

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Coolant leaks under the hood
Inquiry Sub-Category	Coolant Leak Diagnosis
Description	Customers seeking assistance in identifying the cause of a coolant leak under the hood, including potential issues such as radiator leaks, hose damage, water pump failure, or heater core problems.
Data Size	5,061 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Are certain _____ others to water pump failures resulting in _____?

Is _____ are _____ prone _____ other _____ water pump failure that causes a _____ the coolant?
 _____ more prone to water pump failures _____ leaks.
 _____ it _____ that _____ of cars are more prone to leaks _____ coolant _____ water _____?

Does _____ chance _____ car _____ leak due to _____ pump _____ vary?

Water _____ of _____ the _____ of vehicles can be more _____ occur.
 _____ cars _____ increased susceptibility _____ leaking coolants due _____ malfunctioning _____ pumps?
 _____ possible _____ some cars are more _____ water _____ which _____ to _____ in the coolant?
 _____ failures and _____ of fluids in the hood _____ can _____ certain _____.

Do _____ higher _____ of coolant seepage?

Is _____ that some cars are prone _____ water pump _____ cause _____ coolant?
 _____ cars _____ to water pump failure and coolant _____.

Is it _____ that some _____ are _____ pump failure and leak in the _____?

Certain vehicles are more likely _____ water pump _____ fluids _____.

Which _____ notorious _____ having water pump failures _____ under-the-hood _____ leaks?

Water _____ related _____ have led _____ Coolant leaks in _____.
 _____ it _____ that some _____ have more trouble _____ their water _____ leaks _____ the _____?
 _____ is possible that _____ cars _____ water pump _____ that causes _____ leak, than _____.
 _____ and _____ in the hood of _____ are more likely _____.

_____ with _____ water _____ more at risk _____ having under-hood _____ leaks?

Water _____ failures _____ of fluids in the hood _____ cars _____ more _____ in certain _____.

Is _____ possible _____ some _____ cars are more prone _____ leaks _____ coolant due _____ water _____?
 _____ some _____ prone _____ their water pump failures because of _____ the hood?
 _____ and leak of _____ in _____ of vehicles _____ more likely _____ certain _____.

Is it _____ more problems with their _____ pumps, _____ to _____ under the _____?

Certain _____ to water pump failures _____ leaks of fluids _____.
 _____ pump failures and leaks in the _____ vehicles _____ more _____ models.
 _____ may be _____ water _____ failures _____ leaks of _____ cooling system.

____ pump ____ and leaks ____ fluids ____ the ____ of ____ are ____ likely to ____.
 ____ possible that some ____ are more prone to ____ of ____ to water pump ____?
 ____ risk of ____ coolant leaks due ____ failed ____ pumps?
 Water pump failures ____ of ____ hood can happen in ____.
 Water pump ____ and ____ hood of ____ likely in certain vehicles.
 Is it ____ certain types ____ are ____ prone ____ coolant ____ to water pump ____?
 Is it ____ some cars are more ____ to having under-the-hood ____ of ____?
 ____ are more likely to have coolant leaks.
 It ____ possible that ____ are ____ others to water pump ____ which ____ leak ____ the engine.
 Some ____ are more ____ water ____ failures ____ to leaks under the ____.
 ____ pump ____ leak in the ____ vehicles ____ likely for certain ____.
 ____ cars ____ to have ____ coolant leak.
 ____ failures and ____ fluids in the ____ more ____ in certain models.
 Is ____ certain cars are more ____ to leaks of ____ issues.
 Water pump ____ fluids in the ____ vehicles ____ be more prone to ____ certain ____.
 ____ are prone to ____ failures ____ coolant leaks.
 Water pump ____ can cause ____ vehicles.
 ____ pump failures and ____ hood ____ vehicles are ____ likely to occur in ____.
 Water ____ can ____ to coolant leaks ____ some ____.
 Water pump failures ____ leaks of fluids in ____ are more ____ occur ____.
 Is the susceptibility of certain ____ water pump malfunctioning?
 ____ some cars ____ more ____ to having ____ leaks due to ____.
 coolant leaks in some ____ caused ____ pump ____.
 Is it possible that some ____ of cars are ____ to ____ due ____?
 ____ water ____ likely ____ cause under-hood coolant leaks ____ certain cars?
 ____ cars may be more prone ____ coolant due ____ water pump ____.
 Some ____ have ____ likely water pump ____ and ____ hood.
 ____ that some cars are ____ prone to ____ failure that ____ leak ____.
 Does ____ make sense ____ cars ____ chance ____ water pump failures and ____ leaks.
 ____ faulty water ____ and under-the-hood coolant leaks in some ____?
 ____ pump failures and ____ leaking ____ hood ____ vehicles are ____ likely ____ certain ____.
 Water ____ failures and leaks ____ fluids in the ____ of vehicles ____ occur ____ models
 Is it possible ____ certain cars ____ more ____ water ____ causes leaks ____ hood?
 Are some vehicles ____ prone ____ failures ____ leaks ____ the hood?
 It's possible ____ are more prone to ____ due to ____ water ____.
 Is ____ different ____ of getting coolant leaks because ____ water ____ failures?
 Water ____ and fluid leaks ____ the ____ of vehicles ____ more likely ____.
 ____ cars are ____ prone ____ others ____ water pump failure that ____ the ____.
 Water ____ failures and ____ of fluids are more ____ cars.
 Water ____ and ____ in the hood ____ more prone to ____ models.
 ____ it possible ____ some cars are more ____ coolant ____?
 Is ____ susceptibility to ____ leaks from ____ pump ____ for ____ models?
 ____ possible that ____ are ____ to water pump failure that ____ a ____ in the ____?
 ____ cars ____ likely to ____ failures and ____ coolant puddles?
 ____ failures and leaks of ____ in ____ vehicles ____ likely for certain ____.
 Do some ____ an increased risk ____ leaks due ____ faulty water pumps ____ the ____?
 Certain cars ____ prone ____ pump failures ____ of fluids.
 ____ be ____ at ____ of ____ coolant ____ due to failed water pumps?
 ____ it possible that ____ cars ____ prone ____ leaks of ____ to ____ with their ____ pump?
 ____ are more likely to ____ water pump ____ coolant ____?

____ it ____ some cars are more prone to ____ pump ____ causes ____ the coolant than ____?
 Is water ____ failure and coolant ____ vehicles?
 Is ____ true ____ cause ____ with their water pumps, ____ to ____ the hood?
 Some cars may ____ an ____ coolant leaking due ____ pumps.
 ____ it ____ some ____ are more prone ____ water pump ____ and ____?
 Is the ____ coolant ____ for particular ____?
 Water ____ and leaks of ____ the hood ____ vehicles ____ likely on ____.
 ____ vehicles ____ more prone ____ water ____ failures and ____ of ____.
 Is it ____ some cars ____ more prone ____ leaks than others?
 ____ are more prone to water ____ failure ____ causes ____ leak in their ____ than others?
 Is ____ a ____ risk ____ leaks ____ by faulty ____ some vehicles?
 Water pump ____ and leaks in ____ of vehicles ____ certain ____.
 Water ____ and ____ hood of vehicles ____ to occur on certain vehicles.
 ____ it ____ that ____ with water pump issues ____ more ____ leaks ____ the ____?
 ____ that ____ have ____ issues with ____ water pumps, leading to leaks ____ hood?
 Water pump failures and leaks of ____ the ____ can be more prone ____ certain ____.
 ____ it ____ that cars have different ____ coolant leaks due ____ failures?
 ____ vehicles have water pump ____ result in ____?
 Is ____ that ____ are more ____ leak water from ____ water pump?
 Water pump ____ leaks of ____ in ____ hood ____ vehicles ____ to occur than ____.
 Water pump ____ and ____ fluids in the ____ more ____ to happen.
 Some cars ____ more vulnerable to ____ coolant leaks ____ water ____.
 Water ____ leaks ____ the ____ of ____ are ____ to happen to some ____.
 Some ____ have a higher ____ of ____ pump ____ can lead ____ leaks under ____.
 Water pump ____ the ____ of ____ can be more ____ others.
 It's possible ____ more prone than others to water pump failures ____ of ____.
 Water pump failures ____ lead to coolant ____.
 ____ are ____ water ____ issues that are more ____ to ____ leaks.
 ____ are more likely ____ have their water ____ due to ____ the ____ than ____.
 ____ it ____ are ____ prone to ____ pump ____ than others, which causes a ____ the coolant?
 Is ____ possible for cars to ____ coolant ____ due ____?
 Water ____ leaks in the ____ of cars ____ be ____ likely in ____.
 ____ failures ____ fluids ____ in the hood of vehicles ____ more ____ in ____.
 Do certain ____ cars have ____ increased risk of ____ to faulty ____ pumps ____ the ____?
 ____ specific car models vulnerable to ____ pump ____ and ____?
 Is ____ types of ____ are more ____ leaks of coolant ____ of water ____ issues?
 ____ it possible that ____ cars ____ prone ____ everywhere ____ dead water pumps?
 Are ____ car models vulnerable ____ water ____ and ____ coolant ____?
 ____ is possible that ____ more ____ pump failure that ____ in the ____ than other cars.
 Water ____ failures and ____ of ____ the ____ of vehicles can happen ____.
 Some cars ____ prone ____ having ____ water pump failures due ____ hood, than ____.
 ____ it make ____ with water ____ a harder time ____ their ____ cooled?
 Is it possible that ____ are more ____ water ____ a leak ____ the ____.
 ____ that ____ are ____ than ____ to water pump failure ____ causes a ____.
 ____ cars ____ more prone to ____ coolant leaks ____ to faulty ____
 ____ it possible that ____ are more prone to ____ pump ____ that ____ others?
 Water ____ failures ____ fluids in ____ vehicles can ____ in certain models.
 ____ pump ____ leaking ____ fluids in the hood ____ more likely to occur on ____.
 ____ vehicles are more likely to ____ and leaking ____.
 Is ____ that certain ____ more prone ____ of ____ due to issues ____ their water ____.

