

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|---|
| Company Type | Home Appliance Manufacturers |
| Inquiry Category | Company information and contact details |
| Inquiry Sub-Category | Technical Specifications |
| Description | Customers seeking detailed information about the technical specifications, features, and functionalities of home appliances, including compatibility with other products. |
| Data Size | 5,713 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ types _____ are used within _____ combos which help _____ over-drying _____ laundry _____?

What _____ do you use _____ in _____?

_____ the _____ in washer/dryer _____ units _____ regulate dryer times _____ drying of clothing?

_____ washers _____ dryers _____ avoid excessive _____?

Does _____ tech _____ from drying _____?

_____ are sensors _____ to _____ clothes from _____ after laundry.

_____ in _____ washer/dryer combo units _____ dryer times and _____.

What specific _____ drying _____ and _____?

Is _____ possible _____ washers _____ dryers have sensors _____ minimize _____?

Do washers _____ to stop the laundry _____ out?

What _____ technologies can _____ used _____ prevent _____ while using _____?

Do _____ use _____ sensors _____ to _____ my clothes _____ turning to _____?

Is _____ true that _____ models use precise _____ over-drying?

There are _____ used _____ combo machines _____ prevent _____.

Is it _____ your _____ sensor that prevent _____?

_____ the things in a _____ combo that _____?

Does the _____ tech stop the _____ too _____?

_____ do _____ in _____ help you avoid overdrying?

Do _____ washers _____ technology that _____ over-drying?

The sensors that _____ combinations.

_____ do you _____ washer/dryers _____ drying _____?

Any sensors that _____ for _____?

What _____ sensor technology _____ used to prevent _____ while they _____ laundered?

_____ you able _____ us the secrets behind _____ anti-overdrying _____ washers _____?

Are _____ sensors for _____ in your combinations?

Which _____ prevent _____?

Is _____ technology used in washer/dryer units _____ prevent _____?

What type _____ sensor can _____ drying?

_____ a way to _____ clothes _____ over-dried _____ washer and _____?
 _____ do sensor tech _____ from drying _____ too _____?
 _____ sensors _____ be _____ over-drying garments.
 What type _____ is _____ to keep clothes _____ dried?
 Do _____ dryers use _____ to stop _____ drying out?
 _____ kind of sensor technology is _____ within _____ units _____ clothes _____ dried?
 What _____ combo's sensors do to stop clothes _____?
 _____ washers _____ have mechanisms _____ reduce over-drying?
 Does the _____ sensors _____ avoid _____ garments?
 _____ type _____ sensor tech stops washer/dryers _____?
 _____ washers/dryers have _____ from drying out?
 _____ the washers and _____ have _____ to _____?
 How can _____ and _____ excessive _____ of clothes?
 _____ washing/dryer _____ have _____ mechanisms?
 _____ sensor _____ is used _____ prevent _____ from _____ dried while _____ laundered?
 _____ dryers use special _____ to avoid _____?
 _____ are sensors _____ laundry units that can _____.
 Are your _____ with sensor _____ prevent over-drying?
 _____ the _____ of sensors _____ washers and dryers?
 _____ excessive drying _____ and dryers?
 _____ washer/dryer units _____ technology to prevent _____ from _____ excessively _____ while they _____.
 Which _____ over- _____ laundry?
 _____ it _____ that _____ washers/dryers _____ keep my _____ from turning into junk?
 Which _____ combinations _____ prevent _____ drying?
 _____ do washers _____ excessive _____ during laundry?
 Which sensors _____ in the _____?
 How _____ the _____ help _____ your clothes dry?
 _____ there _____ sensor tech that _____ washer/dryers _____ much?
 _____ uses sensors _____ prevent excessive _____?
 _____ washers _____ technology to reduce over-drying?
 _____ use sensors to _____?
 _____ tell us _____ of effective _____ sensors _____ washers and _____?
 Is _____ a _____ that _____ when doing laundry _____ these _____?
 _____ to _____ excessive drying _____ laundry units?
 How _____ sensor tech stop _____ clothes _____?
 What are the types _____ used _____ the _____?
 There _____ in the washers _____ to _____ over-drying.
 _____ washers _____ dryers _____ special devices to prevent _____?
 There _____ in washers _____ to prevent over-dried _____.
 How _____ combinations able to eliminate _____?
 Do _____ that reduce over-drying?
 Does washer/dryer _____ to _____ excess _____?
 _____ and dryers have _____ feature that _____ over-drying?
 I _____ to know if the washers _____.
 _____ are _____ inside washers and _____ to prevent _____ clothes?
 Any sensors _____ used in combo _____ to _____?
 _____ are the _____ to eliminate _____ garment _____ using _____ and dryers?
 _____ special sensors _____ prevent excessive drying _____ designing _____ washer/dryer _____?
 How _____ combo's _____ work to avoid _____ drying _____?
 _____ use precise sense to _____ over-drying?

How _____ the sensors in _____ drying?

How do _____ and dryers _____ clothes _____?

_____ washer/dryer combo _____ drying _____?

_____ are used in _____ dryers to _____ prevent over-drying clothes?

Which sensors _____ washers _____ dryers _____ prevent over-drying _____?

_____ the sensors in your _____ help you _____?

How is _____ supposed _____ drying too much?

_____ sensor _____ help prevent over-drying in washers/dryers?

_____ do _____ dryers _____ technology to _____ the _____ dry?

How _____ from over drying in _____ machines?

_____ in _____ washer/dryer combo units _____ regulate _____ times and _____ drying.

Laundry doesn't _____ if some types _____ sensors are _____.

How _____ on washer/dryer combo units regulate _____ times and _____ excessive _____?

_____ washers and _____ some kind _____ sensor?

Is _____ washer/dryer _____ using _____ preventing excess _____?

There might be _____ laundry _____ that _____.

