

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Training and user manual inquiries
Inquiry Sub-Category	Product Functionality
Description	Customers inquire about the various features and functionalities of specific telecommunications equipment, seeking clarification on how to best utilize the product to meet their specific needs.
Data Size	8,290 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

What is the best way ____ customize ____ within the telecommunication ____ ____ ____ ____ ____?

____ tell ____ how to modify settings ____ telecom ____?

When ____ in communication ____ based on different circumstances, ____ ____ best ____?

When it ____ to adjusting the use ____ what ____ ____?

____ we modify ____ of ____ equipment according ____ usage conditions?

____ the settings of our ____ according to usage?

____ adapt telecom device ____ according to the ____?

____ should telecom ____ changed according to ____?

____ the settings ____ altered ____ different usage ____?

How ____ we ____ settings ____ different ____ cases?

____ can we ____ for ____ usage scenarios ____ telecom device?

Is ____ an ideal ____ devices.

____ to ____ setup ____ on usage ____.

____ you recommend adjusting ____ settings for ____ usage ____?

____ on ____ telecom thingamajig as ____ varied uses is ____ question ____.

How to ____ a ____ different usage scenarios?

____ adjust telecommunication device settings for ____ ____.

____ settings be changed ____ per ____?

____ change phone ____ different uses?

How can ____ device ____ changed ____ usage scenarios?

____ there ____ to change ____ options ____ other uses?

The ____ way to ____ is by ____ patterns.

What ____ method of setting ____ the ____ settings?

What is the ____ to ____ telecom ____?

 _____ best way of tailoring _____?
 How to _____ for _____ scenarios?
 How can _____ preferences _____ on usage?
 Do _____ want to _____ modify the _____ thingamajig _____ per varied _____?
 _____ you have any _____ to _____ the ideal _____ in telecommunications _____?
 _____ is the _____ method _____ telecom device settings?
 _____ to personalize _____ settings for _____.
 Can _____ communication _____ for specific _____?
 When _____ tools _____ on circumstances, what strategy _____ best?
 _____ it possible to _____ my telecom _____ settings _____ scenarios?
 What can _____ to change _____ phone _____ uses?
 _____ can _____ adjust the _____ device _____ usage scenarios?
 _____ best _____ to tailor the settings _____ devices?
 What are the best ways _____ the _____?
 What _____ the _____ way _____ change _____ for _____ uses?
 _____ any way _____ telecommunication _____ be adapted to _____ uses?
 Which methods are _____ telecom _____?
 _____ approach _____ you recommend _____ telecommunication _____ in different usage _____?
 _____ to _____ telecommunications device settings based on _____ needs?
 _____ do _____ modify choices _____ communication tools based _____?
 _____ the recommended method for changing _____ telecom _____?
 Is _____ to _____ telecommunication equipment _____ different usage contexts?
 _____ a way _____ change _____ options for many _____?
 What is the _____ approach _____ device _____ for _____ scenarios?
 _____ possible _____ modify telco device _____ based on _____?
 Can you _____ adapt my _____ to different use _____?
 Recommendations _____ device _____ different needs?
 _____ I change _____ settings _____ fit _____ usage scenarios?
 _____ device settings be changed _____ usage?
 _____ the _____ way to _____ settings on the _____ junk _____ to _____ needs?
 _____ make the _____ device's _____ tailored?
 _____ have any _____ for _____ effective ways _____ modify telco-device _____?

Can ____ think ____ way to tinker with ____ for ____ usage ____?

How ____ modify ____ settings to ____ their usage?

I'm ____ how I can adjust ____ equipment's setting ____ for ____.

____ tailor ____ device ____ different usages?

How should a ____ settings ____ depending ____?

____ to be ____ to personalize ____ device ____ based ____ requirements?

How ____ options ____ on usage

____ is ____ approach to tailoring ____ device ____ based ____ different usage ____?

How to ____ different usage scenarios?

____ should be ____ to ____ the ____ device preferences ____ operational ____?

Is there ____ approach ____ tailor ____ settings ____ different usage needs?

____ of ____ phone be changed based on ____?

____ is ____ way to modify the ____ in ____ device?

How ____ you ____ settings ____ different scenarios?

____ the ____ fit my needs ____ my telecommunication device ____?

____ there a way ____ my ____ to suit different ____ scenarios?

____ for telecommunication devices should ____ changed ____ usage.

How ____ change ____ settings ____ usage scenarios?

____ do I make ____ settings ____ different ____?

How ____ phone ____ different usage ____.

How should telecommunication ____ be ____ on ____ requirements?

How to ____ according ____ different ____?

____ modify telecom ____ according ____ needs.

Should ____ device ____ be ____ different ____ conditions?

Can you ____ me ____ telco gadget ____ cases?

What is ____ best way ____ my telecom device ____?

____ telecommunication device's ____ be ____ based ____ usage?

How to ____ changes based on ____?

What ____ should be ____ device ____ based on ____ requirements?

Which ____ the most ____ ways ____ modify ____ different telecom ____?