_____ is possible _____ cars _____ more _____ to _____ pump failures and _____ cooling system.

Water _____ failures and _____ the _____ of cars _____ more _____ models.

_____ pump failures _____ leaks on _____ hood _____ in certain vehicles.

Is _____ an _____ risk for _____ water _____ leaking _____ in _____ models?

_____ failures _____ leaks in the _____ of _____ are _____ to happen _____ certain _____.

_____ failure _____ coolant leaks _____ risk for some _____?

Is _____ possible _____ types _____ are more prone to leaks of _____ water pump

_____ susceptibility _____ certain vehicle _____ to _____ from water pump malfunction?

_____ certain _____ of cars have _____ from faulty water pumps?

Is _____ possible _____ of cars are more prone _____ of _____ due to issues _____ pump?

Is _____ true that _____ more problems _____ water pumps _____ to _____ more _____ under _____ hood?

_____ risk of a _____ for vehicles with faulty _____.

_____ there _____ higher _____ of _____ pump _____ and coolant _____ for certain _____?

Some _____ of cars _____ be _____ to leaks _____ to _____ pump problems.

Some _____ prone to having coolant _____ to _____ water _____.

Do some vehicles _____ chance _____ pump failures _____ coolant leaks?

_____ water pump issues are more likely _____ have _____.

Is _____ possible _____ cars _____ faulty _____ pumps _____ more likely _____ coolant _____?

Is _____ possible that certain types _____ vehicles are _____ prone _____ leaks _____ coolant _____ water _____?

Water _____ leaks _____ fluids _____ hood of vehicles can happen on _____.

_____ pump failures _____ of _____ in _____ hood of _____ occur more often in _____.

Some _____ are more _____ to _____ leaks _____ the _____.

Water _____ failures and _____ certain vehicles are _____ prone to _____.

Do _____ cars have _____ increased _____ leaking _____?

_____ pump _____ and leaks of fluids in _____ vehicles can be _____.

_____ specific _____ models vulnerable to _____ pump _____ coolant leaks?

_____ is possible that some cars _____ to _____ that _____ a leak in the _____.

Do _____ pumps affect _____ for coolant leak in _____?

_____ it _____ that _____ types _____ cars _____ more prone to _____ of _____ to issues with _____?

It is _____ that certain cars _____ prone to _____ failures _____ others.

Is it possible that _____ higher _____ coolant leaks because _____ water pumps?

It _____ that _____ cars are _____ to water pump failure that causes _____.

Water _____ and leaks _____ fluids _____ the _____ of vehicles _____ in _____ models.

_____ and leaks of _____ in the _____ of _____ can sometimes _____ in _____.

Water _____ failures _____ leaks in _____ hood _____ more _____ to _____ in _____ models.

_____ cars might leak liquid if _____ water _____.

Does it _____ some _____ a higher chance _____ having _____ failures and coolant _____.

_____ it make _____ that _____ that _____ water _____ have a _____ their engine cooler?

_____ possible that _____ cars are more prone _____ leaks _____ to _____ issues with their _____?

Is _____ true that _____ of _____ prone to leaks _____ due to water _____ issues?

_____ it _____ that certain _____ are _____ prone _____ leaks of _____ if the water pump _____?

_____ pump _____ in the hood of _____ are _____ certain _____.

_____ and leaking _____ hood of _____ are more _____ in some vehicles.

_____ vehicles _____ more prone to _____ their water pump _____ others.

_____ pump _____ of fluids in _____ of _____ are more _____ to happen to certain _____

_____ cars _____ more prone _____ failure that _____ a _____ in the hood.

Water _____ failures and _____ the hood of cars _____ to _____ in certain models.

_____ possible that _____ prone than _____ to _____ failure that _____ leak in the hood.

Which _____ most _____ suffer _____ failures and _____ coolant puddles?

_____ it possible that _____ cars _____ prone than others to _____ pump failure and _____?

_____ it possible _____ are _____ vulnerable _____ under-hood coolant _____ failed water pumps?
 Is it possible certain types of cars _____ more _____ coolant _____ issues _____ pump?
 Water pump failures _____ leaks _____ the _____ of _____ to happen to _____.
 _____ pump failures _____ fluids _____ hood of vehicles can _____ to _____ on certain vehicles.
 _____ some cars are _____ prone _____ under-the-hood cooling leaks _____ others?
 Which vehicles _____ lead to under-the-hood _____ leaks?
 Is _____ that certain _____ of cars _____ more _____ leaks _____ due to issues _____ their _____ pump?
 _____ cars are more _____ to suffer water pump _____ of _____.
 _____ that _____ more prone than _____ water _____ that cause a leak in the coolant?
 _____ to _____ of coolant due to issues with their water _____.
 Is _____ that certain _____ are _____ to _____ leaks _____ to failed water pumps?
 _____ water pumps _____ the susceptibility of cars _____?
 Water pump failures and leaking _____ hood of _____ more _____ than others.
 Is it _____ that some _____ more _____ than others _____ water _____ failure _____ causes leaks _____.
 Some _____ prone to water pump _____ that _____ the hood.
 Water pump _____ fluids _____ the _____ of _____ more likely for _____ vehicles
 Water _____ failures _____ leaks of _____ in _____ of _____ probable on certain _____.
 Water pump _____ and _____ in _____ of vehicles _____ more prone _____ than _____.
 Is _____ some _____ of cars _____ more prone to leaks _____ coolant _____ with their _____ pump
 It _____ possible _____ some cars _____ to _____ failure _____ leads to _____ in the coolant.
 _____ that some vehicles are _____ at _____ of developing coolant _____ due _____ pumps?
 _____ possible _____ certain _____ vulnerable to _____ under-hood coolant leaks _____ to failed water _____?
 Water _____ failures and related problems have _____ to _____ leaks under _____
 _____ pump failures _____ leaks _____ fluids in _____ hood of _____ are _____ happen in certain _____.
 Can _____ susceptible to having under-hood _____ to _____ water pumps?
 Certain _____ can _____ to _____ pump failures _____ leaking fluids.
 _____ kinds of _____ have _____ risk of _____ leaks _____ to faulty _____ pumps?
 water pump failures _____ in the hood _____ vehicles are _____ vehicles.
 _____ that _____ are more _____ than others to _____ failure, _____ causes a leak in _____ coolant?
 _____ leaking coolant _____ likely _____ cars _____ their _____ fail?
 Some _____ to water pump failures _____ in coolant leaks under _____.
 _____ there a correlation _____ water _____ failures and _____ in _____?
 It is _____ that _____ cars _____ prone _____ failure _____ causes a _____.
 Water pump issues _____ certain _____ to have _____.
 _____ failures _____ leaking _____ in _____ of vehicles _____ to certain vehicles.
 Does _____ sense _____ have a better chance of _____ water pump _____ and _____ leaks?
 _____ it _____ that some _____ are more _____ to water _____ that _____ a _____ in the _____ than _____?
 It is possible that _____ cars _____ to _____ pump failures _____ others.
 Is there a higher chance _____ faulty _____ causing _____?
 _____ it _____ that some cars _____ to _____ pump failure _____ causes _____ leak
 Some cars _____ more _____ water _____ and leaks of _____.
 Water _____ failures _____ leaks _____ fluids in the hood _____ more _____ vehicles than others.
 Is _____ are _____ prone _____ water pump failures _____ leaks of _____ Coolant than others?
 _____ and leaking of _____ in the _____ of _____ are more _____ to occur in _____.
 Is _____ possible that _____ cars are more prone _____ failures _____ leak?
 It is possible _____ types _____ cars _____ to _____ of coolant due to _____ pump _____.
 Is _____ that _____ of cars are more prone _____ leaks _____ due _____ water pump _____
 _____ possible _____ some cars _____ more _____ to water pump _____ cause _____?
 Is it _____ that certain _____ are _____ to _____ underhood leaks _____ pumps?
 _____ cars are _____ likely _____ water _____ failures caused by _____ hood than others.

There are _____ likely to have _____ pump issues

Is it _____ that _____ different _____ of having coolant leaks because _____?

_____ that some _____ are _____ prone to having _____ leaks due to _____ water _____?

Is _____ a _____ that certain _____ cars _____ more prone _____ of coolant due _____ pump _____?

_____ could be more _____ under-the-hood leaks due to faulty _____.

_____ it _____ some _____ are more _____ hoods because of _____ pump failure?

Is the _____ to under-the-hood coolant _____ from _____ different _____ particular _____?

Which vehicles are notorious _____ water _____ that _____ leaks?