_____ you use _____ in your _____ and _____ keep _____ clothes from _____ sloppy creatures?

Did _____ combo have _____ ability to _____ clothes _____ drying _____?

Which _____ sure _____ clothes are _____ in _____ processes?

_____ use _____ to _____ excess drying?

There are _____ prevention _____ in washers _____.

_____ the _____ using _____ to prevent _____ dryness?

_____ combo _____ keep laundry dry?

_____ of sensor technology is _____ for washer/dryer _____ to _____ from _____ dried?

Which _____ use _____ over-drying?

Did _____ have sensor that _____ over-drying?

_____ washers and dryers _____ excessive drying _____?

How _____ use _____ to avoid over-drying?

How _____ washers _____ dryers _____ to _____ over-drying?

Is _____ a _____ prevention _____ within _____?

Which _____ combo _____ sensor that prevents _____ from _____?

Is _____ a _____ to avoid _____ dried in the _____?

How _____ the _____ your washer/dryer _____ avoid _____ clothes?

_____ can the sensors in your _____ help _____?

How _____ and dryers use sensors _____ over- _____?

_____ the washer/dryer do _____ clothes _____ drying quickly?

_____ sensor _____ over _____ of laundry _____ units?

How do washer/dryer _____ and _____ drying of clothing?

How _____ sensors _____ washer/dryer help _____ avoid over _____ your _____?

_____ it _____ and _____ use special devices to _____ over _____?

_____ sensors are _____ that laundry doesn't get overdried?

_____ and dryers use _____ drying

_____ sensors _____ in _____ units _____ prevent over-drying?

There are sensor in _____ drying.

Can _____ tell us _____ secrets _____ sensors _____ washers _____ dryers?

Do _____ use _____ excessive _____ in your combinations?

Over-dried clothes can _____ prevented _____.

_____ washing machines have _____ prevent _____?

_____ in washers _____ dryers _____ prevent _____ drying.

_____ about sensor used _____ prevent excessive drying?

_____ the washers _____ dryers prevent _____?
 _____ sensor _____ prevent _____ while using _____?
 Is _____ that sensor _____ washer/dryers _____ drying clothes _____ much?
 _____ the sensors in _____ keep clothes dry?
 _____ way to _____ in dryers and washers?
 Should _____ sensors _____ stop _____ drying?
 _____ sensors _____ sure clothes don't _____ in the _____?
 Any _____ sensor used _____ drying _____ combo machines?
 _____ washers/dryers use _____ to _____.
 What _____ sensor are used in _____ machines _____ drying?
 Can _____ how to use _____ sensors in _____ washers and _____?
 What _____ used _____ in washers?
 _____ washer/dryer _____ use sensors to _____ dryness?
 The _____ in _____ combo _____ are used _____ regulate _____ times _____ excessive _____ of _____.
 _____ can sensor _____ from _____ more?
 What technology _____ within washer/dryer units _____ being _____ dried _____ they _____ laundered?
 Do _____ washers/dryers _____ sensors?
 Laundry doesn't _____ overdried if _____ certain _____ in _____ washers.
 _____ of sensors are used _____ clothes during _____?
 What _____ tech prevents _____ drying clothes too _____?
 There are _____ functions _____ excess drying _____ laundry _____ these machines.
 What _____ prevents _____ from drying _____?
 What _____ washer/dryer _____ that _____ over-drying?
 Does the sensor function _____ excess _____ laundry _____ machines?
 Do _____ and _____ the _____ to detect over-drying?
 Does _____ washer/dryer _____ prevent excess dryness?
 _____ do sensors _____ drying out?
 How _____ dryers _____ avoid drying _____?
 _____ washers and dryers work _____ avoid _____ clothes?
 What kind _____ stops washers from _____ much?
 _____ the sensors _____ washers/dryers _____ clothes?
 _____ are _____ sensor technologies that _____ laundry machines?
 Which sensors _____ used _____ protect the _____ drying _____?
 _____ the _____ combo's sensors _____ to avoid _____?
 _____ to _____ the secrets _____ using anti-overdrying sensors in washers _____?
 Do _____ washers and _____ use _____?
 _____ combo machines for avoiding excess drying?
 _____ sensors in the _____ and dryers _____ prevent _____.
 _____ washers and dryers _____ to limit _____?
 Does _____ stop washer/dryers _____?
 What kind _____ keep clothes _____ drying out?
 Can _____ tell _____ why _____ washers _____ dryers _____ sensors?
 _____ kind _____ sensor _____ is _____ prevent _____ being excessively dried while _____ washed?
 Do your _____ drying prevention _____?
 How _____ washers _____ dryers prevent _____?
 _____ do the _____ combo's sensors _____ to _____?
 What _____ of _____ is _____ to keep _____ from getting _____?
 _____ you _____ types of sensors _____ put in _____ to _____ getting overdried?
 _____ you know how _____ sensors in washers _____?
 _____ the sensors _____ and dryers help _____ excessive _____?

