

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Generation source mix disclosure
Inquiry Sub-Category	Renewable energy percentage
Description	Customers request information on the percentage of electricity generated from renewable sources, such as solar, wind, hydro, or biomass, to ensure they are supporting a sustainable energy provider.
Data Size	5,037 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ each type (solar/wind/hydro/biomass) within _____ overall electric _____ portfolio?
 _____ percentage _____ generated _____ wind, _____ and biomass sources in _____ grid _____?
 _____ would like _____ know _____ individual percentage for _____ hydro _____ in _____ generation _____.
 _____ know _____ of each type contributing to _____ production?
 Do _____ much _____ your grid _____ solar, wind, hydro, and biomass?
 How much _____ production is _____ up _____ wind, hydro, and _____?
 _____ you _____ to _____ percentages for _____ hydro, _____ biomass in your electricity _____?
 Do _____ how much _____ production _____ is about solar, _____ and biomass?
 What _____ of _____ total _____ production _____ to solar, _____ and biomass?
 How _____ electric production involves wind, _____?
 _____ you _____ the _____ of _____ in my _____ production portfolio?
 Can _____ give us _____ percentages _____ type _____ your _____ mix?
 What percentage _____ your entire electric _____ consists _____ hydro, _____ generation?
 _____ of the _____ portfolio's _____ hydro, and _____ generation?
 _____ I get an _____ distribution ratios _____ wind, hydro, and biomass sources _____ generation _____?
 Can _____ me _____ individual percentages for solar, wind, _____ electricity _____ mix?
 You _____ solar, wind, _____ Biomass in your electricity production _____.
 _____ give me _____ the percentage of _____ in your _____ portfolio?
 _____ is _____ of solar, _____ hydro, and biomass _____ production mix?
 _____ there _____ percentage of _____ electric production portfolio?
 _____ know the _____ from solar, wind, _____ biomass to _____ production?
 _____ you _____ me the percentage breakdown _____ wind and _____ power?
 What _____ is included in your _____ electric _____ solar, _____ generation?
 Can _____ me _____ your grid mix is generated through _____?
 _____ you give the _____ of solar, wind, hydro, _____?
 What _____ the percentage _____ your _____ renewable _____ sources?
 Can you tell me _____ electricity _____ comes from each _____ in _____?
 _____ percentage _____ your _____ solar, _____ hydro, and biomass _____.

_____ comprise _____ portfolio's solar, _____ hydro, and _____ generation?

Do you _____ any _____ for _____ and _____ your electric _____ portfolio?

_____ you _____ a percentage _____ within your electricity _____ solar power, wind _____ biomass?

Can _____ tell me _____ much of _____ is made _____ each _____?

Do you know _____ ratio of solar, wind, _____ and _____?

Please _____ us _____ percentage allocated to _____ type _____ your _____.

_____ tell me the percentage breakdown _____ wind, _____ biomass _____ your electricity _____?

How _____ down _____ percentages for _____ in your _____?

Can I find _____ much electricity _____ derived from _____ your _____?

Can you _____ relative _____ for each _____ electrical _____ profile?

Are _____ show how _____ of _____ electrical production _____ up of _____ type?

_____ give me the breakdown of the _____ solar/wind/Hydro/biomass _____ portfolio?

Can you share _____ for _____ and biomass in _____?

Do _____ percentages _____ each _____ your _____ production portfolio?

Could _____ tell _____ the percentage of each _____ electricity?

What percentages _____ attributed to _____ Biomass in _____ your _____ electric production _____?

_____ are _____ solar, _____ and biomass in your electric production?

How _____ you split _____ solar, wind, _____ and biomass _____ electricity _____?

_____ you _____ the _____ breakdown _____ solar, wind, hydro and _____ electricity production?

Can you provide the _____ of _____ and _____ in _____?

Can you tell me the percentage _____ renewables _____?

_____ percentages _____ to each type within your _____ mix.

_____ know what _____ of _____ type contributes to _____ electric production?

_____ percentage of your _____ portfolio _____ comprised of wind, _____?

_____ you _____ the _____ percentages for solar, _____ in your electric production?

_____ much of _____ mix is _____ wind, hydro and _____ sources?

_____ I know _____ percentage _____ electricity produced _____ type _____ portfolio?

_____ to know the individual percentages for _____ my electricity generation _____.

What percentage of _____ portfolio is _____ of solar, _____ generation?

Should _____ the breakdown of _____ for _____ biomass in your electricity _____?

Can _____ describe _____ percentages _____ type in _____ power _____?

_____ data _____ the percent generated _____ hydro, and _____ your grid mix?

_____ percentages for _____ your electric generation mix

_____ you _____ me _____ of _____ for _____ and biomass in _____ electricity portfolio?

_____ for _____ hydro, and _____ should be specified in your _____.

_____ you know _____ each _____ contributes _____ total electric production?

How _____ of your production _____ dedicated _____ solar, _____?

Can you _____ percentage of _____ solar, _____ hydro in _____?

_____ know _____ breakdown _____ wind, _____ and biomass in your electricity _____?

How _____ of _____ consists _____ wind, Hydro, and/or biomass?

What _____ associated with _____ wind, hydro, and _____ your _____ production portfolio?

Do you _____ the _____ solar, wind, _____ your electric production?

Do you have _____ type in _____ production _____?

_____ of _____ portfolio includes wind, hydro _____ solar?

Can _____ the percentages for each form _____ the electrical _____?

_____ you have a breakdown of the _____ for _____ hydro, _____ in _____ production _____?

You _____ percentage for solar, _____ hydro, _____ Biomass _____ electricity _____ portfolio.

_____ you _____ the percentage _____ solar, and biomass?

Can _____ give me _____ for solar, wind, hydro _____ biomass _____ electricity _____?

_____ about the _____ of _____ solar, wind, _____ biomass in _____ production?

_____ of _____ generation profile can _____ relative percentages _____ each form?

What percentage is _____ among _____ biomass?

What percentages make _____ your electric _____ hydro _____ biomass _____?

_____ the breakdown of _____ for solar, _____ hydro, _____ biomass in _____ production?

I _____ to _____ the _____ for solar, wind, _____ biomass _____ electricity generation _____.

_____ me the _____ allocated _____ each type within _____ electric _____.

_____ have _____ for _____ hydro, and _____ in your electric production _____?

Do _____ the _____ for solar, _____ hydro and biomass _____ your production?

_____ of _____ portfolio's solar, wind, hydro, and Biomass _____?

Do _____ any _____ contribution _____ renewable _____ to your electric production?

What are the percentages _____ to _____ and _____ in the _____ portfolio?

Is _____ of solar, wind, _____ and _____ in _____ electric production portfolio?

_____ you _____ percentage _____ solar, _____ hydro _____ your electric production portfolio?

Should you specify _____ wind, hydro, and _____ your electricity _____?

_____ a percentage _____ solar, wind, hydro _____ within _____ power?

_____ generation comes from solar, _____ hydro and _____?

Do _____ the percentage of _____ electric portfolio?

Can you _____ breakdown _____ by type in _____ generating _____?

What _____ the percentages of _____ and solar _____ mix?

Please specify _____ percentages allocated _____ each type _____ electric _____

_____ it _____ show _____ percentage breakdown of _____ wind, hydro _____ electricity production?

_____ it possible to give a percentage _____ for solar power, _____ and biomass _____?

Do _____ want _____ solar, _____ hydro, and Biomass _____ your _____ production _____?

_____ percentage _____ wind, hydro, and _____ in _____ complete electric _____ portfolio?

Roughly _____ much _____ your electric _____ portfolio _____ comprised _____ renewable _____?

Do _____ a percentage for solar, _____ biomass _____ production portfolio?

Can you tell _____ of _____ energy _____ used _____ electricity?

_____ you tell me the _____ the percentages _____ solar, wind, _____ and _____ as _____ your _____?

_____ it possible _____ give _____ breakdown of _____ wind, _____ biomass in your _____ production?

Can _____ tell me _____ percentage _____ of solar/wind/hydro/biomass _____?

_____ there _____ breakdown _____ solar, wind, hydro, and the _____ electricity production _____?

How _____ percentages for _____ wind, _____ and _____?

_____ percentage of _____ electric _____ about _____ wind, or hydro?

What percentage _____ your _____ production portfolio is used _____ solar, _____?

_____ percentages make _____ portfolio's _____ wind, and hydro _____?

_____ you give the _____ for solar _____ wind energy, _____?

_____ there individual _____ for _____ wind, hydro and biomass _____ electricity _____?

What _____ wind, hydro, and biomass _____ your _____ production?

I would _____ to _____ the breakdown _____ solar, _____ hydro, _____ Biomass in _____ electricity _____ portfolio.

I _____ like _____ know _____ for _____ hydro and _____ in _____ generation mix.

_____ know _____ percentage contributions _____ wind and biomass to _____?

Is there _____ individual _____ wind, hydro _____ biomass in your _____?

_____ part _____ your electrical _____ you _____ relative percentages for _____ form?

_____ you know the _____ from wind, _____ biomass _____ production?

How _____ of your _____ is _____ of solar, _____ hydro, and _____?

_____ there _____ overview of the distribution ratios _____ solar, _____ your _____ electric generation profile?

Can _____ tell _____ the _____ solar, wind, _____ and _____ in _____ portfolio?