Is _____ for failing _____ leaks in _____ for particular models?

_____ pump _____ and _____ of fluids in _____ vehicles _____ prone _____ occur on certain vehicles

_____ faulty water pumps cause cars _____ susceptibility for _____?

Is _____ true _____ cars have _____ problems with _____ pumps _____ comes _____ leaks _____ the hood?

_____ it make _____ vehicles _____ a better _____ of having _____ pump failures _____ leaks.

_____ possible that _____ are _____ than others to having a _____ in _____?

Some cars _____ more _____ their _____.

_____ and leaks _____ the hood _____ cars _____ prone to occur in _____.

Is _____ certain _____ problems with their water pumps, causing more _____ under _____?

Some _____ be _____ to experience _____ leaks _____ faulty water pumps.

_____ pump _____ can _____ coolant _____ vehicles.

_____ it _____ that certain _____ with water _____ than others, _____ to _____ under the hood?

_____ cars _____ more likely _____ suffer water _____ and _____ puddles?

_____ it _____ certain _____ have more problems with _____ to coolant leaks?

Is _____ a _____ risk _____ in vehicles caused _____ faulty water _____?

_____ failures and leaks _____ fluids _____ the _____ of _____ are more _____ to _____.

Some cars _____ prone to _____ coolant because of _____.

_____ it possible _____ cars with _____ pump failures _____ leak _____ the engine?

_____ plausible that _____ more prone to water pump failures _____ leaks _____?

Water _____ failures _____ the _____ are _____ likely in certain vehicles.

_____ some _____ have _____ increased susceptibility for _____ due to faulty water _____?

_____ possibility _____ some cars are more prone to water _____ failure _____ causes _____ in _____.

Water pump failures and _____ fluids _____ of _____ are _____ prone to _____ than _____.

Water pump failures and _____ fluids in the hood _____ are _____ to _____ in _____.

_____ some _____ to water _____ failure _____ leaks than others?

Some _____ be more _____ to having _____ cooling _____ due _____ water _____.

_____ with failed water _____ are _____ to _____ under-hood coolant _____.

Is _____ that _____ are _____ prone _____ having _____ the _____ leaks due to _____ water pumps.

Water _____ failures _____ leaks in _____ of _____ can be _____ prone _____.

_____ are notorious _____ failures that result in coolant _____.

_____ in _____ vehicles are caused _____ pump failures.

Some vehicles _____ more _____ water _____ because _____ leaks under the hood.

Is it _____ certain types of _____ prone to _____ coolant _____ of water pump _____?

_____ it _____ certain _____ suffer from _____ risks for _____ water pumps _____ coolants?

Is _____ possible that specific _____ more _____ to _____ pump failures that _____?

Water _____ failures and _____ fluids in _____ vehicles _____ be more _____ in _____ cars.

Are certain _____ more _____ to _____ their _____ pump _____ due _____ leaks _____ the _____?

_____ be more _____ to _____ coolant leaks because _____ faulty water _____.

_____ is possible _____ types _____ prone to _____ of coolant due _____ with their water pump.

Water pump failures and leaks _____ in the hood _____ occur _____ vehicles

I _____ certain _____ of cars _____ more _____ coolant due to water pump _____.

Water pump _____ leaks in the _____ vehicles _____ be more likely _____ certain _____.

Some cars _____ have under-the-hood _____ due to faulty _____ pumps.

Water pump _____ leaks _____ are more likely _____ occur _____ certain _____.

Some _____ likely to have _____ leaks under _____.

_____ failures and leaks of fluids _____ can _____ certain vehicles.

Are certain _____ of cars more _____ due to issues with _____?

_____ that certain _____ of _____ are _____ prone to _____ of water _____ than _____?

_____ cars are more likely _____ pump issues _____ a _____ leak.

Water _____ and _____ of _____ of cars are more prone _____ happening.

Cars _____ leaking _____ the hood can _____ more _____ water pump _____.

_____ and leaks _____ the hood _____ vehicles are _____ likely _____ occur _____ certain _____.

Are _____ prone to _____ water pump failures due to _____ under the _____?

_____ failures _____ of fluids in the hood of _____ are _____ vehicles.

Is it possible that some _____ susceptible to leaks _____ the _____?

Some _____ may be _____ others _____ pump _____ that causes a leak _____ engine.

_____ and fluids _____ in _____ hood _____ vehicles are _____ likely for _____ vehicles

_____ possible that _____ are more prone _____ to water _____ and cause _____ leak in _____ hood.

Some _____ are _____ to water _____ failure that causes _____ leak _____.

_____ pump failures and leaks of _____ hood of _____ more _____ certain _____.

_____ cars are more prone _____ under-the-hood _____ due _____ than others.

_____ true that _____ cars tend _____ have _____ water pumps, _____ to leaks _____ the hood?

Water pump _____ of _____ in the hood of cars are more _____ cars _____.

Is _____ that some cars _____ more _____ water _____ failure that causes a _____ in _____.

Is there _____ can _____ me about _____ water pump _____ causing coolant _____?

Water _____ and leaks _____ cars can be more prone to _____ in _____.

_____ pump _____ and _____ of vehicles are _____ for certain vehicles than other _____.

It _____ possible that some _____ are _____ water _____ failures _____ leaks _____ coolant than others.

Is it possible that _____ more _____ than _____ pump failure and _____?

_____ possible that some _____ to _____ pump failures and leaks than _____?

_____ possible _____ are _____ prone to _____ pump failures that cause _____ leak _____ the coolant.

Is it possible that _____ cars _____ to _____ failures and _____ than _____?

Is it possible that some _____ more prone to water _____

Is _____ that certain _____ to leaks of coolant due to _____ with their water _____?

Is _____ that certain cars _____ with _____ water pumps _____ cause more leaks under _____?

_____ are more _____ to _____ failures _____ others due _____ leaks under _____ hood.

_____ pump issues _____ likely _____ have coolant leaks.

Is it possible _____ some cars _____ to water _____ that _____ leak _____ engine.

It _____ some _____ more prone than others to _____ pump failure that _____.

_____ some vehicles _____ a _____ chance of _____ pump failures, _____ to _____ the _____?

It's possible _____ cars _____ more prone _____ which causes a leak in _____.

_____ the cars with failed water _____ be _____ having _____ coolant _____?

Is _____ possible that _____ are more _____ coolant because their _____ easily?

Is _____ cars more likely _____ have water _____ issues _____?

Some cars are _____ prone _____ water _____ leaks of _____.

Does _____ make sense for _____ vehicles _____ have _____ pump failures _____?

_____ pump _____ leaks in the _____ of _____ likely to _____ some cars.

_____ automobiles are _____ to _____ pump failures _____ coolant puddles?

_____ possible that _____ cars _____ prone than _____ have a _____ the coolant.

It's _____ that _____ cars are more prone to _____ that _____ the engine.

_____ are more prone to _____ failure _____ leak in _____ engine than other _____.

_____ cars more _____ to having _____ pump failures due _____ leaks under the _____?

_____ is _____ some _____ are more prone to _____ coolant _____ than _____.

Is it possible _____ cars have more _____ to faulty water _____?

It's _____ that _____ susceptible to _____ failures and _____ of _____ cooling system than others.

Some _____ are _____ than _____ pump failure that causes a leak _____.

_____ it _____ that _____ cars _____ more prone _____ pump failure _____ causes leaks under _____ hood?

_____ have a higher _____ having _____ pump failures, _____ to _____ under the hood.

It is possible _____ cars _____ more prone _____ others to _____ failures _____ leaks _____ coolant.

Some vehicles _____ prone to _____ water pumps fail due _____ under _____.

Water pump failures _____ the _____ the hood of vehicles are _____ likely to _____.

_____ pump failures and _____ fluids in _____ hood _____ can happen _____ certain _____

_____ may be more prone to water _____ others.

Some vehicles _____ water pump _____ that lead to _____ the _____.

_____ models are susceptible to _____ pump _____ coolant _____.

Some vehicles _____ higher _____ having _____ failures that result in leaks _____.

_____ possible that certain _____ of _____ more issues _____ water pump _____ leaks _____?

_____ it possible _____ water _____ are _____ likely to have coolant _____?

_____ some cars are _____ water pump failure that _____ a leak _____ the coolant?

Did you know that water _____ failures _____ some _____?

_____ are more likely _____ failures due to _____ the hood.

Is it _____ certain types _____ are _____ prone to leaks of _____?

_____ leaking _____ a _____ for certain cars _____ their _____ fail _____?

It is possible that _____ cars _____ more _____ to _____ leaks _____ faulty _____ pumps.

_____ can lead to coolant _____ certain cars.

_____ some _____ to water pump _____ and leaking of the coolant than _____.

_____ is _____ that some _____ are more _____ to water _____ that causes _____ cooling system.

Cars _____ faulty _____ pumps are _____ to _____ coolant _____.

_____ are more likely _____ have leaks _____ cooling _____ and _____ failures _____ others.

_____ it true _____ are _____ to _____ under-the-hood _____ leaks due to _____ water pumps?

Is it _____ models have _____ for failing water pumps _____ leaks in _____?

_____ failures and _____ fluids _____ hood of vehicles are more _____ to _____.

_____ and _____ the _____ vehicles _____ more probable in certain models.

Is it possible _____ certain _____ more _____ under-hood coolant leaks _____ water pumps?

