

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Vehicle specifications and features queries
Inquiry Sub-Category	Engine Specifications
Description	Customers seek information about the engine type, horsepower, torque, and fuel efficiency to understand the vehicle's performance and fuel economy potential.
Data Size	5,052 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

What _____ benefits of _____ a high _____ one with _____ fuel economy and lower performance _____?

Does opting _____ performance vehicle _____ better fuel economy choices?

_____ a _____ vehicle bring _____ over _____ less powerful one?

Is _____ a benefit _____ for _____ those with lower performance?

What are _____ advantages of _____ a high _____ vehicle as _____ performance vehicle?

How is opting _____ and _____ benefits compared to _____ that _____ fuel _____ and less performance?

_____ the benefits of high _____ Torque _____ compared _____ low _____ fuel _____ vehicles?

Is it _____ a vehicle with _____ power _____ Torque _____ to one that emphasizes _____ economy and _____?

Is there _____ choosing _____ vehicle _____ more power _____ fuel _____?

_____ does opting for a vehicle with higher _____ and _____ to one _____ economy and _____ capabilities?

_____ difference _____ a _____ power and Torque and _____ that emphasizes fuel _____ and _____ performance?

Is _____ possible _____ explain _____ of going _____ with more power and _____ a vehicle with _____ less fuel

_____ a _____ with a _____ have _____ over a car with low _____ characteristics?

_____ does choosing _____ more powerful _____ choosing _____ economical one?

_____ wonder _____ there is an _____ to selecting a vehicle _____ that _____ high _____ and Torque _____.

There _____ as to _____ there is a _____ for high-powered _____.

_____ would _____ know if there is an upside _____ a vehicle that _____ on _____ power/torque _____.

What _____ comes from _____ a more powerful _____ more _____?

_____ advantages _____ there _____ choosing a high-powered _____ a _____ one?

Does opting for _____ bring _____ a better _____ economy option?

_____ is _____ opting _____ high-powered vehicles instead of _____ better fuel economy and _____.

What are _____ benefits _____ a _____ with more power _____ with _____ fuel _____?

What _____ the _____ of _____ vehicles _____ and Torque _____ those with less power _____ efficiency?

_____ opting for a car _____ bigger _____ prove to be more beneficial _____ having better _____ less _____?

The _____ of opting _____ vehicle _____ higher power _____ is _____ one emphasizing better _____ economy _____ reduced performance _____.

_____ a _____ high powered vehicles instead of _____ with _____ performance?

Does opting _____ a _____ vehicle brings _____ over a better _____?

_____ a benefit _____ choosing high-powered _____ of the _____ vehicles?

There _____ benefit to _____ vehicles _____ less _____ ones that _____ mileage and performance.

_____ was wondering if _____ was a _____ more _____ in a _____ and a less _____.

Do _____ engines prove more beneficial _____ and _____ powerful cars?

_____ opting _____ vehicle with _____ power _____ Torque prove to _____ beneficial compared _____ with reduced _____ capabilities?

_____ there _____ to _____ for _____ vehicles rather _____ those _____ economy and poorer performance?

Does opting for a high _____ come with _____ to _____ choice?

Is _____ any benefit in _____ for a _____ Torque than _____ less?

_____ for _____ high performance _____ give _____ more _____ a _____ fuel economy choice?

_____ a benefit _____ opting _____ a _____ a low performing one?

Is there _____ choosing _____ has more _____ and Torque than _____?

What is _____ a vehicle _____ higher power and _____ benefits and one _____ less performance?

_____ less _____ car _____ with _____ mileage and performance can have _____.

Do _____ choosing a _____ powered vehicle over one _____ lower performance?

_____ opting for _____ vehicles more _____ than _____ for _____?

_____ benefits to high _____ vehicles _____ fuel _____ ones.

Is opting _____ vehicles better than _____ economy and performance?

How _____ for _____ vehicle _____ has _____ power _____ beneficial compared _____ one that _____ less power?

_____ the _____ of going for a _____ more _____ instead of focusing on _____ economy while _____ performance?

Should a person pick _____ more power _____ one that _____ fuel _____?

_____ for a _____ Torque vehicle bring advantages _____ choosing _____ lower _____ vehicle?

Do _____ know _____ benefits of _____ performance vehicle _____ that has better _____?

Is there _____ high-powered vehicles _____ that have better fuel _____ and _____ performance?

What are the _____ of _____ high-powered vehicle over _____?

_____ an _____ choosing a more powerful _____?

_____ a benefit _____ high-powered vehicles _____ better _____ and lower overall performance.

_____ opting for _____ with higher power _____ Torque benefits compared _____ vehicle _____ fuel _____ and performance

_____ an _____ choosing _____ vehicle that focuses on _____ and _____ over _____ mileage?

_____ it _____ to _____ a high _____ over _____ efficient car?

_____ benefits do _____ from _____ that has more power?

Is _____ for _____ more _____ than _____ for lower-performing _____?

Does _____ high _____ vehicle _____ opting for _____ less powerful vehicle?

What benefits do opting for a _____ and Torque prove _____ compared to _____ reduced performance capabilities?

Is there a _____ high-powered _____ over _____ ones?

How does _____ for _____ with _____ prove _____ be _____ beneficial than just having _____ less powerful cars?

_____ better to _____ high _____ vehicle compared _____ one _____ a better _____ efficiency?

Is it _____ opt for high-powered _____ instead _____ those with better _____ lower _____?

_____ going _____ a high _____ benefits _____ choosing _____ vehicle or less fuel _____ vehicle?

Do _____ vehicles _____ advantages _____ that _____ gas mileage?

_____ there a _____ in opting for _____ instead of the _____ fuel?

Can you _____ benefits of choosing _____ car _____ a _____ power _____ one that does _____?

_____ know _____ of _____ with more power over _____ that uses less _____?

_____ for a vehicle with _____ and _____ benefits compared _____ fuel economy _____ performance capabilities?

Is it _____ to choose _____ with _____ and _____ benefits _____ emphasizes fuel economy?

Is there _____ benefit _____ opting for _____ instead _____ with better _____ performance?

I _____ wondering if _____ to having _____ power _____ a _____ and less _____ efficient one.

_____ opting for _____ horsepower and Torque vehicle _____ choosing _____ economy?

The advantages _____ high _____ low-performance _____?

Can you _____ me about the benefits _____ car _____ has _____ one that isn't?

Is _____ a benefit to opting _____ high-powered _____ a _____ vehicle?

Is there a _____ choosing _____ instead of those with _____ and _____ overall performance?

Can _____ me about the _____ with _____ power and Torque and _____ fuel economy?

How does opting _____ a _____ beneficial compared _____ opting for a vehicle _____ better fuel _____ performance capabilities?

_____ opting for _____ with _____ Torque _____ beneficial _____ to emphasizing _____ fuel economy _____ reduced performance capabilities?

_____ is opting for _____ vehicle with _____ power and _____ compared _____ that _____?

_____ opting _____ a vehicle with _____ Torque benefits _____ from one that _____ fuel economy _____ less _____?

Is _____ benefit in opting _____ vehicles instead _____ those with _____ better _____ economy?

_____ wanted to _____ there _____ to _____ more power _____ a _____ less fuel efficient.

Does opting _____ a _____ vehicle bring _____ choosing a less _____?

how _____ opting for a _____ with higher _____ and _____ to _____ that _____ performance and

Is _____ possible to _____ benefits _____ for a _____ power _____ Torque rather _____ one focused on fuel _____?

_____ benefit in opting _____ high-powered vehicles instead _____ ones?

_____ of high power vehicles over _____ ones?

_____ to opting for _____ vehicles instead _____ with _____ fuel economy?

_____ for a vehicle _____ higher power and Torque _____ that emphasizes _____ reduced performance _____

_____ is there by selecting _____ powerful _____?

How _____ a vehicle _____ Torque benefits compared _____ one _____ less _____ and less _____ economy?

How _____ opting _____ a _____ power _____ Torque _____ compared _____ that emphasizes _____ fuel economy and reduced _____ capabilities.

Is _____ a benefit in opting _____ vehicles?

_____ advantages of high _____ efficient ones.

There is _____ to _____ vehicles _____ with _____ fuel economy and lower _____.

What _____ you _____ choosing a more powerful _____ an _____?

_____ to _____ for high-powered vehicles over _____ vehicles?

_____ a _____ & _____ car _____ than _____ a fuel efficient _____?

_____ there _____ advantage to _____ a _____ that _____ on high _____ and Torque over _____?

Is there _____ benefit _____ for _____ of _____ performing ones?

_____ want to _____ there are _____ to _____ a _____ power and _____ Torque instead _____ focusing _____ fuel economy.

The advantages of high _____ vehicles _____?

_____ a _____ performance _____ bring benefits?

How is _____ for _____ vehicle _____ higher power and Torque _____ from _____ that _____ fuel _____ performance?

_____ there _____ upside to _____ focuses on high power/torque?

Can _____ me the _____ of choosing _____ car that _____ lot of _____ one?

_____ it _____ to _____ the benefits _____ a _____ more power and Torque instead of _____ economy?

_____ a _____ in _____ vehicles over _____ with better fuel economy?

How _____ vehicle with _____ power _____ Torque benefits is _____ a _____ that emphasizes fuel _____?

_____ do high power/torque _____ over fuel _____ ones?

_____ you tell _____ about the _____ vehicle with _____ power and Torque _____ less fuel _____.

Do _____ vehicles _____ any _____ other vehicles that offer _____?

