Company Type	Water and Wastewater Utility Companies
Inquiry Category	Leak detection and repair assistance
Inquiry Sub-Category	Leak detection data analysis
Description	Inquiries related to the analysis and interpretation of data gathered from leak detection activities conducted by the utility company.
Data Size	5,005 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

What _____ found in leaked _____ rate measurements _____ previous analyses _____ Water Utility Companies _____?

_____ signs can be _____ when analyzing water flow _____ data _____?

_____ are the things that are _____ to _____ in the water _____ analyzed _____?

Water _____ have _____ historic _____ rate _____ could you share _____ common ones?

There _____ could indicate _____ leak in _____ leaked water _____ rates analysed by _____ utility _____.

What _____ are _____ by water _____ leaked water flow _____?

How about the indicators found _____ taken from _____ done _____ the _____ company?

_____ that could _____ the leak in the leaked _____ rates _____ similar _____ providers.

_____ are _____ found _____ leaks in _____ flow _____ taken from _____ by the water utility _____?

_____ signs are there _____ leaked water flow _____ data _____ water _____?

_____ you compare _____ water flow _____ what other utilities have _____ shown, what _____?

Do signs of _____ flow _____ show _____ in analyses _____ providers?

When _____ compare leaked water flow _____ other _____ have _____ the usual _____?

What _____ are present _____ analyzing _____ flowrate _____ from _____ companies?

_____ common markers discovered during examination of _____ leaking _____ be provided _____ water _____.

_____ you _____ me _____ found in _____ flow _____ from previous studies?

_____ are _____ most common indications when studying _____ water _____ from the _____ performed by _____?

_____ are the _____ indications _____ studying leaked water _____ based _____ previous _____ by similar _____ to _____?

What _____ the common markers identified in _____ assessments _____?

_____ found _____ in _____ water _____ rates taken _____ studies by your company?

What signs are _____ companies _____ analyzing leaking _____ rates?

What _____ the most _____ that come from _____ levels from the _____ done _____ similar utilities.

details of _____ were found in the _____ water _____ by _____

There are a few _____ indications seen _____ leaky _____ flowrate _____ them?

We would _____ about typical indicators _____ studies _____ water flow by companies like _____.

The _____ Utility Company _____ in _____ past, and can I _____ a _____ of _____ prevalent indicators?

_____ you know _____ are _____ common signs of _____ in _____ tests?

_____ are the _____ revealed _____ studying leaked water _____ levels, _____ previous _____ by similar utilities?

Information about _____ noticed _____ past _____ of _____ water flow rates from _____ performed _____ companies _____ yours _____

_____.

_____ able to _____ typical indicators from the _____ leaked water _____?

_____ Utility companies have done _____ historic _____ how come you see _____ signals _____?

_____ done a lot _____ water flow _____ come you _____ observed _____ signals in the past?

_____ companies have done _____ historic water flow _____ analyses, how come _____ observed _____ previous _____?

There are some _____ that _____ a _____ water _____ rates _____ similar utility providers.

_____ signs _____ a leaking water _____ show up _____ analyses _____ utility _____?

_____ signs are _____ for analyzing leaked water _____ from _____ utility _____?

_____ want to know _____ can give _____ the leaked water flow.

_____ usual indication of _____ water _____ when you look at what other utilities _____ been _____?

Do you _____ the _____ other companies use _____ water flow

_____ signs of leaks _____ found in the _____ flow _____ measurement in _____ past _____.

How about _____ in _____ in _____ flow rates from studies _____ the _____?

_____ common indications _____ leaked water flow levels from previous assessments _____?

Can you tell _____ you've found in _____ past analyses _____?

_____ repeated _____ of leaks _____ flow rate readings recorded _____ utilities similar to _____.

We would like to know _____ the _____ indicators _____ leaks of _____ flow by _____ your.

When analyzing _____ water _____ rate data at Water _____ Companies, _____ are _____ come _____?

Water Utility _____ have done many _____ rate observations _____ you share _____ of _____?

_____ companies have done many historic _____ flow rate observations, _____ could you _____?

_____ signs _____ present _____ water flow rate _____ at _____ utility companies?

_____ know _____ typical indicators _____ other _____ determine leaked waterflow?

_____ indication of _____ flow levels when compared _____ what other utilities _____ shown?

What _____ some regular _____ come _____ when _____ water flow _____ at Water Utility _____?

_____ me if _____ have _____ signs in _____ leaked water _____ you've dealt with?

What _____ the results _____ previous _____ performed by similar _____ when _____ water _____ levels?

_____ markers have _____ found in the _____ rates _____ water utility _____?

There are some _____ signs of _____ flow rate data _____ Water _____ Companies _____ are _____.

_____ you able to _____ us _____ of _____ in the water _____ measurement _____ past?

_____ have _____ many _____ water flow _____ observations, _____ you share _____ few _____ them?

What _____ in previous _____ of leaked water flows _____ utility _____ similar _____?

What _____ indicators did you _____ when _____ leaked water flows _____ companies of _____ same _____?

What are the usual _____ flow _____ on previous assessments _____ by _____ utilities?

_____ were found _____ at leaking _____ rates by _____ Utility Companies?

Water _____ have _____ historic _____ rate observations, so could _____ give us _____ you've seen?

What markers _____ in historical _____ flow _____ readings _____ by utilities _____ are _____?

I _____ interested in _____ markers _____ the past _____ water _____ Water _____ Companies.

_____ rate _____ by Water _____ some _____ of leaking water.

_____ about indicators _____ the water _____ from _____ the Water Utility Company?

_____ have done _____ historic _____ flow _____ observations, so _____ you _____ signals that _____ have seen?

_____ the _____ signs of _____ leak at your water _____ companies?

_____ the _____ water _____ data from the water utility companies?

_____ companies have _____ many historic water flow _____ you tell me any _____ seen?

_____ found _____ the past leaking water rates by _____ you _____ give me?

Is there _____ signs of leaked _____ rate _____ similar _____ providers?

How about the indicators _____ water _____ rates taken _____ by your _____?

What are the _____ by studying _____ water flow _____ assessments _____ similar utilities to _____?

_____ companies have been doing _____ flow rate _____ how _____ similar signals?

How about indicators _____ leaks _____ water flow _____ studied _____ Water _____ Company?

_____ you tell me _____ any _____ findings _____ to look _____ in the historical _____ flow rate leakage?

Water ____ companies ____ done ____ rate observations, so ____ share any signs you ____?

We would like to ____ about typical ____ noticed ____ past studies related ____ flow ____ companies.
 ____ markers were ____ in ____ water ____ by ____ Utility Companies?

What are the most ____ studying leaked water flow ____ have been ____?

____ there ____ pattern of ____ traces ____ water ____ that the utility ____ before?

____ I ____ about ____ prevalent ____ the Water ____ Company measured leak ____ in the past?
 ____ show up when ____ flow rate data ____ water ____ companies?
 ____ are ____ analyzing leaked ____ flow rates ____ water utility ____?

Do ____ of ____ leaked ____ flow ____ show ____ in ____ by similar ____ providers?

What ____ did ____ see in ____ flows measured ____ utility companies of ____ size ____?

Water Utility companies ____ many ____ observations, so ____ you ____ a few common ____?
 ____ about typical ____ noticed ____ past ____ leaked ____ flow rates from ____ performed ____ companies ____ yours
 ____ are the ____ identified in ____ water ____ that ____ been ____ Water ____ Companies?

How ____ indicators in the ____ flow rates ____ studies ____ utility ____?

Can you give us ____ typical indicators ____ in the ____ measurement from ____?
 ____ is the typical indication ____ leaked water flow ____ you ____ at ____ other ____ already ____?

When you ____ leaked water ____ levels ____ utilities ____ able to do, ____ usual indication ____ leak?
 ____ most ____ that come from studying ____ water flow levels ____ evaluated by other ____?

Water utility companies ____ done ____ flow ____ observations, so ____ give a ____ common ____?

