

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Sewer backup and blockage assistance
Inquiry Sub-Category	Sanitary Sewer Overflow
Description	Inquiries about incidents involving sanitary sewer overflows, where customers report spills of untreated sewage into public areas, seeking swift response and cleanup to protect public health and the environment.
Data Size	9,411 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

Will _____ be any disruption in _____ efforts _____ underway following this _____ ?
I _____ if _____ be any interruption _____ and sewer _____ as _____ clean up _____ problem.
Will _____ up _____ the _____ sewage treatment?
_____ there _____ wastewater services are _____ by sewer _____ ?
_____ disruption in _____ services because _____ the sewer overflow?
There might _____ a problem _____ services due _____ .
_____ sewer overflow incident _____ cause _____ wastewater services.
Wastewater _____ might _____ efforts are made to _____ sewage _____ issues.
_____ you _____ sewer operations _____ shut _____ in the wake _____ spill?
_____ there _____ chance of interruption _____ water _____ sewer _____ as _____ after a _____ leak?
_____ will _____ disruptions for _____ sewer _____ during _____ resolution.
_____ there a possibility _____ wastewater _____ following the _____ sewer overflow _____ ?
Is it _____ wastewater service _____ to this sewage _____ event?
_____ will experience _____ the Cleanup.
Are _____ service disruptions _____ to _____ mess?
_____ there be _____ with wastewater services _____ sewer overflow?
_____ there a chance that wastewater _____ by sewer _____ ?
_____ know if _____ be a disruption _____ wastewater _____ after _____ overflow incident?
_____ the _____ up _____ there _____ sewer service _____ ?
Cleanup _____ sewer _____ could _____ service _____ .
_____ probable _____ be an interruption _____ wastewater service during _____ sewage _____ event?
Is there _____ services while _____ cleaned up?
Can we _____ the sanitary sewer overflow _____ ?
Service _____ are _____ during the _____ clean _____ .
Sewage _____ during the _____ up _____ ?
Is there _____ service _____ to _____ ?
Will _____ services _____ when cleaning _____ after _____ overflow?
_____ is _____ sewage _____ might _____ disrupted during the _____ process.

Do you think there _____ any interruption _____ sewer _____ spill?
 _____ be _____ to water and sewer _____ they clean up _____ problem _____ this?
 _____ be disrupted while cleaning _____.
 _____ wonder _____ will be _____ in _____ and _____ as _____ clean up after _____ sewer leak.
 _____ there a _____ will be _____ due to sewer _____?
 _____ the _____ utilities affected _____ backup issue?
 _____ be _____ in the _____ post-overflow.
 There are _____ service _____ to _____?
 There _____ be obstacles in _____ intact _____ the aftermath _____ the sanitary _____.
 Do _____ the _____ operations _____ be halted _____ after _____ recent spill?
 Will the _____ wastewater _____?
 _____ might be _____ delays _____ overflow cleanup.
 Will _____ after the overflow?
 There may _____ an _____ to _____ services _____ sewer _____.
 _____ delays _____ services because _____ overflow recovery activities.
 While _____ made to clean up _____ the sewage backup issue, _____ there _____ with _____?
 Can I _____ sewer _____ to _____ when they _____ up after a _____?
 Can we expect _____ service _____ during _____ sanitary _____?
 Is sewer operations _____ with _____ overflows?
 Will the _____ wastewater services?
 _____ there be disruptions _____ sewage _____ while _____ clean _____ this _____?
 There _____ be _____ with _____ wastewater utilities _____ the sewage _____ issue _____.
 _____ a sanitary _____ disrupt _____ services?
 _____ any disruption _____ services after the sanitary sewer _____?
 Can the wastewater _____ be _____ sewer overflow _____?
 _____ if there are any _____ services during the overflow _____?
 Is _____ to be _____ for _____ system during overflow _____?
 _____ there any difficulty _____ after a _____ sewer spill?
 _____ be changes to sewer services _____ the _____.
 Do _____ the _____ to _____ stopped after the _____ spill?
 Will there _____ any _____ services _____ sewer overflow?
 sewage clean _____ cause _____.
 During _____ overflow _____ any _____?
 The sewer _____ services.
 Sewage _____ may _____ by overflow _____.
 While _____ made _____ clean up _____ backup _____ could _____ be a problem _____ wastewater utilities?
 Sewage services _____ disrupted temporarily by _____ current _____.
 Will there _____ wastewater services after _____ sewage _____?
 During _____ sewer _____ clean-up, _____ services be _____?
 _____ there _____ interruption _____ services _____ the sewer overflow?
 _____ going to _____ any disruption to _____ the _____ up?
 _____ during the overflow _____ process?
 _____ there be _____ impact _____ our wastewater _____ from the _____?
 _____ be any obstacles _____ wastewater services as we _____ overflow incident?
 _____ are anticipated service _____ during the _____ clean _____.
 _____ on _____ services while sanitaries _____?
 _____ me if my wastewater _____ you address the sewer overflow?
 _____ affected after the _____ sewage overflow _____ occurred.
 _____ there _____ an _____ in _____ services during the sewer _____?
 Should we _____ any _____ with sewage _____ while _____ line _____?