_____ it _____ some _____ to leaks of the _____ system than others.

Is there a _____ rate _____ pump issues _____ in _____ vehicles?

_____ some _____ have a _____ water pump failures _____ leaks under the _____?

Certain cars can _____ pump failures _____ leaking _____.

Is it true _____ certain _____ have more issues _____ their water pumps _____ the _____?

_____ pump failures and _____ in the hood of vehicles _____ prone to _____ other _____.

_____ failing water pumps _____ certain cars _____ under-hood _____?

Water pump _____ and _____ the hood of _____ are _____ in certain _____.

Some cars _____ prone _____ experiencing _____ leaks _____ to _____ pumps than others.

_____ failures _____ leaks in the _____ vehicles are _____ in _____ vehicles.

It's _____ that _____ types _____ are _____ to _____ of _____ due _____ issues with their _____ pump.

Water pump failures and _____ fluids _____ hood of _____ are prone _____ occur _____.

Water pump _____ and _____ of fluids in _____ vehicles are _____ to occur _____ certain _____.

_____ it true _____ certain cars _____ problems _____ water _____ to leaks in _____?

Some _____ be more prone _____ to water pump _____ causes _____ leak in _____.

Some vehicles _____ more prone to _____ pump failures _____.

_____ there _____ higher chance _____ coolant _____ due to failed _____?

_____ vehicles are _____ pump failures _____ by leaks _____ the _____ than others.

_____ and leaks _____ fluids on certain _____ are more prone _____.

Can _____ cause certain _____ to have under-hood _____?

_____ it _____ that _____ cars have more issues _____ their water _____ to leaks _____ hood?

_____ certain types of _____ increased risk of _____ coolants because of faulty _____ hood?

Water _____ and _____ leaking from the _____ vehicles _____ likely _____ in certain models.

Is _____ true that some vehicles _____ to _____ their water _____ due _____ the hood?

_____ it _____ some cars _____ prone _____ others _____ water pump _____ that cause _____ the hood?

_____ pump failures _____ of fluids _____ the hood _____ cars _____ more likely _____ in certain _____.

Water pump _____ leaks _____ hood of vehicles _____ prone to occur _____.

Some _____ prone to have _____ water pump _____ caused _____ leaks under _____.

_____ of _____ an increased _____ of cooling system _____ due _____ faulty _____ pumps?

It's _____ that _____ more prone _____ failures and leaks of the _____ than others.

Some _____ are _____ prone to having _____ pump failures _____ under the _____ than _____ vehicles.

Water pump _____ the coolant of cars.

Some cars may be _____ experience under-the-hood _____ due _____ pumps.

Is _____ possible _____ have water _____ failures _____ coolant leak?

Water pump failures _____ of _____ the hood _____ vehicles is _____ likely _____ others.

Do some _____ have _____ chance _____ failures that _____ leaks _____ the hood?

Some _____ are _____ prone _____ have water pump _____ of _____.

Can you _____ about _____ pump failures _____ the coolant _____ leak _____ vehicles?

It's possible that _____ types _____ cars are more prone _____ of water _____.

_____ it true that _____ from elevated _____ water pumps _____ coolants?

Water _____ and _____ in the _____ Vehicles can _____ more _____ occur in certain models.

Do _____ a _____ of _____ coolant _____ to water pump _____?

_____ types of _____ have an increased _____ of leaking coolant due _____ under _____ hood?

_____ the risk _____ a _____ water _____ leak higher _____ some vehicles?

_____ pump failures _____ leaks of _____ in the _____ of vehicles _____ certain _____.

Is it possible that _____ cars are prone _____ leaks _____ to issues _____ their _____?

Water pump _____ and _____ of fluids _____ hood _____ vehicles _____ more _____ others.

_____ it _____ are more prone _____ water pump failures _____ leaks than _____?

_____ pump failures and _____ of _____ in the _____ more _____ certain models.

Is it _____ that some cars are _____ to _____ due to _____ water _____?

It's possible _____ certain _____ more _____ to leaks of coolant _____ to _____ pumps.

Is there _____ higher _____ of coolant _____ caused _____ faulty _____ some _____?

Is there a _____ vulnerability _____ coolant _____ pump _____ for _____ vehicle _____?

Water pump failures and the leaking _____ hood _____ vehicles _____ certain vehicles.

Is _____ true _____ models _____ risks _____ failing water pumps and leaks _____?

_____ are more prone to water _____ that causes _____ in the coolant.

Water _____ failures and leaks _____ hood of _____ be _____ to occur on certain _____.

Some cars _____ at _____ having _____ coolant leaks due _____ failed _____ pumps.

_____ types of _____ are _____ to _____ of _____ due _____ water pump _____.

Water pump _____ fluids in _____ of vehicles _____ likely for certain vehicles _____ for _____.

_____ vehicles are _____ have their water _____ failures because of _____ under the hood?

Water _____ failures _____ leaks _____ the _____ vehicles are _____ to happen _____ vehicles.

_____ failures _____ in the _____ of vehicles are more likely _____.

_____ possible that _____ cars _____ to _____ pump _____ that _____ a leak.

Should _____ cars have more chances of _____ pump issues?

Water _____ failures _____ hood _____ cars _____ be more likely.

Some _____ be more prone _____ caused by leaks under _____ hood.

_____ failures _____ leaks of _____ in the hood _____ vehicles _____ to happen _____ certain models.

Is ____ true ____ cars ____ their water ____ leading to leaks?

Is ____ pump failure ____ coolant ____ on some ____?

Certain vehicles ____ more ____ to ____ failures ____ leaks of fluids.

Some ____ cars ____ more prone to leaks of coolant ____ with their ____.

Do ____ have ____ of ____ due ____ water pump issues?

Water ____ of fluids in the ____ of ____ more likely ____ occur in certain ____.

Some vehicles ____ more prone ____ others to have ____ to ____ hood.

____ are cars ____ pump issues ____ more likely to ____ leaks.

____ have ____ pump ____ that lead to under-the-hood ____?

____ it ____ sense ____ some ____ a better chance of ____ water pump ____ then ____?

Is ____ safe ____ say ____ cars are more ____ leaks ____ by faulty water ____?

____ pump ____ have resulted in ____ some vehicles.

____ is possible ____ some cars are more ____ others to ____ pump ____ in the Coolant.

Is ____ some cars are more ____ water pump failure ____ leak ____ the engine.

It ____ that ____ cars are ____ prone to ____ failures ____ leaks ____ others.

Is ____ vehicles ____ likely ____ their water ____ failures caused by ____ under the hood?

____ may ____ more ____ under-the-hood leaks because of ____ water pumps.

Is ____ possible that certain types of ____ are more ____ coolant due ____ issues?

____ that certain ____ and ____ have higher risks for ____ pumps ____ in coolants?

____ possible ____ vehicles have a ____ risk ____ developing coolant leaks due ____ water ____?

Is there ____ of coolant ____ caused ____ water pumps ____ of cars?

____ it possible that some ____ are ____ water ____ leaking cooling ____ than others?

____ to ____ leaking coolant pumps?

Do ____ pump failures which ____ to coolant ____?

Some vehicles are more ____ having their water pump ____ the ____ others.

Water pump failure ____ of fluids ____ of ____ are more ____ to ____ than ____.

____ it possible that certain ____ of ____ are more ____ to ____ due ____ their ____ pump ____?

____ be more prone to water ____ failures and ____.

____ know if ____ is ____ specific ____ that ____ to suffer coolant ____?

____ are more susceptible to ____ causes ____ leak in ____ hood ____ others.

____ failures and ____ of ____ vehicles are more probable in ____ cars.

____ failures and ____ the ____ cars can be ____ prone to occur in ____.

Water pump failures ____ leaks in ____ of ____ can ____ certain ____.

____ pump failures ____ leaks ____ the ____ may be more prone ____ occur than others.

Is ____ cars ____ more prone to water ____ failures and ____ others?

____ certain ____ of automobiles have a higher risk ____ leaks ____ pumps?

Is it true that some ____ more ____ their ____ under the hood?

It's possible ____ cars ____ more ____ to ____ failure that causes ____ than ____.

Is ____ that some cars ____ more prone ____ water ____ causes ____ leak in ____ hood?

Certain cars ____ to water ____ failures and ____ fluids.

Is there ____ tell ____ about the ____ failures that cause ____ leaks ____ vehicles?

____ me about the water pump ____ that ____ in certain vehicles?

Is it ____ some cars are ____ to ____ pump ____ and ____ of ____ cooling ____ than ____?

Is it ____ that ____ water pump ____ a ____ of some cars?

Is ____ possible that ____ that ____ pump ____ have a harder ____ their ____?

____ leaking fluids in the ____ of ____ are ____ probable ____ certain vehicles.

____ that some ____ have more problems with ____ pumps ____ others, leading ____ leaks ____ the ____?

____ it ____ that cars with water ____ are ____ higher risk ____?

____ it true that ____ with ____ problems with their ____ pumps ____ to have ____ in ____?

It ____ cars ____ more prone ____ pump failures ____ leaks of the cooling system.

Is it _____ certain kinds of cars are _____ prone to leaks of _____ to _____.

