

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Fuel efficiency and environmental concerns
Inquiry Sub-Category	Fuel Efficiency and Performance Trade-Offs
Description	Customers explore the trade-offs between fuel efficiency and vehicle performance attributes, such as horsepower, torque, acceleration, and towing capacity, seeking expert advice on finding a balance that suits their needs.
Data Size	5,262 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

Which cars have _____ horsepower _____ also _____ for _____ use?

Powerful _____ that _____ too much _____?

_____ high _____ that _____ well _____ gas mileage?

Which _____ have _____ power without _____ fuel _____ standards?

_____ high power _____ that _____ less _____?

Is _____ possible to _____ with _____ power _____ is also _____ efficient and ideal _____ daily _____?

_____ car _____ high _____ fuel economy?

_____ provide the best combination of power _____ _____?

_____ cars are the _____ efficient, with the highest _____ the _____ _____.

Does anyone _____ vehicle _____ HP?

_____ there any high _____ that _____ on gas _____?

_____ fuel efficient and have high _____ of _____?

Any _____ choices _____ powerful _____ efficient?

Can _____ zip _____ save _____?

_____ there any vehicles that _____ be used _____ both fuel _____ good _____?

Is _____ possible to suggest a _____ with _____ horsepower that _____ fuel _____ will _____?

_____ you _____ any vehicles _____ can _____ used _____ fuel efficient and high in _____?

_____ cars are high _____ but _____?

Any high _____ that _____ well on _____?

_____ daily _____ the top fuel efficient, _____ performance _____?

Is it _____ vehicle with a _____ of power _____ fuel efficient _____ can _____ used _____?

_____ have a _____ of good _____ and high-power?

_____ is _____ to _____ a _____ with high horsepower _____ efficient and _____ well _____ daily use.

Which cars _____ the _____ fuel-efficient _____ most power?

_____ cars _____ powerful and _____?

Which cars _____ of _____ power _____ fuel efficiency?

_____ are _____ top fuel-efficient, high _____ for _____ use?

_____ there a _____ that upholds commendable _____ fuel efficient?

_____ cars have _____ fuel-efficiency _____ high-power for an _____ day _____

_____ cars have _____ fuel-efficiency _____ high-power _____?

_____ have the _____ power _____ are also _____?

Tell me _____ cars _____ offer _____ optimal fuel _____ high _____ horsepower in _____.

_____ on cars that _____ optimal fuel economy _____ high levels _____?

_____ it possible to suggest a vehicle with high _____ that is _____ and _____?

_____ vehicles _____ above-average power without _____ standards?

_____ vehicles produce _____ compromising fuel economy?

_____ classy vehicles maintain _____ without compromising fuel _____?

Which cars have a good _____ high _____?

_____ have _____ combination of high power _____ good fuel efficiency _____ the average _____ life

_____ car models blend _____ and _____ daily _____?

_____ cars _____ most power and _____ mileage?

_____ any _____ that can _____ used _____ that _____ both fuel _____ and have _____?

_____ boost _____ but _____ as gas-guzzlers?

_____ you _____ fuel _____ high-hp _____ for _____ use?

_____ possible to recommend _____ vehicle with _____ power that is _____ but _____ suitable for _____.

_____ ones offer _____ most _____ with _____ best _____?

Is it possible to recommend _____ high _____ also fuel efficient?

Which _____ a good _____ of _____ fuel efficiency _____ driving?

Are you _____ cars _____ high power _____ qualities?

Which car _____ output _____ fuel _____?

Which cars _____ efficient but _____ have _____ of _____?

_____ cars have a _____ of _____ good _____ for an _____ day.

_____ most power but _____ more fuel-efficient?

Which cars _____ more _____ fuel _____?

Any _____ with powerful _____ and _____ for daily _____?

Is _____ to recommend _____ high power that will _____ daily use?

Which _____ have _____ best _____ power and fuel _____ the _____?

For daily _____ are there _____ high _____?

_____ rides _____ power, _____ are still gas friendly?

_____ cars offer _____ best _____ power and efficiency _____ everyday _____?

Which cars have _____ combination of powerful _____ efficiency?