_____ services could be _____ to _____ cleaning.

Is _____ any _____ service _____ as we deal with _____ sanitary _____?

Any disruptions _____ a result of sewer _____?

_____ can be changes _____ sewer _____ overflow _____.

Can _____ tell me if my _____ services _____ be _____ address _____ situation?

_____ be any disruption _____ during the _____ up?

Should sewer _____ changed during _____ overflow _____?

_____ there _____ plans _____ as _____ with the sewer overflow?

_____ the _____ services _____ stopped as _____ is _____ clean _____ the sanitary sewer overflow _____?

_____ there _____ chance that sewer clean _____ service?

Is there going to _____ following _____ sewer overflow incident?

_____ there _____ any _____ in providing _____ as we clean _____ sewer _____ incident?

_____ we _____ up _____ the _____ overflow _____ are there any obstacles to _____?

Service _____ during the _____ overflow clean _____

_____ from _____ sewer _____ incident, _____ expect any obstructions _____ providing wastewater services?

_____ are clean _____ any _____ on _____?

_____ any _____ for service disruptions due _____ the _____ overflow?

_____ operation disturbed _____ there is a _____?

Is _____ when there _____ a sanitary _____ overflow _____?

_____ service _____ during the _____ overflow cleanup?

_____ are the chances of _____ disruptions _____ overflow?

Do _____ while we clean up?

Will there _____ halt _____ wastewater services _____ the _____ sewer overflow _____?

What _____ you _____ to happen _____ following the recent _____?

Can we _____ service _____ sanitary _____ overflow clean _____.

Can we expect service _____ up _____ sewer _____?

Will wastewater _____ by _____ overflow _____?

_____ wastewater _____ disrupted by the _____ overflow?

Is _____ operation _____ with sanitary sewer _____ incident?

_____ sanitary sewer _____ incident will likely cause _____.

Will _____ disruptions for the _____ after _____ sanitary sewer _____?

There _____ to wastewater services during the _____ clean-up.

Are there _____ disruptions _____ the waste _____ due _____?

Can _____ expect _____ interruption _____ after _____ sanitary sewer overflow?

_____ the _____ clean-up, can there _____ any _____ in _____ services?

_____ might _____ for wastewater services _____ the sanitary sewer _____.

_____ delays during _____ sewer overflow _____?

Wastewater _____ may be affected _____.

How _____ that sewage functions are disrupted _____ we _____ up _____?

_____ my _____ be affected by _____ clean _____?

_____ the _____ normal _____ are _____ while we _____ up the overflow?

_____ can _____ overflow recovery activities.

_____ will the sanitary _____ affect _____ services?

_____ the _____ clean-up affect our _____?

_____ there be _____ wastewater _____ when sanitaries are _____ up?

_____ possible _____ my wastewater _____ will _____ the _____ this sewage flood event?

_____ due to sewage _____?

Will _____ sewer service disruptions _____ clean _____?

Are _____ disruptions for wastewater _____ after _____ sewer overflow _____?

There could _____ service _____ the sewer overflow _____.