____ you tell ____ how ____ anti-over drying ____ washers ____ dryers?
 ____ the sensor ____ when ____ laundry with these machines?
 ____ do ____ sensors ____ garments ____ out?
 ____ do washers/dryer ____ use ____ to ____?
 How do ____ washer/dryer combo's sensors ____ drying ____?
 ____ your washer/dryer ____ with special sensor ____ prevent ____?
 ____ tell me the ____ in washers and dryers?
 ____ drying ____ inside washers and ____.
 How ____ sensors ____ your ____ avoid over dry clothes?
 Is ____ washer/dryer combo ____ stop your ____ from ____ too ____?
 Which sensors ____ clothes ____ not ____ much?
 Which ____ sensors ____ used ____ washers and ____ to help ____?
 ____ in ____ combinations prevent over-drying.
 ____ make sure ____ aren't ____ too ____ in laundry?
 Which type ____ technology ____ used in ____ prevent ____ from ____ excessively dried?
 ____ there any type ____ sensor in the ____ avoids ____?
 ____ do ____ detect over-drying?
 Do ____ dryers use ____ to avoid ____?
 What ____ used to prevent ____?
 ____ modern dryers and washers ____ sensing to ____?
 ____ sensor ____ help ____ over-drying in ____?
 ____ are ____ in washers ____ to ____ drying.
 ____ of ____ from drying too much?
 ____ do ____ and dryers ____ to ____ garments?
 ____ there a sensor ____ washing ____ overdrying clothes?
 ____ of sensor ____ utilized ____ washer/dryer units to ____ clothes from ____ dried?
 ____ certain sensor functions ____ should prevent excess ____ these ____.
 Which incorporated ____ from drying ____?
 ____ sensors ____ in laundry machines?
 ____ washer/dryer ____ units regulate dryer times and ____ drying of ____?
 ____ sensors ____ excessive drying ____ machines?
 ____ the washers and dryers ____ prevent excess ____?
 ____ are the measures ____ to eliminate excessive ____ dryness ____?
 ____ your ____ combo's sensors able to ____ from ____?
 What type of ____ technology is ____ prevent clothes ____?
 ____ are technologies in ____ overdrying.
 ____ that some types ____ are put ____ washers ____ from getting overdried?
 ____ washers and dryers ____ that ____?
 Does ____ dryer ____ sensors ____ prevent over-drying?
 ____ do washers and ____ work ____ clothes?
 ____ are sensors ____ washers that ____ clothes ____.
 ____ of tech ____ machines ____ clothes too quickly?
 Which sensor ____ laundry ____ being ____ dried ____ combo ____?
 ____ stop the ____ and dryers?
 ____ of ____ are put ____ washers so that the laundry ____?
 How do dryers ____ avoid ____ of ____?
 ____ tell ____ about ____ of sensors used in washers and ____?
 ____ in washers/dryers ____ over-dried clothes.
 ____ are ____ mechanisms ____ the washer/dryer ____
 ____ type of sensor ____ stops ____ from ____?

How _____ washer/dryer _____ the _____ from _____ too much?

How _____ the _____ combo units help regulate dryer _____ excessive _____?

_____ there a _____ appliances that stops _____?

_____ and dryers _____ a way _____ prevent _____ during laundry?

Do the _____ dryers _____ to reduce _____ drying?

Are _____ sensors for _____ drying when designing your _____?

_____ technology _____ used _____ washer/dryer units to prevent clothes _____?

_____ smart _____ mechanisms are _____ dryers and washers _____ wrinkling?

Which smart sensors _____ in _____ that _____ to prevent _____?

_____ can _____ using washers/dryers for laundry?

Is _____ washer/dryer combo capable _____ stopping _____ too _____?

_____ systems are installed _____ washers and dryers _____ prevent _____?

Can _____ talk about how _____ anti-overdrying _____ and dryers?

There _____ functions that prevent _____ laundry from _____.

_____ washer/dryer _____ sensors prevent _____?

How _____ sensors be _____ to _____ drying _____ laundry _____?

_____ type _____ stops laundry _____ from over drying _____?

The _____ combo _____ to _____ garments.

How _____ washing machine _____ unit _____ clothes _____ over _____?

_____ do the _____ in your _____ your _____ drying out?

Which washer/dryer _____ uses _____ drying?

_____ possible that laundry doesn't _____ overdried by using certain _____?

Do you _____ what _____ prevent _____ drying when _____ these machines?

_____ are used within washers/dryers to _____?

_____ sensor technology _____ used to _____ being excessively dried?

Do washer/dryers _____ special _____ over-drying?

_____ clothes from drying too fast?

_____ washers and _____ have _____ sensors that _____?

_____ from getting dried by _____?

_____ sensor _____ when doing _____ with these machines?

How _____ the _____ in the washer/dryer _____ help _____ times and _____ drying _____ clothes?

_____ in your washer/dryer capable of keeping _____ from _____?

_____ laundry _____ to stop excessive _____

Does _____ combo have special _____ that _____?

Which _____ used to make sure _____ not _____ in _____?

_____ technology stops washing machines _____ drying _____ too _____?

Is there a _____ your washers _____ prevent _____?

_____ the _____ in _____ washer/dryer help _____ drying your clothes?

Will washer/dryer combinations _____ sensors _____?

How do the _____ in _____ combo _____ and prevent _____ of clothing?

_____ dryers _____ use precise _____ to avoid _____?

_____ do _____ and dryers keep _____ drying _____?

Does _____ if _____ any _____ prevention mechanisms in _____ units?

There _____ washers/dryers _____ over-dried clothes.

_____ the washer/dryer _____ special sensors _____ over-drying?

Does sensor used _____ drying?

There _____ drying prevention _____ in washers and _____.

Do _____ washers use _____ sensors _____ prevent _____?

_____ are _____ in washers and _____ prevent over _____ laundry.

Does _____ washer/dryer _____ special sensor to avoid _____?

How _____ and dryers prevent _____?

What _____ sensor are _____ avoid _____ drying in laundry _____?

_____ it possible _____ put _____ in washers to _____ sure _____ laundry _____?

Can you _____ about _____ types _____ sensors _____ washers and _____?

_____ do washers _____ excessive drying?

_____ sensors _____ over-drying in _____?

_____ do _____ washers and dryers work _____ avoid _____ drying _____?

Do _____ sensors that _____ over-dried _____?

_____ the types _____ that are used _____ washers _____?

Does _____ washer/dryer combination _____ sensors _____ excess _____?

_____ sensors _____ clothes _____ get _____ in laundry?

_____ sensor _____ units _____ over-drying?

How _____ and _____ warn _____ excessive _____?

_____ washer/dryer _____ sensors to _____ over-drying?

How do sensor _____ help _____ over-drying _____?

I _____ washers _____ dryers use _____ devices to _____.

_____ the _____ and dryers work to _____ drying _____ clothes?

What _____ to avoid excess drying _____ combo _____?

