

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Internet and Wi-Fi connectivity issues
Inquiry Sub-Category	Slow internet speeds
Description	Customers often inquire about slow internet speeds, seeking assistance in troubleshooting and resolving the issue to ensure optimal browsing, streaming, and downloading experiences.
Data Size	11,192 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

____ outdated firmware versions within ____ equipment contribute towards ____ over ____?
 Do older versions ____ transfer ____ on ____?
 The ____ rate ____ transferring files ____ networks might ____ using old ____.
 ____ transfer ____ on the ____ networks ____ be impacted ____ outdated ____.
 Is ____ possible that older ____ for delays experienced during file ____ among ____ devices?
 Is ____ a ____ speed ____ to outdated ____?
 ____ possible that outdated software ____ our ____ local data ____?
 Can ____ hardware ____ hard to transmit data ____?
 ____ network speed ____ caused by ____ on ____ devices.
 ____ you ____ speeds may be caused ____ outdated equipment?
 ____ transfers over ____ local ____ could it be that I'm ____ software?
 ____ local network speed affected ____ firmware at ____?
 ____ a ____ outdated software ____ affecting transmission speeds through ____?
 Will ____ software ____ data speed ____ my ____?
 Is it ____ for ____ slow ____ data ____ in ____ networks?
 ____ transfer rates ____ local ____ could ____ affected by ____ firmware ____.
 ____ transfer ____ by old firmware ____?
 Slow performance on ____ networks ____ connected to ____.
 I'm ____ slow information transfers over my ____ that ____ firmware ____ culprit.
 ____ exchange be ____ by outdated ____ software?
 Slow ____ on local ____ by outdated equipment ____.
 Does the equipment's ____ down ____?
 ____ equipment affect data ____ networks?
 Data ____ local networks ____ by outdated Firmware ____ our devices.
 ____ it possible ____ of outdated ____ devices could cause a decrease in ____ speed?
 Is it ____ old ____ could cause reduced speeds ____?
 ____ cause the ____ network to be ____ slow?
 ____ experiencing ____ speed due to outdated ____ on our ____

_____ affect the _____ of data travels?

Network speeds _____ by _____ internal _____ software.

_____ it possible _____ version _____ system _____ slowing down data transfers?

_____ causing reduced _____ local networks?

_____ data transfer _____ by _____ versions _____ the hardware

_____ normal rate of _____ across local _____ likely _____ impacted _____ using old _____.

_____ the _____ rates of transmission will _____ caused by obsolete _____?

_____ it _____ outdated _____ our _____ can _____ the _____ of data transfer?

Does using _____ the _____ transfer on the _____?

Is it _____ old _____ is _____ blame for _____ transfer speed?

Data transfer _____ networks could _____ impacted _____ outdated _____ on _____.

Can _____ software _____ down _____ transfer _____ data in _____?

_____ it _____ our _____ discourages optimal speeds when transferring data?

_____ local data exchange _____ could be affected _____ firmware.

I'mExperiencing slow information _____ network, _____ software be _____ culprit?

_____ data transfers over _____ because _____ obsolete firmware.

Can _____ affect _____ speed?

_____ transfer _____ local networks _____ be _____ by older _____.

Is it _____ that having obsolete device _____ transmission _____?

_____ a _____ outdated Firmware _____ slower data transfers?

Slow _____ transfers _____ network could _____ of outdated firmware.

_____ outdated device _____ result _____ slower _____?

_____ old Firmware slow data _____?

Data transfer rate over local networks _____ due _____ equipment.

Do _____ versions _____ the _____ of _____ transfer?

Slower _____ can _____ due _____ outdated equipment _____.

Is _____ possible that outdated software in _____ network _____?

_____ transfer speed through _____ networks may _____ by _____ use _____ hardware.

Network _____ be affected by _____ firmware versions.

Data _____ through local _____ be _____ by the _____ of _____ firmware _____ devices.

Slower-than-normal _____ may be the result of _____.

Data speed _____ dated gear _____.

Data transfer rates _____ be impacted _____ devices.

_____ speed _____ be _____ by outdated internal device _____.

_____ usual data _____ rate on _____ be _____ by _____ of the software.

_____ obsolete _____ disrupting _____ speeds?

_____ old _____ down the transfer _____ data _____ networks?

Data transfer rates _____ local networks _____ affected by outdated _____.

Is _____ chance that _____ software is _____ the pace _____?

Is _____ possible _____ affect network _____ internal device _____?

Does _____ affect _____ transfer speed?

_____ the _____ data on _____ gear?

The _____ send _____ receive _____ about local network _____ may be slowed by _____ updated _____ firmwares.

Is _____ possible _____ outdated _____ of _____ equipment is _____ down _____?

_____ the local _____ data transfer _____ by _____ firmware _____ our _____.

_____ old _____ affect our _____?

The _____ on the _____ might _____ by older firmware versions.

Is _____ outdated _____ be slowing _____ transfers over local networks?

Slow _____ caused _____ outdated Firmware.

Is _____ that _____ local area network _____ speed might be slower than _____ to _____?

_____ speeds _____ be caused by _____ equipment software.

Is it _____ the local _____ might _____ usual because of outdated _____?

Is it _____ that old _____ causes _____?

_____ possible _____ are slowing down the data _____?

_____ be affected by _____ software.

_____ in local networks could _____ slowed down _____.

Does _____ outdated _____ down local _____ transfer?

It is _____ that _____ firmware _____ in our _____ network _____ transfers.

Does outdated equipment _____ data _____?

Is _____ possible _____ an _____ firmware can _____ speeds?

_____ network _____ be _____ by outdated internal device _____.

_____ the use of _____ firmware cause a decrease _____?

Local _____ speeds _____ slow _____ firmware is used.

_____ possible that outdated _____ data transfers here?

Local networking speeds _____ as _____ result of _____.

Is _____ that _____ software causes _____ data _____?

_____ you think _____ is _____ in _____ slower data transfer _____?

_____ file transfers _____ using old _____ within our devices.

Data _____ local _____ might be _____ by _____ older _____.

_____ reduced data _____ rates _____ of _____ equipment?

_____ the _____ outdated _____ affect _____ data _____?

_____ my networks _____ hindered _____ outdated _____?

Is it _____ data _____ slower because of outdated _____?

Are _____ a _____ speed because our _____ are _____?

_____ local _____ speeds _____ believed _____ by outdated firmware.

_____ it _____ dated _____ could affect _____ speeds?

_____ transfer _____ the network _____ be _____ with outdated _____.

_____ performance on _____ could _____ due _____ outdated software.

Can old equipment make _____?

_____ it possible _____ older _____ versions _____ our data _____?

Does outdated _____ speeds?

Is _____ slow local _____?

There _____ equipment software that _____ cause _____ exchange.

_____ firmware responsible _____ data transfers?

Can the local _____ be affected _____ an _____?

Slowlan _____ exchange _____ be _____ old equipment _____.

Is a _____ data _____ due _____ the _____ outdated firmware in our _____?

_____ networking speeds _____ sometimes _____ by outdated _____.

Is _____ that old _____ slowing down _____ data _____?

Data transfers _____ local networks _____ be slowed _____.

_____ chance obsolete device _____ contributes _____ slower _____ transfer?

The _____ which _____ receive _____ about local network connections can _____ updated device firmwares.

Is _____ possible that _____ causes _____ data _____?

_____ in data _____ speed through _____ could _____ caused _____ the _____ of _____ firmware.

_____ it _____ that _____ on our hardware _____ optimal _____ for transferring _____?

A decrease _____ data _____ caused by _____ of _____ firmware in _____ devices.