_____ we expect interruption _____ while handling _____ spills?
_____ will _____ any obstacles in providing _____ services after the _____ overflow _____?
sewage _____ with sewer _____ mess
Is _____ with _____ utilities _____ sewage backup issue?
_____ crisis _____ the _____ screw-up?
_____ there be any _____ and _____ as _____ clean up after _____ leak?
_____ services be stopped _____ sanitary _____ overflow situation?
_____ possibility _____ delays for sewage _____ due to _____ activities.
_____ the _____ services be affected by this _____?
_____ delays _____ sewer overflow _____?
Will sewage services _____ temporarily _____ the current _____?
Is _____ disrupted _____ sewer overflow incident?
Can we _____ service _____ as _____ the sanitary sewer _____?
Is _____ wastewater issues _____ cleaning _____?
_____ any interruption _____ wastewater services during _____ overflow _____?
Will there be _____ interruption _____ and sewer _____ as _____ after _____ sanitary _____?
Will _____ any interruption _____ services during _____ sewer _____?
_____ anticipate sewage service disruptions after the _____?
Service _____ a cleanup?
_____ the _____ backup _____ be any disruptions _____ wastewater utilities?
Will the _____ services to be _____?
Is it possible _____ sewage _____ disruption _____ cleaning _____?
Any service disruptions _____ the _____?
Is _____ a chance _____ clean _____ could _____ an effect _____ wastewater _____?
_____ will likely be _____ sanitary sewage _____.
Will there be service _____ during _____?
Is _____ any _____ of _____ functions being disrupted _____ we _____ up _____?
Is there _____ changes _____ sewer services _____ cleaning process?
_____ the current _____ work _____ the _____?
_____ being _____ what impact _____ have on wastewater services?
Is _____ a _____ disruptions during the clean _____ process?
_____ any disruption in wastewater services _____ sanitary sewer _____?
_____ there be _____ services _____ the sewer overflow Cleanup?
_____ the _____ sewage overflow _____ the _____?
_____ sanitary sewage overflow _____ affect _____.
_____ clean _____ impact the availability _____ treatment?
Do you expect _____ in _____ after the _____?
Clean _____ affect sewage _____.
_____ disruptions _____ possible _____ to _____ cleaning.
I _____ my _____ will _____ while you address the problem.
_____ wastewater _____ be _____ by _____ up?
_____ during a clean up.
_____ there any _____ in wastewater services after _____ incident?
Will there _____ obstacles _____ providing _____ services _____ we _____ up _____ sewer _____ incident?
Will the _____ be _____ the _____?
After this sanitary sewer overflow, will _____ disruption _____?
_____ will be cleaned up _____.
_____ disruptions during clean-up.
_____ there be any _____ providing wastewater _____ as _____ from _____ sewer overflow?
_____ a possibility while _____ clean up?

_____ up, _____ we expect _____ disruption?

sewage maintenance _____ during the _____.

_____ you think the sewer _____ halted after the _____?

_____ be _____ interruptions to wastewater services _____ the sewer _____.

Wastewater services will _____ sanitary sewage overflow.

Do _____ to be stopped or _____ in _____ the spill?

_____ be any disruptions _____ wastewater _____ after _____ sewage _____?

_____ will _____ while sanitarities _____ cleaned.

Will the overflow _____ or _____?

After _____ sanitary sewer _____ will there _____ to _____ services?

Wastewater utilities may _____ disrupted while _____ made _____ clean up _____ issue.

_____ I _____ any disruptions _____ water and _____ services as _____ clean _____ a _____?

Does _____ maintenance _____ Cleanup?

_____ be _____ waste _____ due to sewer cleaning.

_____ delays _____ the _____ overflow cleanup.

There is an impact on wastewater _____.

_____ services _____ be disrupted during _____.

Should _____ for any _____ facilities because of _____ sewage _____ up?

Will the wastewater services _____ halted as _____ effort _____ made to _____ overflow situation?

The _____ overflow _____ affect wastewater _____.

_____ sanitary _____ overflow _____ is sewer operation disturbed?

_____ sewage _____ be _____ due to _____ recovery activities?

_____ it difficult to _____ intact wastewater _____ amidst _____ after _____ spill?

Is it _____ there will _____ an _____ to _____ wastewater _____ during _____ event?

_____ be sewer _____ disruptions _____ clean up.

_____ might be disruptions to _____ the _____.

The availability _____ sewage _____ will _____ affected _____ clean-up _____.

I _____ if the _____ clean-up _____ our wastewater _____.

_____ are the _____ of _____ in _____ normal _____ while we _____ this overflow?

_____ be _____ after the overflow.

Will _____ affected after _____ overflow?

_____ any chance _____ interruption to wastewater services _____ up?

Will _____ be _____ wastewater services during _____ sewer _____ clean _____?

_____ services be affected _____ overflow?

_____ up _____ to _____ wastewater problems?

_____ work affected _____ clean-up?

_____ the _____ services be _____ by _____ spill?

Will _____ services _____ disrupted _____ repair activities?

_____ could be _____ the facilities _____ ongoing _____ clean-up efforts.

_____ maintenance _____ affected _____ the _____ up.

Do you have any _____ deal with _____ sewer overflow?

_____ it possible that _____ be disrupted _____ the cleanup?

Should wastewater _____ during _____ sewer spill _____ up?

_____ dealing with a sanitary _____ sewer _____ disrupted?

There _____ be service _____ during _____ overflow _____.

_____ of the normal sewage _____ will be _____ we clean _____?

Should we _____ for _____ gaps _____ sewage clean-up work?

_____ happen _____ my _____ services after the _____?

sewage _____ be _____ dealing with sewer overflow _____

sanitarities will be _____ up _____ any _____ services?

Should we _____ service to be disrupted _____ spills?
 _____ we anticipate _____ to _____ service after _____?

Should _____ expect _____ break _____ wastewater services _____ the _____?
 _____ disrupted during _____ sewer spill clean up.

Does _____ have any service _____ during _____?
 _____ disruptions to _____ service while _____ handle sanitary _____ spills?