How ____ the ____ found ____ the water flow ____ by ____ Water ____ Company?

I would ____ to ____ found ____ the past leaking ____ rates ____ water utility companies.
 ____ would ____ to ____ if ____ are ____ typical indicators discovered in ____ regarding ____ of ____ flow by ____.
 ____ the typical ____ that ____ companies use to ____ leaking water ____?
 ____ are the regular signs ____ flow rate ____ water utility ____?

____ Water Utility ____ measured leak rate in prior studies and ____ I ____ the ____ indicators ____?

Water ____ historic ____ so could you give us any ____ you have seen?

There ____ of leaked water flow rate ____ utility providers.
 ____ are a few ____ indications ____ leaky water flowrate records ____ by ____.

Water utilities have done ____ water ____ analyses so how ____ you ____ similar ____?
 ____ would ____ to know ____ typical indicators discovered ____ previous ____ regarding ____ rates
 ____ about ____ found in ____ water ____ from studies by your ____ utility ____?

What cues ____ find when analyzing ____ at utility ____ as yours?
 ____ know ____ are any recurring patterns ____ investigations similar to the analysis ____ by ____ organization?

How about the ____ the ____ flow rates ____ studies done ____ the ____ Utility Company?
 ____ a few prevalent ____ within past leaky water ____ by ____.
 ____ recurring patterns in ____ water leak ____ undertaken by your organization.

The ____ Company measured ____ in previous studies ____ a better ____ of ____ prevalent indicators?
 ____ Utility ____ have ____ many historic water flow rate ____ so could ____ share ____ have ____?
 ____ Utility companies have ____ historic ____ rate ____ so ____ you ____ a ____ common ones?

Water Utility companies ____ flow rate analyses, ____ come ____ the same signals in the ____?
 ____ typical indicators ____ in past studies related to leaked ____ flow rates ____ companies ____ is ____.

There ____ markers ____ leaking ____ historical ____ flow ____ readings recorded ____ utilities ____ yours.
 ____ companies do many historic water ____ analyses ____ how ____ have observed ____?
 ____ Water Utility ____ leak rate in prior ____ so ____ I learn ____ the ____?

There ____ leaks in ____ historical ____ rate readings recorded by ____.

The Water Utility Company ____ leak ____ previous ____ and ____ get ____ understanding ____ prevalent indicators

Can ____ us ____ the ____ indicators ____ are ____ the water flow measurement?
 ____ Utility ____ have done ____ rate analyses so ____ come you see ____?

The ____ Company measured leak ____ learn more about the prevalent ____?

Can ____ tell me ____ there are any ____ signs of leaks ____ tests conducted ____ Utility ____?

____ most common indications revealed ____ studying leaked ____ levels, ____ on previous ____ by ____ utilities?

____ signs ____ indicate ____ leak in the water flow ____ similar ____ providers.

____ companies have done many historic ____ flow ____ and how ____ you've ____ so ____ signals?

____ you ____ me typical ____ from ____ analyses of ____ leaked ____?

When ____ water flow ____ to what other utilities ____ able ____ is the ____?

What ____ present ____ leaked water ____ at water utility ____?

Are you able ____ indicators from the ____ flow?

____ are markers ____ present in ____ water flow ____ recorded by ____ yours.

When ____ of ____ rate data at Water ____ what are ____ signs?

____ telltale ____ the leaked water rate ____ that ____ have dealt with?

____ utilities have ____ many historic ____ rate analyses, ____ come you've observed ____?

Mention ____ markers were ____ the ____ leaking ____ rates ____ Water ____ Companies.

Clues ____ flow rate findings, ____ same as ____ leaks?

You can ____ details of what markers ____ found ____ water rates by Water ____.

Water ____ companies have ____ historic water flow ____ how come ____ signals in ____ ones?

Did ____ know ____ markers ____ during ____ of ____ leaking ____ rates are ____ own water ____ company?

Leakage ____ measured ____ have been ____ in ____ conducted by such ____.

____ capable of giving typical indicators ____ the ____ leaked water ____?

Water utilities have done many ____ water ____ rate ____ you've seen similar ____ the ____?

Water Utility companies have done ____ flow ____ analyses ____ how ____ you've ____ in the ____?

____ regular signs ____ water flow ____ leak at ____ Utility ____ your area?

What ____ the ____ that come ____ studying ____ water flow levels done ____ utilities ____?

____ have you found ____ previous analyses ____ flows ____ utility ____ the same size ____ yours?

What is ____ usual ____ water flow levels ____ compare ____ what other utilities ____ shown?

____ are markers ____ historical water flow ____ readings recorded by ____ to ____.

____ some of ____ regular signs ____ water flow rate ____ at Water ____ to you?

____ are the same ____ that ____ in ____ analyzed by water ____ companies?

The Water Utility ____ measured leak rate ____ a better ____ about the ____?

____ are a few prevalent indications ____ leaky water flowrate ____ are ____ by companies ____.

There were ____ found ____ past ____ water ____ Water ____ Companies.

How about the ____ the ____ rates ____ studies by ____ company?

____ past ____ water rates by ____ Utility Companies you ____ give me.

There ____ indications seen within past leaky water ____ that ____ surveyed ____ companies ____ to ____.

____ there when analyzing ____ water flow rate ____ utilities?

How ____ indicators ____ water ____ found in studies done by ____?

What signs ____ you see ____ analyzing leaked ____ data ____ companies?

____ your ____ Utility ____ have any ____ leaked water ____ rate measurement?

____ have many historic ____ flow rate ____ could you share any ____?

____ the usual ____ leaked water ____ levels when you ____ it to ____ utilities have ____?

Can ____ that are ____ in ____ water flow measurement from ____ past?

Can ____ tell me ____ signs are found ____ rate ____?

Can you tell ____ the ____ have any common ____ leaks?

____ are ____ few ____ indications ____ the ____ water flowrate records surveyed by ____ yours.

Water ____ done ____ historic ____ analyses, ____ come you have observed many ____ signals?

How ____ indicators ____ in leaks in water ____ from studies ____ by ____ Company?

____ are indicators found in leaks in the ____ studies by ____ water utility ____.

Can ____ tell me what indicators you've ____ in ____ of ____?

We would ____ know the typical indicators found ____ previous ____ leaks of ____ flow ____.

____ are some ____ water flow rate ____ leak ____ water ____ companies?

Water _____ have _____ water _____ observations, so _____ you provide a few?
_____ me if _____ any common signs in _____ water _____ tests?

Water utility _____ have done many _____ water _____ analyses, _____ how _____ observed many _____ signals?
Which common _____ are _____ water _____ assessments by _____?

_____ would _____ to know what indicators _____ been _____ in _____ studies _____ of _____ flow _____ companies like _____.
_____ some _____ in _____ leak investigations _____ the analysis measures undertaken by _____.
_____ tell _____ what indicators you _____ in _____ water flow assessments _____?

_____ have done historic water _____ rate observations, _____ could _____ share any signals you _____?
_____ indicators found _____ the _____ taken from studies by your _____ Utility Company?
_____ that could _____ leak in _____ leaked water flow rates analysed _____ utility _____.
_____ regular signs _____ water flow rate data leak _____?

_____ you _____ there are _____ in the leaked water rate tests _____?
_____ may _____ the _____ flow rates analysed by _____ utility providers.
_____ are _____ signs _____ flow rate _____ at Water Utility _____ like to _____?

What are the _____ indications _____ from studying _____ flow _____ based on previous _____ similar utilities _____?

_____ are indicators _____ in _____ flow rates taken from _____ by your _____ company.

What _____ leaked water _____ data from _____ utility companies?
_____ are _____ in leaks _____ the _____ flow rates _____ by the water _____ company.
_____ you _____ us the _____ that are _____ leaks _____ flow measurements?

What are _____ regular signs _____ water _____ leaking _____ utility companies?
_____ markers are identified _____ water _____ assessments _____ firms _____ yours?
_____ provide _____ details of _____ markers _____ found in the _____ leaking water _____ Water _____ Companies.
_____ are the _____ common signs _____ studying _____ water _____ have _____ done before _____ similar utilities?

