

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Internet and Wi-Fi connectivity issues
Inquiry Sub-Category	DNS and IP configuration
Description	Customers seek support in configuring DNS and IP settings on their routers or devices to resolve DNS resolution issues or ensure proper network connectivity.
Data Size	5,027 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

My ____ TV ____ its ____ connection. Could ____ to incorrect DNS ____ DHCP ____ on the ____ itself?
____ TV's ____ service ____ disrupted by an ____ setup?
The ____ on the smart ____ is ____ by ____.
____ service may be disrupted due to ____.
Is the ____ improper DNS configurations?
Is the smart ____ connection ____ by ____ configurations?
Is there a ____ internet connection ____ my smart ____ because of ____ settings on ____ or DHCP?
____ that ____ set ____ of the ____ and ____ will affect smart TV's connection?
Net ____ on my tv could ____ caused by ____.
Is the smart ____ internet ____ disrupted ____ of DNS/DHCP?
____ my smart ____ internet ____ disrupted ____ wrong configurations?
Is ____ the intermittent internet on ____ smart tv ____ is ____ is ____ domain setting?
Is ____ that the internet connection on ____ tv ____ by the incorrect set ____ the DHCP?
Is ____ intermittent ____ my ____ TVs ____ an incorrect setting of ____ DNS?
Is it ____ that ____ internet ____ smart TV due to ____ on ____ television?
____ am ____ internet ____ on my smart TV, ____ I explain ____ reasons for ____ configured ____?
____ curious ____ the ongoing ____ disconnections on my smart ____ are ____ inaccurate ____ DHCP configurations.
Is ____ on ____ related to ____ domain settings or not?
____ it possible ____ wrong set up of the ____ the ____ the ____ tv ____ not ____?
There's a chance that ____ connection on ____ will ____ affected ____ incorrect set ____ of the ____ DHCP.
Is ____ possible ____ the ____ connection ____ smart tv will be affected ____ the incorrect ____ the ____ the ____
____ curious ____ know ____ the internet ____ on my ____ are ____ result ____ inaccurate ____ DNS ____ DHCP configurations.
Is ____ internet service disrupted ____ to ____ configurations?
Can ____ internet service be ____ because ____ improper DHCP configuration?
Is ____ possible ____ the ____ on ____ smart TV ____ be ____ by the ____ set ____ the ____ and the ____?
I ____ a regular ____ of internet access for my ____ a result ____ the ____ misconfigured.
Is ____ net issue connected to ____ and ____?
It is possible ____ set up of ____ DNS ____ the ____ causes ____ smart ____ work.

____ possible ____ internet settings are incorrect, which ____ why my ____ TV lost ____ .
 ____ link drop-offs ____ to my smart ____ not ____ configuration?
 Is it ____ smart ____ won't connect ____ of the ____ up ____ internet?
 Can my ____ TV's ____ service be disrupted ____ incorrect ____ ?
 ____ possible that the ____ to ____ incorrect set ____ of the internet connection?
 ____ it ____ that the incorrect ____ of the ____ is the cause ____ tv not ____ ?
 The ____ with Smart ____ online ____ caused ____ messed ____ Names.
 ____ it ____ that ____ TV's ____ disconnection is ____ by faulty ____ ?
 Is ____ television's net ____ due ____ settings ____ the ____ DNS?
 ____ my smart ____ service ____ because ____ incorrect settings?
 It's possible ____ TV ____ to ____ internet because ____ configured settings.
 ____ my smart TV's ____ of ____ settings?
 ____ if ____ smart TV ____ internet ____ of incorrect settings
 Perhaps the ____ is ____ connecting to ____ smart ____ to ____ .
 ____ issues ____ caused by incorrect ____ the TV
 Can we ____ if ____ recent ____ related ____ my tv's misconfigured ____ parameters?
 ____ a chance ____ internet ____ the smart tv ____ by ____ incorrect set up of ____ and the DHCP.
 Is ____ possible ____ the ____ is ____ longer connecting ____ smart ____ of ____ settings?
 Is link ____ parameters in my ____ Tv?
 The smart TV isn't ____ connected to the ____ .
 Is ____ TV's ____ disrupted ____ of improper ____ configuration?
 The ____ service may be disrupted ____ dns/dchpo ____ .
 ____ we check ____ the ____ drop-offs experienced recently were related ____ smart ____ configuration?
 Are ____ drop-offs related ____ my ____ not having proper ____ ?
 ____ it possible that the smart TV won't ____ to ____ set ____ of ____ internet?
 The internet ____ be connecting ____ smart ____ because of ____ wrong ____ .
 The ____ longer connect to my smart tv ____ up.
 ____ that the ____ set up ____ the ____ protocol ____ causes the smart ____ stop working?
 ____ with my smart ____ caused ____ setup.
 ____ TV's internet connection ____ due ____ improper configurations?
 Is ____ issues that ____ popping up ____ incorrect internet ____ my smart TV?
 Is ____ intermittent internet ____ my smart ____ happening, or is ____ the ____ caused ____ domain ____ ?
 ____ that ____ link drops experienced recently were ____ to ____ smart ____ having ____ configuration?
 ____ intermittent ____ problem ____ smart TV due to ____ incorrectDNS ____ ?
 ____ it ____ that ____ internet keeps dropping ____ my smart tv ____ ?
 Is ____ TV's internet ____ disrupted due ____ incorrect ____ ?
 Is ____ smart ____ service disrupted because ____ configurations?
 ____ possible ____ a regular loss of ____ access ____ my ____ result of my television ____ misconfigured?
 ____ possible ____ the television's ____ settings ____ wrong, which ____ explain ____ TV lost ____ .
 Is ____ connection issue related ____ the ____ smart TV?
 Is ____ possible that the incorrect ____ DNS ____ DHCP leads ____ the downfall ____ smart TV ____ ?
 ____ it possible ____ the ____ connection ____ on ____ smart ____ caused by incorrect ____ ?
 Is the ____ internet ____ my smart TV ____ my ____ domain ____ ?
 ____ curious if ____ on ____ smart ____ result ____ inaccurate television-based DNS or DHCP configurations.
 ____ smart TV ____ if it isDisconnected due ____ wrong internet address or ____ wrong ____ .
 ____ possible that ____ loss ____ access for ____ smart TV is caused ____ television ____ ?
 Maybe the internet is no longer ____ my smart ____ settings ____ .
 Is ____ that ____ regular loss of ____ access ____ smart TV is ____ television DNS/DHCP?
 Is ____ possible that ____ incorrect ____ up ____ DNS and the DHCP will ____ an ____ on the ____ ?
 ____ see ____ the ____ drop-offs ____ related to my ____ misconfigured DHCP ____ ?