How to ____ for ____ situations?

____ guidelines for configuring ____ different usage situations?

____ comes to ____ telecommunications related ____ what ____ best methods?

Do you have any ____ setup ____ usage?

____ can ____ according to use cases?

____ should ____ settings ____ be adjusted?

Is ____ to personalize telephone ____ for ____?

____ how to adjust my ____ device settings ____ suit ____ scenarios.

____ of ____ setup based ____ different ____?

Changing telecom ____ according to ____.

____ methods ____ best to ____ settings?

What ____ the best way ____ change ____ a telecommunication ____.

____ there an ____ way ____ change ____ device ____?

Can ____ help ____ my telco ____ to different ____?

What ____ the ____ change settings for ____ devices?

____ I ____ device settings ____ different use scenarios?

____ are ____ tailor ____ equipment for ____ circumstances.

____ best way to ____ settings in ____ telecommunication device ____ usage scenarios?

____ me the ____ change ____ in the telecommunication device?

How ____ we ____ communications ____ situations?

Looking to _____ telecom _____ according to _____.

_____ settings for various uses?

_____ methods work best _____ to adjusting telecom _____?

How _____ for the device to _____ different usage _____?

_____ is the _____ way _____ the settings _____ a _____ device?

_____ it possible _____ adjust _____ device options for _____?

_____ best approach for _____ telecom _____?

What is the best _____ ruin _____ phone _____ to _____?

_____ for advice _____ telecom setup _____ different _____ situations.

How _____ I _____ the device _____ different usage _____?

How _____ within your _____ system?

How _____ of _____ tool be changed?

_____ be _____ to personalize _____ device preferences?

_____ to _____ in certain scenarios?

_____ is _____ to _____ telecom device settings _____ to different _____?

How _____ we adapt _____ settings _____ to _____ scenarios?

Looking to modify telecom _____.

_____ there a _____ change _____ according to use _____?

Is there _____ advice _____ customizations for telecommunications _____?

_____ a _____ device _____ on usage?

_____ is the best way _____ device settings?

_____ to make a telecommunication device _____?

_____ it possible to _____ based on different _____?

_____ the best method _____ device _____?

_____ how _____ set my _____ equipment in _____ that suits me.

_____ the best method _____ telecom _____?

How _____ phone _____ for _____ reasons?

What _____ the best _____ use?

Which _____ is ideal _____ choices?

_____ I _____ modify _____ equipment's setting.

_____ can I set _____ according to _____ it?

_____ to adjust _____ settings _____ different _____.

Is there a _____ telecom _____ to use _____?

Is there _____ adjusting _____ settings _____ different scenarios?

Is _____ a better method _____ personalize _____ telecom _____?

_____ strategy to _____ choices within _____ communication tools?

Is _____ way to _____ devices _____ different uses?

What is the _____ to modify _____?

_____ would be _____ best way to modify _____ on _____ requirements?

Is _____ a way _____ telecommunication _____ to _____ uses.

_____ telecommunication _____ preferences based _____ requirements should _____ done.

How _____ I _____ my device settings _____ different _____?

_____ people _____ their device settings based _____?

How _____ modify the _____ of our telecommunications equipment _____?

What's _____ best way _____ settings on _____ phone junk _____ to _____?

Is _____ possible _____ modify their device _____ requirements?

How _____ you change your _____ tool?

How can _____ be _____ for _____ usage _____?

_____ is an _____ adjust telecom device configurations _____ to _____ use _____.

_____ we _____ device's customizations?

Is ____ a ____ to ____ settings ____ different telecom ____?

Is ____ possible ____ telecommunication ____ for ____ usages?

____ need ____ to ____ with telecommunication device settings

____ I modify ____ telecom device ____?

How can we adapt ____ scenarios?

____ modify ____ equipment for specific ____?

____ there a ____ to adapt ____ configurations according to ____ cases ____?

____ about ____ telecom settings for ____ scenarios?

What ____ best methods ____ device settings?

____ there ____ to tailor communications ____ for ____?

____ wondering ____ my communication ____ setting.

How ____ make ____ for different scenarios.

Is ____ way ____ adjust ____ telecom device ____ to use ____?

How ____ settings in different ____?

What is the ____ tailoring telecom settings ____?

tailoring the ____ customizations based ____

How to set ____ device ____?

How ____ changed ____ different ____ on ____ telecom device?

____ be changed ____ communication tool for ____ purposes?

What can ____ tell ____ about ____ in the ____?

____ you ____ device settings ____ uses?

____ their settings for ____ phones?

What's the best ____ settings different?

____ I modify ____ settings according ____ usage scenarios?

____ to set ____ settings ____ use ____?

____ is best for ____ equipment ____ usage contexts?

There are ways to ____ settings ____.

____ best way ____ change settings ____ a phone?

____ the most effective ____ of ____ telco-device ____?

When it ____ adjusting ____ used, ____ work best?

Is ____ ideal approach ____ tailoring ____ device settings based ____?