_____ there a benefit to _____ for high-powered vehicles _____?

What _____ from _____ powerful car _____ an _____ one?

How _____ choosing a car _____ bigger engines _____ to _____ than having _____ and less performance _____?

The _____ of _____ vehicle with higher power _____ compared to _____ fuel _____ and reduced performance capabilities.

Does _____ sense to go _____ a _____ more power and _____ instead of _____ on _____?

_____ it _____ opting _____ high power _____ over _____ fuel efficient _____?

_____ a benefit in _____ for _____ vehicles _____ power ones _____ better fuel _____?

Is there _____ benefit in _____ high-powered _____ the _____ ones?

____ advantages ____ a high-powered vehicle ____ one with ____ there?
 ____ advantages of opting ____ a high ____ vehicle ____ better ____ economy choice?
 How ____ choosing a ____ power ____ Torque benefits ____ one that emphasizes ____ efficiency and ____ ?
 ____ pick a car ____ more ____ than ____ car ____ is more ____ efficient ____ less power?
 ____ advantages of ____ Torque vehicles over ____ efficient ones?
 ____ there an ____ in ____ a ____ that has more ____ ?
 Does ____ for ____ high ____ you ____ over a ____ fuel economy choice?
 ____ gain ____ selecting a more ____ ?
 ____ high-power ____ advantages ____ other ____ that ____ improved gas mileage?
 Is it a ____ choose ____ vehicles instead ____ with ____ and performance?
 The ____ opting ____ a vehicle with higher ____ and Torque ____ to emphasizing ____ and reduced ____ .
 There ____ advantages of ____ over fuel ____ ones
 ____ a high ____ you advantages over a ____ fuel economy ____ ?
 How ____ a ____ higher ____ and ____ benefits ____ to one that emphasizes fuel ____ performance
 ____ a benefit ____ high-powered vehicles ____ of ____ performance vehicles?
 ____ there ____ a high-powered vehicle ____ a low-performing one?
 Compared ____ better mileage/less capability, what benefits come ____ vehicle ____ ?
 ____ there an ____ a ____ with more power than ____ ?
 How ____ opting for a vehicle ____ has more ____ and Torque ____ to ____ emphasizes ____ ?
 ____ there any ____ in ____ high-powered vehicles ____ of less power ____ fuel economy?
 Is ____ a high power ____ over ____ fuel efficient ____ ?
 ____ it ____ to explain the benefits of choosing a vehicle ____ than ____ that focuses ____ fuel ____ ?
 What is ____ difference between a ____ fuel ____ and one ____ emphasizes higher power ____ benefits.
 Is there ____ choosing ____ focuses ____ high power/torque ____ better mileage?
 What ____ are ____ you choose ____ more powerful ____ ?
 Is ____ a high-performance ____ one that ____ fuel efficient but lacks ____ ?
 ____ opting for a ____ power and ____ benefits compared to a ____ fuel economy ____ performance?
 ____ perks are there ____ over ____ ones?
 ____ it ____ choose ____ high power ____ over ____ better fuel efficiency?
 ____ advantages ____ a ____ vehicle over a ____ performance ____ are ____ ?
 ____ of opting for a car ____ bigger ____ the benefits ____ fuel economy ____ less powerful ____ .
 I ____ wondering if ____ more power in ____ vehicle, and ____ efficient.
 ____ benefits ____ power/torque vehicles ____ fuel ____ ones?
 ____ a ____ opting for high-powered ____ instead of those ____ economy and ____ ?
 ____ have any ____ overimproved gas ____ ?
 Is ____ a ____ to ____ vehicles instead of the lower-power ____ fuel ____ ?
 ____ there a benefit ____ for ____ instead of ____ power ____ with ____ economy?
 Is it beneficial ____ vehicles instead of ____ ?
 ____ a ____ pick ____ with more ____ than one that ____ fuel ____ and ____ powerful?
 The benefits ____ vehicles with more ____ than ____ with ____ fuel efficiency ____ lesser performance ____ ?
 ____ benefits of ____ for ____ bigger engine car outweigh ____ of having ____ less ____ cars.
 What gain ____ from choosing ____ ?
 Is ____ worth it ____ high-powered vehicles over those ____ economy and ____ ?
 Is ____ a ____ higher power and ____ benefits ____ one with less ____ ?
 ____ there an advantage ____ opting for high-powered vehicles over those ____ ?
 Is ____ in opting for ____ vehicles instead of ____ ones?
 Is ____ a benefit to ____ vehicles ____ fuel economy and ____ performance?
 ____ there a benefit in opting for a ____ ?
 Is there a ____ to ____ high-powered ____ over a ____ better fuel ____ performance?
 ____ a ____ car ____ a fuel efficient ____ is ____ .

What gain _____ choosing _____ car _____ a more _____ car?
 _____ know _____ advantages of _____ high horsepower vehicles over those _____ ?
 What _____ from _____ a more powerful car _____ a _____ ?
 _____ there _____ to choosing _____ high _____ vehicle compared to one _____ better _____ ?
 _____ opting for high-powered vehicles instead of _____ fuel _____ ?
 _____ a powerful _____ with lots of _____ have advantages _____ a car _____ ?
 _____ there an _____ to choosing a _____ car over _____ more _____ ?
 _____ there an _____ a vehicle with more _____ than _____ ?
 What are the benefits _____ a _____ with _____ and _____ with _____ power and fuel efficiency?
 How _____ choosing _____ vehicle _____ higher _____ compared _____ one _____ performance and less fuel economy?
 _____ capability, what _____ come _____ selecting _____ vehicle that _____ higher _____ and Torque?
 _____ gain does _____ make _____ choose a _____ powerful _____ more _____ one?
 _____ a _____ for high-powered vehicles over _____ with better fuel _____ performance?
 _____ opting _____ a high _____ vehicle bring advantages _____ better fuel _____ ?
 _____ there a benefit _____ opting _____ vehicle _____ than a _____ one?
 Can you _____ the benefits _____ car _____ a lot _____ power over one _____ isn't?
 _____ it _____ to choose a _____ power _____ over a _____ better _____ ?
 Is it _____ choose a _____ power _____ compared to one _____ has _____ ?
 Is opting for _____ high horsepower _____ Torque _____ better _____ better fuel _____ performance _____ ?
 _____ it worth selecting a _____ that is more fuel _____ ?
 _____ in opting for _____ high _____ of one with better fuel _____ ?
 Does _____ for _____ high performance _____ have _____ over choosing _____ less _____ ?
 _____ there a benefit to _____ higher powered _____ ?
 _____ does opting _____ vehicle _____ has higher _____ and _____ benefits compare to one that _____ fuel _____ ?
 Does choosing _____ powerful car _____ fuel-thrifty car?
 _____ advantages to high _____ over low performance _____ ?
 _____ to explain the benefits of _____ vehicle _____ more power and _____ a vehicle _____ focuses on
 fuel _____
 _____ there any benefit in _____ high-powered _____ instead _____ a lower _____ ?
 What advantages _____ vehicle over a _____ performance _____ ?
 _____ know _____ benefits of choosing _____ high _____ vehicle _____ a _____ performance _____ ?
 Is _____ high-powered vehicle better _____ for _____ low-performing one?
 Is _____ a _____ vehicles _____ those with poor fuel _____ and _____ performance?
 _____ is _____ from _____ a more powerful _____ than a _____ one?
 _____ a _____ for _____ power vehicles instead of less _____ that have better fuel _____ ?
 _____ there _____ high-powered vehicles rather than those _____ better fuel economy and _____ ?
 _____ a reason _____ high _____ vehicles over fuel _____ ?
 How is opting _____ a _____ has higher _____ and _____ benefits _____ a _____ with _____ performance?
 Is _____ a _____ horsepower _____ vehicle _____ choosing a lower performance _____ ?
 What _____ are _____ by vehicles with _____ power and Torque than _____ less power _____ ?
 How does opting for _____ vehicle with _____ power _____ prove _____ to one with _____ and _____ ?
 There are _____ power/ _____ vehicles _____ fuel efficient _____ .
 Does choosing _____ high _____ bring advantages _____ a better _____ economy _____ ?
 _____ benefit to opting for high-powered vehicles over _____ that _____ better _____ lower _____ .
 Is there an advantage _____ vehicle _____ to _____ better fuel efficiency?
 Is _____ beneficial _____ high-powered vehicles instead of _____ ?
 Is _____ an advantage _____ vehicle with more _____ and _____ ?
 _____ a _____ to opting _____ high-powered _____ of _____ lower-performing ones?
 What _____ are offered by high _____ Torque _____ instead _____ economy vehicles?
 Is there _____ advantage in _____ high-powered _____ over _____ lower-performing _____ ?
 _____ are _____ advantages _____ vehicle over _____ low performance one?

Is ____ a ____ to ____ for a ____ powered ____?

What are ____ of high ____ and Torque vehicles ____ performance and ____?

How is ____ vehicle ____ higher ____ Torque ____ one that ____ fuel economy and ____ performance?
____ the ____ of high power/torque vehicles ____ ones?

Is it ____ instead of ____ with better ____ and lower performance?

Is there ____ to ____ option that is ____ high ____ and Torque?

Is ____ a ____ opting for ____ instead of a low ____?

Is there ____ to ____ vehicle option ____ on ____ power ____ Torque ____ improved ____ and capabilities?
____ there any ____ vehicles over those ____ better fuel economy ____ performance?

