

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Requests for energy-saving tips or recommendations
Inquiry Sub-Category	Lighting options
Description	Customers ask for suggestions on energy-efficient lighting choices, such as LED bulbs, to reduce their electricity usage.
Data Size	9,608 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

How _____ I _____ in _____ and dollars _____ incandescent bulbs to _____ in my entire _____?
 _____ the conversion of my _____ lighting _____ to savings in _____ consumption _____?
 Will _____ of _____ lighting _____ LEDs _____ to significant savings in energy _____?
 Is _____ to _____ all _____ lightbulbs in _____ to save kilowatt- hour and _____?
 I _____ how much juice _____ cash _____ when _____ to led _____.
 _____ want _____ what the potential energy _____ cost savings _____ be _____ my _____ home's _____ to LEDs.
 Let me know how _____ and _____ be saved _____ replace _____ with energy _____ ones.
 What _____ the _____ if I _____ to _____ of my lights?
 _____ of _____ and _____ what _____ for _____ entire _____ if I useLED bulbs instead of incandescent _____?
 _____ it possible to _____ the _____ my residence _____ to _____ money?
 _____ is _____ estimated _____ home _____ I replace _____ incandescent bulbs with LEDs?
 Are you able _____ an estimate of kilowatt-hours _____ cost savings _____ home's _____ to _____?
 How many kilowatt-hours and _____ be _____ I _____ in _____ home with _____?
 _____ tell me how much _____ would save if I _____ from _____?
 _____ give an _____ the kilowatt-hours _____ dollar _____ I switched out all the _____ my house?
 _____ I be able to _____ usage _____ I _____ to LEDs?
 _____ need _____ estimate of _____ cost savings if I _____ my _____ to LEDs.
 _____ me how much _____ and energy can _____ saved _____ all _____ the light _____ in my _____ to _____.
 _____ possible _____ save kilowatt-hours and _____ by _____ to LED _____?
 _____ of my _____ lighting _____ to _____ savings in _____ consumption and expenses?
 I _____ to know _____ much _____ and _____ I _____ save _____ my bulbs _____ LEDs.
 _____ it _____ good idea _____ switch _____ to energy- _____ LEDs?
 I would _____ to _____ much money and energy _____ be _____ if I change _____ light _____.
 Can _____ me how much _____ is _____ when _____ replace my _____ bulbs?
 Do you know _____ possible _____ reduce kWh/dollar _____ LEDs _____?
 What are the potential energy _____ cost savings _____ could _____ achieved _____ home's lighting _____?
 Is _____ possible _____ give an estimate _____ reduction and cost-saving _____ all-LED _____?
 _____ much do _____ save _____ consumption _____ money spent _____ the _____ house _____ switch from incandescents to _____?
 _____ it _____ change _____ the _____ in _____ to _____ and save kilowatt-hour?
 I need _____ much _____ money _____ be saved by replacing _____ lightbulbs with _____ in _____ house.

_____ much _____ I _____ I switch from incandescents _____ ?
 _____ if _____ can save kilowatt-hours and _____ switch to LED _____.
 _____ much do _____ by changing _____ my house?
 I _____ from _____ bulbs _____ LEDs _____ house, _____ I _____ interested in _____ electricity savings.
 _____ there _____ potential energy and _____ savings I _____ my whole home's lighting _____ ?
 How much _____ I _____ in _____ watt consumption and money spent _____ ?
 Is it _____ to change all _____ the _____ in _____ house _____ save a _____ money?
 If _____ switch all _____ to LEDs, how _____ do _____ in _____ usage _____ monetary _____ ?
 I _____ to know if _____ estimate of _____ and _____ if I switch my _____ to _____.
 _____ it possible _____ save money _____ changing my bulbs _____ in _____ house?
 I'd like _____ know how _____ kWhs _____ per _____ I switched home lighting _____ LEDs.
 _____ kind of savings, in _____ and _____ to LEDs _____ ?
 _____ possible _____ me to _____ and _____ through the _____ of LEDs?
 Is it _____ to _____ significant amount _____ by _____ incandescent to LED _____ ?
 _____ to _____ kilowatt-hours _____ dollars _____ save by replacing my house lights _____.
 _____ possible to save a lot if _____ switch _____ to _____ ?
 Can you give me _____ the kilowatt-hours and cost _____ I switch _____ of _____ LEDs?
 What _____ the _____ energy _____ switch to LEDs?
 I'd _____ what the potential energy _____ cost _____ would be _____ replaced _____ home's _____ with LEDs.
 How many kilowatt-hours _____ could _____ saved _____ replaced all _____ bulbs in my _____ ?
 _____ much can be saved with _____ to LEDs _____ ?
 _____ give an _____ of kWh reduction _____ well _____ going all-LED _____ home
 Is it _____ the _____ in _____ house _____ both energy _____ money?
 Can _____ me an estimate _____ the kilowatt-hours _____ amount that would be saved _____ conventional bulbs _____ my
 _____ LEDs help me _____ electricity _____ ?
 _____ it possible to _____ all _____ lightbulbs in my _____ to _____ monetary _____ ?
 Is it _____ save in _____ and _____ when replacing _____ ?
 _____ like to know _____ many _____ I would get _____ switched home _____ to LED.
 Is it _____ to _____ cash _____ to LEDs _____ my house?
 Is _____ possible _____ my _____ usage _____ by using LEDs?
 How _____ do _____ save _____ both _____ across the whole _____ when I switch _____ LEDs?
 Is it _____ save money _____ kWh _____ using _____ ?
 Can _____ me how _____ in kilowatt-hours _____ dollars _____ I switch all my household _____ to _____ ?
 _____ it possible _____ kWh usage and expenses?
 _____ would _____ to _____ save in electricity usage _____ dollars across _____ entire _____ with _____ upgrade _____ traditional bulbs-LEDs
 What _____ and cost _____ be _____ I upgraded my whole home's _____ ?
 _____ estimate of kilowatt-hours _____ dollar _____ that would be _____ switched out _____ conventional bulbs?
 _____ it possible for _____ save kilowatt-hours _____ if _____ from _____ lights.
 Is it possible to _____ and _____ by _____ my entire _____ ?
 How _____ can I save _____ kilowatt-hours _____ I _____ to _____ in my _____ ?
 _____ a _____ kWh/dollar expenditure with an _____ switch?
 Want _____ switch all the house _____ to _____ LEDs?
 By replacing _____ bulbs with LEDs, _____ reduce _____ expenditures?
 _____ it possible to _____ and _____ by _____ to LED _____ ?
 _____ the potential savings _____ to the _____ efficient lights in _____ house?
 _____ it possible to save _____ and _____ to LEDs?
 Let _____ energy can be saved by changing all of _____ fixture _____ my _____ to _____.
 Is _____ possible to save _____ lot _____ dollars _____ switch _____ bulbs?
 _____ want to _____ how much _____ save in _____ as _____ as dollars across _____ entire _____ with an upgrade _____

_____.

Can you _____ how _____ kWhs _____ per dollar I _____ home lighting to LEDs?

Will _____ to _____ on _____ in the home?

_____ I switch _____ bulbs to _____ can _____ tell me _____ much _____ save?

I _____ to know how _____ I'll _____ by changing all _____ lights _____.

How _____ I _____ in both watt _____ spent _____ whole _____ if I _____ to LED lamps?

Is _____ money if _____ switch from incandescent _____ LED _____?

How much _____ I save _____ to LED _____?

I'm wondering if you _____ me how much I can _____ I _____ bulbs _____.

_____ all my home's incandescent bulbs to _____ can _____ estimate _____ kilowatt hours and cost _____?

_____ do _____ think it will _____ to _____ residential _____ bulbs with _____?

How _____ cost reduction _____ kilowatt-hours _____ and monetary value _____ it _____ you _____ all bulbs _____?

_____ question: Replacing _____ with LEDs _____ the entire _____ - kWh _____?

Can changing _____ result in significant energy _____ cost _____?

_____ electricity _____ can be _____ by replacing traditional lightbulbs with energy- efficient _____ within your _____?

_____ save _____ kilowatt hours and dollars by _____ every _____ in _____ home with LED alternatives?

What _____ the _____ rescue I get _____ to LEDs?

_____ save cash _____ by _____ to LEDs in _____ home?

_____ switch _____ incandescent _____ to _____ what will the energy _____ be?

Will _____ my house save _____?

_____ it _____ potentially _____ both _____ usage and expenditures _____ LEDs?

How much do _____ think _____ by _____ to _____?

_____ possible _____ save cash and _____ switch to _____ in the _____?

I would _____ to _____ I _____ save in _____ across my entire _____ with an _____ traditional bulbs-LEDs

What _____ potential energy _____ cost _____ could _____ by changing my _____ lighting _____?

Please let _____ much _____ and energy _____ be _____ if I _____ light _____.

How _____ can _____ by making the switch _____ my _____?

How much cost _____ in kilowatt-hours _____ monetary _____ it if _____ switched _____?

_____ are the savings _____ kWh _____ I switch to _____?

_____ there any _____ energy _____ if I _____ to _____ in my _____?

Can _____ how _____ to save by replacing _____ lights with _____?

I need your _____ figuring out how _____ money and energy _____ if I _____ light _____ to _____.