Which _____ power and are _____?

Which _____ have the _____ and _____?

_____ power yet less gas?

Which _____ above _____ while maintaining good _____ economy?

Which _____ have _____ and less _____?

Which _____ the cars with the _____?

Which _____ the _____ of power and _____ efficiency.

_____ you looking _____ that _____ power and are environment _____?

_____ possible to _____ a _____ with high performance that is also _____ will _____ on _____?

Which _____ are _____ and _____ power?

Does anyone _____ efficient vehicles _____ high _____?

_____ cars have a good combination _____ power _____ efficiency?

Is there a car _____ to offer _____ levels of _____ regular usage?

Which car _____ more _____ the _____ and _____ the cheapest _____ on _____ road?

_____ cars _____ good _____ high-power _____ good fuel-efficiency for the average _____ life

It's _____ vehicle _____ a _____ of power that is also _____.

Is _____ possible to _____ that _____ fuel efficient _____ ideal for _____ use _____ it _____ high _____?

Which class ____ retain above ____ power without ____ ?

Is ____ to ____ a ____ highhorsepower that ____ fuel efficient and ____ well for daily ____ ?

____ cars ____ power while ____ fuel ____ ?

Which ____ can offer ____ good ____ economy?

Which cars ____ the best ____ of high ____ fuel ____ ?

Do ____ with good fuel efficiency and ____ ?

Which ____ have ____ are ____ efficient.

Is ____ to recommend ____ vehicle with high ____ that is ____ efficient ____ good ____ ?

____ wheels ____ aren't slurping ____ much ____ ?

Any ____ fast cars ____ ?

____ the most ____ but ____ less gas?

A ____ high power vehicles ____ good ____ mileage.

Which car has ____ power ____ fuel ____ for driving?

____ it possible to ____ a ____ with highhorsepower ____ and suitable for daily ____ ?

Do ____ know anything about ____ known to offer optimal ____ levels ____ ?

Which cars ____ best ____ high ____ and ____ fuel ____ everyday driving?

Fast ____ that ____ ?

Which ____ combines ____ good ____ economy?

____ good combination of power ____ fuel efficiency?

Can you tell ____ about ____ offer ____ economy ____ high ____ of ____ in ____ use?

Is ____ possible ____ vehicle ____ high power ____ is fuel efficient ____ fit in ____ use?

____ daily use, ____ fuel-efficient ____ ?

____ you think ____ high-hp ____ appropriate for ____ use?

It is ____ to recommend a ____ high ____ also fuel efficient, and ____ great ____ daily ____ .

Which ____ models blend ____ you drive?

It ____ to ____ vehicle with high ____ that is ____ efficient ____ will work ____ everyday use.

Is it possible to recommend ____ vehicle with ____ power ____ fit on ____ roads?

____ possible to recommend ____ with ____ that is also fuel ____ and works ____ .

Which class vehicles retain ____ power without ____ ?

Is it possible ____ recommend a ____ with ____ that ____ efficient ____ fit ____ the roads?

It ____ possible ____ with ____ power that ____ efficient and works well ____ use.

____ any ____ that has ____ horsepower ____ good ____ efficiency for ____ use?

Can you ____ tell ____ about ____ that offer ____ fuel ____ high ____ of horsepower ____ use?

____ recommend a vehicle ____ high power ____ is ____ efficient and will fit ____ roads.

____ it ____ to recommend ____ with high horsepower ____ is also ____ efficient ____ will ____ the ____ ?

____ know ____ high-power rides ____ are ____ the pump?

____ have the ____ power but ____ efficient?

____ it possible ____ find top fuel-efficient, ____ for ____ use?

____ cars ____ don't use ____ gas?

Which car ____ output ____ decent fuel ____ ?

Which ____ have more ____ burn a ____ gas?

Which cars ____ both high-power ____ ?

Which cars ____ a combination ____ good ____ efficiency ____ driving?

Which class ____ average power without ____ standards?

____ power and use ____ gas?

Do ____ high-hp ____ can ____ fuel-efficient?

Which cars ____ best ____ MPG?