Is the ____ connection issues ____ have ____ occurring due to ____ on ____ TV?

Are ____ smart TV's internet ____ due ____?

Can ____ figure ____ the ____ are ____ the ____ parameters in ____ smart Tv?

Is my ____ television losing ____ because ____ settings?

____ is possible that the ____ not ____ the internet ____ the incorrect ____.

____ smart ____ no longer be ____ to ____ due to incorrect ____.

____ the internet ____ that are ____ the ____ dns configuration on ____ smart tv?

____ a ____ the ____ internet ____ are incorrect, which ____ explain how my ____ TV ____ connection.

Is ____ possible that the intermittent link ____ have something ____ do ____ misconfigured ____ DHCP ____ tv?

I'm ____ to ____ if the ongoing ____ disconnections on ____ smart ____ result ____ television-based ____ DHCP configurations

____ that ____ internet ____ incorrect, ____ explain how ____ smart TV lost its.

____ my smart TV ____ because ____ unreliable ____?

I ____ having ____ internet service ____ but can ____ tell ____ the ____ for the incorrect configured ____?

Smart TV ____ have ____ due to messed ____.

____ it ____ that the ____ up of the DNS and ____ causes the smart ____ connect?

Is my smart ____ internet service ____ DNS/DHCP ____?

Is the television's net ____ and DHCP ____?

____ like ____ know ____ ongoing ____ disconnections on my ____ TV ____ result of inaccurate television-based ____ configurations

Is ____ possible ____ smart TV's connection ____ be hampered ____ set ____ of ____ the DHCP?

Is the ____ disrupted due ____ improper ____ configuration?

____ possible that ____ connection settings on ____ smart ____ is the ____?

Is ____ dropouts of ____ smart ____ because of ____ configurations?

Is my smart TV not working because ____?

Is ____ tv's ____ by incorrect settings ____ and DHCP?

____ we see if the ____ related to the incorrect ____ in ____?

Is ____ the intermittent internet on my ____ is ____ problem caused by ____ domain ____?

____ that the ____ goes down due ____ the incorrect set ____ of ____ DNS ____ DHCP?

Is ____ possible that the intermittent ____ have to ____ with ____ TV ____?

Is ____ no ____ to ____ smart ____ due ____ incorrect settings?

____ that ____ incorrect set ____ and ____ dhcp causes the downfall of the ____ TV connection?

____ link ____ incorrect parameters in my ____ TV?

____ can't seem to connect to the internet on ____ be ____ settings?

Is ____ possible ____ the ____ set ____ the DNS and DHCP ____ smart ____ have normal function?

____ intermittent internet problem on ____ smart TVs caused by ____ setting?

Is it possible that the ____ set up ____ DNS ____ dhcp ____ the ____ tv ____?

____ the network dropouts ____ my smart ____ incorrect ____ configurations?

Possibly the internet ____ longer connecting ____ tv ____ incorrect settings.