We _____ be _____ if _____ us with information about _____ indicators _____ past studies _____ to leaked water _____.

What markers _____ in the _____ leaking water _____ Water Utility Companies?

What _____ you _____ analyses of _____ water _____ at utility companies similar _____?
_____ by _____ Utility Companies show some _____ of leaking _____

How about indicators from _____ done _____ the _____ utility _____ leaks _____ the _____?
_____ signs are available _____ leaked _____ data _____ water utility companies?
_____ in the water flow _____ taken from studies _____ water _____ company?
_____ have _____ many historic water flow rate _____ come you've _____ many common _____?
_____ able to _____ from _____ analyses for the _____ water flow?

What signs are visible when _____ water _____ at water _____?

_____ do _____ of historic water flow rate _____ how _____ have observed many _____ signals?
_____ companies _____ done _____ historic water _____ rate observations _____ you share any _____ you have _____?

Which _____ leak assessment _____ are typically identified _____?
_____ are some _____ signs _____ flow rate _____ at _____ Utility _____ similar to _____?

Did you know _____ markers _____ during _____ examination _____ leaking water _____ are analyzed _____ your _____ Companies?

Is there _____ typical _____ observed during _____ investigations into _____ by _____ organization?
_____ evaluations of leaked _____ flow rates, could _____ signs?
_____ tell me _____ you've _____ during previous _____ of _____ water _____?

Can _____ tell _____ what _____ have seen in the _____ of _____ flow?

Can you give _____ about markers _____ water _____ past or current?
_____ you study leaked water flow _____ most common indications?
_____ signs are present when analyzing _____ data _____ the water _____?
_____ are a number _____ prevalent indications seen _____ water _____ records surveyed _____ companies _____.
_____ give me _____ markers _____ found _____ the past leaking _____ rates _____ Water Utility Companies.
_____ utility companies _____ done many _____ water _____ rate analyses _____ you _____ similar _____ the past?

____ Utility ____ historic ____ flow rates, so could ____ share any signals ____ seen?
 Water ____ companies have ____ water flow ____ analyses so ____ seen similar ____?
 The usual ____ through studying ____ water ____ levels are ____ on ____ performed ____ utilities.
 Water Utility companies have done many ____ flow ____ you ____ a few ____?
 There ____ some regular signs ____ water flow ____ leak ____ like yours.
 ____ cues ____ you find ____ at utility companies that ____ similar to ____?
 ____ found in the past ____ by ____ Utility Companies, including?
 How ____ the markers ____ during ____ examination ____ leaking ____ rates, as ____ by ____ Companies?
 Can ____ let ____ markers found ____ leaking ____ the past or in the ____?
 ____ leaked ____ levels ____ what other ____ already ____ what ____ the usual indication ____ leaked water flow ____?
 ____ tell me ____ you have seen ____ leaked ____ flow ____?
 Water ____ tests ____ Utility ____ can ____ signs ____ leaking water.
 ____ are some regular ____ flow rate data ____ Water ____ Companies ____ yours?
 Which common ____ are ____ found in water ____ assessments ____?
 ____ are ____ usual indications shown when ____ levels, ____ on previous assessments ____ similar utilities to ____?
 ____ you know that ____ found during examination ____ rates ____ analyzed by your own ____?
 ____ common markers ____ during the ____ of ____ rates could be ____ to ____ Water ____ Companies.
 What about ____ in the ____ flow ____ from ____ by your ____?
 ____ know ____ other ____ use to ____ water flow ____ company has done?
 Do ____ there ____ any ____ observed during past investigations ____ flow rates?
 ____ Utility companies have ____ many ____ flow rate analyses, how ____ have ____ similar signals ____?
 What markers ____ found ____ past leaking ____ the water ____?
 What ____ present ____ analyzing leaked ____ flow rate ____ utility companies
 What are some regular ____ leak ____ at ____ Utility Companies?
 ____ know ____ markers discovered ____ the examination of past ____ as analyzed ____ Utility Companies?
 Can I learn more ____ indicators of the ____ Utility Company?
 ____ know ____ markers ____ during examination of past ____ rates are analyzed by ____ own ____ utility ____?
 ____ able ____ give ____ indicators from ____ analyses ____ the leaked ____ flow?
 ____ are the most ____ indications ____ from examining leaked water ____ have been ____ similar ____?
 ____ the usual ____ that are revealed ____ water flow levels, ____ performed by similar utilities to ____?
 ____ Water Utility ____ has ____ analyses on leaked ____ in ____ past
 What ____ the most common indicators ____ water flow rate ____ water ____?
 ____ regular signs ____ water flow rate data ____ Water Utility ____ similar ____?
 ____ are some ____ the most common ____ leaked water ____ levels that ____ by similar utilities?
 ____ a few prevalent ____ seen ____ water flowrate ____ were ____ by companies ____ yours.
 Water Utility ____ many historic water ____ rate analyses, how ____ you have ____?
 There ____ in the ____ rates by the Water Utility ____.
 ____ indicators found in ____ water flow ____ done ____ the water utility ____?
 What typical signals did ____ find ____ leaked water flows at utility ____ yours?
 What are ____ when ____ leaked water flow levels, ____ done by ____ utilities?
 ____ regular ____ of water ____ rate data ____ Water ____ Companies like ____ you?
 ____ companies ____ done ____ historic ____ flow rate observations, so ____ tell us ____ signals ____ seen?
 Any ____ of a ____ show up in the ____ water rate ____ the ____ providers
 There ____ many ____ from ____ water ____ levels ____ have been done before ____ similar utilities.
 ____ some ____ that indicate ____ leak in ____ water ____ rates ____ similar utility ____.
 ____ are markers ____ historical ____ flow rate ____ recorded by utilities ____.
 ____ to ____ typical indicators discovered in past ____ of water ____ by companies.
 ____ companies ____ many ____ flow rate analyses, so how ____ seen ____ signals in ____ past?
 ____ common markers discovered ____ of past ____ water ____ analyzed ____ Utility Companies.

Would _____ able to give typical _____ for _____ water flow?

List a few prevalent indications _____ leaky _____ records _____ have been surveyed _____ similar _____.
 _____ revealed _____ studying leaked _____ flow levels _____ on previous _____ done _____ similar utilities.

Is _____ a few prevalent _____ within _____ water flowrate records surveyed by _____ like _____?

Does your _____ company have _____ signs found in _____?

Can _____ tell me what you _____ analyses _____ leaking water _____?

_____ are the _____ by similar utilities to yours, _____ studying leaked _____ levels?

_____ there _____ patterns similar to _____ analysis _____ undertaken _____ water leak investigations?

_____ you _____ indicators you've seen in water flow _____ past?

_____ Utility _____ done many _____ water flow _____ analyses, _____ come you've observed _____?

Can _____ what _____ seen in the _____ analyzing leaking _____ flow?

What signs _____ you _____ leaked _____ rate data from _____ utilities?

_____ you _____ to _____ typical indicators _____ leaks in _____ flow measurements from the _____?

_____ are there _____ work _____ leaking water flow rate data?

_____ I _____ better _____ of the prevalent indicators _____ Utility Company _____ leak rate _____ prior _____?

_____ the _____ in the water flow rates _____ from _____ company's studies?

_____ have done _____ historic _____ flow _____ so _____ you see similar signals in the _____?

What _____ some _____ water _____ rate data _____ at Water _____ to yours?

_____ companies have done _____ historic _____ flow rate analyses and how come _____?

What signs _____ present _____ analyzing _____ rate _____ a _____ utility company?

What _____ indications _____ when studying leaked _____ flow levels, based _____ assessments done _____ yours?

When _____ leak water flow rate data _____ Utility _____ signs?

_____ any _____ patterns in _____ leak investigations _____ the analysis _____ by _____ organization?

_____ done _____ historic water _____ observations, so could you _____ any _____ seen?

What _____ flows were seen _____ previous analysis?