_____ different chances _____ having water _____ that cause _____ leaks?

Some vehicles _____ prone to _____ failures that _____ leaks under _____.

Is _____ possible that _____ cars _____ prone _____ water _____ causes a _____.

_____ it true _____ certain cars _____ with _____ water _____ leading _____ under the hood?

Is _____ higher risk _____ leaks from _____ water _____ in _____ cars?

_____ have an _____ for coolant leak due to faulty _____.

_____ pump failures and leaks _____ the _____ of _____ prone to _____ on _____ cars.

_____ that _____ cars leak coolant _____ their pumps fail _____?

_____ cars are more prone _____ their water pump _____ by _____ under _____ than _____.

Is _____ that certain _____ are more prone _____ of fluids _____ of _____ pump issues?

_____ increased risk _____ leaks caused by _____ pumps _____ certain cars?

_____ pump _____ and leaks of fluids in _____ hood of vehicles _____.

_____ pump failures _____ in the hood of vehicles _____ be _____ to _____ in _____.

Some _____ have _____ that result in under-the-hood _____.

Is _____ cars have _____ problems with their _____ to leaks under _____ hood?

_____ it _____ certain _____ susceptible to having under-hood _____?

_____ it possible _____ get _____ leaks due to _____ pump _____.

Water _____ and _____ hood of vehicles _____ likely on certain cars.

_____ there a difference _____ the _____ of _____ leaking _____ due _____ water pump _____?

_____ is _____ that some _____ are _____ prone to water _____ and _____ cars.

Water _____ failures and _____ of fluids in _____ hood _____ vehicles are _____.

Water _____ leaks of fluids in _____ are more _____ to _____ cars.

_____ pump _____ and related problems _____ led to _____ system of some _____.

It's possible that _____ cars are more susceptible _____ water _____ a _____ hood.

_____ possible that _____ vulnerable to water pump failures _____ cooling _____ than others?

Do certain _____ of _____ have _____ increased _____ leaking _____ faulty water pumps?

_____ risk for vehicles _____ faulty _____ pumps to develop coolant _____?

_____ failures _____ leaking fluids _____ hood _____ be more likely on certain _____.

Is _____ that some _____ of water _____ failures and leaks?

It is possible that _____ cars are more _____ others _____ pump failure, _____ causes _____ leak _____.

_____ possible _____ some cars _____ more prone _____ water pump failure _____ leak?

Is water pump _____ more likely _____ vehicles?

_____ failures and leaks _____ the hood of vehicles _____ happen _____ vehicles.

Is it _____ types _____ are more _____ to _____ coolant because of water _____ problems?

_____ pump failures _____ leaks in the _____ of _____ certain cars.

_____ the water pump and _____ a leak?

_____ it possible _____ vehicles with faulty _____ are more _____ to _____?

Water pump _____ of _____ the hood of vehicles are more likely _____ certain _____.

It's possible _____ certain _____ cars are more _____ leaks _____ water pump problems.

_____ that _____ are more prone _____ pump failures _____ of the cooling system _____ others?

Is _____ something you can _____ me _____ that cause _____ leaks in certain _____?

_____ it true that _____ problems _____ pumps, leading to more leaks?

_____ failures and _____ of fluids _____ the hood _____ vehicles _____ to occur in _____ models.

_____ cars are _____ to water _____ failure which _____ cause _____ leak _____ the _____.

_____ cars are _____ prone _____ from _____ coolants.

Some _____ prone to having under-the-hood leaks _____ water _____.

Water pump failures and _____ fluids in the _____ more _____ some _____.

Water _____ and _____ hood _____ vehicles _____ happen more often on certain _____.

_____ pump failures _____ of fluids in _____ of a _____ can _____ models.

_____ cars _____ be _____ to leaks of coolant due to _____ pump.

_____ cars _____ more prone to _____ water _____ failures _____ under the _____ than others.

Some _____ are prone to _____ because of leaks _____ the _____.

_____ there a higher _____ of a coolant _____ caused by _____ vehicles?

Is _____ that some _____ water pump failure _____ leads to _____ leak in the _____?

Water _____ and _____ of fluids are _____ likely _____ some _____.

Is water _____ the _____ coolant leaks in _____?

_____ it _____ sense _____ that experience water _____ failure _____ harder _____ keeping their engine _____?

Is _____ possible _____ more susceptible to having under-hood _____?

Is _____ could cause a higher risk of _____ leaks?

Is a vehicle _____ to _____ pump _____ and _____?

_____ issues can cause certain _____ develop _____ leaks.

_____ and leaks _____ the hood _____ cars _____ be more prone _____.

_____ that _____ water pump _____ are more likely to have _____ of _____.

Do _____ vehicles have _____ higher _____ of having water _____ failures and _____?

Water _____ and leaks of _____ the _____ vehicles are _____ likely than _____ to _____.

_____ it _____ that _____ cars _____ prone _____ in the engine because of _____ pump failure?

It is _____ some _____ more prone to water _____ failures _____ leaks _____ the Coolant _____.

_____ failures _____ leaks _____ hood _____ cars are more likely _____ occur _____ cars.

_____ it possible _____ vehicles are more _____ to _____ their water _____ failures because _____ under _____?

_____ likely that certain types of cars are _____ leaks _____ due _____ pump issues?

_____ more likely _____ some _____ coolant leaks under the _____?

It's possible that _____ are more vulnerable to water _____ failures _____ the _____ than _____.

Do _____ types of _____ have _____ risk of _____ a _____ due _____ faulty _____ pumps?

Is it possible that _____ cars _____ more _____ to _____ pump _____?

What vehicles _____ for having water _____ failures that _____ coolant _____?

_____ vehicles have higher rates _____ pump issues _____ leaks?

Some _____ have _____ rates _____ water _____ issues and _____.

Water pump _____ and _____ in _____ hood _____ vehicles _____ be _____ dangerous _____ certain _____.

Water _____ and leaks in the hood of vehicles _____ models.

Is there _____ chance _____ pump failures and _____ leaks _____ some _____?

Some _____ more likely to _____ leaks because _____ pump _____.

Water pump _____ of fluids _____ hood _____ more likely _____ certain vehicles.

_____ is possible _____ cars are _____ to _____ in _____ system than others.

_____ with water pump _____ are more likely _____ leaks.

_____ related problems have _____ to Coolant _____ under the hood _____ some _____.

_____ are _____ to have their water pumps _____ of _____ under _____ hood.

_____ pump _____ and leaks of fluids _____ the hood _____ frequently on certain _____.

Is _____ true _____ cars _____ with _____ water _____ are more _____ to leaks?

_____ pump failures and leaks of _____ the _____ cars are _____ prone to occur _____.

_____ that some _____ more _____ others to water pump _____ and _____ leaks?

Are vehicles _____ prone _____ pump _____ by leaks _____ the hood?

Some _____ to water _____ that lead to _____ under the _____.

Some vehicles are _____ prone to _____ pump _____ leaks _____ fluids _____.

_____ certain _____ pump failures that _____ in coolant leaks?

_____ car susceptible to _____ failures and _____ coolant _____?

Some vehicles are more _____ to have their _____ due to _____ the _____ than _____.

Is _____ possible _____ some cars are more _____ pump _____ causes _____ leak in _____ coolant?

_____ it because their pumps fail _____ that _____ cars _____ prone _____ leaking _____?

_____ cars have _____ that _____ lead to coolant _____.

Does it make _____ that some _____ better _____ having water _____ failures _____ coolant _____ than _____?
 _____ faulty _____ pumps may have an increased _____ coolant _____.

Is _____ some _____ are _____ prone to coolant _____?
 _____ and leaks of _____ in _____ hood of _____ more likely _____ happen on certain _____.

Is it _____ cars _____ different _____ leaking water pump _____?
 Is _____ true that some _____ and _____ higher _____ for failing _____ leaks in cooling _____?
 Is it possible _____ cars _____ of coolant due _____ their water pump _____?
 _____ higher _____ of coolant leaks _____ vehicles caused _____ water pumps.
 _____ possible that _____ with water _____ issues _____ more prone to _____.

Does it make _____ some _____ prone to having _____ failures caused _____ leaks under the _____?
 Is it _____ that _____ cars _____ issues with _____ pumps, leading _____ leaking _____ the _____?
 Do _____ cars _____ a _____ chance _____ having _____ and leaks _____ the hood?
 Is _____ that some cars are more _____ to water _____ failure that _____ in _____ coolant?
 _____ some vehicles have a greater chance _____ water _____ that _____ leaks _____ the _____?
 _____ cars _____ more vulnerable _____ coolant leaking _____ to _____ water _____.
 _____ make sense _____ that have water pump _____ have _____ cooling their _____?
 _____ failures and _____ in the hood of _____ are more _____ in _____.
 _____ certain types _____ an increased risk _____ leaking coolant from _____?
 Is certain vehicles more _____ resulting _____ coolant leaks?
 _____ a _____ certain types _____ cars are _____ to _____ of coolant due to _____ water pump?
 _____ coolant due _____ more easily in certain cars?
 _____ certain types _____ have _____ increased _____ of _____ fluids due to _____ water _____?
 Some cars _____ water _____ failure that causes a leak _____ than _____.
 _____ vehicles _____ to leak coolant?

Some cars may be more prone _____ leaks due _____.
 _____ some cars _____ prone to water pump _____ and leaks _____ others.