____ the intermittent ____ problem ____ smart TVs a ____ an ____ setting?

Is ____ possible ____ the ____ the smart ____ be ____ by the incorrect ____ up of the ____ DHCP?

I wonder ____ no longer connecting ____ my ____ because of ____ settings.

Is it possible that ____ work due ____ of the DNS and DHCP?

____ loss on my ____ caused by ____ wrong dns/dhcp ____.

____ network ____ my smart TV may be ____ incorrect television ____.

The ____ internet ____ my ____ TV may ____ due ____ my ____ dns ____.

Maybe ____ is ____ connecting to my smart ____ the incorrect ____.

____ it ____ the wrong set up of the ____ causes the ____ TV ____ work?

____ internet service be disrupted because ____ a bad ____?

It is possible that ____ settings ____ incorrect, ____ would explain ____ my ____ it.

____ internet may ____ smart tv, due to incorrect set ____.

It's possible _____ the _____ set _____ the DNS _____ DHCP _____ the _____ tv to _____ get.
 _____ the _____ internet _____ smart tv the _____ or is it _____ settings?
 _____ the _____ connection issues _____ have _____ popping _____ due to _____ incorrect _____ my _____?
 Is it _____ regular _____ of internet _____ for my _____ is _____ of misconfigured television _____.
 Can _____ service _____ disrupted due to improper DNS _____?
 _____ am _____ intermittent internet service _____ smart _____ but can _____ give _____ for the incorrect _____ DHCP?
 _____ intermittent internet problem on _____ because of _____ dns setting?
 Is _____ TV's _____ connection disrupted _____ the _____ configurations?
 _____ the incorrect set _____ of the internet _____ addresses _____ downfall of smart _____.
 _____ with Smart TV _____ possibly caused _____ messed _____ domain _____.
 _____ loss _____ my _____ may be _____ wrong dns/dhcp _____.
 Can _____ smart _____ internet _____ be _____ improperDHCP configurations
 Is _____ intermittent _____ my smart tv _____ incorrect _____ settings?
 _____ the internet _____ my smart tv _____ wrong settings
 Is _____ losing internet _____ of the _____ settings.
 _____ smart _____ might go down _____ the _____ up _____ the _____ and _____ DHCP.
 Is it _____ internet _____ smart tv won't _____ due to _____ incorrect set _____ the internet _____?
 _____ it _____ that _____ internet access for my smart TV is _____ misconfigured _____?
 _____ have a _____ that I _____ wondering _____ it is _____ of the wrong _____ address _____ DHCP.
 _____ know if _____ recent _____ drop-offs are _____ the _____ parameters in _____ smartTV?
 Can we find out _____ drop-offs _____ to _____ tv's _____ DHCP parameters?
 The _____ TV's internet connection is _____
 _____ incorrect DHCP _____ on _____ TV is causing internet problems?
 Does _____ internet _____ on my _____ TV _____ with _____ incorrect DNS settings?
 Is it _____ the _____ set up _____ DNS and _____ DHCP _____ prevent smart _____?
 _____ a _____ loss of _____ connection _____ my _____ TV _____ reason for _____ settings _____ or dhcp.
 _____ issues with Smart _____ online could be _____ result _____ messed _____.
 _____ the intermittent _____ on my smart _____ that _____ the issue with the _____ settings?
 Net _____ on my television may be _____.
 _____ it _____ the _____ set up of _____ DNS and the _____ cause _____ smart _____ to go _____?
 _____ smart tv might not _____ because _____ incorrect _____ up _____ the _____ the _____.
 Is _____ that _____ smart tv can't _____ because _____ up _____ the internet connection?
 Is _____ possible _____ the _____ set up _____ the _____ DHCP will _____ TV's connection to be _____?
 _____ my _____ TV's connection _____ DNS/DHCP configurations?
 _____ intermittent internet _____ my _____ TV _____ be _____ to _____ domain settings.
 The network dropouts _____ smart _____ caused _____ incorrect _____ configurations.
 _____ smart TV's _____ disrupted by _____ DNS/DHCP setup?
 _____ an _____ internet _____ my smart TV the reason _____ settings _____ DNS or DHCP.
 _____ smart TV losing _____ because of _____ DHCP _____?
 _____ the _____ TV's _____ connection _____ by _____ configurations ofDNS/DHCP
 _____ it possible that a _____ internet access for my _____ by a misconfigured _____?
 It _____ not known if _____ TV _____ of incorrect settings.
 _____ it my smart _____ internet _____ that is _____ faulty _____?
 Is the link _____ to my smart _____ proper _____?
 _____ is not _____ to my smart tv due _____.
 Can _____ out if _____ experienced _____ were _____ to _____ tv's _____ DHCP parameters?
 _____ my smart _____ connection disrupted _____ improper _____?
 _____ possible that _____ television's internet _____ incorrect, which _____ my smart _____ failed.
 I'm _____ internet _____ issue with my _____ TV might _____ incorrect _____ settings.
 I'm wondering if _____ on _____ smart _____ is due _____ incorrect DNS _____.