Following _____ sewage backup _____ might there _____ an _____ wastewater _____?

As an _____ is made _____ clean _____ sanitary _____ situation, will there _____ halt in _____?
 sanitariums _____ cleaned _____ will there _____ on wastewater _____?
 _____ to _____ interfered with during the sewer _____?

Following the _____ sewer overflow, _____ there _____ disruption to _____?

We should _____ prepared for _____ gaps _____ facilities because _____ efforts.

There _____ delays _____ sewer overflow clean up.

Will the _____ activities _____ sewage _____?

Can we _____ service to _____ after the _____ overflow?
 _____ overflow clean _____ the services?

As efforts _____ made to _____ the _____ will _____ be _____ halt _____ wastewater services?

Sewage _____ may _____ while _____ clean up this _____.
 _____ be _____ in providing sewage _____ clean up _____ overflow?

Can I expect _____ and sewer _____ disrupted _____ they _____ up _____ problem _____ this one?

As we tidy _____ the _____ overflow _____ you think _____ will _____ any obstacles in _____?
 _____ repairs _____ sewage services _____?

Do you expect sewer _____ be _____ as a _____ the _____ spill?

Should _____ disruption be expected _____?
 _____ sewer cleaning _____ any _____?

_____ services be adversely affected _____ overflow?
 _____ are being cleaned _____ so any impact _____?

_____ is an _____ to clean _____ after _____ sewage _____.
 _____ the _____ overflow, _____ the _____ services _____ affected?

Will _____ be _____ wastewater _____ clean up _____ the sewer overflow incident?

Can _____ expect _____ to _____ the _____ sewer _____ clean up?
 _____ may be _____ to _____ services _____ the _____ process.

_____ you _____ there will be _____ of _____ operations following _____ recent _____?

_____ we _____ any _____ facilities due to sewage clean-ups?
 _____ be _____ in the wastewater services _____ sanitary _____ overflow?

There might be a _____ to _____ sewer cleaning.

_____ sewer services be _____ by _____?

Sanitation _____ be _____ after _____.

_____ you _____ me if _____ wastewater _____ will _____ while you address _____?
 _____ be disrupted post-overflow.

Will there _____ interruption during the sanitary _____?
 _____ may be _____ during the _____ process.

_____ there be _____ with wastewater services _____ sewer overflow?

Is _____ for sewers _____ during overflow resolution?
 _____ to _____ sanitary sewer _____ incident, are disruptions anticipated _____?

_____ may _____ the facilities due to _____ sewage clean-up _____.

_____ there likely to _____ in the sanitation service _____?

There are disruptions _____ wastewater _____ sanitary _____ overflow incident.

_____ you _____ shut _____ of sewer operations _____ the recent _____?

_____ the _____ spill _____ should there _____ to wastewater services?

_____ there a _____ that sewer _____ wastewater services?
 _____ be a disruption _____ services when dealing with _____.
 After the _____ we anticipate _____?
 There _____ interruption to _____ services during _____ clean-up.
 _____ current work _____ the sewage _____?
 Will _____ during the clean up?
 _____ sewage _____ will _____ services be _____?
 Sanitation _____ be _____ the overflow.
 Any _____ to a sewage _____?
 _____ might _____ changes to sewer _____ the overflow _____.
 _____ overflow delay or _____ wastewater _____?
 Is there any _____ to the _____ the _____?
 Is it _____ services will be _____ after _____ overflow incident?
 _____ a chance of sewage _____ during _____ clean-up?
 _____ a halt in wastewater service because of _____ situation?
 _____ activities disrupt _____ services?
 Will there _____ the wastewater services _____ the _____ clean _____?
 _____ know if _____ be _____ disruptions in _____ after the sewer overflow _____?
 There are _____ questions _____ during the overflow _____.
 Is it possible _____ sewage _____ interruptions _____ cleaning _____ after _____?
 _____ there be any _____ during the sewer _____ Cleanup?
 I wonder _____ will _____ an _____ my _____ as a _____ of this _____ flood event.
 _____ disruptions _____ during the sewer _____?
 Sewage maintenance could _____ clean _____.
 Is sewer cleaning going _____?
 _____ wastewater utilities _____ to clean up after _____.
 Can _____ any interruption to _____ the Cleanup?
 _____ be affected by _____ clean-up.
 _____ expect _____ operations _____ stopped _____ the aftermath of _____ spill?
 Can _____ disruptions during sewer _____ clean _____?
 Is _____ wastewater _____ going to _____ with _____ the _____ clean _____?
 During the _____ there _____ any interference _____ wastewater _____?
 Will _____ problems?
 Is there _____ chance _____ services _____ disrupted during _____?
 Is _____ plan _____ disruptions while _____ deal _____ the _____ sewer overflow?
 _____ sewage services _____ during _____ clean-up _____?
 _____ issues _____ expected during the _____?
 _____ clean up _____ service _____.
 The _____ wastewater services.
 _____ sewage services be _____ overflow?
 Do you expect the _____ down _____ halted _____ recent spill?
 _____ is _____ normal sewage functions _____ disrupted _____ we _____ up the _____?
 _____ crisis is _____ Wastewater screw-up?
 Do _____ think _____ will be a _____ in _____ operations _____ to _____ recent _____?
 _____ operations _____ to proceed _____ the sanitary _____ overflow _____.
 _____ overflow clean _____ will _____ the _____.
 During the clean-up _____ services _____?
 Due _____ activities, are _____ any _____ sewage services?
 Can I _____ in water _____ up after a problem like _____?
 _____ a sanitary sewer overflow, _____ any interruption in _____?

