____ the water _____ area?
 _____ therebacteria _____ water?
 Do _____ if _____ have a _____ findingbacteria _____ the water?
 _____ could be in _____ water _____
 _____ threat to our _____?
 Can harmful _____ water supply?
 _____ chance _____ near us.
 It _____ for the _____ nearby _____ be contaminated _____.
 _____ possible _____ the water in _____ contaminated withbacteria?
 Should _____ supply have _____?
 Does _____ have a _____ of _____ in _____ tap _____?
 The _____ potentially _____ germs.
 _____ anybacteria in the _____?
 _____ there _____ associated _____ in this area's _____?
 Did _____ a chance _____ us?
 Should _____ water supply _____?
 _____ you _____ there _____ a chance ofbacteria _____ our _____ source?

_____ there _____ pollution in _____ water?
 _____ our _____ contains _____ bacteria?
 _____ water in _____ area _____ with bacteria.
 _____ the local _____ have _____?
 Are _____ any chances _____ the _____?
 Our _____ be _____ by bacteria.
 _____ our local _____ with bacteria?
 Any bacteria in _____?
 Could bacteria _____ supply?
 _____ our _____ vulnerable to _____ threat _____?
 We _____ know _____ any chance of bacteria in our _____.
 _____ possible for bacteria _____ the _____ source.
 Is there any _____ H₂O?
 _____ to the Bacteria in the waters?
 _____ any risk _____ to the Bacteria _____ area's _____?
 There _____ harmful _____ our water _____.
 Can the _____ water _____ because _____?
 _____ there a chance the _____ polluted?
 _____ there _____ that we will find bacteria _____ water?
 _____ the _____ contaminated with bacteria?
 _____ there _____ chance for the tap _____ contaminated _____?
 _____ we _____ across _____ in the _____?
 It _____ for _____ local _____ to be contaminated _____.
 Can _____ our tap _____?
 _____ water _____ be _____ with bacteria?
 _____ local water _____ with bacteriological _____?
 The _____ be affected by _____.
 _____ you _____ our _____ source will _____?
 _____ drinking water affected _____ microbes?
 Is _____ local water source _____ being _____ by bacteria?
 Might _____ be full _____?
 _____ our water become _____?
 _____ water _____ could _____ risk from bacteria.
 Is _____ local _____ source at risk of _____?
 Is it _____ that bacteria _____ in _____?
 _____ chance of germs in _____?
 _____ a potential _____ to our _____.
 Is there any _____ the _____ related _____?
 Is _____ source vulnerable _____?
 _____ a chance _____ in _____ water _____
 Is there any _____ water?
 Is _____ in the _____ water source?
 _____ our _____ possibly contaminated _____?
 _____ be _____ the H₂O?
 _____ be _____ germs in _____ water.
 Is the _____ with bacteria?
 Do _____ have _____ chance of finding bacteria _____ our _____?
 The _____ have harmful _____.
 _____ local water _____ could _____ something _____ with bacteria.
 _____ there _____ in _____ water?

Is _____ chance that _____ has bacteria in it?

Do you _____ if _____ any _____ of bacteria _____ water?

It _____ for the _____ to _____ with bacteria.

Maybe the _____ water _____ with bacteria.

_____ the _____ any harmful bugs?

Are _____ germ-infested sludge in _____?

_____ our water source at _____?

Could _____ water _____ with bacteria?

_____ there any chances of _____ municipal _____ polluted _____?

_____ local _____ have a problem _____.

_____ possible _____ be contaminated with bacteria?

_____ our _____ source polluted _____?

_____ the nearby _____ by the _____?

_____ our _____ threat _____?

Would it be _____ the _____ source?

_____ local _____ contaminated with bacteria?

_____ any _____ of bacteria _____ water supply?

_____ there a _____ our water _____ by bacteria?

Is it _____ that _____ affect _____ here?

Is _____ water _____?

_____ there any chance _____ the _____ tap _____ to _____ polluted _____?

_____ water _____ be contaminated _____.

_____ water source _____ with bacteria?

The _____ could _____ germs.

Does _____ know _____ harmful bugs _____ the H₂O?

Is it _____ that microbes could _____ drinking water _____?

Could _____ nearby _____ polluted by _____?

Our _____ harmful germs.

_____ our water _____ is _____ with bacteria?

Might _____ local aqua _____?

_____ the _____ water supply _____ by bacteria?

_____ believe there _____ a chance of bacteria in _____?

Is there a _____ that the _____ water _____ by bacteria?

Is _____ we have _____ of germs in our _____?

_____ it _____ that bacteria _____ harm _____ water?

_____ it _____ that the water close _____ is _____?

_____ you _____ there are harmful _____ in _____?

Could _____ supply be _____?

_____ there _____ chance of bacteria _____ area's _____?

Isn't _____ a chance _____ our _____ polluted _____ bacteria?

Can _____ water source be _____?

_____ tap _____ be _____ by pathogens?

_____ something to do with bacteria.

There _____ a _____ presence of bacteria in _____ water _____.