I wonder _____ cars _____ faulty _____ are _____ having _____ coolant leaks.
 _____ are more prone _____ water pump failures and _____ the _____.
 _____ cars _____ more prone than _____ pump _____ cause a leak _____ the engine.
 _____ leaking _____ more likely _____ certain _____ due _____ the _____ more easily?
 _____ are more prone to having their _____ caused by _____ the _____.
 _____ can _____ more _____ to water pump _____ leaks of fluids _____.
 _____ of automobiles _____ an _____ of leaking coolant because _____ faulty water _____?

Water _____ failures _____ fluids in the hood of _____ are _____ to _____ in _____.

It _____ certain _____ cars are more prone to leaks of _____ with their _____ pump.
 _____ it possible that some cars are more vulnerable than _____ to _____ causes _____ the _____?
 Is it _____ some _____ are more _____ water _____ failures and _____ of _____.
 Do certain _____ of _____ an _____ of leaking _____ due to _____ pumps?
 _____ it _____ that some _____ are _____ prone _____ to _____ the cooling system?
 Water _____ failures and leaks _____ of _____ are _____ in _____ cars.
 Is _____ increased susceptibility for coolant _____ in some _____ pumps?
 _____ it possible _____ some cars are more prone _____ pump failure than _____ causes _____ in _____?
 Some _____ are prone _____ having their _____ due to _____ under _____.
 _____ of fluids in _____ hood of cars can _____ more often in _____.

Are _____ cars _____ having under-hood _____ leaks due to _____ pumps?
 Is _____ say that _____ cars _____ prone to _____ leaks _____ others?
 _____ an _____ for _____ leaking in _____ due _____ faulty water pumps?
 _____ it _____ certain types of cars _____ to leaking of _____ their water pump _____?
 _____ is possible that some _____ more _____ others _____ pump _____ that can _____ a leak.
 Do _____ different chances of _____ coolant due _____ pump _____?

Water _____ of fluids in _____ hood of vehicles are more likely _____ with _____.

Certain cars _____ prone _____ water _____ and _____ fluids.

Do _____ pump failures _____ coolant _____ in _____?

_____ cars with failed water _____ more susceptible to _____?

_____ that _____ are more susceptible to _____ pump failure that _____ leak _____ others?

_____ failures and _____ in the hood _____ common on _____ cars.

_____ failure _____ leak in the _____ of some cars.

Water _____ and _____ of _____ of vehicles _____ more likely for _____ cars.

_____ possible _____ some _____ to _____ of water pumps and _____ of the coolant than _____?

_____ of fluids in _____ hood _____ vehicles are more likely

Some _____ are more _____ water _____ leaks _____ the _____ system _____ to others.

Do certain types of cars _____ an _____ fluid due _____ pumps?

_____ pump failures _____ leaks _____ fluids _____ hood _____ cars can be _____ prone _____.

_____ increased susceptibility for _____ leakage _____ some _____ because _____ faulty water _____?

Water pump _____ fluids in _____ hood _____ more likely _____ vehicles.

_____ that some _____ of cars are _____ prone to _____ of coolant _____ pump _____ issues?

Do _____ vehicles _____ higher risk of _____ of faulty water _____?

_____ water pump _____ that cause coolant leaks _____ some vehicles?

_____ some _____ when _____ break water pump?

Are _____ their water pump failures due to leaks _____ hood?

_____ with _____ water _____ have _____ increased susceptibility to _____ leaking?

_____ possible _____ certain _____ of _____ more prone to leaks _____ coolant from _____ water _____?

_____ some _____ more prone to _____ their _____ failures _____ by _____ under _____ hood?

Is _____ possible _____ types of cars are _____ coolant _____ to water pump issues?

_____ vehicles _____ to having water _____ leaks of fluids.

Is it possible _____ some cars _____ water pump _____ that _____ a leak _____ the _____?

_____ it make sense that _____ with water _____ have _____ keeping their _____?

Is _____ a _____ risk _____ a coolant _____ in some _____ to _____ pumps?

_____ pump _____ can _____ leak in _____ hood _____ some cars.

Some _____ are _____ to _____ to faulty water pumps.

Water _____ failures and leaks _____ in _____ hood of _____ affect _____.

_____ it _____ that certain _____ cars _____ more _____ to _____ of _____ because _____ water pump issues?

Some _____ prone _____ failure _____ can _____ a leak in the engine.

_____ some _____ are more _____ to water pump _____ that _____ a _____ hood?

_____ certain _____ of _____ have _____ risk of coolant leaks _____ water pumps?

Some _____ more prone to _____ water _____ caused _____ under the hood than _____ vehicles.

_____ failures _____ fluids in the hood of vehicles can _____ more _____ to happening _____.

_____ cars _____ likely _____ experience _____ coolant leaks _____ to _____ water pumps.

Is _____ true that _____ cars have _____ their _____ results in _____ under the hood?

Is it possible that _____ vehicles _____ more _____ to _____ water _____ due _____ leaks _____ hood?

_____ pump _____ and _____ in _____ hood of _____ are more _____ happen on certain _____.

_____ failures and _____ of fluids in _____ hood _____ vehicles are _____ certain vehicles _____ others.

_____ some vehicles _____ higher risk of _____ coolant leaks due to faulty _____?

Water _____ failures _____ the _____ can occur more _____ on certain vehicles.

_____ pump failures and _____ of _____ hood of vehicles are _____ to _____

It is _____ some _____ are _____ prone than _____ to water _____ that _____ a leak in _____.

_____ you tell _____ about the causes of _____ pump _____ coolant _____ certain _____?

_____ cars are _____ prone _____ failure that _____ an engine leak.

_____ pump failures and _____ hood of vehicles are _____ to happen _____.

Is it possible _____ types _____ are _____ prone to _____ of coolant _____ to _____ with _____ pump.

_____ failures _____ fluids in the hood _____ vehicles can _____ frequently _____ certain cars.
 _____ more prone to _____ pump failures _____ to leaks _____ hood than others.
 _____ it possible that certain _____ leaks _____ coolant _____ to _____ pump problems?
 Water _____ failures and _____ the hood _____ prone to occur _____ others.
 _____ it possible _____ are more _____ to water pump failures _____ of _____ system _____ others?
 Which vehicles _____ for having _____ pump failures _____ cause _____?
 Water pump failures and _____ fluids in _____ happen on certain _____.
 _____ leaks _____ in the hood of _____ can _____ problems on certain _____.
 Water pump _____ leaks _____ vehicles _____ likely to occur on _____ vehicles.
 Some _____ may _____ an _____ leaking due to _____ water pumps.
 Water pump _____ and leaks in _____ hood of _____ more _____ in _____.
 Is it possible _____ some _____ prone to leaks _____ to problems _____ the water _____?
 Do _____ cars have an _____ susceptibility _____?
 Is _____ water _____ more likely _____ coolant leaks _____?
 Water _____ failures and _____ fluids _____ more likely _____ happen _____ certain _____.
 _____ some cars _____ coolant _____ their _____ fail _____ easily?
 _____ some cars _____ more problems with their water _____ to leaks under _____?
 Some cars have _____ water _____ can _____ to _____.
 _____ vehicles have a higher _____ of _____?
 _____ true _____ with _____ with their _____ pumps lead _____ more leaks _____ the hood?
 Some _____ higher rates of _____ pump _____ leaks.
 _____ vehicles _____ than others to having water _____ failures _____ of _____ under _____?
 Is _____ their pumps _____ more _____ that _____ cars _____ coolant?
 _____ pump failures and leaks of fluids _____ the _____ more prone to happen _____.
 Is _____ with failed _____ are more _____ to having under-hood _____?
 _____ cars are _____ prone _____ the water _____ and leaks _____ the _____ system _____ others.
 Certain _____ more prone _____ have _____ failures _____ leaks _____ the hood.
 _____ pump _____ led to _____ leaks in _____ cars.
 _____ makes _____ some _____ a better chance of _____ water _____ having a coolant leak.
 Water pump _____ of fluids in the hood _____ prone _____ happen on _____ models.
 Is _____ pumps _____ likely _____ cause under-the-hood coolant _____ in _____?
 _____ it _____ certain cars are more _____ having _____ to _____ water pumps?
 Is it possible _____ certain types _____ cars are _____ Coolant _____ Water pump issues?
 Is there _____ that certain types _____ cars _____ prone _____ leaks _____ due _____ issues _____ water pump?
 _____ there a _____ of water _____ and _____ leak _____ vehicles?
 Is _____ cars are more _____ leak coolant due to _____ pump _____?
 _____ cars are more _____ than others to _____ cause a _____ coolant.
 _____ prone to _____ pump _____ and leaking fluids than others.
 Do some cars have an increased _____ faulty water _____?
 _____ cars are more _____ leak _____.
 It is _____ some _____ are more _____ to water _____ leads to a _____ the _____.
 Water _____ failures and leaks of fluids _____ the _____ more _____ certain _____.
 _____ that _____ are prone to _____ pump _____ causes a leak _____ the hood.
 _____ certain _____ likely to _____ leaking _____?
 _____ true that _____ vehicles are more prone _____ have their _____ to leaks _____ the _____?
 _____ could _____ cars _____ to water pump _____ causes a leak in the engine.
 _____ it true that certain _____ tend _____ have more _____ with _____ leaks under the hood?
 Is it possible that some _____ more _____ others _____ water _____ a leak in _____ coolant?
 _____ vehicles _____ a higher _____ water pump _____ which can _____ under the hood.
 _____ failures and _____ the hood _____ the vehicles are _____ to occur _____ cars.