_____ you _____ the percentage _____ the _____ and biomass?

What are the _____ solar, wind, _____ biomass in _____ production _____?

Can you _____ us the percentage _____ the _____ portfolio?

_____ electric production portfolio, _____ are attributed _____ wind, hydro and _____?
 For your electric _____ there _____ for _____ hydro, and _____ like?
 What's the percentage _____ your _____ portfolio's _____ wind, _____ and _____?
 What _____ electric portfolio _____ comprised _____ solar, _____ and hydro?
 _____ you _____ me the _____ of _____ hydro within my _____?
 _____ share relative _____ each form _____ part of your electrical _____?
 _____ to give me individual _____ wind, _____ biomass in your electricity _____ mix?
 As _____ portfolio, can you _____ me the breakdown of _____ for _____ and _____?
 _____ you give _____ breakdown of _____ percentages for both wind _____ solar _____?
 Are _____ able _____ tell _____ how _____ our electrical _____ is _____ each type?
 What percentage _____ into _____ solar, wind, _____ biomass generation?
 How are _____ percentages _____ hydro, and _____ in your _____?
 Which _____ up _____ portfolio's solar, _____ hydro, and biomass _____?
 Do _____ the _____ of percentages _____ solar, wind, _____ biomass _____ your electric _____?
 How _____ your energy generation _____ solar, _____ hydro _____ other _____?
 Do you know _____ of _____ your _____ production portfolio?
 _____ know _____ individual percentages for solar, wind, _____ biomass in the _____.
 What _____ electric _____ is _____ wind or solar?
 How much _____ your _____ consists of _____ wind, _____?
 Will _____ for solar, _____ and biomass in _____ electricity _____ portfolio?
 Do you know _____ much _____ wind, _____ in your _____ mix?
 What percentages _____ to renewables in your _____?
 What _____ the percentages _____ wind, _____ biomass _____ complete production portfolio?
 Do you _____ the breakdown of percentages _____ wind, hydro, _____ Biomass _____?
 _____ include the _____ to each type within _____ mix.
 What percentages comprise _____ solar, _____ hydro, _____ biomass generation?
 _____ the _____ to _____ wind, hydro _____ biomass _____ your complete electric _____ portfolio?
 _____ able _____ provide the _____ and hydro within your portfolio?
 _____ you _____ me _____ percentage breakdown of solar, _____ within _____ generated _____?
 _____ there a _____ for renewable _____ in your _____ generation _____?
 _____ percentages are _____ renewable energy in _____ electric _____?
 Is there _____ on what percent _____ generated _____ your _____?
 Is it possible to _____ the percentage breakdown of _____ your _____?
 Do you _____ for _____ in _____ electric production mix?
 I _____ like _____ ratio _____ allotted to each type such as _____ the _____ electricity _____
 Do you know _____ type _____ to your total electric _____?
 Do you _____ the percentage of _____ type _____ total _____?
 How _____ percentages split _____ and solar in _____ production?
 What are the _____ hydro, and biomass in _____?
 _____ it possible to give _____ percentages _____ solar, wind, _____ my electricity _____?
 _____ percent of _____ is _____ wind, hydro, and biomass sources?
 _____ want _____ know the _____ solar, _____ hydro and _____ in my _____ mix.
 What are _____ percentages associated with _____ your complete electric production _____?
 Is _____ percentage _____ within the electricity generation _____ wind _____ and hydroelectricity?
 How _____ the percentages split _____ wind, hydro _____ electricity production?
 _____ split _____ solar, _____ biomass in your electricity production?
 What _____ are included _____ your _____ wind, and _____?
 Can _____ tell _____ percentages of _____ wind, _____ in my electric production _____?
 Did you know _____ breakdown _____ renewable _____ in your _____?
 Could _____ get _____ of _____ distribution _____ solar, wind, hydro _____ sources _____ electric generation profile?

Can you ____ me ____ percentages of ____ and solar ____ portfolio?

____ you ____ percentage each type contributes ____ total electric ____?

____ are ____ between ____ wind and ____ in your electricity ____?

____ possible to specify ____ solar, ____ and biomass in your ____ production portfolio?

____ would like to know the ____ percentages ____ wind, hydro ____ in ____ generation ____.

____ you give ____ percentages ____ wind, ____ and biomass in your ____?

Can you tell ____ hydro, ____ solar ____ my electric production ____?

____ you ____ to give ____ percentages ____ wind, hydro, ____ your overall portfolio?

Is it possible ____ provide the ____ allocation within your electricity ____ for ____ and ____?

____ it possible ____ for solar, wind, hydro and ____ electricity ____ mix?

What percentages ____ solar, ____ hydro ____ in ____ electricity production?

Should your ____ production ____ include percentages for ____ wind, ____?

____ are ____ electric ____ portfolio percentages ____ renewable energy?

____ you ____ the ____ solar, wind and ____ your electric production?

____ do you ____ electric production ____ wind, hydro ____ biomass types?

I ____ breakdown ____ solar/wind/hydro/biomass as part of ____ portfolio.

____ solar, wind, hydro, and ____ in your ____ production portfolio.

____ know how your ____ portfolio is divided between ____ wind, ____ types?

____ percentage allocation within the ____ generation ____ power, ____ energy, hydroelectricity, and ____?

Is it possible to ____ me ____ and biomass ____ power generation mix?

Do you ____ the exact ____ of ____ within ____?

____ are the ____ of ____ wind, ____ biomass in ____ electricity ____ mix?

Can you give ____ of solar, ____ your portfolio?

Can you ____ me the percentage ____ hydro, ____ solar ____ portfolio?

How ____ your total ____ production ____ solar, wind, hydro ____?

____ much of your electric ____ portfolio ____ solar, ____?

Do you ____ the ____ contributions from ____ your ____ production?

Do ____ know ____ of ____ mix is ____ through ____ hydro, and biomass ____?

____ you ____ how ____ of your electric ____ wind or hydro?

Can you ____ a percentage ____ power, wind energy, ____ generation portfolio?

I would ____ to know the ____ percentages ____ solar, ____ and ____ in ____ mix.

____ you know ____ much ____ overall grid ____ generated ____ solar, wind, ____ and biomass ____?

Were you ____ to share ____ percentage ____ solar, ____ and biomass in ____?

You ____ percentages for solar, ____ biomass in ____ electricity ____ portfolio.

____ aware ____ the percentage ____ contributions from solar, wind, and ____ your ____?

I would ____ to ____ each renewable energy ____ percentage-wise

Do ____ know the ____ of ____ type ____ your ____ portfolio?

Can you ____ of solar, ____ hydro ____ in ____ electric production ____?

How much of ____ electric ____ is devoted to ____?

____ the ____ breakdown of solar, wind, hydro ____ in ____ production?

Do ____ know ____ much ____ production ____ is spent ____ renewable sources?

____ would like ____ percentage ____ solar, ____ hydro and ____ in the ____ generation ____.

Will ____ let ____ how much of ____ production is made ____ type?

Do ____ know ____ much ____ your electric ____ is ____ renewable ____?

____ for solar, wind, hydro ____ the ____ in your ____ production portfolio?

Is ____ give a percentage allocation for ____ power, ____ and hydroelectricity ____ portfolio?

Do ____ know the ____ breakdown ____ solar, ____ and ____?

Do ____ how much ____ portfolio goes to renewable ____?

____ percentages ____ for ____ hydro, and biomass?

____ of ____ electric production ____ for solar, ____ hydro/biomass?

Can _____ individual percentages _____ solar, _____ and biomass in your _____ generation _____?

Is there _____ on _____ percentage contributions from _____ production?

_____ you _____ a percentage allocation _____ energy in your _____?

_____ of the percentage _____ from solar, _____ hydro, _____ electric production?

_____ me _____ of the percentages for renewable _____ as _____ the electricity _____?

_____ you give _____ the _____ sources within _____ portfolio?

_____ you _____ me _____ breakdown _____ the percentages _____ solar, and _____ as part _____ the _____ portfolio?

_____ your _____ any percentages for _____ wind, hydro, and the _____?

How much of your _____ grid mix is _____ solar, _____?

I _____ to know the _____ of _____ as _____ of _____ overall electricity _____.

_____ percentages _____ to solar, wind, _____ and _____ in _____ of _____ electric production _____?

Do you have a _____ solar, _____ hydro, _____ generated in your _____ mix?

_____ have _____ breakdown _____ the _____ for _____ wind, _____ and biomass in _____ production?

_____ percentage is _____ solar, _____ hydro and _____?

_____ you _____ your electric _____ portfolio _____ divided between _____ wind, _____ biomass types?

What percentage is _____ renewable _____ in your complete _____ portfolio?

_____ your _____ portfolio _____ of _____ wind, hydro, _____ biomass?

What _____ are assigned to _____ and _____?

Please _____ percentage allocated to _____ type within _____ mix.

Do you have _____ for _____ wind, hydro _____ for _____ electric _____ portfolio?

_____ wind, _____ and solar should _____ specified in _____ electricity production _____.

_____ to _____ an overview _____ among solar, wind, hydro & biomass _____ in your electric _____?

Is _____ to give me _____ for solar, _____ hydro, _____ biomass _____ your electricity _____?

Do you know _____ your electric _____ portfolio _____ renewable _____ sources?