_____ local _____ source bacteria-ridden?

Is _____ we can _____ in our _____ water?

Is _____ water contaminated with _____?

_____ community's _____ supply _____ by bacteria?

_____ local aqua might _____.

_____ a chance _____ bacteria _____ water.

The water ____ our ____ with bacteria.
 ____ our water ____ by ____?
 ____ there ____ the water source?
 Is ____ with harmful organisms?
 There is a chance ____.
 Can the ____ harmful bacteria?
 Do you think ____ any chance ____?
 The ____ supply ____ by bacteria.
 The ____ can ____ germs.
 ____ water ____ with germs?
 ____ water potentially contaminated ____?
 Is it possible for bacteria ____?
 ____ our ____ supply ____?
 ____ there ____ in ____ water source?
 Does anyone know ____ any bacteria in ____?
 There is ____ that ____ will ____ polluted with bacteria.
 ____ may affect ____ local ____.
 The ____ could ____ contaminated ____ bacteria.
 ____ expect ____ see ____ in ____ water?
 ____ it ____ taps have ____ germs?
 ____ local ____ polluted ____ harmful bacteria?
 ____ water may ____ some ____.
 ____ the local water ____ by ____?
 ____ our local ____ contains ____.
 ____ drinking ____ potentially contaminated ____?
 ____ any bacteria in it?
 Should ____ be contaminated ____ bacterium?
 Is ____ that the nearby spring ____ contaminated ____?
 Is it ____ bugs to ____?
 ____ water source be contamination ____?
 ____ possible for ____ to taint the water ____?
 Do ____ expect the ____ source ____ be contaminated ____?
 ____ the local ____ source have ____ ability ____ with bacteria?
 A threat ____ from bacteria.
 Is ____ a ____ that ____ water is ____?
 ____ we expect ____ in the ____.
 Our water supply ____ organisms.
 ____ tap water contaminated ____?
 ____ that the nearby ____ could be ____ by ____.
 Will there ____ dangerous ____ the ____ water?
 ____ might ____ by the microbes.
 Is ____ affected ____ any bugs?
 Our water ____ have ____ to ____.
 ____ be ____ the water ____.
 Is the water ____?
 Is there ____ in ____ water supply?
 Is ____ aqua ____ with ____?
 Is ____ nearby ____ supply ____?
 ____ have any harmful ____ in ____ supply?
 There is ____ chance ____ Supply.

____ threat ____ our ____ comes ____.
 ____ is ____ for bacteria in ____ source.
 ____ any chances of ____ water?
 Is ____ any risk associated ____ in ____ waters?
 ____ it ____ possible for the water to ____?
 The water ____ harmful ____ it.
 ____ germs in water?
 Can ____ me any bacteria in ____?
 Is ____ water ____ by bacteria?
 Is ____ local ____ source ____ bacteria?
 ____ our water ____ is ____.
 ____ local ____ threatening?
 The ____ supply ____ with bacteria
 ____ possible that ____ local ____ source might be ____?
 ____ our ____ likely to be ____?
 Is the ____ spring ____ be contaminated ____ bacterium?
 ____ our water supply ____?
 ____ could affect our ____.
 There may ____ some bacteria ____ our ____.
 Is ____ polluted water in our ____.
 ____ possible ____ our ____ source could have bacteria?
 ____ chance of bacteria ____ water source
 Is ____ of ____ the water?
 ____ our water ____ affected ____?
 Our water ____ do with bacteria.
 We ____ near a ____.
 Are there germ-ridden ____ tap ____?
 ____ our drinking water?
 ____ it ____ that bacteria ____ be ____?
 There are ____ water.
 The water supply ____.
 ____ presence ____ supply
 ____ the local ____ be ____ by bacteria?
 Is ____ a ____ water getting ____?
 ____ the water ____ area be ____ germs?
 If there ____ a ____ finding bacteria in ____.
 Does the ____ water come ____?
 Any chance of ____ in ____?
 Is our ____ potentially ____?
 ____ it ____ that our drinking water ____ by Microbes?
 Can the ____ water ____ polluted ____?
 Is ____ possible ____ the ____ water ____ be ____ by bacteria?
 Is ____ our ____ be full ____?
 Will ____ water ____ germs?
 Is there a ____ that ____ water ____ polluted ____?
 I ____ if ____ for bacteria to ____ the ____ source.
 ____ affect ____ drinking water.
 ____ could ____ our ____ water?
 ____ a ____ our water ____ be polluted ____?
 ____ germs ____ our tap ____?

_____ can be contaminated _____.

_____ water _____ with bacteria?

_____ it _____ that there _____ in _____ water _____?

Can _____ sure the water supply _____?

_____ water _____ our area have _____?

_____ our _____ water source bacteria _____?

Is there _____ that _____ be polluted by bacteria?

Is _____ with bacteria.

Is _____ the _____ to _____ is contaminated with bacteria?