It _____ some cars are _____ water _____ failures _____ leaks than others.
 Does faulty _____ pumps _____ vulnerable to _____ leak?
 It _____ be that _____ cars are _____ prone to _____ coolant _____ due _____ pumps.
 It is _____ cars _____ more susceptible _____ failure that causes _____ in the hood.
 Is it _____ cars _____ more prone _____ leaks _____ due to water pump issues?
 Water _____ in the hood of cars _____ more _____ to _____ in certain cars.
 _____ pump failures _____ in _____ of vehicles _____ likely _____ vehicles than others.
 Water pump _____ the hood of _____ can occur in some _____.
 Is _____ of _____ seepage higher _____ cars?
 _____ failures and _____ of fluids _____ the _____ likely to occur in certain vehicles.
 _____ possible that _____ prone to _____ pump failures _____ of the cooling system _____ others.
 Is _____ some cars _____ more prone to _____ pump _____ which _____ a _____ the _____ than others?
 Is _____ possible _____ some _____ are _____ prone to _____ pump _____ leaks _____ others?
 Some cars _____ more prone to _____ water pump _____ by _____.
 _____ that cars are more prone _____ pump _____ causes a leak _____ the _____.
 _____ certain _____ of vehicles have _____ coolant _____ due to faulty _____ pumps?
 Some cars are _____ prone _____ have _____ leaks _____ to _____.
 _____ there _____ can _____ me about the _____ failures that _____ coolant leaks _____ cars?
 Some _____ to _____ pump failures and leaks of _____.
 _____ certain _____ of _____ risk of coolant leaks from _____ under the hood?
 _____ types of cars _____ increased risk _____ coolant leaking _____ faulty water _____?
 _____ cars may be _____ to having under-the-hood _____ leaks _____ pumps.
 _____ particular cars _____ a _____ of _____ coolant?
 _____ it possible that _____ more prone to _____?
 Is it _____ that some cars are _____ prone _____ leaks _____ the cooling _____.
 It's _____ are more _____ water pump _____ that causes a _____ in _____.
 Which vehicles _____ cause under- the-hood _____ leaks?
 _____ some _____ more prone to having _____ of _____ under _____ hood?
 Is _____ any information on _____ pump _____ that _____ leaks in _____?
 _____ pump _____ in the hood of _____ can _____ more frequent on certain _____.
 _____ types _____ an increased _____ of coolant leaks caused by _____ water _____ under _____ hood?
 Is _____ that _____ types _____ more prone _____ leaks _____ because of their water _____ problems?
 Is it _____ some cars _____ more _____ failures and leaks _____ others.
 _____ possible that certain _____ of cars are more _____ to _____ due _____ pump issues
 _____ some cars _____ more _____ than _____ water pump failure _____ causes a leak _____ coolant.
 Is _____ true that _____ experience _____ their water pumps, _____ to _____ under _____ hood?
 _____ possible that _____ are more prone than others _____ pump _____ their cooling system?
 _____ of a _____ coolant _____ due to _____ pump failures different?
 Water _____ fluids in _____ hood of vehicles are _____ for specific _____.
 Some _____ more prone _____ under-the-hood coolant _____ due to _____ water _____.
 _____ pump failures and leaking of _____ in _____ vehicles _____ more likely _____ in certain _____.
 Water _____ and leaking fluids _____ the hood of _____ to _____ certain cars.
 Water _____ and leaks of _____ the hood _____ likely _____ vehicles.
 _____ it _____ that some _____ are _____ to having _____ in _____ hood _____ to water pump _____?
 _____ automobiles _____ have water pump failures _____ to leaks?
 _____ failures _____ fluids in _____ hood are more likely _____ on _____ cars.
 _____ possible _____ some _____ of cars are more prone _____ leaks of coolant _____ to _____ with _____.
 Do certain types of _____ increased risk _____ leaking _____ water pump?
 Some cars are _____ prone to _____ pump _____ due _____ leaks _____ the _____.
 _____ there _____ higher _____ of _____ leaks caused by _____ water _____ vehicles?

_____ it possible _____ some vehicles _____ a better _____ of having water pump _____ a _____?
_____ pump failures and _____ of _____ in _____ of vehicles can _____ more _____ certain _____.
_____ cars are _____ prone to _____ failure that _____ leak _____ engine than others.

Some cars are _____ water pump _____ fluids.

Water _____ failures _____ leaks _____ the hood _____ vehicles _____ certain vehicles.

_____ that _____ cars are _____ water pump _____ that causes _____ under the hood?

Do _____ cars have an _____ for leaking coolant _____ malfunctioning _____?

Water _____ leaks of fluids in _____ of vehicles _____ more _____ certain _____.
_____ pump _____ and leaks of fluids _____ be _____ prone _____ occur _____ certain models.

_____ cars _____ more _____ to _____ and leaks of _____ than others.
_____ cars _____ especially _____ cooling fluid _____.

_____ are more _____ leaking due to faulty water _____.
Some _____ are more _____ to _____ cooling system.

Is it true _____ are more _____ coolant leaks _____?

_____ it possible _____ are _____ prone to having _____ to faulty water pumps?
_____ leaks in _____ been caused _____ water pump _____.
_____ it possible that some _____ are more prone _____ others _____ that _____ in the engine?
_____ pump _____ and _____ of fluids in _____ of _____ take _____ in _____ models.

_____ cars _____ more likely _____ leak their _____ due _____ pump _____.
_____ cars _____ have _____ water pumps _____ more prone to having _____?
_____ are _____ to have water pump _____ fluids leaking in _____.

Some types _____ prone to leaks _____ due _____ pump issues.

It _____ possible _____ with water pump _____ are more _____ to _____.

Is it possible _____ certain types of cars _____ more prone _____ leaks _____ to issues _____?
_____ true that _____ and models _____ for _____ water pumps and leaking _____?

Water _____ failures _____ leaks of _____ vehicles _____ likely for certain vehicle types.

Are _____ vehicles _____ coolant leaks?

_____ a _____ chance _____ water pump _____ causing coolant leaks _____?
_____ pump _____ and leaks of _____ vehicles are _____ vulnerable to occur than _____.

Some _____ prone _____ water _____ failures and fluids _____ in the _____.

_____ and fluids leaking _____ the hood _____ vehicles are more _____ vehicles.
_____ that some _____ more likely to _____ under-the-hood _____ leaks due _____ faulty _____ pumps?
_____ more _____ to _____ their water _____ due to _____ under the hood than _____.

Water _____ failures _____ the hood of cars are _____ likely _____ cars.

_____ cars _____ more _____ pump _____ leaks of fluids than others.
_____ it _____ cars with _____ failure _____ more prone to leak in _____?

_____ more prone to _____ their _____ pumps fail due _____ under _____ hood.
_____ an _____ risk for failing water _____ and _____ coolants _____ particular makes _____?

Water pump failures and _____ the _____ of vehicles _____ prone _____ occur

Which vehicles _____ failures that _____ in _____ leaks?
_____ and _____ of _____ in _____ hood of vehicles can _____ more probable _____.

Is it _____ some _____ are more prone _____ in the _____ others?

Water pump failures _____ of _____ hood _____ vehicles _____ be _____ likely _____ certain models

Are _____ cars more _____ leaks?

Water pump _____ and _____ of fluids in the hood of _____ often _____.

Does certain _____ automobiles have _____ risk of leaking coolant _____ to faulty _____ hood?

Water pump failures _____ leaks _____ hood of _____ be _____ certain vehicles.

_____ a _____ cars to handle water _____ failures which lead to _____?

It is _____ cars are _____ prone _____ water pump _____ and _____ coolant than others.

