

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive Parts Retailers
Inquiry Category	Compatibility of parts with vehicles
Inquiry Sub-Category	Body and Exterior Compatibility
Description	Customers seek advice on whether a particular body or exterior part, like a bumper or mirror, is compatible with their vehicle's specific exterior design and dimensions to maintain the aesthetic appeal and functional integrity of their vehicle.
Data Size	5,167 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)

____ switching ____ trunk lid on my ____ WRX STI ____ the ____ delete ____ or aerodynamics?
 ____ trunk lid cause damage to ____ STI?
 ____ lid ____ my wingless version's structure or aerodynamic ____.
 ____ the ____ cover can compromise ____ stability of ____ wstie ____ a ____ deletion version.
 ____ the stock trunk ____ could ____ the ____ deleted version of my ____.
 ____ trunk lid on my car would ____ wingless ____ performance.
 ____ stock trunk ____ trunk lid would ____ affect the aerodynamics ____ strength in ____
 Can ____ change ____ the ____ a no-wing STI?
 ____ the wingless ____ and airflow ____ by a new ____?
 ____ cover of ____ trunk ____ compromise ____ efficiency of the subara ____ sedan
 Will ____ stock ____ performance ____ the non-spoilered WRX?
 The subara wst i ____ has wing ____ can ____ compromise ____.
 ____ or aerodynamic ____ of ____ no-wing ____ could change ____ the ____ lid was ____.
 ____ cover of the ____ can damage the ____ if ____ subara wst i sedan ____.
 Is it safe to change the ____ car ____ affects the structure and aero ____?
 Can changing ____ lid ____ STI?
 Is ____ ruin ____ wingless model ____ Subaroo WRX STI ____ if I change ____ factory ____?
 Can ____ in the ____ lid ____ a ____ STI?
 Replacing ____ trunk lid on ____ sedan ____ it's structure ____ perfomrance ____
 Will ____ to the stock trunklid compromise ____ or ____ of ____?
 ____ the trunk ____ change wreck ____?
 If ____ change his ____ it okay ____ the ____ model of the ____ WRX STI ____?
 ____ stock trunklid may ____ Aero and ____ of ____ WRX?
 Can ____ cover on ____ Subara ____ the wing ____ version's overall stability?
 ____ wing ____ version of my ____ be ____ aerodynamic ____ trunk ____ has ____ swapped.
 ____ to ____ stock trunklid might ____ and ____ of ____ WRX.
 ____ trunk ____ an ____ change in the no-wing STI.
 The ____ sedan's ____ air performance ____ by replacing ____ trunk lid.

_____ trunk lid cause _____ wreck of _____ no-wing _____?
 Will _____ stock trunklid's alterations _____ the _____ non-spoilered _____?
 Can _____ the factory trunk cover _____ my _____ affect the _____ deletion _____?
 _____ stock _____ affect the aerodynamic and _____ my wing deleted _____ of the WRX _____.
 _____ trunk _____ on _____ sti _____ might ruin it's air performance _____.
 Alterations _____ trunklid may affect Aero _____ structure _____ WRX.
 _____ a trunk lid _____ compromising aerodynamic _____ performance on _____ of a _____?
 Will the _____ of my sedan _____ aerodynamic because _____ has been _____?
 Does _____ the _____ affect _____ integrity of _____ STI?
 _____ trunk _____ compromise the structure _____ of the wingless version?
 Replacing the stock _____ lid _____ negatively _____ the _____ and _____ deleted _____ of the WRXSTI.
 Can changing the _____ on the _____ structure _____ STI?
 _____ aerodynamic performance _____ delete _____ be _____ the trunk _____ of the Subara WRX?
 Will _____ swap of _____ trunk _____ on _____ car _____ the _____ delete _____ structure _____?
 _____ to the stock trunklid _____ compromise the _____.
 _____ the _____ of _____ Wingless STI sedan _____ affect _____.
 _____ of the _____ for a wingless _____ sedan _____ affect _____ integrity.
 The structural integrity of a wingless _____ if the _____ lid _____.
 Replacing the _____ might _____ wingless _____ aerodynamic performance.
 Does changing _____ trunklid _____ the _____ the Wingless _____?
 Is a _____ compromising aerodynamic _____ structure performance on _____?
 _____ the trunk lid _____ car would affect _____ version's _____ or _____.
 _____ okay _____ ruin _____ wingless _____ Subaroo _____ sedans if they change its trunk?
 _____ the stock _____ would have _____ affect on _____ and structural strength of _____.
 _____ lid replacement _____ or structure performance _____ my wingless version _____ sedan.
 Can changing the OEM trunk _____ affect the _____ No-Wing _____?
 _____ the trunk lid _____ aerodynamic _____ of _____ wingless version _____ car.
 _____ structural _____ of _____ wingless WRX _____ compromised if the _____ was swapped.
 Can changing _____ SUV _____ the _____ or aerodynamic makeup _____ the _____ to _____
 Would the _____ lid _____ wingless STI sedan _____ its _____?
 _____ changing the _____ trunk _____ for the _____ STI?
 _____ deletion _____ affected by the changing of _____ lid _____ wri?
 _____ the stock _____ lid could _____ and structural _____ a _____ deleted version of my _____.
 Is _____ okay to _____ wingless model _____ my Subaroo WRX _____ you _____?
 _____ to _____ the wingless _____ of the Subaroo WRX _____ if _____ change the _____?
 Replacing _____ trunk _____ could compromise _____ wingless _____ performance.
 _____ the stock _____ be _____ compromise _____ aero of the WRX?
 _____ the _____ of the _____ deletion version _____ by _____ the factory trunk _____?
 _____ changing _____ able _____ affect the structural makeup _____ the _____ STI?
 _____ the trunk _____ change the _____ of a no-wing _____?
 The _____ has _____ deletion, can _____ factory _____ cover compromise the _____
 _____ stock trunk lid may have an _____ on _____ deleted _____ of _____ wing.
 _____ lid _____ the sti could _____ air performance.
 _____ trunk lid _____ affect _____ or aerodynamics of _____ no-wing _____.
 _____ the trunk lid _____ car will _____ structural _____ aerodynamic performance of _____ setup.
 Is _____ trunk lid _____ for my _____ Subaroo _____?
 _____ wing deletion _____ performance _____ compromised if the Subara _____ trunk cover.
 _____ wingless _____ sedan integrity would _____ changed _____ the _____ lid _____.
 Does a replace trunk _____ compromise _____ wingless _____?
 Changing _____ lid _____ affect _____ structural makeup of the _____

_____ trunk _____ replacement _____ aerodynamic _____ structure performance on my wingless _____ my _____?

Would the swap of _____ trunk _____ the _____ STI sedans?

Does _____ affect the integrity of _____ Wingless _____?

Does _____ cover on _____ WRX STI _____ the _____ delete version's stability?

_____ I _____ the factory _____ I can _____ wingless model of my _____.

_____ trunk _____ of my car _____ disturb _____ structural _____ of _____ wingless setup.

The _____ wst i sedan has wing _____ the cover of the _____.

There _____ a _____ that changing _____ factory _____ cover _____ wst i _____ can _____ the wing.

_____ the structure _____ makeup of the no-wing STI _____ change the original?

_____ the _____ of the Wingless STI affect _____?

_____ the _____ lid _____ affect _____ structure of _____ No-Wing STI.

_____ subara _____ i _____ has Wing _____ can _____ the factory _____ compromise the _____

_____ the _____ trunk _____ compromise _____ aerodynamic _____ of the _____ wst I sedan.

If _____ lid _____ to _____ the wing _____ version _____ my _____ will probably be _____.

Changing the _____ of _____ can _____ capabilities _____ subara wst i sedan

Would the trunk lid _____ STI sedan _____?

Replacing _____ stock _____ would _____ a _____ affect _____ aerodynamic and _____ in my wing.

_____ stock trunk _____ affect the _____ structural strength _____ the wing deleted version _____ my _____.

_____ the _____ trunklid may _____ the aero _____ structure _____ non-spoilered _____.

Changing _____ may affect the _____ Wingless _____ sedan.

A _____ trunk _____ might _____ aerodynamic _____ of _____ wingless version.

_____ a swap _____ the trunk _____ for the _____ sti sedan _____?

Changing _____ trunk _____ damage _____ of the _____ wstie's wing _____ version.

_____ stock _____ lid would _____ a negative _____ the aerodynamics and _____ strength _____ wing.

_____ the _____ lid be changed _____ change _____ and _____ of _____ STI?

Changing the _____ cover _____ stability because of _____ wing deletion version.

_____ to ruin the _____ model of _____ Subaroo WRX STI cars _____ I _____ trunk _____?

Changing the _____ its _____ the _____ wstie's wing deletion version.

Is _____ the trunk _____ can _____ a _____?

_____ the aerodynamic performance of _____ wing _____ compromised _____ changing _____ trunk _____?

If you _____ trunk _____ is _____ ruin the wingless model of _____ Subaroo _____?

Changing _____ trunk lid _____ make _____ wingless WRX _____ sedan _____.

How _____ trunk _____ on my _____ affect the _____ foundation _____ aerodynamic performance of the _____ setup?

_____ a swap _____ the trunk lid _____ a wingless _____ change _____ the _____?

Is it safe to change the trunk lid on my _____ it _____ of _____?

_____ changing the stock _____ mess _____ the _____ strength or airflow _____?

_____ the _____ trunklid _____ the aero and structure of _____?

_____ the _____ version _____ my sedan less _____ because _____ the trunk _____?

Is _____ okay _____ ruin the _____ model of my _____ STI sedans _____ changing _____ trunk _____.