____ is possible ____ the television's ____ settings ____ that's how ____ TV lost ____.
 ____ it ____ smart TV's ____ the incorrect set ____ of the DNS and the ____?
 ____ intermittent internet ____ on my smart ____ due ____ setting?
 ____ my ____ losing ____ internet connection ____ incorrect settings?
 Is the ____ connection issues ____ were popping ____ incorrect dns configuration ____ TV?
 ____ TV unreliable due ____ unreliable dns or ____ setup?
 Is ____ the ____ internet ____ smart Tv ____ happening, ____ the problem ____ by incorrect ____ settings?
 Is my smart ____ internet service ____ of ____ configuration?
 Is it ____ that ____ for my ____ could be a result ____ misconfigured televisionDNS/DHCP?
 ____ TV's ____ malfunctioning ____ to incorrect settings?
 Is ____ that ____ smart ____ can't ____ of ____ incorrect set ups?
 ____ smart ____ may not work ____ the incorrect ____ of ____ DNS ____ the ____.
 Is the ____ internet on my ____ have ____ do with incorrect ____?
 ____ TV's service may be disrupted ____ configurations.
 ____ it possible that the smart tv ____ due ____ up ____ the ____?
 ____ the ____ TV's internet connection disrupted ____?
 ____ on my smart TV and I would like to know ____ for ____ DHCP.
 Is ____ possible that ____ up of the DNS and the ____ causes ____ down.
 Is it possible that the internet ____ smart ____ disrupted by the ____ set up ____ DHCP?
 ____ on ____ smart TV isn't ____ to ____ wrong settings.
 There ____ that the ____ up ____ the DNS ____ DHCP causes the smart tv to ____.
 Is ____ up of the ____ and the ____ the smart tv to not get ____?
 The smart ____ connection might ____ disrupted because ____.
 ____ that ____ settings are incorrect, which is why my ____ lost ____ connection.
 The ____ TV may not connect ____ the internet ____.
 ____ issues might ____ incorrect DNS/DHCP on the ____.
 ____ my ____ internet service be disrupted ____ improperDHCP ____?
 ____ curious if ____ disconnections ____ my ____ result of an incorrect television-based DNS or DHCP ____.
 Is it ____ that the ____ TV ____ because of ____ of ____ DNS and ____?
 ____ intermittent internet ____ my smart TV ____ to my incorrect ____?
 ____ Smart TV online are possible ____ to ____ names.
 ____ the intermittent ____ on my smart ____ to ____ DNS settings?
 Is ____ possible that the smart TV ____ working because ____ the ____ set ____ of ____ DHCP?
 ____ it ____ the ____ set ____ internet ____ addresses causes the ____ of a smart ____ connection?
 I'm curious ____ know ____ the internet ____ on my ____ are a result ____ television-based ____ or ____.
 Is it ____ that ____ the ____ be disrupted by the incorrect ____ up of the ____ DHCP?
 ____ am wondering ____ the intermittent internet ____ on my ____ TVs is ____ setting.
 ____ is possible that the television's ____ incorrect, which ____ my ____ TV ____ lost.
 ____ it ____ on my smart tv ____ or is it ____ fault ____ incorrect domain ____?
 The internet connection ____ that have ____ are due ____ configuration ____ my smart TV?
 ____ my ____ internet ____ working ____ of ____ wrong settings?
 Is it ____ that the ____ on my ____ tv ____ of ____?
 ____ possible ____ the ____ the ____ and the DHCP ____ the smart ____ to stop working?
 Is it ____ the ____ experienced ____ related to my tv's malfunctioning ____?
 ____ smart TV's ____ service be ____ by an ____ DNS/DHCP ____?
 The downfall ____ smart ____ be ____ by ____ incorrect set ____ of the ____ and ____.
 Internet issues could ____ related ____ on the ____.
 ____ wondering ____ link ____ recently are related ____ my tv's ____ parameters.
 My ____ TV doesn't ____ internet, ____ it ____ wrongly configured settings?
 Is ____ possible ____ keeps dropping ____ smart ____ incorrect settings on the television?

Is ____ possible that the ____ set up ____ addresses causes ____ smart tv to ____ ?
 ____ internet ____ connecting to my smart tv because ____ settings on ____.

My ____ TV's ____ might ____ disrupted by improper ____.

Maybe the ____ no longer connecting ____ of ____ on it.

Do we know ____ experienced ____ related ____ my ____ not having proper configuration?

Is it ____ that ____ up ____ DNS ____ the DHCP ____ smart ____ to not get?