What advantages ____ choosing ____ and ____ have over choosing ____ lower performance ____?
____ there ____ upside ____ selecting ____ vehicle option that concentrates ____ power/torque ____ mileage?

Is ____ benefit to ____ vehicle over one with ____ fuel ____?
____ there ____ advantages ____ high-power ____ compared to ____ with ____ mileage?

How ____ a vehicle ____ higher ____ Torque benefits ____ to one that ____ performance or ____?
____ advantages ____ high-powered ____ over one that has ____ lower performance?
____ benefits ____ offered by vehicles with ____ power ____ those ____ and fuel economy?

I ____ know ____ were benefits to having ____ in a ____ a less ____ efficient ____.

Is ____ benefit in opting ____ vehicles with ____ and Torque than ____ fuel ____?

Does high-power vehicles offer any advantages ____?

Should a ____ a car with more ____ that ____ more fuel efficient, ____?
____ a more ____ car provide?

____ any ____ in opting for vehicles with ____ and ____ than those ____?
____ with a high powered ____ better ____ a vehicle ____ performance or ____ mileage?
____ do you ____ from selecting ____ more ____ than ____ one?

Is ____ a benefit ____ opting ____ of those that ____ fuel economy?

Can you tell ____ about the ____ a ____ with ____ of power ____ one ____ does ____?

____ does ____ a car with ____ engines ____ be ____ than ____ better fuel economy ____ less ____ capabilities?

I wondered ____ there ____ benefit to having ____ power ____ a ____ fuel ____ one.

Is there an ____ to selecting ____ focuses ____ and ____ over improved ____?

____ advantages are ____ of selecting ____ high-powered vehicle ____ vehicle?
____ high-power ____ advantages over those ____ have ____ gas mileage?

____ benefit in opting ____ instead of ____ with ____ fuel economy and ____ performance?

What ____ it ____ choose a more powerful car ____?

Is ____ a ____ for ____ vehicles ____ of those ____ poorer performance?
____ have an advantage over ____ with improved ____?

Is there a ____ high-powered ____ of low-performing ones?

____ the gain ____ selecting a more powerful ____ one?

____ it's worth choosing a high ____ car ____ a ____ one?

____ it possible ____ the ____ driving a ____ with more power ____ more ____ instead of ____ fuel ____?

____ question about what will ____ gained by choosing ____ with ____ power ____ less fuel ____.

____ to ____ power vehicles over low performance ____?

Is ____ advantage ____ vehicle that focuses on high ____ mileage?

____ for a vehicle ____ Torque benefits better than ____ that ____ economy and less ____?

Is ____ to opting for ____ vehicles instead ____ low-power ones ____ better ____?

____ choosing a ____ car over a less ____ one?

How is ____ with greater power and ____ benefits compared ____ a ____ that emphasizes ____?

____ is ____ for a vehicle ____ and Torque ____ compared to one ____ emphasizes ____ economy, ____ or ____?

How ____ vehicle ____ higher ____ beneficial compared to a ____ with better fuel economy?

How does ____ a ____ power and Torque ____ to one that ____ performance capability?

Do ____ over the ____ gas mileage vehicles?

_____ me why going _____ vehicle with _____ power _____ more Torque is better _____ on fuel economy?
 _____ there a _____ for _____ high-powered vehicle instead of a _____?
 Is _____ benefit to opting _____ high-powered vehicles _____ power _____ mileage and _____?
 Does _____ sense to go _____ power and _____ instead of one _____ focuses on fuel _____?
 _____ vehicle with higher _____ and _____ beneficial compared to _____ vehicle _____ better _____ economy and _____ performance _____?
 I am _____ will be gained by _____ car _____ more _____ fuel _____ than another _____.
 _____ to emphasizing _____ fuel economy _____ reduced performance capabilities, _____ for _____ with _____ power _____ Torque proves _____.
 _____ are benefits _____ opting for a _____ power _____ than a _____ with less power and _____.
 Is there a _____ in _____ for _____?
 Is there a benefit _____ opting _____ more powerful _____ of _____ powerful ones _____ have _____?
 Compared to _____ mileage/less _____ what benefits _____ selecting _____ vehicle emphasizing _____?
 _____ do _____ from selecting _____ more _____ car?
 _____ to _____ mileage/less capability, _____ a vehicle with _____ engine power?
 _____ does _____ for a car _____ bigger _____ prove to be more _____ having better _____ and _____ powerful _____.
 _____ there _____ benefit to _____ vehicles _____ more power?
 _____ benefits _____ opting for vehicles _____ power and _____ Torque _____ less power and more _____ efficiency.
 How is _____ between _____ with higher power and _____ benefits compared _____ that _____ economy _____?
 _____ is choosing a _____ with _____ and Torque _____ to a _____ that _____ economy?
 What are the _____ choosing _____ vehicle _____ low _____ one?
 _____ high power/torque vehicles versus fuel _____ ones?
 What _____ comes _____ more powerful _____ versus _____ economical one?
 Can _____ the _____ choosing a _____ horsepower and Torque vehicle _____ efficiency _____ performance thresholds?
 How is choosing _____ with _____ and Torque benefits _____ that _____ fuel economy _____ performance
 _____ there a _____ opting _____ a _____ instead of _____ with _____ fuel economy?
 Is _____ benefit in _____ for _____ high-powered vehicle over a _____?
 _____ there a reason to choose a _____ and _____?
 _____ high-power vehicles have _____ those _____ improved _____ mileage?
 Is there a benefit _____ opting _____ those with better _____ economy _____?
 _____ do you get by _____ a _____ powerful _____?
 _____ there for selecting _____ vehicle _____ with low performance capabilities?
 _____ is _____ benefit to opting _____ vehicles _____ the ones _____ fuel economy _____ performance.
 _____ any _____ choosing _____ high- performance _____ over a more fuel-efficient _____?
 _____ is the difference _____ a _____ higher power and Torque _____ emphasizes fuel _____ and _____ performance?
 Compared _____ better _____ and reduced performance capabilities, _____ opting _____ with higher power and _____ beneficial?
 _____ you _____ the benefits _____ for a _____ with _____ power _____ more Torque instead _____ focusing _____ economy?
 _____ it _____ picking _____ power _____ over a fuel efficient _____?
 Does opting for _____ vehicle _____ higher power _____ Torque benefits compare to one _____?
 How _____ a vehicle with higher _____ compared to one that emphasizes _____ performance?
 _____ to explain _____ benefits of _____ vehicle with _____ and _____ Torque _____ of one _____ focuses on _____ economy?
 _____ there _____ that focuses _____ high power and Torque over improved mileage?
 What are _____ of opting _____ vehicles _____ power and _____ Torque than _____ with _____ power _____ efficiency?
 _____ there any _____ a vehicle _____ on high power and _____ over _____?
 _____ possible _____ explain _____ benefits of going _____ a _____ more power _____ Torque _____ focusing on _____ economy while _____ performance
 _____ you explain _____ benefits of going _____ a vehicle with _____ more _____ of _____ fuel economy _____ compromising _____?
 _____ you _____ any advantages _____ high horsepower _____ over those with _____ economy _____ performance?

Is there any benefit _____ opting _____ instead of _____ economy and overall _____?

How do _____ for a vehicle with higher power and _____ prove _____ one _____ emphasizes better _____?

Is there an upside _____ that _____ high power and Torque _____?

How _____ opting _____ vehicle _____ power and Torque benefits compared to _____ less _____?

_____ if _____ any benefits to having _____ a _____ and less _____ efficient.

Do you _____ the _____ of _____ a high _____ car _____ lower _____?

_____ the _____ of _____ for a _____ more _____ more _____ vehicle with less power _____ less fuel economy?

_____ benefit _____ high-powered vehicles _____ of those with poorer performance?

_____ an upside to choosing a _____ option _____ power/ _____ over _____ mileage?

What _____ there _____ high-powered vehicle _____ a vehicle _____ low performance _____?

_____ vehicles have any advantages over those _____ gas _____?

Is _____ benefit _____ for high powered _____ instead _____ lower _____ ones?

_____ gain comes _____ more powerful car _____ economical one?

What are the _____ of _____ vehicle with _____ power _____ more _____ instead _____ with _____ and _____ fuel economy?

_____ there a _____ opting _____ a high-powered vehicle instead _____ one?

_____ there _____ benefit to choosing higher _____ with _____ economy and performance?

_____ any _____ over others that offer _____ gas mileage?

_____ of _____ a more _____ than an _____ one?

Is _____ any _____ in _____ for a vehicle with _____ Torque _____ with better _____ efficiency?

_____ there an upside _____ option _____ focuses on power and _____?

_____ there a benefit _____ for _____ high-powered vehicle over _____ a _____ economy?

_____ there _____ high _____ over fuel efficient ones?

_____ vehicles _____ advantages _____ those _____ improved gas mileage?

_____ does opting for _____ vehicle _____ power _____ Torque prove _____ one that is emphasizing _____ economy _____ performance capabilities?

Is there _____ upside _____ a vehicle _____ on _____ power and _____ over _____ mileage?

How _____ it that a vehicle _____ and _____ benefits _____ to _____ that emphasizes fuel _____?

_____ are benefits _____ opting for _____ and _____ Torque than those with _____ power _____ less _____.

How does _____ vehicle with higher _____ and Torque _____ beneficial _____ one _____ on fuel _____ capabilities?

What improvements can _____ selecting _____ more powerful _____ an economical _____?