_____ your _____ dryers have _____ prevent over-drying?

_____ the sensor in _____ washer/dryer help _____ over drying _____?

_____ the washer/dryer _____ use a _____ to _____ dryness?

Which sensors _____ in _____

_____ some sensors do to prevent _____ from _____?

Which _____ over-drying while using laundry _____?

Is _____ a _____ for _____ excessive _____ in _____ washer/dryer combination?

_____ and _____ have the ability _____ detect over-drying?

_____ sensor functions that _____ drying in _____ machines.

_____ there a type of sensor in _____ clothes?

Which _____ of _____ used _____ washers and _____ to _____ over-drying _____?

_____ of sensors are _____ in _____ and _____ help prevent over-drying _____?

_____ sensors in washers and _____ are _____ to _____ clothes.

_____ make _____ aren't dried out in _____?

How _____ machines and dryers detect _____ drying _____?

_____ certain sensors _____ laundry appliances _____ prevent over-drying.

Do you _____ any _____ sensors for _____ in your _____?

How can _____ from _____ out in _____ machines?

_____ type _____ sensor _____ from overdrying?

What types of sensors are _____ in washers _____ drying _____?

Which _____ has _____ sensors?

_____ sensors in _____ washer/dryer _____ can help you _____.

Which sensors _____ in _____ that _____ over-drying?

_____ may be _____ that prevent _____ drying when _____ with these _____.

_____ keeps laundry from _____ dried?

_____ drying in washers _____ dryers?

_____ washers and dryers _____ detect excessive _____ clothes?

_____ do the _____ avoid overdrying?

Which _____ combo _____ over-drying _____?

_____ washing machines and _____ devices to prevent _____?

_____ of sensor technology _____ to prevent _____ being _____ dried _____ the washer/dryer?

Does your _____ dryers _____ the _____ to _____ over-drying?

_____ be _____ inside washer/dryer units.

What drying _____ are _____ in _____?

_____ laundry units _____ excessive drying.

There are sensors that _____ excessive _____.

Which sensors _____ you _____ prevent _____ washers?

_____ and _____ warn you of over-drying _____?

Do _____ precise sensors to _____ over-drying?

What _____ technology _____ utilized _____ to prevent clothes _____ being excessively _____?

_____ do _____ tech stop washer/dryers from drying _____?

There are sensors _____ excess drying _____ combo _____.

_____ types of sensors are used _____ laundry _____ to _____?

_____ you _____ if there _____ any drying _____ within washer/dryer _____?

_____ possible that your washers/dryers _____ keep _____ from falling apart?

_____ sensors _____ to prevent clothes _____ over _____?

There are some sensors _____ in _____ to _____.

_____ of _____ used in washers and dryers _____ prevent _____ drying?

_____ the _____ dryers _____ the _____ to _____ over drying?

Which _____ and _____ prevent over drying?

What _____ of sensor _____ is _____ clothes from _____ dried _____ much?

_____ use _____ to prevent over-drying?

_____ do _____ and dryers avoid _____?

_____ it possible _____ fancy sensors _____ washers/dryers _____ prevent my clothes from _____ mush?

_____ washers and dryers _____ against _____ of laundry?

_____ and _____ sensors _____ prevent over-drying?

_____ sensor keeps _____ from getting _____ dried by _____?

There are sensors _____ laundry _____ prevent _____

What type of sensor _____ is _____ in _____ units _____ prevent _____ from _____?

_____ washer/dryer combo uses _____ to _____?

The _____ units _____ sensor _____ drying.

_____ doesn't _____ overdried _____ there are some _____ of _____ in _____.

_____ kind _____ washing _____ dryer _____ sensor _____ overdrying?

Which _____ used _____ clothes from _____?

Is it _____ that _____ combinations _____ to prevent _____ dryness?

What technologies _____ you use _____ washers/dryers?

Is it _____ that you use fancy _____ in _____ washers/dryers _____ from _____?

_____ sensors _____ laundry from _____ out?

What kind of sensor _____ used _____ prevent _____ dried _____ washing them?

Is _____ sensor used _____ units to _____ drying?

_____ work _____ regulate dryer times and prevent excessive drying of _____?

washers _____ devices to prevent _____

Do laundry _____ sensors _____ excessive drying?

_____ precise sensors to avert over-drying?

_____ specific sensors _____ block over-drying?

Which _____ sensor _____ inside _____ and dryers _____ prevent wrinkling?

_____ the washer/dryer _____ use sensors _____ dry?

_____ sensor to prevent over _____?

Do _____ models _____ precise _____ avoid _____?

_____ are sensors in _____ machines _____ stop clothes _____ dry.

_____ do you _____ garments _____ out in combo _____?

How do _____ washers detect _____ of _____?

Does your _____ special _____ preventing excessive drying?
 _____ combo machines _____ avoiding _____ drying?

I _____ know _____ types _____ sensors are _____ in washers _____ laundry _____ overdried.
 _____ sensor _____ units prevent _____ drying?

What types _____ sensors _____ put _____ washers so _____ overdried?
 Does _____ have enough _____ to prevent _____?
 _____ prevent over-drying of laundry _____?
 _____ there _____ specific type _____ sensor _____ combo that _____ excessive drying _____?
 _____ are the _____ used to prevent _____ washers/dryers?

Which _____ dryers _____ sensor to _____ over-drying _____?
 What kinds _____ washers/dryers to _____ over-drying clothes?
 _____ washers and _____ avoid drying _____?

Do washers and _____ special _____ avoid _____?
 Do washers _____ dryers _____ prevent over-drying?

How can _____ units _____ from _____ dried while _____ laundered?
 How _____ certain _____ drying out?

Is the washer/dryer _____ employing _____ excess _____?
 _____ combos have _____ prevent over-drying?
 _____ us _____ the _____ effective anti-overdrying sensors in washers _____ dryers?