Could outdated device _____ network _____?

_____ code on our devices _____ network _____?

_____ firmware on our devices _____ local _____ so _____?

_____ possible _____ pace _____ which _____ receive information _____ slowed by insufficiently updated device firmwares?

Is it possible _____ are affecting _____ transmission _____?

_____ version firmwares _____ cause _____ expected _____ through _____ nets.

Is _____ slowing down _____ network _____?

Can outdated software _____ put brakes _____ network?

_____ a chance that _____ may be slowing _____?

_____ performances on _____ linked to old device _____.

_____ experiencing slow information transfers _____ network, _____ it's possible _____ outdated firmware _____.

Does _____ firmware cause a _____ in data transfer _____?

Slow data _____ local _____ are possible because _____.

_____ old firmware can _____ speed.

_____ old _____ affect local _____ transfer?

It _____ outdated _____ causing _____ data transfer across _____ networks.

Do _____ outdated _____ be _____ slower data transfer _____?

Is _____ possible that old gear _____ can _____?

Does _____ cause a lower _____ transfer _____ data _____ local network?

_____ transfer _____ be affected by outdated _____ versions in our _____.

Local data _____ could be affected _____.

The _____ transfer rate _____ networks _____ by older versions of _____.

_____ old equipment _____ local networks' _____?

_____ times _____ local networks are _____ than usual _____ to outdated _____.

_____ network speed _____ the ancient firmware?

Is _____ in _____ our local _____ related to outdated _____ software?

_____ transfers across _____ networks _____ slower _____ obsolete device _____.

_____ transfer _____ over local networks _____ be _____ because of _____.

Is _____ may affect the _____ transfer rate _____ local networks?

Could _____ equipment have _____ on data _____ locally?

Can old _____ cause slower _____?

Local network _____ be _____ by _____ firmware _____ our devices.

Data _____ over _____ local _____ can _____ slower _____ outdated _____ software.

Data _____ local _____ be _____ by outdated firmware.

_____ it _____ the rate of local _____ be _____ because of obsolete _____ software?

It _____ that _____ network _____ caused by _____ on our devices.

_____ experiencing reduced _____ speeds due to _____ software _____ our _____?

Is the _____ network _____ speed _____ by old _____?

I _____ networks _____ experience reduced transfer _____ have _____ firmware versions.

It's _____ outdated _____ impede local network data _____.

Is _____ that outdated _____ affect data transfer speed?

_____ equipment _____ network data transfers?

Is _____ speed _____ outdated _____ firmware versions?

_____ it _____ that _____ software _____ have an impact on _____?

_____ older software _____ local _____ transfer?

Slow _____ exchange _____ be caused _____ obsolete _____

Is _____ network data transfer _____ the older _____?

Is _____ local _____ outdated equipment?

Is _____ possible that the outdated _____ are slowing _____ transfers?

_____ Firmware affect _____ speed?

_____ chance that _____ software is _____ typical transmission _____ via _____ connections?

Is _____ possible _____ the equipment impedes _____ data transfers?

Data _____ across local networks _____ be _____ device firmware.

_____ it possible _____ decreased speeds _____ to using _____ software?

Does _____ outdated _____ affect local _____?

Is _____ possible that outdated _____ software leads to _____?

Can an _____ local _____ speeds?

_____ local network _____ speed might _____ affected by older _____ devices.

Is it _____ older _____ might _____ the _____ transfer _____ on local _____?

Slower _____ exchange _____ due to _____ equipment _____.

Is _____ that _____ firmware versions impede _____ network _____?

Is _____ rate of transfer of files _____ networks _____ by _____?

Is it _____ that _____ versions of _____ slowing down _____ transfer over _____?

_____ old data _____ gear affecting _____?

The _____ of data _____ across _____ affected _____ outdated _____ on our devices.

Slow data transfer _____ a _____ older _____ in _____ hardware.

_____ the data transfer rates _____ affected by _____ firmware _____?

_____ it possible that the _____ data transfers?

The data transfer rates on _____ be _____ software.

Is _____ equipment's _____ slowing _____ network data _____?

_____ the _____ network _____ affected by an _____.

_____ outdated equipment _____ local data transfer?

Is it _____ old _____ with my speeds?

Is _____ causing _____ transfer _____ be slower?

_____ speed of _____ could be affected by obsolete device _____.

Could outdated equipment _____ slower _____ transmission _____?

Is _____ causes slower data transfer _____ local _____?

Local networks may experience reduced transfer _____ have old _____.

Is _____ possible that outdated _____ software _____ the speed _____?

_____ local _____ speed affected _____ older devices?

Is it possible _____ software _____ speed?

Is it _____ that _____ local area _____ connection speed _____ usual _____ to _____ software?

Slower data transfer rate over _____ could _____ firmware versions _____ equipment.

_____ local _____ might be hampered by older Firmware _____.

_____ a chance _____ device software leads to _____ transfer?

Can _____ firmware _____ our _____?

Is _____ possible that _____ version _____ could _____ expected _____ through neighborhood _____?

_____ down network data transfers?

_____ there _____ that _____ firmwares _____ typical transmission speeds?

_____ it possible that _____ could _____ speed?

_____ device software _____ to _____ for reduced _____ network _____.

_____ experience reduced _____ because they have _____ software.

_____ using _____ equipment interfere with _____ data _____ local network?

_____ possible that obsolete device Firmware _____ of transmission?

_____ data transfers across _____ be caused by obsolete _____.

Is _____ that the delays experienced _____ file _____ connected devices are _____ older _____ system _____?

_____ information transfers over _____ local _____ could it _____ due _____ the _____ firmware?

_____ the speeds _____ be caused by _____ equipment.

_____ software slow down _____?

A decrease in data transfer _____ be _____ by _____ use _____.

Data _____ on _____ networks _____ impacted by outdated _____ versions _____ our _____.

_____ possible _____ software could slow _____ the data speed?

Is _____ data transfer rate _____ hampered _____ older versions of _____?

_____ transfers on _____ networks _____ by outdated _____ in the equipment.

_____ outdated software slowing _____ transfers?

Slower _____ may be _____ obsolete _____.

The data _____ networks may be slower because _____ outdated _____ equipment.

Are _____ transfers slower _____ because of outdated _____?

Is it _____ an old firmware can _____?

_____ data transfer _____ local networks _____ be _____ outdated firmware versions _____ equipment.

_____ is _____ outdated _____ can lead to _____ speeds _____ networks.

Is _____ local network speeds _____ the _____ software?

_____ chance _____ outdated _____ could affect transmission paces?

Does _____ equipment affect data _____?

Is _____ that _____ equipment software makes _____ slower?

Data _____ can _____ by outdated _____.

_____ could be _____ decrease in data transfer _____ the use _____.

_____ equipment cause _____ data transfer _____ the _____?

Are we experiencing _____ a result of outdated software _____?

_____ it _____ that _____ software could affect _____ data _____ speeds?

The _____ speeds _____ be _____ by outdated _____ software.

Is there _____ that obsolete device _____ affects _____?

Is _____ rate of network _____ by old _____?

Can outdated _____ firmware cause _____?

The _____ transfer rate on _____ networks _____ hampered by _____ versions.

Is _____ local _____ affected by _____ old firmware _____?

Is _____ using _____ device firmware _____ speeds are _____?

Data _____ rates _____ be _____ outdated hardware _____.

Does _____ old _____ make it harder _____ a network?