Is it possible to _____ the _____ of choosing _____ high _____ Torque _____ efficiency and performance _____?

_____ there a benefit _____ for _____ vehicles instead _____ ones?

Is it possible _____ explain _____ benefits of _____ for a _____ and Torque _____ focusing _____ fuel economy and _____?

_____ are the benefits _____ high performance _____ compared to low performance _____ economy _____?

Is there _____ for _____ vehicles _____ of _____ power vehicles that have better _____?

_____ is _____ for _____ vehicle with _____ Torque benefits compared to one _____ fuel _____ and _____ performance?

_____ for _____ high performance _____ bring advantages compared to _____ fuel _____?

_____ a _____ opting _____ high powered vehicle instead of a low _____?

_____ you know _____ benefits of choosing _____ over one _____ better fuel _____?

_____ you _____ benefits of choosing _____ over a _____ performance one?

_____ there _____ to _____ for high-powered _____ instead of _____ ones _____ more fuel?

What _____ selecting a more powerful _____ over an _____?

Does choosing a _____ car _____ over one _____ lower _____?

_____ opting for a high _____ and _____ advantages over _____ a _____ performing _____?

_____ an advantage _____ opting _____ high-powered _____ instead _____ the _____ vehicles?

_____ does _____ mean _____ a _____ powerful car _____ a more economical _____?

What are _____ of _____ vehicle with _____ and Torque _____ with _____ power and efficiency?

What _____ the _____ of _____ for _____ with _____ than one with less performance?

What _____ a more powerful car than an _____ one?

_____ the benefits _____ and high Torque vehicles over _____ and _____ fuel economy _____?

_____ a powerful, _____ car _____ that delivers _____ and performance can have _____.

Do high- power vehicles _____ any advantages _____ those _____?

I was _____ were benefits to _____ in a vehicle and a less _____.

Compared to _____ mileage/less _____ what _____ come _____ a _____ higher horsepower/ _____?

Is there an _____ to _____ a _____ option _____ on _____ power _____ an improved _____ option?

Is _____ possible to explain the _____ going _____ with more _____ and more Torque _____ a _____ only _____ fuel _____?

_____ does choosing _____ bigger engines prove _____ beneficial _____ just having better _____ and _____ powerful _____?

_____ in _____ high-powered vehicles _____ those with lower performance?

What are _____ advantages _____ selecting _____ high power _____ a _____ one?

_____ beneficial _____ prioritize _____ power and _____ in a vehicle _____ mileage?

Are _____ benefits _____ choosing a _____ more _____ than _____ with better _____ economy?

_____ is _____ benefit in opting _____ less _____ ones that have _____ mileage _____ performance.

Is there _____ opting for a _____ with _____?

Is there _____ for _____ high-powered _____ instead _____ a low-power one?

Rather _____ focusing _____ performance and _____ economy, what _____ the _____ of _____ Torque vehicles?

_____ does _____ a more powerful _____?

_____ an _____ to selecting a _____ option _____ on _____ improvements to mileage?

Is _____ a _____ high-powered _____ instead _____ those _____ better fuel economy _____ lower performance?

_____ high-power _____ more advantages than _____ that _____ gas mileage?

Is it _____ to explain _____ benefits of going for _____ vehicle with more _____ one focused _____?

Can _____ the benefits of going _____ a vehicle _____ more _____ Torque _____ of a vehicle _____ less _____ and less _____

_____ there _____ in _____ high-powered vehicle _____ one with a _____ performance?

_____ opting _____ a _____ engine car prove to _____ beneficial _____ better _____ economy and less _____ cars?

There _____ to choosing _____ horsepower _____ Torque _____ its lower fuel _____ and _____ thresholds?

_____ a gain to _____ a more _____?

_____ opting for _____ power _____ Torque benefits compared to _____ that _____ economy and less _____?

_____ benefit to _____ higher-powered vehicles _____ of lower-performing ones?

_____ of high _____ vehicles over fuel _____ vehicles.

_____ any benefits to choosing power _____?

Compared to _____ capability, what _____ come _____ choosing _____ vehicle _____ more _____?

Do you know _____ performance vehicle over one _____ performance?

Is _____ for a high-powered vehicle more _____ a lower _____?

_____ there _____ more powerful vehicles _____ powerful ones that have better _____ economy?

Is _____ benefit in opting for _____ of a _____ vehicle?

_____ opting _____ with _____ power _____ benefits compared to _____ lower performance and less fuel economy?

What _____ can _____ by selecting a _____ car?

_____ high power/torque _____ over fuel efficient ones?

I _____ if there _____ to having more power _____ fuel _____.

_____ is it _____ makes _____ beneficial _____ prioritize more _____ car _____ gas mileage?

Does it make sense _____ go for _____ with _____ power _____ Torque _____ that focuses _____ fuel _____ performance?

_____ opting _____ a _____ vehicle _____ with advantages _____ a better _____ economy _____?

What advantages _____ there _____ choosing a _____ over a _____?

Is there a _____ to _____ for high-powered vehicles, _____ of _____?

How does _____ for _____ vehicle _____ higher power _____ Torque prove _____ compared _____ that emphasizes _____ economy _____ capabilities?

_____ high-power vehicles have _____ over _____ gas _____ vehicles?

I _____ wondering _____ there _____ to having more _____ and less fuel _____.

Is there _____ advantage to _____ lower performance vehicles?

_____ benefit _____ a high-powered vehicle over _____ lower-performing vehicle?

Is _____ a _____ in _____ for _____ over _____ performance ones?

Is _____ high power _____ over a more fuel _____?

_____ any _____ to choosing _____ vehicle with _____ power over _____ better _____ economy?

Is there _____ opting _____ high powered _____ those with _____ fuel _____ and lower _____?

_____ there an _____ in opting _____ vehicle instead _____ a lower-power _____?

Is _____ to _____ the _____ buying a _____ with more power _____ with less power and fuel _____?

Is _____ possible to choose _____ horsepower _____ with better _____ economy and _____.

What is the _____ of opting for a _____ with _____ Torque compared _____ that emphasizes better _____ reduced _____?

Is _____ an upside _____ selecting a vehicle _____ focuses _____ power/torque over _____?

Does _____ high _____ bring advantages _____ fuel economy choice?

How _____ opting _____ with higher power _____ prove beneficial _____ to _____ fuel _____ and reduced performance capabilities?

Choosing a powerful, less _____ one _____ better mileage _____ performance _____ benefits.

_____ is _____ vehicle with _____ power and Torque _____ compared _____ a vehicle with _____ and _____ economy?

_____ explain _____ of _____ a _____ power vehicle _____ its lower fuel _____ performance thresholds?

Do _____ over those with better _____ mileage?

Does _____ powerful _____ a lot of _____ have _____ over _____ a lower _____?

I am _____ what will be gained by _____ with more _____.

_____ there a benefit to _____ for high-powered _____ over the _____?

_____ a _____ performance vehicle bring advantages _____ better fuel economy _____?

_____ a _____ pick _____ that has more _____ a _____ that _____ fuel efficient _____ less powerful?

What are _____ of choosing _____ vehicle as _____ to _____ lower performance one?

_____ benefit to opting _____ vehicles _____ of the _____ vehicles?

_____ a _____ larger engines prove to be _____ beneficial _____ having better _____ and less powerful cars?

_____ does opting _____ a car _____ bigger _____ more _____ than _____ having good _____ economy and _____ cars?

How is opting _____ a _____ with higher _____ and Torque _____ economy or performance?

_____ advantages _____ for a high performance vehicle compared _____ fuel _____ choice?

_____ you tell _____ the _____ of choosing a _____ of power _____ one?

What _____ it _____ beneficial _____ prioritize _____ power in _____ gas mileage?

Compared _____ mileage/less capability, what benefits come _____ with _____ power/ _____?

Is there an _____ opting _____ of lower-power ones?

_____ high-power vehicles _____ any _____ over those _____ mileage?

_____ opting for a _____ with _____ power _____ prove beneficial compared _____ emphasizing _____ fuel _____ reduced performance?

_____ is _____ for a _____ higher _____ Torque _____ compared _____ one that emphasizes _____ economy

Is opting _____ a _____ with higher _____ Torque benefits _____ than _____ a reduced _____?

Is opting _____ vehicle _____ power _____ Torque _____ one with better _____ and reduced performance capabilities?

_____ opting for _____ high _____ more beneficial than _____ a _____ powerful _____?

_____ there a _____ to choosing _____ vehicles instead of _____ with better _____ performance?

_____ benefit in opting _____ high-powered _____ rather than _____ performance _____?

What _____ you _____ in selecting a high-powered _____ over _____ with _____?

Does choosing _____ with lots _____ Torque have _____ advantages _____ a _____ with low _____?

_____ opting _____ a high power _____ over a more fuel _____?

What are _____ advantages of selecting _____ vehicle over _____?

_____ for _____ with more _____ and _____ with better fuel efficiency but less performance capabilities.

There _____ choosing higher horsepower _____ over those _____ better _____ and _____ performance.

_____ any _____ choosing _____ high power vehicle over one _____ efficiency?

What _____ if you choose a more powerful _____ economical _____?

_____ it possible _____ the benefits of going _____ a _____ and more Torque instead of _____ fuel _____?

_____ opting _____ vehicle with _____ power and _____ benefits better than _____ that emphasizes _____ performance?

Is _____ a _____ powerful vehicle over a more fuel _____?

What gains comes _____ more powerful _____ economical one?

What _____ the _____ of selecting _____ powerful car over _____ more _____?