What are _____ found in the _____ flow _____ the _____ Utility Company?

What are _____ most _____ indications that _____ studying _____ water _____ from _____ performed _____ similar utilities?

What _____ were _____ in the past _____ by Water _____ Companies of _____?

When studying _____ water flow levels _____ evaluated by other _____ the most _____?

What _____ indications _____ studying leaked water flow _____ similar utilities?

There _____ signs _____ in _____ water _____ rate _____ that _____ found _____ your past _____.

What are the normal _____ by _____ water flow _____ previous assessments done _____ to yours?

What signs present _____ leaked _____ rate data _____ companies?

_____ to give _____ typical _____ that are in leaks _____ the _____ from the past?

Can _____ better _____ about _____ prevalent _____ since the _____ Utility _____ measured leak _____ in _____ studies?

_____ the _____ signs revealed _____ studying leaked water _____ based _____ assessments done by similar _____?

_____ you tell _____ about _____ have been _____ in _____ rates in _____ or present?

What have _____ of _____ flows at utility companies _____ to yours?

What _____ indicators _____ in _____ water _____ rates taken _____ studies by _____ company?

_____ know that _____ markers found _____ the _____ of _____ water rates are _____ Water Utility _____?

_____ have done many _____ flow _____ observations, so _____ you _____ us any signals _____ seen?

_____ tell me if _____ any _____ of _____ in _____ water rate tests?

What _____ in previous _____ leaked water _____ at utility companies _____ same _____ as yours?

_____ Utility _____ many historic _____ flow _____ observations _____ could you _____ any signals you _____?

_____ give us typical _____ analyses for the _____ water _____?

_____ have _____ many historic water _____ rate analyses, how come you _____ similar _____ previous?

_____ leaks in _____ water _____ rates taken from the studies done by _____ utility _____.

Is it _____ that previous assessments _____ by utility _____ contain _____ to leaks _____ water _____?

Water Utility _____ water flow _____ analyses and _____ you've observed similar _____ before?

How _____ the indicators _____ flow rates _____ from your company's studies?

Water utility companies _____ done _____ historic _____ flow _____ analyses _____ similar _____ in the past?
 _____ common _____ are found _____ water leak assessments _____ utility _____?
 _____ about indicators _____ in _____ in _____ flow _____ from _____ done by the water _____ company?
 _____ show _____ leak _____ the water flow rates analysed by _____ utility _____.

What _____ the _____ indications _____ from _____ leaked _____ flow levels _____ similar utilities?
 I would _____ the _____ common _____ are _____ the leaking water _____ rates you _____ at.
 _____ like _____ of the more common findings _____ leaking water flow _____ you've _____.

What _____ the _____ indications from _____ flow levels from _____ assessments performed _____ similar _____.
 _____ compare _____ water _____ with _____ other utilities _____ been able _____ do, what _____ the _____ indication _____ leaks?

There are _____ that might _____ a leak _____ the _____ flow _____ similar _____.

What _____ the most common indications that come from studying _____ flow _____ that have _____?
 _____ are _____ leak in the _____ flow rates analysed _____ similar utility _____.

Is _____ few _____ seen _____ water _____ records _____ by companies like yours?

What _____ you _____ when _____ leaked _____ at utility _____ were similar to _____?
 _____ are _____ indications _____ through studying leaked _____ flow levels, _____ on previous _____ performed _____ utilities _____ yours?
 _____ dealt with leaked water _____ and _____ you _____ me the _____?
 _____ there recurring _____ water _____ investigations _____ to the analysis measures _____ organization?

What are the most common indications that _____ from _____ levels _____ assessments _____ similar _____?

What signs _____ present _____ leaked _____ data from _____ water _____ companies?

Water Utility _____ water flow readings _____ what are the _____?

Can _____ the common _____ spotted in leaked _____ measurements, and _____ on prior _____ investigations?
 _____ utility _____ have done many historic water _____ so could _____ give _____ a few _____?

There _____ signs that _____ companies _____ see _____ analyzing leaked _____ flow _____.

What _____ telltale _____ a _____ flow _____ have been _____ by Water Utility Companies?

Information about _____ regarding leaks of water _____ by _____ would be appreciated.
 _____ rate tests _____ Water Utility _____ show some _____ of _____.

_____ the _____ flow rate _____ leak at _____ Utility Companies _____ to yours?
 _____ compare leaking water _____ with what _____ have been able _____ do, _____ the _____ indication?

Can you tell me if _____ common signs _____ leaks _____ tests?
 _____ you able to give _____ typical _____ analyses for _____ flow?
 _____ you compare leaked _____ levels to what _____ what _____ their usual _____?

_____ Utility companies _____ done _____ historic _____ flow rate analyses _____ come _____ similar _____

What _____ you tell _____ about _____ markers _____ were found _____ examination of past _____?
 _____ utilities _____ many historic _____ flow _____ so how come you _____ signals?
 _____ you know _____ typical _____ use to determine _____ water flow, _____ company _____?

Can you tell me if there are any _____ or _____ for _____ analyzing historical _____?
 _____ about common markers discovered during the examination _____ past _____ you _____?

There are signs that _____ in _____ water _____ rates _____ similar utility _____.

_____ Utility _____ rate in _____ studies, _____ I _____ better idea about the prevalent indicators?

What _____ the _____ indications _____ flow levels _____ what other utilities have _____?

When you _____ the leaked _____ levels with _____ other _____ able to _____ is _____ of leaked water flow _____
 _____ is _____ usual sign _____ leaked water flow _____ when you compare them _____ shown?
 _____ Water _____ in _____ past, _____ can _____ get a better idea about the _____ indicators?
 _____ you _____ that common markers discovered _____ examination _____ water _____ analyzed _____ Water Utility Companies _____ own?

Water _____ companies _____ historic water _____ rate observations, so _____ a few common _____?
 _____ leaked water _____ levels with what _____ have _____ showed, what is _____ indication?
 _____ know the typical indicators _____ other _____ determine leaked water _____?
 _____ of _____ leak usually _____ in the leaked _____ analyses performed _____ utility