sanitaries are cleaned _____ how _____ affect wastewater _____?

When _____ with sanitary _____ overflow incident _____ disturbed?

Can we anticipate _____ the _____?

_____ there _____ be _____ disruption _____ we clean up?

_____ there anticipated disruptions for _____ the sanitary sewer _____?

_____ be affected _____ sanitaries _____ cleaned up.

_____ service _____ due to _____ cleaning.

Any _____ disruptions due _____?

_____ services may be disrupted _____ to the _____.

Will _____ be _____ for _____ services in the _____ of _____ sanitary _____?

_____ the _____ activities interrupt _____ services?

Will there be _____ to _____ services during _____?

Is _____ likely _____ be disruptions _____ sanitation _____ the overflow?

_____ the _____ spill clean-up, _____ there be _____ the _____ services?

_____ sewer _____ incident is likely _____ cause _____ for wastewater _____.

Can _____ service _____ during the sanitary _____ overflow _____?

_____ there _____ disruption for _____ lines _____ resolution?

_____ there any _____ interruption to water and sewer _____ up after _____ leak?

_____ might affect availability _____ treatment.

_____ sewer services be affected _____?

_____ be disrupted _____ by current repair _____?

_____ my _____ service affected during _____?

Sewage functions _____ be _____ we clean _____ overflow.

Can we expect _____ interruption to wastewater _____ aftermath _____ overflow?

Do you expect sewer _____ be halted or _____ of _____ spill?

Is _____ a chance _____ sewer cleaning _____ the _____ services?

Should _____ be _____ facilities _____ to _____ ongoing sewage clean-up efforts?

_____ service _____ be expected _____ up.

Will _____ disruption _____ wastewater services after the _____ sewer _____?

During _____ process, _____ there _____ changes to sewer _____?

Can I _____ a _____ in _____ services _____ the _____?

Is _____ a _____ sewer disruptions during the _____?

Is there _____ to the _____ following the _____ incident?

There could be _____ due _____ the _____ clean-up.

_____ services _____ sanitaries are cleaned up.

_____ services be impacted _____ cleaning?

Is it possible for _____ service to _____ handle _____ line _____?

Are _____ any _____ service _____ when _____ deal with _____ sewer _____?

Can _____ expect any disruptions _____ wastewater services during _____?

_____ any _____ in wastewater services _____ a _____ the sanitary _____ overflow?

Can _____ any _____ and sewer _____ as they _____ up after a problem like _____?

_____ overflow incident will likely cause _____ services.

_____ interruption in wastewater services during _____ up?

Can we _____ disruptions _____ a sanitary _____?

Is _____ due to the sewage clean _____?

_____ it _____ for sewage _____ we clean up _____ the overflow?

Will _____ be service disruptions caused _____ overflow?

_____ you expect service disruptions _____ the _____ overflow _____?

_____ any interruption _____ wastewater services _____ clean-up?

There _____ some _____ wastewater services _____ a _____ sewer spill.

_____ disruptions _____ to _____ sewage problem?

_____ there be any disruption _____ after the _____ overflow _____?

How _____ the _____ wastewater services?

_____ are _____ up _____ sewage backup _____ be problems with wastewater utilities?

There is _____ sewage backup _____ are _____ clean up.

_____ we anticipate _____ service disruptions _____ cleaning _____ overflow?

Service delays _____ possible _____ cleanup.

_____ overflow clean-up _____ the _____.

Will _____ be _____ problems _____ the _____ the sewage _____ issue?

_____ possible that _____ are _____ in providing wastewater _____ after _____ sewer _____?

Can I expect any _____ to _____ services during _____?

Can _____ be _____ to _____ services during _____ sewer _____?

_____ sanitary _____ overflow incident _____ disruptions for wastewater _____.

Is there a _____ being _____ during the clean-up _____?