I was _____ there _____ benefits _____ power _____ vehicle, and less fuel _____.

What _____ the _____ high horsepower and Torque _____ compared _____ the _____ and _____ economy _____?

Is there a benefit _____ opting _____ those _____ better _____ economy.

_____ are _____ when _____ choose a more _____ car than an _____?

Is there an _____ selecting a _____ focuses _____ high power and _____ over the _____?

_____ there a benefit _____ opting _____ high-powered _____ lower-power ones _____ better _____?

How does _____ a vehicle with _____ and Torque compare _____ one with better _____ capabilities?

_____ choosing _____ with _____ of power have advantages _____ a _____ with _____ characteristics?

Is _____ a benefit _____ for _____ with more power _____ Torque than _____ with _____ and _____?

_____ is the _____ a vehicle that _____ and less _____ one _____ higher _____ and Torque benefits?

Is there _____ benefit _____ choosing _____ vehicles _____ with better fuel _____ and _____?

How _____ opting _____ vehicle with higher power _____ compared _____ one that emphasizes _____ economy and _____?

_____ know _____ benefits of choosing _____ vehicle _____ more power _____ one _____ better _____?

_____ opting _____ a vehicle with higher power and _____ benefits _____ that _____ economy _____ important?

_____ of selecting _____ powered vehicle over one with _____ are _____?

_____ a _____ power car _____ a _____ fuel efficient car?

_____ there _____ benefit to choosing _____ vehicles _____ those with better fuel _____?

How _____ opting _____ a vehicle _____ and _____ prove _____ compared _____ with better _____ economy and _____ performance capabilities?

Is _____ benefit to _____ vehicles, _____ of _____ better fuel economy?

_____ a _____ in opting _____ high-powered _____ vehicles with _____ economy and performance?

The _____ of _____ vehicles _____ more power _____ than _____ with less _____ and fuel _____.

How _____ with _____ power _____ Torque benefits compared to _____ vehicle that emphasizes _____ and less _____

_____ for _____ high-powered car _____ benefit?

_____ choosing _____ more powerful car _____?

_____ the _____ between _____ vehicle with _____ benefits and a vehicle that _____ fuel _____ and _____ performance?

_____ there a reason _____ for a vehicle with _____ power _____ Torque _____ of a _____ less _____ and less _____?

Can you tell me _____ benefits _____ for _____ that has _____ power and _____ and _____ economy?

_____ to opting for high-powered _____ instead of _____ fuel economy and _____ performance?

Is there _____ choosing _____ high-performance car _____ a _____ one?

What _____ the _____ of high horsepower and _____ compared _____ with _____ performance _____ lower _____ economy?

There are benefits _____ higher-hpy _____ over those _____ better _____ economy _____.

_____ there _____ to opting for high-powered _____ those _____ performance?

_____ do _____ gain by selecting a _____ and less fuel efficiency than _____ that _____ efficient?

Is there _____ upside to selecting _____ vehicle option _____ on _____ Torque over _____ mileage?

_____ a _____ performance vehicle _____ a better fuel economy option?

Is there _____ upside to selecting _____ that _____ high power/torque over _____.

Does _____ for a _____ performance _____ to _____ fuel economy choice?

_____ high-power vehicles have _____ over _____ that _____ mileage?

_____ a high-power _____ advantages over _____ vehicle _____ improved gas _____?

Is _____ a _____ opting for high powered vehicles instead of _____ ones _____ have _____?

_____ can one _____ a vehicle _____ and Torque benefits _____ that _____ fuel economy?

Is there a benefit to _____ for high- _____ instead _____ fuel economy _____ lower _____?

_____ high-power _____ have _____ advantages _____ those that have _____ mileage?

_____ is _____ a vehicle with higher power _____ Torque benefits compared _____ that _____ fuel _____ performance?

Is _____ benefit to opting _____ powered vehicles instead _____ economy and poorer performance?

Is there _____ upside to selecting a _____ option that _____ on _____ improving _____?

What ____ can ____ vehicle have ____ a ____ one?

Can ____ explain the advantages of ____ a ____ horsepower ____ Torque ____ despite its ____ thresholds?

Is ____ a benefit to opting for high ____ vehicles ____ less powerful ____ have ____?

Should higher ____ vehicles ____ used instead of those ____ lower ____?

____ are ____ of opting for a ____ power ____?

____ you choose a vehicle ____ power and Torque ____ over ____ that ____ fuel economy and ____?

____ choosing ____ vehicle with ____ and Torque ____ compare ____ one that emphasizes fuel economy ____?

____ a more powerful vehicle ____ one that ____ better fuel economy?

Is ____ a ____ in opting ____ vehicle ____ a lower-performing ____?

How is ____ vehicle ____ benefits ____ power and Torque ____ to ____ that ____ fuel ____?

____ advantage to ____ for high-powered vehicles ____ those with better ____?

There ____ to opting ____ vehicle with ____ power ____ one with less power ____ less ____ efficiency.

Does ____ a high ____ over opting for a ____ vehicle?

Does opting ____ advantages compared to a ____ fuel ____ choice?

____ possible to choose higher ____ instead of ____ with ____ fuel economy ____?

____ to ____ fuel ____ performance ____ how does opting for a ____ more power prove beneficial?

How is ____ a vehicle ____ and ____ benefits compared to a ____ that emphasizes ____?

Is ____ benefit to opting for ____ high-powered ____ powerful one?

Is there ____ instead ____ power ones that have better mileage ____ performance?

How is ____ vehicle ____ higher ____ and ____ compared to ____ vehicle ____ fuel economy ____ less performance?

Can ____ tell me ____ the ____ choosing a ____ a ____ of ____ over a ____ isn't?

____ an ____ to ____ for ____ vehicles ____ the lower-power ones?

____ choosing ____ powerful ____ advantages ____ choosing ____ low-performing car?

How ____ opting for ____ with higher power ____ compared to ____ that emphasizes fuel ____ capabilities?

Does ____ a powerful ____ lots ____ Torque ____ advantages ____ car ____ low performance characteristics?

What ____ it about opting for ____ and ____ that makes it ____?

____ it possible ____ choosing a vehicle ____ power ____ Torque ____ one with less ____ less fuel economy?

Benefits of ____ for ____ with ____ more Torque than those ____ less power ____ less ____?

____ opting ____ a vehicle ____ higher power and ____ compared ____ that ____ economy and less ____.

Is ____ in ____ high-powered vehicle ____ a lower performance ____?

Is there an ____ a vehicle ____ power and ____?

There is ____ to opting ____ over less ____ ones ____ better mileage and ____.

____ it possible to ____ the benefits ____ vehicle ____ more power ____ more ____ than a vehicle ____ on ____ economy?

____ opting for a ____ and Torque benefits ____ to one ____ emphasizes fuel ____?

____ is the ____ between a vehicle ____ fuel ____ and less ____ and ____ higher ____ and Torque?

____ benefits would I enjoy ____ if ____ high horsepower ____ Torque ____ instead of choosing ____ fuel ____?

____ it beneficial ____ Torque in a vehicle ____ better gas ____?

____ is the ____ from ____ a more powerful ____ a ____ car?

____ choose a ____ with higher power ____ Torque ____ to a ____ that ____ economy ____ less performance?

____ are ____ advantages of ____ high-powered vehicle ____ a vehicle ____ capabilities?

Is ____ benefit ____ for high-powered ____ than ____ performance vehicles?

____ selecting a ____ powerful car than an ____ one?

____ there a benefit to choosing ____ over those ____ fuel ____ performance?

Is there ____ benefit to opting ____ vehicles ____ that ____ less ____?

____ there ____ to choosing a ____ vehicle ____ a ____ one?

____ opting for ____ high ____ brings ____ choosing a ____ powerful vehicle?

Do ____ vehicles offer any advantages over those ____?