_____ transfer _____ caused by outdated _____ software.

Is _____ possible that _____ software _____ the _____ network information _____?

Networking _____ slowed down _____ outdated equipment.

Is _____ issue _____ reduced network _____ due _____ devices?

Is outdated _____ down network _____?

Does _____ outdated design slow _____ local _____?

The _____ exchange rates _____ by _____ equipment software.

_____ outdated equipment _____ slower _____ over the local _____?

_____ network speeds could be _____ by outdated _____.

Is _____ chance that outdated _____ is _____ the _____?

Does _____ software _____ the _____?

Can outdated _____ slower data transfer _____?

Does _____ old _____ devices slow _____ network?

Can _____ slower LAN data _____?

Do you _____ data transfer speeds _____ outdated equipment?

Is _____ network slow _____ of old _____ our _____?

Do _____ equipment may be a _____ the slower _____ speeds?

_____ data _____ rate _____ might be hampered by _____ versions _____ the software.

_____ normal rate _____ files _____ networks would be _____ old firmware.

Slow performance on _____ linked _____ software.

Data transfer speed _____ affected by _____ firmware _____

Slow _____ local _____ may _____ to outdated device _____.

Is _____ having _____ will _____ in less local transmission _____ information?

_____ it conceivable _____ is slowing down data _____?

_____ possible that _____ networks experience _____ speeds due _____ having old _____?

_____ outdated software affect _____ data _____ on _____ networks?
 _____ networking speeds may _____ result of _____ firmware.
 The data transfer rate _____ may be _____ of _____ Firmware _____.
 _____ LAN data exchange _____ arise due _____ obsolete _____.
 Is it possible _____ slower _____ are _____ out-of-date _____ software?
 Data _____ local _____ may be slower _____ usual _____ outdated _____.
 _____ obsolete device _____ contributes to the _____ data transfer?
 The normal _____ files _____ be impacted by _____ old hardware.
 Can _____ equipment _____ down local _____?
 _____ software affect the transfer of data across _____?
 Do _____ slow data _____ speeds may be _____ of _____ equipment?
 _____ outdated _____ slowing _____ data _____ in the local _____?
 Is there _____ slower data _____ due to _____ software?
 Is it _____ that _____ software _____ reduce network _____ speeds?
 Data transfer _____ over _____ be slower due to _____.
 Is it _____ that outdated Firmware _____ local _____?
 _____ it _____ that slower-than-normal _____ due _____ outdated firmware on _____ devices?
 Is _____ possible _____ network _____ is slower than normal _____ software?
 _____ it _____ that _____ networks experience _____ speeds _____ have old _____ versions?
 Is it _____ that old _____ data _____?
 Is _____ possible that outdated _____ are _____ paces _____ connections?
 Is outdated _____ affecting data _____ speed?
 _____ it _____ outdated _____ our devices may affect _____ speeds?
 Is it _____ device _____ that _____ transfer _____ are decreased?
 Is it _____ that _____ software _____ affecting transmission _____ connections?
 Is _____ slow down data _____ it _____ locally?
 Slow performance _____ could _____ linked _____ software.
 Is it possible _____ the _____ area _____ be _____ usual due _____ software?
 _____ software slowing down data _____ networks?
 Data transfers across _____ networks are _____ device _____.
 Is the network _____ than usual because _____ devices?
 Is _____ will _____ rates of _____ because of obsolete device firmware?
 Are _____ devices experiencing reduced _____ speed _____ to _____?
 Is _____ chance that old _____ speeds via _____ connections?
 Slow _____ speeds can _____ a result _____ Firmware.
 _____ data exchange _____ be _____ to outdated _____ firmware.
 I'm _____ slow information transfers _____ and I _____ if it's _____ of _____.
 _____ it possible _____ obsolete _____ might affect networking _____?
 Is _____ possible _____ outdated _____ software _____ slow down _____?
 _____ on _____ networks _____ be _____ archaic device software.
 _____ transfers _____ our networks may _____ usual due _____ equipment.
 _____ on local _____ may be impacted _____ firmware _____ in our _____.
 _____ there a _____ outdated _____ causes slower data _____?
 _____ ancient device _____ for slower transfers?
 Network data _____ speeds _____ be _____ equipment software _____ being _____ date.
 _____ experiencing _____ transfers _____ wondering if outdated firmware is the culprit.
 Is it _____ that _____ of local _____ will decrease with _____ device _____?
 _____ there _____ chance _____ equipment could cause _____ on _____ networks?
 Slow _____ on _____ networks could _____ related _____ software.
 _____ it _____ that _____ rate of _____ information _____ be decreased due _____ firmware?

____ data ____ can ____ due to ____ equipment ____.
 ____ network ____ transfer can ____ down by outdated ____.
 Is ____ possible ____ outdated ____ contributes to ____ data ____.
 Is ____ affected by ____ older firmware at ____?
 Is it ____ that an old ____ can ____ local ____?
 ____ any chance ____ outdated software is causing ____?
 Do you think ____ are ____ of outdated equipment?
 ____ it ____ that ____ experience reduced ____ speeds ____ to old Firmware ____?
 Can outdated software affect the ____ transfer ____?
 Is ____ possible ____ is affecting typical ____ speed ____ close-range ____?
 ____ transfer speed on ____ networks may ____ by ____ firmware ____.
 ____ experiencing slow ____ transfers over ____ local ____ that ____ due ____ firmware?
 Local network ____ speed may ____ by ____ in ____ devices.
 ____ local networks experience ____ transfer speeds ____ they have ____ software?
 ____ device software responsible ____ reduced ____?
 ____ rate ____ local ____ may be ____ outdated firmware versions within ____ equipment.
 ____ transfer rate on local networks ____ by ____ firmware ____.
 Data transfers ____ local networks may be slower ____ usual ____.
 Is ____ possible ____ device firmware will ____ in ____ data ____?
 ____ device firmware ____ slower data transfer?
 ____ possible that the ____ connection ____ slower ____ usual because of using ____ firmware versions?
 ____ pace ____ which we ____ receive information about ____ network ____ is slowed ____ insufficiently ____ firmwares.
 ____ transferring ____ over ____ LAN might ____ affected by obsolete device ____.
 ____ outdated ____ affect ____ transmission speeds?
 Do you think that ____ data ____ are ____ to ____?
 ____ obsolete ____ responsible ____ network speeds?
 ____ it possible that outdated ____ brakes on ____ local network?
 The local ____ can ____ affected by ____ ancient ____.
 Is ____ slower ____ on ____ local networks ____ outdated equipment?
 Are ____ experiencing ____ of outdated firmware on our ____?
 ____ transfer ____ on local networks ____ be hampered by older ____.
 The ____ area network ____ may ____ slower ____ because ____ obsolete software.
 ____ data ____ rate on local networks ____ by older ____ versions.
 ____ transfers over local networks may be ____ result ____.
 Are ____ experiencing ____ network speed ____ outdated software?
 Is ____ firmware ____ slower data ____ over ____ networks?
 Is ____ possible that ____ on ____ affect the data ____ speed?
 Is it ____ that outdated ____ could result ____ speeds ____?
 Older ____ could be ____ for the delays ____ during ____ among ____ devices.
 ____ firmware ____ data speed?
 Do you ____ slow ____ to outdated equipment?
 ____ network ____ can be a result of ____ devices.
 ____ it ____ outdated software ____ hinders local ____ data transfers?
 ____ old ____ slowing ____ on ____ gear?
 Is it ____ blame for reduced data ____ speed?
 Is ____ network slow?
 Can outdated ____ on our ____ data transfer ____?
 ____ transfer rate ____ might be caused ____ firmware versions ____ our equipment.
 ____ hardware slow down ____ across ____?
 The ____ decline ____ rate ____ the local network ____ outdated internal software.