Would _____ be possible _____ to _____ water _____?

_____ there any chances that _____ will _____ polluted by bacteria?

_____ there be _____ to _____ water supply _____?

It _____ that _____ contain harmful bacteria.

_____ is a _____ of bacterial Contamination _____ the _____?

Is _____ water _____ prone?

The water _____ it.

_____ be possible for _____ tap-water _____ be _____ by bacteria?

Can the nearby _____ polluted _____?

Is _____ drinking _____ contaminated _____ pathogens?

Isn't _____ a chance _____ water could _____ by bacteria?

_____ chance _____ our Water Supply

Isn't it possible _____ could _____ by bacteria?

Is _____ local _____ source _____

_____ presence of bacteria _____ the _____ here?

Is it _____ the water _____ contaminated by _____?

_____ germs _____ water supply?

The _____ of bacteria _____ here.

Is _____ tap _____ by bacteria?

There _____ about the _____ presence _____ the water supply.

Is _____ local _____ vulnerable _____ bugs?

There is _____ pollution _____ us

_____ affect _____ water _____?

bacteria _____ water _____?

_____ there _____ bugs in _____ H₂O.

Have you ever wondered if the _____?

Is there _____ tap water could be _____?

Is _____ of bacterial _____ near us?

Did the _____ have bacteria _____?

Is _____ possible _____ taps _____ full _____

Our drinking _____ be _____ by _____.

_____ possible that _____ source can be _____ with bacteria?

_____ supply at any risk _____?

I _____ if _____ is a chance _____ water.

_____ our local water _____ contaminated _____?

_____ contaminated by germs?

_____ there _____ harmful _____ in _____ water.

Is _____ there _____ bugs in _____ water?

_____ if the local water _____ could _____ contaminated _____.

I _____ water is contaminated.

Is _____ supply _____?

Do there _____ in _____ water _____?
 Have _____ entered our _____?
 Is _____ that the water might _____?
 Is there _____ chance for _____ to be _____?
 _____ the municipal _____ polluted _____ bacteria?
 _____ risk of bacterial contamination
 Is _____ in _____ water _____?
 I _____ if _____ local water _____.
 _____ water _____ harmful germs?
 _____ cause _____ here?
 There's _____ question _____ the _____ of bacteria _____ the water _____.
 _____ supply may be _____.
 _____ our water _____?
 Is it possible that our _____ contaminated _____?
 _____ there bacteria in _____?
 Could bacteria be _____ water _____?
 _____ our taps _____ with bacteria?
 Maybe the _____ contaminated by _____?
 _____ getting _____ in _____ water?
 _____ it possible that _____ our _____ water?
 _____ our water _____ risk of _____ contaminated _____.
 Is _____ water _____ risk _____ contaminated with bacteria?
 _____ might _____ a problem with bacteria.
 The _____ have _____ germs.
 Our water supply _____ affected _____.
 _____ there _____ possibility _____ the _____ is _____ with bacteria?
 _____ are bacteria in the water?
 A chance _____ near _____?
 _____ the _____ water source affected _____?
 Is it _____ that there _____?
 Is there _____ water could be polluted by bacteria?
 _____ water _____ be contaminated by bacteria?
 Do _____ any _____ of bacterial presence in _____ water _____?
 _____ be harmful germs _____.
 _____ chance of bacterial pollution near _____.
 Could bacteria ruin _____?
 There _____ germs _____ the _____.
 _____ might _____ in _____ water _____
 There _____ chance of bacteria _____ water _____
 Can _____ contaminated by bacteria?
 There could _____ in the _____.
 There _____ of bacteria tainting _____ water _____.
 _____ it _____ for _____ pathogen to _____ water?
 _____ there _____ risk _____ presence in _____?
 _____ we _____ any _____ microbes in _____?
 Is _____ local _____ source _____ of _____?
 _____ get _____ water supply
 _____ risk relating the Bacteria _____ the area's _____?
 _____ found _____ water source?
 _____ chance of bacterium _____ water supply?

_____ a chance that _____ might _____ polluted by bacteria?
 Should _____ worry about _____ in _____ water _____?
 Will _____ find _____ microbes _____ water?
 Is the local _____ bacteriological _____?
 _____ our _____ supply _____ organisms?
 _____ local _____ have harmful _____.
 Are _____ in _____?
 _____ water _____ contaminated with bacteria?
 Our _____ contains _____ germs.
 _____ be harmful _____ in _____ H₂O?
 Do _____ have _____ the _____ water?
 _____ there _____ harmful bugs in _____?
 Is _____ possible _____ water _____ contaminated _____ bacteria?
 _____ the _____ water _____?
 Is _____ possible _____ water _____ is contaminated _____?
 _____ our _____ water _____ contaminated _____?
 _____ the _____ to _____ in it?
 _____ chance that the _____ water _____ contaminated with bacteria?
 Could the Microbes _____ drinking _____?
 _____ local _____ potentially _____ with bacteria?
 The _____ might have some _____.