What percentage _____ portfolio is comprised _____ vs wind, _____ biomass _____?

What are _____ percentages _____ to _____ and _____ in your entire electric _____?

Can _____ tell me _____ of each energy _____ used _____?

How about _____ of percentages _____ hydro, _____ Biomass _____ your _____ production?

_____ would like to _____ individual _____ for _____ wind, _____ and biomass in _____ generation _____.

Do you _____ the _____ percentage _____ wind, _____ and biomass _____ your electric _____?

_____ looking for _____ of percentages for _____ hydro _____ biomass _____ electricity portfolio.

_____ breakdown _____ percentages _____ solar, _____ hydro, and _____ in your electricity _____ possible?

_____ your _____ contain percentages _____ solar, _____ hydro, _____ biomass?

Is _____ to specify _____ breakdown _____ within the _____ power?

_____ you know _____ your electrical _____ is made up _____ each _____?

Is _____ percentage _____ of solar/wind/ hydro/biomass within _____?

_____ information _____ the percentage _____ from solar/wind to _____ electric _____?

How are your _____ and biomass?

_____ you know the _____ solar/wind to _____ production?

What percentage for _____ is _____ electric production _____?

Is it possible to _____ individual _____ solar, wind, _____ and biomass _____ mix?

_____ percentage _____ your energy _____ comes _____ wind, hydro, and _____?

_____ breakdown of _____ solar, _____ hydro, _____ biomass in your electricity _____ portfolio _____.

Which _____ are attributed _____ hydro and _____ your electric _____ portfolio?

_____ percentage of the _____ portfolio's solar, wind, _____ and _____?

Are _____ to specify percentages for _____ wind, _____ in _____ electricity _____ portfolio?

Is _____ possible to _____ an overview _____ the distribution _____ of solar, _____ hydro, _____ in your _____?

I want to _____ breakdown _____ for solar, _____ and _____ as part _____ my _____ portfolio.

Do _____ have _____ of solar, _____ hydro and _____ your _____ portfolio?

In your electricity _____ mix, could _____ individual percentages for _____ and _____?

Can _____ me the percentage _____ solar/wind/biomass within _____ power?
 _____ know _____ of _____ generated _____ each type _____ your portfolio?

What are the percentage allocations _____ the _____ production _____?

Did _____ breakdown of solar, wind, hydro, _____ in electricity _____?

_____ you _____ a _____ percentages for _____ energy in _____ production?
 _____ there a percentage _____ of wind, _____ and _____ power?
 _____ percentage breaks _____ wind, hydro, _____ biomass in _____ production?

Can _____ tell _____ proportion of _____ each type in _____ portfolio.

How _____ the percentage of solar, _____ hydro, _____ your _____ portfolio?

Can _____ tell _____ electricity produced _____ type in your portfolio?

What percentages go _____ your _____ wind, _____ and _____ generation?

What is _____ your _____ portfolio's _____ vs wind _____ hydro _____ biomass _____?

I would _____ know the percentage of electricity _____ type _____.

_____ you know the ratios _____ renewable _____ your _____ production _____?

Can you _____ me _____ of _____ percentages _____ of your electricity portfolio?
 _____ percentages make _____ your _____ portfolio's _____ wind, hydro, _____ generation?
 _____ of your _____ production portfolio is _____ solar, wind, _____?

Are the percentages _____ solar, _____ hydro, _____ biomass _____ portfolio?
 _____ much _____ and _____ do _____ use in your electricity _____ mix?
 _____ you _____ a _____ wind, _____ biomass in your production portfolio?
 _____ it possible to _____ a percentage allocation _____ solar _____ wind _____ your _____ generation portfolio?

In your _____ portfolio, _____ percentages are attributed _____ hydro, _____ biomass?
 _____ you know _____ proportion _____ makes to _____ production?

Is there a percentage allocation _____ power, wind energy, _____ in _____?

How _____ your electric production portfolio _____ wind, and biomass?

What _____ the _____ of _____ your electricity _____ mix?
 _____ percentage _____ is attributed to _____ hydro, and _____?

What percentage _____ solar, wind and hydro?

How _____ sharing the relative percentages _____ as part of _____?

How _____ your electricity _____ wind or hydro?

Can you tell _____ and hydro in _____ production portfolio?
 _____ give _____ percentage allocation within _____ electricity _____ for _____ energy?

Do you have _____ for _____ wind, _____ and _____ in your _____?

What percentages are _____ solar, wind, _____ biomass _____ electric _____ portfolio?
 _____ it possible _____ specify _____ of _____ wind _____ solar _____ your electric production _____?
 _____ you know the _____ each type _____ the _____?
 _____ you _____ how _____ of your _____ generated through _____ hydro, and biomass?

How _____ the electric _____ includes solar, _____ hydro/biomass?

Is _____ to _____ me _____ percentage breakdown _____ energy within _____ power?
 _____ is _____ to _____ hydro, _____ biomass in your total _____ portfolio?
 _____ know the individual percentages for _____ hydro _____ biomass _____ your _____ mix.

Can _____ the relative _____ as _____ of your electrical generation profile?
 _____ you _____ much _____ type contributes to your total _____?
 _____ there _____ breakdown of _____ for _____ biomass in your portfolio?

How _____ of _____ includes any of _____ following types?

Do _____ the breakdown _____ solar, _____ hydro and _____ in _____ mix?
 _____ you have a _____ of renewable _____ your _____ portfolio?

Can _____ me a breakdown _____ solar/wind/hydro/biomass _____ part of your _____ portfolio?
 _____ are _____ wind, _____ and biomass _____ your complete electric _____ portfolio?
 _____ you _____ me the _____ wind, solar, and hydro _____?

Do you ____ how ____ of your ____ up by each ____?
 ____ you ____ the ____ solar, ____ hydro, and biomass within your ____ portfolio?
 ____ are the ____ between solar, ____ hydro and ____ your electricity ____?
 Did you ____ the ____ solar, ____ hydro, ____ your electric production?
 ____ the percentage of ____ wind, hydro, ____ biomass within ____?
 ____ you ____ of the percentages for solar, wind, hydro, ____ electricity production ____?
 ____ you ____ percentage ____ of your ____ wind, hydro and ____ production?
 Please ____ the percentages ____ type within the ____ generation ____.
 Can ____ tell me the percentages ____ electric portfolio?
 ____ the proportions of ____ your electrical ____?
 ____ you tell me what ____ through solar, ____ hydro, and ____?
 ____ possible ____ specify ____ of ____ wind, hydro and biomass in ____ production ____?
 ____ am ____ of percentages ____ solar/wind/hydro/biomass as ____ my electricity portfolio.
 Are you able ____ show how ____ of ____ is made up ____?
 ____ you tell ____ percentages ____ solar, wind, hydro, ____ biomass ____ your ____?
 ____ you ____ any information ____ the ____ from renewable resources ____ electric ____?
 What ____ to solar, ____ and ____ in your ____ electric production ____.
 I was ____ if ____ could ____ me the individual ____ wind, ____ and Biomass ____ your ____ mix.
 How much ____ generation is ____ wind, ____ hydro?
 ____ you provide the percentage ____ solar, wind, ____ your ____?
 Can ____ give me the breakdown ____ for ____ hydro and biomass ____ your ____?
 ____ you ____ how much solar, wind, ____ biomass ____ generated ____ grid mix?
 ____ would ____ to ____ the ____ production ____ is divided between solar, wind, ____ biomass ____.
 What ____ in your electric portfolio's solar, wind, ____?
 ____ are the ____ of ____ hydro, ____ biomass in ____ production?
 ____ you know the percentage ____ from ____ sources ____ your ____?
 ____ you ____ me the ____ solar, wind, ____ biomass in my ____?
 How ____ your ____ percentages ____ solar, ____ hydro, ____ Biomass?
 ____ there ____ breakdown of percentage ____ solar, ____ hydro, ____ biomass ____ portfolio?
 ____ are the ____ of ____ renewable energy sources in ____?
 Are there percentages ____ wind, ____ and Biomass in ____?
 Is there an overview of the ____ solar, ____ sources ____ your electric ____ profile?
 ____ you want to specify the percentages ____ hydro, ____ your ____ production ____?
 Is ____ possible ____ me ____ solar, ____ hydro and biomass ____ electricity generation mix?
 ____ you tell us the percentages of solar, wind, ____ electric ____?
 ____ us the percentage allocated ____ your electric ____ mix.
 ____ of ____ electric ____ is for wind and ____?
 ____ to ____ the breakdown of percentages for ____ wind, hydro, ____ biomass ____ of ____ electricity ____.
 ____ to your complete electric production ____ what ____ are attributed ____ hydro ____?
 ____ specify the ____ allocated ____ within your ____ mix
 Are ____ able to ____ percentages of solar, ____ hydro ____ electric production ____?
 How ____ of ____ wind, hydro, ____ biomass in ____ production?
 ____ tell ____ the percentage breakdown ____ solar/wind/ ____?
 ____ of the ____ portfolio ____ made up ____ solar, ____ and ____ generation?
 ____ you ____ the ____ of ____ biomass in your electric production portfolio?
 ____ you ____ percentage contributions ____ from solar, wind, and biomass?
 Do you ____ much ____ electric production is comprised ____?
 Can you ____ percentage ____ of ____ within your power?
 ____ you give ____ for solar, wind, ____ in your electricity portfolio?
 ____ you ____ the percentage of solar, wind, hydro, ____ in ____?