I _____ know _____ could save _____ electricity usage and _____ across _____ with an upgrade from traditional _____

I'd _____ know _____ much _____ could save _____ electricity usage and _____ by upgrading _____ bulbs-LEDs.

Is it _____ me to _____ and cash _____ old bulbs with _____?

_____ want _____ know how _____ I can _____ with _____ in my _____.

Will _____ change _____ help cut down on _____?

_____ I save _____ to LEDs at home?

_____ want _____ know _____ there _____ estimate of _____ cost _____ if I switch _____ LEDs.

How will I save _____ I _____ LEDs in _____ house?

_____ it _____ to save _____ kilowatt-hours _____ dollars by changing _____?

_____ kWhs and _____ do you reckon _____ get if I _____ lighting to _____?

How much _____ I _____ use of LED _____?

_____ transitioned _____ bulbs to LEDs _____ my _____ and _____ knowing the possible _____ monetary savings.

_____ changing _____ result in significant energy savings?

_____ want _____ much electricity _____ money _____ replacing traditional lightbulbs with energy _____ LEDs in my _____.

_____ want to upgrade my _____ home's _____ to _____ save _____ and _____.

_____ possible to _____ in my _____ LEDs for kilowatt-hour _____ monetary savings?

How many kilowatt _____ would be _____ if I _____ every _____ my home _____ ?

_____ it possible _____ the potential kilowatt-hour + _____ savings _____ residential incandescent _____ with _____ ?

I would like to know _____ much _____ save _____ switch my household _____ to LEDs.

Is _____ possible for _____ to _____ both _____ and money if _____ ?

_____ much _____ save in _____ and money _____ the _____ when I switch to _____ lamps?

_____ are the _____ cost _____ switch _____ LEDs in _____ house?

How _____ affect my _____ bills _____ entire _____ if _____ switched _____ LED bulbs?

What _____ savings _____ replacing traditional lights with _____ entire _____ ?

Can _____ give _____ of the _____ and dollar amount _____ saved if I _____ out _____ the conventional bulbs _____

What's _____ savings for _____ entire home, in terms of kWh and _____ my old _____ ?

In terms _____ kWh _____ dollars, what _____ the _____ savings _____ entire home if _____ my _____ with _____ ones?

_____ to save _____ and dollar with my _____ to _____ ?

Saving question: Replacing _____ lights with _____ the _____

Will I _____ to _____ and expenses _____ converting _____ home's _____ to LEDs?

Can you _____ much I will _____ I switch all _____ bulbs _____ ?

_____ want to _____ how _____ dollars _____ save _____ house lights with LEDs.

Is it possible _____ to _____ if I _____ from _____ to LED lights?

_____ the potential savings _____ I switch _____ lights _____ ?

_____ it possible _____ households to save _____ and kWh _____ switch _____ ?

What is _____ dollar amount that would be _____ if _____ switched _____ all the _____ my _____ ?

Saving _____ incandescent lights _____ home.

I want _____ know total _____ kilowatt-hours _____ if I _____ to _____ home.

I _____ like _____ know _____ much I _____ save _____ my entire _____ with _____ traditional bulbs-leds.

Can _____ an estimate _____ kilowatt-hours and dollar amount _____ would be _____ if _____ switched _____ the _____ ?

_____ if I can _____ money if _____ switch to LED _____ .

_____ it possible to save both kWh _____ expenditures _____ ?

Will the _____ LEDs lead to _____ in energy use and _____ ?

_____ if I _____ save in _____ and dollars if I switch _____ my _____ to _____ .

Can I _____ when _____ switch _____ ?

Is _____ possible for _____ save _____ and money if I _____ from _____ .

_____ possibly reduce kWh usage _____ I _____ to LEDs?

Will the conversion _____ lighting _____ LEDs lead _____ in _____ consumption?

_____ you tell _____ the amount _____ kilowatt-hours and _____ that I _____ I _____ LEDs?

I _____ know how _____ can _____ both electricity usage and dollars across _____ with _____ from _____ bulbs-LEDs

Is _____ possible _____ give an estimate of potential kWh _____ all-LED _____ home?

_____ want to know how much _____ kilowatt-hours and _____ if _____ switch _____ household _____ to _____ .

I _____ if it _____ possible to _____ house lights _____ energy-saving _____ .

In _____ money, is there a _____ potential _____ savings when _____ from incandescent _____ to LEDs?

What _____ the _____ when I _____ in my home?

If _____ switch from _____ to _____ are _____ and cost benefits?

_____ how much _____ I can save by _____ the light _____ in _____ house to _____ .

There's _____ potential _____ the replacement of old _____ LEDs.

_____ it possible to _____ changing from incandescents _____ LEDs _____ my house.

Can _____ an _____ kilowatt-hours and _____ be _____ if I switched out _____ the conventional bulbs?

How _____ do I _____ my _____ bulbs with LEDs _____ home?

Is _____ possible _____ change the lightbulbs _____ my _____ LEDs _____ money _____ kilowatt-hour?

Do you _____ an _____ of _____ amount that would be _____ switched out _____ conventional bulbs?

I _____ like to know _____ I would _____ in _____ and _____ my entire _____ upgrade from _____ bulbs-LEDs

_____ the _____ rescue I get when _____ switch _____ LEDs?

I'd like to _____ I'll _____ by _____ lights with _____ .

What ____ can ____ realized if ____ to LED ____ how ____ this ____ electricity costs?
 ____ possible to ____ and dollars ____ from ordinary ____ LEDs at home?
 I want ____ know ____ in ____ save energy ____ money.
 ____ the cost and ____ if ____ switch ____ LEDs in ____ house?
 ____ terms ____ kWh and money, is ____ possible ____ save money ____ you ____ ?
 Is it ____ to ____ usage and ____ by ____ all ____ to LEDs?
 ____ terms ____ is it possible to save ____ when using ____ ?
 I ____ if I can save ____ hours ____ dollars if ____ switch ____ .
 How much ____ reduction ____ usage ____ value can you achieve ____ bulbs toLED?
 ____ it possible for me ____ money ____ I switch ____ to ____ lights?
 Can ____ an ____ much ____ I will save ____ switch to LEDs?
 ____ don't ____ much ____ save if ____ switch to LEDs ____ home.
 What ____ the ____ savings for my ____ if ____ LEDs?
 How much electricity and ____ can ____ saved ____ traditional ____ efficient ____ ?
 ____ to ____ of the lightbulbs ____ to LEDs to save ____ and money?
 ____ to save a ____ and ____ you switch from incandescent bulbs to ____ ?
 ____ save ____ energy consumption and ____ if ____ convert ____ lighting to LEDs?
 ____ what the ____ savings ____ if I switch to ____ my house?
 ____ my light ____ LEDs ____ in significant energy ____ cost savings?
 Is ____ to reduce ____ costs ____ home ____ changing ____ LED ____ ?
 What's the ____ energy and cost ____ I ____ achieve ____ changing my ____ ?
 ____ it ____ to reduce kWh ____ expenditures if ____ from ____ bulbs to ____ ?
 ____ to ____ how ____ I ____ save by replacing my ____ with ____ .
 Can ____ how ____ and ____ will ____ by replacing my ____ with LEDs?
 How ____ the switch ____ LED bulbs affect my electricity ____ be ____ ?
 Can ____ tell ____ much ____ I'd save ____ to ____ at home?
 ____ my light bulbs give me ____ energy and ____ ?
 Can you ____ how much ____ if I ____ incandescent ____ LEDs?
 ____ is ____ I get when I switch ____ LEDs?
 ____ would like ____ know ____ I would save ____ usage as ____ as dollars across ____ upgrade
 from traditional bulbs
 ____ I ____ use LEDs ____ reduce kWh ____ and ____ ?
 ____ it possible ____ save kilowatt-hours and ____ by ____ ?
 Is ____ possible ____ me ____ save kilowatt-hours and money ____ switch ____ light ____ ?
 Interested ____ learning ____ about possible electricity and ____ from ____ bulbs ____ LEDs.
 Is ____ possible ____ in ____ and dollars by ____ LEDs?
 ____ know how much ____ and money ____ be ____ replacing traditional lightbulbs with ____ in ____ home.
 Are you able ____ give an estimate ____ cost-saving by ____ ?
 Is ____ I will save kilowatt-hours and ____ if ____ switch ____ ?
 Is it possible ____ and kWh ____ changing ____ bulbs?
 ____ you give ____ estimate ____ kilowatt-hours ____ amount ____ would ____ if I ____ out all the ____ bulbs.
 ____ know how much ____ energy ____ I change all ____ fixture in my house ____ bulbs.
 ____ it ____ to ____ all ____ in my house ____ LEDs ____ kilowatt-hour ____ savings?
 Changing ____ the lights to ____ me ____ down on ____ usage ____ .
 Will ____ LEDs ____ to significant ____ in energy ____ and expenses?
 ____ give me ____ estimate ____ how ____ electricity and cost ____ would save if ____ all ____ incandescent ____ with ____ ?
 Can ____ much electricity and dollars ____ save if ____ my household bulbs ____ LEDs?
 What's ____ estimated ____ for ____ home, ____ of kWh ____ if ____ switch to ____ over incandescent bulbs?
 ____ it ____ save a lot in kWh ____ money if ____ ?
 ____ it ____ all the ____ lights to ____ LEDs?
 What kind ____ and money, ____ the ____ LEDs provide?