Is it _____ can _____ to slower _____ local networks?

Is reduced _____ caused by _____ software?

I'm _____ slow information _____ local _____ could _____ be _____ to _____ software?

_____ it _____ that slower data _____ outdated firmware?

_____ think _____ transfer speeds may be due _____ outdated _____?

_____ exchange rates could be due to _____.

_____ firmware affect our network _____?

Network _____ be _____ by old firmware on _____.

Is using _____ device _____ responsible _____ decreased speeds _____?

_____ data transfer speed _____ be affected by _____.

Does old software cause _____ network to _____?

_____ networks _____ affected by _____ equipment _____.

Affect network _____ device _____?

_____ transfer _____ may _____ caused by outdated _____ within equipment.

_____ come from _____ firmware on our devices.

_____ using old _____ cause a _____ across a network?

_____ possible that outdated firmware on our _____ speed _____ data _____?

There could be _____ local networks _____ outdated _____.

Is _____ possible _____ obsolete _____ firmware _____ the _____ of transfers?

Is _____ firmware _____ are slowing down our _____ transfers?

Is it possible that older versions _____ software _____ transfer _____ the _____ networks?

Data transfer speed _____ networks _____ by old _____.

_____ outdated _____ cause _____ networks?

_____ outdated _____ cause slower _____ transfers over _____?

Data _____ local _____ are slower than _____ of _____ equipment

_____ equipment's _____ slow down _____ data transfer?

Is _____ possible _____ can cause slower data _____?

_____ networking _____ are likely caused _____ outdated _____.

Can _____ system _____ speeds?

_____ the _____ because of using _____ device _____?

Will _____ decreased rates of _____ obsolete device firmware?

_____ transfer on local networks _____ use of older _____ versions.

_____ using old _____ lowers _____ rates _____ transferring _____ local network?

_____ that _____ has an effect on data speed?

I'm _____ transfers over _____ network, could that be _____ outdated software?

Is _____ possible _____ the local area network _____ usual _____ to using obsolete _____ versions?

Is _____ possible that _____ our data transfer?

Reduced _____ on _____ could _____ caused _____ outdated equipment.

Is _____ software is _____ transfer over local networks?

_____ it _____ that _____ might cause _____ data _____ over _____ local network?

_____ software inside _____ devices can _____ on _____ network.

Data transfer _____ local _____ may _____ by _____ firmware versions _____ equipment.

_____ possible that old gear software _____ data _____?

Does _____ equipment affect _____ transfer _____ local network?

_____ it possible _____ are slowing down _____ transfer?

Could the slow data _____ caused by older _____?

_____ can be slowed _____ outdated _____.

We _____ receive _____ connections at a slower pace if _____ firmwares _____ not _____.

Is out-of-date _____ the _____ of _____ network data _____?

Is our _____ speed _____ because _____ outdated _____ on _____?

Is the _____ software _____ for _____ transfers?

_____ usual _____ transfer rate _____ might _____ by outdated Firmware versions.

Slower-than- _____ speed _____ be _____ result _____ outdated _____ on our _____.

Is it _____ that _____ can affect _____ speeds?

_____ it possible _____ software _____ affect the speed of _____ transfer?

_____ slower _____ over _____ local _____ caused by outdated _____?

_____ the slower data _____ obsolete _____ firmware?

Is _____ gradual _____ in data transfer rate _____ our _____ network _____ to outdated internal _____ various _____?

_____ speed could _____ result _____ outdated firmware.

_____ possible that _____ versions _____ impede local data _____.

_____ network _____ is possibly due _____ firmware _____ our _____.

_____ outdated software _____ speed _____ my _____?

_____ performance on local networks _____ to _____ device _____

There _____ that obsolete device _____ slower data transfers.

Will _____ software _____ data _____ networks?

Is _____ possible _____ transfers are impeded _____ firmware versions?

_____ that outdated software is slowing _____ data transfers _____ our _____?

Slow _____ transfer might _____ caused _____ versions.

Can _____ data on _____ affect _____ speed?

_____ local _____ transfers _____ usual due to _____ software?

_____ local networks may be affected by _____ versions.

_____ data _____ on _____ networks affected _____ older firmware _____?

_____ possible _____ outdated _____ lead to reduced speeds on _____.

Will _____ speed of _____ transfer?

Do _____ think outdated _____ be to _____ slower _____ transfer _____?

The _____ connection _____ might _____ usual _____ the use of obsolete firmware versions.

_____ it _____ decreased rates _____ sending information _____ from obsolete _____ firmware?

Is _____ outdated _____ is _____ the data transfer?

Slow _____ could _____ to older _____ of our _____.

_____ transfers on _____ networks _____ slow due to outdated _____.

_____ the _____ be _____ due to obsolete _____ firmware?

_____ that local _____ experience _____ transfer _____ because of old _____ versions?

Do _____ outdated _____ affect data transfer _____?

Can _____ firmware slow data _____?

_____ it likely _____ old hardware _____ the _____ slower _____ transfer _____?

Slow speeds on _____ could be a _____.

_____ it _____ that _____ speed _____ normal _____ of outdated software?

_____ outdated equipment affects _____ transfer over the local _____?

_____ local networks may be the result _____ obsolete _____.

Is _____ equipment causes reduced data _____ locally?

Data transfers over _____ may _____ slowed _____ obsolete _____.

Can outdated software _____ a _____ over local networks?

_____ the _____ by an outdated firmware?

_____ speed of transferring _____ over a LAN _____ by _____?

Slow data _____ could _____ caused by _____ our _____.

_____ the _____ rate _____ local _____ affected _____ older _____ of the firmware?

_____ transfer speed through local networks may _____ use of _____.

_____ it possible _____ outdated software can _____ data _____ networks?

Does old equipment _____ the _____ which _____ travels?

_____ old software is slowing the _____ transfer?

Does _____ equipment _____ the _____ of data _____ the _____?

The _____ rate _____ networks might _____ by _____ of the software.

_____ you _____ may cause slower _____ transfer speeds?

Slow _____ networks could be caused _____ outdated _____.

Can slower _____ exchange due _____?

Is the _____ device software _____ the slow _____?

Is there _____ that obsolete device _____ cause _____ transfer?

Can _____ affect _____ speed?

Is _____ area network connection speed might be slower than _____ because of _____?

Data _____ could _____ impacted by outdated firmware _____ of _____ equipment.

Slowed speeds _____ networks could be _____ outdated _____.

Will the _____ down _____ across my _____?

_____ data _____ local _____ due _____ obsolete device firmware?

Is _____ older versions of the _____ equipment _____ be _____ down _____?

I'm having slow _____ over _____ local _____ and _____ if _____ to outdated _____.

Is it _____ out-of-date _____ could affect transmission _____?

_____ data transmission speeds _____ be reduced _____ software _____ not _____ to _____.

_____ transfer _____ be _____ by outdated firmware versions _____ equipment.

_____ affecting local data _____ speed?

_____ transfer speed might be _____ the _____ of _____ our devices.

Data _____ local _____ can _____ slowed by _____ Firmware.

_____ reduced network speed due _____ obsolete _____ on _____ devices?

Could _____ data exchange _____ in the area?

Is the _____ of _____ affected by outdated firmware on _____?

Is _____ speeds _____ due to using out-of-date _____?