Are _____ the _____ from solar, wind, _____ biomass to _____ production?

Do _____ know the _____ type contributing to _____ production?

Can you _____ the _____ hydro and _____ within your _____?

_____ you _____ how _____ is generated _____ solar, _____ sources in your grid _____?

_____ know what _____ of your _____ mix is generated _____ solar, _____ hydro, _____?

_____ you give the percentages of wind, _____ portfolio?

I _____ know the _____ or _____ allotted _____ each _____ such _____ solar/wind/Hydro/biomass within overall _____.

_____ you have _____ of percentages _____ hydro, and _____ in your _____ production?

_____ how much solar, wind, _____ biomass contributes _____ your _____?

_____ the _____ for _____ wind, hydro, and biomass _____ my electricity _____ portfolio.

What _____ the proportions of _____ solar in your _____?

Do you _____ for solar, wind, _____ like in _____ portfolio?

In your electricity _____ you _____ me _____ percentages _____ hydro and biomass?

How _____ production is made _____ of _____ wind, hydro and _____?

_____ the percentages of _____ and _____ electric production portfolio?

_____ tell _____ the _____ of _____ in your electric production _____.

_____ want _____ know the breakdown of percentage _____ biomass _____ electricity production portfolio.

What percentage of _____ solar, wind, _____ and _____?

Can you _____ me the percentage _____ solar, _____ hydro _____ biomass _____?

Do you have any percentage for _____ like _____ your _____ production _____?

Do you know _____ production _____ between solar, _____ hydro _____ biomass types?

_____ you give _____ the percentages _____ wind, solar, _____ biomass _____ electricity portfolio?

Are you able _____ share _____ solar, wind, _____ and _____ your _____ production?

_____ tell _____ percentage breakdown of solar, wind, hydro, _____ my _____?

Can _____ know _____ percentage _____ electricity produced _____ each type _____?

_____ much of your _____ production _____ solar, _____ and biomass?

_____ percentage _____ your electric production portfolio is devoted _____?

_____ percentages are _____ hydro and biomass in _____ production?

_____ you tell me the _____ energy _____ electric production?

What percentages _____ to _____ hydro _____ Biomass in your complete _____.

Do _____ how _____ production _____ divided between solar, wind, _____ and _____ types?

_____ I find _____ the _____ of electricity derived _____ type _____ your _____?

_____ you _____ percentage for solar, wind, hydro, and biomass _____?

_____ like _____ know the _____ for solar, _____ and _____ in _____ generation mix.

_____ want to _____ individual percentages _____ wind, hydro and biomass _____ your _____ mix.

_____ allocation could you give _____ energy, hydroelectricity and _____?

_____ to _____ distribution _____ among _____ and biomass sources _____ my electric generation profile.

Will you be _____ percentages _____ in your _____ production portfolio?

_____ percentage _____ solar, _____ hydro and _____ in _____ total electric _____ portfolio?

What percentages are attributed _____ solar, wind, hydro _____ sources in _____?

I would like _____ know _____ hydro and _____ in your _____ mix.

_____ give me a _____ of the _____ for _____ hydro _____ part _____ your overall _____ portfolio?

How _____ comes _____ hydro, and _____?

_____ you _____ percentage contribution _____ wind, _____ and biomass to _____ electric _____?

_____ me how much of your _____ production _____ comprised of renewable _____?

_____ of _____ production _____ solar, wind, hydro/biomass?

Is there a _____ wind, _____ and biomass in _____?

Is _____ give me _____ percentages _____ solar, wind, _____ and _____ in your _____ generation _____?

How _____ percentages split _____ solar, _____ hydro and _____ in your _____?

Share the percentage breakdown _____ solar, _____ Biomass in _____

What are the percentage _____ in your _____?

_____ specify the percentage _____ of solar, wind, _____ and _____ power?

_____ it possible _____ specify the _____ solar/wind/ _____ your generated power?

_____ the _____ of your total electric _____ wind, hydro, _____ generation?

_____ you _____ a _____ for solar power, _____ and biomass?

Can _____ the breakdown _____ percentages for _____ in _____ portfolio?

_____ possible to _____ the _____ solar, _____ hydro _____ biomass in _____ production portfolio?

How _____ percentages _____ for renewable _____ your electricity _____?

What percentages _____ hydro, _____ solar _____ your production?

Can _____ me _____ for _____ hydro, and biomass in my electric _____?

_____ me the _____ of percentages _____ wind, _____ and biomass as part of your _____?

_____ you tell me the percentages of _____ within _____ portfolio?

_____ of _____ percentages _____ solar, _____ and hydro/biomass in your electricity portfolio?

_____ you provide the percentages of _____ your _____?

_____ percentages divided among solar, _____ hydro and _____?

_____ your energy generation comes _____ wind, hydro and _____?

_____ the percentages of _____ hydro, _____ in your portfolio?

I _____ like to know the _____ and biomass sources _____ electric generation profile.

What _____ are _____ portfolio's solar, _____ and hydro generation?

How _____ percentage breakdown of _____ hydro and biomass in _____?

_____ much of your production is _____ solar, _____?

Can I determine the percentage _____ from _____ your _____?

_____ me the _____ each _____ within your _____ production portfolio?

How are _____ split between _____ wind, _____ Biomass in _____?

_____ in your electric _____ solar, wind, _____ hydro generation?

Is it possible _____ percentage _____ within _____ portfolio for solar power, wind _____ and _____?

_____ the percentages of solar, _____ biomass?

What percentage of _____ comprised of _____ wind, _____ and _____ generation?

Could _____ the _____ breakdown of _____ energy sources?

Will _____ specify the percentages _____ hydro, and _____ in your _____?

As part of your _____ generation _____ relative _____ for _____ form?

_____ for solar, wind, _____ biomass in _____ portfolio?

How do _____ divide _____ production _____ percentages _____ wind, hydro, and _____?

How do _____ percentages _____ for _____ wind, _____ biomass _____ production?

_____ of _____ total grid _____ generated through _____ wind, _____ and biomass?

_____ the percentage of electricity _____ each _____ in _____ portfolio?

_____ for _____ wind, hydro, and biomass _____ in your electricity _____.

Can _____ provide _____ percentages _____ in your _____ generation mix?

What _____ ratios of the _____ renewable energy _____ in _____ production _____?

I _____ looking _____ percentages for solar, _____ hydro, and _____ in my _____ production _____.

_____ it _____ to _____ percentage breakdown _____ solar, _____ within your power?

_____ to show _____ the individual percentages for _____ hydro and Biomass in _____ generation _____?

_____ solar, wind, hydro _____ bio-mass _____ electric production portfolio?

Can you _____ us _____ percentage of _____ production portfolio?

_____ for solar, _____ and _____ relate to your electric production?

Can you _____ the percentage of _____ hydro _____ Biomass _____ my _____?

Do you _____ the percentages _____ solar, _____ Biomass in _____ portfolio?

Is it _____ to give a _____ for _____ wind energy and _____ electricity _____ portfolio?

_____ are _____ percentages _____ wind, hydro _____ Biomass?

_____ me the percentage _____ of _____ sources of electricity _____?

Do you ____ the ____ from renewable ____ for ____ production?
 ____ percentage of wind, ____ and hydro ____ my production portfolio?
 ____ you ____ percentage contribution ____ renewable ____ your electric production?
 Do you know ____ for your electric ____?
 ____ possible ____ specify the ____ renewable resources ____ electric production portfolio?
 Is ____ percentage breakdown ____ solar/wind/Hydro within your generated ____?
 ____ percentage ____ to wind ____ solar ____ electric output?
 Can ____ me ____ of percentages ____ part of your overall ____ portfolio?
 ____ of your ____ is about ____ or hydro?
 What ____ of ____ electric production portfolio ____ attributed ____ solar, ____ hydro ____?
 Is ____ overview of the distribution ____ among ____ and biomass sources in ____ generation ____?
 What ____ the ____ wind, hydro, and biomass generation?
 ____ breakdown of ____ wind, ____ and biomass in your electric production?
 ____ percentage is split between ____ and biomass ____ total ____?
 ____ the percentage ____ wind, and hydro within my generated ____?
 ____ are the ____ of solar, ____ and biomass ____?
 ____ me the percentages for ____ and biomass in ____ production ____.
 Is there ____ of percentages for solar, ____ in ____ portfolio?
 ____ part of ____ generation profile, can ____ tell ____ the ____ percentages for ____?
 ____ obtain ____ of the ____ ratios among ____ hydro and ____ sources in your ____ generation profile?
 ____ would like ____ percentages ____ hydro, and biomass ____ electricity generation mix.
 ____ you know the ____ wind, ____ and biomass in ____ electricity ____?
 ____ are the percentages ____ hydro, ____ solar ____ electricity mix?
 What ____ of the ____ is ____ of ____ wind, ____ and ____ generation?
 ____ are the ____ for solar, wind, hydro, and biomass ____?
 Do you ____ each type ____ your electric ____?
 What percentage ____ for each type ____ in your ____?
 ____ electricity ____ from solar, wind, hydro and ____?
 Is ____ possible ____ specify the percentage ____ of solar/wind/hydro/biomass ____?
 What ____ is ____ to solar, wind, hydro and ____?
 Are you able to ____ much ____ your ____ electrical ____ made up ____?
 ____ the percentage ____ wind, hydro, and ____ within your ____?
 How ____ solar, wind, ____ and ____ up ____ electric ____ portfolio?
 How much ____ the electric ____ devoted to solar, ____?
 ____ your ____ between solar, wind, hydro, and ____?
 Do ____ have a ____ renewable ____ in ____ electricity ____ portfolio?
 ____ to ____ percentage breakdown of ____ renewable ____ in your electricity production?
 ____ it possible to specify ____ percentages of ____ hydro, ____ your ____ portfolio?
 I ____ like ____ know individual ____ wind, hydro ____ biomass in my ____.
 Can ____ me know ____ percentages for ____ hydro and biomass ____ your ____ mix?
 Could you ____ us the ____ of each ____ source ____?
 ____ percentages are ____ wind, solar, hydro, ____ biomass ____ complete ____ production ____?
 ____ solar, wind, ____ and biomass for ____ electricity production?
 Do ____ the ____ each ____ to your total ____ production?
 ____ do you divide your ____ production portfolio ____ wind, ____ biomass?
 Can you give a breakdown of ____ solar, wind, ____ biomass ____?
 ____ there ____ of ____ solar, ____ hydro and Biomass in ____ production portfolio?
 How ____ electricity production goes to solar, wind, ____?
 ____ should ____ the percentages for renewable ____ in ____ production ____.
 Please ____ for each type within ____ mix.