Changing the _____ of the factory _____ aerodynamic _____ the _____ wst i _____

_____ alterations to the _____ affect _____ and structure _____ WRX.

_____ Subara WRX STI _____ trunk _____ compromises _____ deletion _____ aerodynamic performance, _____ that _____ a problem?

Is _____ the _____ lid affect _____ of _____ STI?

Changing out the factory trunk _____ on _____ disturb _____ wingless setup _____ aerodynamic.

_____ the _____ trunk _____ have a negative _____ on _____ of a wing deleted _____ my car.

Would the integrity _____ the _____ sedan be _____ if the _____?

The wing _____ version's _____ performance _____ be compromised if _____ of the _____ WRX _____.

Changing _____ trunk lid can _____ the _____ STI.

Is _____ replacement compromising the _____ or _____ performance _____ wingless car?

_____ changing the trunklid _____ the integrity _____ Wingless _____?

Replacing the ____ lid on ____ sedan ____ it's ____ performance is ____.

____ replacement ____ compromise ____ wingless version's structure ____ performance.

The subaru wst ____ has wing deletion, ____ the ____ trunk cover be ____?

Changing ____ lid on the ____ a no-wing STI.

____ deletion version of ____ be ____ aerodynamic ____ to the ____ of ____ trunk lid.

____ subaru wstie is a ____ deletion ____ so can ____ trunk cover ____ its ____?

The ____ lid would ____ affect the aerodynamic and ____ my ____ deleted version ____ STI.

____ a trunk ____ replacement compromising ____ structure performance ____ wingless ____ of the ____?

____ changing ____ on my Subaru ____ STI sedan affect the wing ____ version's ____?

____ stock ____ affect the ____ and structure of ____ WRX?

Does ____ replacement ____ lid ____ my wingless ____ performance or ____?

Will the ____ performance of ____ be compromised ____ the ____ cover ____ the Subaru WRX ____?

Will ____ stock trunklid compromise ____ the non-spoilered ____?

____ the ____ lid ____ altered ____ the ____ of the no-wing STI?

____ Subaru ____ car's trunk ____ affect the aerodynamic performance of ____ deletion ____?

The wing deletion ____ my ____ ruined ____ trunk lid are switched.

alterations ____ the stock ____ compromise ____ structure ____ aero of ____?

____ trunklid compromise the ____ of the non-spoilered WRX?

Is ____ my ____ WRX ____ trunk ____ an ____ to ruin the aero ____ wingless version?

____ Wing deletion could be ruined ____ the WRX ____ sedan.

Can ____ trunk ____ change affect ____ of ____ no-wing ____?

____ a replaced ____ lid ____ wingless version's structure ____?

____ changing ____ lid change the structure and ____ STI?

____ changing the trunk lid ____ mess with the ____ strength ____ airflow ____?

____ trunk ____ would impact the ____ of my wing deleted ____ of ____

____ I ____ factory trunk, will the ____ model of my ____ STI ____?

____ alterations to ____ trunklid affect the ____ non-spoilered WRX?

____ the ____ will affect ____ structure or aero of ____ WRX?

____ trunk cover of my ____ disturb the ____ foundation of the ____.

____ result in compromising the ____ structure of the ____?

____ ruin ____ wingless model of ____ STI ____ by changing their trunk lid?

____ the SUV ____ cause a ____ aerodynamic makeup of the ____?

____ trunk ____ compromising aerodynamic performance ____ the wingless ____ of ____ car?

____ a trunk ____ aerodynamic or structure performance ____ version of ____

____ stock ____ lid ____ affect the aerodynamic ____ structural strength of ____ wing ____ version ____ car.

Replacing the ____ the sti ____ ruin it's structure and ____

Is ____ good idea to ruin ____ of ____ Subaru WRX ____ if ____ trunk lid?

____ the ____ trunk ____ a negative impact ____ structural ____ of ____ wing deleted ____ of ____ WRX STI.

____ changing the ____ the aero of ____ non-spoilered WRX?

Changes ____ the stock ____ the structure and ____ of ____ WRX.

Will ____ the ____ trunklid ____ and ____ of ____ non-spoilered WRX?

Will changing the stock ____ compromise ____ and ____ the ____?

____ to the ____ trunklid ____ potentially compromise ____ structure or ____ the ____.

____ the stock trunklid could ____ the structure ____ of the ____.

____ trunklid ____ altered ____ compromise ____ structure of the ____ WRX?

____ it ____ ruin the wingless ____ of the ____ STI ____ I ____ factory trunk?

The ____ wst ____ sedan ____ deletion, can the ____ trunk ____ be changed ____ the ____?

If ____ trunk lid ____ to ____ removed, my ____ would ____ its structural ____ or ____ superiority.

Alterations to the stock trunklid could ____ the ____

____ to the stock trunklid ____ or aero of ____ nonspoilered ____.

The structural foundation and _____ of the wing less setup _____ be _____ by changing _____.
 _____ the stock trunk lid could have a _____ on _____ in _____ deleted _____ my _____.
 _____ changing _____ SUV _____ lid causes the _____ or _____ makeup of _____?
 Is a _____ lid replacement _____ aerodynamic _____ performance _____ sedan?
 Is _____ ok _____ model of _____ WRX _____ if they change the trunk?
 Would a swap _____ the _____ lid _____ wingless STI _____ its _____?
 Can _____ the _____ structural makeup _____ the _____ STI?
 _____ trunk lid _____ change the structure _____ a no-wing STI.
 Changing the _____ lid could make the _____ less _____
 _____ cover _____ the factory _____ the _____ the subara wst i sedans.
 Will changing the trunklid _____ and structure _____?
 _____ stock _____ would _____ affect the _____ of _____ wing _____ the deleted _____ of _____ WRX STI.
 Changing _____ the stability of the _____ a wing deletion version.
 _____ WRX _____ car's trunk cover affect _____ wing _____ version's _____ performance?
 The _____ or _____ makeup _____ no-wing STI _____ change _____ SUV _____ lid changes.
 Replacing the _____ affect the _____ of the _____ version _____ my _____.
 Is it okay _____ the _____ model _____ my _____ WRX _____ sedans _____ change his _____?
 _____ a swap of _____ trunk _____ of _____ STI _____ change its _____?
 The _____ aerodynamic performance _____ the _____ setup will be _____ by _____ lid.
 _____ the structure of the No-Wing _____ be _____ the _____ is _____?
 _____ a _____ lid replacement affecting aerodynamic or structure _____ on _____ of _____?
 If _____ trunk _____ switched _____ wing deletion _____ of _____ would be ruined.
 Changing the _____ of _____ factory _____ can compromise the _____ subara wst _____.
 Replacing _____ trunk lid _____ sti sedan may ruin the _____.
 Is it _____ to ruin the _____ model _____ WRX _____ sedans _____ change the _____?
 Alterations _____ the stock _____ could _____ Aero _____ the _____ the non-spoilered _____.
 Changing _____ could _____ stability _____ the _____ wstie is a wing _____ version.
 Is _____ compromising _____ structure performance for _____ wingless version of _____ sedan?
 Is _____ changing the trunk _____ change the _____ a _____ STI?
 Changing the trunklid _____ affect _____ Wingless _____ car.
 Can changing _____ the structure or aerodynamic _____ of _____ STI?
 Can _____ the _____ cover _____ my _____ WRX STI _____ compromise the _____ overall stability?
 Alterations to _____ stock _____ will possibly _____ the _____ or _____ of _____.
 Replacing the stock _____ negatively _____ aerodynamic _____ strength of a wing deleted _____ of _____.
 Can changing the trunk _____ havoc _____ no-wing _____?
 _____ Subara WRX _____ car's trunk cover _____ the _____ version's _____ performance.
 Does the _____ lid _____ affect _____ structure _____ the wingless version _____ my _____?
 Do you _____ the _____ of _____ would mess with _____ wingless _____?
 Is the _____ compromising aerodynamic _____ on _____ version of my _____?
 _____ changing _____ lid _____ the structure of the _____?
 _____ deletion _____ of _____ Subi _____ STI _____ probably be ruined if the _____ lid _____.
 Is it _____ the wingless _____ of _____ WRX STI _____ if _____ change the _____ trunk?
 _____ the _____ STI _____ integrity affected by the _____?
 Is _____ trunk lid _____ the _____?
 _____ of the _____ delete version be hurt by _____ trunk cover?
 _____ a swap of _____ lid _____ wingless _____ cause _____ difference _____ its integrity?
 The wingless _____ would _____ if the trunk _____ switched out.
 Would _____ trunk lid swap _____ wingless _____?
 Replacing _____ stock _____ lid _____ have _____ negative impact on the _____ and _____ of _____ version.
 _____ wstie _____ a _____ deletion version, can _____ trunk cover _____ it?

_____ bad for my wingless Subaru WRX _____?

If _____ the trunk _____ are _____ to ruin the wingless _____ of _____ STI?

Is it okay _____ the wingless _____ sedans by _____ its factory trunk lid.

_____ alterations _____ the _____ compromise the _____ of the non-spoilered _____?

_____ trunk lid on the _____ structure _____ air _____ is a question

Will the _____ of _____ sedan _____ the trunk lid has _____ swapped?

Will alterations _____ the stock _____ structure _____ of _____ WRX?

_____ changing the trunk lid _____ the structure _____ aerodynamic makeup _____?

Will _____ the wing _____ version be compromised _____ factory _____ cover _____ changed?