____ signs ____ when analyzing ____ flow rate ____ from ____ companies?
 ____ Utility Company ____ measured leak ____ in ____ can I get ____ understanding ____ the ____ indicators?
 What signs ____ for ____ Companies that ____ leaking ____ flow rates?
 ____ you ____ me the typical ____ companies ____ to calculate ____ water ____?
 ____ signs ____ water flow rate ____ from the ____ utility companies
 Do ____ know any recurring patterns in ____ to the analysis ____ by your ____?
 ____ your ____ utility company have any ____ indicators for ____ water ____?
 ____ a better ____ the prevalent ____ of the leak ____ measured by ____ Water ____ Company?
 Water Utility companies ____ a ____ of historic ____ so ____ you ____ any signals ____ have seen?
 Water ____ have done ____ historic water ____ rate ____ can you share ____ ones?
 ____ would ____ to know ____ the ____ findings in the ____ water ____ you've looked at.
 What markers were ____ past leaking ____ rates by ____?
 Is there any typical ____ past ____ leaked water ____ rates ____ by ____?
 The water ____ company measured ____ rate in ____ can I ____ prevalent ____?
 ____ it ____ previous assessments ____ by such ____ companies ____ signals ____ to ____ within ____ flows?
 ____ about ____ discovered during ____ past leaking water rates ____ analyzed by Water Utility Companies ____
 ____.
 When analyzing ____ data at Water ____ Companies like yours, ____ are ____ signs ____ up?
 What ____ the ____ common ____ leaked ____ levels from ____ previous assessments?
 ____ are there for ____ utility ____ that ____ with ____ flow rate ____
 Can you ____ me ____ during ____ of past leaking water rates?
 ____ would like to ____ there are any typical indicators ____ previous studies ____ flow ____ like your.
 ____ are the most ____ that ____ studying ____ water flow levels ____ been ____ similar utilities before?
 Are there any ____ investigations like ____ analysis ____ undertaken by your ____?
 What ____ the usual ____ shown by studying ____ flow ____ on previous ____ by ____ utilities?
 ____ are the ____ common ____ that come out of studying leaked ____ levels ____ been ____ by ____?
 ____ there ____ in leaked water ____ that you've ____ before?
 Water ____ done ____ water flow ____ so could you ____ any ____ you noticed?
 ____ for Water Utility Companies ____ with leaked water ____ rate ____?
 ____ are ____ of ____ in ____ flow ____ readings recorded by utilities ____ you.
 Are ____ any ____ leaking ____ in ____ water ____ recorded by ____ like yours?
 When ____ compare ____ flow levels ____ what other ____ already show, ____ usual ____?
 ____ are ____ most ____ indications for ____ leaked water ____ levels ____ assessed ____ similar utilities?
 ____ kind of ____ did you ____ when analyzing leaked ____ flows ____ utility ____ size as ____?
 ____ you give the typical ____ for the ____ water ____?
 What ____ the regular ____ of water flow rate ____ at ____ Companies ____?
 Is there a few prevalent indications ____ within ____ water flowrate ____?
 ____ signs appear in leaked water ____ measurements ____ yours do?
 ____ the ____ indication of ____ flow levels when you compare ____ to ____ utilities ____ said?
 Water ____ have done ____ water flow rate observations, so ____ any ____?
 Water utility ____ done many ____ observations, ____ share any signals you observed from ____?
 ____ that can be found ____ studies regarding ____ by companies like your.
 ____ know that ____ markers ____ during the examination of past ____ water ____ could ____ by ____ Companies?
 Do ____ in the ____ water ____ performed by similar utility providers?
 ____ any ____ indicators observed during past ____ into leaked ____ rates ____ by ____?
 ____ signs ____ in ____ flow measurement at ____ water utility company?
 ____ signs are there when ____ water flow data ____?
 Water Utility companies ____ done ____ water ____ rate analyses, ____ you've ____ similar signals ____?
 ____ leaked water flow levels ____ utilities have shown, what ____ the usual indication of ____?
 ____ Utility companies ____ many ____ water ____ rate analyses, how come you've ____?
 ____ Utility ____ water flow rate ____ so how come you ____ many ____ signals?

_____ done many _____ water flow rate observations _____ could you _____ us a _____ common _____?

What _____ are present _____ leaking _____ rate data at _____ companies?

There are _____ that _____ leak in _____ water _____ rates analysed _____ similar _____.

_____ companies do many _____ observations _____ you _____ any signals you've seen?

What _____ the most _____ from studying leaked water flow levels from the _____ done _____?

_____ are the _____ common _____ that _____ up _____ study _____ levels from previous assessments?

Water _____ done _____ water _____ rate observations _____ could _____ any signals that _____ have seen?

What _____ be _____ analyzing _____ water flow rate data _____ water _____?

What are the usual indications revealed when _____ based on previous _____ utilities _____ yours?

Which _____ in leaked _____ measurements from Utility Companies?

Are there _____ recurring _____ in previous water _____ to _____ measures _____ by your organization?

Water Utility _____ have _____ historic water flow _____ so what are _____?

Water _____ companies _____ many _____ water flow _____ how come you've _____ similar _____

What are _____ indications _____ studying leaked water _____ levels done _____ similar utilities?

During previous evaluations _____ flow rates, could _____ highlight _____ the _____?

Water _____ have done _____ historic _____ flow rate _____ how _____ similar _____ in the past?

Water _____ companies have _____ many historic water _____ rate observations, _____ some _____ ones?

_____ you _____ the typical _____ used _____ companies _____ water flow?

What are _____ common _____ that come up _____ Water Utility Companies?

_____ have _____ historic water flow rate analyses _____ come you see similar _____ in _____?

What are the most _____ indications from _____ water _____ previous _____ have performed?

There _____ markers _____ present _____ water flow rate _____ by utilities _____ yours.

_____ analyzing leaked water _____ utility companies of _____ as _____ what typical cue did _____?

What _____ signs of leaked _____ at _____ companies similar _____ yours?

_____ are _____ signs of a leaking _____ been identified _____ previous _____ utility companies?

What signs _____ present _____ analyzing _____ water flow rate _____ from _____?

_____ indicators observed _____ past investigations _____ leaked _____ rates undertaken by organizations?

Did _____ that _____ markers found during _____ examination of _____ are analyzed _____ your own _____ company?

What _____ in _____ water flow _____ from studies done by the _____ Company?

What _____ usual indications revealed _____ studying _____ water _____ on previous assessments _____ similar utilities _____?

_____ about the indicators in the water _____ taken _____ Utility Company?

Do _____ find _____ water flow rate readings at _____ Corporation?

_____ Utility _____ have done many _____ analyses _____ come you _____ found similar signals?

Water utility companies _____ water _____ rate analyses, _____ you have _____ signals?

_____ you able _____ typical indicators of _____ flow from _____ past?

_____ leaked water _____ data at Water Utility _____ are _____ common signs?

_____ would _____ to know _____ some of the more _____ findings _____ leaking _____ rates you _____.

_____ about _____ the water _____ taken _____ studies by the _____ utility company?

_____ the regular signs of water _____ leak at _____ similar _____ yours?

There _____ indicators _____ in _____ water flow _____ taken _____ studies _____ by the water utility _____.

_____ identify telltale _____ water rate _____ the ones _____ have dealt with?

We _____ like _____ know _____ indicators found _____ past studies regarding leaks _____ water flow _____ companies _____.

What _____ regular signs _____ water _____ rate _____ leak at Water _____ you?

We _____ like _____ know _____ indicators noticed in _____ studies _____ leaked _____ flow rates _____ performed _____ companies _____ yours.

Is _____ a _____ seen within past leaky _____ flowrate _____ you _____?

_____ recurring patterns _____ water leak investigations that _____ similar _____ measures undertaken by _____ organization?

What _____ in _____ the leaking water _____ by _____ Utility Companies?

Can you tell _____ there are _____ common _____ water _____ in the _____?

Water Utility _____ historic water _____ rate analyses, _____ you have _____ common _____?

What _____ some _____ signs of water _____ rate _____ at Water _____ like yours?

The _____ utility _____ leak rate in _____ and I would _____ to _____ more about _____.

What are the usual indications revealed _____ leaked _____ flow _____ on _____ by _____ utilities to _____?

_____ would like to know _____ indicators discovered in previous _____ water _____ companies.

Water _____ many historic _____ flow rate analyses, how _____ you _____ signals _____ the past?

How _____ the _____ found _____ in _____ water flow rates _____ the _____ the water utility _____?

Water _____ done _____ historic _____ flow rate _____ so _____ come _____ signals in the past?

What _____ in _____ leaked water flows _____ utility _____ similar to yours?

Are there any typical signs of leaked _____ at _____?

"How about indicators _____ in leaks _____ taken from _____ done by your _____

What _____ visible _____ analyzing water _____ rate data _____ the _____ companies?

What _____ of cues did you find _____ analyzing _____ flows _____ utility companies _____ size _____?

_____ compare _____ flow levels with what other utilities have been _____ is _____ leaked water _____ levels?

What signs _____ leaked water flow _____ data _____ water utility _____?

_____ many _____ water flow rate analyses _____ how come you see _____ signals _____ the _____?

_____ are _____ usual indications revealed _____ leaked water _____ levels based on _____ by similar _____ yours?

_____ signs of leaked water rate checks _____ you've _____ with?

_____ signs are _____ for Water _____ who work _____ leaked water _____?

Did you _____ that common markers _____ examination _____ leaking water rates _____ Water _____ Companies?

Are you able to _____ us _____ typical indicators that _____ measurements _____ the _____?

_____ are the most common _____ of leaked _____ from utility _____?

_____ the _____ common indications _____ come from _____ leaked _____ flow levels that _____ similar _____ before?

What are _____ usual _____ studying leaked water _____ levels, _____ on _____ assessments _____ by similar utilities _____?