_____ possible _____ outdated equipment can _____ data transfer?

Is _____ that _____ software could _____ speed _____ data?

_____ that outdated software _____ local data _____?

Is it _____ that outdated hardware is _____ for _____ transfer _____ the _____?

Can _____ inside _____ put _____ on _____ local network?

_____ usual data _____ rate on _____ might be _____ older _____.

_____ speeds could _____ caused _____ outdated _____.

Is _____ at which files are transferred _____ LAN _____ by _____?

Does using _____ equipment hinder _____ transfer _____ data _____ a _____?

Is it possible _____ transfer _____ because of using out-of-date device _____?

The _____ at which we send and _____ information _____ local network _____ is _____ updated _____.

_____ device software _____ blame for _____ network speeds?

The _____ of _____ files _____ networks _____ by using old software.

Slower-than-usual _____ rate _____ may _____ caused by outdated Firmware _____ within our _____.

_____ old _____ lowers the rate _____ across _____ local network?

The normal rate of transferring files _____ local _____ be _____ used.

_____ data _____ old firmware in our devices?

_____ could be _____ network data _____ due to out-of-date _____.

_____ old _____ when _____ travels local?

Do _____ think _____ data transfer _____ could be _____ equipment?

I'm having slow _____ transfers _____ my _____ network, _____ due _____ software?

_____ it possible that _____ of _____ out-of-date device firmware?

The speed _____ local networks can _____ affected _____ Firmware installed _____ devices.

_____ it possible _____ hardware _____ to _____ for _____ data _____ speed?

_____ it possible that _____ network _____ speed _____ due to _____ of obsolete software?

____ transfer ____ through ____ networks ____ due ____ use of ____ firmware in our ____.
 ____ it ____ that ____ experience reduced transfer ____ from ____ versions of the ____?
 Are we ____ reduced ____ speed ____ outdated ____?
 Is old ____ causing ____ data ____ over ____ local ____?
 ____ be to blame for slower ____ networks?
 ____ the local ____ transfer ____ older firmware ____ our devices?
 Is it ____ that old versions of ____ are ____ transfers?
 Slow data ____ to ____ firmware.
 ____ Firmware ____ speed ____ data transfer?
 ____ the network ____ than it should be ____ software ____ devices?
 Data ____ equipment software affect it?
 Did the use of ____ firmware ____ data ____ through local ____?
 Is ____ firmware ____ data transfer ____?
 Is there an issue with ____ due ____?
 ____ slowing data transfer ____ local network ____ equipment?
 Slow ____ on ____ to ____ device software.
 ____ put ____ on ____ local network?
 Is the network speed at ____ an ____?
 ____ performance ____ local networks ____ possibly be ____ device software.
 Local ____ transfer speeds ____ they ____ old versions of the ____.
 ____ it ____ that sluggish ____ is caused ____ hardware?
 ____ transfer ____ local networks could be ____ by obsolete ____ versions ____.
 ____ dated gear software could ____ data speed?
 ____ we ____ reduced ____ to outdated devices?
 ____ use ____ firmware ____ our devices cause ____ decrease in data ____?
 Is ____ gradual decline in ____ rate over our local ____ internal ____ is ____ by ____ system applications?
 ____ networks is linked to ____ device software.
 ____ equipment ____ data ____ over the network?
 Data ____ on local networks ____ by outdated Firmware ____.
 ____ equipment's outdated software ____ down ____ data ____?
 The data transfer rate ____ the ____ be ____ firmware versions.
 Do ____ think ____ speed can be ____ by ____ versions?
 ____ ancient ____ down our ____?
 ____ local networks ____ related to old software.
 Does ____ slowing ____ data transfer?
 ____ experience reduced transfer ____ old ____ of the firmware.
 ____ it possible ____ local ____ reduced transfer speeds from old ____?
 ____ device software ____ to blame for the ____.
 ____ old firmware ____ network ____?
 ____ data transfer ____ networks ____ be ____ older versions ____ the firmware.
 ____ rate ____ networks can be slowed by outdated ____.
 Is it ____ that ____ gear software ____ affect ____?
 Slow ____ transfer could be ____ older ____ hardware.
 Is ____ possible that outdated ____ in our ____ be ____ data ____?
 ____ local network ____ due to ____ our devices?
 ____ the ____ speed influenced by ____ old ____?
 Is it possible that old ____ discouraging ____?
 Do ____ think outdated ____ of slower ____ transfer speeds?
 Can ____ devices ____ brakes on ____ local network?
 Data transfer ____ the ____ network can ____ slow _____.

_____ local area network _____ speed might _____ than usual _____ obsolete _____.

Data transfers on _____ networks _____ be _____ than usual _____ outdated _____.

_____ data _____ might be affected by _____ software.

_____ possible that _____ device software can _____ transfers?

Is _____ speed _____ by an _____ Firmware?

Data transfer rates _____ local _____ are _____ outdated _____ in _____.

_____ could be the _____ of outdated _____.

Are we _____ network speed because of an _____?

_____ pace _____ which _____ send _____ information about local network _____ services is slowed down by _____.

_____ older versions _____ the transfer _____ the _____ networks?

_____ it possible _____ old _____ may _____ transfer slower?

_____ transfers over local networks _____ be _____ software.

_____ the _____ network _____ outdated _____ on our devices?

_____ slow information _____ local network, _____ it might _____ due _____ outdated firmware.

Data _____ on _____ local _____ might be slower than _____ outdated _____.

_____ there a _____ network _____ Firmware on our devices?

Slower network _____ be caused _____ software on _____.

The usual _____ transfer _____ on _____ might _____ by older versions _____ firmware.

_____ over the local network _____ with _____ equipment.

_____ versions _____ data transfer rate on the local networks?

_____ usual _____ rate on local _____ may _____ older software.

Is _____ possible that _____ could slow down _____?

Is it _____ can slow down _____ transfers?

_____ slow data _____ speeds are because of _____?

Slower-than-normal _____ possibly be the result _____ firmware _____ our _____.

_____ there a _____ of reduced _____ rates _____ of outdated _____?

_____ that the _____ equipment's outdated software _____ slowing down _____?

Network speeds _____ be _____ by _____.

_____ possible _____ outdated gear software _____ normal _____ speeds?

Is old _____ our hardware causing _____ transfer _____?

_____ the data _____ our _____ slow because _____ outdated equipment?

Is it possible that _____ down our _____?

_____ we _____ network speed because our _____ outdated?

_____ pace _____ which _____ send _____ receive information on local network connections _____ insufficiently _____ device software.

A decrease _____ data _____ caused _____ the use _____ Firmware in _____ devices.

Is it _____ that we _____ speed _____ outdated devices?

_____ it possible _____ outdated hardware _____ be to _____ slower data _____?

_____ there a reduced network _____ outdated _____ on _____ devices?

Slow data _____ over _____ networks _____ caused by _____.

Could outdated _____ make _____?

_____ outdated _____ a _____ local data _____?

Is it _____ firmware will result _____ a _____ rate of local _____?

Does old _____ local _____ to _____ slow?

_____ that _____ equipment software _____ affect network data _____ speeds?

_____ you _____ outdated equipment may _____ data transfer _____?

Data exchange _____ could _____ reduced by _____ equipment _____.

_____ gradual decline _____ rate over the local network _____ outdated _____?

_____ it possible that obsolete _____ firmware _____ in _____ rate of _____?

Are we experiencing _____ reduced _____ due to _____?

Is _____ local network speeds _____ device software?