_____ the wastewater _____ going to _____ interfered _____ during _____ cleaning?

When dealing _____ overflow _____ can there _____ any disruption _____ sewage _____?

_____ overflow cleaning _____ are _____ services _____?

_____ will _____ an impact on _____ services when _____.

There _____ chance _____ sewer _____ could affect _____ services.

_____ expect service disruptions _____ sewer _____ Cleanup?

_____ we _____ up _____ the sewer _____ incident, _____ you expect _____ providing wastewater _____?

_____ services be affected during _____?

Can _____ be any wastewater _____ while _____?

_____ the cleaning _____ services?

_____ be _____ in _____ services due _____ overflow recovery _____.

_____ dealing _____ sanitary sewer overflow, _____ operations _____?

Is _____ be disruptions for _____ sewers _____ the overflow _____?

Service _____ with _____ Cleanup _____ not?

Will _____ problems?

Will there _____ wastewater services because of the sanitary _____?

Will clean-up _____ cause _____?

_____ there _____ to _____ wastewater _____ the sewer overflow?

_____ be any interruption of _____ services _____ sewer overflow _____?

Will the _____ be affected _____?

_____ a plan for service _____ to the sanitary _____?

_____ could be an _____ to _____ this sewage _____ event.

The sewage services might be _____ when _____.

_____ the _____ Cleanup, _____ there _____ any interference _____ Wastewater _____?

_____ sewage services _____ clean up _____?

Is _____ services _____ to _____ disrupted _____ the _____?

_____ overflow _____ affect wastewater _____

_____ there a _____ of _____ disruptions during _____?

_____ an _____ to my wastewater service _____ up of this _____?

Will there be _____ to _____ during _____ sewer _____ clean-up?

_____ expected service disruptions _____ the sewer overflow _____?

_____ utilities might _____ affected _____ this _____ backup _____.

Is there a _____ could _____ services?

_____ there a _____ that sewer _____ could _____ wastewater _____?

_____ could be _____ to _____ services due to _____.

Sewage treatment may _____ clean-up _____.

_____ going _____ interruption _____ and sewer services _____ they _____ up after a problem?
 Will _____ for _____ occur _____ the sanitary sewer overflow _____?
 Is there _____ problem _____ providing _____ after _____ sanitary _____ spill?
 _____ it possible _____ sewage _____ could _____ disrupted _____ _____ up process?
 _____ possible that _____ sewer _____ could affect _____ services?
 _____ there is an _____ wastewater services _____ are _____ up.
 Are _____ services likely _____ delayed due _____ activities?
 _____ could _____ disruption to _____ services due _____ the sewer _____.
 _____ _____ be _____ when we clean up?
 Delays _____ the _____ Cleanup?
 _____ be prepared for any _____ the _____ to _____ clean-ups?
 _____ up sanitaries may have _____ impact _____.
 _____ be disruptions _____ overflow resolution.
 Can I expect any _____ services during _____?
 _____ be _____ wastewater services during _____ sewer overflow _____ up?
 _____ services be _____ during _____ clean _____?
 The _____ utilities _____ trying _____ clean _____ the _____ backup _____.
 _____ the overflow _____ on our _____ services?
 Service issues with _____ after _____?
 There might be _____ during the _____ overflow _____.
 Wastewater _____ be affected _____ Cleanup.
 _____ we _____ any interruption _____ wastewater _____ after _____?
 _____ we expect _____ interruption to _____ services in _____ wake _____ sanitary _____?
 _____ a disruption _____ sewage _____ when _____ with this _____?
 While _____ to _____ up the sewage _____ might there _____ any impact to _____ utilities?
 Is there a _____ of _____ services being disrupted _____?
 Sewage functions could _____ we clean up _____.
 Will _____ efforts affect the _____ of _____?
 There _____ be changes _____ sewer _____ overflow cleaning.
 How likely are _____ disruptions _____ the overflow?
 Is _____ services going _____ be _____ sanitary sewage _____?
 _____ sanitary _____ may cause _____ to the _____ services.
 Are there _____ service _____ expected _____ the _____ cleaned?
 Will the wastewater services _____ affected _____?
 _____ are there likely to _____ in _____ Sanitation _____?
 Our _____ services could _____ affected _____ clean-up.
 Can we expect _____ to be _____ the _____?
 Can _____ service interruptions _____ sanitary _____ overflow cleaning?
 Can _____ expect _____ while the sewer _____ being cleaned _____?
 Wastewater _____ be impacted _____ Cleanup.
 _____ disturbed _____ dealing with _____ sewer _____
 _____ I _____ wastewater service to be _____ deal with this _____?
 Do you _____ the _____ operations will be _____ the _____?
 Should _____ be prepared for _____ facilities _____ sewage clean-up?
 There _____ be disruptions _____ services _____.
 Can there be any _____ and _____ they clean _____ after _____ problem like _____?
 There _____ be _____ to _____ sewer _____ overflow resolution.
 _____ may be service _____ due _____ sewage _____.
 Will Wastewater services be _____ sanitary _____?
 _____ delays _____ sewage services due to _____ recovery.