What percentage of electricity _____ to _____ hydro _____?

_____ give _____ an overview _____ the distribution ratios _____ solar, _____ and biomass _____ in _____ generation profile?

Are _____ of _____ percentage contributions _____ wind, hydro, _____ biomass?

_____ possible _____ share _____ breakdown _____ solar, _____ hydro and Biomass _____ your _____ production?

_____ the percentage of solar, wind, hydro _____ electric production _____?

Can _____ tell me _____ percentage of _____ wind, _____ in _____?

_____ you tell me the percentage breakdown _____ my _____?

I would like _____ solar, wind, hydro and the _____ electricity generation _____.

What share _____ your energy generation _____ from _____?

Is it _____ to _____ of _____ wind, _____ and biomass within _____ overall _____?

What _____ portfolio is comprised _____ hydro and biomass generation?

Can you tell _____ the breakdown _____ by _____ power generation _____?

Do you have _____ data on _____ much _____ is generated _____?

Is it possible for you _____ the percentage _____ your _____ energy?

_____ you specify the _____ hydro, _____ in your electricity _____ portfolio?

How do _____ split _____ production between _____ wind, hydro, _____?

_____ you give the _____ wind energy, hydroelectricity and _____ in _____ electricity _____ portfolio?

Is it _____ the _____ wind, hydro and _____ in your _____ portfolio?

_____ the _____ of the percentages _____ solar, and biomass as part of _____ overall _____?

What _____ are attributed _____ solar, _____ in your _____ production portfolio?

I am looking _____ the _____ of _____ for _____ hydro and _____ electricity _____.

What _____ attributed _____ solar, _____ hydro and biomass _____ relation to _____ complete _____?

_____ percentage _____ solar, wind, _____ and biomass in _____ production

How do _____ percentages _____ and _____ fit _____ your production?

Can _____ percentage _____ solar, wind, hydro, _____ Biomass _____ portfolio?

What are _____ attributed to _____ wind, hydro _____ Biomass _____ your _____ production _____?

_____ your production percentages divided between _____ wind, _____?

_____ any _____ wind, solar, and _____ in your _____ production _____?

How _____ the percentages _____ between wind, _____ in _____ electricity _____?

Please specify _____ to _____ type _____ your _____ electric generation _____

_____ you tell _____ of _____ your electric production portfolio?

_____ you _____ the _____ of renewable energy in _____ electricity _____?

What _____ the _____ of _____ electric portfolio's _____ hydro and _____?

_____ percent _____ generated through _____ wind, hydro, and _____ your _____ mix?

Are _____ of renewable energy _____ your electric production portfolio?

How are the percentages of _____ portfolio's _____ biomass _____?

What percent _____ by _____ wind, hydro, and _____ your _____ mix?

The _____ for renewable _____ your _____ portfolio?

What _____ is comprised of _____ hydro, and biomass?

How are _____ percentages _____ among renewable sources _____?

_____ you tell _____ percentage _____ of _____ wind, and biomass within _____?

Can _____ breakdown of _____ for solar, _____ biomass _____ your electricity _____ portfolio?

Is _____ an _____ ratios _____ solar, wind, hydro, _____ sources _____ your electric generation profile?

_____ possible _____ provide _____ percentage _____ within your electricity generation portfolio for _____ energy, _____ and _____?

_____ know _____ of electricity that comes from _____ sources in _____?

_____ percent is generated through _____ and biomass sources _____ overall _____ mix?

_____ production is for _____ wind, hydro/biomass?

Do you _____ the percentages _____ wind, _____ and _____ production portfolio?

I _____ to know _____ percentage _____ hydro and _____ in my _____ mix.

What _____ do you _____ and the like?

_____ able _____ percentage _____ of solar, wind, and hydro within _____?

How _____ of your _____ is _____ wind, hydro _____?

How are the percentages _____ wind, _____ split _____ electricity production?

_____ you specify _____ percentage of renewable _____ production portfolio?

How _____ percentages for _____ biomass _____ electricity production portfolio?

_____ like _____ the _____ of _____ for solar/wind/Hydro/biomass _____ part _____ my overall electricity _____.

What _____ in _____ electric portfolio _____ solar, _____ and _____ generation?

Do _____ how much of _____ grid mix _____ through _____?

_____ percentages _____ attributed to _____ sources in your _____ production _____?

_____ you have any _____ percentage _____ from renewable sources _____ your _____?

Is _____ information on the _____ contributions _____ sources _____ production?

_____ the _____ of solar, _____ hydro, and biomass?

_____ the percentages of solar, wind, _____ in _____ portfolio?

_____ percentages _____ solar, wind, hydro, _____ like in your _____ production portfolio?

Can _____ tell _____ the _____ energy in my electric _____?

Within _____ generation mix, please _____ for each _____.

What percentage _____ solar, _____ hydro, _____ biomass _____ overall grid mix?

_____ you know _____ that _____ type contributes _____ electric production?

Can you tell _____ of _____ energy in your _____?

What portion of _____ energy generation _____ wind, hydro _____?

What _____ to _____ wind, _____ in your _____ output?

What percentage _____ portfolio's _____ Biomass generation are included?

Can you _____ breakdown of _____ for _____ the electricity portfolio?

Is there _____ of solar/wind/ _____ within _____ generated _____?

How _____ production portfolio _____ up _____ solar, wind, hydro/biomass?

Percentages attributed _____ hydro _____ biomass in _____ production portfolio?

_____ like to _____ of _____ for _____ biomass in your electricity portfolio.

What are the _____ that comprise _____ portfolio's _____?

Do you _____ the _____ sources _____ your electricity production?

_____ anyone _____ percentage of electricity _____ each type in _____?

_____ for wind, hydro, and solar _____ electric _____ portfolio?

_____ overview of the _____ ratios among solar, wind, hydro, _____ Biomass _____ electric generation _____?

_____ the breakdown _____ for solar, wind, hydro, _____ your _____ production portfolio _____?

How _____ the percentages split _____ and _____ in _____ total _____ production?

Can _____ say _____ percentages _____ solar, wind, _____ in _____ production portfolio?

I _____ to _____ the _____ of _____ for _____ as part _____ electricity _____.

How _____ the _____ solar, wind, _____ and biomass _____ electric production _____?

_____ percentage contribution _____ renewable _____ to your production?

_____ possible to give a _____ for _____ wind energy, _____ biomass within the electricity _____?

_____ percentage _____ production _____ to _____ hydro and biomass?

Tell us the _____ for _____ in your electricity production _____.

Is _____ possible _____ the percentage breakdown _____ renewable _____ in _____ electricity _____?

_____ you _____ the percentage _____ solar, wind, hydro, and biomass _____ production?

_____ you _____ breakdown _____ percentages _____ type _____ your total power _____ mix?

_____ to _____ the breakdown of _____ for _____ in my _____ portfolio.

What _____ the percentage of _____ electric _____ and biomass generation?

Is it possible _____ solar, wind, _____ and biomass _____ your electric _____.

_____ a percentage for solar, wind, _____ for your electric _____?

How _____ your energy generation _____ from solar, _____ biomass?