Do _____ much _____ and money can be _____ by _____ traditional lightbulbs _____ in _____ house?

How many kilowatt-hours can _____ I _____ to _____?

_____ possible to save _____ and cost _____ the _____ in _____ home?

I _____ know what the _____ in kWh and _____ switched _____ LEDs.

_____ and dollars would _____ if _____ replaced _____ bulb in my _____ anLED alternative?

_____ wonder _____ all the _____ in my _____ could save _____ a lot of _____.

Will converting my _____ to _____ to savings _____ energy _____ and _____?

What _____ the potential _____ money and _____ switch from incandescent lights _____ LEDs?

Replacing every bulb in my home _____ save _____ money.

Let _____ know _____ and energy _____ be _____ all the light _____ my house to LEDs.

How _____ savings will be _____ replace all residential incandescent bulbs with _____?

Is _____ to _____ money _____ bulbs _____ LEDs _____ home?

_____ possible _____ estimate of potential kWh reduction or _____ all-LED _____ home?

Is _____ possible _____ save cash and kWh _____ my _____ to _____?

_____ transitioned _____ traditional _____ to _____ I am interested in _____ possible electricity and monetary _____.

_____ to _____ and kWh by _____ in my house?

_____ to achieve significant cost _____ kWh reductions _____ changing to energy-efficient _____?

_____ much _____ I save _____ to LED bulbs?

Is _____ change the lights in _____ house _____ to _____ and money?

I'd _____ to know _____ juice _____ I'll save _____ I switch _____.

Is _____ possible _____ change all of the house _____?

_____ you tell me _____ of _____ and dollars _____ can _____ if I switch my _____?

Changing _____ LEDs _____ help _____ cut down _____ electricity usage.

Is _____ possible to reduce _____ bulbs throughout my home?

Can _____ switch be _____ to reduce _____?

_____ it _____ to _____ kilowatt-hours and dollars with _____ in _____?

How _____ the _____ to _____ affect my electricity bills _____ home, and what _____ can _____?

_____ the _____ savings for _____ in terms of _____ dollars, _____ I choose to use _____ bulbs instead of _____

A savings _____ Replacing _____ with _____ the _____ house.

Looking _____ on _____ all house lights to energy-saving _____.

I'm _____ if _____ me how _____ save _____ all my lights with _____.

_____ how much I can save _____ to _____ bulbs at _____.

How much _____ I _____ in _____ consumed _____ money _____ the whole _____ if _____ toLED lamps?

Is _____ possible _____ estimate the potential _____ savings _____ all residential incandescent _____ LEDs?

Will _____ my home's _____ to LEDs _____ lead _____ savings _____ consumption _____?

_____ changing _____ to LEDs have a _____ and cost _____?

_____ how I can _____ electricity and money _____ all my _____ lightbulbs _____ ones.

_____ it possible to cut _____ on _____ costs _____ LED _____?

Can _____ all of _____ in significant energy _____ savings?

_____ light _____ diodes _____ my house _____ energy and money?

_____ it possible _____ of kWh _____ and _____ by going _____ at home?

How much do I save in _____ money _____ the _____ house _____ I _____ to _____ lamps?

_____ wondering if _____ get _____ kilowatt-hours and _____ savings if I switch _____ LEDs.

_____ it possible to _____ reduce _____ and expenditures by _____?

_____ can give me _____ of kilowatt-hours and _____ savings when I _____ to LEDs.

Is _____ to _____ and kWh by flipping _____ to _____?

Can you _____ how many kilowatt-hours _____ dollars I _____ my _____ with _____?

What _____ the potential energy-dollar-saving _____ instead of those _____ home.

_____ know if _____ can _____ and _____ by _____ my light bulbs.

I _____ from traditional _____ my _____ interested in knowing _____ I can save money _____ electricity.

____ it possible to ____ light bulbs to ____ for ____?
 ____ you tell ____ much money ____ energy is ____ when I ____ my old light ____?
 ____ amount ____ hours and dollar amount would ____ saved ____ I ____ all ____ in my house?
 Interested ____ knowing ____ and ____ savings ____ from traditional bulbs to ____ dwelling.
 Is it ____ to ____ usage ____ expenditures with ____ of ____?
 How ____ can ____ save ____ using ____ in my home?
 I ____ the ____ cost ____ be ____ I replaced my whole home's lighting with LEDs.
 Can ____ tell ____ the ____ dollar ____ that would ____ if I switched ____ of the conventional ____?
 Will ____ switch ____ LED ____ costs?
 ____ save ____ and ____ if I ____ LEDs in my house?
 ____ traditional ____ to LEDs across ____ am ____ in knowing the possible ____ and ____ savings.
 Is it possible to change ____ the ____ in my house ____?
 I ____ changing my light ____ to LEDs will result in ____.
 ____ much do ____ in energy ____ money ____ switch ____ LED lamps?
 Should ____ LEDs in ____ to save ____ my entire place?
 ____ it ____ for me to potentially ____ kWh ____ and ____ using ____?
 Can ____ me ____ and dollars ____ I switch to LEDs?
 ____ possible for me to save ____ money ____ I ____ bulbs to ____?
 Is ____ chance for me to ____ kilowatt-hours ____ if ____ switch ____ incandescent ____?
 Is it possible ____ I switch ____ ordinary bulbs ____ LEDs?
 ____ you give me a number of kilowatt-hours and ____ I ____ switch ____ to ____?
 Is ____ save ____ and ____ hours by ____ LEDs?
 ____ question: ____ traditional lights with LED ____ the ____ - kWh ____?
 ____ in my ____ energy and money?
 ____ many kilowatt-hours ____ could ____ I replaced ____ of ____ bulbs in ____ house with LEDs?
 Do ____ an estimate ____ potential kilowatt-hr ____ dollar ____ when replacing all ____ incandescent ____ with ____?
 ____ me ____ estimate of ____ and ____ savings if ____ switch my ____ to LEDs?
 What ____ the ____ kilowatt-hours ____ and ____ value if ____ bulbs are ____ to ____?
 Can you give ____ estimate ____ saved in kilowatt-hours and ____ if ____ switch ____?
 ____ you ____ me ____ much ____ I'd ____ if ____ to LEDs?
 I want to ____ the potential energy ____ be if ____ replaced my ____ with LEDs.
 ____ it ____ to change all ____ the lightbulbs in my ____ to LEDs ____ lot ____?
 How ____ will I ____ I ____ house lights with LEDs?
 Is ____ possible ____ save ____ and ____ with ____ in my ____?
 ____ possible to ____ when ____ incandescent bulbs ____ LEDs?
 ____ transitioned from ____ bulbs to LEDs ____ my ____ and am interested in ____ electricity ____.
 ____ much would an ____ to ____ bulbs-LEDs ____ electricity usage and ____ across my ____ residence?
 ____ would like ____ how much ____ save ____ electricity ____ and ____ across ____ entire residence by Upgrading from traditional ____
 Is it ____ save cash and kWh ____ to ____.
 ____ LEDs help cut down on energy costs ____?
 ____ possible ____ save kilowatt-hours ____ by ____ to LEDs?
 ____ it ____ save ____ and dollars ____ LEDs in my home?
 ____ in ____ home ____ lead to significant savings in ____ consumption and ____?
 Can ____ give me an ____ on ____ cost and ____ if ____ my ____ with LEDs?
 ____ wondering if I ____ save ____ and ____ if I ____ to LED ____.
 Want ____ if you ____ switch all ____ to ____ LEDs.
 ____ are the ____ of ____ the lights ____ house to ____?
 How ____ and dollars could ____ replacing every bulb ____ with LEDs?
 I ____ know how much ____ I'll save by ____ my lights ____.
 ____ and money ____ I ____ when ____ switch to LED?

Is _____ by changing _____ LEDs in my house?

Is _____ for me _____ a _____ and _____ if I switch to LED _____?

I'm _____ electricity and _____ savings _____ from _____ bulbs to LEDs.

Will changing to _____ energy costs?

Is it _____ achieve _____ and kWh _____ by substituting _____ incandescents _____ energy _____ at home?

Is it _____ save a lot of _____ and _____ to LEDs?

_____ there a _____ to _____ on electricity bills by _____?

Is _____ an _____ dollar _____ when replacing all residential incandescent bulbs _____?

_____ many _____ and dollars will I save _____ my _____ with _____?

How much _____ and _____ can _____ by changing _____ home's lighting to _____?

There are _____ kWh and dollars _____ can be _____ I _____ bulbs.

What _____ the _____ savings _____ my entire home, in terms _____ dollars, _____ use LEDs _____ bulbs?

_____ converting my home's lighting _____ to _____ savings _____ use and _____?

What _____ I switch _____ bulbs, _____ how _____ this affect my electricity _____?

What _____ the _____ savings _____ switch _____ lights _____ my house?

_____ my home's _____ to LEDs _____ savings in _____ use _____ expenses?

_____ savings _____ by switch _____ LEDs for _____ entire place?

_____ need _____ how _____ and money can be _____ replacing _____ lightbulbs _____ energy efficient _____ within my _____.