_____ about _____ found in _____ in _____ water _____ rates that were _____ your _____?

_____ you compare Leaked water _____ levels _____ utilities have _____ do, _____ is the usual indication?

What did _____ previous analyses of the _____ flows _____ utility _____ of the _____ size _____?

I'd _____ know what _____ common findings are _____ the _____ flow _____ you've _____.

_____ are the usual indications found when studying _____ flow _____ assessments _____ by similar _____?

_____ Utility companies _____ many historic _____ flow _____ so how come you have _____ signals?

What markers _____ the past that _____ water rates _____ Utility _____?

When you _____ water _____ levels to what other utilities _____ the _____?

_____ data from companies like _____ show _____ of _____ in _____ rates?

What are _____ most common _____ that _____ studying _____ flow _____ that have been assessed _____?

_____ the _____ common indications _____ leaked water flow levels _____ have _____ by the _____?

What _____ common indications that come _____ studying _____ levels that have _____ assessed by _____?

When _____ leaked _____ flow levels to what _____ utilities _____ is _____ indication?

Can you _____ me the telltale _____ water _____ dealt with?

_____ signs _____ leaked _____ flow rate _____ from water companies?

_____ indicators _____ flow rates taken _____ studies done by the Water _____?

_____ found _____ the past at leaking water rates _____ Companies _____ your _____?

_____ would like to know _____ discovered _____ of water flow rates

_____ are some regular signs of _____ flow _____ at _____ similar to _____ you have?

Water _____ Companies _____ analyzed _____ water flow readings _____ and _____ signals?

Do you _____ typical _____ are that _____ companies _____ in _____ water _____ measurement?

_____ found _____ the water _____ taken _____ studies done by the _____ utility company?

What _____ usual _____ leaked _____ flow levels, based _____ performed by similar _____ to yours?

_____ are _____ things that _____ water utility _____ similar to _____ in _____ readings?

_____ you _____ telltale _____ in leaked _____ checks _____ the ones you've _____?

_____ did _____ leaked water _____ at utility companies similar to yours?

_____ have done many historic _____ flow _____ analyses and _____ come you've _____?

_____ common signs that _____ from studying _____ water flow levels _____ have been _____ other _____?

We _____ like _____ the typical indicators _____ past _____ leaks of _____ rates

What _____ common _____ that _____ from studying _____ levels _____ by similar utilities?

_____ Utility _____ have _____ a _____ historic water flow rate _____ come _____ observed many common signals?

When you _____ flow levels to what other utilities have _____ able _____ provide, _____ the usual _____ levels?

_____ the indicators _____ in the _____ rates _____ studies _____ by the _____ company?

When _____ leaked water _____ with _____ other _____ have been _____ to do, what _____ the _____?

What _____ the _____ that the Water _____ Companies found _____ in water _____?

What _____ the typical _____ of leaked _____ levels _____ you _____ it _____ what _____ utilities _____ shown?

_____ patterns within _____ leak _____ to _____ analysis measures _____ by your organization?

_____ the signs that come _____ leaked _____ data _____ Water Utility Companies?

Can you tell _____ you've seen in _____ water flow _____?

What markers _____ found in _____ by Water Utility _____ of _____ area?

_____ are some _____ signs _____ water flow _____ at water _____?

When _____ compare leaked _____ flow _____ have already shown, what _____ the typical _____?

How _____ found _____ water _____ rates taken _____ studies _____ by _____ Water _____ Company?

_____ Water _____ Company _____ leak _____ in prior _____ want _____ know _____ about the prevalent indicators.

_____ are markers _____ in historical _____ flow _____ recorded by utilities _____ yours.

common _____ leaked _____ flow _____ measurements from previous _____ done by Water _____

_____ to provide typical indicators from _____ analyses _____ leaked _____?

_____ are _____ seen within _____ water flowrate records surveyed _____ companies like yours.

_____ is _____ most _____ indication _____ studying leaked water flow _____ that _____ been evaluated _____ utilities?

Are you able _____ provide typical _____ the _____ water flow?

Water _____ done many _____ water _____ rate observations _____ you give _____ signals _____ seen?

Water _____ companies _____ many historic water _____ rate analyses, how come _____?

_____ the _____ the water flow _____ taken from _____ your _____ utility company?

_____ Utility _____ have done many historic water flow rate observations _____ could _____ any _____?

Water utility _____ many _____ water flow _____ analyses _____ how come _____ in the past?

_____ typical _____ during investigations _____ water flow rates undertaken _____ your organization?

Any _____ of leaking water _____ your past _____?

_____ can be seen _____ analyzing _____ water _____ from water _____ companies?

_____ you find in previous _____ of _____ water _____ companies that _____ to yours?

What are _____ most _____ from studying leaked water _____ that have been done before _____?

_____ Utility Company _____ leak _____ in prior studies and _____ more _____ the prevalent indicators.

Water _____ have _____ many _____ flow _____ observations, so _____ share a few _____?

What are the most common _____ water flow _____ have _____ done _____ similar _____?

_____ there _____ typical indicators _____ during previous _____ leaked water _____ rates _____ your _____?

_____ Water Utility _____ in prior studies, _____ get _____ idea about the prevalent indicators.

Is _____ any _____ of _____ present _____ historical water flow _____ readings recorded _____ utilities _____ yours?

Water _____ companies _____ many _____ water flow _____ analyses and how _____ signals in the _____?

What signs are _____ water flow rate _____ water utility _____?

_____ you able to give us typical _____ found _____ water _____?

Can _____ give me indicators _____ the leaked water _____?

_____ you know _____ usual _____ that _____ use to determine leaked _____?

information _____ typical indicators noticed _____ to _____ flow rates _____ analyses performed by companies _____

What signs _____ when _____ flow _____ data _____ water companies?

_____ Utility _____ do _____ water flow rate _____ how _____ you've seen _____ signals?

Which common _____ leak assessments _____ the utility firms?

There are signs _____ the _____ in _____ rates _____ by similar _____.

Water utility companies _____ many historic _____ rate _____ could _____ any signals _____ have seen?

Many water _____ companies _____ historic water _____ rate _____ you _____ a few?

Water _____ companies _____ done _____ water _____ rate _____ come you _____ so many common _____?

Did you _____ common _____ during examination of past _____ rates are _____ own water _____?

_____ any _____ water leak investigations similar _____ analysis _____ by your organization?

Water Utility companies have done many _____ rate observations so _____ provide any _____?

_____ details _____ what markers _____ found _____ the past leaking water _____ by _____ utility companies.

_____ is _____ usual _____ of leaked water _____ when you _____ them with _____ other _____ demonstrated?

What _____ the _____ indications _____ leaked water _____ from previous assessments _____ by _____?

What _____ in the water _____ rates taken from _____ Utility Company?

_____ Utility _____ done _____ historic _____ rate observations _____ you share any signals you've _____?

Water Utility _____ have _____ historic water _____ rate observations, _____ you _____ any _____?

We _____ like _____ know about the typical _____ studies _____ leaks _____ water flow _____ companies.

_____ get _____ about _____ prevalent indicators of the leak rate _____ by _____ Utility Company?

When comparing _____ with what _____ utilities have _____ usual indication of leaks?

_____ about _____ in the water flow _____ from _____ Water Utility Company?

What are the things _____ Utility _____ similar to yours in _____ water _____?

_____ give _____ analyses for the leaked water flow?

What _____ the things the _____ found _____ in _____ flow readings?

information _____ markers _____ found _____ the _____ leaking water _____ by _____ Companies

Is _____ can tell _____ markers found during _____ of past leaking _____ rates?

What signs _____ flow rate _____ the water utility companies?

What _____ the most common _____ that show _____ water flow levels that _____ assessed by _____?

_____ Utility companies have _____ many historic water _____ so how _____ similar _____ before?

I _____ if you _____ any _____ seen within past leaking water flowrate _____.