Do your _____ and dryers _____ prevent _____?
 Do you _____ special _____ in your washer/dryer combinations?

Which _____ stop _____ excessive drying _____?
 Which _____ have _____ prevent _____?

What are the measures _____ to _____ garment dryness _____?
 _____ used _____ avoid over drying _____?

Is there _____ type _____ sensor _____ combo _____ drying clothes?
 _____ in _____ to prevent overdrying

There _____ sensors in your _____ and _____ prevent _____.

Which _____ of _____ help _____ from _____ too dry?

There _____ sensors in _____ clothes from _____ out.
 _____ washers/dryers _____ to prevent excess _____?
 _____ certain _____ excessive drying in _____.

_____ do the _____ your _____ help keep your _____?

Do you know _____ are used _____ the washer/dryer _____?
 _____ of sensors are used _____ washers/dryers _____ prevent _____?
 _____ can the _____ and _____ prevent _____ drying _____ clothes?

Which _____ from drying _____ fast?

Special _____ preventing excessive _____ in _____ washer/dryer combinations?

Is _____ laundry units _____ to _____ excessive _____?

Which _____ sensors are _____ into _____ that _____ doesn't get overdried?
 _____ washers _____ sensors to reduce over-drying?

Can _____ tell _____ we _____ use anti-overdrying sensors _____ and _____?
 _____ of tech _____ the washer/dryer from drying _____?

_____ of _____ are used in _____ to _____ over-drying?
 _____ combo using _____ to avoid _____?

_____ there _____ special _____ preventing excessive drying in _____ combinations?

There are _____ and _____ that prevent _____ from being _____.

Are _____ washer/dryer _____ capable of _____ from over-drying?
 _____ do _____ resist drying clothes too _____?

Which sensors make _____ dried too _____ the _____ process?

What _____ stops laundry machines from _____ drying _____?
 Do washers _____ dryers have the _____?
 _____ the _____ sensors _____ ability to _____ clothes from over-drying?
 _____ sensors _____ over _____ of _____?
 _____ and dryers use _____ equipment to _____ laundry _____ out?
 _____ can _____ prevent _____ from drying _____ much?
 _____ the washers/dryer _____ units _____ dryer times _____ prevent _____ of clothes?
 Did _____ and _____ have _____ way to prevent _____?
 _____ technologies _____ we use _____ over-drying in _____ machines?
 Can you tell _____ secrets _____ anti-overdrying sensors _____ washers and _____?
 How _____ and _____ work _____ prevent _____ laundry drying?
 _____ of your _____ combinations include _____ sensors for _____ excessive _____?
 How _____ the _____ in _____ and _____ help you _____ over _____?
 Does the washer/dryer _____ use _____ over-drying?
 _____ are _____ sensor functions _____ can _____ excess _____ with _____ machines.
 Is _____ a specific sensor function _____ prevents _____ with these _____?
 Is the washer/dryer combo using _____ avoid _____?
 How _____ the washer/dryer combo's sensors _____ avoid _____?
 Is it possible that _____ for _____ drying in your _____?
 How do _____ washers _____ excessive drying _____ clothes?
 Is _____ possible _____ clothes with certain _____ of sensors?
 What _____ washers and _____ prevent over-drying?
 What _____ are put in _____ make _____ laundry _____ get overdried?
 _____ specific _____ of sensor _____ the combo _____ excessively drying clothes.
 What _____ of _____ technology is used _____ units _____ from _____ too dried?
 Which washer/dryer _____ sensors to prevent _____ out?
 _____ of sensor technology _____ in _____ units to prevent _____ from _____ dried?
 How do _____ and _____ prevent clothes _____ much?
 Which type _____ are put in _____ that the _____ get _____?
 Which sensors _____ units _____ the laundry from _____?
 _____ the sensor _____ washer/dryer _____ of stopping your _____ from _____?
 _____ sensor stops _____ from _____?
 _____ do the _____ washers and dryers _____ drying?
 There _____ sensor _____ that prevent _____ drying _____ laundry.
 _____ are used in _____ appliances to _____ garments _____ overdried?
 Which sensor makes _____ aren't over _____ laundry _____?
 Does the _____ use _____ to _____ dryness?
 How do _____ and _____ of the clothes?
 _____ of _____ are _____ in laundry _____ to _____ over-drying?
 Do washers and _____ avoiding over-drying?
 Do _____ and _____ devices to _____ laundry from _____ out?
 Which _____ of sensors _____ used _____ over drying clothes?
 Do washer/dryer _____ use _____ prevent _____?
 Specific sensors _____ in _____ avoiding _____ drying
 _____ the washer/dryer _____ do _____ prevent over drying?
 Which _____ prevent _____ drying _____ with these machines?
 Does modern dryer/washer _____ to _____ over-drying?
 _____ something _____ laundry appliances _____ over-drying?
 Are _____ dryers able _____ over-drying?
 _____ sensor _____ units _____ the laundry from _____ out?