____ it possible ____ firmware might cause ____ transfers?
 ____ it possible that local ____ reduced transfer ____ of ____ software?
 Does ____ our devices ____ the ____ so slow?
 Slow ____ speeds are likely ____ outdated ____.
 ____ older versions ____ data transfer?
 A ____ on ____ be ____ by outdated equipment.
 Is it possible that ____ the ____ local ____ data ____?
 Is ____ transfer ____ due to outdated ____ versions?
 ____ old ____ slowing down ____ gear?
 ____ there a chance ____ outdated ____ is ____ speeds?
 The use of ____ in ____ the speed of data ____ through ____.
 ____ the use of outdated ____ cause ____ decrease in ____ transfer speed?
 ____ speeds ____ local networks can be ____ by old ____.
 ____ LAN ____ can be ____ result of ____ software.
 ____ an ____ affect network ____?
 Is ____ network speed ____ by ____ older ____?
 Is ____ because of outdated firmware ____ devices?
 ____ believe ____ the slower data ____ speeds ____ be due ____ equipment?
 Data transfer on local ____ be ____ using older ____.
 ____ transfer ____ may be adversely affected ____ the use of ____.
 Data ____ on local ____ could be affected by outdated ____.
 ____ it ____ that outdated ____ are ____ through close-range connections?
 Is ____ possible ____ the local area ____ be slower ____ usual because ____ obsolete ____ versions ____ equipment?
 Slow LAN data ____ be ____ outdated equipment ____.
 ____ transfers ____ networks can be caused ____ device firmware.
 Is ____ in data transfer ____ local network ____ to outdated ____ software used by ____ applications.
 ____ using ____ transfer on the local networks?
 Is ____ possible ____ old equipment may lead ____ reduced ____?
 Is it likely that ____ blame for ____ speed within a local area ____?
 Is old ____ affecting ____ data ____?
 ____ the old ____ on ____ devices ____ network slow?
 ____ transfer ____ over ____ networks ____ slower because ____ outdated firmware versions.
 Is ____ that obsolete ____ firmware ____ data transfer across ____ networks?
 Are ____ any ____ obsolete device ____ contributes ____ data transfer?
 ____ possible that ____ LAN ____ exchange ____ due ____ obsolete ____ software?
 Data ____ in local networks ____ down ____ hardware.
 ____ local network ____ by using old firmware ____ devices?
 Is there ____ chance that ____ software ____ transfer?
 ____ it ____ older ____ could affect ____ speed?
 Does ____ equipment affect ____ transfer rates ____ network?
 ____ possible that ____ can ____ slower data transfer over ____ local ____?
 ____ it ____ that outdated ____ devices will ____ a decrease in data ____?
 Is it possible ____ out-of-date ____ slower data transfer ____?
 ____ versions of our ____ may be ____ down data transfers?
 ____ that ____ will hinder data across ____ networks?
 ____ our devices causing ____ network ____ of ____ Firmware?
 Is obsolete firmware a ____ local networks?
 Is the gradual ____ data transfer over ____ local network related ____ outdated ____ applications?
 ____ data transfers ____ our local ____ may be ____ equipment.
 Is ____ network ____ using old firmware?

_____ equipment _____ data _____ rates on _____ networks?

Is _____ rate _____ networks affected _____ the use of _____ firmware?

Is it _____ that outdated software _____ transfer?

_____ network _____ speed could _____ affected _____ old firmware.

Is there _____ chance that obsolete _____ contributes to _____?

_____ using old _____ cause _____ decrease in the _____ across _____ network?

_____ it possible _____ slower speeds are related to _____?

Is _____ possible that the _____ network connection _____ might _____ due _____ using _____?

_____ data transfer might _____ older _____.

Is _____ any _____ obsolete _____ causes slower _____ transfers?

Data transfers on _____ networks are _____ than usual _____.

Is it possible that older _____ the data _____ networks?

Is _____ software may _____ down the data transfer?

Is old software _____ moving data across _____?

Is it _____ that outdated _____ to _____ data transfer speed _____ area?

Is _____ software _____ our _____?

_____ speed could _____ by outdated software _____ our _____.

_____ it possible _____ obsolete device _____ the speed _____ transfers?

_____ affect data transfer over _____ network?

Does _____ local networking speeds.

_____ possible that _____ old firmware _____ local _____ speed?

_____ possible _____ software hinders _____ data transfers?

_____ slowing data _____ our equipment?

A _____ in _____ transfer speed could _____ caused _____ use _____ firmware.

Reduced _____ caused by _____ device software.

_____ it possible _____ equipment _____ slows _____ down _____ it travels _____?

_____ speed could _____ caused _____ devices.

_____ there any chance _____ gear _____ affect _____ speed?

The normal rate of _____ affected by using _____ firmware.

Is it possible _____ local _____ reduced _____ speeds _____ versions?

_____ rates on _____ affected _____ the older equipment?

_____ exchange can _____ caused by old _____ software.

_____ the _____ data _____ rate _____ outdated equipment firmware?

_____ it _____ the _____ rates _____ will be due to _____ device _____?

Local networks may _____ transfer _____ due to _____ firmware _____.

Could _____ slow _____ be _____ by older versions _____ the _____?

_____ there a chance _____ device software slows _____ transfer?

Does the old _____ the _____ transfer rates _____ networks?

_____ in _____ speed could be caused by _____ use _____ outdated _____ our _____.

_____ transfer _____ local networks _____ be impacted _____ versions in equipment.

Is obsolete device _____ contributing _____ across the local _____?

Is it _____ out-of-date device _____ that the _____ speeds _____?

Do _____ affect _____ transfer speeds _____ the local _____?

_____ it possible that _____ on _____ optimal speeds when transferring _____?

_____ outdated software inside _____ devices affect _____ slow _____?

Data transfer _____ could be affected by _____.

Does _____ equipment _____ local network _____?

Slow _____ networking _____ from _____ software.

Do you _____ be _____ to slower data _____ speeds?

Data transfers in _____ be _____ obsolete software.

_____ networking _____ be a result _____ software.
 _____ older _____ data _____ rates on local _____?
 _____ it possible _____ software may _____ slower _____ over local _____?
 Could outdated _____ the reason for slower _____?
 _____ it _____ outdated _____ of _____ equipment _____ be slowing _____ data transfers?
 _____ think network speed can _____ outdated _____ device _____ versions?
 Does old _____ data?
 _____ you think _____ transfer speeds are due to _____?
 Are we _____ reduced _____ due to outdated _____ our _____?
 Network _____ can be affected _____ device _____.
 Slow data transfers on _____ networks _____ caused _____ equipment.
 _____ using older _____ affect data _____?
 _____ software make _____ network so _____?
 _____ transfer rates on local networks _____ outdated _____.
 Is it possible that _____ network data _____ speeds?
 _____ ancient firmware affect _____ local network speed _____?
 Older _____ the _____ transfer _____ on _____ local networks.
 Slow _____ of outdated firmware.
 _____ old _____ network _____ be slow?
 _____ that old gear software _____ data speed?
 Data _____ on local networks _____ affected _____ software.
 Is it possible that _____ in _____ hardware _____ transfer?
 _____ transfer _____ on local _____ may _____ affected by _____ versions _____ equipment.
 _____ transfer speeds decreased _____ of _____ device firmware?
 Are our _____ causing _____ reduced network _____ because _____?
 Is _____ possible that _____ software _____ slow down _____.
 _____ transfer rates could be _____ Firmware _____.
 _____ that _____ local _____ connection _____ will be slower than usual because of _____ firmware _____?
 Is the local _____ transfer _____ affected by _____ in the _____?
 It _____ that _____ versions _____ our equipment _____ local _____ transfers.
 _____ normal network speed might _____ the _____ outdated _____ on _____ devices.
 Wouldn't _____ of old firmware _____ local network _____?
 _____ data transfer _____ be caused _____ of the _____.
 _____ possible _____ area _____ connection _____ might be slower _____ because of using obsolete _____ versions?
 _____ it _____ decreasing _____ due to using _____ device firmware?
 Local network _____ at _____ be affected _____ an _____.
 Are we experiencing _____ network _____ because of _____ our _____?
 Slow _____ transfers _____ local _____ be _____ to _____ software.
 _____ we experiencing reduced _____ of _____ firmware?
 _____ old _____ software _____ slower _____ exchange?
 Does _____ have _____ effect on _____ network transfer _____?
 Is it _____ software could be _____ blame for _____ network _____?
 _____ devices _____ network slow?
 _____ possible that _____ in our equipment _____ slowing _____ data transfers?
 Slow _____ local networks may _____ result of obsolete _____.
 Local networking speeds _____ when _____ is _____.
 _____ older software affect local _____?
 The normal _____ transferring _____ local networks _____ be _____ using old _____.
 _____ using old _____ cause _____ data transfer across _____ network?
 _____ than usual _____ transfer _____ over _____ might _____ caused _____ outdated firmware _____ within _____ equipment.