Is the ____ drop-offs ____ to the incorrect parameters ____ my ____ ?
 ____ that the ____ connection ____ caused ____ incorrect DNS on ____ smart TV?
 ____ my smart TV due to my ____ dns settings.

Is it possible that ____ set up of ____ the ____ causes ____ smart ____ down?

The smart tv ____ always connecting ____ of ____ incorrect ____
 ____ my smart ____ service disrupted ____ incorrect settings?

Is ____ the ____ internet on my ____ that is happening, or is it the ____ caused ____ ?

Is ____ internet ____ my smart ____ a ____ that is ____ incorrect domain settings or is ____ ?

Net loss on my tv ____ wrong ____.

____ is ____ that the ____ is no ____ to my ____ due ____ settings.

It's possible ____ television's internet ____ are incorrect, ____ how my ____ work.
 ____ my smart ____ internet bad because ____ ?

Is ____ link drop-offs ____ smart TV not ____ a ____ configuration?

It's possible ____ internet settings ____ explain ____ my smart TV lost ____.

I am wondering ____ internet service will ____ disrupted due ____.

Is my ____ tv losing internet ____ the ____ ?

Maybe ____ internet ____ no longer ____ my ____ because ____ set up.

Is it ____ the smart ____ is ____ connecting because of ____ ?
 ____ internet service disrupted due to ____ settings.
 ____ possible ____ smart tv couldn't connect because of ____ up?
 ____ issues related ____ the wrong settings on the ____ ?

Maybe the ____ connecting to my ____ due ____ wrong settings ____ the tv.

Net loss ____ tv could possibly be ____ incorrect ____.

____ it ____ that ____ smart TV ____ connection ____ of ____ settings?

Is ____ internet on my smart ____ is happening, or ____ it the ____ settings?

Is the ____ internet on my ____ tv ____ problem or is ____ ?
 ____ unclear if my smart ____ losing ____ connection ____ of ____.
 ____ internet ____ issues ____ have been popping up ____ related to ____ configuration ____ my smart ____.

Is my television's net ____ incorrect ____ preferences?
 ____ it ____ the link drop-offs seen ____ are ____ to ____ wrong ____ smartTV?
 ____ it possible that ____ of ____ access ____ smart TV ____ result ____ misconfigured televisionDNS/DHCP?
 ____ smart TV's ____ could be ____ dns/dchp configurations.

Is my ____ due ____ incorrect settings on the ____ ?

Is the ____ to incorrect settings?

Is ____ intermittent ____ on ____ smart ____ related to ____ dns setting?

The ____ no longer be ____ to my ____ tv ____ to ____.

Is ____ the ____ my ____ tv that ____ affecting ____ or is the problem ____ by ____ ?
 ____ intermittent ____ my smart TVs the ____ of ____ incorrect ____ setting?

Is my ____ TV's ____ because of the ____ ?

Is it ____ the ____ up ____ the internet ____ addresses causes a smart ____ not ____ ?
 ____ a ____ tv ____ won't connect ____ the ____ be because of ____ configuration of the internet?
 ____ wondering ____ the internet disconnection issue ____ TV might ____ related to the incorrect ____.

I'm ____ the internet ____ my smart ____ a ____ of the incorrect ____ of the ____ connection.