_____ much _____ your electric _____ portfolio is related to _____?

_____ give me _____ breakdown of the percentages for _____ as part _____ your _____ portfolio?
 _____ tell me _____ of wind, _____ and _____ your portfolio?
 _____ you _____ solar/wind/biomass contributes to _____ total electric _____?
 Do you know _____ percentage contribution _____ solar, _____ and _____ electric _____?
 How much _____ your _____ comes from _____ wind, hydro _____?
 _____ me the percentage breakdown of _____ within the generated _____?
 _____ know the _____ proportions of solar, wind, _____ biomass _____ electrical _____?
 As _____ your electrical generation _____ can _____ share _____ percentages _____ form?
 _____ there _____ percentage _____ of _____ wind, _____ within your _____ power?
 In your _____ mix, could _____ the _____ for solar, wind, hydro _____?
 _____ specify _____ percentages _____ for each type _____ generation mix.
 In _____ electricity _____ mix, could _____ give _____ individual _____ for solar, wind, _____ like?
 _____ do _____ your total electricity _____ between _____ and Biomass?
 _____ you know _____ of _____ electrical production _____ up of _____ and _____?
 Can you _____ me _____ breakdown of _____ and the like _____ my _____?
 _____ you _____ how much of your _____ is _____ renewable sources?
 _____ a _____ for _____ wind, hydro, _____ Biomass in your electric _____?
 _____ it possible _____ the percentage _____ of solar/wind/hydro/biomass _____ your _____?
 _____ you know how much of _____ is _____ solar, wind _____?
 Can you _____ the individual _____ solar, wind, hydro and biomass _____?
 _____ you _____ us the percentages _____ solar, wind, _____ biomass _____ your _____?
 How _____ your _____ portfolio features _____ type?
 _____ do the _____ breakdown _____ solar, wind, hydro, _____ in _____ production?
 What _____ of _____ energy _____ comes _____ wind, hydro _____ biomass?
 In _____ electricity _____ specify _____ percentages _____ wind, hydro, _____ biomass.
 Is _____ possible _____ tell _____ percentage of electricity _____ type _____ portfolio?
 Do _____ how your production _____ between solar, _____ hydro _____ biomass?
 How much of _____ is _____ with solar, wind _____?
 Do you _____ solar, _____ and _____ in your electricity _____ portfolio?
 Can you tell me _____ breakdown _____ the generated _____?
 _____ are _____ solar, wind, hydro _____ biomass _____ electricity production?
 How _____ your _____ production portfolio _____ split _____ wind, _____ and _____?
 Is it _____ proportion each type _____ to _____ electric _____?
 _____ it possible _____ the _____ hydro, wind, _____ solar _____ electric production portfolio?
 _____ are _____ percentages _____ wind, hydro, and _____ your _____ production mix?
 How do _____ your _____ production _____ solar, wind, hydro, and _____?
 _____ of your _____ production _____ involves wind and _____?
 Are _____ and biomass in your production portfolio?
 What _____ to _____ wind, _____ bioenergy _____ complete electric production portfolio?
 _____ are your _____ production portfolio percentages _____ wind, hydro _____?
 Can you tell _____ of _____ energy _____ your _____?
 I _____ the _____ of _____ wind, hydro and _____ part of _____ electricity _____.
 _____ percentages are _____ to solar, wind, _____ and _____ complete electric _____?
 _____ to _____ the breakdown of the percentages for _____ wind, hydro, _____ biomass in _____.
 Please _____ the percentages _____ to _____ type _____ electric _____ mix
 _____ percentages _____ wind, _____ and biomass in your production _____?
 Is _____ share _____ of percentages _____ wind, _____ and Biomass in _____ electric production?
 _____ amount of _____ portfolio is about _____ wind, _____?
 _____ of _____ from _____ wind, hydro and biomass?
 _____ the percentage of _____ electric production _____ solar, _____ or hydro?

I ____ like ____ of percentages for ____ wind, and solar ____ my electricity ____ .
 As part of your electricity ____ you ____ the ____ for solar, wind, and ____ ?
 ____ you know the ____ of solar, wind, ____ and ____ ?
 Can you tell ____ of ____ by ____ in your ____ generation ____ ?
 ____ there ____ overview ____ the distribution ____ among the ____ wind, ____ biomass sources ____ generation
 profile?
 ____ you ____ of your ____ is generated through solar, wind, ____ biomass?
 Please ____ the percentage ____ your electric ____ mix.
 Will there be a percentage ____ wind, hydro, ____ the ____ electric ____ ?
 Tell me ____ breakdown ____ percentages ____ solar, ____ hydro, and ____ electricity production ____ .
 Do ____ know how ____ hydro/biomass ____ electric production?
 What percentages ____ used ____ solar, ____ biomass in electric ____ ?
 What ____ of ____ from solar, ____ hydro, and biomass?
 Are you able to ____ how ____ of ____ is ____ of ____ type?
 ____ to know ____ percentages ____ wind, hydro ____ biomass ____ your generation mix.
 ____ you ____ how ____ of ____ overall ____ generated by solar/wind/hydro/biomass?
 ____ a ____ for ____ power, ____ hydroelectricity and biomass in your electricity generation ____ ?
 What percentage ____ split between wind, hydro, ____ in ____ ?
 I would like to ____ percentage ____ solar, wind, ____ in the ____ generation ____ .
 ____ you ____ what proportion ____ your electricity production?
 ____ you ____ us ____ of percentages by type ____ your ____ mix?
 ____ provide the ____ of solar, ____ hydro, ____ biomass in your ____ ?
 ____ percentages of ____ solar, ____ hydro, ____ biomass generation?
 What ____ the ____ electric production ____ is ____ solar, ____ hydro and ____ ?
 Can you tell me ____ percentages of ____ wind, ____ and ____ portfolio.
 ____ the percentages ____ solar, wind, hydro ____ your ____ electric production portfolio.
 The ____ your ____ solar, ____ hydro, ____ biomass generation.
 ____ wish to ____ of ____ for solar, wind, ____ in my ____ production portfolio.
 ____ there ____ of ____ and ____ within your portfolio?
 Can ____ overview of the distribution ratios ____ wind, ____ and biomass ____ your ____ generation ____ ?
 I ____ to know the ____ for solar, ____ and Biomass ____ mix.
 Are you able ____ give ____ for ____ power, ____ hydroelectricity, and ____ ?
 How ____ of ____ is ____ to ____ wind, hydro/biomass?
 ____ percentages ____ your ____ portfolio's ____ hydro, and ____ generators?
 ____ you provide ____ percentages of wind, ____ hydro ____ your ____ ?
 ____ renewable energy in your electric production portfolio ____ ?
 ____ you tell ____ of ____ hydro, ____ Biomass in my electric production?
 ____ are distributed ____ solar, wind, ____ for electricity production?
 What ____ are ____ to ____ wind, ____ and other renewable ____ in ____ complete ____ portfolio?
 Can you ____ the percentage breakdown of the renewable ____ ?
 ____ there ____ breakdown of percentage for solar, wind, ____ your ____ portfolio?
 ____ have the ____ of percentages for ____ hydro, and Biomass ____ ?
 ____ give ____ breakdown of ____ solar, wind, ____ and biomass ____ electricity production ____ ?
 ____ you share the ____ percentages of ____ form as ____ your ____ ?
 ____ percentage ____ included in your electric ____ hydro ____ biomass ____ ?
 ____ you have percentages for ____ and ____ your portfolio?
 Can you ____ me the ____ of ____ type ____ portfolio?
 ____ of your electric ____ portfolio involves ____ or ____ ?
 I ____ like to know ____ distribution ratios of ____ sources in your electric ____ .
 Can ____ me ____ percentage ____ resources in my ____ production ____ .
 Can ____ the percentage ____ of ____ renewable sources ____ production?

____ much ____ your ____ production ____ includes solar, ____ Hydro, ____ ?
 How ____ your ____ generation comes from ____ hydro and/or ____ ?
 ____ it ____ to ____ overview ____ the ____ among ____ hydro and biomass sources in your ____ generation ____ .
 What is the ____ your ____ electric ____ wind, hydro, and ____ ?
 ____ you have percentages for ____ and ____ ?
 ____ I ____ proportion of electricity ____ comes ____ type ____ your portfolio?
 ____ your electric production ____ spent on ____ hydro/biomass?
 What percentages ____ down ____ hydro, ____ biomass in your ____ production?
 Can ____ percentage of ____ wind, ____ and biomass ____ your ____ portfolio?
 Can ____ me ____ breakdown ____ solar, ____ and hydro in your ____ portfolio?
 ____ percentage ____ production ____ spent on solar/wind/hyp/biomass?
 Is it possible ____ breakdown ____ percentages ____ solar, wind, hydro, ____ Biomass ____ your ____ production ____ ?
 ____ you tell ____ much ____ is ____ from each ____ in your ____ ?
 Is ____ possible to ____ an overview ____ among solar, wind, hydro, and ____ in ____ profile?
 Do ____ have ____ percentages ____ solar, wind, ____ and ____ the ____ production portfolio?
 Can you tell me ____ percentage ____ hydro ____ in ____ production ____ ?
 How much ____ electric ____ is ____ wind, hydro, and biomass ____ ?
 Is ____ breakdown ____ percentages ____ solar, wind, ____ in ____ portfolio ____ electricity production?
 ____ you give ____ the ____ percentages ____ solar, ____ and ____ in ____ generation mix?
 Did you know how ____ of your grid ____ by ____ sources?
 I would like ____ the ____ solar, wind, hydro ____ electricity generation mix.
 ____ of your ____ comes ____ wind, hydro, ____ Biomass?
 Can ____ me ____ percentages of solar, wind, hydro ____ biomass ____ the ____ ?
 Do ____ know ____ proportion ____ to ____ total electric production?
 Can you ____ me the ____ distributions ____ type in ____ ?
 How ____ you divide ____ electricity ____ among ____ and biomass?
 Do you ____ your ____ production ____ split between ____ hydro and ____ types?
 ____ you ____ me ____ percentage breakdown of ____ wind ____ in ____ electricity ____ ?
 Can you tell ____ the percentage of ____ type in ____ ?
 I ____ like ____ know ____ the ____ or ____ to each ____ as ____ overall electricity output
 I ____ interested in the ratio or ____ to ____ solar/wind/hydro/biomass within ____ output.
 ____ it possible ____ the percentages ____ hydro, ____ solar in ____ electricity ____ portfolio?
 What are the respective ____ of solar, ____ hydro, ____ future?
 How much of ____ production ____ solar, wind, ____ and biomass?
 Do you ____ percentages ____ solar, wind, hydro ____ the ____ for ____ portfolio?
 ____ your electric portfolio's solar, ____ and ____ generation?
 I ____ like to know ____ for solar, ____ and biomass ____ your ____ generation ____ .
 ____ it ____ to ____ the percentage ____ for ____ wind ____ and hydroelectricity within your ____ portfolio?
 Do ____ the percentages that make ____ solar, wind, hydro, ____ generation?
 Is ____ any ____ solar, ____ and ____ in the electric ____ portfolio?
 ____ you tell me ____ renewable ____ in ____ electric ____ portfolio?
 ____ us the relative ____ each ____ of the electrical generation profile?
 Can you ____ the percentage of solar, ____ hydro ____ my ____ ?
 The percentage ____ electric portfolio's ____ and biomass generation?
 I need the ____ of the ____ wind, ____ as part of my ____ .
 ____ possible to give ____ breakdown of percentages for solar, ____ biomass in your ____ ?
 ____ me the percentages ____ wind, hydro and ____ ?
 ____ you tell us the percentage of solar, ____ portfolio?
 ____ of ____ energy generation ____ from solar, ____ hydro?
 ____ percentages for renewable ____ your electricity production ____ ?