Can _____ me _____ estimate on how _____ electricity _____ if I _____ to _____?

_____ are the energy _____ cost savings _____ achieve _____ lighting to _____?

_____ save _____ dollars by changing to LED bulbs?

Please _____ much _____ and _____ can be _____ if I _____ all _____ the light _____ in my _____ to _____.

_____ it _____ possible _____ switch _____ lights to energy-saving _____?

_____ potential _____ with _____ replacements _____ of the old _____ bulbs?

_____ feasible to switch _____ lights to energy-saving _____?

_____ it _____ to save kilowatt-hours and _____ by replacing every _____ LEDs?

I _____ estimate on the amount _____ kilowatt-hours and _____ I _____ from _____ LEDs.

_____ you _____ me _____ of _____ kilowatt-hours _____ dollar amount _____ would be _____ if I switched out _____ bulbs _____ my

_____ to save kWh _____ dollars _____ I _____ bulbs to LED _____ at home?

_____ a _____ energy-dollar-saving with LED _____ those old incandescent _____.

What _____ energy and _____ switch my lights _____ LEDs?

What are _____ and cost _____ on _____ to _____ in _____?

_____ don't _____ juice _____ I will save when I _____ to _____.

What's the estimated _____ my _____ in _____ of kWh _____ I use LED bulbs instead of _____?

_____ the estimated _____ for _____ in terms _____ and dollars, if I _____ to _____ bulbs instead _____

How much is the _____ both kilowatt hours usage _____ if _____ switch all _____?

I _____ like to know _____ much I could _____ electricity usage _____ well _____ across my _____ I _____ traditional bulbs _____

Can _____ me how many _____ and dollars _____ I switched home _____?

_____ juice _____ cash will _____ save _____ I switch _____ LED?

By replacing _____ bulbs with _____ can _____ kWh _____ expenditures?

_____ can I save _____ electricity _____?

Is _____ to _____ kWh _____ from ordinary bulbs to LEDs.

Can you _____ me _____ estimate _____ the kilowatt-hours and _____ that _____ saved if _____ out _____ conventional bulbs _____ my

_____ possible for me _____ by changing to LEDs _____?

Replacing _____ lights with _____ the _____ residence is _____ savings _____.

Can _____ tell _____ I'd save if _____ to _____ at home?

Is it _____ of potential kWh reduction and cost-saving _____ going _____.

_____ possible to decrease _____ with _____ LEDs switch?

_____ you _____ me _____ the savings _____ I _____ from incandescent _____ LEDs at home?
 _____ you _____ kilowatt-hours and dollar amount that _____ be _____ if _____ out all the _____ bulbs in _____ house
 What are the _____ savings when _____ my house?
 I want _____ know how _____ kilowatt-hours and dollars I will _____ replace my _____.
 Is _____ that _____ LEDs in _____ house _____ save both _____ energy?
 Saving _____ traditional lights with LEDs _____ residence
 Let me know how _____ money and energy _____ saved _____ replace _____ of the light fixture _____.
 _____ will be _____ and _____ savings _____ I switch _____ LEDs?
 Can I _____ reduce _____ by transitioning _____ bulbs to _____?
 _____ the light _____ to _____ save _____?
 _____ an estimate _____ potential kWh reduction _____ cost-saving _____ all-LED at home?
 _____ the change _____ bulbs _____ costs?
 _____ much kWh and _____ can _____ switch to _____ bulbs?
 In terms of _____ and dollars, _____ the estimated savings _____ home _____ LED bulbs?
 I _____ to know _____ and energy can be saved _____ all _____ fixture in my _____ to _____.
 Will _____ home's _____ to _____ to substantial savings?
 _____ of _____ the estimated savings for _____ home if I switch _____ LED bulbs?
 What are the _____ and cost savings _____?
 How _____ cost reduction _____ is it if _____ switch all _____ toLED?
 _____ LEDs reduce _____ kWh usage _____?
 Can _____ of the _____ and _____ savings if _____ switch my _____ LEDs?
 How _____ kilowatt-hours _____ can _____ save by _____ in my _____?
 _____ possible _____ save _____ and money _____ switch from incandescent toLED lights?
 _____ it possible _____ cash _____ kWh _____ moving my entire house _____?
 _____ possible _____ LEDs _____ my whole _____ can save both _____ and _____?
 _____ how _____ money and _____ be saved if I _____ the lights in _____ house _____.
 _____ want _____ the _____ savings _____ kilowatt-hours _____ dollars if I _____ to _____ at _____.
 How _____ the _____ LEDs save me _____ and _____?
 _____ much _____ reduction in _____ usage and _____ is _____ if you _____ bulbs _____ LEDs?
 What _____ savings _____ I switch _____ lights _____ my house _____?
 How _____ I _____ save kilowatt-hour _____ using LEDs?
 _____ possible to _____ and energy by _____ LEDs _____ my house?
 What is my kilowatt-hour _____ if I _____?
 _____ much do _____ think I _____ save by _____?
 I _____ how _____ kilowatt-hours and _____ would be saved _____ every bulb in _____ home _____.
 _____ want to know _____ and _____ can save _____ changing to _____ home.
 Is _____ a better deal _____ kilowatt _____ and _____ dump _____ with LEDs?
 I _____ know _____ much _____ and _____ I can _____ to LEDs.
 Let _____ know _____ much _____ and _____ be saved _____ I _____ all _____ fixture _____ my house with _____ bulbs.
 What _____ the _____ savings _____ I _____ my lights _____ LEDs?
 What _____ rescue that I get if _____ to _____?
 Is _____ possible that _____ LEDs _____ home energy costs?
 _____ possible to change _____ lightbulbs _____ my house to _____ kilowatt-hour?
 I _____ like to know _____ potential energy and _____ I _____ my whole home's _____ LEDs.
 _____ like _____ know how much I _____ save in electricity usage and _____ across my _____ upgrade _____
 _____ I _____ to _____ save _____ and money?
 I would like _____ the _____ energy and cost _____ be if _____ my home's _____ LEDs.
 _____ it possible _____ me _____ cost _____ reductions _____ all _____ incandescents with energy efficient LEDs at _____?
 _____ the _____ energy and _____ savings _____ could _____ by _____ my _____ home's _____ toLEDs?

____ you tell ____ can save ____ changing all ____ my ____ bulbs ____ LEDs?
 How ____ in kilowatt-hours usage ____ value ____ you ____ by changing ____ LEDs?
 Can you tell me ____ much ____ dollar amount ____ be ____ if ____ the conventional ____ in ____ home?
 ____ me how I can save ____ money ____ lightbulbs with energy ____ my home.
 Can changing ____ LEDs lead to ____ and ____ savings?
 ____ lights with energy-saving ____ would ____ less.
 ____ much ____ the ____ usage and monetary ____ when you switch ____ bulbs ____ LED?
 ____ it possible ____ estimate the ____ reduction ____ as ____ going all-LED ____ home?
 ____ will ____ cost savings if ____ switch ____ LEDs in ____ house?
 Tell me the ____ electricity ____ be saved ____ replacing ____ with energy-efficient LEDs ____ my house.
 Please let ____ know how much ____ energy will ____ if ____ all ____ light ____ in my ____ with ____.
 ____ light ____ to ____ lead to significant energy and ____?
 ____ cost reduction in ____ kilowatt-hours usage ____ monetary value is ____ switch ____ bulbs to ____?
 What ____ could ____ get ____ to LEDs for my ____?
 ____ possible to ____ kWh usage and expenditures ____?
 Saving money changing ____ LEDs ____?
 ____ savings can ____ if I ____ LEDs, and how will ____ my ____?
 There's a potential energy-dollar-saving ____ instead ____ those ____ home.
 ____ me know how much ____ and money ____ be ____ by replacing traditional lightbulbs ____ ones ____.
 ____ the switch to LEDs ____ bills ____ the whole home, and ____ can be ____?
 How ____ can ____ all home lighting systems to ____?
 Is ____ kilowatt-hours and ____ if ____ to LED lights.
 Is it ____ to change ____ the ____ my ____ to LEDs and ____ monetary ____?
 Is using ____ kWh usage and ____?
 Can ____ all my light bulbs ____ energy ____ cost ____?
 If I ____ from ____ to LEDs ____ home, can ____ tell ____ the ____?
 Is it ____ save ____ money if I switch from ____ to ____?
 ____ much I could save in ____ electricity usage and ____ entire residence ____ upgrade from
 traditional ____
 If ____ out all the ____ give me ____ estimate of the ____ and dollar amount saved?
 If ____ of my bulbs ____ LEDs, can ____ me an ____ of ____ cost savings?
 ____ terms of ____ and dollars, ____ the ____ entire home ____ replace ____ incandescent bulbs with ____ energy -
 I want ____ if I ____ save kilowatt-hours ____ money ____ switch to ____.
 ____ I switch ____ of my household ____ to ____ can ____ how ____ I'd ____?
 ____ can ____ to LEDs, and how will this ____ my electricity ____?
 What ____ the kilowatt-hour and cost ____ switch ____ in ____ home?
 ____ my home's lighting to LEDs will ____?
 Is it possible ____ save kWh ____ I ____ toLED bulbs ____?
 ____ possible to ____ kilowatt-hours ____ money if ____ switched to ____?
 ____ it possible for me to ____ and ____ switch from ordinary ____ to LEDs ____?
 I ____ much electricity ____ money can be ____ by ____ traditional ____ energy ____ ones ____ my home.
 ____ much ____ upgrade ____ traditional bulbs-LEDs save me in both electricity ____ across ____ residence?
 After transitioning ____ traditional bulbs to ____ I'm ____ possible electricity ____ monetary savings.
 Can you give an estimate of ____ replacing ____ incandescent ____ with LEDs?
 Can I ____ LEDs ____ reduce kWh ____?
 ____ how much ____ money is ____ when I replace ____ bulbs with newer ones?
 ____ much ____ if we switch ____ home ____ systems to light ____?
 ____ possible to change ____ the ____ my ____ to ____ and ____ kilowatt-hour and ____?
 ____ it possible to ____ kilowatt-hour ____ by going ____?
 What is ____ kilowatt ____ and ____ savings ____ to LEDs ____ my ____?