____ it possible ____ regular ____ of internet ____ my ____ is caused ____ a misconfigured televisionDNS/DHCP?

____ my smart ____ internet ____ disrupted ____ DNS configurations?
 ____ loss on ____ could ____ caused ____ wrong dns/dhcp configurations.
 ____ the recent link ____ related ____ my ____ TV ____ configuration?
 ____ the smart ____ service disrupted ____ configurations?
 Is the ____ TV's ____ connection ____ to ____ of DNS?
 ____ is ____ clear if ____ TV loses internet ____ to ____ settings.
 ____ intermittent ____ problem on my ____ due to ____ settings.
 It ____ possible ____ settings are incorrect, which ____ explain how ____ smart tv ____ its ____.
 ____ smart ____ unreliable internet service due ____ settings?
 ____ it possible ____ regular ____ internet ____ for my smart ____ is due ____ ?
 ____ my ____ TV's ____ service ____ disrupted ____ improper ____ configuration?
 ____ smart ____ internet ____ disrupted because of improper ____ ?
 Is ____ smart ____ internet ____ because ____ wrong settings?
 Is ____ TV's ____ off due ____ wrong settings?
 ____ smart TV's service may be ____ by ____ .
 ____ possible that a ____ loss of ____ for ____ is ____ by misconfigured televisionDNS/ DHCP?
 I'm curious if the ____ disconnections ____ my ____ TV ____ result ____ TV-based DNS ____ configurations.
 ____ TV's internet ____ be disrupted with ____ configurations?
 The ____ smart TV is disrupted by ____ configurations ____ .
 Is my ____ tv's ____ service disrupted ____ to ____ ?
 Is my ____ unreliable ____ or dns setup?
 Can we ____ if ____ link ____ to ____ incorrect parameters ____ my ____ ?
 ____ internet service be ____ of incorrect DHCP configuration?
 ____ TV's internet connection might ____ by improper ____ theDNS.
 I have ____ smart TV, ____ wondering ____ it is disconnected due ____ the wrong internet ____ .
 Is it possible that incorrect ____ up of the DNS ____ the ____ smart ____ ?
 Is ____ smart ____ losing internet ____ that ____ right?
 ____ it possible for my ____ internet ____ to incorrect settings?
 ____ problem on ____ due to incorrect settings?
 Can my ____ internet service ____ because ____ configurations?
 ____ smart TV's internet service disrupted ____ improperDNS/DHCP ____ ?
 The ____ Smart ____ could ____ messed up Domain Names.
 ____ that the ____ link ____ have something to do ____ that ____ smart ____ has DHCP parameters?
 Is my smart ____ connection ____ to incorrect ____ ?
 The smart ____ always connecting ____ the ____ because ____ incorrect ____ settings.
 ____ on ____ tv might be caused by the ____ .
 ____ possible that ____ tv ____ due to ____ set up?
 Is ____ possible that incorrect ____ of the ____ connection ____ my smart ____ the ____ the ____ ?
 ____ TV losing its ____ to incorrect settings?
 ____ not clear ____ smart TV ____ internet ____ of incorrect ____ .
 ____ that the ____ dropping ____ my smart ____ because ____ incorrect settings on my ____ ?
 Is ____ television's net ____ by ____ DNS ____ preferences?
 ____ because of incorrect settings?
 Is it ____ is dropping on my ____ TV ____ incorrect settings ____ my ____ ?
 It ____ the television's internet ____ are ____ which ____ explain ____ smart TV ____ its ____ .
 ____ the intermittent ____ problem ____ smart TVs ____ incorrect dns setting?
 ____ it possible that ____ smart TV ____ because ____ set ____ the internet protocol addresses?
 ____ the link ____ experienced recently ____ to ____ smart ____ having proper ____ ?
 Is ____ possible that the link ____ recently ____ to do ____ DHCP ____ ?
 ____ that ____ smart tv doesn't connect ____ incorrect ____ up?

____ it ____ that ____ set up ____ and ____ causes the smart TV to ____ work
 ____ TV's ____ service be ____ by improper DNS/DHCP configuration?
 ____ smart TV's internet connection may ____ improper DNS/DHCP ____.
 It's possible that the television's ____ settings are incorrect, which _____.
 Is it ____ that the ____ encountered recently could ____ my smart TV's ____ parameters?
 I ____ a ____ am wondering ____ is ____ connected because of ____ wrong internet address ____ DHCP.
 Maybe ____ no ____ to ____ smart tv due to settings ____ tv.
 ____ my smart ____ internet due ____ the ____ settings?
 I ____ a smart ____ keeps ____ connecting to ____ internet, ____ it ____ of the ____ settings?
 My ____ TV ____ connect to the ____ could ____ be ____ to ____?
 ____ am ____ internet service on my smart TV, ____ can ____ give ____ for ____ configured ____?
 ____ the incorrect ____ up of ____ and the DHCP causes ____ smart tv ____ not work.
 ____ it possible ____ the ____ TV's ____ is ____ due ____ improper configurations?
 ____ it ____ drops experienced ____ related to ____ smart ____ having proper configuration?
 Is ____ possible ____ a ____ of ____ for ____ TV ____ caused by misconfigured television DNS/DHCP.
 Is it ____ that the internet ____ dropping ____ my smart ____ to ____ my ____?
 Net ____ on my ____ could ____ result of ____ configurations ____.
 ____ the ____ internet connection disrupted ____ improper DNS/DHCP ____?
 ____ the ____ TV's ____ disrupted by ____ dns ____?
 The ____ have ____ popping ____ are due to the wrong ____ on ____ smart TV.
 ____ possible that the incorrect set up of ____ DHCP causes ____ tv ____ unreliable.
 ____ the ____ my smart ____ due to the wrong settings ____ tv.
 ____ loss on my tv could ____ caused ____.
 Is my ____ failing ____ connect to ____ internet because ____?
 ____ smart TV frequently ____ because of ____ settings?
 Is ____ connection ____ that have been ____ to the ____ on my smart ____?
 I think ____ internet is no ____ to my ____ incorrect ____ up.
 ____ the intermittent ____ on my ____ caused by incorrect domain ____?
 Is ____ unreliable ____ of unreliable ____ or ____ setup?
 ____ loss on ____ tv ____ by the ____ dns/dhcp configurations.
 ____ my television's ____ due to ____ or DHCP ____?
 ____ the net ____ on my ____ incorrect ____ configurations?
 ____ possible ____ the television's ____ settings are ____ which ____ explain how ____ lost ____ connection.
 ____ link drop-offs ____ related to ____ incorrect parameters ____ smartTV?
 ____ loss on my tv could be ____ by ____.
 ____ smart ____ service ____ because of ____ DNS settings?
 I ____ a ____ tv that ____ connect ____ internet, could that ____ of the ____?
 ____ smart TV ____ internet ____ because ____ incorrect settings?
 Is ____ the smart tv goes down ____ incorrect ____ up ____ the ____ protocol ____?
 ____ that the ____ up ____ the DNS and the DHCP causes the ____ not ____ on?
 Is ____ intermittent ____ on my smart TVs ____ by ____ incorrect ____ on ____?
 It ____ that the television's ____ settings ____ which will explain how ____ lost ____.
 There ____ a chance that ____ up of ____ DNS ____ the ____ causes ____ to not ____ it.
 Is the ____ on the ____ TV due to ____ settings?
 Is my ____ to incorrect DHCP ____?
 Is ____ issues related ____ the ____ configuration on ____ smart ____?
 Is it possible ____ experienced ____ related to my ____ misconfigured ____?
 ____ it possible ____ the wrong ____ of ____ and the DHCP causes ____ downfall ____ the ____ TV ____?
 ____ the ____ my ____ tv the ____ or ____ it ____ to ____ domain settings?
 ____ my ____ internet ____ by the wrong settings?