Is ____ possible to recommend ____ vehicle with ____ that ____ fuel ____ and ____ on ____ road?

____ there ____ on cars with superior power ____ have ____ efficiency?

Any high ____ are good ____ gas ____ ?

Are _____ that _____ high _____ and are also _____ ?

Is there a _____ to _____ optimal _____ economy and high _____ horsepower _____ ?
_____ more power, _____ being fuel _____ ?

Is there _____ can be _____ that _____ both fuel _____ in power?

Is _____ possible _____ with _____ horsepower that is also _____ and work _____ daily?
_____ recommend a _____ with _____ power _____ will work _____ for _____ use and _____ be fuel efficient?
_____ cars have _____ of _____ power and _____ fuel-efficiency?

Is _____ to _____ a _____ high horsepower that _____ fuel _____ and ideal _____ daily _____ ?
_____ vehicles provide above average _____ without compromising _____ ?
_____ car _____ use high _____ good fuel _____ ?

Any _____ work well on _____ mileage days?

_____ ones have maximum power _____ ?

_____ there any cars _____ have _____ strong power?

_____ possible _____ recommend _____ vehicle _____ high power that is fuel efficient _____ will work well _____ .
_____ vehicles _____ above average _____ while _____ economy standards?

Do you _____ offer both _____ economy and high _____ of horsepower in _____ ?

_____ it _____ to _____ cars _____ high fuel _____ that still _____ great power?

_____ combine power _____ for everyday _____ ?

_____ good fuel _____ and _____ engines?

Which cars _____ yet aren't _____ ?

_____ car _____ has a _____ fuel economy?

_____ anyone _____ fuel-saving _____ with high _____ ?

_____ car has _____ economy _____ high output?

Is _____ possible _____ vehicle _____ engine _____ that is also fuel _____ will fit _____ use?

Is it _____ to use high-hp _____ ?

Are _____ for _____ with _____ power _____ also environment friendly?

_____ cars offer _____ best combination of _____ efficiency?

Which _____ is _____ with the highest _____ and _____ the cheapest _____ the road?

Cars _____ combination of _____ and good fuel _____ average day.

_____ car _____ the _____ and _____ efficiency for everyday driving?

_____ it possible to _____ a _____ a lot of _____ fuel _____ and will _____ for use?

_____ it possible _____ vehicle _____ high horsepower _____ can be used _____ ?

_____ a _____ high _____ that is also _____ efficient but suitable for use?

_____ cars use _____ are _____ efficient?

_____ cars _____ power and _____ on a _____ basis?

_____ cars are the _____ with _____ highest _____ also _____ cheapest to _____ on the _____ ,

_____ rides _____ powerful but _____ gas-friendly?

_____ cars _____ the best combination _____ power _____ fuel _____ a _____ basis?

There are _____ high power vehicles _____ good _____ ?

_____ cars are _____ efficient _____ of power?

Which cars have _____ of _____ efficiency for _____ driving?

_____ best combination _____ high engine _____ and _____ fuel efficiency?

_____ the _____ and mileage daily?

Which _____ achieve _____ average power without compromising _____ ?

_____ cars _____ the _____ combination of high _____ and _____ efficiency?

_____ possible _____ recommend a vehicle with _____ be used _____ a daily _____ .

_____ have good _____ power _____ fuel efficiency?

Which _____ lot of _____ are fuel-efficient?

Which cars had _____ most power _____ for _____ ?

_____ possible to recommend _____ is fuel efficient _____ suitable for daily use?

Which cars _____ a _____ combination _____ power and _____?

It is possible to _____ vehicle _____ high horsepower _____ is _____ can fit on _____.

I'm looking _____ power that _____ also environment-friendly.

_____ cars _____ power _____ burn as much _____?

_____ cars _____ the _____ combination _____ power and _____ mileage?

Which cars _____ the _____ and _____?

_____ pack the _____ are gas-friendly?

Which _____ have the _____ mileage _____ daily drives?

_____ you _____ me about the cars _____ optimal _____ economy and high _____?

Which cars are _____ but _____?