_____ much _____ in _____ consumption and _____ the _____ house _____ I switch _____ incandescents to LED lamps?
 I _____ to know how much _____ and _____ be saved _____ replacing all _____ energy _____.
 Is it _____ save _____ and _____ using LEDs?
 Can you tell _____ how much savings _____ save if _____?
 If _____ to LEDs, what will _____ the energy and _____?
 _____ all _____ the _____ to LEDs will help _____ cut _____ usage.
 _____ it possible _____ LEDs to save _____ and _____ traditional bulbs in _____?
 _____ me _____ estimate of the _____ savings when I _____ my home's bulbs _____ LEDs?
 _____ possible to save kilowatt-hours _____ replacing every _____ my house with _____.
 I want _____ know if you can give _____ estimate _____ the kilowatt hours _____ I _____.
 Is it _____ to _____ energy costs _____ by _____ to _____?
 _____ the _____ and cost savings if _____ switch _____?
 _____ my lights _____ what are _____ energy and _____ reductions?
 Is it _____ save _____ and _____ by transitioning _____ incandescents _____ LEDs in _____?
 _____ I _____ all the conventional bulbs _____ you _____ me an _____ of the kilowatt-hours _____ saved?
 What's _____ savings _____ my _____ home, in _____ of _____ dollars, _____ I use LED bulbs over _____?
 _____ me _____ and money I _____ by _____ traditional lightbulbs with energy _____ ones in _____ home.
 _____ want to know the _____ of changing all _____ to _____?
 How much _____ save _____ watt _____ money _____ across the whole _____ if I _____ to _____?
 Let me _____ how _____ electricity and _____ by replacing traditional _____ with energy-efficient _____ house.
 I don't _____ kWh _____ dollars I can save if _____ switch to _____.
 _____ be _____ I switch to LED bulbs, _____ how will this _____ my _____?
 _____ it possible to _____ and _____ with the _____ to _____?
 Please _____ me know how _____ and energy _____ be saved _____ replace _____ the _____ fixture in my _____.
 _____ to lower _____ expenditures through using LEDs?
 _____ can I save by _____ LEDs _____ my _____ home?
 Can _____ me _____ much I'd save if I switch _____ bulbs _____?
 Is _____ possible _____ the lightbulbs in my _____ LEDs _____ a _____ savings?
 If _____ switch to _____ in _____ house, _____ the _____ savings be?
 _____ much can I _____ LEDs _____ house?
 _____ much do _____ save if _____ LEDs?
 I want to _____ money can be _____ if _____ replace _____ traditional _____ with _____ efficient ones.
 _____ you give me _____ estimate on _____ much _____ be _____ I replace all my incandescent _____?
 _____ cost reduction _____ kilowatt-hours usage and _____ if we switch all _____ LEDs?
 Is it _____ to estimate _____ dollar _____ replacing _____ bulbs with LEDs?
 What _____ the _____ and cost savings if _____ switch _____ home?
 _____ want to _____ changing all my _____ bulbs _____ will result in _____ cost savings.
 I'm wondering how much _____ save _____ in both electricity _____ and dollars across _____ entire _____.
 _____ savings _____ switched to LEDs for my whole _____?
 I don't know _____ much I _____ bulbs _____ home.
 How _____ cost _____ in both _____ usage and monetary value _____ be _____ all bulbs _____?
 _____ reduction in kilowatt-hours usage and _____ we switch all bulbs _____?
 _____ much would _____ upgrade to _____ bulbs-LEDs _____ me _____ electricity usage as _____ my entire _____?
 How _____ I save by _____ my _____ to _____?
 _____ it possible to _____ and dollars by _____ my _____ an alternative?
 _____ it _____ save kilowatt-hours _____ dollars by _____ incandescent _____ LEDs _____ my home?
 _____ the _____ to LEDs cut _____ energy _____?
 _____ you provide an _____ of _____ kilowatt-hr _____ savings when replacing _____ bulbs _____ LEDs?
 _____ I _____ of my incandescent _____ with _____ give _____ an estimate on the _____ and _____ savings?
 _____ don't know _____ much I _____ save by _____ from _____ in _____ home.

_____ is the _____ for _____ entire home, _____ terms _____ kWh and dollars, _____ choose to _____ over incandescent _____?

Is _____ potential _____ reduction as _____ as cost savings by going all-LED at _____?

Is it _____ to _____ kWh and dollars _____ home.

After _____ traditional _____ LEDs _____ my dwelling, I _____ knowing _____ electricity savings.

Is it possible _____ me _____ save energy _____ money by _____ my _____?

Can _____ of the _____ cost savings if I _____ LEDs in my _____?

_____ be beneficial _____ switch all _____ lights _____ LEDs?

_____ help me _____ money _____ incandescent bulbs in _____ home?

Is _____ possible to _____ kWh _____ LEDs for my entire _____?

Will the _____ LED _____ with home energy _____?

_____ it _____ save cash _____ switch _____ incandescents to _____ in my house?

_____ want to _____ much I will _____ by replacing _____ house _____ LEDs.

Can I save money _____ in _____?

_____ kilowatt-hours and dollars _____ every bulb _____ my house were _____ LEDs?

Can _____ me _____ estimate _____ the amount _____ dollars, if _____ switch _____ LEDs?

_____ much _____ can _____ changing to LEDs at home.

Will _____ switch _____ bulbs cut _____ on _____ costs _____?

_____ how much _____ be saved _____ all traditional _____ with energy efficient ones in my _____.

_____ to _____ if _____ can save kilowatt-hours and _____ to LED lighting.

_____ you _____ me _____ I'd save if I _____ to _____?

_____ the _____ savings _____ entire home, in _____ of _____ if _____ switch over to LEDs?

_____ want _____ know how _____ and _____ can be _____ replacing _____ with energy efficient _____ in my _____.

_____ need to know _____ and money can _____ replacing traditional lightbulbs with _____.

_____ much _____ in both kilowatt-hours _____ and monetary value does _____ bulbs to _____?

_____ want _____ many kilowatt-hours _____ dollars I _____ by changing _____ to LEDs.

_____ am _____ to save kilowatt-hour _____ dollar _____ switch _____ LEDs?

Can _____ tell _____ how much _____ can _____ changing all of _____ bulbs _____?

_____ want _____ how much electricity _____ money can be _____ replacing traditional lightbulbs with _____ ones _____.

I want _____ how much _____ will _____ saved if _____ the light fixture _____ my house to LED _____.

_____ kWh _____ can I _____ changing _____ LEDs at home?

_____ give me _____ estimate on how _____ if I switch _____ LEDs _____ the house?

What is the _____ for my _____ in _____ of kWh and dollars, _____ use _____ bulbs instead _____?

_____ cost _____ kilowatt-hours usage and monetary value when you _____ bulbs to _____?

_____ home's lighting _____ LEDs lead to significant _____ in _____ and _____?

How many kilowatt-hours _____ be saved _____ I replaced _____ bulb _____ my house _____ a _____?

_____ changing _____ of _____ bulbs _____ LEDs _____ in _____ and cost savings?

Is it possible _____ reduce kWh/dollar _____ an _____?

How _____ do I save in watt consumption and _____ house _____ I _____ from _____ to _____?

What's _____ potential energy-dollar-saving with LED _____ instead of _____ old _____?

Will _____ house save energy _____ money?

_____ to change _____ lightbulbs in my _____ to _____ and save kilowatt-hour _____?

_____ it _____ to estimate potential kWh _____ cost-saving _____ going all-LED _____?

Is _____ possible _____ save kilowatt-hours _____ by _____ incandescent _____ LEDs?

Is _____ changing light _____ with LEDs at home?

_____ to save _____ and dollars _____ to LEDs?

_____ be _____ by _____ from old-fashioned _____ for every room at a _____?

_____ the kilowatt-hour _____ cost _____ the _____ to LEDs _____ my home?

_____ are _____ and cost _____ I could _____ my whole home's lighting _____?

_____ it possible to _____ and expenditures by _____?

_____ old incandescent _____ with _____ to _____ kilowatt-hours and cash?

Is it _____ an estimate _____ savings _____ I switch all my home's bulbs _____?

How much _____ and _____ I _____ if I switch from _____ at _____?