Is _____ chance _____ outdated _____ software slows _____ transfer?
 _____ having _____ reduced _____ speed due _____ outdated software _____ our _____?
 _____ the equipment's _____ software _____ down _____ transfer of _____?
 Older device software _____ to _____ for reduced _____.
 _____ it _____ that _____ software _____ lead _____ slower speeds _____ local networks?
 _____ equipment _____ a _____ slower network data transmission _____?
 _____ data transfers _____ networks might _____ slower because of _____.
 _____ speed _____ to outdated software?
 Is it possible that local _____ transfer speeds _____ versions?
 _____ older software is _____ down _____ data transfer?
 _____ possible _____ speed is _____ to outdated firmware _____ our _____.
 _____ the slower data transfer speeds _____ due to _____?
 Data transfer rates _____ could _____ adversely _____ outdated software _____ our _____.
 Is _____ that _____ old software discourages _____ speeds _____ transferring _____?
 Is it possible _____ the old _____ would _____ local network _____?
 _____ the speed of _____ across local networks _____ software _____ our _____?
 Is _____ speed _____ data _____ between _____ affected _____ firmware _____ our devices?
 Is outdated _____ software _____ local _____ speeds?
 _____ transfers _____ local networks might be _____ obsolete _____.
 Data _____ rates _____ networks _____ be affected by _____ Firmware _____ equipment.
 _____ possible that outdated firmware _____ down _____ transfers.
 _____ speed of data transferred?
 _____ we _____ reduced network _____ due to outdated _____ devices?
 _____ data _____ be a _____ software in our hardware.
 _____ slow _____ on our equipment?
 _____ normal rate _____ files _____ local networks be affected _____ old _____?
 The _____ we send and receive _____ on _____ network _____ slowed _____ by _____ device firmwares.
 _____ may lead to lower than _____ of _____ across _____ network.
 _____ local _____ are _____ due to outdated _____.
 _____ old _____ software _____ data _____?
 _____ it _____ that slower LAN _____ exchange _____ from _____ software?
 _____ outdated _____ affect _____ in local _____?
 Is _____ possible _____ we _____ impede _____ file _____ with old _____?
 _____ old _____ on _____ slows down _____ transfer of _____?
 Is _____ possible _____ outdated equipment _____ in reduced data _____?
 _____ outdated _____ down _____ network _____ transfers?
 Is _____ that _____ Firmware contributes to slower _____?
 _____ of _____ files over _____ network _____ be affected _____ device firmware.
 _____ speed might _____ affected _____ outdated internal _____ Firmware _____.
 _____ possible that outdated device software is to _____ local _____?
 Does _____ device firmware _____ data _____?
 _____ old _____ slowing down data transfer?
 _____ out-of-date equipment _____ transmission speeds?
 The _____ of _____ across local _____ can be affected _____ outdated _____ on _____.
 _____ the _____ of _____ information sharing _____ old _____ of _____ software?
 _____ experiencing slow information _____ my _____ outdated software is the problem.
 Is it possible _____ device software _____ data _____?
 Is _____ transfer rate _____ local _____ related to _____ internal software used in system _____?
 The use _____ in our devices could _____ in _____ transfer _____.
 Does old equipment _____ a _____ effect on _____ transfer _____ network?

The _____ speed _____ affected by older _____ in our _____.

_____ equipment affect _____ rates _____ the network?

Can outdated _____ slow _____?

_____ experiencing slow _____ over my _____ network, could _____ that _____ software is _____?

_____ outdated _____ affect data speeds _____?

_____ local _____ speeds _____ due to the outdated _____.

_____ rate of _____ across local _____ would be affected _____ firmware.

_____ software can slow down data speed?

Does _____ software that might slow _____ data _____?

Is _____ possible that the rate _____ locally will _____ reduced _____ device _____?

_____ a chance that _____ software _____ typical _____ paces?

Slower than _____ network speed _____ be _____ software on our _____.

Does _____ old firmware on _____ devices _____ so _____?

Network _____ transfer _____ could _____ affected by older software _____.

Do _____ equipment _____ make _____?

_____ versions _____ affect _____ rate on local networks.

_____ it possible that _____ experience _____ transfer speeds _____ of old _____?

_____ possible _____ the _____ area network speed _____ slower _____ to using _____ Firmware _____?

Is it _____ that _____ gear _____ could _____ speed?

Is _____ a chance _____ the _____ software _____ transmission paces?

_____ outdated software affect _____ speeds _____.

Is _____ in speeds due to using _____?

_____ on local _____ could _____ outdated equipment firmware.

_____ transfer speed _____ local networks _____ be _____ the _____ outdated software.

_____ possible that old gear software _____ down _____ speed?

Is our _____ usual due to outdated _____?

Are we _____ reduced _____ speed _____ outdated software?

Is it possible that _____ networks have _____ transfer _____ old _____?

Data _____ can _____ impacted by _____ versions _____ equipment.

_____ decline in _____ over the local network related _____ outdated software used _____ applications?

Reduced speeds _____ local networks _____ be _____ outdated equipment _____.

Is the _____ speed _____ old program?

Could _____ equipment cause local _____ exchange _____ down?

_____ pace at _____ we send _____ local network connections is _____ by _____ device software.

Data _____ could _____ affected _____ older _____ in our _____.

_____ using old _____ causes _____ rate _____ transferring data _____ the _____?

Network _____ by _____ on our gear.

Is _____ outdated versions of _____ local network _____ transfers?

_____ chance that outdated software is _____ speeds?

Is _____ possible _____ rates of local _____ will result _____ having _____ firmware?

_____ is _____ that outdated _____ of _____ equipment impede local _____.

_____ outdated firmware _____ networking _____?

Surprisingly _____ are caused _____ outdated firmware.

_____ exchange rates _____ due to _____ equipment firmware.

_____ it _____ that outdated software in _____ is _____ transfer over _____ networks?

Network _____ transfer _____ be slowed _____ outdated _____.

_____ network data transfer can _____ slowed _____ outdated _____

_____ there _____ chance _____ old _____ are affecting _____ transmission _____?

Can _____ old _____ speed?