_____ would _____ to _____ indicators _____ in _____ studies regarding leaks _____ water flow rates

_____ comparing leaked water _____ to what other _____ have shown, _____ the usual indication _____ levels?

What _____ usual indications _____ when _____ leaked water flow _____ based _____ assessments _____ similar _____ yours?

_____ did you find _____ at leaked _____ at utility _____ of similar size as _____?

_____ signs _____ there _____ water utility companies _____ flow rates.

_____ it _____ that previous assessments _____ by _____ companies _____ signals _____ water flows?

There _____ found in leaks in the _____ flow _____ taken _____ the water _____

_____ Utility _____ have _____ many historic _____ flow rate _____ come you've observed so _____?

_____ you _____ that _____ found in leaked water flow _____ the _____?

_____ measured _____ rate _____ and can I _____ a _____ of the prevalent indicators?

_____ are a few _____ seen within past _____ flowrate _____ are _____ by companies _____ yours.

_____ some things you _____ when analyzing _____ water flow _____ data _____ utility _____?

_____ to know the typical _____ discovered in past studies regarding _____ water _____ you.

What are _____ most _____ leaked water _____ levels that are _____ by similar _____ before?

There _____ signs that indicate _____ leak _____ rates analysed _____ similar utility _____.

Can _____ get _____ better idea _____ the _____ the Water Utility Company measured leak _____?

_____ some regular signs _____ water flow _____ water utility company?

_____ me know what _____ were _____ in the past leaking _____ Companies.

What _____ signs that _____ when _____ water flow _____ data _____ Utility Companies?

_____ me what _____ in the _____ in analyzing leaking _____ flow?

_____ flow levels to _____ other utilities have been able _____ is _____ usual indication _____ flow levels?

Water _____ companies _____ many _____ water _____ rate observations, so _____ you tell _____ you have _____?

_____ about _____ found _____ leaks in the water _____ taken from studies _____ the _____ utility _____?

What typical _____ did you find in _____ leaked _____ at _____ companies _____ similar size _____ ?
 Can you tell me if _____ water _____ show _____ common _____ of leaks?
 _____ signs of leaking _____ can _____ found in _____ rate _____ the _____ Companies.
 _____ comparing _____ other utilities _____ shown with _____ flow _____ is the usual _____ ?
 _____ typical indicators discovered _____ past studies regarding _____ of _____ by _____ like your _____ .
 I would _____ to know what markers _____ found _____ rates _____ Water _____ Companies.
 _____ utility _____ many _____ water flow rate analyses so _____ noticed many common _____ ?
 _____ what you have seen in leaked water flow _____ ?
 _____ know the _____ common findings in leaking _____ you've used.
 Is there _____ typical _____ during _____ into _____ water flow _____ undertaken _____ your _____ ?
 What _____ the usual indication _____ levels when _____ compare _____ what other _____ already said?
 Some regular _____ of water flow _____ data leak _____ to yours.
 _____ the _____ indication _____ comes _____ leaked water flow _____ have been assessed _____ similar utilities?
 _____ are _____ signs of _____ flow _____ leaking at Water _____ Companies?
 Can _____ there _____ any typical _____ during _____ investigations into leaked _____ flow rates?
 Water _____ companies _____ done many _____ rate observations, so could _____ share _____ few common _____ ?
 _____ are the usual indications _____ water _____ levels, _____ on previous _____ by _____ utilities?
 _____ you compare _____ water _____ to what _____ already shown, what is the _____ indication _____ ?
 _____ tell us _____ indicators _____ leaks _____ the _____ flow _____ from the past?
 _____ Utility companies have _____ water flow _____ observations and _____ me any signals _____ seen?
 What _____ studying water _____ that have been done _____ similar utilities?
 _____ regular signs _____ water _____ rate _____ leak at water _____ companies.
 Water Utility _____ done _____ water _____ come you've noticed similar signals?
 The Water _____ leak rate in prior _____ and can I _____ a _____ prevalent _____
 _____ able to _____ us _____ the typical _____ are in _____ flow measurements _____ past?
 _____ in _____ studies regarding _____ of _____ flow by companies like _____ .
 We'd _____ to _____ if _____ are _____ typical indicators noticed _____ studies related _____ water flow _____
 _____ tell me what you've _____ water flow _____ before?
 Do you know the _____ use _____ water flow measurement?
 There are _____ water flow rates _____ studies _____ your Water Utility _____ .
 _____ most _____ studying _____ water _____ levels that have been done before by other _____ ?
 What _____ exist _____ analyzing leaked water _____ utility companies?
 There _____ telltale signs _____ leaked _____ flow _____ analyses done _____ providers.
 _____ were found _____ the _____ leaking water _____ water utility _____ including?
 There _____ regular signs _____ leak at _____ Utility _____ similar to yours.
 What _____ the regular _____ of water flow rate data _____ at _____ ?
 _____ have _____ found _____ past studies regarding _____ of water flow _____ like your.
 _____ markers _____ seen in your previous analysis?
 Water Utility companies have _____ many historic water _____ how _____ similar signals _____ ?
 What about _____ the _____ rates _____ from studies _____ the Water _____ Company?
 Water Utility _____ of historic water flow rate analyses _____ you have seen _____ ?
 Can you _____ me _____ indicators you've seen in _____ of _____ ?
 _____ are _____ most _____ indications of _____ water flow levels _____ been _____ by _____ ?
 Water utility companies _____ water _____ observations, _____ share _____ signals you've seen?
 _____ the usual _____ shown through studying leaked water flow _____ on previous assessments _____ to _____ ?
 Do _____ indicators found in leaks in the _____ come _____ done by _____ utility _____ ?
 _____ regular signs of water _____ rate _____ a water _____ company?
 _____ are _____ when analyzing _____ flow rate _____ from utilities?
 _____ are some _____ that _____ the _____ water flow rates _____ by _____ utility _____ .
 There are _____ markers of _____ historical water flow _____ by _____ .

____ you ____ typical indicators ____ have ____ observed during past ____ flow rates?
 ____ analyzing leaked ____ flow ____ at ____ Utility ____ what are ____ that come up?
 ____ you tell me which ____ you've seen ____ water ____?
 ____ you ____ there are any ____ signs of ____ in ____ water rate ____?
 ____ the things ____ Utility Companies ____ similar to ____ in the water ____?
 ____ are ____ indications ____ studying ____ flow levels from previous assessments done by similar ____?
 ____ indicators ____ the ____ flow ____ from studies done by the ____ Company?
 What ____ are there ____ utility ____ leaked water flow rates?
 ____ companies have ____ many ____ water ____ rate observations, ____ could you share any ____?
 What ____ common ____ found in leaked water ____ Utility Companies?
 ____ when examining leaked water flow ____ data at water ____?
 Are you able ____ the analyses of leaked ____?
 ____ Utility ____ historic water flow rate ____ could you share any signals ____ have ____?
 You ____ signals ____ have ____ from ____ water flow rate ____ by ____ water ____ companies.
 Are ____ recurring ____ investigations similar ____ measures taken by your organization?
 ____ cues did ____ find when ____ looked at leaked ____ at ____ size as yours?
 ____ are ____ of the ____ readings ____ by Water ____ similar to yours?
 ____ there ____ typical signs found ____ leaked water flow ____ Utility ____?
 ____ me ____ were ____ the past ____ leaking water ____ by ____ Water Utility Companies.
 What are the ____ indications revealed by ____ water ____ levels, based on ____ similar ____?
 There are indicators found in the ____ rates taken from ____ water ____.
 Has ____ indicators ____ observed during past investigations ____ leaked water ____ undertaken ____?
 When comparing leaked ____ what ____ utilities ____ already shown, ____ is the usual ____ of leaked ____?
 There are indicators ____ the ____ from studies done ____ Water ____ Company.
 ____ tell ____ what you ____ seen in the past ____ water ____?
 What are ____ common indicators ____ in leaked ____ flow ____ measurements ____ by ____?
 I would like to ____ the more common ____ the leaking ____ you've ____.
 What are the ____ flow ____ data leak ____ companies similar to ____?
 How ____ indicators found ____ leaks in the ____ studies done by your esteemed ____ Company?
 What common ____ water leak ____ by ____ firms?
 Can you ____ me about some of ____ findings ____ water ____ rates?
 What ____ indications revealed ____ leaked ____ flow ____ based on ____ similar utilities to yours?
 ____ telltale ____ in ____ leaked water flow ____ analyses performed ____ similar ____ providers?
 What signs ____ when ____ water flow rate ____ water ____ companies?
 What are the most ____ indications that come from ____ water ____ from ____ utilities.
 When studying ____ water flow levels, ____ the ____ by ____ assessments ____ similar utilities?
 ____ are the most ____ indications ____ studying ____ water flow levels that ____?
 ____ that ____ markers ____ during the ____ leaking ____ can be found by Water Utility Companies?
 ____ you tell ____ if ____ are any common ____ rate ____ before?
 ____ able ____ show us ____ indicators of ____ in the water ____ measurements from ____?
 ____ typical signals ____ you ____ in previous analyses ____ water ____ at utility ____ similar size ____?
 What signs exists ____ leaked ____ from ____ utility companies?
 ____ most often in leaked ____ flow ____ from Utility ____?
 Can ____ me ____ found in ____ water rates ____ the ____?
 What are the ____ revealed by studying ____ water flow ____ assessments performed by ____ utilities ____?
 When analyzing leaked ____ data at Water ____ Companies, ____ the ____?
 What ____ find in previous ____ on leaked water ____ of similar ____ as yours?
 ____ Utility Company measured ____ rate in ____ past, ____ can ____ get ____ about the prevalent ____?
 What signs are ____ analyzing leaked ____ data at water ____?
 What signs ____ presented ____ analyzing ____ water ____ rate ____ water ____ companies?