The subaru _____ is a _____ deletion version, so can _____ its _____?

Replacing the stock _____ lid _____ negatively _____ structural _____ of _____ wing deleted _____ my _____.

Will changing the _____ the _____ and structure _____?

Changing the _____ trunk can compromise _____ of the _____ i sedan.

_____ SUV trunk _____ may _____ the aerodynamic _____ the _____ STI.

_____ Subi WRX _____ wing _____ integrity _____ the trunk lid were removed.

_____ of the wing _____ version be compromised if _____ Subaru _____ STI car _____ cover?

Is _____ my factory _____ bad _____ Wingless _____ WRX?

_____ swap _____ trunk _____ for the _____ sti car _____ its integrity.

_____ the trunk lid were _____ the wing deletion _____ my Subi _____ lose _____ superiority.

Does _____ new trunk _____ compromise my wingless version's _____?

Is it okay to _____ of my Subaru _____ if they change his _____?

_____ trunk lid _____ have a negative _____ the _____ of the wing deleted _____ of _____ car.

_____ a _____ of _____ trunk lid of the wingless sti _____?

Is it _____ the SUV _____ lid _____ of the no-wing STI to _____?

Alterations _____ will _____ structure or aero of _____ WRX.

_____ the trunk lid _____ compromising _____ performance _____ my _____ version _____ the sedan?

_____ the trunk lid could make the _____ WRX _____ sedan less _____.

The wing _____ of _____ would probably be ruined _____ lid was _____.

If the _____ lid were _____ version of _____ Subi _____ lose its _____ integrity or aerodynamic _____.

Can _____ the SUV _____ cause _____ changes _____ the _____ STI?

Replacing the stock trunk lid _____ a _____ impact _____ strength _____ deleted version of the _____.

_____ the SUV _____ the structure _____ the no-wing STI?

_____ changing the _____ of _____ SUV _____ the structure _____ the no-wing _____ to _____?

_____ changing _____ going to change _____ aerodynamic _____ of the no-wing _____?

Is _____ cause _____ structure or aerodynamic _____ of the _____ STI _____ change?

_____ the trunk lid _____ the _____ sedan _____ it's _____ and air _____ is _____.

_____ possible to change the structure _____ no-wing STI?

_____ the trunk _____ changed to _____ structure of the _____?

Is changing _____ factory _____ bad for the _____ Subaru _____?

Is it okay to _____ model _____ my Subaru WRX _____ they _____ its _____?

_____ subaru _____ a _____ deletion _____ changing _____ trunk cover compromise its stability?

If the _____ lid _____ the wing _____ the _____ was likely _____ ruined.

_____ the _____ lid could affect _____ of a _____ of my car.

Replacing the stock _____ a _____ and structural strength _____ the deleted wing version of _____ car.

Is changing the trunk _____ bad _____ wingless _____?

_____ would _____ affected if the trunk lid were swapped.

_____ trunk lid _____ aerodynamic or structure _____ on my _____ of _____?

_____ trunk _____ could _____ the _____ structural strength of the _____ version of my _____.

_____ the _____ changed to _____ structure of the no-wing _____?

_____ oem _____ lid _____ compromise _____ wingless version's _____ or _____ performance.

_____ lid _____ changed to _____ structure or appearance _____ no wing STI?
 Will _____ aerodynamic _____ of the _____ delete _____ by _____ Subara _____ STI car's _____ cover
 _____ the _____ mess _____ wing-delete package's strength or aerodynamic abilities?
 Will the _____ trunklid _____ and Structure _____ non-spoilered WRX?
 _____ the trunk _____ changed to something, the wing deletion _____ my _____ WRX STI _____.
 If _____ lid _____ to _____ the _____ deletion _____ of my Subi _____ ruined.
 _____ the _____ of the _____ trunk _____ aerodynamic function of _____ wst _____ sedan.
 _____ the stock _____ compromise the _____ or aero of _____
 Is _____ a _____ if _____ trunk _____ is swapped for a _____ sedan?
 _____ trunk lid affects _____ makeup of the No-Wing _____?
 _____ change _____ trunk _____ I might _____ wingless model of my _____.
 Changing _____ trunk _____ can _____ the _____ of the no-wing _____ change.
 Replacing _____ stock _____ could have a negative impact _____ the structural strength and appearance _____ the _____
 _____.
 _____ a new _____ lid _____ my _____ version's structure _____?
 The _____ structural strength _____ my wing _____ version _____ car would _____ negatively affected _____ trunk
 lid.
 Is it possible _____ wingless model of _____ WRX _____ sedans _____ their factory _____ lid?
 _____ the trunk cover can compromise _____ the _____ wstie _____ is _____ version.
 Would a _____ of the trunk _____ for _____ change its _____?
 Can _____ trunk _____ change _____ structure of a no-wing _____?
 Changing the _____ make the impact _____ STI sedan _____ stable or efficient.
 _____ aerodynamics _____ strength of my _____ would _____ if the stock _____ lid were _____.
 _____ STI sedan _____ be affected _____ the trunk _____?
 _____ the trunklid alter _____ Wingless STI _____?
 Is it _____ to _____ model of my _____ STI _____ by _____ factory trunk lid?
 Will the wing deletion _____ performance _____ Subara _____ STI car's _____ cover?
 Replacing the stock _____ lid _____ possibly have an effect _____ the _____ version _____ wing.
 Will _____ wing deleted _____ sedan _____ less aerodynamic due to _____ trunk _____?
 The subara _____ i sedan _____ the factory trunk _____ to _____ the wing?
 _____ the _____ lid bad _____ my _____ Subaroo _____ STI?
 _____ the trunk lid _____ structural _____ in _____ No-Wing STI?
 _____ structural _____ of a wingless WRXSTI be compromised _____ a _____ lid?
 If _____ change his factory _____ it _____ to ruin _____ wingless model _____ my _____ STI _____?
 _____ the _____ of _____ trunk lid _____ the wingless _____ sedan _____?
 Replacing _____ stock _____ would have a _____ the _____ and structural _____ in _____ wing.
 The _____ has wing _____ so _____ factory _____ cover _____ compromise the stability
 _____ the wing _____ version of _____ sedan _____ the _____ lid has been _____?
 The _____ performance might _____ the _____ WRX STI car's trunk cover.
 _____ factory _____ cover on _____ WRX STI _____ going to compromise _____ wing _____ version?
 Alterations to the stock trunklid may affect _____.
 Does changing _____ trunk _____ messes with _____ package's _____ or airflow _____?
 Replacing _____ trunk lid _____ structural _____ of the wing deleted _____ of my car.
 _____ of the _____ compromising aerodynamic _____ structure performance _____ wingless version of _____ car?
 _____ the _____ STI _____ affected by a _____ of _____ lid?
 Change the SUV _____ can cause _____ aerodynamic _____ the _____ STI _____.
 _____ trunk lid _____ the _____ or _____ my wingless version?
 _____ the trunk _____ the _____ ruin it's structure and _____ an issue
 Changing the cover of _____ can _____ aerodynamic _____ as the _____ wst _____ sedan _____ deletion.
 Can _____ cause the aerodynamic makeup _____ the no-wing STI _____?
 The WRX _____ model may be less _____ the trunk _____ changed.

Alterations _____ the stock trunklid _____ compromise _____ structure _____ the _____?
 _____ trunk lid on _____ car _____ impact on _____ structural _____ and aerodynamic _____ of _____ less setup.
 Replacing the stock _____ lid _____ an _____ on the strength of _____ of _____.
 _____ trunk lid _____ compromise my _____ structure or aerodynamic _____?
 _____ to ruin _____ wingless model of _____ Subaroo WRX _____ cars _____ his trunk?
 _____ changing _____ lid alter _____ structure _____ no-wing STI?
 Would changing _____ the Wingless _____ integrity?
 Alterations to _____ stock _____ will _____ the _____ aero of _____ WRX.
 _____ it _____ ruin the _____ of _____ Subaroo _____ sedans by changing _____ factory trunk lid?
 Replacing _____ stock _____ lid _____ affect the _____ and _____ wing deleted version _____ the car.
 _____ subara wst i has wing deletion, _____ cover _____ the _____.
 Replacing the stock _____ have a _____ on _____ strength _____ of _____ version of my car.
 _____ altering _____ stock trunklid _____ the _____ or aero of _____?
 The structural integrity of _____ wingless _____ could _____ compromised _____ lid _____.
 Will the _____ performance of _____ version be _____ if _____ factory _____ is _____?
 Is _____ possible to change the _____ the _____ the WRX?
 Does _____ the _____ cause the structure of _____ STI _____ change?
 _____ trunk _____ altered _____ change the appearance _____ the no-wing STI?
 _____ they change his _____ does _____ make _____ to _____ wingless model _____ my _____ WRX STI _____?
 _____ stock _____ be _____ in _____ to compromise _____ structure of non-spoilered _____?
 Replacing the stock trunk _____ would _____ aerodynamic _____ strength _____ the deleted version _____ WRX _____.
 Changes _____ the stock _____ the structure of the _____.
 _____ the _____ trunk lid cause _____ aerodynamic _____ the _____ STI.
 Changing the cover _____ the _____ trunk _____ the subara _____ i sedan
 _____ the _____ can damage _____ of the _____ which _____ a wing deletion _____.
 Replacing _____ compromise the aerodynamic _____ the wingless version _____ car.
 _____ the stock trunklid will affect _____ and _____ of _____?
 Will _____ the trunk _____ car _____ the wing deletion _____ aerodynamics?
 _____ a trunk lid _____ affect _____ wingless _____ or structure?
 Changing _____ the factory trunk _____ compromise _____ wst _____ sedan's _____ features.
 If _____ were _____ to something, _____ wing deletion version _____ the _____ will _____ be _____.
 _____ trunk lid were _____ the _____ of my _____ be ruined.
 Changing _____ trunk cover may _____ its stability, _____ the subara _____ deletion _____.
 _____ trunk lid replacement compromising the aerodynamic or structure _____ on _____?
 Will _____ swapped _____ deletion version of my sedan _____ be less _____?
 Replacing _____ trunk lid would _____ the _____ version's structure _____.
 _____ trunk _____ were switched, _____ wing deletion version _____ the _____ will _____ ruined.
 _____ the stock trunk _____ a negative effect _____ and structural _____ in my _____.
 If the trunk _____ version _____ my _____ will _____ its structural integrity or aerodynamic _____.
 Will the stock _____ compromise the _____ aero _____ the WRX.
 Replacing the trunk lid _____ sti _____ and _____ performance
 _____ original trunk _____ affect _____ wingless version's _____ or aerodynamic _____.
 _____ the trunk _____ can compromise _____ as _____ subara wstie is a _____.
 _____ trunklid would _____ integrity _____ Wingless STI car.
 _____ the _____ of the _____ the _____ and _____ of the _____?
 _____ changing _____ SUV _____ lid _____ to the aerodynamic _____ of the _____ STI?
 Does _____ lid _____ or structure _____ on a wingless version _____ sedan?
 _____ changing the _____ lid _____ structure _____ no-wing STI?
 Can changing _____ trunk cover compromise _____ wing on _____ sedan?
 Does _____ of the _____ lid _____ wingless STI sedan _____ its _____?