_____ it _____ save kilowatt _____ and _____ changing _____ incandescent _____ to LEDs in _____ home?

_____ transitioned _____ traditional _____ LEDs across _____ so I'm _____ in knowing _____ electricity _____ monetary savings.

Please _____ me how _____ energy will be saved _____ replace all of the _____ my house _____.

_____ amount of kWh and _____ save _____ switch _____ LEDs?

_____ much _____ in _____ and monetary value _____ it if _____ switch all bulbs _____?

_____ don't know how much _____ in _____ electricity usage _____ well as _____ my entire _____ I _____ traditional bulbs

_____ wondering _____ I can _____ kilowatt-hours _____ switch from incandescent lights to _____.

Is _____ possible to _____ kilowatt-hours and cash _____ replacing _____ LEDs?

_____ like _____ how much _____ save if I _____ all _____ to LEDs.

What's _____ savings for my entire home, _____ terms of _____ kWh _____ use _____ over _____ ones?

_____ changing my _____ to LEDs going to result _____ and _____?

_____ much electricity _____ money _____ saved by _____ traditional _____ LEDs _____ my home?

_____ switch my home's _____ bulbs to _____ can you give _____ estimate of _____?

_____ is the _____ with _____ replacement of _____ bulbs _____?

_____ kilowatt-hour and cost _____ to switch to _____ my _____?

Will the _____ to _____ cut down _____ energy _____?

_____ kilowatt-hour _____ cost savings _____ I switch _____ LEDs in my _____?

_____ there anything _____ do _____ save kilowatt-hours _____ money _____ to LED lights?

_____ it possible _____ a household to _____ money _____ kWh _____ they _____ incandescent bulbs _____?

_____ the _____ savings _____ home, in terms of kWh _____ dollars, _____ I _____ led bulbs instead _____ incandescent _____?

How _____ would _____ upgrade _____ bulbs-LEDs save me _____ both _____ as _____ dollars _____ my entire residence?

What _____ energy _____ cost savings be _____ LEDs _____ the house?

_____ it possible _____ money and _____ by changing _____ incandescents _____ in _____ house?

Can you _____ of the kilowatt-hours and _____ amount that would _____ saved if _____ all _____?

What's _____ my _____ in _____ of kWh _____ dollars, if I replace _____ old _____ bulbs with _____ ones

_____ possible to save a _____ money _____ changing _____ to Led _____?

Is _____ possible _____ to _____ both _____ and _____ if _____ light emitting devices?

What are the _____ savings on LEDs _____?

_____ much _____ I save _____ I switch to LEDs?

What _____ cost _____ I could achieve _____ changing my entire _____ to LEDs?

_____ would like to know _____ kWh _____ dollars I _____ if _____ switch _____ bulbs.

What's the estimated _____ for my _____ home, _____ terms _____ both kWh _____ dollars, _____ incandescent bulbs _____?

In kWh _____ money, _____ savings could _____ switch _____ provide?

_____ give me _____ estimate _____ the kilowatt-hours _____ dollar amount that _____ save if I _____ out all _____?

_____ are the _____ savings of _____ in _____ house?

Is _____ possible _____ hours _____ cash _____ of LEDs in my home?

Is _____ for _____ save _____ lot of _____ they switch to LEDs?

I _____ all the lightbulbs _____ my _____ LEDs _____ lead to _____ monetary savings.

What _____ the kilowatt _____ and cost _____ LEDs in my _____?

_____ want _____ much _____ and dollars I can save _____ switch from ordinary bulbs _____.

Is _____ a _____ potential for savings in _____ of _____ and _____ when changing from _____?

_____ to know if _____ possible _____ switch all _____ lights to _____.

What is _____ rescue _____ I change to _____?

_____ the _____ energy-dollar-saving _____ instead _____ those old incandescent _____ at home?

If I replace all _____ my incandescent bulbs _____ can _____ me an estimate _____ savings?

_____ converting my _____ lighting _____ going _____ lead to significant _____?

_____ the kilowatt-hour and cost _____ I switch _____ my _____?

_____ and kilowatt-hour savings if I _____ to _____?

_____ the cost and energy savings _____ switch to _____ in _____.

Please _____ me how much money _____ can _____ saved _____ light _____ in my home.

What is _____ kilowatt-hour _____ when _____ switch to LEDs in _____?

_____ there _____ chance _____ will _____ and _____ if _____ switch to LEDs?

_____ save _____ by changing incandescent _____ to LEDs?

I'd like _____ many kWhs _____ I'd get _____ I switched my _____ LEDs.

Is it possible to _____ and _____ if _____ switch _____ ordinary _____ more efficient ones _____?

_____ is _____ savings if _____ switch _____ incandescent _____ LED lights?

_____ it possible to save _____ hours and _____ by _____ house?

Is _____ to _____ cut _____ on _____ energy costs?

How much can I _____ by _____ efficient _____ at home?

_____ wondering how much I'll _____ replacing _____ lights _____ LEDs.

Is it _____ to save _____ money if I _____ from _____ lights _____?

_____ possible to save kilowatt-hours _____ dollars if I _____ bulbs _____?

_____ it possible to save a _____ of money _____ bulbs _____?

After _____ from traditional bulbs _____ LEDs _____ I'm _____ in _____ electricity and _____ savings.

Can _____ of _____ reduction and cost-saving that _____ come _____ going all-LED at _____?

_____ I _____ kWh _____ through _____ LEDs?

_____ much _____ and _____ can _____ if I _____ from ordinary _____ to LEDs _____?

I _____ know how _____ and _____ save _____ I switch _____.

_____ possible _____ save _____ and kWh by changing to _____ my _____?

_____ I _____ to LEDs in my _____ how much _____ save?

If I switch all my _____ to LEDs, _____ much _____ and _____?

_____ the switch to _____ affect _____ costs _____ the entire _____?

_____ it possible _____ save _____ kWh _____ changing _____ LEDs _____ my whole _____?

_____ dollars _____ I switch from ordinary to LED bulbs _____ home.

Can _____ me an estimate _____ kilowatt-hours _____ dollars saved if _____ to _____?

_____ it _____ save a lot with _____ across _____ entire _____?

_____ is the _____ savings for _____ both kWh _____ dollars, if I _____ to LEDs?

_____ potentially reduce kWh _____ and _____ with the _____ of _____?

What are _____ and _____ savings on _____ my _____ LEDs?

Can _____ much money will be saved if _____ LEDs at _____?

_____ it possible to estimate _____ potential _____ dollar savings _____ replacing _____ bulbs _____?

_____ me how much _____ will _____ I _____ all of the light _____ in my _____ to LEDs.

How _____ would switch to _____ save _____ and _____?

_____ it _____ to save _____ and _____ changing to _____ in _____ house?

_____ much money _____ when I _____ to LEDs?

Is there _____ way _____ cash and kWh _____ LEDs?

What is _____ rescue I _____ when _____ LEDs?

_____ is the _____ of _____ rescue that I _____ I _____ to _____?

_____ to _____ an _____ of kWh _____ as well _____ cost-saving by _____ all-LED at _____?

_____ am interested _____ how _____ kilowatt-hours _____ dollars I _____ save by _____ my _____ LEDs.

_____ is _____ cost and _____ savings _____ I _____ LEDs _____ my house?

What _____ the potential savings _____ LED lights in _____.

Is _____ possible to _____ kWh _____ and _____ with _____ LEDs?

If _____ to LEDs _____ my _____ what _____ the energy _____ reductions?

_____ to know _____ much money _____ I _____ I _____ all of the _____ fixture in my _____ LEDs.

_____ possible to _____ and _____ by changing from incandescents _____ the house?

_____ is the potential _____ instead _____ old incandescent _____ at home.

Is _____ and dollars by _____ in my _____ with an alternative?
 _____ it possible _____ me _____ kWh _____ dollars _____ switch to LED bulbs at _____?
 _____ your _____ figuring out how much _____ energy _____ saved by _____ the light _____ in my house _____.

Is _____ possible _____ money _____ moving _____ to LED lights?

What's _____ instead of the old-fashioned bulbs?

Please _____ me how much money _____ be saved if I change _____ in _____ LEDs.

How _____ do I _____ on watt _____ money spent _____ the _____ house _____ I switch _____ to _____?
 _____ want _____ how much I can _____ with _____ LEDs in _____.

_____ and cost savings _____ changing my whole home's _____ to LED options?

What _____ potential _____ replacements instead _____ the _____ bulbs at home?
 _____ am wondering _____ I can save kilowatt-hour _____ dollar when _____.

_____ save energy and _____?
 _____ bulbs make a difference in energy costs _____?

Is _____ possible to _____ savings in _____ and money _____ the _____?

_____ much _____ save with the _____ in _____ entire _____?
 _____ wondering if _____ can give me _____ kilowatt-hours and cost _____ I _____ LEDs.

_____ it possible to save _____ kilowatt-hours and _____ LEDs?

What would _____ energy _____ cost reductions _____ I _____ to LEDs _____?

Can _____ tell me how _____ would save _____ I _____?

_____ upgrade to traditional _____ me _____ electricity usage as well as dollars _____ my _____ residence?

Is _____ possible _____ dollars by _____ every bulb _____ my home with LED _____?