____ the ____ clean-up affect the availability ____ sewage ____?
 ____ clean up ____ to cause ____?
 Will ____ be a stop in ____ are ____ up ____ address the sanitary ____ overflow situation?
 How ____ sewage disruptions ____ clean ____?
 ____ up affect ____ sewage treatment?
 ____ the ____ service be ____ the ____?
 ____ wastewater ____ as ____ effort is ____ clean up ____ sanitary sewer overflow ____?
 Can ____ expect service interruptions while the sanitary ____?
 ____ the ____ cause ____ problems?
 Will the ____ services ____ by ____ overflow?
 Is ____ a ____ sewer clean up will ____?
 ____ there ____ any ____ to ____ services ____ the sewer overflow ____?
 During the sewer spill ____ be ____ to ____?
 ____ there any ____ to wastewater services in the aftermath ____?
 Any ____ due ____ the ____ clean ____?
 Should we ____ prepared ____ are gaps ____ the ____ due ____ the sewage ____?
 ____ might be ____ the ____ cleanup.
 ____ could be ____ with sewage services ____ process.
 The ____ will impact our ____.
 Is the ____ repair ____ sewage services?
 There is ____ of ____ service disruptions ____ clean ____.
 Is ____ possible ____ wastewater ____ be disrupted while ____ address the ____?
 Will ____ current repair ____ affect ____?
 Service ____ be expected when ____ sanitary ____ overflow ____.
 The ____ utilities might be affected ____ backup ____.
 ____ the ____ Cleanup ____ wastewater services?
 ____ affect wastewater services.
 Will ____ overflow ____ a ____ our ____ services?
 ____ my ____ services ____ affected after ____?
 ____ may ____ for the ____ during ____ resolution.
 ____ may experience disruptions ____ overflow.
 Is ____ maintenance affected ____ the ____?
 Is ____ service delays during ____?
 ____ be an ____ in ____ services ____ sanitary sewer overflow?
 Is ____ any ____ in wastewater ____ after ____ sewer ____?
 What are ____ plans ____ service disruptions as we ____ with ____?
 When ____ sanitary ____ spillage should ____ any ____ to sewage ____?
 Can ____ expect disruptions ____ wastewater services ____ the ____?
 ____ if sanitary sewage overflows?
 ____ there ____ chance that wastewater ____ be affected by ____?
 During ____ overflow clean up can ____ interruptions?
 ____ service ____ to the ____ clean-up?
 Is ____ possible ____ my ____ service ____ be ____ during ____ sewage flood ____?
 ____ anticipate ____ disruptions while ____ clean up?
 ____ the ____ clean up ____ affect the wastewater services?
 ____ a ____ that sewer cleaning ____ affect ____ services?
 Can ____ expect ____ and ____ services ____ clean up after a sewage ____?
 Will the clean-up efforts ____ the ____?
 ____ any ____ to Wastewater ____ during the sewer ____?
 ____ a chance ____ services can ____ disrupted ____ sewer cleaning?

Will sewer _____ problems?

_____ sewer cleaning _____ problems?

_____ we plan _____ service _____ with the sanitary _____ overflow?

Should we be ready _____ any _____ the _____ to _____?

_____ there _____ expected _____ to wastewater services after _____?

Will _____ be affected _____ the _____?

_____ service _____ disrupted when _____ handle the sanitary _____?

Wastewater services might _____ cleaned up.

Will _____ activities _____ sewage _____?

_____ services may _____ the sewer spill clean- _____.

Can I _____ any interruption _____ water _____ sewer _____ after _____ clean _____?

Can _____ expect service interruption _____ the _____ up?

_____ a result of _____ sanitary sewer overflow situation?

_____ anticipated delays for _____ due _____ overflow recovery?

Will _____ a disruption in _____ after _____ sanitary _____ overflow?

A _____ incident may _____ disruptions for wastewater _____.

_____ wastewater _____ be _____ during _____ sewer overflow cleanup?

_____ there _____ chance that _____ service _____ disrupted during _____ flood event?

_____ any service _____ during _____ sewer overflow _____?

_____ services will experience _____ during _____.

_____ be affected by _____ sanitaries being cleaned _____.

Sanitation _____ could be _____ following _____.

Is _____ of _____ in water and sewer _____ as they _____ a _____ leak?

While efforts _____ made _____ backup issue, could there be any _____ with wastewater _____?

_____ it _____ sewer clean _____ could _____ with _____ services?

Is there any _____ disruptions _____ we _____ with sewer _____?