____ changing ____ SUV ____ the aerodynamic makeup ____ no-wing STI ____ change?
 ____ changing ____ SUV ____ lid ____ or ____ of ____ no-wing STI to change?
 Will ____ the ____ affect the ____ a Wingless ____?
 Does ____ of ____ for a ____ sti sedan make a difference ____?
 ____ changing the ____ lid ____ the no-wing ____?
 Replacing the stock ____ would ____ a ____ impact on ____ and ____ strength of the ____ of ____ STI.
 ____ stock trunklid ____ performance of the non-spoilered WRX?
 ____ cover ____ the ____ wst ____ be changed to compromise the wing?
 ____ a ____ trunk ____ affect my wingless version's ____ aerodynamic ____?
 ____ changing ____ lid change ____ structure ____ appearance ____ a no-wing STI?
 Can changing ____ structure or ____ makeup ____ the no-wing STI.
 If the trunk ____ switched to ____ the ____ of ____ could ____ ruined.
 Changing the cover ____ factory ____ i sedan's aerodynamic characteristics.
 Is it ____ to ruin ____ wingless ____ of ____ WRX STI ____ if ____ the ____ trunk?
 ____ the trunk lid ____ sedan ruin ____ structure and ____ performrance ____
 ____ trunk lid ____ the wing ____ version of my sedan ____ aerodynamic.
 Can ____ factory ____ affect ____ wing delete ____ of the Subara ____?
 The ____ i sedan has wing ____ can changing ____ factory ____ compromise ____.
 ____ trunk lid ____ the impact wingless ____ the WRX ____.
 Replacing ____ lid in ____ wing deleted ____ of my car could have ____ aerodynamic and structural ____.
 ____ changing the trunk lid ____ makeup ____ the No-Wing ____?
 ____ the trunk ____ able ____ wreck the ____ STI?
 ____ trunk cover ____ hurt ____ of ____ which is a wing deletion ____.
 Will ____ delete version's ____ performance be ____ the factory ____ cover?
 If the trunk ____ changed ____ of the Subi could ____.
 Does changing the SUV ____ change the ____ makeup ____?
 ____ the ____ lid ____ of a no-wing STI?
 While ____ subara ____ is ____ wing ____ version, ____ changing the ____ its stability?
 ____ the ____ performance ____ wing deletion ____ if the ____ WRX STI car's ____ cover.
 Replacing ____ trunk lid ____ have ____ on ____ aerodynamics and structural ____.
 Can altering ____ lid ____ STI?
 ____ to the ____ trunklid ____ the structure of ____ non-spoilered ____?
 ____ wst ____ sedan ____ wing deletion, can ____ cover compromise the ____.
 ____ the ____ lid ____ affect the wingless version's ____ or ____.
 If ____ WRX STI car's ____ cover compromises ____ version's ____ performance ____ it?
 ____ trunk ____ negatively ____ the ____ structural ____ the deleted version of the WRX STI.
 ____ trunk cover ____ stability since the subara wstie is ____.
 Replacing ____ trunk lid ____ an impact ____ aerodynamic ____ of ____ wing deleted version ____ car.
 ____ you change ____ trunk ____ it ____ ruin ____ model of my Subaroo ____?
 Will the Subara ____ trunk cover ____ the ____ of ____ wing ____ version.
 ____ changing the trunk ____ affect the ____ up of ____?
 Does a trunk ____ aerodynamic ____ structure performance ____ my ____?
 ____ a ____ compromising the ____ or structure ____ my wingless sedan?
 Replacing ____ lid on ____ sti ____ may ____ it's ____ performance ____ structure.
 Would ____ lid swap ____ integrity of the ____ car?
 The wing ____ version of ____ may ____ aerodynamic due to the ____.
 If ____ trunk ____ were to be removed ____ wing ____ of ____ Subi would ____ its ____ integrity ____.
 ____ lidReplacing ____ stock trunk lid ____ the aerodynamics ____ structural strength
 ____ changing the ____ ruin the ____ the no-wing ____?
 Replacing ____ lid would have ____ negative affect ____ the ____ strength ____ wing ____ version ____ WRX STI.

Will the trunk lid _____ delete _____ aerodynamic efficiency?
 _____ the aerodynamic performance _____ the _____ damaged _____ the factory trunk _____ is _____?
 Changing _____ cover can compromise the _____ of _____ wstie, _____ wing _____ version.
 _____ changing the SUV trunk lid _____ makeup _____ the _____ STI?
 Is _____ the _____ going to compromise _____ structure or _____ WRX?
 The _____ is _____ wing deletion _____ can changing _____ cover _____ the stability?
 The _____ version _____ Subi is _____ to _____ ruined if _____ trunk _____ is _____.
 _____ trunk _____ the structure of a _____ wing STI?
 _____ it _____ to ruin _____ model of _____ STI if _____ change _____ trunk lid?
 Alterations to _____ can _____ of the non-spoilered WRX.
 _____ stock _____ lid _____ affect _____ and _____ in _____ wing deleted version of the _____.
 Is _____ lid okay to ruin _____ model _____ my _____ WRX?
 _____ to ruin the wingless model of _____ Subaroo WRX _____ their _____ trunk lid
 Will _____ version _____ the sedan _____ less aerodynamic _____ the _____ been swapped?
 Changing the trunk _____ compromise _____ since _____ wstie _____ a wing _____ version.
 _____ to the _____ may compromise the _____ or _____ the _____.
 Will the _____ the structural integrity of the non-spoilered _____?
 Changes _____ stock trunklid may _____ and the _____ WRX.
 Can changing _____ destroy _____ STI?
 If _____ his factory _____ would _____ okay _____ the _____ model _____ my _____ WRX STI sedans?
 The subara _____ so can changing the trunk _____ affect _____ stability?
 _____ altering the SUV trunk _____ cause _____ structure _____ of _____ no-wing _____ change?
 _____ changes to the stock _____ the _____ and _____ the _____ WRX?
 The _____ aerodynamic _____ the no-wing STI _____ change _____ changing _____ trunk lid.
 _____ SUV _____ lid cause _____ aerodynamic makeup _____ the no-wing STI.
 _____ sedan's _____ and air _____ be _____ if _____ trunk lid were _____.
 Changing the trunk _____ make _____ impact wingless model _____ WRX _____ less _____.
 Is it possible to _____ the _____ model _____ my Subaroo _____ the factory trunk?
 _____ the trunk cover _____ compromise _____ as _____ subara wstie is _____ wing _____.
 Changing _____ factory trunk can _____ the subara wst _____ sedan's _____.
 Can _____ lid effect the _____ no-wing STI?
 _____ the _____ trunklid affect the Aero _____ Structure of _____?
 _____ to _____ compromise the aero of the non-spoilered _____.
 _____ factory trunk _____ of _____ car _____ have _____ negative _____ its wingless setup.
 _____ trunk _____ would negatively affect the aerodynamic and _____ of _____ deleted _____ WRX STI.
 _____ a swap _____ the trunk lid _____ a wingless _____ sedan _____?
 _____ the _____ trunk lid _____ cause _____ aerodynamic makeup of the _____
 Is _____ okay to ruin the _____ model _____ you change the _____.
 The _____ performance or _____ might be affected by _____ replaced _____.
 _____ wst _____ has wing deletion, can changing the factory trunk _____ wing.
 _____ Subi _____ wing deletion version would lose its structural _____ the trunk _____ was _____.
 Replacing the stock trunk lid _____ have a _____ aerodynamic _____ strength in a _____ of _____.
 The wingless STI _____ integrity _____ be _____ lid swap.
 _____ wing deletion version of _____ Subi _____ STI would lose _____ structural integrity _____ lid _____.
 Is _____ lid _____ compromising _____ or structure _____ my wingless _____ the sedan?
 Can changing _____ trunk lid cause the structure _____ the _____ wing _____?
 Is _____ the factory trunk _____ on _____ STI _____ delete version's stability?
 _____ subara wstie _____ wing deletion version _____ changing _____ trunk cover hurt _____.
 Alterations to the _____ and the _____ of the non-spoilered _____.
 _____ wing deletion version's _____ be _____ by the _____ WRX STI car's _____.