_____ much _____ I save _____ both watt _____ money spent _____ if I _____ to LEDs?
 _____ you tell me what _____ potential savings _____ be _____ my house?

I want _____ how much money and energy _____ by changing _____ fixture _____ my house _____.

Changing all _____ to _____ help _____ cut down _____ kWh _____

Let me know _____ much electricity _____ can _____ by _____ all traditional _____ with _____ in _____ home.
 _____ in both kilowatt-hours usage _____ monetary value is _____ if _____ all bulbs to _____?

What _____ potential for _____ electricity _____ with _____ use of _____?

Is _____ possible _____ and _____ by using _____ in _____ home?

_____ to know how many kilowatt-hours _____ dollars I _____ save _____ LEDs.
 _____ you give _____ an _____ the kilowatt-hours _____ dollar _____ that would _____ saved if _____ switched _____ conventional
 _____ my house

Will you _____ to _____ an estimate of _____ reduction _____ cost-saving _____ all-LED _____ home?
 _____ save kilowatt-hours and cash by _____ bulbs _____ home with LEDs?

_____ let me _____ much _____ be saved if _____ all _____ the light fixture in _____ house _____ LEDs.
 _____ is the _____ of me _____ kilowatt-hours _____ money _____ I _____ LEDs?

_____ possible _____ the lights in _____ house _____ LEDs to save _____ and money?

I _____ if _____ save kilowatt-hours and _____ if _____ LEDs for my household bulbs.

How would my _____ bills be affected _____ switched _____?

Is there _____ to save kilowatt-hours _____ switch to LEDs?
 _____ it _____ to save _____ lights with _____ home?

_____ it possible _____ money if _____ switch to _____ in my _____?

Can you tell me how _____ lights with LEDs?
 _____ much _____ save _____ all my _____ lights with LEDs?
 _____ kilowatt-hours and _____ saved if I _____ every _____ in my home with _____ emitting _____?
 _____ estimated savings for _____ terms of kWh _____ dollars, _____ I _____ old incandescent bulbs _____ ones
 _____ every bulb in _____ home _____ could _____ me _____ dollars.

How much _____ save in _____ consumption and money _____ across the _____ to LED lamps?

Let me know how _____ money _____ will _____ saved _____ all the light _____ my house _____ LED _____.

_____ cost reduction in _____ use and monetary _____ it _____ you _____ bulbs to LEDs?
 _____ much _____ saved _____ transitioning the _____ in your home _____ LEDs?

_____ the kilowatt-hour _____ cost _____ on going to LEDs _____ ?
 Should I _____ my incandescent bulbs _____ LEDs _____ to _____ and _____ ?
 How can _____ save kilowatt-hour _____ by going _____ ?
 _____ much would _____ from traditional _____ save _____ in both _____ and _____ my entire home?
 _____ you _____ estimate _____ the kilowatt-hours _____ dollar _____ when _____ residential incandescent bulbs _____ LEDs?
 I would like to _____ how much _____ would _____ my _____ residence with an upgrade from _____ .
 I would _____ know how much _____ save on _____ across my _____ house _____ an _____ from _____ bulbs-leds.
 I want _____ know if _____ can get _____ and cost _____ if I _____ to _____ .
 Is it possible _____ money when _____ incandescents with _____ ?
 I _____ like to _____ how _____ and dollars I _____ replace all _____ house lights _____ LEDs.
 Is it _____ to _____ money _____ energy _____ LEDs across _____ ?
 _____ savings _____ realized if I _____ to _____ bulbs, _____ will _____ have on _____ electricity bills?
 _____ I switch _____ home's _____ LEDs, can you _____ an estimate of _____ and _____ ?
 How much do I save in _____ across the house if _____ to _____ ?
 How many _____ can _____ save _____ I switch _____ ?
 I would _____ know _____ much kilowatt-hours _____ dollars I'll save by replacing _____ .
 Can LEDs help _____ money _____ ?
 _____ if you _____ all house _____ to energy-saving LEDs?
 I would like to know how _____ I _____ save _____ both _____ dollars _____ an _____ from _____ LEDs.
 _____ want _____ know how much _____ and dollars I will _____ replacing _____ .
 If I switch to _____ home, _____ me an _____ of _____ and cost _____ ?
 _____ can I do to save _____ I _____ my _____ home's _____ LEDs?
 How much savings would _____ take _____ for my _____ ?
 I want to _____ how _____ money I will _____ by _____ LEDs.
 Will the _____ in _____ house _____ money and _____ ?
 Is it _____ kilowatt-hours _____ money if I switch to LED _____ .
 What _____ could switching _____ provide _____ place?
 Will _____ to _____ emitting devices _____ energy costs at _____ ?
 _____ are the kilowatt-hour _____ associated with _____ to LEDs in _____ ?
 _____ want _____ know the amount of _____ dollars I _____ I _____ all my _____ bulbs to _____ .
 _____ I switch out _____ bulbs _____ my _____ can _____ give _____ of kilowatt-hours and _____ amount saved?
 _____ am _____ potential savings would _____ switched to _____ lights throughout my _____ .
 I'd like _____ much _____ money can be saved _____ replacing _____ lightbulbs with energy _____ .
 Is _____ possible _____ save a _____ of money _____ to LED _____ ?
 _____ savings when I switch to _____ in my home?
 Can _____ a lot _____ by _____ to LEDs?
 _____ it _____ the _____ in my _____ to LEDs _____ order to save _____ of money?
 How much _____ I save in kilowatt-hours _____ LEDs _____ my _____ ?
 _____ I be able _____ energy and money _____ home's _____ is _____ LEDs?
 _____ reduction _____ kilowatt-hours usage and _____ value do you _____ all bulbs _____ ?
 _____ savings, in _____ and _____ could a _____ LEDs _____ me?
 _____ it possible to save kilowatt-hours and _____ incandescent bulbs _____ .
 Is _____ to save a _____ of money if _____ LED _____ ?
 Can you give _____ an estimate on _____ be _____ switch to LEDs throughout _____ ?
 What is the kilowatt-hour _____ if _____ home to _____ ?
 _____ is the potential _____ saving on _____ with _____ ?
 How _____ do _____ converting _____ LEDs?
 _____ I switch _____ household bulbs to _____ you tell _____ how much I'll _____ and _____ ?
 _____ the switch _____ LEDs save _____ ?
 I need an _____ of _____ kilowatt-hours and _____ savings _____ switch _____ home's _____ .

How _____ to _____ bulbs _____ electricity bill for the _____ house?
 _____ know my _____ and _____ when _____ switch to LEDs?

What are the potential _____ switch _____ lights in _____?
 _____ converting _____ to LEDs _____ substantial _____ in energy _____ and costs?
 _____ don't know how _____ juice _____ I'll save _____ I switch _____.

Will _____ possible _____ reduce energy costs _____ changing to _____?
 Can you give _____ reduction as _____ as cost-saving if _____ at _____?
 _____ to save a _____ money on _____ from _____ lights to _____?
 _____ can _____ realized if I switch my _____ to LEDs, and _____ will _____ my _____?
 _____ switch from ordinary to LEDs _____ home, _____ save?
 _____ reduce kWh _____ LEDs?

I am _____ how much kilowatt-hours _____ by replacing _____ with LEDs.
 _____ would be obtained _____ old-fashioned lights _____ every room at _____ residence-wise _____?

What _____ the _____ and _____ I switch to LEDs _____ my _____?
 If _____ switch to _____ throughout _____ house, what are _____ cost _____?
 _____ how much kilowatt-hours _____ I'll _____ by _____ my _____ to LEDs.
 I'm _____ if _____ give _____ an _____ the kilowatt-hours _____ cost _____ if _____ switch to LEDs.
 Can you _____ how _____ can _____ and dollars if I switch my lights _____?
 _____ know the estimated savings _____ home, in _____ of kWh and dollars, _____ switched to _____.
 _____ there a _____ to _____ kWh/dollar _____ with _____ LEDs?

How much is _____ usage _____ monetary value _____ switch all bulbs to LED?
 What _____ can _____ realized if _____ bulbs, _____ how _____ this affect _____ power bill?
 Can _____ money _____ LEDs?
 _____ much _____ I _____ in both watt consumed and money spent _____ entire _____ to LED _____?

Is it possible _____ reduce kWh _____ expenditures with _____ use _____?
 What's the _____ of _____ when I switch to _____?
 Can you _____ me _____ much money _____ saved _____ I _____ ancient light _____ with newer _____?
 Can _____ me how _____ I can save _____ switch all my _____?
 I _____ know _____ much _____ save in both _____ with an upgrade from traditional bulbs-LEDs.
 Is it possible _____ save _____ lot _____ money by changing _____?
 _____ wondering _____ my kilowatt-hour _____ savings _____ switch to LEDs.
 _____ me the _____ of electricity _____ can be saved by replacing traditional _____ energy- _____ my _____.

Is _____ all the lights _____ my _____ to kilowatt-hour and _____ savings?
 Please _____ how much _____ and energy can be _____ I _____ of _____ my house _____ LED bulbs.
 _____ much _____ be saved by changing _____ home _____ to LED?
 _____ it _____ to _____ and _____ with _____ use of _____ in _____ house?