____ opting ____ a vehicle with higher power ____ benefits different ____ vehicle ____ economy ____ less performance?

_____ there _____ to opting for _____ cars _____ low-performing ones?
 Do _____ high performance _____ bring advantages over _____ less powerful _____?
 Is _____ a benefit to _____ for _____ vehicles instead of _____ better _____ economy _____?
 _____ benefit to _____ a _____ vehicle over _____ lower performance _____?
 Is _____ benefit to _____ vehicles _____ the lower-performing ones?
 _____ high-powered vehicles _____ of lower-power ones with better mileage?
 I _____ wondering _____ there _____ benefits _____ having more power in _____ vehicle _____ to a _____.
 Is _____ benefit in _____ for high-powered _____ less _____ ones that _____ mileage?
 Can you tell us _____ advantages _____ horsepower and Torque _____ despite its lower _____ and _____?
 Is _____ for _____ engine car _____ having better fuel _____ and _____ powerful _____?
 _____ possible to _____ the _____ and Torque vehicle despite its lower _____ and performance thresholds?
 Is _____ a benefit _____ high _____ of _____ with _____ fuel economy and performance?
 Is _____ benefit to _____ a _____ has more _____?
 _____ vehicle that _____ and Torque benefits compared _____ one that _____ fuel _____?
 _____ a _____ with higher power and Torque _____ to one that _____ economy and less _____?
 _____ for a high _____ bring _____ better fuel _____ lower performance capability?
 What advantages do _____ when _____ high-powered vehicle over a _____?
 What gain _____ made from choosing a more _____ one?
 _____ a _____ a _____ of _____ have advantages _____ with low performance characteristics?
 _____ that _____ for _____ high performance vehicle brings advantages _____ better fuel _____?
 _____ benefits do _____ get from selecting a _____?
 _____ upside _____ choosing _____ vehicle _____ high power over better mileage?
 Is there _____ benefit to _____ for _____ more power _____ Torque _____ less power?
 _____ are benefits _____ more power _____ more Torque _____ those with _____ and less fuel efficiency.
 What benefits do you _____ a _____ an economical one?
 _____ are _____ of high power/torque _____ over low-performance _____?
 There are advantages _____ Torque Vehicles _____ ones.
 _____ wondering if there was any benefits _____ having _____ power _____ a vehicle _____ fuel _____.
 Is _____ any benefit _____ opting for _____ vehicles _____ lower _____ vehicles?
 _____ high _____ and _____ vehicles _____ fuel efficient ones?
 _____ there _____ advantage _____ selecting a vehicle _____ that _____ on _____ Torque?
 What _____ for _____ high-powered vehicle _____ a _____ performing one?
 Do you know _____ benefits of _____ vehicle _____ with _____ performance?
 _____ any _____ in choosing _____ more powerful vehicle _____ a more _____?
 _____ choosing a _____ car with _____ have _____ over choosing a _____ car?
 Should _____ person pick _____ car that _____ more _____ than _____ more fuel _____ and _____ power?
 Is there _____ to _____ high-powered _____?
 _____ is _____ for a car _____ higher _____ and _____ to a _____ that _____ fuel economy _____ performance?
 _____ there an _____ to _____ more power and Torque?
 What _____ comes from _____ a _____ car vs. a _____?
 Is it _____ to explain _____ advantages _____ going _____ vehicle _____ more _____ Torque instead of _____ on _____ economy?
 Is _____ benefit _____ opting for _____ more _____ vehicle?
 What _____ are there in _____ a _____ vehicle _____ one _____ low _____?
 _____ a person _____ with _____ power _____ that is _____ fuel efficient?
 How does opting _____ a _____ with bigger _____ be more _____ than simply having _____ and _____ powerful _____?
 Is _____ an _____ high- _____ car over a more _____ car?
 Is _____ a _____ to _____ vehicles instead _____ power ones?
 _____ a benefit _____ opting _____ vehicle instead of one _____ better _____ economy _____ performance?
 _____ opting for a high _____ vehicle _____ benefits _____ less _____ vehicle?
 _____ are _____ high horsepower and _____ vehicles instead of _____ lower _____ and _____ fuel economy?

_____ you _____ me about the _____ for a _____ more power _____ more Torque than _____ one _____ less _____ less _____ economy

_____ is opting for _____ with _____ and Torque benefits compared _____ one _____ reduced _____ capabilities?

_____ prioritize more power _____ Torque in _____ over _____ gas mileage?

How is opting for _____ vehicle _____ higher power _____ Torque _____ one _____ performance capabilities?

Do _____ any advantages _____ better _____ mileage?

How does _____ for _____ power _____ less power _____ terms of _____ performance?

_____ choose high-powered vehicles _____ of low-performing ones?

_____ is _____ a vehicle _____ benefits compared to _____ with less performance

Is there _____ to choosing _____ that focuses _____ power/torque _____ vehicle that improves _____?

Is there _____ benefit _____ opting _____ over those that _____ better fuel _____ and _____?

_____ there _____ high-power vehicles compared to _____ gas mileage?

Is _____ upside _____ selecting _____ vehicle _____ focuses _____ power and _____ a better mileage option?

_____ advantage to choosing _____ with more power _____ Torque?

How _____ opting for _____ larger engines _____ than having better fuel _____ and less _____ cars?

_____ there _____ opting for _____ vehicles instead _____ that _____ fuel economy and performance?

What _____ selecting _____ high-powered _____ one _____ is low performance are _____?

What gain _____ there from _____ a more _____ a _____ one?

Is _____ any benefit to choosing a more powerful _____ a _____?

How does opting for a _____ higher power _____ prove _____ a vehicle _____ capabilities?

_____ a _____ to _____ for high-powered vehicles _____ performance ones?

_____ is _____ vehicle that _____ higher power and Torque _____ compared to a _____ fuel _____?

How does opting for a _____ prove more _____ than having better _____ and _____?

_____ do _____ get with _____ more _____ than an _____ one?

Is _____ benefit _____ opting _____ high-powered vehicles _____ lower-performing _____?

How is opting _____ a vehicle that _____ Torque compared _____ a _____ that _____ fuel _____ performance?

Do _____ think it is _____ picking a _____ car _____ a _____ fuel _____?

_____ does opting for _____ with higher _____ Torque _____ beneficial compared _____ one that emphasizes _____?

_____ does opting for a _____ with _____ engines prove _____ having better fuel _____ and _____ powerful _____?

Is there a benefit _____ for a _____ a vehicle _____ economy?

_____ is _____ for a vehicle _____ higher power and _____ benefits compared to _____ reduced _____

_____ to better _____ capability, _____ come _____ vehicle that has higher _____?

_____ there a _____ opting for high-powered vehicles _____ with better _____ and _____?

_____ a _____ in _____ high-powered vehicles instead _____ lower _____ ones with better fuel _____?

Is it beneficial to _____ more _____ in _____?

_____ opting for _____ with _____ Torque prove to be beneficial compared _____ one with better _____ economy _____ capabilities?

What gain _____ from _____ more powerful _____ than _____ economical _____?

_____ choosing _____ car _____ advantages _____ choosing a low performance _____?

_____ any advantage _____ choosing _____ performance car _____ one that _____ fuel efficient?

What benefits _____ vehicles _____ higher _____ and _____ than those with _____ power and _____?

_____ high _____ have any _____ over those _____ improved _____ mileage?

Is _____ a _____ to choosing _____ the ones that _____ fuel?

How is opting _____ a vehicle _____ and Torque benefits _____ that _____ fuel economy?

Is there a benefit in _____ high-powered _____ lower performance _____?

_____ is _____ with _____ power _____ Torque _____ compared to _____ emphasizes fuel economy and less _____?

_____ it _____ to _____ the _____ of _____ a _____ power and Torque than _____ less power _____ less _____ economy?

What gains come _____ choosing _____ powerful _____ vs. _____ more _____?

_____ vehicle _____ power and Torque benefits compared to one that _____ economy and less _____

Is _____ benefit in opting _____ high-powered vehicles instead of _____ economy _____ performance?

What _____ benefit of _____ more powerful car than _____ economical _____?

_____ there a _____ for high-powered vehicles _____ of _____ lower performing _____?

How does opting for a _____ with _____ prove _____ performance capabilities?

How _____ car _____ bigger _____ prove to be _____ beneficial than _____ better _____ and less _____ vehicles?

_____ tell me _____ benefits of _____ a _____ with a lot _____ to one?

Is _____ a benefit _____ high-powered _____ performing ones that _____ more fuel?

_____ is _____ for _____ with _____ power _____ Torque _____ compared to _____ that emphasizes _____ performance _____ less power?

_____ there a benefit _____ vehicles instead of _____ performance _____?

I _____ there was _____ benefit to having _____ in _____ vehicle and a less _____.

Why do _____ a _____ and Torque vehicle _____ better _____ a _____ efficiency _____?

Is _____ better to _____ high-powered _____ instead _____ with better _____ and _____?

_____ there _____ to high power _____ fuel _____ ones?

Which _____ would I _____ the _____ picked a _____ horsepower and Torque _____ a fuel efficient _____?

Is there a _____ to _____ for high-powered _____ with better _____ and lower _____?

_____ benefits of _____ vehicles compared _____ with _____ gas _____?

_____ a vehicle with _____ power and Torque benefits _____ that _____ economy and less _____?

_____ an advantage to _____ for high-powered _____ lower-performing _____?

_____ there a benefit in _____ vehicles over the _____ better _____?

_____ there a benefit in _____ the ones _____ less fuel?

_____ do you _____ choosing _____ more powerful _____ than _____ one?

_____ if there _____ a benefit _____ having _____ power _____ vehicle, and _____ fuel efficient one.

_____ choosing a _____ car over one _____ is more fuel _____?

_____ there _____ to opting _____ a _____ powered vehicle _____ of _____ with _____ fuel _____?

_____ to _____ the benefits of _____ vehicle with _____ and more _____ of a vehicle _____ less _____ and _____ fuel _____ advantage to _____ car that has _____ than others?

Do you know _____ benefits of choosing _____ vehicle _____ over one _____?

Is there a reason to _____ vehicle _____ more _____?

Which benefits would I enjoy the most _____ for _____ high _____ vehicle instead of _____ efficient _____?

_____ does _____ a bigger engine car _____ beneficial than _____ having _____ fuel economy _____ performance _____?

Is _____ selecting a _____ option _____ focuses on high _____ over a _____ mileage option?

How _____ opting _____ a _____ with high _____ and Torque benefits compared to _____ fuel _____ performance?

The benefits _____ opting for _____ with _____ power and Torque _____ compared _____ economy and reduced _____ capabilities.

Do _____ think _____ advantages of _____ power/torque _____ efficient ones?

_____ comes _____ a more powerful car vs. _____ one?

_____ mean _____ choose _____ more powerful car than a _____ economical _____?

_____ it possible _____ explain _____ benefits of _____ a vehicle _____ and Torque instead _____ a _____ less _____ less fuel

_____ there any _____ opting for high-powered _____ over _____ vehicles?

Does _____ high _____ car _____ over _____ a less powerful car?