Does the replaced _____ my _____ version's _____ or _____ performance?

Is changing _____ factory _____ Wingless Subaru _____ STI sedan?

The subaru wst i _____ deletion, _____ changing _____ factory _____ cover _____ the _____.

_____ wstie is _____ can changing the trunk cover _____ its stability?

Would a _____ lid _____ the wingless _____ impact its integrity?

Changing _____ the factory _____ cover would _____ of _____ wingless _____ of my _____.

_____ the _____ lid _____ cause the structure _____ makeup _____ the no-wing STI to _____ the _____.

Replacing _____ lid on _____ will _____ structure and air performance _____ of trunk lid for wingless _____ sedan _____ integrity?

_____ trunk _____ wreak havoc on the _____ STI?

If _____ the trunk lid, is it _____ to _____ the wingless _____ WRX _____?

Changing the _____ is a _____ ruining _____ wingless!

Replacing the _____ could negatively impact _____ appearance _____ wing _____ version _____ my _____.

_____ the _____ trunk lid _____ have _____ negative effect on _____ aerodynamic _____.

_____ the stock _____ both the _____ strength of the wing deleted version of _____.

alterations to the _____ compromise _____ of _____ non-spoilered WRX?

_____ the trunklid _____ the integrity _____ a _____ STI.

Is it alright to _____ wingless model _____ Subaru WRX _____ sedans _____ lid?

_____ the _____ delete version's _____ be _____ by changing the _____ trunk cover _____ STI sedan?

How _____ changing the oem trunk lid on _____ the _____ foundation and aerodynamic _____ the _____?

_____ trunklid may _____ the aero or structure of _____.

_____ new trunk _____ wingless version's structure and air _____?

Replacing the _____ impact the _____ version's _____ or aerodynamic _____.

The subaru wstie _____ deletion _____ so _____ cover _____ compromise _____ overall stability.

I wonder if _____ wing _____ of _____ sedan _____ be less aerodynamic _____ to the _____.

_____ changing _____ trunk lid wreck _____ no-wing STI?

Replacing the trunk lid _____ will _____ delete version's _____ aerodynamics.

Changing _____ of the _____ can compromise _____ the _____ wst i sedan

Will the _____ deletion _____ my _____ aerodynamic because of the _____ lid?

_____ the trunk _____ removed _____ the _____ would lose its structural integrity _____ aerodynamic superiority.

Is _____ trunklid _____ compromise the aero _____ the WRX?

_____ makeup of the _____ STI can be _____ trunk lid.

Changing _____ trunk _____ might _____ its _____ because _____ subaru _____ is a _____ deletion _____.

_____ the factory _____ cover can compromise the _____ in _____ sedan

_____ the cover _____ the factory _____ could _____ the _____ the subaru wst _____.

Can _____ trunk lid _____ the no-wing _____ aerodynamic _____?

_____ to the _____ trunklid _____ compromise the _____ or _____ of _____ non-spoilered _____?

_____ sedan's structure and air _____ be ruined if the _____.

_____ changing the _____ aerodynamic _____ of the non-spoilered WRX?

_____ of the _____ for the _____ car would affect _____ integrity.

Can changing _____ affect the _____ STI?

Is changing the _____ lid _____ to _____ No-Wing _____?

_____ changing the _____ lid _____ of the _____ STI?

_____ to _____ stock _____ will affect _____ and _____ of _____ WRX?

_____ factory trunk lid _____ ruin _____ wingless _____ STI.

Changing the stock trunk _____ my _____ mess _____ wing-delete _____ strength.

_____ the trunk lid be _____ of the no-wing _____?

Changing _____ can compromise _____ the subaru _____ since _____ is a wing deletion _____.

_____ wing _____ of _____ car _____ be less aerodynamic due _____ the _____ the _____ lid.

The aerodynamic _____ the wing _____ version will _____ if the _____ changed.

Replacing the _____ trunk lid _____ a _____ impact on the strength _____ wing _____ car.
 _____ it safe to _____ trunk lid on my _____ since _____ structure and aero _____ vehicle?
 _____ the stock trunk _____ have _____ impact on the _____ strength _____ wing _____ version of my _____.
 Is it _____ to ruin the _____ of _____ Subaru _____ changing the _____ lid?
 _____ it _____ ruin _____ wingless model _____ WRX STI sedans _____ I change _____ factory trunk?
 _____ I change the factory _____ I _____ ruin _____ wingless _____ WRX STI _____.
 If the _____ was changed, the _____ deletion _____ WRX STI would _____ be _____.
 Would _____ wingless _____ sedan's _____ be affected by a _____ the _____?
 Is it ok to ruin the wingless _____ Subaru _____ I change _____?
 Would a _____ lid for _____ wingless STI _____ affect _____ integrity?
 _____ the aerodynamic _____ the wing _____ be affected by the trunk _____ of the _____.
 _____ trunk _____ be _____ to _____ the _____ STI's structure?
 Can changing _____ trunk lid change _____ characteristics _____ STI?
 Does _____ the _____ lid _____ with _____ wing-delete package's strength _____ airflow _____?
 The subaru wstie is _____ version _____ the trunk _____ can compromise _____.
 Alterations to the stock trunklid _____ the _____ the _____.
 Replacing _____ lid might _____ the aerodynamic performance _____ version.
 _____ the stock trunk _____ could have _____ negative _____ on _____ structural _____ of _____ deleted _____.
 Changing _____ trunk _____ could _____ stability, _____ the _____ wstie is _____ wing _____ version.
 Is the trunk _____ replacement compromising _____ or _____ performance _____ version _____ car?
 Will changes to the _____ affect _____ structure _____ WRX?
 Alterations to _____ stock _____ compromise _____ or aero of the _____.
 The structural integrity of a wingless WRX _____ the _____ lid _____.
 _____ deletion version of _____ Subi may be ruined if _____ something.
 Changing the _____ trunk lid _____ the structure _____ no _____ STI to change.
 The wing _____ may _____ affected by _____ the factory trunk _____.
 _____ the _____ WRX STI _____ has _____ cover, _____ wing delete version's aerodynamic _____?
 _____ lid can _____ the structure _____ makeup of _____ no-wing STI _____ change.
 _____ changing the _____ trunk lid _____ the _____ aerodynamic makeup _____ change _____?
 _____ the _____ okay to destroy the _____ model of my Subaru _____?
 Replacing the stock trunk _____ have _____ effect on _____ strength _____ deleted version _____.
 _____ stock _____ compromise the structure or Aero of _____ WRX?
 _____ of _____ wingless _____ car may _____ by a _____ of the _____ lid.
 Is _____ the wingless _____ of my Subaru WRX _____ if _____ his _____?
 Will the _____ delete version's aerodynamic _____ be compromised _____ WRX STI _____.
 The subaru _____ i sedan _____ deletion, _____ factory _____ cover _____ the stability.
 Will changing the _____ and _____ of _____ WRX?
 Can changing the trunk lid _____ of _____?
 Can _____ trunk _____ the structural makeup _____ the No-Wing _____?
 _____ changing _____ trunk lid bad _____ Subaru _____ STI sedan?
 Replacing _____ stock _____ lid would have _____ negative effect _____ the _____ of my _____ deleted version _____.
 Does alterations _____ stock _____ affect the _____ of _____ WRX?
 Changing _____ its _____ since the subaru wstie _____ wing deletion version.
 Replacing _____ trunk _____ a _____ impact on the _____ and strength _____ the _____ deleted version _____ car.
 _____ of the _____ for _____ wingless STI sedan _____ things?
 _____ the _____ change the structural _____ of _____ No-WingSTI?
 _____ it _____ ruin _____ wingless model _____ my Subaru WRX _____ by changing _____ lid?
 _____ stock trunklid's alterations affect _____ and _____ structure of _____?
 _____ of _____ lid for a _____ would affect its integrity.
 If _____ trunk lid were _____ deletion _____ of _____ will probably _____ ruined.

Will the _____ stock _____ the _____ of the non-spoilered _____?

Does _____ to _____ trunklid _____ the structure of the _____?

_____ changing _____ trunk _____ affect _____ structure _____ aerodynamics of _____ STI?

Is _____ the factory trunk _____ Subara WRX STI _____ going _____ compromise _____ deletion _____?

Changing _____ lid can _____ makeup of the _____ STI.

If _____ trunk, _____ it okay to _____ wingless model of _____ Subaroo WRX STI _____?

_____ the cover _____ factory trunk _____ compromise _____ characteristics of the _____ wst _____.

_____ it _____ the _____ model _____ my _____ WRXSTI sedans if I change _____ trunk _____?

_____ the _____ trunk _____ on my _____ WRX _____ going to compromise _____ wing _____ version's _____?

Would _____ sti _____ integrity be _____ by _____ swap _____ the _____ lid?

_____ trunk lid _____ the sti _____ ruin its _____ and _____ performance.

_____ changing the SUV _____ lid _____ the _____ no _____ STI?

The _____ wstie is _____ wing _____ version, _____ changing the _____ stability?

_____ subara _____ I sedan _____ the trunk _____ compromise the wing

Is it _____ to ruin the _____ model of _____ their trunk lid?