_____ good fuel-efficiency and high-power for _____ day.

_____ models blend power _____ efficiency _____ everyday _____

_____ does it combine good fuel economy _____?

_____ cars _____ fuel-efficient, but have a _____?

_____ vehicles maintain _____ compromising fuel _____?

Is _____ possible to _____ a _____ with _____ that is fuel _____ and will _____?

Which cars _____ of _____ and gas mileage?

_____ possible to recommend a _____ high _____ is fuel _____ daily use.

Does anyone _____ information _____ vehicles _____ impressive HP?

Which _____ have _____ power and _____?

_____ car _____ high _____ with good _____.

_____ vehicles have _____ punch without using _____ of _____?

Which car is _____ efficient _____ the highest _____ and also the _____ the _____?

_____ possible to _____ high powered _____ also _____ efficient and works great _____ use?

_____ models _____ power _____ efficiency for _____.

_____ have _____ most power _____ use the least _____?

Which _____ have _____ power _____ mileage?

_____ possible to recommend a _____ horsepower _____ is _____ will _____ on the roads.

It _____ to recommend a vehicle _____ power _____ is _____ efficient _____ will work great _____.

Is _____ to recommend _____ vehicle with _____ that _____ work _____ use _____ also be _____ efficient?

Which _____ while _____ fuel- efficient?

_____ cars _____ good combination of _____ efficiency _____ average day _____ the life

_____ tell me _____ cars with _____ still have good fuel _____?

It is possible _____ a _____ with _____ fuel efficient _____ will work well on a _____.

Which _____ have _____ yet are _____?

Which cars boost power _____?

_____ is possible _____ recommend a vehicle with _____ is _____ efficient _____ ideal for _____.

 Is there ____ list of cars ____ both optimal fuel economy ____ of horsepower ____ ?
 Is it ____ a vehicle ____ that is ____ fuel efficient ____ works ____ the roads?
 ____ recommend ____ with high ____ that is ____ efficient ____ can be used ____ a daily basis.
 Which cars are fuel efficient ____ in ____ ?
 ____ rides are ____ gas-friendly ____ the ____ powerful?
 ____ know ____ cars ____ big power that are ____ ?
 ____ it ____ to recommend ____ vehicle with high ____ that is also ____ on a ____ ?
 ____ you tell me ____ cars ____ that still have ____ fuel ____ ?
 ____ better engine power ____ economy?
 ____ any ____ can give on ____ that offer ____ economy and ____ levels ____ power?
 Is it possible to ____ a vehicle ____ horsepower ____ also fuel efficient ____ also ____ ?
 ____ cars have ____ fuel ____ and ____ ?
 ____ about cars ____ high ____ efficiency that still ____ good power?
 Which cars ____ the ____ combination ____ power ____ fuel ____ ?
 Which ones ____ greatest ____ with the ____ mileage?
 ____ there ____ list ____ cars ____ fuel economy ____ high levels ____ power ____ regular usage?
 Which ____ models boast ____ for ____ and ____ ?
 Which cars ____ of power and ____ efficiency?
 ____ the most ____ and efficiency?
 ____ possible to ____ a ____ with high power that ____ use ____ fuel efficient?
 ____ rides are ____ but ____ most power?
 ____ cars have ____ power ____ are ____ efficient?
 ____ know ____ cars ____ have good ____ efficiency ____ strong power?
 Is ____ on cars ____ offer optimal ____ economy ____ high ____ of ____ in regular use?
 Did you ____ cars can be ____ ?

_____ is _____ to recommend _____ vehicle _____ high _____ that is _____ efficient _____ in the daily.

Are there cars _____ high _____ are also _____?

Are _____ looking _____ high power and are also _____?

_____ have the greatest _____ and _____?

_____ any _____ with good _____ efficiency and _____ for _____ use?

_____ to recommend a vehicle _____ horsepower _____ very _____ efficient and _____ the day.

_____ rides _____ greatest power but _____ still _____?

_____ cars _____ the _____ power and _____?

_____ are high-hp cars?

_____ good combination of fuel _____ and high-power?

_____ tell me about _____ that _____ optimal _____ economy _____ levels _____ in _____ usage.

_____ cars have _____ combo of high _____ fuel-efficiency?

_____ it possible _____ with _____ power _____ is _____ efficient and will work _____ for _____ use?

Do you _____ have _____ fuel efficiency and _____ engines?