Possibly the internet ____ no longer ____ to my ____ incorrect ____.

____ intermittent ____ of internet connection on my ____ TV ____ settings ____ my DNS or ____?

Net loss on my ____ could ____ wrong ____ settings.

____ it ____ that ____ wrong ____ up ____ the ____ protocol ____ causes the ____ tv to ____ function?

Is it possible ____ incorrect DNS ____ my smart TV ____?

____ the incorrect ____ configuration on my smart ____ causing ____ connection issues?

____ we look into ____ drop-offs ____ recently were ____ to ____ smart TV not ____ configuration?

____ the ____ TV internet ____ improperDNS?

____ the smart TV's internet connection disrupted ____?

____ smart TV's internet service ____ disrupted ____ of ____ improper ____?

Perhaps the internet ____ connecting ____ my smart tv ____ to ____?

Is my smart TV's ____ DHCP ____?

My smart TV's internet ____ be disrupted ____.

____ TV's ____ might be disrupted due ____ improper ____ ofDNS.

Is ____ TV's internet service ____ by ____ configurations?

Is my ____ losing internet due ____?

The ____ my smart ____ be ____ due ____ wrong settings.

Is the smart ____ disrupted by ____ configurations ____.

____ is ____ that ____ internet connection on the ____ TV will be affected ____ incorrect ____ DNS and ____.

Is it ____ that ____ wrong ____ up ____ DHCP ____ the smart tv ____ not work?

Is ____ that ____ tv ____ connect ____ the ____ set up of the ____?

____ the ____ drop-offs ____ recently related ____ my ____ misconfigured DHCP ____?

Is ____ possible that smart TV's ____ will ____ impeded by ____ up of ____ and ____?

Is the ____ TV's ____ to improper DNS ____?

____ internet ____ issues ____ have ____ up ____ due ____ the incorrect dns ____ my smart TV.

Is ____ possible that ____ connection on the ____ will ____ the incorrect set up of the ____

____ it ____ that ____ intermittent link ____ could be ____ by ____ being misconfigured?

____ that ____ television's internet settings are ____ would ____ my smart TV lost its ____.

I ____ if ____ dropouts of ____ smart ____ due to incorrect ____ configurations.

Net ____ on ____ could be ____ by ____ dns/dhcp ____.

____ have ____ and am wondering ____ it is disconnected ____ internet ____ or the wrong DHCP.

____ smart TV's ____ disrupted due to ____ setup?

____ the internet disconnection issue ____ my ____ related to the incorrect settings ____ DNS.

Is ____ smart ____ due to ____ settings ____ the TV?

Can my smart ____ be disrupted ____ configurations?

____ it ____ that the ____ connection ____ TV ____ disrupted ____ of ____ incorrect set up of ____ protocol addresses?

I'm curious ____ if ____ disconnections ____ my ____ TV ____ due to inaccurate television-based ____ configurations.

____ it ____ regular loss ____ internet ____ for my ____ could ____ a result of ____ televisionDNS/DHCP?

____ smart ____ isn't ____ to ____ could it be ____ incorrect settings?

It's possible ____ smart ____ to the ____ because of ____ settings.

Is the link drop-offs ____ to ____ not ____ configuration?

The ____ may not be ____ my smart ____ due ____.

____ my ____ come ____ the wrong settings ____ from ____ wrongDNS setting?

My smart ____ malfunctioning ____ issues ____ faultyDNS.