How can the ____ telecom ____ be changed ____ scenarios?

_____ should be _____ telecommunications device preferences _____ operational requirements?

What _____ adjust their _____ setup to fit _____ needs?

_____ to make _____ to _____ based on _____?

What strategy _____ for _____ choices _____ tools?

There _____ ways _____ make communications _____ tailored _____ specific _____.

_____ into _____ scenarios, I'm _____ I can modify _____ communication _____ settings.

_____ should preferences _____ within _____ communication _____?

_____ settings of telecommunication _____ changed _____ usage?

_____ adjust my device settings to _____ different _____?

How should we _____ telecommunication device preferences _____?

_____ the best approach _____ modify _____?

Can _____ me a _____ way to modify this _____ different _____?

_____ is the ideal method of _____ in _____?

_____ the _____ that should be taken to _____ device _____?

What methods _____ for _____ uses?

Is there any _____ change _____ different uses?

What's the best _____ change _____ on _____ junk according _____ your needs?

What is _____ for tailoring _____?

_____ there _____ way _____ settings for different _____ scenarios?

_____ I _____ for different usage _____?

_____ can we modify telecom _____ to _____.

_____ for _____ modify telecom _____ in different usage situations.

_____ can one _____ settings of _____ telecommunication _____?

What is _____ to _____ my _____ the phone settings?

How to _____ features?

_____ are the _____ to _____ telecom _____?

_____ can _____ do to _____ the settings _____ our equipment _____ conditions?

_____ the _____ way to _____ telecom _____?

How can _____ communication _____ setting?

Recommendations _____ adjusting telecom _____ different needs _____ appreciated.

_____ there a way _____ tailor _____ device settings _____ different _____?

_____ adjust telecom settings according to different _____.

_____ there any advice _____ how to _____ the _____ devices?

_____ the _____ to adjust telecom device _____?

Is there _____ adjust telecom device _____ particular use _____?

_____ the _____ method to personalize _____ device _____?

How to _____ for various _____?

How can _____ settings of a _____?

_____ the _____ methods _____ adjusting _____ use?

Tailoring _____ customizations _____ on _____ usages.

What should _____ done _____ device preferences _____ operational requirements?

_____ to _____ setup based _____ different _____ situations.

Is there _____ way _____ adjust _____ device configurations _____ use _____ or _____?

_____ there a way _____ tailor _____ settings _____ on _____ uses?

Can _____ give _____ tips _____ my _____ device?

Is it possible _____ settings _____ on diverse _____?

How _____ modify preferences _____ a _____?

How _____ telecommunications device _____ for different usage scenarios?

How _____ telco device _____?

Is _____ approach to tailor _____ device settings _____ usage _____?

What ____ the ____ to ____ telecom device settings?
____ it ____ to adjust the ____ of ____ telecommunications ____ to ____ different ____?
Do you ____ guidelines ____ configuring telecom ____ usage scenarios?
What should ____ done ____ modify ____ device preferences ____ operational ____?
What's the ____ setting ____ device ____?
Is there a ____ to adjust ____ configurations based ____?
Is ____ an optimal ____ telecommunications device settings ____ needs?
There are ways to adapt ____ settings ____.
How ____ device ____ according to usage?
How should the ____ changed?
____ methods are ____ for ____ device ____?
____ device's customizations be changed based ____?
Which ____ suggest ____ tailoring telecommunication equipment for ____?
____ a method ____ telecom ____ settings according to ____ scenarios?
____ comes to adjusting ____ what ____ best methods?
____ telecom ____ for ____ usage scenarios?
____ for different ____ scenarios on ____
____ is the ____ method ____ telecom ____?
How can ____ adjust our equipment's ____ usage?
____ are ____ change telecom settings?
What ____ best ____ of setting ____ settings ____ situation?
____ ideal approach ____ tailoring ____ device settings ____ based on ____.
Is it ____ to ____ for ____ scenarios ____ a telecom ____?
Is there a ____ way ____ my ____ settings?
____ we adapt ____ different needs?
____ to adjust ____ settings to ____?
____ a way ____ adjust ____ device ____ in different ____?
How ____ we adjust our ____ settings according ____?
____ know if there ____ any suggestions on adjusting ____ device ____ different ____.
____ methods are ____ telecommunications use?
How might ____ communication tool be changed ____?
____ might preferences ____ in a communication ____ for ____?
What's the best way ____ telecom ____ scenarios?
____ out ____ to ____ this telecom ____ as per different ____ mark.
How about adjusting device ____?
Is there a ____ to tailor communications ____?
Which approach should ____ modify ____?
____ can I change my ____ to ____ scenarios?
Looking for ____ to modify ____ setup ____ on ____ situations.
Suggestions on ____ to ____ telecom device ____ situations?
____ the best ways ____ our ____ equipment settings?
How ____ adjust ____ device ____ usage scenarios?
How do ____ adapt ____ setting ____ your ____?
What is ____ method ____ settings?
____ do ____ telecom device ____ in different ____?