_____ high-power vehicles _____ those that offer improved gas _____?

What are _____ advantages _____ vehicles compared _____ that _____ improved _____ mileage?

_____ there an upside _____ focuses on high _____ over improved _____?

_____ you _____ between _____ with higher _____ and _____ and one that emphasizes _____ economy and less _____?

_____ opting for _____ vehicle _____ beneficial compared to one _____ emphasizes fuel economy and _____?

_____ to explain the _____ for _____ with more power _____ than focusing on fuel economy and _____ performance

_____ there a _____ in opting _____ high-powered vehicle _____ low performance _____?

_____ get from buying _____ more powerful _____ an _____ one?

There is a _____ to opting for _____ vehicles rather _____ better _____ and performance.

Is opting for a _____ power and _____ beneficial _____ one emphasizing _____ fuel _____ and _____ performance _____?

Does opting _____ bring advantages over choosing _____ vehicle?

I _____ there were any _____ to _____ power _____ vehicle and a _____ fuel _____ one.
 _____ is _____ a vehicle with higher power _____ Torque _____ with _____ performance and fuel _____?
 Is _____ possible _____ of _____ with more _____ more _____ than a _____ with less power and less fuel _____
 Is _____ in _____ for high-powered _____ over the _____ ones?
 _____ it _____ choose a vehicle _____ higher power and _____ compared _____ that emphasizes _____ economy?
 Is there _____ upside to _____ that _____ on _____ power/ _____ improved mileage?
 How is _____ between a _____ with _____ power and _____ emphasizes fuel economy _____ performance?
 _____ does opting _____ a _____ Torque prove _____ compared to one with _____ fuel economy _____ less _____ capabilities?
 _____ are _____ gains from _____ car than an economical _____?
 Is _____ an _____ high-powered _____ over those _____ better fuel _____ and performance?
 How is _____ for _____ with _____ power and Torque _____ compared to _____ that _____ fuel economy _____?
 _____ there benefits to _____ vehicles instead _____ lower-performing _____?
 _____ there _____ benefit _____ high-powered vehicles, _____ of _____ lower-performing vehicles?
 What _____ from selecting a _____ car?
 _____ does _____ a vehicle _____ higher _____ and Torque _____ beneficial compared _____ one emphasizing _____ performance _____?
 What _____ the advantages of _____ and _____ vehicle over _____ has _____ performance?
 Do choosing _____ performance _____ advantages compared to _____ better _____ choice?
 What are _____ of _____ a high _____ and _____ vehicle _____ a _____ vehicle?
 _____ choosing _____ more powerful car _____ an economical one?
 _____ there a benefit to opting _____ powered vehicles _____ of _____?
 Is _____ for high-powered vehicles over those _____ good fuel _____?
 Can _____ the benefits of choosing _____ car with a _____ of _____ less power?
 There _____ benefits _____ choosing _____ horsepower _____ of _____ with better fuel _____ lower overall _____.
 Can you tell _____ the _____ of going for _____ with _____ Torque, instead of _____ on _____ economy?
 Is there anything you can tell _____ about _____ for _____ vehicle with _____ Torque instead _____ focusing _____ economy
 I was _____ to having more power _____ car and _____ less _____ one.
 _____ an _____ selecting a _____ on high _____ over a _____ that improves mileage?
 There are benefits _____ for _____ with _____ power _____ Torque _____ with less _____ and _____ efficiency.
 How _____ choosing _____ vehicle _____ more _____ and _____ benefits compared _____ one _____ economy and _____ performance?
 How does opting _____ vehicle _____ higher power _____ prove beneficial _____ a _____ less _____ and _____ capabilities?
 How _____ vehicle _____ higher power _____ Torque _____ compare to _____ emphasizes fuel _____?
 Is there _____ opting for high-powered vehicles _____ those _____ economy?

 How is opting for _____ vehicle _____ power and _____ benefits _____ one that _____ performance _____?
 How does opting _____ vehicle _____ power and _____ compared to one _____ fuel economy _____ less performance _____?
 Is there any benefits _____ with _____ has better fuel economy?
 How _____ opting for _____ vehicle with higher power _____ Torque _____ one that emphasizes _____?
 Is _____ benefit to _____ for _____ vehicles _____ of those _____ economy _____ lower _____?
 _____ you know _____ of _____ vehicle _____ more _____ one _____ uses less fuel?
 What advantages _____ with low performance are there?
 Is there _____ in opting for high powered vehicles instead _____ better fuel _____?
 _____ for _____ bigger engines more _____ than _____ better _____ economy and less powerful _____?
 Are there _____ in _____ vehicles _____ with _____ fuel economy and performance?
 _____ find _____ upside to choosing _____ vehicle _____ focuses _____ high power/torque _____ improved mileage?
 Are there _____ to opting _____ high-powered _____ instead _____ the _____?
 _____ of _____ vehicle over one with _____ performance capabilities is _____?
 _____ there _____ in opting for high-powered _____ ones?

____ you tell ____ choosing ____ with a lot ____ power compared ____ one?
 Does choosing ____ powerful ____ have advantages ____ choosing ____ with ____?
 There are advantages ____ power/torque ____ fuel ____ ones.
 ____ there ____ for high-powered ____ over ____ with ____ fuel economy?
 How is opting ____ has ____ power and Torque ____ compared ____ one ____ emphasizes fuel ____.
 ____ for a ____ more beneficial ____ better fuel economy ____ less powerful vehicles?
 ____ there a ____ to ____ for ____ vehicle instead of a ____?
 ____ there a ____ to opting ____ high-powered ____ a low ____ one?
 ____ there ____ opting for a higher-powered ____?
 ____ for ____ high-power ____ bring benefits ____ a less powerful ____?
 Is there any ____ a ____ vehicle ____ low-performing one?
 Is ____ a benefit to choosing ____ vehicles ____ of ____?
 Can you ____ me ____ choosing ____ high horsepower and ____ vehicle ____ fuel ____ and performance thresholds?
 ____ are benefits ____ for a vehicle with ____ Torque ____ one ____ power ____ fuel efficiency.
 Is selecting ____ with ____ more ____?
 What ____ do you ____ choosing a ____ low performance one?
 Should a ____ a car with more ____ than ____ more ____ efficient?
 ____ to choosing a high-powered ____ over ____ lower performance ____?
 Are there ____ to opting ____ vehicles ____ more power ____ those ____ capabilities?
 ____ think a high horsepower and ____ is better than ____ one?
 ____ a ____ in ____ more powerful vehicles over less ____ ones that ____ better mileage ____?
 ____ are ____ advantages of ____ a ____ over ____ with ____ performance capabilities?
 ____ a ____ opting for ____ instead of ____ power ones with better ____ economy?
 ____ there ____ advantages ____ choosing ____ high power ____?
 ____ and reduced performance capabilities, ____ how does opting for a ____ with higher power ____ beneficial?
 ____ there ____ benefit in opting ____ a high-powered vehicle ____ economy and ____?
 Is it beneficial to ____ vehicles instead of ____ with ____ economy ____?
 ____ is opting ____ vehicle with higher ____ and Torque ____ one with ____ performance capabilities
 Do you ____ the benefits ____ choosing a car ____ has ____?
 How is opting for a ____ higher ____ and ____ benefits ____ with ____ performance capabilities?
 ____ there an ____ to ____ a ____ over ____ good fuel efficiency ____?
 ____ benefits of choosing a ____ horsepower and Torque vehicle as ____ lower ____?
 ____ think there ____ upside ____ selecting ____ vehicle ____ focuses on high power and ____ over improved ____?
 ____ there a benefit ____ high-powered vehicles ____ that use more fuel?
 ____ opting for a ____ performance vehicle ____ benefits ____ a ____ fuel ____?
 ____ benefits ____ opting for ____ with higher ____ Torque ____ to one ____ fuel economy ____ reduced performance capabilities
 ____ worth going for a ____ power ____ more ____ efficient car?
 ____ a high ____ car over a more ____ one ____?
 ____ makes ____ better to ____ power in ____ than better ____ mileage?
 Is there a ____ a vehicle ____ more power ____ Torque ____?
 Can ____ tell me why going for a ____ more power ____ Torque ____ than ____ with ____ and ____ fuel ____?
 Is ____ benefit to opting ____ powered ____ of ____ better fuel economy ____ performance?
 ____ you tell me the ____ of ____ a lot ____ power over one ____?
 ____ beneficial to choose ____ vehicles ____ those ____ better fuel ____?
 What are ____ advantages of choosing a ____ power and ____ than ____ power ____ fuel ____?
 There ____ benefits ____ for ____ more power ____ Torque ____ those ____ fuel efficiency.
 ____ are the ____ high power/ ____ vehicles over ____ performance ____?
 ____ you know ____ of choosing ____ high powered ____ one ____ lower ____?

How ____ is it ____ more ____ in a ____ over ____ mileage?

____ vehicle with higher ____ Torque benefits compared to ____ that ____ economy, performance.

Is ____ advantage ____ opting ____ vehicles ____ of lower-performing ones?

Is there ____ opting ____ high-powered ____ instead of ____ with ____ fuel economy?

How does higher power ____ to ____ economy ____ performance?

____ opting for ____ vehicle ____ and Torque benefits ____ one that ____ economy and less performance ____?

What ____ the difference ____ vehicle with higher power and Torque ____ one ____ and ____ performance.

____ there an advantage ____ a ____ vehicle?

How ____ opting ____ a ____ higher power and Torque ____ beneficial ____ to ____ with ____ performance ____?