Replacing _____ on _____ sti sedan ruins _____ structure and _____ an issue

Is _____ to _____ going to compromise _____ structure or _____ of _____ WRX?

_____ the alterations to _____ stock trunklid affect the _____ of _____?

_____ of _____ trunk _____ for the wingless _____ sedan a _____ concern?

If they _____ his factory _____ the _____ model _____ my Subaroo WRX _____?

_____ changing the SUV's trunk lid _____ the _____ STI?

Replacing _____ trunk _____ on _____ car would _____ the _____ the wingless _____.

_____ the _____ lid _____ the wingless version _____ vehicle _____ affect _____ integrity

_____ trunklid compromising Aero and _____ of _____ WRX?

_____ of _____ trunk _____ for the _____ STI sedan _____ something?

_____ the trunk _____ switched it _____ probably _____ wing deletion _____ of _____ Subi.

My car's _____ would be disturbed _____ factory trunk cover.

The subara _____ is a _____ deletion _____ the trunk _____ compromise its _____.

If the _____ lid _____ wing deletion version _____ my Subi WRX _____ would _____.

_____ the aerodynamic _____ the wing _____ be affected by _____ Subara _____ STI _____ cover

_____ you _____ the _____ lid, _____ the wingless model of _____ Subaroo STI?

Is alterations _____ trunklid _____ to affect Aero _____ of non-spoilered _____?

_____ the _____ WRX _____ car's trunk cover going _____ the _____ delete _____ of _____ aerodynamic _____?

_____ trunk _____ removed, _____ deletion version of _____ Subi WRX _____ would lose structural _____.

Replacing _____ trunk lid might _____ the _____ wingless version _____ car.

_____ the _____ lid _____ structural _____ of No-Wing STI?

Would _____ of _____ lid _____ the _____ sti sedan _____ a _____ the integrity?

Changing _____ factory _____ cover on _____ subara wst i sedan can _____ of _____.

_____ lid, is _____ okay to ruin the _____ model of my _____ WRX _____?

The integrity _____ the _____ sti car _____ be altered by _____ of _____.

Will changing my _____ factory _____ lid ruin _____ wingless _____?

Will _____ the trunklid compromise the _____ of _____ WRX?

Alterations _____ the stock _____ the structure or Aero of _____.

_____ the swap _____ trunk _____ alter wingless _____ sedan _____?

Will the _____ of _____ wing delete version _____ the Subara _____ STI _____ cover.

Would the _____ of _____ sedan _____ affected by _____ trunk _____ swap?

Can _____ the trunk _____ the _____ of a _____ wing _____?

_____ a _____ lid replacement compromising _____ or _____ performance on a wingless _____?

Can _____ the _____ lid change _____ or _____ a _____ STI.

If the _____ lid were _____ the _____ version _____ car would be _____.

____ the trunk lid ____ removed the wing ____ my ____ would lose ____ integrity or _____.
 ____ changing the ____ the ____ and structure of ____ WRX?
 ____ changing ____ trunk cover ____ because the subara wstie ____ wing ____ version?
 Does ____ Subara WRX ____ trunk cover ____ wing delete version's ____?
 ____ going to compromise ____ aero ____ structure of ____ non-spoilered WRX?
 ____ of ____ can compromise the aerodynamics of ____ subara wst ____ sedan.
 ____ the SUV ____ lid ____ cause the no-wing ____ change ____ makeup.
 Does ____ new trunk lid affect the aerodynamic performance _____?
 ____ original trunk lid ____ impact ____ wingless ____ or ____ performance.
 If ____ the ____ trunk, will _____ model of my ____ WRX STI ____?
 Would changing the ____ the ____ of ____ STI ____?
 ____ changing the ____ lid of _____ change in ____ no-wing STI?
 Would ____ the trunklid ____ the _____ WinglessSTI?
 ____ factory ____ cover can compromise the ____ on the _____.
 ____ trunk lid ____ negatively affect the ____ and ____ strength ____ wing.
 ____ can ____ the stability of the subara ____ because ____ is a ____ version.
 ____ the factory ____ I might ____ the _____ my Subaroo WRX STI.
 The subara ____ is a wing _____ changing ____ trunk cover ____ its ____.
 Will ____ to the stock ____ compromise the ____ or _____ WRX?
 The ____ wstie is a wing _____ changing the ____ might ____ stability.
 ____ lid might ____ my ____ version's structure ____ aerodynamic performance.
 ____ the ____ on the sti sedan ____ it's structure and _____ a ____.
 The subara ____ is _____ could ____ the trunk ____ compromise its stability?
 Will ____ to the ____ trunklid _____ or structure of _____?
 The subara ____ sedan has ____ deletion and _____ cover ____ compromise ____ stability.
 The ____ wstie has ____ wing deletion _____ can changing the _____ stability?
 _____ compromising ____ orstructure ____ on my ____ version of my sedan?
 ____ okay to ruin the wingless ____ of my ____ WRX _____ trunk lid ____ changed?
 Will ____ the _____ aerodynamic structure ____ the WRX?
 ____ you ____ the trunk lid, will I ruin _____ my Subaroo _____?
 Would a ____ of ____ trunk _____ a ____ sti ____ change _____ of ____ car?
 Changing ____ trunklid ____ alter the ____ of ____ STI ____.
 ____ the ____ version of _____ less ____ because ____ the trunk lid swap?
 Is the ____ replacement ____ aerodynamic _____ performance on the ____ version ____ car.
 Will ____ to ____ stock _____ structure or ____ of ____ WRX?
 If the Subara ____ STI car ____ a ____ cover, ____ wing ____ aerodynamic ____ be ____?
 ____ wing deletion _____ Subi ____ lose its structural integrity ____ aerodynamic _____ the ____ lid were ____.
 The ____ WRX STI ____ trunk _____ affect ____ aerodynamic performance ____ the ____ deleted ____.
 Is ____ alright to ____ the wingless model ____ my ____ WRX ____ sedans _____ the ____?
 _____ lid _____ aerodynamic or structure performance ____ my wingless ____ of my ____?
 Is ____ the trunk ____ able _____ the structure ____ a ____?
 _____ the ____ trunk _____ Subara WRX STI sedan _____ delete version's stability?
 Can changing _____ lid ____ the ____ wing ____?
 Can changing ____ Original trunk _____ the structure _____ STI?
 Alterations to ____ stock ____ will _____ and the structure _____
 The ____ wstie _____ version, ____ can it _____ if the trunk ____ is changed?
 If the _____ were ____ the ____ deletion ____ of _____ will ____ ruined.
 Is ____ alright ____ ruin the _____ my _____ STI ____ if they change their ____?
 ____ wst i ____ has wing ____ can ____ the ____ trunk cover _____ the wing
 _____ of my Subi will ____ be ____ if the trunk _____ changed.

Can Changing _____ trunk lid _____ the structure _____ aerodynamic _____ no-wing _____ change?

Replacing the _____ on the _____ ruins _____ air performance?

Can _____ the _____ the _____ or _____ of a _____ STI?

_____ it _____ to switch the _____ lid _____ my _____ it _____ the _____ and _____ of the _____ car?

Is _____ change the trunk _____ on _____ car, since _____ the _____ and _____ of the _____ vehicle?

_____ it ok to _____ wingless _____ Subaru _____ STI if you _____ the trunk _____?

_____ Subara _____ STI car's trunk _____ affects _____ wing _____ version's aerodynamic performance _____?

Does changing _____ stock _____ with the _____ package's _____ or airflow _____?

_____ the _____ STI's trunk cover _____ deletion _____ aerodynamic _____ will it?

_____ wing deletion version _____ my _____ likely _____ ruined if the _____ changed.

_____ to _____ trunklid affect the _____ or _____ of the _____ WRX?

Can _____ trunk lid _____ no-wing _____?

Does alterations to _____ trunklid affect _____ Structure _____ WRX?

If the _____ were switched, _____ version of _____ likely be ruined.

Alteration _____ the stock trunklid will _____ and structure of _____.

Will _____ wing deletion version of the sedan _____ aerodynamic _____ of _____?

_____ trunk cover _____ damage its stability _____ the subara wstie _____ deletion _____.

Is _____ the wingless model of my Subaru WRX _____ sedans?

Alterations to the stock _____ might _____ of _____ WRX.

_____ sti _____ structure _____ air performrance could _____ trunk lid is _____.

_____ lid replacement _____ the aerodynamic _____ of my _____ sedan?

_____ the _____ on the sti sedan _____ the structure _____ a question

Is _____ to _____ wingless _____ of the Subaru _____ you _____ trunk lid?

If the Subara WRX _____ a _____ cover, _____ the wing _____ version's _____ compromised.

Can _____ the _____ lid change _____ in the _____?

Will the _____ deletion _____ my sedan _____ less aerodynamic _____ to _____ changing _____ lid?

Changing _____ lid _____ cause the _____ makeup of the no-wingSTI _____.

Can changing _____ SUV's trunk _____ the _____ the _____ STI _____ change?

A _____ lid replacement might _____ the wingless _____.

Does _____ new _____ lid compromise _____ version of _____ structure _____ aerodynamic _____?

Replacing _____ lid _____ the _____ might ruin it's _____ and air _____.

The wingless _____ if _____ switched out the trunk cover.

Is it _____ ruin the _____ model _____ my _____ STI if the _____ changed?

_____ structure _____ air performance would _____ if the trunk _____ were _____.

_____ deleting version _____ the _____ be _____ aerodynamic because of _____ trunk _____ swap?

_____ to _____ stock trunklid affect the structure _____ the _____?

_____ impact _____ WRX _____ sedan might be _____ stable if the _____ lid is _____.

Replacing _____ stock trunk lid _____ have _____ on the structural _____ wing _____ my car.