Which _____ have _____ clothes _____ drying out?
 _____ and dryers resist excessive _____ clothes?
 Can _____ tell _____ are _____ in modern washers and _____?
 What _____ of _____ tech stops _____ machines from _____ clothes _____?
 The washer/dryer units _____ technology to prevent _____ from _____.
 _____ do the sensors _____ help _____ excessive drying?
 Is it _____ that _____ use fancy _____ clothes from _____ a mess?
 _____ your washer/dryer combo _____ to prevent _____.
 Which _____ over-dried in the laundry?
 _____ dryers have a way to prevent _____?
 Is there any kind of sensor _____ that _____?
 Which smart detecting _____ washers and _____?
 The _____ the combo _____ are _____ dryer times and _____ drying of _____.
 _____ washers _____ have special _____ prevent over-drying?
 Do _____ use precise _____ to _____?
 How _____ drying _____ machines _____ prevented?
 _____ the washer/dryer _____ have sensors for _____?
 Which sensors are _____ washers/dryers _____ help _____?
 How _____ washer/dryer combinations _____?
 _____ sensors _____ washer/dryer to stop _____ drying _____ clothes.
 _____ do _____ avoid drying your clothes too _____?
 _____ do _____ use sensors _____ over-drying?
 _____ use something _____ avoid over-drying garments?
 _____ sensors are _____ washer _____ dryer?
 When _____ your washer/dryer combinations, _____ you _____ to prevent _____?
 Do _____ washer/dryer _____ sensors stop _____?
 _____ dryers use technology to _____ over-drying?
 There are _____ in washers that prevent _____.
 _____ are not over-dried in _____?
 _____ washers/dryer combinations _____ built-in monitoring _____ excessive garment _____.
 _____ clothes _____ drying too much?
 _____ are sensor _____ and dryers to _____ clothes.
 I want _____ the types _____ that are used _____ combo.
 _____ to preventing over-drying in _____ machines?
 What _____ to prevent clothes _____ being _____ dried _____ they _____ laundered?
 What are the _____ washer/dryer _____ that _____?
 How _____ combo units regulate dryer _____ excessive _____ of clothes?
 Can the _____ combo _____ to avoid over-drying _____?
 The _____ dryers prevent excessive drying _____ clothes.
 Do dryers/washers _____ to prevent _____?
 Does sensor _____ stop washer/dryers _____ too _____?
 Does your washers and _____ way to _____?
 Which _____ sure _____ clothes _____ not _____ in laundry?
 Which sensors _____ keep _____ from drying _____?
 _____ anyone _____ what _____ of _____ are _____ in _____ that _____ doesn't get overdried?
 _____ able to stop clothes from drying _____?
 _____ and dryers have _____ way to _____ over-drying?
 How can washers _____ of clothes?
 Can _____ me _____ types of sensors _____ used _____ washer/dryer combo?
 _____ sensor _____ in washers/dryers to _____ over-drying?

_____ prevent the _____ over drying?
 _____ sensor _____ can _____ used to prevent over-drying _____ ?
 _____ a _____ to _____ anti-overdrying sensors _____ and dryers?
 Which _____ sure _____ not dried _____ in the laundry _____ ?
 _____ there a technology _____ from drying _____ much?
 Do _____ and _____ use special devices _____ over- _____ ?
 What _____ of _____ is used _____ clothes _____ while they are laundered?
 _____ washers and dryers _____ special _____ to prevent _____ ?
 _____ prevention mechanisms are _____ washer/dryer _____ ?
 _____ washers and dryers _____ to _____ ?
 How do the _____ in _____ washer/dryer _____ unit _____ times _____ of clothing?
 _____ in the _____ prevent over-dried _____ .
 Which sensors _____ drying of _____ ?
 _____ washer/dryer combo's _____ clothes from drying out?
 How do the washers _____ combo _____ dryer _____ and prevent _____ ?
 _____ do washers _____ use _____ to _____ ?
 _____ are _____ avoid over-drying _____
 Which sensors _____ excessive _____ in _____ dryers?
 _____ there a _____ sensor that avoids _____ in _____ combo?
 Could there _____ in _____ units _____ excessive drying?
 Is it _____ special sensors for preventing _____ drying _____ washer/dryer _____ ?
 _____ and dryers use _____ avoid _____ garments?
 Which _____ combo use _____ prevent _____ ?
 _____ types _____ sensors are _____ in washers _____ doesn't _____ dried?
 What _____ is used _____ washer/dryers to prevent _____ from being _____ ?
 _____ technology is used in the _____ clothes from _____ ?
 _____ features _____ the _____ my _____ from drying out?
 _____ used in combo _____ for _____ ?
 _____ tell me _____ types of sensors used _____ ?
 Is there _____ way to _____ getting _____ the washer/dryer?
 _____ the _____ models use precise _____ to _____ over-drying?
 _____ you _____ secrets behind _____ anti-overdrying sensors _____ and dryers?
 _____ kind _____ technology _____ washer/dryer units to _____ from being excessively _____ ?
 What _____ of _____ is _____ in the _____ units to _____ being excessively _____ ?
 _____ washer/dryer units _____ clothes _____ being excessively dried while _____ ?
 _____ do _____ avoid drying _____ ?
 Which sensor _____ over-drying _____ ?
 _____ the _____ use sensors to _____ excessive _____ ?
 _____ if washer/dryer _____ sensors _____ prevent excess _____ ?
 Which _____ of _____ are put _____ that laundry doesn't _____ dried?
 _____ washers and dryers _____ feature that _____ over-drying?
 _____ it possible _____ use _____ to prevent excessive _____ ?
 Is _____ possible that _____ have _____ that prevent _____ ?
 _____ washer/dryer combinations use sensors _____ excessive _____ ?
 The _____ prevent over-drying.
 _____ of technology _____ used to _____ clothes _____ dried while _____ are laundered?
 Which _____ of _____ technology is _____ prevent clothes from _____ washing?
 How _____ sensor in laundry _____ drying?
 _____ sensors are used _____ keep _____ from _____ out?
 The washers _____ might have _____ of _____.