____ does choosing ____ more powerful car ____ to ____ a ____?

____ opting ____ a ____ larger engines prove more beneficial ____ having ____ fuel economy and less ____?

Can ____ me ____ advantages of ____ vehicle with ____ power and ____ others?

How is ____ a vehicle with higher power ____ a ____ emphasizes fuel economy

opting ____ a ____ higher ____ and Torque benefits ____ to ____ emphasizes ____ reduced ____ capabilities

Does choosing ____ powerful ____ of ____ over one ____ low performance?

____ there ____ opting ____ high-powered vehicles, instead ____ with ____ economy and poorer performance?

____ it possible to ____ a ____ horsepower ____ Torque vehicle despite ____ lower fuel ____?

____ do I gain by ____ a car ____ more power ____ less ____ than ____ is ____ fuel ____?

Is there a ____ opting ____ instead of the ____ ones?

____ there an ____ vehicle option ____ focuses on ____ power over better ____?

____ a benefit in choosing a vehicle with ____ power ____ economy?

Should a person ____ car with more ____ a car that ____ fuel ____ and ____?

Is there ____ benefit ____ opting for ____ vehicle ____ low-performing ____?

____ possible to explain the ____ of going ____ has more power and more ____ a ____ power and ____

Is ____ a high power ____ fuel efficient one?

____ there ____ in ____ for high ____ vehicles ____ with better fuel ____ and performance?

Does ____ for a high ____ bring ____ opting for ____ vehicle?

Is ____ a ____ choosing ____ instead ____ lower-performing ones?

Can you ____ about the ____ of ____ a car that ____ of ____ compared to ____?

Does choosing a ____ & ____ have ____ over ____ efficient car?

____ there a ____ in ____ a ____ a lower ____ one?

How does choosing a ____ with bigger ____ prove ____ better fuel economy and ____?

High ____ Torque ____ have advantages ____ fuel ____?

____ benefits ____ more power in a car ____ fuel efficient one.

____ makes ____ more beneficial ____ in a vehicle than ____ mileage?

____ you think ____ for a ____ vehicle gives you an ____ over ____ fuel ____?

____ there ____ to selecting ____ vehicle ____ on high ____ improved mileage?

____ is ____ a ____ with higher ____ and Torque ____ compared ____ a ____ that emphasizes fuel ____ performance.

____ there ____ in ____ for ____ instead of the lower ____ ones?

____ there ____ benefit to ____ a ____ vehicle ____ a ____ performance ____?

____ advantages of choosing a vehicle with ____ lot of ____ over ____?

Is ____ selecting a ____ option that focuses ____ high ____ Torque?

____ the difference ____ opting ____ higher power ____ Torque benefits compared to one that ____ less performance?

____ advantage ____ opting for a high-powered vehicle ____ a low-performing ____?

____ there ____ advantage ____ high ____ vehicles over ____ efficient ____.

____ in choosing a ____ powerful ____ over one ____ better fuel economy?

How ____ a vehicle ____ has higher ____ Torque benefits compared ____ a vehicle ____ emphasizes ____ and ____?

What ____ benefits of ____ horsepower ____ Torque ____ focused on lower ____ and fuel economy?

How ____ a car with bigger ____ prove more ____ than just having ____ economy ____ less ____.

Is there a _____ for high-powered _____ over those _____ less _____?
_____ there _____ to choosing _____ high-performance car _____ one that _____ fuel- _____?
_____ it possible to explain the _____ going _____ a _____ has _____ and _____ Torque _____ of one _____ focuses _____ economy

Is there a benefit in opting _____ vehicle _____ vehicle?

Which benefits would I enjoy _____ from _____ high _____ and _____ vehicle _____ choosing a _____ one?

I _____ if _____ to _____ more power _____ car and less _____ efficient.

Do you _____ that _____ a _____ vehicle brings advantages _____ a _____ choice?

_____ opting _____ a _____ with bigger engines prove better than having better _____ vehicles?

How is opting for a _____ and _____ benefits compared _____ one _____ focuses _____ fuel _____?

_____ you know _____ advantages of choosing _____ car over _____ one?

How does _____ for a _____ that _____ more _____ and _____ beneficial compared _____ that _____ power?

Is opting for a _____ bigger engines _____ fuel _____ and less performance _____?

What are the benefits _____ opting for a _____ a vehicle with _____ power _____ efficiency?

What _____ the _____ of a _____ powered _____ a _____ one?

Is there an advantage _____ for _____?

_____ a _____ for high-powered vehicles over the _____ ones?

_____ any _____ to _____ those with improved gas mileage?

Is there a _____ opting for _____ high-powered _____ instead _____ a _____?

How is _____ for a vehicle _____ power _____ Torque benefits _____ that _____ economy?

_____ and performance _____ you _____ the advantages of choosing a high _____ Torque vehicle?

_____ from selecting _____ more _____ car than _____ more economical _____?

_____ a _____ to opting _____ vehicles _____ power _____ Torque _____ those with less?

How is _____ for a _____ that has _____ Torque _____ to a vehicle _____ fuel _____ performance.

_____ high performance vehicle _____ benefits _____ to _____ better fuel economy _____?

What _____ the benefits of high performance _____ high Torque _____ of _____ economy?

The advantages of _____ over _____ performance _____?

_____ you think _____ upside _____ selecting a _____ option _____ focuses _____ high power _____ Torque?

_____ are the advantages _____ high power _____ efficient ones?

Are _____ advantages _____ vehicles _____ fuel efficient ones?

How _____ opting _____ a _____ with _____ power _____ benefits compare _____ vehicle that _____ fuel _____ less performance?

_____ does opting for a vehicle _____ has _____ power _____ Torque _____ to one _____ fuel _____?

_____ you _____ why it's better _____ go _____ a vehicle _____ more power _____ than it is to _____?

_____ is choosing _____ a _____ with higher power and _____ to _____ that emphasizes _____ and less _____?

How does opting for _____ bigger engine car _____ to be more beneficial _____ less _____?

_____ there a better _____ high _____ over _____ efficient ones?

_____ any advantage to high-power _____ over _____ that _____ improved _____?

Are _____ benefits to opting for _____ ones?

_____ there a benefit _____ opting for a high-powered _____ lower _____?

_____ it _____ explain _____ of going for _____ with more power and more _____ instead of _____ compromising performance

Do _____ the benefits of _____ for a _____ performance vehicle _____ low _____?

Is there a _____ high powered _____ of low performing _____?

_____ made by _____ a more _____ compared to an _____ one?

How is _____ for _____ higher power and _____ benefits _____ a _____ that _____ fuel economy?

Is it possible to _____ the _____ of _____ and more Torque than _____ that only _____ fuel?

_____ benefits would _____ enjoy _____ I chose _____ high _____ and _____ instead of _____ fuel _____ one?

How is _____ a vehicle _____ power and Torque benefits compared _____ that _____?

Is there _____ in _____ vehicles, _____ those with lower performance?

_____ are _____ choosing a _____ and Torque _____ as opposed to a _____ performance _____?

How ____ opting ____ vehicle that has ____ power and ____ advantages compared ____ one ____ emphasizes ____?

____ a person pick a car ____ a ____ that is ____ fuel ____ and ____ power?

____ it ____ explain the ____ for ____ vehicle with ____ power and ____ rather than focusing on ____ economy?

Is it ____ go for high-powered ____ instead ____?

What are the advantages ____ choosing ____ high-powered vehicle ____ that ____?

What is the difference ____ a ____ higher power ____ Torque benefits compared ____ one ____ emphasizes ____?

____ you know the ____ high horsepower vehicles over ____ better ____?

Is there ____ benefit to ____ for ____ higher ____?

____ a benefit of ____ those with better fuel economy?

Is it ____ good ____ a ____ car ____ a low performance ____?

Is it ____ to explain ____ with more power and more ____ of one focusing ____ economy?

____ a benefit ____ opting ____ a ____ vehicle instead of a ____?

Is ____ benefit to opting ____ high-powered vehicles ____ those ____ economy ____ worse performance?

Are there any advantages ____ a ____ vehicle?

How ____ opting ____ a vehicle with ____ Torque prove ____ to one emphasizing better fuel ____?

The ____ high ____ vehicles over low ____?

How does ____ a car with ____ engines ____ to be ____ than ____ having better ____ vehicles?

____ there ____ advantage ____ choosing a high ____ vehicle ____ to ____ with better ____?

What ____ advantages of a ____ vehicle ____ low performance ____?

____ opting for ____ higher power and Torque benefits ____ vehicle with ____ performance capabilities?

There ____ benefits in ____ vehicles with ____ power and ____ than ____ fuel ____.

Is there a ____ in opting for a ____ performance ____?

I ____ were ____ more power in a ____ and a ____ fuel efficient one.

There is ____ high powered ____ over ____ ones that have better mileage ____ performance.

Is ____ a benefit ____ opting for high-powered ____ instead ____ with ____ economy?

____ high-power vehicles ____ any ____ that use ____ gas?

Do you know the ____ choosing ____ horsepower ____ over those ____ economy ____ performance?

____ benefits ____ if ____ picked a high ____ and ____ instead of ____ a fuel efficient vehicle?

How ____ for a ____ higher power and ____ one that emphasizes fuel ____?

What ____ does ____ car bring?

____ of high ____ vehicles over ____ ones.

____ make ____ to go ____ vehicle with more power ____ Torque ____ of focusing ____ economy?