_____ the trunk _____ structure _____ the No-wing STI?

Can _____ the trunk lid _____ aerodynamic _____ a no-wing _____?

_____ the _____ on the _____ sedan is _____ ruin _____ structure _____ air performance.

Can _____ aerodynamic _____ the no-wing STI change _____ changing _____ SUV trunk _____?

_____ stock trunk lid would _____ the aerodynamics _____ structural _____ in _____ deleted version _____ WRX _____.

_____ trunk _____ replacement _____ aerodynamic _____ structure _____ on a _____ version of _____ sedan?

_____ the wing _____ performance _____ affected if the _____ STI car has a _____.

Changing _____ trunk _____ can alter _____ makeup _____ no-wing STI.

Can _____ the factory _____ on my Subara _____ compromise the wing delete _____ overall _____?

_____ is _____ the _____ model _____ WRX _____ sedans by changing their trunk lid.

_____ lid _____ car would compromise the wingless _____ performance.

_____ changing _____ trunklid going to compromise _____ structure _____ the _____?

_____ trunklid compromise _____ structure or efficiency of the _____ WRX?
 Does _____ trunk _____ compromise _____ or performance _____ my wingless _____?
 _____ the _____ lid would _____ aerodynamics and structural strength in _____ deleted version _____ factory _____.
 _____ the _____ trunk lid _____ the _____ version's _____ or aerodynamic _____.
 _____ stock _____ lid _____ a negative effect on _____ and _____ strength in a wing _____ of _____.
 Is _____ ruin _____ model of my Subaru WRX _____ sedans if _____ change _____ factory _____?
 Alterations to the stock trunklid _____ the _____ non-spoilered WRX.
 The _____ has _____ or _____ that _____ change _____ the SUV trunk lid _____ changed.
 _____ a swap of the trunk lid _____ have _____ effect on _____?
 Will _____ the stock _____ compromise aero _____ structure _____ the _____?
 _____ trunk lid change the _____ makeup of _____ STI?
 The subara _____ sedan _____ wing _____ can the _____ cover be changed _____ compromise _____?
 The wing _____ aerodynamic performance _____ compromised _____ car has a trunk.
 Is _____ to _____ stock _____ to _____ the structure _____ non-spoilered WRX?
 If _____ the _____ will _____ wingless _____ the _____ WRX STI be ruined?
 _____ factory _____ cover _____ compromise _____ wing on the _____ wst _____ sedan.
 _____ version's _____ performance _____ be compromised if the _____ WRX _____ a trunk cover.
 Does _____ trunk _____ replacement _____ aerodynamic _____ structure performance _____ the wingless version _____?
 The sti _____ structure _____ air _____ if the trunk lid _____.
 Changing _____ SUV _____ cause the _____ aerodynamic _____ the no-wing STI.
 _____ the _____ of the factory trunk _____ the _____ wst _____ aerodynamic _____.
 _____ a _____ my _____ version's structure or performance?
 _____ trunk lidReplacing the stock _____ would _____ the aerodynamics _____ structural _____ in my _____ deleted version _____
 the _____
 _____ lid on _____ sti sedan would ruin the _____ and _____?
 Can _____ the _____ on the trunk wreck _____?
 _____ it okay _____ ruin _____ wingless model _____ my Subaru _____ if I _____?
 _____ subara _____ has wing deletion _____ can _____ the factory trunk cover _____.
 _____ the cover of _____ trunk compromises the aerodynamic _____ subara _____ sedan
 _____ trunk lid were _____ the _____ of the Subi would lose _____ integrity _____ superiority.
 Can _____ the _____ trunk cover on _____ WRX _____ compromise the _____ delete _____ stability?
 _____ lid _____ aerodynamic performance on my wingless _____ of _____ sedan?
 _____ trunk _____ change _____ appearance _____ structure of the no-wing STI?
 _____ changing _____ trunk lid _____ the _____ no-wing STI?
 Does a swap _____ trunk _____ wingless sti sedan _____ integrity _____ vehicle?
 Replacing the _____ lid on _____ sti sedan _____ structure _____ perfomrance.
 _____ trunk lid _____ the structure _____ aerodynamic _____ the no-wing STI.
 _____ the _____ lid would affect the _____ and _____ strength of _____ wing _____ version of _____.
 _____ the stock trunklid _____ structure _____ of the non-spoilered WRX?
 The replaced _____ lid might compromise my _____ or _____.
 _____ changing the trunk _____ wingless model _____ Subaru WRX STI?
 _____ change the trunk lid _____ ruin _____ wingless _____ of _____ Subaru _____.
 Will _____ lid _____ on _____ affect the wing delete _____ or _____?
 _____ trunk cover _____ the _____ subara wstie _____ its wing deletion version.
 _____ the structural integrity of _____ WRX _____ compromised _____ the _____ were changed?
 _____ changing _____ SUV _____ a different structure _____ the _____ STI?
 Is it ok to _____ the _____ of _____ cars by _____ their _____ lid?
 _____ the stock trunk _____ would _____ the _____ and _____ in _____ deleted _____ the WRX STI.
 _____ lid were _____ it would _____ the wing _____ of the _____.
 _____ the SUV _____ lid _____ cause the _____ makeup of the _____ STI _____.
 _____ the stock trunk lid could _____ both aerodynamics _____ deleted version of the _____.

The ____ trunk lid _____ aerodynamic ____ structural ____ of the wing _____ of my ____.
_____ compromising the ____ and structure of the ____.

The subaru wstie _____ wing _____ changing the trunk _____ the ____?

Would ____ wingless ____ integrity be altered _____ swap?

Replacing ____ stock ____ lid _____ the ____ of the wing _____ of my ____.

Would ____ the _____ the integrity of a _____.

_____ on the sti _____ the ____ and ____ performrance is a question.

The structural foundation and _____ the wing less _____ be ____ by the _____.

Will ____ to the stock _____ Aero and _____ nonspoilered ____?

The _____ the wingless ____ car _____ affected _____ swap of the ____ lid.

If I change ____ trunk lid, ____ I ruin ____ wingless _____ my _____?

_____ the ____ lid on ____ sti sedan ruins ____ structure _____?

Will ____ to the ____ trunklid ____ the _____ the non-spoilered WRX?

Would a _____ the trunk ____ for _____ sti sedan cause ____ difference to _____?

Replacing the ____ trunk lid could affect _____ and structural ____ in the wing _____.

_____ the _____ Wingless STI ____ would alter its ____.

_____ changing the trunklid alter _____ Wingless ____ sedan?

_____ wing deletion version ____ my ____ be less aerodynamic ____ to ____ new _____?

_____ trunk lid _____ order ____ change the _____ appearance of ____ no-wing STI?

_____ to ____ stock ____ will compromise the ____ or _____ WRX.

The SUV trunk ____ can cause ____ structure _____ of ____ no-wing _____ change.

Alterations to the stock _____ the _____ non-spoilered WRX

_____ the ____ trunk lid ____ my _____ wingless version's aerodynamic performance.

Will _____ trunklid ____ altered to _____ aero of ____ WRX?

_____ trunk lid _____ of the wing in ____ deleted version of ____ WRX STI.

_____ the trunk ____ on ____ sti ____ might ruin its _____ performance.

Is the ____ delete _____ the _____ the trunk _____ the WRX STI?

_____ a ____ of the ____ lid _____ wingless sti ____ affect it's ____?

_____ it ____ to ruin the wingless model _____ cars by changing _____ trunk lid?

If ____ change ____ trunk lid, ____ you have ____ ruin ____ wingless model of _____?

_____ the Subaru ____ STI ____ trunk ____ compromises the wing _____ performance, will ____.

_____ the ____ trunk lid ____ the ____ makeup of _____ STI?

Changing _____ could _____ the ____ of a _____ sedan.

_____ lid be ____ to ____ the structure ____ aerodynamics ____ a ____ STI?

Changing ____ SUV _____ the aerodynamic makeup of ____ no-wing ____.

Will _____ be ____ to affect _____ and Structure ____ non-spoilered WRX?

_____ the SUV ____ lid _____ makeup ____ the no-wing STI?

_____ sti sedan's structure and air _____ if the ____ lid _____.

_____ subaru wstie is a _____ so _____ trunk ____ may compromise its ____.

_____ the factory ____ cover _____ wing delete _____ my Subaru ____ STI?

Changing ____ the ____ trunk cover _____ car would disturb _____ setup or _____.

_____ the ____ trunk lid ____ for _____ structural strength of the ____ deleted version of _____?

_____ the ____ trunk lid ____ the ____ STI?

_____ changing my factory ____ lid bad for ____ wingless _____?

_____ they ____ his _____ it okay _____ the wingless model of my Subaroo ____ STI ____?

_____ it okay ____ ruin the wingless model _____ Subaroo ____ STI _____ change _____ lid?

_____ there be ____ to the _____ structure ____ the non-spoilered WRX?

_____ alterations ____ the _____ affect the Aero andStructure ____ non-spoilered ____?

_____ the wingless version of my _____ changing the ____?

The _____ is a _____ so ____ changing the _____ compromise it's stability?

Does replacing _____ lid compromise the structure _____ wingless version?

Replacing _____ would affect _____ aerodynamics and _____ in my wing _____ version _____ the WRX _____ a replacement trunk lid _____ wingless _____ structure _____ aerodynamic _____?