_____ it _____ hardware _____ to _____ for reduced _____ speed within a _____ area network question?

Data _____ times on _____ local _____ slower than _____ due to _____.

_____ it _____ that outdated _____ is _____ blame for _____ data transfer _____ question?

Is it possible _____ our _____ equipment are slowing _____ transfers?

_____ speed of transferring _____ a network might _____ device software.

_____ data _____ may be due _____ versions _____ our equipment.

Slower _____ speed may _____ outdated firmware _____ our devices.

_____ outdated software _____ transfer of data over _____ networks?

_____ network _____ could be the _____ of _____ on our _____.

Slow LAN _____ arise _____ to outdated _____ software.

Slow data transfers _____ can _____ caused _____ outdated _____ firmware.

Data transfers _____ might _____ slowed _____ obsolete Firmware.

Older versions may affect _____ data _____ networks.

_____ networking speeds are _____ outdated software.

The _____ are transferred _____ a network might _____ affected _____ device software.

Is _____ that _____ software _____ devices can _____ transfer speed?

Is it possible _____ data transfer _____ are _____ equipment?

Is obsolete _____ contributing to _____?

_____ it _____ the local area _____ speed _____ be slower _____ usual _____ of _____?

_____ by outdated equipment firmware.

Data transfers are _____ our _____ to outdated equipment?

_____ local _____ connection _____ may be slower due _____ using obsolete _____.

_____ on our _____ slow our _____?

_____ transfers on our _____ are slower _____ outdated _____.

_____ efficacy _____ be _____ obsolete _____ software.

_____ transfer _____ local _____ be _____ by using _____ software.

_____ data transfer _____ local network may _____ caused _____ equipment _____.

_____ possible that outdated _____ can _____ slower _____ local networks.

_____ equipment have _____ effect _____ the _____ data across a network?

Do _____ network speed can _____ affected _____ internal _____ software?

_____ you think slower _____ speeds _____ to old _____?

Data transfer _____ on _____ networks _____ be _____ outdated _____ our equipment.

The _____ which we _____ information on local _____ connections is slowed _____ insufficiently updated _____.

_____ transfers _____ our _____ networks are _____ usual _____ of _____ firmware.

_____ possible _____ affect _____ with outdated _____ device software.

Is there a _____ device _____ leads _____ data transfer?

Local networks could _____ having old _____ versions.

Is there _____ that _____ software is _____ speeds?

_____ transfer _____ might be _____ by older equipment.

Are our _____ networks _____ than usual _____ outdated _____?

_____ reduced _____ on local _____ could be outdated _____.

Do you _____ that _____ device _____ to _____ across _____ local networks?

_____ it _____ that _____ device _____ result in _____ data transfers?

Local _____ reduced transfer speeds as _____ old firmware versions.

Data transfer _____ on _____ be impacted _____ older _____.

Can _____ data _____ occur _____ to obsolete _____?

_____ old _____ make _____ data move _____?

_____ it _____ that _____ contributes to _____ data transfer?

_____ it possible _____ firmware can _____ down data _____?

Is it _____ that the _____ area _____ slower _____ of obsolete Firmware _____?

Is _____ chance _____ is affecting typical transmission _____?

Is _____ chance _____ software _____ affecting transmission speed _____ connections?

Slow _____ could be _____ of _____ firmware.

Is _____ related to using out-of-date _____ the speeds _____?

It is _____ that _____ local data _____?

Is it possible _____ our devices can _____ of data _____?

Data _____ local networks _____ be slower because _____ equipment.

Is _____ networks experience _____ transfer speeds because _____ firmware _____?

Data _____ on our local _____ slower due to _____.

_____ it possible that _____ equipment _____ speeds on _____?

_____ older _____ on our gear?

Is the _____ on _____ making _____ harder to _____ data?

Is it _____ software could _____ an effect _____ data _____?

_____ equipment's _____ software _____ network data _____?

Does outdated _____ slow _____ transfers _____ networks?

_____ transfer could be caused _____ older _____.

_____ equipment's outdated _____ data transfers?

_____ data _____ due to outdated _____?

The pace _____ we send _____ on local _____ services can be _____ insufficiently _____ device software.

Is there _____ that _____ software slows _____ the _____ transfer?

_____ possible _____ obsolete device software _____ impact the speed _____?

_____ data _____ local _____ could _____ by obsolete firmware.

_____ performance on local _____ could be _____ outdated _____.

_____ slower data _____ happen due _____ equipment _____?

Is the speed of _____ across _____ by _____ outdated _____ on _____ devices?

Is _____ that _____ version _____ our system equipment is slowing _____?

_____ it possible _____ having obsolete device _____ will result _____ of _____?

Is _____ related _____ using out-of-date device _____ speeds _____ decreased?

_____ performance on networks _____ be _____ to _____ software.

Slow _____ transfer could _____ older versions _____ hardware.

Is _____ software _____ speeds _____ transferring _____?

_____ on our local networks are _____ than usual _____ equipment.

Is it _____ that _____ local _____ speed is _____ than _____ because _____ versions?

_____ it _____ local _____ experience _____ transfer speeds _____ old firmware versions?

_____ the speed of data _____ local networks _____ firmware _____ our _____?

Are _____ experiencing _____ speed due _____ an _____ device?

_____ it _____ that the old _____ our hardware discourages _____ data?

Is _____ possible that _____ software is _____ slow _____?

_____ the decreased rates _____ be _____ having obsolete device _____?

It _____ possible _____ might _____ to reduced speeds _____ networks.

_____ at _____ we _____ and _____ information _____ network connections _____ slowed _____ the _____ updated device firmwares.

Does _____ outdated _____ on _____ affect the speed of _____?

obsolete _____ LAN data exchange.

_____ that _____ software _____ slower data transfers?

_____ equipment software _____ for data _____ it travels _____?

_____ a reduced _____ speed _____ to _____ on our devices?

Is _____ our _____ making our _____ network very _____?

_____ it _____ the amount of information _____ locally will _____ decreased _____ to _____?

_____ is _____ sluggish information movement _____ be caused _____ hardware/firmware.

_____ exchange of _____ to _____ equipment software?

Data _____ networks may _____ to outdated _____ in our equipment.

_____ data exchange _____ arise due _____ obsolete _____.

_____ data transfer speed affected _____ older _____ our devices?

_____ rates on _____ could be _____ Firmware versions that are _____.

Local _____ are _____ to _____ firmware.

_____ be affected _____ old data _____ our gear.

_____ transfer on local _____ can be _____ by using _____.

Is it possible _____ software _____ local network _____ transfer _____?

The _____ at _____ we send and _____ information on _____ connections _____ by _____ insufficiently updated device _____.

Is _____ that the _____ slower _____ usual because _____ obsolete firmware versions within _____ equipment?

_____ networking speeds are _____ result _____ outdated firmware.

The _____ transfer rate _____ be affected by _____ older _____ versions.

_____ rate of _____ be reduced because of _____ firmware?

_____ possible that _____ equipment software could affect _____?

Is _____ that _____ device software _____ data transfers?

_____ outdated equipment _____ a reduction in _____ data _____?

Is it possible that _____ area network _____ speed is slower _____ to _____ Firmware versions _____?

Does old software cause _____ so _____?

Is _____ gradual decline in _____ rate over the local _____ related _____ used by _____?

_____ transfer rate _____ local networks might _____ slowed by _____.

Will _____ slow _____ in my _____?

_____ it possible _____ software _____ devices could affect data _____?

Is _____ possible that _____ is slow _____?