_____ combination use sensors _____ excess drying?
 _____ combinations prevent _____ drying out too _____?
 Does the washer/dryer combo _____ sensors _____?
 Which _____ make sure clothes _____ dried in _____?
 _____ of washers/dryers _____ sensors that help _____?
 There may _____ sensors _____ appliances that _____.
 _____ do washers and dryers _____ technology _____?
 _____ there _____ sensor _____ that prevents excess _____ these _____?
 How _____ use technology _____ avoid _____?
 What are _____ in _____ dryers?
 _____ sensor _____ sure _____ over dried in laundry?
 _____ type _____ are put _____ to keep _____ from getting overdried?
 _____ sensors _____ to _____ clothes from _____?
 How do the _____ dryer times and prevent excessive drying _____?
 _____ sensors in washers and dryers that _____.
 Is _____ to put _____ of sensors _____ washers _____ keep laundry from _____?
 _____ sensors _____ to prevent _____ from drying _____?
 How _____ garments be protected _____ over _____ combo _____?
 What are the types of _____ that _____?
 What do _____ sensors _____ over drying in _____?
 _____ tell us _____ the _____ of sensors _____ washers and dryers?
 Do washers and _____ use sensors _____?
 _____ dryers _____ washers _____ excessive drying of _____?
 Which _____ that _____ are _____ over-dried in laundry?
 The laundry units have _____ prevent _____ drying.
 _____ the _____ and dryers _____ to prevent over-drying?
 What _____ of _____ is _____ washer/dryer _____ keep clothes from being _____ dried?
 Which sensors _____ combo _____ prevent _____?
 How do the sensor _____ combo _____ excessive drying of clothing?
 _____ make _____ clothes are not _____ out _____ processes?
 _____ washers and _____ able to avoid _____?
 What _____ of _____ technology _____ used _____ to prevent _____ excessively dried?
 Is _____ combo _____ special sensors _____ over-drying garments?
 How _____ dryers avoid _____ garments?
 _____ can _____ combo units _____ dryer _____ and prevent excessive _____?
 Are _____ washer/dryer combo's sensors _____ to stop _____?
 _____ sensors _____ clothes aren't over-dried _____?
 _____ can sensor _____ stop washer/dryers from _____ much?
 _____ put certain types of _____ in _____ so laundry _____ get _____?
 Do your laundry _____ that _____?
 _____ you tell _____ sensors in washers and dryers?
 _____ of sensors are _____ washer/dryer _____ to _____ from being excessively _____?
 How _____ garments _____ out in _____ machines?
 How _____ the _____ sensors _____ avoid overdrying?
 Is there _____ that _____ drying when using these _____?
 Is it possible _____ in washers so that _____ get overdried?
 _____ has sensors that _____ over-drying.
 _____ do _____ and dryers use _____ avoid _____?
 How do _____ sensors _____ the laundry _____ units regulate dryer _____ excessive _____?
 Do your _____ way to detect over-drying?

Is there any specific sensor _____ for _____ machines?

_____ washers and _____ prevent over- _____?

_____ do _____ washers _____ dryers do _____ clothes from _____ out _____ quickly?

How _____ the _____ and dryers _____ to _____?

How _____ machines _____ garments _____ out?

_____ a particular _____ used _____ combo machines _____ excess drying?

Does _____ washer/dryer combo _____ enough sensors _____ clothes from _____?

What _____ the _____ stop clothes from _____ too _____?

How _____ and _____ use technology _____ drying?

What _____ of sensors are _____ laundry _____ help prevent _____?

sensors used _____ in combo _____

_____ sensors do to _____ garments _____ drying out?

_____ combo using _____ that prevent _____?

Do _____ dryers _____ sensors _____ avoid over-drying?

How _____ the _____ washers _____ dryers prevent _____ drying?

_____ sensors _____ used _____ washer/dryer _____?

_____ when using _____ combinations _____ eliminate excessive garment dryness?

_____ do the sensors _____ your _____ to _____ overdrying?

Do _____ use precise _____ avoid _____?

_____ units prevent _____ from being excessively dried _____ they _____ laundered?

Which _____ can _____ over-drying of _____?

_____ do the washer/dryer _____ to _____ overdrying?

What kind _____ sensor _____ is _____ in _____?

The _____ that prevent _____ in _____ washer/dryer combo.

_____ your _____ dryers _____ sensors _____ prevent over-drying?

What _____ technology _____ used _____ washer/dryer _____ to _____ from being _____ dried?

How do _____ sensor in your washer/dryer _____ over _____?

_____ don't get _____ dried in laundry?

_____ is used _____ prevent _____ in laundry _____.

Do you use _____ to _____ in _____ washer/dryer combinations?

_____ tell us _____ of incorporating _____ sensors into _____ and _____?

_____ kind _____ used _____ prevent clothes from _____ excessively dried?

There are _____ in _____ machines _____ over-dried _____.

_____ do the _____ in washers/dryer combo _____ dryer _____ excessive drying of _____?

There _____ in washer/dryers that _____.

_____ there any _____ sensor that avoids excessively drying _____?

Do _____ sensors to avoid _____?

_____ are sensors in the _____ prevent clothes _____.

_____ are _____ in _____ and dryers to prevent wrinkled _____?

How _____ the sensors _____ washers _____ dryers _____ times _____ prevent _____ of clothing?

There _____ sensor in _____ over-dried _____.

To _____ excessive drying of _____ washers _____ dryers _____.

_____ do _____ garments _____ out in combo machines?

_____ types of sensors _____ put in _____ to keep _____ getting _____?

How _____ the washer/dryer _____ help _____ over _____ clothes?

Should washers/dryer combinations _____ to eliminate _____ garment _____?

_____ do _____ sensors _____ your washer/dryer _____ clothes dry?

Are the sensors _____ washer/dryer _____ of _____?

_____ types of sensors are used _____ combinations?

Does _____ washer and _____ have sensors _____?

What _____ stops _____ and _____ from drying _____ too much?
 _____ do _____ dryers help _____ excessive _____?

Which _____ of _____ can _____ prevent _____ from _____ too _____?
 _____ do _____ in washer/dryer combo _____ help regulate _____ prevent excessive _____ of _____?

How can _____ keep _____ from drying _____ too _____?
 How to _____ in _____ and _____?
 _____ sensor stop excessive drying _____?

_____ are taken _____ combinations to _____ excessive _____ dryness?

Is there a _____ in _____ that avoids _____ clothes?
 _____ kind _____ technology is used _____ washer/dryer _____ keep _____ being _____ dried?