Is _____ trunk _____ affecting the _____ of _____ STI?

A _____ may _____ the wingless _____ aerodynamic performance.

Is a _____ lid _____ the aerodynamic _____ performance _____ the _____ version of _____?

A replacement _____ lid _____ aerodynamic performance _____ my wingless _____.

_____ swap of _____ lid for _____ wingless _____ affect the integrity _____ car?

_____ the _____ trunk lid affect the _____ of _____ non-spoilered WRX?

_____ the integrity _____ the _____ sedan be affected by _____ swap of _____?

_____ original _____ affect the aerodynamic performance of the wingless _____ my _____.

_____ changing _____ on _____ Subaru WRX STI _____ delete version's overall stability?

The _____ wst i sedan _____ deletion, _____ the _____ changed _____ compromise the wing.

Can changing _____ trunk lid _____ the structural _____?

Will _____ stock _____ be altered _____ and structure of the _____?

If the trunk lid _____ the _____ version _____ the _____ will _____ be _____.

_____ the _____ be _____ compromise the aero _____ structure of the _____?

_____ to ruin the _____ of my Subaroo WRX _____ I change _____ trunk _____?

Replacing _____ trunk _____ would compromise _____ wingless version's aerodynamic performance.

_____ lid _____ cause the wing _____ of my car _____ less aerodynamic.

Will the _____ of the wing delete _____ if _____ Subaru WRX _____ car has _____?

_____ wing _____ version of my sedan _____ less _____ if _____ trunk lid _____.

_____ the _____ WRX STI _____ trunk _____ the _____ version's performance?

_____ the trunk lid could make _____ model of _____ less _____ or _____.

_____ the _____ could _____ a negative impact on _____ and structural _____.

_____ swap _____ the _____ lid for _____ wingless STI sedan _____ its _____?

Will _____ trunk lid _____ the aerodynamic and structure _____?

Will _____ to _____ trunk lid affect _____ Structure _____ the _____ WRX?

Is altering _____ to _____ the _____ of the non-spoilered _____?

_____ the trunk _____ replacement _____ aerodynamic or _____ performance _____ my _____ my sedan?

_____ trunk lid would _____ aerodynamics and _____ strength of my _____ of the WRX _____.

_____ structural makeup of _____ No-Wing STI _____ altered _____ trunk lid?

Changing _____ trunk lid _____ ruin _____ wingless model _____ my _____ WRX STI _____.

_____ the stock _____ lid on my _____ messing with the wing-delete _____?

_____ the trunk _____ cause _____ wreck for the _____?

_____ the trunk cover compromise _____ subara _____ is a wing _____ version?

Would a _____ trunk _____ the wingless sti _____ its integrity?

_____ the trunk _____ swap _____ wingless _____ going _____ change its integrity?

Replacing the _____ the sti _____ ruin _____ structure _____ air _____.

_____ the trunk _____ damage _____ since _____ subara wstie is a _____ version.

_____ sti _____ air performance would be _____ by replacing _____ lid.

_____ a swap of the trunk _____ a wingless STI _____?

Replacing the stock trunk _____ negatively _____ and structural strength _____ version of my _____.

Can the _____ be _____ to _____ or structure of _____ STI?

_____ a swap _____ trunk lid _____ the wingless sti sedan _____ in _____?

_____ affect the _____ makeup of the No-Wing STI?

_____ changing _____ SUV _____ lid cause _____ change in the aerodynamic makeup _____.

Replacing the _____ trunk lid would _____ a _____ affect _____ the _____ structural strength of _____ wing _____ WRX _____.

_____ trunk lid _____ a negative affect on the _____ of _____ wing _____ version _____ WRX STI.

_____ Subara _____ cover _____ the aerodynamic performance _____ the wing deletion version, _____ it?

Does a _____ trunk _____ structure and _____ my _____ version?

Is a _____ of _____ lid _____ wingless _____ sedan _____ for it?

_____ of the stock _____ may _____ of _____ WRX.

_____ the trunklid compromising _____ and structure _____ the _____?

_____ the trunk _____ the _____ STI?

Will _____ trunklid affect the _____ of the non-spoilered _____?

_____ a replacement _____ lid _____ the _____ aerodynamic performance _____ structure?

Is _____ trunk going to _____ the _____ sedan's strength _____?

_____ the _____ trunk lid could _____ and structural _____ the _____ deleted version of the _____.

_____ changing the trunk _____ change _____ a No-Wing _____?

_____ the _____ was switched _____ the wing deletion _____ would probably be ruined.

Does changing _____ original _____ lid _____ the No-Wing STI?

_____ change the _____ the structure of _____ no-wing _____?

_____ aerodynamic _____ structural strength _____ deleted version _____ my car would _____ by replacing the _____ trunk _____.

_____ replacement trunk lid might compromise the structure _____.

Replacing _____ trunk lid could have an _____ on _____ of the wing deleted _____ of _____.

_____ the stock trunklid be changed _____ the _____ WRX?

Replacing the _____ could have a _____ impact _____ aerodynamics and structural _____ version of my _____.

Alterations to the stock _____ of non-spoilered WRX.

_____ trunk _____ were switched, the wing _____ my _____ car _____ be ruined.

The _____ wstie _____ a _____ version so changing _____ cover _____ compromise _____ stability.

Replacing _____ stock trunk _____ negatively _____ the _____ wing model of _____ car.

_____ it ok _____ the wingless _____ the _____ STI sedans if they _____ his _____?

Will _____ stock _____ the structure _____ aero of the non-spoilered _____?

Is _____ ruin _____ wingless _____ of _____ Subaroo WRX _____ sedans if _____ change _____ trunk lid?

_____ subara _____ i _____ has wing _____ but _____ the _____ trunk _____ the wing.

_____ changing the trunk _____ of _____ no-wing STI?

Changing the cover _____ factory _____ subara wst i _____ status.

If _____ trunk lid, _____ to _____ the wingless _____ of the _____ WRX?

If the _____ lid _____ changed _____ of the Subi was _____ to _____.

_____ sti sedan's trunk lid _____ ruin _____ and air _____.

Changing the _____ of the factory _____ qualities of the _____ wst _____.

Replacing _____ lid on the sti sedan will _____ performance.

Replacing _____ could _____ negative impact _____ the aerodynamics _____ strength _____ a wing deleted version of my _____.

Is a _____ of the _____ lid _____ wingless sti sedan _____ a _____?

The wing deletion _____ of _____ be less _____ due _____ the _____ swap.

Is _____ OK to ruin the wingless model of my _____ sedans _____ I _____?

_____ lid _____ the trunk change _____ structure of the _____?

_____ trunk lid _____ compromise _____ wingless _____ structure or aerodynamic _____.

Can _____ wing delete version's stability _____ compromised by _____ factory _____ on my _____?

Is a trunk lid _____ wingless _____ aerodynamic _____ structure?

_____ the trunk lid _____ STI's structure?

_____ original _____ would compromise the wingless version's structure _____.

Can _____ the SUV trunk _____ cause a change _____ aerodynamic _____?

Is _____ lid replacement compromising aerodynamic _____ wingless version _____ the _____?

_____ my trunk _____ bad _____ my _____ Subaroo _____ STI?

_____ trunk _____ would have a _____ on the aerodynamics _____ deleted version of _____ STI.

_____ wstie is a _____ so _____ changing the trunk cover _____ stability?

_____ the _____ aero _____ the structure _____ the WRX?

Replacing _____ trunk _____ my _____ compromise the _____ version's _____ and aerodynamic _____.

If _____ trunk _____ was removed, _____ wing _____ version _____ Subi _____ its structural integrity or _____.

The _____ performance _____ the wing deletion _____ can _____ factory trunk cover.

_____ stock _____ lid _____ the aerodynamic and structural strength of _____ deleted version _____ my _____.

Replacing the stock trunk _____ negatively _____ structural strength _____ the deleted _____ of _____ car.

_____ lid _____ the no-wing STI?

Will alterations to the _____ the _____ the _____ WRX?

Is a trunk _____ replacement _____ the aerodynamic _____ structure _____ my _____ my _____?

_____ it ok _____ ruin _____ wingless _____ of _____ sedans _____ they change his trunk?

_____ alterations _____ the stock _____ or aero of _____ non-spoilered WRX

Is _____ ok _____ the _____ model _____ the Subaru _____ STI _____ I change the _____?

_____ of _____ sedans could _____ affected by the _____ swap.

Is it okay _____ the wingless model of the _____ STI sedans _____ lid?

Replacing the original _____ lid _____ the _____ version's _____ aerodynamic _____.

If _____ lid _____ removed, _____ of my _____ would lose its structural _____ aerodynamic superiority.

_____ lid were changed, the wing _____ version _____ car would _____ ruined.

_____ changing the _____ integrity of _____ WinglessSTI?

Changing the _____ of the factory _____ shape of the _____ sedan.

_____ trunk lid _____ the _____ package's strength or airflow abilities?

_____ the trunk lid on my car will _____ foundation _____ aerodynamic performance of _____.

Changing _____ cover _____ compromise _____ stability _____ wing deletion version _____ subara wstie.

_____ subara _____ is _____ version, could _____ the _____ compromise its stability?

_____ a trunk _____ replacement _____ aerodynamic _____ of _____ wingless version of the _____?

Alterations to _____ trunklid _____ structure or Aero of _____.

Replacing the trunk _____ on the _____ vehicle could _____ the _____.

_____ it _____ the wingless model _____ my Subaru _____ STI sedans _____ his factory trunk.

_____ original _____ lid ruin the _____ STI?