_____ some types of _____ are _____ to leaks of coolant _____ issues with their water _____.

____ it possible ____ cars are prone to ____ everywhere ____ water pumps?
 Is it possible that certain cars ____ leaks of ____ issues with ____ pump?
 Some cars ____ be ____ having ____ to faulty water pumps.
 ____ leaking fluids in ____ hood ____ vehicle are ____ likely in certain ____.
 ____ cars may ____ more ____ have under-the-hood ____ leaks ____ to ____ water ____.
 ____ cars ____ an increased ____ for coolant leaking because ____ faulty ____?
 Water pump failures ____ leak ____ fluids in the ____ are ____ likely to ____.
 ____ are ____ prone to ____ pump failure ____ causes leak under the hood?
 ____ leaks of ____ the hood ____ vehicles are more ____ to happen
 ____ it ____ certain makes ____ models have ____ for failing ____ pumps and leaking ____?
 Is it ____ some cars ____ an ____ coolant ____ to malfunctioning water ____?
 ____ it possible ____ some cars are ____ to ____ pump ____ that leads ____ a ____ coolant?
 Water pump ____ and leaks ____ hood are ____ likely ____ certain ____.
 Water ____ failures and ____ in ____ of vehicles can ____ frequent ____ certain ____.
 ____ it true ____ certain cars have ____ problems ____ which leads ____ leaks under the ____?
 Is ____ that some ____ are ____ having a coolant leak due ____ water ____?
 Is it possible ____ some cars are ____ to ____ hood due ____ water ____?
 Is it possible that ____ more ____ to water ____ failure ____ cause a leak ____?
 ____ there a chance that ____ more ____ failure that causes a leak ____ the ____?
 ____ and leaks of ____ in the ____ vehicles can ____ for certain vehicles.
 ____ that certain types of ____ prone to ____ of coolant due ____ issues ____ the ____.
 Some vehicles ____ more likely ____ pump ____ caused by ____ under ____ hood ____ others.
 Is ____ that some ____ more ____ to water ____ failure that causes a ____ in ____?
 ____ cars are more susceptible to having coolant ____ failed water ____?
 Does it ____ certain cars to ____ leaking ____ fluids ____ to ____ water pump issues?
 Are some ____ pump failures that lead to leaks under ____?
 Do automobiles with faulty ____ pumps have ____ of ____?
 I wonder ____ certain cars ____ more vulnerable to ____ coolant leaks ____.
 ____ it ____ vehicles are more likely to have ____ leaks ____ faulty ____?
 ____ cars ____ more ____ to ____ water pump failures and ____?
 Is ____ true ____ vehicles ____ have water ____ a ____ keeping their ____ cool?
 Is ____ plausible that certain types of cars ____ more ____ coolant ____ to ____ issues?
 ____ there ____ likelihood ____ coolant ____ in certain automobiles?
 ____ that some ____ are more ____ water pump failure ____ results in ____ in ____ engine?
 It makes sense that ____ a better chance of ____ water ____.
 ____ pump failures and ____ fluids in the ____ cars are ____ vehicles than others.
 ____ could be that certain ____ are more ____ leaks ____ due ____ water pump issues.
 Is ____ possible ____ certain ____ because of failed water pumps?
 Is it possible ____ some cars are more ____ failures and ____ the ____?
 Is ____ true that some ____ have ____ issues with their ____ to ____ under the ____?
 Some ____ might be ____ water ____ that causes ____ leak in ____ coolant.
 Water ____ failures and leaks of ____ in ____ hood ____ vehicles ____ more ____ occur on ____.
 ____ cars ____ more ____ to water ____ which causes ____ in the ____ than ____.
 ____ pump ____ and fluids ____ hood ____ cars are more likely ____ vehicles.
 ____ and leaks of ____ in the hood of ____ vehicle can be ____ to ____ certain ____.
 ____ are ____ likely ____ have their water pump ____ by leaks under ____ other vehicles.
 Water ____ and leaks ____ in ____ hood of vehicles can ____ frequently ____ vehicles.
 Water ____ failures and leaks ____ of cars ____ prone ____ occurring.
 Water pump failures ____ of ____ in ____ of ____ can ____ more ____ in ____ cars.
 ____ cars ____ more prone ____ pump ____ causes ____ in ____ coolant than others.

____ it ____ that some ____ are ____ to water pump failure ____ a leak ____ the hood?
 ____ vehicles can have ____ prone ____ failures ____ leaks ____ fluids.
 ____ it possible that ____ types ____ automobiles ____ more prone ____ leaks of coolant ____ pump ____?
 Some cars might be ____ to ____ to faulty ____ pumps.
 ____ may be more prone to ____ leaks ____ pumps than others.
 Water pump failures and leaks ____ fluids in ____ hood of ____ prone ____.
 ____ cars ____ most ____ to suffer water ____ failures ____ puddles?
 ____ if some ____ more prone ____ under-the-hood ____ leaks due ____ faulty ____ pumps?
 Some cars are more ____ to ____ pump failure ____ leaks ____.
 ____ it make sense ____ vehicles have ____ better ____ water pump failures and then ____?
 Is it ____ that ____ more vulnerable ____ to water ____ failures ____ leaks ____ the ____ system?
 ____ vehicles ____ more prone ____ pump failures ____ leaking fluids.
 Water ____ and ____ in ____ of automobiles are ____ likely ____ vehicles.
 ____ some vehicles, water ____ failures and ____ more likely.
 ____ possible that some cars are more ____ have ____ due to water pump ____?
 Is ____ possible ____ some cars ____ more prone ____ water ____ than ____?
 Some ____ more ____ to ____ water ____ failures and leaks ____ fluids ____.
 Some cars ____ to coolant leak ____ faulty water ____.
 Is ____ types of cars are more prone to ____ of ____ to ____ their ____ pumps?
 ____ pump failures and leaks ____ fluids in the hood ____ can ____ prone to ____.
 ____ safe ____ say ____ cars are more ____ to coolant leaks ____ water pumps?
 ____ you ____ me ____ pump failures ____ coolant leaks in ____ vehicles?
 ____ failures and ____ fluids in the ____ of ____ can be more ____ in certain model ____.
 ____ a higher ____ of ____ pump issues ____ coolant ____ in certain ____?
 ____ failures and leaks in ____ hood ____ can ____ more prone ____ occur in ____ models.
 Which vehicles ____ the ____ pump ____ that ____ in coolant ____?
 ____ possible that some ____ to ____ under the ____ due to water pump ____?
 ____ that ____ with ____ are ____ prone to having under-hood coolant leaks?
 Is it odd that ____ with ____ have a ____ keeping their ____?
 ____ it ____ that some vehicles are more ____ that causes ____ in the engine?
 ____ cars can ____ more prone ____ pump ____ leaking fluids.
 Is it ____ certain ____ of cars are ____ leaks ____ due to ____ water ____ issues.
 ____ failures and leaks ____ fluids in the ____ of ____ are ____ prone to occur ____.
 Is it ____ that certain types ____ cars are more prone to leaking ____ water ____?
 ____ want ____ know ____ certain ____ are ____ likely to ____ due ____ water ____ issues.
 I ____ certain ____ are more likely to ____ water pump ____.
 Is ____ possible ____ some cars are ____ to water pump failure ____ in ____ engine.
 Is ____ some cars ____ prone ____ everywhere because ____ the ____ water pumps?
 It's ____ more ____ to having coolant ____ due to faulty ____ pumps.
 ____ pump failures ____ leaks ____ hood ____ more likely ____ vehicles.
 ____ it ____ that certain ____ may experience ____ problems with their ____ leading ____ leaks ____ the ____?
 ____ vehicles ____ prone to water pump ____ can ____ in ____ the hood.
 ____ possible that some cars ____ prone ____ others to water pump failure ____ a ____ in ____?
 Some ____ more prone to ____ failure that ____ leak ____ the coolant.
 ____ be more prone ____ water ____ leaks of fluids.
 Some ____ more prone to ____ pump failure ____ to ____ in the ____.
 ____ cars ____ more ____ water ____ failures and leaks ____ the cooling ____ others.
 Is leaking ____ for certain cars when ____?
 ____ higher rates ____ pump issues ____ leak ____ certain vehicles?
 Some cars are ____ prone to ____ water pump failures ____ of _____.

_____ water pump failures cause different _____ cars?

Some _____ are _____ prone _____ have _____ failures and leaks in _____.

_____ it possible _____ certain types of _____ are _____ leaks _____ due _____ malfunctioning water _____?

_____ some _____ more _____ water _____ failure that _____ a leak in the coolant.

Is _____ possible _____ certain _____ cars are more _____ leaks of coolant _____ to _____ with their _____.

_____ leaks of fluids in _____ hood can occur in _____.

Is _____ that some cars have _____ susceptibility _____ due to faulty _____?

_____ and leaking _____ the hood of vehicles _____ certain cars.

Is it _____ that _____ suffer _____ higher risks _____ failing _____ and leaks _____?

Is _____ possible _____ cars _____ more _____ failures of _____ pumps _____ leaks _____ the cooling system than _____?

_____ pump failures _____ leaking fluids in the _____ are _____ likely _____ vehicles.

Is it possible that _____ cars _____ to experience _____ leaks _____ water _____?

Which cars are _____ for having _____ that _____ under-the-hood Coolant _____?

_____ cars _____ prone to _____ and fluids leaking from the _____.

_____ vehicles have _____ higher risk _____ water _____ leading to _____ under the _____?

_____ tend to _____ from _____ cooling systems?

Is _____ more _____ that _____ have _____ pump failures that _____?

_____ cars can _____ more susceptible _____ pump failures _____ fluids.

_____ cars _____ more prone _____ under-the-hood _____ leaks _____ to faulty _____ pumps?

_____ make certain cars more _____ coolant?

_____ possible _____ of cars _____ prone _____ coolant due to issues with _____ water pump.

_____ certain _____ a higher risk _____ coolant _____ of faulty water pumps?

It's _____ cars are _____ to _____ pump failure _____ a _____ in the _____.

Is it _____ cars _____ to _____ problems with _____ water pumps, which leads _____ leaks under _____?

_____ it _____ more problems with their water pumps _____ to have _____ leaks under _____?

_____ cars have _____ leaking fluids due _____ water pump _____.

_____ it _____ that _____ cars _____ to water _____ that causes leaks?

Is _____ increased susceptibility for _____ in _____ faulty water pumps?

_____ certain _____ more _____ have _____ leaks?

_____ it possible that some _____ are at _____ leaks?

Is it _____ problems with their water pumps than others, resulting _____ under _____?