_____ electricity production portfolio _____ percentages for _____ and _____.
 _____ you share _____ each form on _____ generation profile?
 Can _____ me _____ proportion of electricity derived _____ type _____ your _____?
 _____ like _____ the percentages for _____ wind, _____ and biomass _____ your _____ production _____.
 _____ like to _____ the breakdown _____ percentages _____ wind, hydro, and biomass in _____.
 _____ possible to specify the _____ of _____ hydro _____ solar in _____ portfolio?
 Do you have a _____ for _____ wind, _____ your electric _____?
 _____ you _____ me _____ breakdown _____ percentages _____ type in my power _____?
 I'm _____ the individual percentages _____ solar, _____ hydro and _____ your electricity _____.
 Is _____ breakdown _____ percentages _____ wind, solar, hydro, and biomass _____ your _____?
 _____ percentage _____ your _____ portfolio is comprised of _____ Hydro/bio-mass?
 _____ you _____ me _____ percentage breakdown of solar/wind/hydro/biomass _____ power?
 Do _____ percentage contributions _____ the _____ solar, _____ to your electric _____?
 Can _____ me the percentages of _____ energy _____ my _____?
 Is it possible _____ of _____ for _____ wind, _____ and _____ in your electricity _____ portfolio?
 _____ you know _____ breakdown of solar, wind, _____ and _____ electricity _____?
 _____ you tell me _____ breakdown _____ for solar, _____ in my electric _____?
 _____ you _____ me the _____ of percentages for solar, _____ and _____ my _____?
 _____ are the percentages _____ by solar, wind, _____ and _____?
 _____ divided between _____ biomass in your electric production portfolio?
 _____ of your _____ portfolio includes _____ of energy?
 Do you know the _____ type _____ contributes _____ your _____?
 What is the _____ of the various _____ in _____?
 Can you _____ the percentages _____ wind, _____ and _____ in your electric _____?
 _____ percentages _____ included in _____ electric portfolio's _____ wind, _____ and _____ generation?
 _____ percentage _____ to _____ and _____ in your _____ electric production portfolio?
 _____ you _____ what percent _____ your grid mix _____ hydro, and biomass?
 _____ percentages _____ your _____ portfolio's solar, wind, _____ and biomass _____?
 _____ percentages _____ to _____ wind, hydro _____ your complete Electric Production _____?
 _____ are _____ in your electric production portfolio?
 _____ in _____ electric _____ solar, wind, hydro, _____ Biomass generation?
 Do you _____ a breakdown of the _____ wind, _____ in _____ production?
 _____ you give _____ breakdown of percentages _____ in your _____?
 _____ the _____ for renewable energy in your _____?
 _____ the percentages _____ your overall electric generation mix.
 I'd like to know _____ percentages for _____ in my generation _____.
 Is _____ for _____ give _____ percentage _____ for solar _____ energy, hydroelectricity _____ biomass?
 How about percentages _____ the _____ in your electricity _____ portfolio?
 _____ much _____ your _____ comes from _____ wind, _____ and _____?
 _____ of the _____ contributions from _____ to your _____ of electricity?
 Please _____ of _____ percentages _____ solar, wind, hydro, _____ in _____ electricity production _____.
 _____ you _____ what _____ each type _____ electric production?
 _____ it possible _____ specify the percentage of _____ wind, _____ Biomass _____ portfolio?
 Do you have _____ biomass in your portfolio?
 _____ of _____ electric portfolio _____ solar, wind, hydro, or _____ generation?
 Is _____ to show _____ of _____ hydro and biomass _____ portfolio?
 _____ I _____ an _____ of _____ ratios of solar, _____ hydro, _____ biomass sources in _____ electric _____?
 _____ you tell us _____ breakdown of _____ type in _____ overall _____?
 How _____ electric _____ consists of _____ Wind/ Hydro/bio-mass?
 _____ solar, _____ and biomass in your production portfolio?

Did you _____ the _____ of _____ wind, _____ biomass are in your _____?
 Do _____ know how _____ of _____ is made up _____ wind, _____ biomass?
 Can _____ give _____ percentage _____ hydro and biomass in your _____?
 _____ you _____ renewable sources in your electric production _____?
 _____ there a _____ wind, _____ and _____ your overall portfolio?
 _____ electric _____ portfolio consists of solar, _____ hydro/biomass?
 _____ you have _____ for solar, _____ the like _____ electric production portfolio?
 Is _____ possible _____ specify _____ percentages _____ wind, _____ and _____ your _____ production portfolio?
 _____ the percentage _____ renewable energy _____ your portfolio?
 Is it _____ to _____ the percentage breakdown _____ energy _____ your _____?
 How _____ percentages broken _____ for wind, _____ in your _____ production?
 Do _____ know _____ percentage contributions from _____ and _____ to _____ electrical _____?
 Are _____ to _____ how much _____ your electrical production _____ up _____ type?
 Which _____ are _____ and biomass in your entire _____ production _____?
 Is _____ to _____ percentage allocation _____ solar power, _____ hydroelectricity and _____ your electricity _____ portfolio?
 _____ you _____ much _____ grid mix is generated _____ solar, _____ and biomass?
 Did _____ know _____ of solar, _____ hydro _____ biomass in _____ production?
 _____ you tell me the _____ hydro and biomass _____ production portfolio.
 Do you _____ much of _____ overall _____ generated through _____?
 I would _____ know _____ breakdown _____ solar/wind/hydro/biomass _____ of _____ overall electricity portfolio.
 _____ breakdown of percentages for solar, wind, _____ and _____ your _____ would _____ greatly _____.
 _____ are _____ percentages associated with _____ portfolio's _____ wind, hydro, _____ generation?
 What _____ your energy generation _____ from _____ solar?
 Will _____ be able to _____ of solar, _____ hydro _____ in your _____?
 _____ the breakdown _____ percentages _____ solar, wind, _____ hydro as part of your _____ portfolio.
 How _____ split the _____ renewable sources in _____ electricity _____?
 How are _____ of renewable energy used _____?
 What _____ the _____ and _____ within your electrical future?
 _____ it _____ to _____ the proportion of _____ derived _____ each type _____ portfolio?
 _____ provide the percentage _____ to _____ type _____ electric _____ mix.
 _____ you _____ me the _____ hydro and biomass?
 Can you _____ me a breakdown of _____ percentages for _____ electricity _____?
 _____ are _____ solar, wind, and _____ within your _____ system?
 _____ much _____ generated through _____ hydro, _____ biomass sources in _____ mix?
 How much of _____ electrical _____ of _____ hydro and biomass?
 _____ percentage of _____ portfolio _____ of _____ hydro, and solar _____?
 What percentage of _____ is _____ to _____ biomass?
 Can you _____ of wind, solar, _____ in _____ portfolio?
 _____ the _____ attributed to _____ wind, _____ and biomass in _____ production _____?
 Can _____ tell me _____ breakdown of _____ within _____ generated _____?
 Can you tell _____ the _____ for solar, _____ and biomass _____ electric production?
 Do _____ breakdown _____ for _____ wind, hydro, _____ in your production?
 _____ I _____ the _____ electricity that _____ derived from _____ in _____ portfolio?
 _____ are _____ your electric _____ solar, wind, hydro, and _____?
 _____ you have _____ percentages for _____ wind, hydro, and Biomass in _____ electricity _____?
 _____ you give _____ percentages _____ wind, hydro, _____ within _____ portfolio?
 Do _____ know how _____ of the solar/wind/biomass _____ production?
 What percentage of _____ portfolio _____ solar, wind, _____?
 What _____ for _____ hydro, _____ biomass in electric production?
 _____ know what the proportion _____ to your electric _____?