Can you _____ saving on electricity bills with _____ bulbs?
 _____ converting my home's lighting _____ to substantial _____ in _____?
 Saving _____ and kWh by _____ to _____ house?
 What _____ in kWh _____ could _____ by _____ LEDs?
 _____ changing to LEDs _____?

_____ are the _____ energy _____ I _____ my _____ home's lighting with more energy efficient options?
 _____ I use LEDs _____ house to _____ energy?
 _____ amount of _____ and _____ I _____ changing to LEDs _____ home?

What _____ energy _____ cost _____ I change my lights _____?
 _____ to _____ a _____ of kilowatt-hours _____ dollars by _____ to _____ in my _____?
 _____ you give _____ an estimate _____ kilowatt-hours _____ costs if _____ switch _____ home?
 _____ possible _____ save money _____ kWh with _____ entire house?
 _____ possible to _____ my light bulbs _____ to save energy _____?

How _____ do I _____ consumption _____ spent across the house _____ I _____ from _____ to LEDs?

_____ can _____ save by changing to LEDs?

Can you _____ much _____ can save if _____ switch _____ for _____ of my household _____?

I _____ to know total _____ dollars if I _____ LEDs _____ home.

_____ to _____ a lot of _____ when you _____ from _____ LED lights?

Is it _____ a _____ money _____ from incandescent to LEDs?

Is it possible _____ house _____ save energy and _____?

_____ the LEDs in my _____ can save energy _____.

I don't know _____ much juice _____ cash _____ can _____ over to _____.

What's the _____ savings _____ entire home, in terms _____ I switch _____ LED bulbs?

_____ it _____ to reduce _____ and expenditures when _____ LEDs?

There _____ of _____ on _____ bills with the _____ of LED _____.

_____ savings if I _____ LEDs in my home?

What _____ I do to save _____ and _____ if _____ lights _____ LEDs?

_____ it possible _____ cash _____ by _____ my entire _____ to LEDs?

How much _____ me to _____ to _____ lights in my _____ house?

_____ question _____ lights with LEDs over _____ residence _____ \$\$\$ impact? "

_____ my home's _____ going _____ to significant energy savings?

_____ are the _____ and cost _____ achieve _____ my whole home's lighting to LEDs?

_____ it be _____ to switch _____ energy-saving LEDs?

Tell _____ the amount _____ and money that _____ saved _____ replacing _____ lightbulbs _____ energy _____ ones.

I _____ like to _____ much I _____ on _____ usage _____ dollars across _____ entire _____ with _____ traditional bulbs.

Is it _____ to change _____ house _____ to save kilowatt-hour _____ monetary _____?

Should _____ switch all _____ house _____ to _____?

_____ know how much _____ and energy can be saved _____ I change _____ light fixture _____ house _____.

Is there _____ save _____ and money if _____ switch _____?

_____ possible _____ save kilowatt-hours _____ by replacing _____ incandescent lights with _____?

_____ potential energy and cost savings I could _____ if _____ whole home's _____ to LED _____?

In _____ of kWh and _____ the _____ savings _____ my entire home _____ I use _____ bulbs _____ ones?

Is _____ lighting entirely _____ LEDs going _____ save _____ a _____ money?

_____ are the _____ energy _____ savings _____ changing my _____ home's lighting from _____ bulbs to LED _____?

_____ lightbulbs _____ will help me _____ down on kWh _____ well as _____.

_____ much would an _____ traditional _____ me _____ usage _____ money across _____ entire residence?

Will _____ to _____ help me _____ kWh usage and _____?

What's _____ kilowatt-hour and _____ savings if _____ switch _____ in _____?

If I switch to _____ at _____ can _____ savings in kilowatt-hours _____?

How _____ the _____ LED bulbs affect my _____ bills _____ home?

Is _____ I can save _____ and dollars if _____ my _____ to LEDs?

_____ there _____ deal in _____ hours _____ cash if I dump _____ bulbs _____?

_____ using LEDs reduce _____ kWh _____?

Is it _____ to save money if _____ to _____?

What are _____ kilowatt-hour _____ dollar _____ when _____ switch _____?

Is _____ to save _____ of money _____ to LED _____?

_____ change to LED bulbs help _____ costs _____ home?

Is _____ possible _____ save _____ lot in _____ and _____ changing _____ LEDs?

Changing _____ LEDs _____ help _____ cut down on _____ and expenses.

Is it possible _____ could _____ money _____ I switched to _____?

_____ many _____ would be saved if I _____ every bulb _____ home _____ an _____ one?

Can changing my light _____ result in _____?

_____ will _____ switch to _____ affect _____ electricity _____ what savings _____ be _____?

How much _____ dollars _____ I save _____ house lights with _____?

If _____ switch all _____ bulbs to LEDs, can you give me _____ and _____?

_____ the potential energy and cost savings that _____ be achieved by _____ options?

Can _____ me _____ estimate _____ how much _____ I'd _____ I switch _____ LEDs?

_____ much can I _____ installing _____ my home?

_____ give _____ kilowatt-hours that would _____ I switched out _____ the _____ bulbs in my house?

_____ much _____ in kilowatt-hours usage and _____ value _____ all bulbs _____ switched _____?

_____ LEDs help me _____ kilowatt-hours and cash _____?

_____ the _____ with _____ for the old incandescent bulbs?

_____ me what _____ potential savings are if I _____ in _____ house?

I _____ like an _____ and cost savings _____ switch to _____.

_____ to know _____ much kilowatt-hours _____ save _____ I _____ to LEDs.

_____ the LEDs in my _____ energy _____?

With an _____ from _____ bulbs-LEDs, _____ save in _____ well as money across my entire _____?

_____ it _____ to _____ and _____ by installing LEDs in _____?

_____ an _____ kilowatt-hours _____ savings if I _____ all my home's bulbs to _____?

_____ it _____ to give an estimation _____ reduction and cost-saving _____ home?

Is _____ to save _____ kWh _____ LEDs _____ the _____ home?

Can you _____ me how much _____ replace _____ with LEDs?

_____ much _____ I _____ changing to LED _____?

_____ is the amount of _____ in _____ and monetary _____ switch all bulbs _____?

_____ me know how _____ energy can be saved by _____ the _____ in _____ house to _____.

_____ possible to _____ all _____ in _____ home to _____ and save _____ money?

Is _____ possible _____ give _____ estimate _____ potential kWh reduction or _____?

How would the _____ LEDs _____ electricity bills _____ house?

_____ switch to _____ how much _____ I save?

_____ from old-fashioned lights to LEDs _____ room at _____ values _____ be _____?

I'd like to _____ can _____ in kilowatt-hours _____ dollars if _____ switch my _____ bulbs _____.

_____ it _____ save money by _____ lights _____ LEDs?

How much can I _____ LEDs in _____?

_____ like to know _____ I could save _____ electricity usage _____ money across my _____ an upgrade from _____.

Is _____ possible that LEDs _____ me _____ and _____ my _____ place?

Will _____ my light _____ to _____ in _____ energy _____ cost _____?

Tell _____ the _____ and money that _____ by _____ traditional lightbulbs with _____ efficient _____ in my _____.

_____ terms of kWh _____ dollars, _____ the _____ for my _____ home _____ I _____ LED _____ instead _____ incandescent _____?

Please tell _____ money and _____ I _____ save if I change all _____ light fixture _____.

Is it _____ to save _____ by _____ in my _____ house?

_____ am _____ what the energy _____ cost reductions will _____ if _____.

_____ switch _____ LEDs save me?

_____ you tell me the savings _____ I switch _____?

_____ to achieve _____ cost savings _____ my _____ home's lighting to LEDs?

Can you tell me the _____ dollar _____ that _____ be _____ switched _____ all _____ bulbs _____ my _____?

_____ it possible to _____ kilowatt-hours _____ replacing _____ incandescent _____ with LEDs?

How _____ energy and _____ savings _____ be able to _____ by _____ entire home's lighting _____?

_____ savings can _____ realized _____ I _____ to LED _____ how _____ this affect my _____?

_____ let _____ know how _____ I _____ if I change _____ light fixture in _____ house to LEDs.

How _____ would _____ bulbs-leds save _____ in electricity _____ as well as dollars across _____?

_____ is the _____ and cost _____ to LEDs?

If I _____ home's lights _____ can _____ give _____ an estimate _____ cost savings?

_____ need _____ how much _____ and _____ can _____ traditional lightbulbs with energy- efficient LEDs.

_____ it possible _____ lights to energy-saving bulbs?

How much kilowatt-hours and _____ would be saved _____ I switched _____ bulbs _____ home?

How _____ the _____ in my _____ me?

I _____ like to _____ much I _____ save _____ both _____ usage as well _____ across my entire _____ upgraded from _____

_____ tell me _____ much electricity _____ can _____ saved by _____ traditional _____ efficient ones in my _____.

_____ changing _____ result in significant energy _____ cost _____?

How much money _____ LEDs?

_____ it _____ reduce kWh _____ by transitioning to _____?

Is _____ possible _____ kWh _____ dollars if I _____ from _____ light emitting _____?

_____ it _____ to _____ kilowatt-hours _____ having LEDs in my _____?

_____ are _____ and _____ savings _____ achieve if I switched _____ whole _____ lighting _____ LEDs?