_____ car combines good _____ economy _____?

Which _____ better power _____?

_____ fuel _____ have a lot _____ engine power?

Are there _____ that _____ be used _____ that _____ efficient _____ in power?

Which _____ fuel-efficient, _____ more power?

Is _____ anything you can _____ me _____ offer _____ fuel economy _____ high levels _____ in regular _____?

Which _____ a _____ of _____ and efficiency for _____?

_____ are the _____ fuel efficient and high powered _____?

_____ cars _____ power _____ efficiency?

_____ offer both power _____?

_____ has a _____ combination _____ power _____ efficiency for everyday _____?

Which _____ above average _____ without sacrificing _____ economy _____?

Is it possible _____ a vehicle _____ horsepower _____ both fuel _____ ideal for _____ use?

_____ cars _____ are they _____ fuel efficient?

Which car _____ the _____ output _____ best _____?

_____ cars _____ while fuel efficient?

_____ cars have _____ fuel-efficiency _____ driving and _____?

_____ cars _____ more _____ do you _____ are fuel efficient?

_____ cars _____ the greatest power _____ on _____ basis?

Which classy _____ power _____ compromising fuel economy _____?

_____ there _____ high _____ that _____ get _____ gas mileage?

_____ cars boost _____ yet _____ hogs?

_____ high power vehicles _____ can _____ gas _____?

It is _____ to _____ vehicle with high _____ that _____ also _____.

Which _____ best combination of power _____ everyday?

_____ efficient _____ good for _____ use?

Is it _____ suggest a vehicle _____ horsepower that is _____ efficient _____ fit the _____?

_____ there a top fuel _____ high _____ be used _____?

_____ have the _____ power and efficiency _____ everyday driving?

Do you _____ high power vehicles _____ good _____?

_____ have _____ power but fuel _____?

_____ you tell me _____ cars that _____ fuel _____ still have _____?

Which car models _____ power _____ efficiency _____ everyday _____?

_____ it possible to _____ a _____ power that _____ efficient and will fit _____ road?

Which cars _____ highest _____ but are _____ efficient?

_____ cars _____ the _____ power _____ efficiency?

What _____ models _____ power _____ driving?

Are there any _____ that offer _____ fuel _____ high levels _____ regular _____?

_____ cars have _____ best _____ of high _____ and _____ fuel _____?

_____ to _____ vehicle with high _____ that is _____ fuel efficient and _____ daily use?

Is _____ possible to _____ a vehicle _____ that _____ fit on the road _____ be _____?

Is it _____ a vehicle with _____ efficient and _____ fit the roads?

_____ high _____ vehicles _____ gas mileage?

_____ rides _____ the most power _____?

What _____ the _____ combination of high _____ good _____ efficiency _____ driving?

_____ car is _____ the highest output and _____ cheapest _____ the road?

_____ good combination of _____ and fuel-efficiency _____ daily driving?

Which _____ have _____ good combination _____ and good _____.

_____ possible _____ a vehicle with _____ is _____ fuel _____ and works well _____ use.

For _____ cars are _____ efficient?

_____ it _____ to _____ a top _____ high _____ car?

Which car is _____ efficient, _____ highest _____ and also _____ run _____ the _____?

_____ cars have a good _____ of high power _____ good _____.

_____ me about cars _____ fuel efficiency _____ have superior power?

_____ rides _____ power while _____ gas-friendly?

Which _____ high-power and _____?

Is it _____ to recommend _____ lot _____ power _____ also fuel efficient and ideal _____ use?

It's _____ to _____ vehicle with high _____ that _____ fuel _____ works great for daily _____.

_____ you looking for _____ power and _____ also _____?

_____ to recommend _____ that is _____ fuel _____ in power for daily use?

Which _____ have high-power _____ good _____ daily driving?

Which vehicles _____ power _____ compromising _____ economy standards?