Service _____ sewage _____ clean-up

Will _____ services _____ affected _____ sanitary _____ overflow?

_____ efforts _____ made _____ clean up, _____ there be a _____ wastewater _____?

_____ interruption _____ sewage service while handling _____ line spillage?

_____ it possible _____ could affect _____ services?

While efforts are _____ to clean _____ issue _____ be any disruptions to wastewater _____?

_____ are the chances of disruptions _____ while _____ overflow?

_____ the _____ sewer _____ incident, _____ there _____ disruptions to wastewater _____?

_____ be _____ wastewater services during the clean-up?

_____ there _____ service disruptions _____ the sewer overflow _____?

Is there any disruption _____ during _____?

Can _____ disruptions _____ the _____ sewer overflow _____?

There could _____ a _____ waste _____ sewer cleaning.

Wastewater services _____ be disrupted _____ sewer _____.

What _____ sewer _____ during _____ overflow cleaning process?

_____ tidy up from the sewer _____ incident, _____ you expect _____ delays _____?

_____ we _____ interruptions during the _____ sewer overflow _____?

Can _____ tell me _____ services _____ you address the overflow situation?

Is _____ to be any _____ wastewater services during _____?

Service disruptions _____ possible _____ sewer _____.

_____ operation _____ when dealing _____ sanitary sewer _____ issues?

Wastewater services _____ be _____ the _____ clean-up.

Can _____ be any _____ in wastewater services _____ clean-up?

_____ there _____ chance _____ sewer _____ affect Wastewater Services?

What _____ service is _____ while we _____ ?
 _____ could be _____ for sewage _____ overflow recovery.
 _____ be interruption to _____ while handling sanitary _____ ?
 While efforts are made _____ up the sewage backup, _____ a _____ ?
 _____ any _____ caused by _____ clean up?
 _____ efforts are made to clean _____ following the sewage _____ to _____ wastewater utilities?
 _____ any chance of _____ to _____ services _____ Cleanup?
 During _____ clean-up could there be _____ services?
 _____ sewer _____ cause any _____ ?
 _____ we expect service _____ the _____ overflow cleanup.
 Is there _____ disruptions _____ when the sewer _____ ?
 Can wastewater services _____ sewer _____ cleanup?
 _____ expect _____ be _____ closed following the recent spill?
 sanitariums _____ cleaned up _____ this _____ wastewater _____ ?
 Is it _____ will _____ to _____ utilities _____ efforts are made to clean _____ ?
 _____ could be gaps _____ the _____ due _____ efforts.
 While _____ sanitariums _____ cleaned up, any _____ wastewater _____ ?
 _____ services could _____ disrupted _____ cleaning.
 _____ with sewage _____ Cleanup expected _____ ?
 Is _____ any expected _____ for _____ services _____ of overflow _____ ?
 Can there be _____ wastewater _____ during _____ cleanup?
 _____ expect my _____ service _____ be _____ while you _____ problem?
 Will there be _____ services during _____ sewer _____ up?
 Will wastewater services _____ clean-up?
 _____ could be changes to _____ the overflow _____.
 Will there be _____ wastewater services _____ cleanup?
 _____ be _____ during _____ overflow cleanup.
 _____ to the _____ situation, will there _____ a halt in _____ ?
 _____ be _____ when the _____ overflows?
 Will there _____ a halt _____ services _____ to _____ sanitary sewer _____ ?
 During the overflow _____ is _____ any _____ sewer _____ ?
 Is the availability _____ sewage _____ going to _____ affected _____ ?
 _____ you expect _____ services as _____ clean up _____ the sewer _____ incident?
 _____ clean _____ cause problems?
 Any _____ by the _____ screw up?
 Can _____ service _____ during the _____ overflow Cleanup?
 We don't know _____ service will _____ clean up _____ the _____.
 _____ it _____ that _____ will _____ during _____ sewer overflow cleanup?
 Clean-up efforts will affect _____.
 _____ might be _____ disruptions _____ the sewage _____.
 Do _____ think sewer _____ will be shut down _____ spill?
 _____ expect wastewater services _____ be disrupted during _____ ?
 Are the current _____ to _____ services?
 _____ be _____ interrupted _____ during _____ sewer overflow cleanup?
 Is there _____ services could _____ disrupted _____ sewer cleaning?
 _____ any _____ delays during the _____ cleanup?
 _____ we deal _____ the sanitary _____ there _____ plans _____ service disruptions?
 Will wastewater _____ be _____ cleaning?
 _____ wastewater _____ not be available after _____ ?
 _____ sewage services may be disrupted _____ overflow mess.

Will the ____ clean-up ____ ____ ?

____ possible that my ____ services will ____ ____ you ____ sewer overflow?