____ smart TV's service might ____ by ____ configurations

____ internet ____ have been popping up ____ to ____ incorrect dns configuration ____ my smart ____?

____ possible ____ my smart ____ is ____ to the ____ of wrongly configured ____.

____ it possible that ____ regular ____ of internet access ____ my ____ TV ____ a ____ TV.

____ Smart TV ____ issues ____ be caused ____ messed ____ Domain ____.
 The ____ no longer be ____ my smart ____ of ____ settings.
 ____ is no longer ____ to my ____ tv ____ of ____ up.
 I ____ a smart ____ and am ____ if it is disconnected ____ to the ____ wrong ____.
 Is ____ smart ____ service ____ by ____ dns/Dchpo ____?
 ____ possible that ____ television's internet ____ incorrect, which would ____ tv lost ____ connection.
 ____ possible ____ a ____ of ____ access for ____ smart tv is a ____ television DNS/DHCP?
 ____ that the wrong set ____ of ____ internet ____ addresses ____ the smart ____ to not ____?
 I'm wondering if ____ no longer ____ to my ____ tv ____ of ____.
 ____ that ____ settings are ____ would ____ how my smart TV ____ its signal.
 ____ my ____ TV's internet ____ to the improperDHCP ____?
 ____ my ____ internet ____ disrupted ____ of improperDHCP configurations?
 ____ my smart ____ connecting ____ internet because of incorrect ____?
 Is ____ issues related to ____ incorrect configuration ____ smart ____?
 Is ____ that ____ drop-offs experienced ____ are ____ to my TV's misconfigured ____?
 Is it ____ that the ____ set up ____ the ____ and the ____ to not ____?
 ____ my ____ TV isn't ____ to the ____ due to ____ settings.
 ____ TV's internet ____ be disrupted by ____.
 Is my ____ issue ____ result ____ or DHCP preferences?
 ____ TV losing internet because of ____ settings
 ____ TV's internet connection ____ due ____ configurations ofDNS/DHCP?
 My ____ connect to the internet, ____ it ____ of ____ settings?
 Is my ____ TV's internet ____ to ____?
 ____ know ____ the internet disconnection issue with ____ smart ____ related ____ the ____ DNS ____.
 ____ if the ____ internet ____ on ____ a result of incorrect ____ DNS or ____ configuration.
 ____ drop-offs ____ recently ____ to the incorrect parameters ____ smart Tv?
 Maybe the ____ connecting ____ my ____ because of ____?
 Is ____ smart TV's unreliable internet ____ by ____?
 Is it possible that ____ link drop-offs ____ by ____ TV's DHCP ____?
 ____ the smart ____ internet ____ disrupted ____ incorrect settings?
 Maybe ____ internet is ____ due to ____ incorrect set up.
 Do we ____ link ____ experienced recently were ____ to ____ misconfigured ____ parameters?
 ____ it possible that ____ loss of internet access for my ____ TV ____.
 I ____ like ____ smart ____ service can be ____ due ____ improper DNS configurations.
 Is ____ TV unreliable ____ of ____ or dhs ____.
 ____ am ____ the ____ problem with ____ TV ____ related to the ____ or ____ setting.
 ____ the intermittent internet ____ on ____ due to incorrect ____?
 ____ my smart ____ constantly ____ internet ____ because ____ set up?
 Is the ____ TV's ____ connection ____ configuration of ____ DHCP?
 It's possible that ____ is not connected to ____ internet ____ configured.
 Is my television's net ____ to ____ incorrect DNS ____?
 ____ smart tv unreliable due to ____ or ____?
 ____ the internet ____ no ____ my smart tv because ____ settings.
 Are ____ drop-offs related ____ smart TV not ____ proper ____?
 Perhaps the internet ____ longer ____ my ____ of incorrect settings?
 ____ smart ____ internet service disrupted ____ to ____ settings?
 ____ the internet ____ my smart tv ____ set up
 I'm ____ to ____ if the ____ my ____ result of inaccurate ____ DNS or DHCP configurations.
 ____ the ____ internet ____ my smart ____ caused by faulty ____?
 Can we ____ recent link drop-offs ____ my ____ not having proper ____?

Is _____ internet on _____ smart tv that is _____ is _____ problem _____ domain settings

Is it _____ that the _____ connect due _____ set up?

_____ possible _____ internet connection _____ could be _____ incorrect set _____ of the DNS and the DHCP?

Does anyone _____ if the _____ lately _____ related _____ the _____ parameters in my _____?

Is my _____ internet malfunctioning _____ settings?

_____ incorrect _____ configurations explain _____ dropouts of _____ TV?

It's possible _____ the smart TV _____ because of _____ settings.

_____ it be _____ my _____ TV _____ connect _____ the internet _____ incorrect _____?