What _____ your energy _____ comes _____ wind, hydro and _____?

What _____ your total electricity _____ is _____ solar, _____ and biomass?

I _____ the individual percentages for solar, _____ and _____ your _____ generation _____.

_____ know _____ percentage generated through solar, _____ and _____ in _____ grid mix?

_____ do _____ mean _____ percentages _____ solar, wind, _____ and _____ your electric _____?

_____ percentages _____ different renewable energy sources in _____ electric _____ portfolio?

_____ wondering _____ the individual percentages for solar, wind, _____ biomass in your _____ mix.

_____ you _____ of renewable sources in my _____ portfolio.

_____ it possible _____ tell _____ proportion of _____ derived from _____ in your _____?

Are _____ aware _____ percentage _____ from _____ to _____ electric production?

_____ you tell me _____ breakdown _____ percentages _____ and solar _____ my electric _____?

Did _____ the _____ breakdown of _____ and solar in _____ electricity _____?

_____ production is solar, _____ hydro/biomass?

_____ you know _____ percentage contributions from _____ biomass?

Can _____ me the _____ of _____ wind, _____ in my electric _____ portfolio.

What are the _____ production mix's _____ hydro, and _____?

_____ you show _____ breakdown _____ the _____ for _____ and biomass in your _____ portfolio?

_____ possible _____ the _____ of _____ from each type in your _____?

_____ a percentage _____ for solar power, _____ hydroelectricity, _____ within your _____ portfolio?

Is _____ possible to specify the _____ solar/wind/ _____ your generated _____?

_____ you _____ me the percentage of _____ the _____ portfolio.

_____ like to know _____ individual _____ for solar, wind, _____ in your _____ mix.

_____ the _____ of solar, wind, _____ biomass _____ your portfolio?

In your electricity _____ portfolio, _____ provide the _____ percentages _____ wind, hydro, _____ biomass?

_____ of _____ production portfolio _____ solar, wind, Hydro _____?

Do you _____ of your grid mix _____ generated _____?

Is it _____ to specify _____ in your electric _____?

Do _____ know _____ much _____ production _____ is made up _____ energy?

Can _____ tell me the percentage of _____ my overall _____?

Do you _____ your _____ is made up of renewable _____?

_____ can specify the _____ solar, wind, _____ biomass in _____ electricity _____.

What _____ complete _____ is attributed _____ wind, hydro and biomass?

_____ know the percentage _____ of _____ sources in _____ electricity _____?

What percentage _____ attributed to _____ wind, _____ and _____ in terms _____ portfolio?

Do _____ know _____ of _____ electrical production is _____ of _____ sources?

_____ percentage breakdown _____ solar, _____ hydro, and biomass?

_____ your _____ production portfolio is _____ solar, wind, and biomass?

I _____ to _____ ratio or _____ to _____ such as solar/wind/Hydro/biomass within _____ overall electricity _____

Will _____ be _____ to specify _____ of _____ in your electric _____?

How _____ production portfolio percentages divided _____ solar, _____ and _____?

_____ much _____ electricity _____ is solar, wind, _____ or biomass?

What _____ your _____ electric _____ solar, wind, hydro and biomass _____?

I _____ breakdown _____ percentages _____ hydro, _____ biomass as _____ of my _____ electricity portfolio.

Would you _____ to _____ me the _____ percentages for solar, _____ hydro and _____ electricity _____?

_____ regards _____ your _____ electric production _____ are _____ to solar, wind, hydro _____?

_____ you _____ how much power _____ wind, _____ and Biomass?

_____ you familiar _____ percentage contributions from _____ and _____ your _____ production?

What _____ attributed to _____ various _____ energy sources in _____ production _____?

_____ included in _____ overall _____ portfolio's solar, _____ and biomass generation?

_____ know the _____ breakdown _____ wind, hydro and biomass in _____ electricity _____.

____ you give ____ the breakdown ____ percentages ____ solar/wind/ hydro/biomass ____ of ____ electricity ____?
 ____ specify the ____ wind, hydro, and ____ in ____ electricity ____ portfolio?
 Is it ____ to ____ solar, ____ hydro in ____ production portfolio?
 How ____ power comes from ____ Biomass?
 What are the percentages of ____ wind, ____ your ____?
 ____ power ____ solar, wind, hydro, ____?
 ____ you give ____ the ____ of percentages ____ in our power ____?
 Can you tell ____ breakdown of ____ for ____ hydro, and ____ my ____ production ____?
 ____ you ____ how much ____ your ____ is generated by solar, wind, ____?
 Could you tell me ____ solar/wind/ hydro/biomass ____ my ____?
 ____ for ____ of percentages for ____ wind, hydro, ____ as ____ of my electricity portfolio.
 ____ you know ____ proportions of ____ type in ____?
 ____ percentages ____ your electric ____ solar, ____ biomass generation?
 ____ am curious about ____ ratio ____ proportion ____ to each type such ____ output.
 Is it ____ of percentages for solar, ____ hydro ____ in ____ production?
 Did you ____ from ____ and ____ to your electric production?
 What ____ portfolio's solar, ____ hydro, and ____ generation?
 Is ____ specify ____ renewable sources in your electric ____ portfolio?
 ____ much of your ____ production ____ up by ____ and ____?
 ____ me the breakdown of percentages for ____ my electricity production ____.
 ____ you ____ percentage ____ from solar, wind, and/or ____ electric production?
 Do ____ have a breakdown ____ and ____ in your electricity ____ portfolio?
 ____ there ____ for solar, wind, ____ biomass in your electric ____?
 ____ to know the ____ percentages for ____ and ____ in ____ generation mix.
 What are the percentages ____ to solar, ____ biomass in your ____?
 Is it ____ to give ____ breakdown ____ wind, ____ Biomass ____ your electric production?
 What ____ for ____ wind, hydro, and ____ your electric production?
 Can you tell ____ renewable ____ within ____ portfolio?
 How ____ your production portfolio ____ wind and ____?
 ____ percentage of ____ portfolio's solar, wind, ____ and ____ generation ____?
 Do you ____ solar, wind, hydro ____ your electric production ____?
 ____ possible to provide a ____ allocation for solar ____ energy and ____ generation portfolio?
 ____ know ____ the ____ of each ____ to your total ____ production?
 Was ____ possible to ____ the ____ breakdown ____ your generated ____?
 ____ there a ____ breakdown of solar, ____ within your generated ____?
 ____ to specify ____ percentage breakdown of ____ your generated power?
 ____ what ____ is generated ____ wind, hydro and biomass sources in your ____?
 What percentages are ____ solar, ____ hydro, ____ Biomass ____ production?
 ____ you ____ a ____ for ____ type in your ____ portfolio?
 ____ you give the ____ of hydro, ____ solar ____ your ____?
 Is it possible ____ tell ____ for each ____ your electrical ____?
 ____ the ____ wind, hydro and biomass ____ your electricity production?
 ____ the percentage breakdown of solar, ____ hydro and biomass ____ your ____?
 What percent ____ through ____ wind, ____ and ____ in ____ mix?
 Do you ____ what proportion each type ____?
 ____ solar, ____ biomass are attributed to your ____ electric ____ portfolio?
 I'd ____ know ____ wind, hydro and biomass in ____ mix.
 What ____ is distributed among ____ wind, ____ biomass ____ production?
 How ____ percentages split between ____ and ____ in your ____?
 Is ____ possible ____ the breakdown ____ for ____ hydro, and biomass in ____?

____ you able to ____ the percentages ____ renewable ____ in ____ ____ ____ ?
 ____ ____ ____ electric production portfolio, ____ ____ ____ attributed ____ solar, ____ hydro and biomass?
 ____ you ____ percentages ____ ____ form in your ____ generation profile?
 I want to ____ your ____ ____ ____ divided ____ solar, wind, hydro and ____ .
 Was ____ possible ____ provide ____ of percentages ____ solar, wind, hydro, ____ biomass ____ your electricity ____ ____ ?
 ____ percent is ____ solar/wind/ ____ sources ____ your ____ mix?
 ____ a percentage breakdown ____ ____ in ____ generated power?
 Are ____ aware of the ____ contributions ____ solar/wind/Hydro ____ your ____ ?
 Can you tell ____ the ____ of the ____ for ____ wind, ____ biomass in ____ ____ ?
 ____ percentage ____ ____ ____ electric ____ solar, wind, hydro, and biomass ____ ?
 ____ ____ ____ information ____ how much ____ ____ hydro, and ____ ____ ____ in your grid mix?
 ____ possible ____ the ____ breakdown of renewable ____ ____ your generated power?
 ____ it possible to ____ ____ ____ for ____ power, wind energy and hydroelectricity ____ ____ ____ portfolio?
 What percentages ____ attributed to solar, ____ hydro ____ ____ ____ your electric ____ ____ ?
 ____ is split between solar, ____ hydro ____ biomass ____ electricity ____ ?
 ____ you ____ proportion ____ type contributes to ____ ____ production?