Water Utility companies have done ____ lot ____ historic ____ analyses ____ how come ____ signals?
 ____ are ____ most ____ indications ____ studying leaked ____ levels ____ been done by ____ same utilities?

What signs ____ when ____ leaked ____ flow ____ data at ____?

____ Utility companies ____ a ____ of ____ rate analyses ____ come you've seen similar ____?

____ you ____ that ____ discovered during the examination ____ water ____ can be ____ Water Utility Companies?

What are ____ the water flow rates ____ from ____ by ____ company?
 ____ are present ____ water flow rate ____ water ____ companies?

Water Utility companies do many ____ water ____ analyses, how ____ before?
 ____ know common ____ discovered during ____ examination of past leaking ____ by your ____ company?

Which ____ in leaked water ____ measurements ____ Utility Companies?

What are the ____ common signs ____ studying leaked ____ have ____ done ____ similar ____ before?

The ____ Company measured leak ____ in the ____ can I get ____ of ____ prevalent ____?
 ____ there indicators found in the ____ taken from ____ your ____?
 ____ about common markers ____ past ____ water rates ____ be provided ____ own Water ____ Companies.

Can ____ me if ____ findings ____ signs to ____ for ____ looking at ____ water ____ rate leaks?
 ____ signs may ____ in the ____ flow rates ____ by ____ providers.

Water utilities ____ many historic water ____ how come you have ____?
 ____ companies ____ many historic ____ flow rate observations so could ____ them?
 ____ you ____ me ____ you've ____ in ____ water ____ assessments the ____?

What are the most ____ indications ____ from studying ____ flow ____ that have ____ the same ____?
 ____ did you find in ____ analyses on leaked ____ the same ____ as yours?

What ____ usual indications given by ____ water ____ based ____ assessments performed by similar utilities ____?
 ____ companies have ____ many historic ____ rate ____ so ____ you provide a few ____?

Do ____ know ____ that have been observed ____ into leaked water ____?

Did you ____ common ____ discovered ____ examination ____ past leaking ____ rates ____ analyzed by ____ own Water ____?
 ____ there ____ recurring patterns in the water ____ are ____ the ____ undertaken by ____ organization?

Water utility companies have ____ many ____ so how come you ____ signals before?
 ____ indicators found in the ____ rates ____ studies by ____ Utility Company?

Possible ____ markers discovered ____ of past ____ water ____ could ____ provided ____ you?

The ____ Utility Company ____ rate in ____ past but ____ get ____ better idea ____ prevalent ____?
 ____ found in leaks ____ water ____ from studies by ____ water utility company.

____ is ____ companies that work ____ leaked ____ flow rate data?

Can ____ us ____ that are in leaks ____ the ____ flow ____ the past?

You ____ tell ____ what markers ____ found ____ the ____ water rates ____ Companies.

What are the ____ found in ____ in the water ____ from ____?
 ____ you ____ what ____ leaked water flows in the ____?
 ____ are ____ leaks ____ the ____ flow ____ taken ____ studies done by ____ water utility company.

What ____ the most common ____ leaked ____ rate data at Water ____?
 ____ signs are ____ when ____ water flow rate ____ water ____ companies?
 ____ in the water ____ rates taken ____ Water ____ Company studies.
 ____ signs ____ present ____ analyzing water utility ____ water ____ data?

What ____ find in previous analyses of ____ utility ____ that ____ similar to ____?
 ____ are the most ____ indications ____ studying leaked water ____ from ____ assessments you have ____?

What signs exist ____ Water ____ work ____ leaked water ____ data?

What ____ you ____ in ____ water flows at utility companies ____ the ____ size?
 ____ Utility companies have done many historic ____ rate ____ so can ____ any ____ seen?

Water Utility ____ done ____ of historic ____ analyses so how come you've seen ____?
 ____ you know that common ____ discovered during ____ examination ____ water rates ____ by ____ Water Utility ____?

____ your ____ Utility ____ have any typical ____ leaked ____ rate?
 ____ did you ____ previous ____ leaked ____ at utility companies of the ____ size?
 What ____ were ____ the past ____ rates ____ Water Utility Companies?
 Water ____ do many ____ water flow rate analyses so ____ seen so ____ signals?
 ____ you ____ about markers ____ were found ____ rates ____ the past?
 ____ Utility ____ measured ____ rate ____ prior studies ____ get ____ better ____ of the prevalent indicators?
 What are the most ____ indications that ____ water ____ levels ____ done ____ by ____ utilities?
 Can ____ tell ____ that ____ discovered ____ the examination of ____ water rates?
 Many water utility ____ water ____ rate ____ come ____ have observed ____ common signals?
 What are ____ most common ____ leaked water ____ that ____ assessed by the same ____?
 ____ leaked ____ rate data at water utility companies, ____ some ____ come up?
 Leakage traces within measured water ____ have ____ identified ____ by ____.
 The ____ measured leak ____ before, can I get ____ better ____ about ____?
 ____ Utility ____ have done ____ historic water ____ observations, so ____ a ____ of them?
 ____ utility companies have done ____ flow ____ so how ____ observe ____ signals?
 Can ____ tell ____ what ____ typical ____ are ____ leaked ____ flow?
 There are signs of ____ the ____ flow rate ____ that ____ in ____ analyses.
 ____ are the typical indications revealed ____ studying leaked ____ previous assessments ____ similar
 utilities?
 What ____ most common ____ looking at ____ flow levels that have ____ similar utilities ____?
 ____ Utility companies have done many ____ water ____ rate observations ____ share ____ signals ____ seen?
 ____ there any recurring ____ found ____ investigations similar ____ undertaken by your organization?
 ____ indicators in ____ in ____ water flow ____ taken ____ by the ____ utility ____.
 The ____ found ____ leaks in the water ____ rates come ____ the ____ company.
 Are there ____ typical signs ____ flow found ____ analyses?
 What shows ____ the ____ water ____ done by firms like ____?
 What signs ____ there ____ with leaking ____ flow rate data?
 Water utility companies have ____ rate observations, so could ____ me ____ common ____?
 What are ____ usual ____ revealed ____ studying leaked water ____ levels, based ____ assessments done ____
 yours?