How _____ keep garments _____ drying _____?
 Do _____ washers _____ dryers _____ sensor _____ prevent _____?
 How _____ use technology to _____ garments _____?
 _____ your _____ dryers equipped with _____ that _____ over-drying?

How do _____ clothing?
 _____ it _____ types of sensors _____ put _____ to _____ laundry from getting _____?

How do _____ garment dryness _____ built-in _____ systems?
 Do the _____ and _____ of sensor?
 _____ about the sensors _____ are used in _____ combinations?

Special sensors _____ be _____ clothes.
 _____ do _____ and _____ avoid excessive drying _____?
 _____ technologies are used _____ prevent over-drying _____?

Which washer/dryer combo _____ sensors _____?
 _____ do _____ washers and dryers work to _____ clothes _____ out?
 sensors _____ laundry _____ to prevent _____
 _____ do washing machines prevent _____?
 _____ dryers use _____ to avoid _____ of clothes?
 _____ do _____ excessive drying in _____?
 _____ does sensor _____ washer/dryers _____ drying _____ too much?

Do washers _____ use _____ sensors _____ avoid _____?
 _____ washer/dryer _____ any drying prevention _____?
 _____ do _____ regulate _____ times and prevent excessive drying of clothing?
 _____ the washer/dryer _____ help avoid over _____ garments?
 _____ a _____ unit prevent clothes from _____ out?
 _____ specific _____ stops _____ excessive drying in _____ dryers?
 _____ the types of _____ used within _____ dryers?
 _____ sensors block _____ of _____?
 _____ do the sensors _____ washer/dryer combo _____ dryer times _____ prevent _____?

How _____ avoid _____ clothes?

There _____ sensors in _____ to _____ from _____ out.
 _____ kind _____ technology _____ within _____ to _____ from being excessively dried?

Is there a special _____ preventing excessive _____ in _____?
 _____ technologies help _____ over-drying with _____?
 _____ do washers and _____ laundry _____?
 Do _____ and _____ to prevent over-drying?
 _____ sensors _____ laundry?

What sensor _____ used _____ garments _____ overdried?
 _____ sensor technologies are _____ prevent _____ in _____?
 What kind of _____ to stop _____ from being _____?

Too much _____ clothes can _____ prevented by the _____ dryers.

Can you give _____ incorporating anti-overdrying _____ in _____ and _____?
_____ of _____ are _____ washers to help _____ over-drying clothes?
_____ do _____ with _____ clothes _____ dried without ruining them?
Does the washer/dryer _____ prevention _____?
_____ sensors in _____ appliances that _____ over-drying of _____.
Can you _____ of sensors _____ the washers and _____?
How _____ sensors in the _____ regulate dryer _____ and prevent excessive drying _____?
Which specific _____ keep _____ and _____?
Does the _____ use sensors for _____ excess _____?
_____ type _____ sensor stops _____ machines _____ drying too _____?
How _____ help _____ from becoming _____ dry _____ laundered?
I don't _____ sensors _____ washers _____ prevent laundry from getting overdried.
Does _____ combinations use sensor _____ dryness?
Does the _____ combinations _____ to _____ excess _____?
_____ you tell _____ secrets behind _____ washers and dryers?
Do _____ of _____ are used in washer/dryer combinations?
Which kind _____ washer/dryers from drying _____ too _____?
Are _____ combo's sensors capable _____ clothes from _____?
_____ use sensors to _____ over _____?
What _____ of _____ used _____ and dryers?
_____ there _____ specific type _____ drying clothes in the combo?
_____ are used in _____ to avoid _____ drying?
The sensors _____ washers _____ prevent excessive _____ laundry.
_____ combo _____ prevent over-dried clothes.
_____ washers and dryers _____ prevent _____ drying of clothing?
_____ washers and dryers _____ to _____ over drying?
_____ technology _____ units _____ clothes from being excessively dried?
Should _____ used to _____ in laundry units?
_____ are _____ used to _____ combo machines.
What type _____ sensors are _____ laundry _____ getting overdried?
_____ prevent laundry from _____ too _____?
How _____ washers and _____ use _____ keep garments _____?
How _____ sensor _____ from drying too _____?
_____ dryers and washers have _____ sensing _____?
For _____ excess drying, any _____ sensors _____ machines?
_____ kind _____ technology is used in _____ clothes from being _____?
_____ dryers keep clothes from _____ out?
The _____ washer/dryer _____ regulate _____ times _____ prevent excessive drying _____ clothing.
What sensors _____ washing machines _____ from getting too _____?
_____ a _____ prevent over-drying in your washer _____?
Which _____ sensing _____ are _____ in washers _____ to _____ wrinkling?
_____ modern washers and dryers _____ anti-overdrying sensors?
_____ do specific sensor _____ help _____ laundry machines?
_____ washer/dryer combo use _____ sensors to avoid _____?
Are the sensors in your _____ clothes from _____?
How can the sensors _____ combo units _____ regulate dryer _____?
_____ specific _____ used _____ excess _____ in combo machines?
_____ washer/dryer _____ uses _____ avoid over-drying garments.
_____ the washer _____ use _____ devices to _____ over-drying?
_____ washers and _____ detect _____ drying?

I _____ like to _____ of _____ are _____ in _____ laundry doesn't get overdried.
 _____ do washers _____ drying to a minimum?
 _____ and washers _____ precise sensor _____ avert _____?
 _____ and dryers equipped _____ sensors?
 Are _____ from _____ by _____ sensors in your _____ combo?
 How do _____ garment dryness?
 _____ do the _____ and _____ detect excessive drying _____?
 Which _____ combo _____ prevent over-drying?
 How do washers _____?
 Do the washers _____ mechanisms _____ over-drying?
 Does _____ machines _____ dryers _____ to prevent over-drying?
 _____ there a _____ washers and _____ to prevent _____?
 Do your washer/dryer _____ for _____ excessive drying?
 _____ you _____ some _____ on _____ anti-overdrying sensors _____ and dryers?
